We intend to use the net proceeds from the sale of the notes offered hereby to retire our \$1.0 billion aggregate principal amount of outstanding 5.90% Senior Notes due 2016 at maturity on April 15, 2016, and for general corporate purposes, which could include working capital expenditures, fixed asset expenditures, acquisitions, refinancing of other debt, repurchases of our common stock or other capital transactions.

**Governing
Law**

The indenture will be governed by, and construed in accordance with, the laws of the State of New York.

RISK FACTORS

In considering whether to purchase notes, you should carefully consider all of the information contained in or incorporated by reference in this prospectus supplement and the accompanying prospectus, including but not limited to Omnicom Group Inc.'s 2015 10-K and other information which may be incorporated by reference into this prospectus supplement and the accompanying prospectus as provided under "Where You Can Find More Information; Incorporation by Reference." Our ability to achieve and maintain profitability and our ability to continue to fund our operations on an on-going basis will depend on a number of factors, some of which are beyond our control. In addition to the risk factors set forth below, you should carefully consider the information under "Special Note on Forward-Looking Statements" and the risk factors set forth under the caption "Risk Factors" contained in Item 1A of Omnicom Group Inc.'s 2015 10-K.

Omnicom Group Inc.'s Holding Company Structure May Result in Structural Subordination and May Affect the Issuers' Ability to Make Payments on the Notes.

The notes are the joint and several obligations exclusively of the Issuers. Omnicom Group Inc. is a holding company and, accordingly, substantially all of its operations are conducted through its operating subsidiaries. Omnicom Capital is a wholly owned subsidiary of Omnicom Group Inc. Its assets consist of the intercompany loans it makes or has made to Omnicom Group Inc.'s operating subsidiaries and the related interest receivables. As a result, the Issuers' cash flow and their ability to make payments on their respective debt, including the notes, are dependent upon the earnings of these operating subsidiaries. Omnicom Group Inc. is dependent on the distribution of earnings, loans or other payments by the operating subsidiaries to it to service its obligations in respect of the notes and its other debt. In addition, to service debt, Omnicom Capital, as a finance subsidiary, is also dependent on the earnings of the operating subsidiaries, the sale of certain assets of the operating subsidiaries and ability of the operating subsidiaries to repay principal and interest on the intercompany loans.

Omnicom Group Inc.'s operating subsidiaries are separate and distinct legal entities. These subsidiaries have no obligation to pay any amounts due on the notes or to provide the Issuers with funds for their respective payment obligations, whether by dividends, distributions, repayment or making of loans or other payments. In addition, any payment or repayment of dividends, distributions, loans or advances by these operating subsidiaries to the Issuers could be subject to legal or contractual restrictions. Payments to the Issuers by the operating subsidiaries will also be contingent upon the operating subsidiaries' earnings and business considerations.

Because of this structure the claims of creditors of Omnicom Group Inc.'s operating subsidiaries will have a priority over the equity rights of Omnicom Group Inc. and the rights of its creditors, including the holders of notes, to participate in the assets of the subsidiary upon the subsidiary's liquidation or reorganization. Although Omnicom Capital's loans to the operating subsidiaries are secured by the assets of those subsidiaries, the rights of Omnicom Capital and its respective creditors, including holders of the notes, to participate in the assets of the operating subsidiaries will depend upon the amount of loans, and security for those loans, on the relevant date of determination. The amount of loans outstanding from Omnicom Capital to these operating subsidiaries, and the value of the collateral securing the loans, may not be sufficient to assure repayment in full to all of Omnicom Capital's creditors. The loans or the security for such loans could also be invalidated in whole or in part in any liquidation or reorganization.

The Notes Do Not Restrict the Issuers' Ability to Incur Additional Debt, Repurchase their Securities or to Take Other Actions that Could Negatively Impact Holders of the Notes.

The Issuers are not restricted under the terms of the notes from incurring additional debt or repurchasing its securities. In addition, the indenture will not contain any covenants which require the Issuers to achieve or maintain any minimum financial results relating to its financial position or results of operations. The Issuers' ability to recapitalize, incur additional debt and take a number of other actions that are not limited by the terms of the notes

could have the effect of diminishing its ability to make payments on the notes when due.

S-5

An Active Trading Market for the Notes May Not Develop.

