Description of Kimberly-Clark

Kimberly-Clark and its subsidiaries manufacture and market a wide range of consumer and business-to-business products around the world. Most of these products are made from natural or synthetic fibers using advanced technologies in fibers, nonwovens and absorbency.

Kimberly-Clark is organized into operating segments based on product groupings. These operating segments have been aggregated into three reportable global business segments: Personal Care; Consumer Tissue; and Business-to-Business. Each reportable segment is headed by an executive officer who reports to our Chief Executive Officer and is responsible for the development and execution of global strategies to drive growth and profitability of our worldwide personal care, consumer tissue and business-to-business operations. These strategies include global plans for branding and product positioning, technology and research and development programs, cost reductions including supply chain management, and capacity and capital investments for each of these businesses.

Edgar Filing: KIMBERLY CLARK CORP - Form S-3

The Personal Care segment manufactures and markets disposable diapers, training and youth pants and swimpants; feminine and incontinence care products; and related products. Edgar Filing: KIMBERLY CLARK CORP - Form S-3

- o share repurchases; and/or

Until we actually apply the proceeds, we will invest them in short-term securities.

Description of Debt Securities

The general provisions of the debt securities are described below. The specific terms of the debt securities and the extent, if any, to which the general provisions may not apply will be described in a prospectus supplement.

The debt securities will be issued under the first amended and restated indenture dated as of March 1, 1988, as amended by the first and second supplemental indentures dated as of November 6, 1992 and May 25, 1994, respectively, with Bank One Trust Company, N.A. (as successor in interest to The First National Bank of Chicago), as successor trustee under an instrument of resignation, appointment and acceptance dated as of December 12, 1995.

We have summarized the material provisions of the indenture below. The indenture has been filed as an exhibit to the registration statement and you should read the indenture for a complete statement of the provisions summarized in this prospectus and for provisions that may be important to you. For information on obtaining a copy of the indenture, see "Where to Find More Information" in this prospectus.

General

The debt securities will be limited to \$1,500,000,000 of proceeds. They will be unsecured obligations and will rank equally and ratably with all of our other currently outstanding unsecured and unsubordinated debt. In addition to the debt securities that we may offer in this prospectus, we may issue additional debt in an unlimited amount in one or more series under the indenture or other agreements. This additional debt may contain provisions different from those included in the indenture or applicable to one or more series of debt securities.

Prospectus Supplement

You should refer to the prospectus supplement for the following specific terms of the debt securities:

- o their title;
- o any limits on their aggregate principal amount;
- o the initial offering price(s) at which they will be sold;
- o the dates on which the principal will be payable;
- o the rate(s) (which may be fixed or variable) at which they will bear interest, if any, and the date(s) from which the interest, if any, will accrue;
- o the date(s) on which the interest, if any, will be payable and any record dates for the interest payments;
- o any sinking fund or similar provisions, whether mandatory or at your option, along with the periods, prices and terms of redemption, purchase or repayment;

Edgar Filing: KIMBERLY CLARK CORP - Form S-3

- o any provisions for redemption or purchase, at our option or otherwise, including the periods, prices and terms of redemption or purchase;
- o the amount or percentage payable if their maturity is accelerated, if other than the entire principal amount;
- o the currency of our payments of principal, premium, if any, and interest, and any index used to determine the amounts of such payments;
- o any defeasance provisions with respect to the amount we owe, restrictive covenants and/or events of default; and
- o any other terms in addition to those described in this prospectus.

We may issue debt securities as original issue discount securities to be offered and sold at a substantial discount from their principal amount. Special federal income tax, accounting and other considerations relating to original issue discount securities will be described in the prospectus supplement.

Unless otherwise indicated in the prospectus supplement, the covenants contained in the indenture and the debt securities would not necessarily protect you in the event of a highly leveraged or other transaction to which we are or may become a party.

