Item 1. Business

PART I

Description of Business

Commercial National Financial Corporation (the "Corporation") is a Pennsylvania corporation and is registered as a bank holding company under the Bank Holding Company Act of 1956, as amended, and as a financial holding company under the Gramm Leach Bliley Act of 1999 ("GLB"). Through its subsidiary the Corporation is engaged in banking and trust operations.

The Bank Subsidiary

The Corporation is owner of 100% of the outstanding shares of common stock of Commercial Bank & Trust of PA (the "Bank") formerly known as Commercial Bank of Pennsylvania. The Bank has been providing banking services since 1934. At the present time, two (2) banking offices are in operation in Latrobe, Pennsylvania, two (2) in Unity Township, Pennsylvania and one (1) each in Ligonier, West Newton, Greensburg, Norwin and Hempfield Township, Pennsylvania. All of these offices are within the boundaries of Westmoreland County, Pennsylvania. In addition, the building that houses the Bank's downtown Latrobe banking office is the location of the Corporation's and the Bank's executive and administrative offices. The institution's operations center is located at the Latrobe Plaza in downtown Latrobe. This operations center also houses an in-house data processing system.

Each of the banking offices, except for downtown Latrobe and Greensburg, is equipped with 24 hour a day automatic teller machines (ATM). Bank ATM units are also located on the campuses of Saint Vincent College in Unity Township and the University of Pittsburgh at Greensburg, the terminal of the Westmoreland County Airport in Unity Township, the reception lobby of the Latrobe Area Hospital in Latrobe, and an in-store machine in the Norvelt Open Pantry. A separate freestanding drive-up teller staffed banking facility is attached to the Lincoln Road office in downtown Latrobe. This facility also provides ATM service.

The Bank offers the full range of banking services normally associated with a general commercial banking business. Services include extending credit, providing deposit services, marketing non-deposit investments and offering financial counseling. The ATM system described above is a part of the Cirrus, Honor, Plus and Star networks, which provides the Bank's customers access to an extensive regional and national network. The Bank also has implemented a comprehensive electronic Online Banking system. By using a personal computer with internet access, customers can access their Commercial Bank accounts, perform common banking tasks and pay bills 24 hours a day, seven days a week, 365 days a year.

The Financial Services Subsidiaries

In December 2002, the Corporation completed the acquisition of two insurance agencies, Gooder Agency, Inc., ("Gooder Agency") and Gooder & Mary, Inc., which owned a 50% interest in Commercial National Insurance Services, thus giving the Corporation full ownership of Commercial National Insurance Services, which is now operated as part of Gooder Agency. Gooder Agency was acquired as a wholly owned subsidiary of Commercial National Investment Corporation, which has changed its name to Commercial National Insurance Services, Inc ("CNIS").

Gooder Agency, located in Ligonier, Pennsylvania, is a full service provider of insurance products for individuals and businesses. Gooder Agency represents fifteen national, regional and mutual insurance companies that allows it to provide new and existing customers with products and programs needed at competitive prices.

On October 1, 2003, the Corporation formed a trust company subsidiary and the Bank transferred its trust operations to such subsidiary. This subsidiary, Highview Trust Company ("HTC"), enables the Corporation to offer more investment products to its customers. HTC provides a full range of trust services to its customers.

In June 2004, the Corporation sold all assets relating to Gooder. In December 2004, the Corporation received regulatory approval to merge HTC with the Bank. These moves were made to coincide with the Board of Directors' new business strategy that concentrates on growing its core banking business through traditional loans and deposits while supplementing those services with trust and asset management related services.

Competition

All aspects of the Corporation's business are highly competitive. The Corporation competes with major financial institutions, several national and state banks, thrift institutions, credit unions, mortgage brokers, finance companies, insurance companies, investment companies and mutual funds.

Customers are generally influenced by convenience of location, quality of service, price of services and availability of products. The Corporation believes that it effectively competes with other financial service providers within its market area.

Supervision and Regulation

Introduction

The Corporation and the Bank are subject to extensive regulation by federal and state agencies. The primary focus of these regulations is for the protection of depositors, federal deposit insurance funds and the banking system, not for the protection of security holders. Set forth below is a brief description of certain laws which relate to the regulation of the Corporation and its subsidiaries. The description is not meant to be complete and is qualified by reference to applicable laws and regulations.

Regulatory Agencies

Holding Company. The Corporation, as a bank holding company and as a financial holding company is subject to regulation by the Federal Reserve Board (FRB), the Securities and Exchange Commission, and the Federal Deposit Insurance Corporation (FDIC). The nature of the supervision extends to such areas as safety and soundness, truth-in-lending, truth-in-savings, rate restrictions, consumer protection, permissible loan and securities activities, merger and acquisition limitations, reserve requirements, dividend payments and regulations concerning activities by corporate officers and directors. No regulatory restrictions or actions are currently pending against the Corporation.

Subsidiary Bank is subject to regulation and examination primarily by the FDIC and Pennsylvania Department of Banking (the "PDB") and

Holding Company Activities

GLB permits bank holding companies with subsidiary banks meeting certain capital and management requirements to elect to become "financial

Although it preserved the FRB as the umbrella supervisor of financial holding companies, GLB adopted an administrative approach to regulation

Capital Requirements

Bank holding companies are required to be in compliance with the FRB's risk-based capital standards. These standards require that (1) at least 50% of total capital must be "Tier 1 capital". This consists primarily of common and certain other "core" equity capital; (2) assets and off-balance sheet items must be weighted according to risk; (3) the total capital to risk-weighted asset ratio must be at least 8%; and (4) a minimum 4% leverage ratio of Tier 1 capital to average assets must be maintained. The PDB requires state chartered banks to maintain a 6% leverage capital and 10% risk based capital, defined substantially the same as the federal regulations. The Bank is subject to almost identical capital requirements adopted by the FDIC.

Effects of Governmental Policies

In addition to regulatory requirements, the Corporation and its subsidiary Bank are affected by the national economy and the influence on that economy exerted by governmental bodies through monetary and fiscal policies and their efforts to implement such policies. In particular, the impact of the open market operations on interest rates, the establishment of reserve requirements and the setting of the discount rate will

continue to affect business volumes and earnings. The exact nature or the full extent of this impact is almost impossible to predict; however, management continues to monitor these activities on a regular basis and seeks to modify its policies and procedures accordingly.

Employees

As of December 31, 2004, the Corporation employed 124 people in full- and part-time positions. Approximately 58 employees are represented by the United Auto Workers, Local 1799. In 2004, the Corporation and bargaining unit employees entered into a five-year labor agreement that will expire in December 2008.