The notes are a new issue of securities with no established trading market. The notes will not be listed on any securities exchange or included in any automated quotation system. If the notes are traded, they may trade at a discount, depending on prevailing interest rates, the market for similar securities, Omnicom Group's performance and other factors. The Issuers do not know whether an active trading market will develop for the notes. To the extent that an active trading market does not develop, the price at which you may be able to sell the notes, if at all, may be less than the price you pay for them.

Omnicom Group may not be able to repurchase the notes upon a change of control.

Upon the occurrence of a Change of Control Triggering Event, unless the Issuers have exercised their option to redeem the notes, each holder of notes will have the right to require Omnicom Group to repurchase all or any part of such holder's notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to the date of repurchase. If Omnicom Group experiences a Change of Control Triggering Event, there can be no assurance that it would have sufficient financial resources available to satisfy its obligations to repurchase the notes. Omnicom Group's failure to repurchase the notes as required under the indenture governing the notes would result in a default under the indenture, which could have material adverse consequences for the Issuers and the holders of the notes. See "Description of the Notes — Repurchase at the Option of Holders Upon Change of Control Triggering Event."

RATIO OF EARNINGS TO FIXED CHARGES

The following table shows the ratio of earnings to fixed charges of Omnicom Group Inc. for each of the five most recent fiscal years and supersedes the Ratio of Earnings to Fixed Charges table on page 4 of the accompanying prospectus.

Year Ended December 31,				
2015	2014	2013	2012	2011
6.98x	6.93x	6.07x	6.26x	6.32x

The ratio of earnings to fixed charges is computed by dividing fixed charges into income before income taxes plus dividends from equity method investments and fixed charges. Fixed charges consist of interest expense and that portion of net rental expense deemed representative of interest.

S-7

USE OF PROCEEDS

The net proceeds we receive from the sale of the notes offered hereby, after deducting the underwriting discount and estimated offering expenses payable by us, will be approximately \$1.387 billion. We intend to use the net proceeds from the sale of the notes offered hereby to retire our \$1.0 billion aggregate principal amount of outstanding 5.90% Senior Notes due 2016 at maturity on April 15, 2016, and for general corporate purposes, which could include working capital expenditures, fixed asset expenditures, acquisitions, refinancing of other debt, repurchases of our common stock or other capital transactions. Pending the application of the net proceeds, we may invest such net proceeds in short-term investment grade obligations.

S-8

On May 8, 2014, the proposed merger was terminated. Excluding the effect of the merger expenses from both years, Operating Income, Net Income - Omnicom Group Inc. and Diluted Net Income per Common Share - Omnicom Group Inc. for the years ended December 31, 2014 and 2013 were \$1,952.9 million, \$1,101.4 million and \$4.23 and \$1,866.7 million, \$1,026.0 million and \$3.84, respectively.

As described in Note 2 to the consolidated financial statements in the 2015 10-K, on December 31, 2015, we adopted FASB Accounting Standards Update, or ASU, 2015-03, and FASB ASU 2015-17. As a result, total assets and long-term debt for 2014, 2013, 2012 and 2011 have been adjusted to reflect the retrospective adoption of ASU 2015-03 and ASU 2015-17. The adoption of ASU 2015-03 and ASU 2015-17 did not have any effect on results of operations or total shareholders’ equity.

DESCRIPTION OF NOTES

Set forth below is a description of the specific terms of the notes. This description supplements, and should be read together with, the description of the general terms and provisions of the debt securities, including the notes, set forth in the accompanying base prospectus under the caption “Description of Debt Securities.” The following description does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the description of senior debt securities in the base prospectus and the senior indenture. If the description of the notes in this prospectus supplement differs from the description of senior debt securities in the base prospectus, the description of the notes in this prospectus supplement supersedes the description of debt securities in the base prospectus. When used in this section, the term “Issuers” refers solely to Omnicom Group Inc. and Omnicom Capital and not to any of their respective subsidiaries.