Restrictive Covenants

Meanings of Terms

- o When we use the term "attributable debt" in the context of a sale and lease-back transaction, we mean the present value of our obligation to pay rent. We exclude from this calculation any amounts we pay for maintenance and repairs, insurance, taxes, assessments, water rates or similar charges, or amounts contingent upon sales amounts.
- o When we use the term "consolidated net tangible assets," we mean the total amount of our assets minus (a) applicable reserves, (b) current liabilities which are not extendible or renewable into, and do not reflect current maturities of, long-term debt, and (c) intangible assets. Our consolidated net tangible assets include any attributable debt with respect to a sale and lease-back transaction which is not capitalized on our balance sheet.
- o When we use the term "principal property," we mean any of our United States manufacturing facilities which has an individual gross book value in excess of 1% of our consolidated net tangible assets and which is owned by us or any restricted subsidiary. If our board of directors decides that any facility is not of material importance, it will not be considered a principal property.
- o When we use the term "restricted subsidiary," we mean any of our subsidiaries (a) which has substantially all of its property or conducts substantially all of its business in the United States, and (b) which owns a principal property. The term does not include subsidiaries whose business consists principally of financing or leasing activities.

Edgar Filing: KIMBERLY CLARK CORP - Form S-3

- o When we use the term "sale and lease-back transaction," we mean any arrangement where we or any restricted subsidiary lease a principal property from a third party and the principal property has been or is to be sold or transferred by us or the restricted subsidiary to the third party with the intention of taking back the lease. The term does not include temporary leases of three years or less or certain intercompany leases.

Liens. Section 1004 of the indenture provides that we will not, and will not permit any restricted subsidiary to, issue, assume or guarantee any debt secured by a mortgage, security interest, pledge or lien (hereafter called "mortgage") of or on any principal property, or any shares of capital stock or debt of any restricted subsidiary, without also providing that the debt securities (together with, if we determine, any other indebtedness issued, assumed or guaranteed by us or any restricted subsidiary and then existing or thereafter created) shall be secured by the mortgage equally and ratably with or prior to such debt. This restriction does not apply to:

- o mortgages on any property acquired, constructed or improved by, or on any shares of capital stock or debt acquired by, us or any restricted subsidiary to secure debt which finances all or any part of (a) the purchase price of the property, shares or debt, or (b) the cost of constructing or improving the property, and which debt is incurred prior to or within 360 days after the acquisition, completion of construction or commencement of commercial operation of the property;
- o mortgages on any property, shares of capital stock or debt existing at the time we or any restricted subsidiary acquires the property, shares or debt;
- o mortgages on property of a corporation existing at the time that corporation merges or consolidates with us or any restricted subsidiary or at the time that corporation sells or transfers all or substantially all of its properties to us or any restricted subsidiary;
- o mortgages on any property, shares of capital stock or debt of any corporation existing at the time that corporation becomes a restricted subsidiary;
- o mortgages to secure intercompany debt among us and/or any of our restricted subsidiaries;
- o mortgages in favor of governmental bodies to secure advance or progress payments or to secure the purchase price of the mortgaged property; and
- o extensions, renewals or replacements of any existing mortgage or any mortgage referred to above.

In addition, we or any restricted subsidiary may, without equally and ratably securing the debt securities, issue, assume or guarantee debt secured by a mortgage not excepted above, if the aggregate amount of the debt, together with (a) all other debt secured by mortgages not so excepted, and (b) the attributable debt with respect to sale and lease-back transactions, does not at the time exceed 5% of our consolidated net tangible assets. For purposes of clause (b) of this calculation, certain sale and lease-back transactions in which the attributable debt has been applied to the optional prepayment or retirement of long-term debt are excluded.

Arrangements under which we or any restricted subsidiary transfer an

Edgar Filing: KIMBERLY CLARK CORP - Form S-3

interest in timber but retain an obligation to cut the timber in order to provide the transferee with a specified amount of money will not create a mortgage or a sale and lease-back transaction prohibited by the indenture.

