Selling Shareholders

The following table provides information regarding the number of common shares beneficially owned by certain of our selling shareholders, the number of common shares that may be offered by these selling shareholders in the offering and the number of common shares to be owned by these selling shareholders after completion of the offering.

The table below supplements or amends the table of selling shareholders contained on pages 12 through 14 of the prospectus. Where the name of a selling shareholder identified in the table below also appears in the table in the prospectus, the information set forth in the table below regarding that selling shareholder supersedes the information in the prospectus. This information was furnished to us by the selling shareholders listed below on or before December 20, 2004. Because selling shareholders may trade all or some of the common shares listed at any time without notifying us, the table below may not reflect the exact number of common shares held by each selling shareholder on the date of this supplement.