General

The notes will be issued in an initial aggregate principal amount of \$1.4 billion. The notes will be issued only in registered form, without coupons, in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The notes will be the joint and several unsecured senior obligations of Omnicom Group Inc. and Omnicom Capital and, as such, will rank equal in right of payment with all other existing and future senior indebtedness of Omnicom Group Inc. and Omnicom Capital and senior in right of payment to all of their existing and future subordinated indebtedness. The notes may effectively rank junior to all liabilities of our operating subsidiaries depending on the amount of loans to the operating subsidiaries and security for those loans on a relevant determination date. See “Risk Factors — Omnicom Group Inc.’s Holding Company Structure May Result in Structural Subordination and May Affect the Issuers’ Ability to Make Payments on the Notes.” As of December 31, 2015, on a pro forma basis after giving effect to the offering of the notes and the application of the estimated gross proceeds therefrom, the issuers would have had approximately \$4.9 billion aggregate principal amount of indebtedness outstanding. See “Use of Proceeds” and “Capitalization” in this prospectus supplement. Omnicom Capital’s obligations in respect of the notes are guaranteed by Omnicom Group Inc. The unconditional guarantee is a senior unsecured obligation of Omnicom Group Inc. and ranks equal in right of payment to all existing and future senior unsecured indebtedness of Omnicom Group Inc.

The specific terms of the notes are set forth below:

¶ Title: 3.600% Senior Notes due 2026

¶ Initial principal amount being issued: \$1,400,000,000

¶ Stated maturity date: April 15, 2026

Optional Redemption

Prior to the date that is three months prior to the maturity date, the notes will be redeemable, as a whole or in part, at the Issuers' option, at any time or from time to time, upon mailed notice to the registered address of each holder of notes at least 15 days but not more than 45 days prior to the redemption. The redemption price will be equal to the greater of (1) 100% of the principal amount of the notes to be redeemed and (2) the sum of the present values of the Remaining Scheduled Payments (as defined below on such notes discounted to the date of redemption, on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months), at a rate equal to the sum of the applicable Treasury Rate (as defined below) plus a make whole spread of 30 basis points, plus accrued and unpaid interest thereon to the redemption date.

On or after the date that is three months prior to the maturity date, the notes will be redeemable, as a whole or in part, at the Issuers' option, at any time or from time to time, upon mailed notice to the registered address of each holder of notes at least 15 days but not more than 45 days prior to the redemption at a redemption price of 100% of the principal amount thereof, plus accrued and unpaid interest thereon to the redemption date.

"Treasury Rate" means, with respect to any redemption date, the rate per annum equal to the semiannual equivalent yield to maturity (computed as of the third business day immediately preceding that redemption date) of the Comparable Treasury Issue (as defined below), assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

"Comparable Treasury Issue" means the United States Treasury security selected by the Reference Treasury Dealer (as defined below) as having a maturity comparable to the remaining term of the notes (assuming the notes matured on the first par call date), that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes (assuming the notes matured on the first par call date).

"Comparable Treasury Price" means, with respect to any redemption date, the Reference Treasury Dealer Quotations (as defined below) for that redemption date.

"Reference Treasury Dealer" means each of any three primary U.S. Government securities dealer selected by us, and their respective successors.

"Reference Treasury Dealer Quotations" means, with respect to the Reference Treasury Dealer and any redemption date, the average, as determined by the Issuer, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Issuer by the Reference Treasury Dealer at 3:30 p.m., New York City time, on the third business day preceding that redemption date.

"Remaining Scheduled Payments" means the remaining scheduled payments of principal of and interest on the notes that but for the redemption would be due after the related redemption date through the first par call date, assuming the notes matured on the first par call date. If that redemption date is not an interest payment date with respect to the notes, the amount of the next succeeding scheduled interest payment on the notes will be reduced by the amount of interest accrued on the notes to such redemption date. On and after the redemption date, interest will cease to accrue on the notes or any portion of the notes called for redemption (unless we default in the payment of the redemption price and accrued interest). On or before the redemption date, we will deposit with a paying agent (or the trustee) money sufficient to pay the redemption price of and accrued interest on the notes to be redeemed on that date. If less than all of the notes are to be redeemed, the notes to be redeemed shall be selected by the trustee in accordance with procedures of DTC.

Repurchase at the Option of Holders Upon Change of Control Triggering Event

Upon the occurrence of a Change of Control Triggering Event (as defined below), unless the Issuers have exercised their option to redeem the notes as described under “—Optional Redemption,” each holder of notes will have the right to require Omnicom Group to repurchase all or a portion of such holder’s notes pursuant to a change of control offer described below (a “Change of Control Offer”), at a purchase price equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the date of repurchase, subject to the right of holders of notes on the relevant record date to receive interest due on the relevant interest payment date.