Sale and Lease-Back Transactions. Section 1005 of the indenture provides that neither we nor any restricted subsidiary may engage in sale and lease-back transactions with respect to any principal property unless:

- o we or the restricted subsidiary are able, without equally and ratably securing the debt securities, to incur debt secured by a mortgage on the property pursuant to the exceptions described in "Liens" above;
- o we or the restricted subsidiary are able, without equally and ratably securing the debt securities, to incur debt secured by a mortgage on the property in an amount at least equal to the attributable debt with respect to the transaction; or
- o within 360 days after the effective date of the transaction, we or the restricted subsidiary apply an amount equal to the attributable debt with respect to the transaction to the optional prepayment or retirement of our long-term debt or that of any restricted subsidiary.

Consolidations, Mergers and Sales of Assets

Section 801 of the indenture provides that we may consolidate with or merge into, and sell or transfer all or substantially all of our property and assets to, any other corporation. The corporation formed by the consolidation or into which we merge, or the corporation which acquires all or substantially all of our property and assets, must assume our obligations to:

- o pay the principal of, premium, if any, and interest on the debt securities when due; and
- o perform and observe all the terms, covenants and conditions of the indenture.

If, upon the consolidation, merger, sale or transfer, any principal property or any shares of capital stock or debt of any restricted subsidiary would become subject to a mortgage securing any debt of, or guaranteed by, the other corporation, we must secure, prior to the consolidation, merger, sale or transfer, the payment of the principal of, premium, if any, and interest on the debt securities equally and ratably with or prior to the debt secured by the mortgage. This provision would not apply to any mortgage which would be permitted under "Liens" above.

Events of Default

Section 501 of the indenture provides that the following are events of default with respect to debt securities of any series:

- o our failure to pay principal or premium, if any, on any debt security of that series when due;
- o our failure to pay interest on any debt security of that series when due, continued for 30 days;
- o our failure to make any sinking fund payment, when due, in respect of any debt security of that series;
- o our failure to perform any other covenant in the indenture that is

Edgar Filing: KIMBERLY CLARK CORP - Form S-3

applicable to debt securities of that series, continued for 90 days after written notice;

- o certain events involving bankruptcy, insolvency or reorganization; and
- o any other event of default applicable to debt securities of that series.

An event of default with respect to a particular series of debt securities (except as to matters involving bankruptcy, insolvency or reorganization) does not necessarily mean that there is an event of default with respect to any other series of debt securities.

If an event of default occurs and continues, the trustee or the holders of at least 25% of the outstanding debt securities of that series may declare those debt securities to be due and payable. However, at any time after such a declaration of acceleration has been made, but before the stated maturity of the debt securities, the holders of a majority of the outstanding debt securities of that series may, subject to certain conditions, rescind and annul the acceleration if all events of default with respect to the debt securities, other than the non-payment of accelerated principal, have been cured or waived. You should refer to the prospectus supplement relating to any series of debt securities which are original issue discount securities for particular provisions relating to acceleration of a portion of the principal amount of the original issue discount securities upon the occurrence and continuance of an event of default.

Subject to the trustee's duties in the case of an event of default, the trustee is not required to exercise any of its rights or powers under the indenture at the request or direction of any holder unless one or more of them shall have offered reasonable indemnity to the trustee. Subject to this indemnification provision and certain other rights of the trustee, the holders of a majority of the outstanding debt securities of any series shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of that series.

No holder of any debt security of any series will have the right to institute any proceeding with respect to the indenture, unless:

- o the holder shall have previously notified the trustee of a continuing event of default with respect to debt securities of that series and the holders of at least 25% of the outstanding debt securities of that series shall have requested, and offered reasonable indemnity to, the trustee to institute the proceeding;
- o the trustee shall not have received from the holders of a majority of the outstanding debt securities of that series a direction inconsistent with the request; and
- o the trustee shall have failed to institute the proceeding within 60 days.

