Item 2.05 Costs Associated with Exit or Disposal Activities.

On November 22, 2004, Kadant Inc. (the "Company") issued a press release announcing approval on November 18, 2004, of a proposed restructuring of the Company's Kadant Lamort subsidiary, based in Vitry-le-Francois, France. This restructuring was initiated to strengthen Kadant Lamort's competitive position in the European paper industry. Under French law, the proposed restructuring requires consultation with Kadant Lamort's workers' council, which consists of employees and trade union representatives, before implementation. The restructuring primarily includes the reduction of 136 full-time positions in France, and is expected to be implemented over the next six months. The Company estimates that it will accrue a restructuring charge for severance and associated costs of the workforce reduction of between \$6 million and \$10 million in the fourth quarter of 2004 and that these costs will result in cash expenditures within the next twelve months. The Company is also evaluating the effects of this restructuring on the retirement plan at Kadant Lamort and will record an adjustment to the associated liability, if any, consistent with accounting principles generally accepted in the United States.

The foregoing summary description of the content of the press release is qualified in its entirety by reference to the press release, the full text of which is attached as an exhibit to this Form 8-K.