Within 30 days following the date upon which Omnicom Group becomes aware that a Change of Control Triggering Event has occurred, or at Omnicom Group’s option, prior to any Change of Control but after the public announcement of the pending Change of Control, Omnicom Group will be required to send, by first class mail or electronic delivery, a notice to each holder of notes, with a copy to the trustee, which notice will govern the terms of the Change of Control Offer. Such notice will state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date such notice is mailed or delivered, other than as may be required by law (the “Change of Control Payment Date”). The notice, if mailed prior to the date of consummation of the Change of Control, will state that the Change of Control Offer is conditioned on the Change of Control Triggering Event occurring on or prior to the Change of Control Payment Date.

Omnicom Group will not be required to make a Change of Control Offer upon the occurrence of a Change of Control Triggering Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for such an offer made by Omnicom Group and such third party purchases all notes properly tendered and not withdrawn under its offer.

To the extent that Omnicom Group is required to offer to repurchase the notes upon the occurrence of a Change of Control Triggering Event, it may not have sufficient funds to purchase the notes in cash at such time. In addition, Omnicom Group’s ability to purchase the notes for cash may be limited by law or the terms of other agreements relating to its indebtedness outstanding at the time. The failure to make such purchase would result in a default under the notes.

Omnicom Group will be required to comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Offer provisions of the indenture and the notes, Omnicom Group will be required to comply with those securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control Offer provisions of the indenture and the notes by virtue of any such compliance.

On each Change of Control Payment Date, the indenture will provide that Omnicom Group will, to the extent lawful:

- accept for payment all notes or portions of notes properly tendered and not withdrawn pursuant to the Change of Control Offer;
 - deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered and not withdrawn; and
 - deliver or cause to be delivered to the trustee the notes properly accepted together with an officers' certificate stating the aggregate principal amount of notes or portions of notes being repurchased.
- "Below Investment Grade Rating Event" occurs if both the rating on the notes of the applicable series is lowered by each of the Rating Agencies and such notes are rated below Investment Grade by each of the Rating Agencies on any date from the date of the public notice of an arrangement that could result in a Change of Control until the end of the 60-day period following public notice of the occurrence of a Change of Control (which period shall be extended so long as the rating of such notes is under publicly announced consideration for possible downgrade by any of the Rating Agencies); provided that a Below Investment Grade Rating Event otherwise arising by virtue of a particular

reduction in rating shall not be deemed to have occurred in respect of a particular Change of Control (and thus shall not be deemed a Below Investment Grade Rating Event for purposes of the definition of Change of Control Triggering Event hereunder) if any of the Rating Agencies making the reduction in rating to which this definition would otherwise apply does not announce or publicly confirm or inform the trustee in writing at its request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control shall have occurred at the time of the Below Investment Grade Rating Event).

“Change of Control” means the occurrence of any of the following:

(1) the sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the assets of Omnicom Group and its subsidiaries taken as a whole to any “person” (as that term is used in Section 13(d)(3) of the Exchange Act) other than to Omnicom Group or one of its subsidiaries;

(2) the consummation of any transaction (including without limitation, any merger or consolidation) the result of which is that any “person” (as that term is used in Section 13(d)(3) of the Exchange Act), other than Omnicom Group or one of its wholly-owned subsidiaries, becomes the “beneficial owner” (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of the then outstanding shares of Omnicom Group’s Voting Stock, measured by voting power rather than number of shares; or

(3) the adoption of a plan relating to the liquidation or dissolution of Omnicom Group.

Notwithstanding the foregoing, a transaction will not be deemed to involve a Change of Control if (i) Omnicom Group becomes a wholly owned subsidiary of a holding company and (ii) the holders of the Voting Stock of such holding company immediately following such transaction are substantially the same as the holders of Omnicom Group’s Voting Stock immediately prior to such transaction.

The definition of Change of Control includes a phrase relating to the sale, transfer, conveyance or other disposition of “all or substantially all” of the properties or assets of Omnicom Group and its subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require Omnicom Group to repurchase such notes as a result of a sale, transfer, conveyance or other disposition of less than all of the assets of Omnicom Group and its subsidiaries taken as a whole to another Person or group may be uncertain.

“Change of Control Triggering Event” means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

“Investment Grade” means a rating equal to or higher than Baa3 (or its equivalent under any successor rating categories) by Moody’s and BBB- (or its equivalent under any successor rating categories) by S&P, or, in each case, if such Rating Agency ceases to rate the notes or fails to make a rating of such notes publicly available for reasons outside of the Issuers control, the equivalent investment grade credit rating by the replacement agency selected by us in accordance with the procedures described below.