However, the holder of any debt security will have an absolute and unconditional right to receive payment of the principal of, premium, if any, and interest on the debt security on or after the applicable due dates and to sue for the enforcement of any such payment.

The indenture requires us to furnish to the trustee annually a statement as to the absence of certain defaults under the indenture. The indenture provides that the trustee may withhold notice to the holders of debt

Edgar Filing: KIMBERLY CLARK CORP - Form S-3

securities of any series of any non-monetary default with respect to debt securities of the series if it considers it in the interest of the holders to do so.

Defeasance and Covenant Defeasance

Section 402 of the indenture provides that we may be discharged from most of our obligations in respect of the outstanding debt securities of any series if we irrevocably deposit with the trustee money and/or United States government securities which, together with the income from those securities, are sufficient to pay the principal of, premium, if any, and each installment of interest on the outstanding debt securities of the series on the stated maturity or redemption date, as the case may be. This arrangement requires that we (a) deliver to the trustee an opinion of counsel that we have received an Internal Revenue Service ruling, or a ruling of the Internal Revenue Service has been published that in the opinion of counsel establishes, that holders of the outstanding debt securities of the series will have no federal income tax consequences as a result of the deposit and defeasance, and (b) deliver to the trustee an opinion of counsel that the outstanding debt securities of the series, if then listed on any securities exchange, will not be delisted as a result of the deposit, defeasance and discharge.

Section 1006 of the indenture provides that we need not comply with certain restrictive covenants, including those described under "Liens" and "Sale and Lease-back Transactions" above, and that our failure to comply would not be an event of default under the indenture and the outstanding debt securities of any series, if we deposit with the trustee money and/or United States government securities which, together with the income from those securities, are sufficient to pay the principal of, premium, if any, and each installment of interest on the outstanding debt securities of the series on the stated maturity or redemption date, as the case may be. Our other obligations under the indenture and the outstanding debt securities of the series would remain in full force and effect. This arrangement requires that we deliver to the trustee an opinion of counsel that (a) the holders of the outstanding debt securities of the series will have no federal income tax consequences as a result of the deposit and defeasance, and (b) the outstanding debt securities of the series, if then listed on any securities exchange, will not be delisted as a result of the deposit and defeasance.

In the event the outstanding debt securities of the applicable series are declared due and payable because of the occurrence of an event of default other than that described in the preceding paragraph, the amount of money and government securities on deposit with the trustee may not be sufficient to pay amounts due on the outstanding debt securities of the series at the time of the acceleration resulting from the event of default. However, we will remain liable to pay these amounts.

Amendments to the Indenture and Waiver of Covenants

Section 902 of the indenture provides that we may amend the indenture with the consent of the holders of 66 2/3% of the outstanding debt securities of each series affected by the amendments. However, unless we have the consent of each holder of the affected debt securities, we may not:

- o change the maturity date of the principal amount of, or any installment of principal of or interest on, any debt security;
- o reduce the principal amount of, premium, if any, or any interest on, any debt security or reduce the amount of principal of an original issue discount security that would be due and payable upon acceleration;

Edgar Filing: KIMBERLY CLARK CORP - Form S-3

- o change the place or currency of payment of the principal of, premium, if any, or interest on, any debt security;
- o impair your right to sue for payment with respect to any debt security after its maturity date; or
- o reduce the percentage of outstanding debt securities of any series which is required to consent to an amendment of the indenture or to waive our compliance with certain provisions of the indenture or certain defaults.

The holders of 66 2/3% of the outstanding debt securities of any series may, on behalf of the holders of all debt securities of that series, waive our compliance with certain restrictive covenants of the indenture. The holders of a majority of the outstanding debt securities of any series may, on behalf of the holders of all debt securities of that series, waive any past default under the indenture with respect to that series, except (a) a default in the payment of the principal of, premium, if any, or interest on any debt security of that series, or (b) in respect of a provision which under the indenture cannot be amended without the consent of each holder of the affected debt securities.

