FD DISCLOSURE SCHEDULE

ADDvantage Technologies Group, Inc.

Projects Solid Growth in Revenues and Profits for 2002

Broken Arrow, Oklahoma, March 6, 2002-- ADDvantage Technologies, Inc. (OTCBB:ADDM) held its annual shareholders meeting on March 5th in Broken Arrow, Oklahoma at its corporate offices.

At the meeting, shareholders elected the Company's slate of incumbent directors and ratified the selection of Tullius, Taylor, Sartain & Sartain as the Company's independent auditors for fiscal 2002.

Kenneth Chymiak, President and CEO of ADDvantage, told shareholders that revenues for fiscal year 2002 appear to be returning to more normal patterns, demonstrated by a 46.9% sales increase in sales at TULSAT during February of 2002 compared to January 2002. Historically, TULSAT's sales have during February of each year have been substantially higher than the prior month. However, TULSAT sales during February of last year were down 10.6 % from those in January. Continuing his comments to the Company's shareholders, Mr. Chymiak said, "With sales continuing to improve and the positive impact from our recent acquisitions, we estimate that sales for fiscal 2002 will be in the \$25 to \$27 million range, compared to \$22.9 million in 2001. For the first two months of the second quarter of 2002, we have seen revenues rise to \$3.9 million, or 30.1% over the amount of revenues for the same period last year, primarily due to the acquisitions of NCS and Comtech. We expect this trend to continue for the rest of the year, with a targeted 10% annual sales growth, while maintaining our historical operating margins."

David Chymiak, Chairman of ADDvantage added, "In light of the apparent improvement in the market, we will be seeking opportunities to increase our sales force and locations as we look to support a larger sales volume resulting from our relationship with Scientific Atlanta."