“Moody’s” means Moody’s Investors Service Inc, and its successors.

“Rating Agencies” means (1) each of Moody’s and S&P; and (2) if any of Moody’s or S&P ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of the Issuers control, a “nationally recognized statistical rating organization,” as defined in Section 3(a)(62) of the Exchange Act, selected by Omnicom Group as a replacement agency for Moody’s or S&P, or both of them, as the case may be.

“S&P” means Standard & Poor’s Ratings Services, a division of McGraw-Hill Financial, Inc., and its successors.

“Voting Stock” means, with respect to any person, capital stock of any class or kind the holders of which are ordinarily, in the absence of contingencies, entitled to vote for the election of directors (or persons performing similar functions) of such person, even if the right so to vote has been suspended by the happening of such a contingency.

S-14

Certain Covenants

The indenture will not contain any provisions that would limit the Issuer's ability to incur indebtedness or that would afford holders of notes protection in the event of a sudden and significant decline in the credit quality or rating of Omnicom Group Inc. or a takeover, recapitalization or highly leveraged or similar transaction involving Omnicom Group Inc.

Limitation on Liens

Omnicom Group Inc. will not, and will not permit any of its Subsidiaries to, create or suffer to exist any Lien on or with respect to any of Omnicom Group Inc.'s properties, whether now owned or hereafter acquired, to secure any Debt of Omnicom Group Inc., any direct or indirect subsidiary or any other Person without securing the notes equally and ratably with such Debt to which such Liens relate for so long as such Debt shall be so secured, other than:

S-15

Liens to secure any extension, renewal, refinancing or refunding (or successive extensions, renewals, refinancings or refundings), in whole or in part, of any Debt secured by Liens referred to above or Liens created in connection with any amendment, consent or waiver relating to such Debt, so long as such Lien does not extend to any other property, the amount of Debt secured is not increased (other than by the amount equal to any costs and expenses incurred in connection with any extension, renewal, refinancing or refunding) and the Debt so secured does not exceed the fair market value (as determined by our board of directors in good faith) of the assets subject to such Liens at the time of such extension, renewal, refinancing or refunding, or such amendment, consent or waiver, as the case may be; and Liens otherwise prohibited by this covenant, securing Debt, provided that the aggregate principal amount of such secured Debt shall not exceed 20% of the Consolidated Net Worth of Omnicom Group Inc. and its Subsidiaries at any time.

Certain Definitions

Set forth below are certain defined terms used in this description of the notes:

“Consolidated Net Worth” means the consolidated net worth of Omnicom Group Inc., as determined in accordance with generally accepted accounting principles in the United States of America or U.S. GAAP.

“Debt” of any Person means, without duplication, (a) all indebtedness of such Person for borrowed money, (b) all obligations of such Person for the deferred purchase price of property or services (other than earn-out payment obligations of such Person in connection with the purchase of property or services to the extent they are still contingent), (c) all obligations of such Person evidenced by notes, bonds, debentures or other similar instruments, (d) all obligations of such Person created or arising under any conditional sale or other title retention agreement with respect to property acquired by such Person (even though the rights and remedies of the seller or lender under such agreement in the event of default are limited to repossession or sale of such property), (e) all obligations of such Person as lessee under leases to the extent that such leases have been or should be, in accordance with U.S. GAAP, recorded as capital leases, (f) all obligations, contingent or otherwise, of such Person in respect of acceptances, letters of credit or similar extensions of credit, (g) all obligations of such Person in respect of Hedge Agreements, (h) all Debt of others referred to in clauses (a) through (g) above or clause (i) below and other payment obligations guaranteed directly or indirectly in any manner by such Person, or in effect guaranteed directly or indirectly by such Person through an agreement (1) to pay or purchase such Debt or to advance or supply funds for the payment or purchase of such Debt, (2) to purchase, sell or lease (as lessee or lessor) property, or to purchase or sell services, primarily for the purpose of enabling the debtor to make payment of such Debt or to assure the holder of such Debt against loss, (3) to supply funds to or in any other manner invest in the debtor (including any agreement to pay for property or services irrespective of whether such property is received or such services are rendered) or (4) otherwise to assure a creditor against loss, and (i) all Debt referred to in clauses (a) through (h) above secured by (or for which the holder of such Debt has an existing right, contingent or otherwise, to be secured by) any Lien on property (including, without limitation, accounts and contract rights) owned by such Person, even though such Person has not assumed or become liable for the payment of such Debt.