Payments, Transfer and Exchange

Unless otherwise indicated in the prospectus supplement, we will make payments of principal, premium, if any, and interest on the debt securities, and you may exchange and transfer the debt securities, at the office of the trustee at One Bank One Plaza, Suite 0126, Chicago, Illinois 60670-0126, or at the office of Bank One Trust Company in New York, 55 Water Street, 1st Floor, Jeanette Park Entrance, New York, New York 10041. We may elect to pay any interest by check mailed by first class mail to the address of the person entitled to receive the payment as it appears in the trustee's security register.

We will not charge you for any transfer or exchange of debt securities, but we may require you to pay any related tax or other governmental charge.

Form of Debt Securities

The debt securities will be issued in registered form. We will issue debt securities only in denominations of \$1,000 or integral multiples of that amount, unless the prospectus supplement states otherwise.

Unless the prospectus supplement otherwise provides, debt securities will be issued in the form of one or more global securities. This means that we will not issue certificates to each holder. Rather, we would issue global securities in the total principal amount of the debt securities distributed in that series.

Global Securities

In General. Debt securities in global form will be deposited with or on behalf of a depository. Global securities are represented by one or more certificates for the series registered in the name of the depository or its nominee. Debt securities in global form may not be transferred except as a whole among the depository, a nominee of or a successor to the depository, or any nominee of that successor. Unless otherwise identified in the prospectus supplement, the depository will be The Depository Trust Company.

No Depository or Global Securities. If a depository for a series of debt securities is unwilling or unable to continue as depository, and a successor is not appointed by us within 90 days, we will issue that series of debt securities in registered form in exchange for the global security or

Edgar Filing: KIMBERLY CLARK CORP - Form S-3

securities of that series. We also may determine at any time in our discretion not to use global securities for any series. In that event, we will issue debt securities in registered form.

Ownership of the Global Securities; Beneficial Ownership. So long as the depository or its nominee is the registered owner of a global security, that entity will be the sole holder of the debt securities represented by that instrument. We and the trustee are only required to treat the depository or its nominee as the legal owner of the debt securities for all purposes under the indenture.

A purchaser of debt securities represented by a global security will not be entitled to receive physical delivery of certificated securities, will not be considered the holder of those securities for any purpose under the indenture, and will not be able to transfer or exchange the global security, unless the prospectus supplement provides to the contrary. As a result, each beneficial owner must rely on the procedures of the depository to exercise any rights of a holder under the indenture. In addition, if the beneficial owner is not a direct or indirect participant in the depository, the beneficial owner must rely on the procedures of the participant through which it owns its beneficial interest in the global security. We understand that under existing industry practice, in the event we request any action of holders of debt securities or an owner of a beneficial interest in the global securities desires to take any action that the depository, as the holder of the global securities, is entitled to take, the depository would authorize the participants to take such action, and that the participants would authorize beneficial owners owning through such participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them.

The laws of some jurisdictions require that certain purchasers of securities take physical delivery of the securities in certificated form. Those laws and the above conditions may impair the ability to transfer beneficial interests in the global securities.

Book-Entry System

The debt securities may be issued in the form of one or more fully registered global securities which will be deposited with, or on behalf of, The Depository Trust Company, New York, New York (the "depository") and registered in the name of the depository's nominee. Except as set forth below, the global securities may be transferred, in whole and not in part, only to the depository or another nominee of the depository.

Upon the issuance of the global securities, the depository will credit, on its book-entry registration and transfer system, the respective principal amounts of the debt securities represented by such global securities to the accounts of participants. The accounts to be credited shall be designated by the underwriters. Ownership of beneficial interests in the global securities will be limited to participants or persons that may hold interests through participants. Ownership of interests in the global securities will be shown on, and the transfer of those ownership interests will be effected only through, records maintained by the depository (with respect to participants' interests) and such participants (with respect to the owners of beneficial interests in the global securities through such participants).

We expect that the depository, upon receipt of any payment of principal or interest in respect of the global securities, will credit immediately participants' accounts with payment in amounts proportionate to their respective beneficial interests in the principal amount of the global securities as shown on the records of the depository. We also expect that payments by participants to owners of beneficial interests in the global securities held through such participants will be governed by standing instructions and customary practices,

Edgar Filing: KIMBERLY CLARK CORP - Form S-3

as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such participants. None of Kimberly-Clark, the trustee or any agent of Kimberly-Clark or the trustee will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the global securities for any debt securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests or for any other aspect of the relationship between the depository and its participants or the relationship between such participants and the owners of beneficial interests in the global securities owned through such participants.

Unless and until they are exchanged in whole or in part for certificated debt securities in definitive form, the global securities may not be transferred except as a whole by the depository to a nominee of such depository or by a nominee of such depository to such depository or another nominee of such depository.

The debt securities represented by the global securities are exchangeable for certificated debt securities in definitive registered form of like tenor as such securities in denominations of \$1,000 and in any greater amount that is an integral multiple thereof if (i) the depository notifies us that it is unwilling or unable to continue as depository for the global securities or if at any time the depository ceases to be a clearing agency registered under the Securities Exchange Act of 1934, as amended, or (ii) we in our discretion at any time determine not to have all of the debt securities represented by the global securities and we notify the trustee thereof. Any global securities that are exchangeable pursuant to the preceding sentence are exchangeable for certificated debt securities issuable in authorized denominations and registered in such names as the depository shall direct. Subject to the foregoing, the global securities are not exchangeable, except for a global security or global securities of the same aggregate denominations to be registered in the name of the depository or its nominee.

Same-Day Settlement and Payment

Settlement by the purchasers of the debt securities will be made in immediately available funds. All payments by us to the depository of principal and interest will be made in immediately available funds.

The debt securities will trade in the depository's settlement system until maturity, and therefore the depository will require secondary trading activity in the debt securities to be settled in immediately available funds.

The Depository Trust Company

The following is based on information furnished by The Depository Trust Company and applies to the extent it is the depository, unless otherwise stated in the prospectus supplement:

Registered Owner. The debt securities will be issued as fully registered securities in the name of Cede & Co., which is DTC's partnership nominee. No single global security will be issued in a principal amount of more than \$400 million. The trustee will deposit the global securities with DTC. The deposit of the global securities with DTC and their registration in the name of Cede & Co. will not change the beneficial ownership of the securities.

DTC Organization. DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of that law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under the provisions of Section 17A of the Securities Exchange Act of 1934.

Edgar Filing: KIMBERLY CLARK CORP - Form S-3

DTC is owned by a number of its direct participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Direct participants include securities brokers and dealers, banks, trust companies, mutual funds firms and certain other organizations who directly participate in DTC. Other entities indirectly participate in DTC and may access DTC's system by clearing transactions through or maintaining a custodial relationship with direct participants, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC.

DTC Activities. DTC holds securities that its participants deposit with it. DTC also facilitates the settlement among participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts. This eliminates the need for physical movement of securities certificates.

Participants' Records. Except as otherwise provided in the prospectus supplement, the debt securities must be purchased by or through direct participants, which will receive a credit for the debt securities on DTC's records. The beneficial owner's ownership interest in the debt securities is in turn recorded on the direct or indirect participants' records. Beneficial owners will not receive written confirmations from DTC of their purchase, but they are expected to receive them, along with periodic statements of their holdings, from the direct or indirect participants through whom they purchased the debt securities.

Transfers of ownership interests in the global securities will be made on the books of the participants on behalf of the beneficial owners. Certificates representing the interests of the beneficial owners in the debt securities will not be issued unless the use of global securities is suspended, as discussed above.

DTC has no knowledge of the actual beneficial owners of the global securities. Its records only reflect the identity of the direct participants as owners of the debt securities. Those participants may or may not be the beneficial owners. Participants are responsible for keeping account of their holdings on behalf of their customers.