“Hedge Agreements” means interest rate swap, cap or collar agreements, interest rate future or option contracts, currency swap agreements, currency future or option contracts and other similar agreements.

“Lien” means any lien, security interest or other charge or encumbrance of any kind, or any other type of preferential arrangement intended to provide security for the payment or performance of an obligation, including, without limitation, the lien or retained security title of a conditional vendor and any easement, right of way or other encumbrance on title to real property.

“Permitted Liens” means such of the following as to which no enforcement, collection, execution, levy or foreclosure proceeding shall have been commenced: (a) Liens for taxes, assessments and governmental charges or levies to the extent not yet due and payable, or being contested in good faith by appropriate proceedings; (b) Liens imposed by law, such as materialmen’s, mechanics’, carriers’, workmen’s and repairmen’s Liens and other similar Liens arising in the ordinary course of business securing obligations that are not overdue for a period of more than 30 days or that are being contested in good faith and by appropriate proceedings that prevent the forfeiture or sale of the asset subject to such Lien; (c) pledges or deposits to secure obligations under workers’ compensation laws or similar legislation or to secure public or statutory obligations or, in any such case, to secure reimbursement obligations under letters of credit or bonds issued to support such obligations; and (d) easements, rights of way and other encumbrances on title to real property that do not render title to the property encumbered thereby unmarketable or materially adversely affect the use of such property for its present purposes.

Book-Entry Notes

The notes will be issued in the form of one or more global securities in definitive, fully registered form, without interest coupons. Each global security will be deposited with the trustee, as custodian for, and registered in the name of, a nominee of DTC, as depositary and will be held through the book-entry system of DTC and its participants, including Euroclear and Clearstream. See “Description of Debt Securities — Book-Entry Procedures and Settlement” in the accompanying base prospectus for a description of registered global securities held in book entry form.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

This section summarizes the material U.S. federal income tax consequences to holders relating to the purchase, ownership and disposition of the notes. This summary deals only with notes that are held as capital assets (generally held for investment) by holders that purchase the notes for cash pursuant to this offering at the offer price set forth on the front cover hereof. This section is based upon the Internal Revenue Code of 1986, as amended (the “Code”), judicial decisions, final, temporary and proposed Treasury regulations, published rulings and other administrative pronouncements as of the date of this prospectus supplement, changes to any of which subsequent to the date of this prospectus supplement may affect the tax consequences described herein, possibly with retroactive effect. This section does not apply to holders that are subject to special rules, including:

- a dealer in securities;
- a trader in securities that elects to use a mark-to-market method of accounting for such trader’s securities holdings;
- a broker;
- a tax-exempt entity;
- an insurance company;
- a person that holds notes as part of a straddle, hedge, conversion or other integrated transaction;
- a U.S. Holder (as defined below) whose functional currency is not the U.S. dollar;
- a bank or other financial institution;
- a regulated investment company;
- a real estate investment trust;
- a former citizen or former permanent resident of the United States;
- a controlled foreign corporation;
- a passive foreign investment company;
- a partnership or other pass-through entity or investor therein; and
- a holder subject to the alternative minimum tax.

In addition, this summary does not address all possible tax consequences related to the acquisition, possession, or disposition of the notes. In particular it does not discuss any U.S. federal tax other than income tax or any state, local or non-U.S. tax consequences. We have not sought a ruling from the Internal Revenue Service (the “IRS”) with respect to the statements made in this summary.

For purposes of this discussion, a “U.S. Holder” is a beneficial owner of the notes that is, or is treated as for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the United States;
- a corporation created or organized in the United States or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source; or
- a trust (i) if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (ii) that has a valid election in effect under applicable Treasury regulations to be treated as a U.S. person.

For purposes of this discussion, a “Non-U.S. Holder” is a beneficial owner of the notes (other than an entity or arrangement treated as a partnership for U.S. federal income tax purposes) that is not a U.S. Holder. If any entity or arrangement, domestic or foreign, treated as a partnership for U.S. federal income tax purposes holds the notes, the tax treatment of a partner in such partnership generally will depend upon the status of the partner and the activities of the partnership.