Notices Among DTC, Participants and Beneficial Owners. Notices and other communications by DTC, its participants and the beneficial owners will be governed by standing arrangements among them, subject to any legal requirements in effect.

Voting Procedures. Neither DTC nor Cede & Co. will give consents for or vote the global securities. DTC generally mails an omnibus proxy to us just after any applicable record date. That proxy assigns Cede & Co.'s consenting or voting rights to the direct participants to whose accounts the securities are credited at that time.

Payments. Principal and interest payments made by us will be delivered to DTC. DTC's practice is to credit direct participants' accounts on the applicable payment date unless it has reason to believe it will not receive payment on that date. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for customers in bearer form or registered in "street name." Those payments will be the responsibility of that participant, and not DTC, the trustee or us, subject to any legal requirements in effect at that time.

We are responsible for paying principal, interest and premium, if any, to the trustee, which is responsible for making those payments to DTC. DTC is responsible for disbursing those payments to direct participants. The

Edgar Filing: KIMBERLY CLARK CORP - Form S-3

participants are responsible for disbursing payments to the beneficial owners.

Regarding the Trustee

We maintain banking relationships in the ordinary course of business with Bank One, N.A., an affiliate of the trustee under the indenture. Bank One, N.A. participates as a lender in our syndicated revolving credit agreements in the aggregate amount of \$175.0 million. We also have debt securities currently outstanding under the indenture.

Plan of Distribution

We may sell the debt securities to or through underwriters or dealers, and also may sell them directly or indirectly to one or more other purchasers or through agents. The debt securities may be distributed from time to time in one or more transactions at a fixed price or prices, which may be changed, or at market prices prevailing at the time of sale, at prices related to these prevailing market prices or at negotiated prices.

In connection with the offering of the debt securities, certain underwriters and their affiliates may engage in transactions that stabilize, maintain or otherwise affect the market price of the debt securities. These transactions may include stabilization transactions in accordance with Rule 104 of Regulation M, pursuant to which these persons may bid for or purchase the debt securities for the purpose of stabilizing their market price. The underwriters also may create a short position for the account of the underwriters by selling more debt securities in connection with the offering than they are committed to purchase from us, and in this case may purchase debt securities in the open market following completion of the offering to cover the short position. Any of the transactions described in this paragraph may result in the maintenance of the price of the debt securities at a level above that which might otherwise prevail in the open market. None of the transactions described in this paragraph is required, but if any are undertaken, they may be discontinued at any time.

In connection with the sale of the debt securities, underwriters may receive compensation from us or from purchasers of the debt securities for whom they may act as agents in the form of discounts, concessions or commissions. Underwriters may sell the debt securities to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Underwriters, dealers and agents that participate in the distribution of the debt securities may be deemed to be underwriters, and any discounts or commissions received by them from us and any profit on the resale of the debt securities by them may be deemed to be underwriting discounts and commissions under the Securities Act of 1933. Any of these underwriters or agents will be identified, and their compensation will be described, in the prospectus supplement.

Underwriters and agents who participate in the distribution of the debt securities may be contractually entitled to indemnification by us against certain liabilities, including liabilities under the Securities Act of 1933, or to contribution with respect to payments which the underwriters or agents may be required to make with respect to these liabilities. These underwriters and agents may be customers of, engage in transactions with, or perform services for us in the ordinary course of business.

If so indicated in the prospectus supplement, we may authorize underwriters or other persons acting as our agents to solicit offers by certain institutions to purchase the debt securities from us pursuant to contracts providing for payment and delivery on a future date. Institutions with which these contracts may be made include commercial and savings banks, insurance

Edgar Filing: KIMBERLY CLARK CORP - Form S-3

companies, pension funds, investment companies, educational and charitable institutions and others, but in all cases these institutions must be approved by us. The obligations of any purchaser under these contracts will be subject to the condition that the purchase of the debt securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which the purchaser is subject. The underwriters and other agents will not have any responsibility in respect of the validity or performance of these contracts.

Validity of Debt Securities

Unless otherwise indicated in the prospectus supplement, the validity of the debt securities will be passed upon for Kimberly-Clark by O. George Everbach, our Senior Vice President -- Law and Government Affairs, and for the underwriters or agents by Simpson Thacher & Bartlett LLP, New York, New York.

Experts

The consolidated financial statements and the related consolidated financial statement schedule incorporated in this prospectus by reference from our Annual Report on Form 10-K for the year ended December 31, 2002 have been audited by Deloitte & Touche LLP, independent auditors, as stated in their reports which are incorporated herein by reference, and have been so incorporated in reliance upon the reports of such firm given upon their authority as experts in accounting and auditing.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

The Corporation's By-laws (the "By-laws") provide, among other things, that the Corporation shall

Edgar Filing: KIMBERLY CLARK CORP - Form S-3

- (i) indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the Corporation) by reason of the fact that he is or was a director or officer of the Corporation, or is or was serving at the request of the Corporation as a director or officer of another corporation, or, in the case of an officer or director of the Corporation, is or was serving as an employee or agent of a partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful, and

- (ii) indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Corporation to procure a judgment in its favor by reason of the fact that he is or was a director or officer of the Corporation, or is or was serving at the request of the Corporation as a director or officer of another corporation, or, in the case of an officer or director of the Corporation, is or was serving as an employee or agent of a partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the Corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

Notwithstanding the foregoing, the Corporation is not required to indemnify any director or officer of the Corporation in connection with a proceeding (or portion thereof) initiated by such director or officer against the Corporation or any directors, officers or employees thereof unless (i) the initiation of such proceeding (or portion thereof) was authorized by the Board of Directors of the Corporation or (ii) notwithstanding the lack of such authorization, the person seeking indemnification is successful on the merits. The By-laws further provide that the indemnification provided therein shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled.

Section 145 of the General Corporation Law of the State of Delaware authorizes indemnification by the Corporation of directors and officers under the circumstances provided in the provisions of the By-laws described above, and requires such indemnification for expenses actually and reasonably incurred to the extent a director or officer is successful in the defense of any action, or any claim, issue or matter therein.

The Corporation has purchased insurance which purports to insure the Corporation against certain costs of indemnification which may be incurred by it pursuant to the By-laws and to insure the directors and officers of the Corporation, and of its subsidiary companies, against certain liabilities incurred by them in the discharge of their functions as such directors and officers, except for liabilities resulting from their own malfeasance.

Edgar Filing: KIMBERLY CLARK CORP - Form S-3

The form of Underwriting Agreement filed as Exhibit 1.1 hereto provides for indemnification and contribution by underwriters or agents, as the case may be, with respect to certain liabilities of directors and officers of the Corporation and other persons, if any, who control the Corporation.

ITEM 17. UNDERTAKINGS.

The Corporation hereby undertakes

(1) to file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

(i) to include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of this Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in this Registration Statement or any material change to such information in the Registration Statement;

provided, however, that paragraphs (1)(i) and (1)(ii) do not apply if this Registration Statement is on Form S-3 or Form S-8 and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the Corporation pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this Registration Statement;

(2) that, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;

(3) to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;

(4) that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Corporation's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering

Edgar Filing: KIMBERLY CLARK CORP - Form S-3

thereof;

(5) that, for purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this Registration Statement in reliance upon Rule 430A and contained in the form of prospectus filed by the Corporation pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this Registration Statement as of the time it was declared effective; and

(6) that, for the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Corporation pursuant to the provisions described under Item 15 above or otherwise, the Corporation has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Corporation of expenses incurred or paid by a director, officer or controlling person of the Corporation in the successful defense of any action, suit or proceeding) is asserted against the Corporation by such director, officer or controlling person in connection with the securities being registered, the Corporation will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