Please consult your own tax advisor as to the particular tax consequences to you of purchasing, holding and disposing of the notes in your particular circumstances under the Code and the laws of any other taxing jurisdiction or any applicable tax treaty.

Certain Additional Payments

We will become required to pay 101% of the principal amount of any note purchased by us at a holder’s election after a Change of Control Triggering Event, as described above under the heading “Description of Notes — Repurchase at the Option of Holders Upon Change of Control Triggering Event.” Treasury regulations provide special rules for contingent payment debt instruments which, if applicable, could cause the timing, amount and character of a holder’s income, gain or loss with respect to the notes to be different from the consequences discussed below. Under the applicable Treasury regulations, however, for purposes of determining whether a debt instrument is a contingent payment debt instrument, remote or incidental contingencies (determined as of the date the notes are issued) are ignored. We believe the possibility of making additional payments on the notes is remote and/or incidental. Therefore, we intend to treat the possibility of the payment of such additional amounts as not resulting in the notes being treated as contingent payment debt instruments under the applicable Treasury regulations. Our treatment will be binding on all holders, except a holder that discloses its differing treatment in a statement attached to its timely filed U.S. federal income tax return for the taxable year during which the note was acquired. Our treatment is not binding on the IRS, however, which may take a contrary position and treat the notes as contingent payment debt instruments. The remainder of this discussion assumes that the notes are not treated as contingent payment debt instruments.

U.S. Holders

Interest

Payments of stated interest on the notes generally will be taxable to a U.S. Holder as ordinary income at the time that such payments are received or accrued, in accordance with such U.S. Holder’s method of accounting for U.S. federal income tax purposes. It is expected, and the following discussion assumes, that the notes will be issued with less than a *de minimis* amount of original issue discount for U.S. federal income tax purposes.

Sale or Other Taxable Disposition of the Notes

A U.S. Holder will recognize gain or loss on the sale, exchange, redemption, retirement or other taxable disposition of a note equal to the difference between the amount realized upon the disposition (less any portion allocable to accrued and unpaid interest, which will be taxable as interest to the extent not previously taxed) and the U.S. Holder’s adjusted tax basis in the note. A U.S. Holder’s adjusted tax basis in a note generally will be the U.S. Holder’s cost therefor. This gain or loss generally will be a capital gain or loss, and will be a long-term capital gain or loss if the U.S. Holder has held the note for more than one year. Otherwise, such gain or loss will be a short-term capital gain or loss. Long-term capital gains recognized by certain non-corporate U.S. Holders, including individuals, generally will be taxable at a preferential rate. The deductibility of capital losses is subject to limitations.

Surtax on Net Investment Income

A U.S. Holder that is an individual, estate, or a trust that does not fall into a special class of trusts that is exempt from such tax, will be subject to a 3.8% surtax on the lesser of (1) the U.S. Holder's "net investment income" (or undistributed net investment income in the case of an estate or trust) for the relevant taxable year and (2) the excess of the U.S. Holder's modified adjusted gross income (or adjusted gross income in the case of an estate or trust) for the taxable year over a certain threshold (which in the case of individuals will be between \$125,000 and \$250,000, depending on the individual's circumstances). A U.S. Holder's net investment income generally will include its gross interest income and its net gains from the disposition of the notes, unless such interest payments or net gains are derived in the ordinary course of the conduct of a trade or business (other than a trade or business that consists of certain passive or trading activities). If you are a U.S. Holder that is an individual, estate, or trust, you are urged to consult your tax advisor regarding the applicability of the surtax to your income and gains in respect of your investment in the notes.

Backup Withholding and Information Reporting

A U.S. Holder may be subject to information reporting and backup withholding when such holder receives interest and principal payments on the notes, or upon the proceeds received upon the sale or other disposition of such notes. Certain holders (including, among others, corporations and certain tax-exempt organizations) generally are not subject to backup withholding and such information reporting. A U.S. Holder will be subject to this backup withholding tax if such holder is not otherwise exempt and such holder:

- fails to furnish its taxpayer identification number ("TIN"), which, for an individual, is ordinarily his or her social security number;
- furnishes an incorrect TIN;
- is notified by the IRS that it has failed to properly report payments of interest or dividends; or
- fails to certify on IRS Form W-9, under penalties of perjury, that it has furnished a correct TIN and that the IRS has not notified the U.S. Holder that it is subject to backup withholding.

U.S. Holders should consult their tax advisors regarding their qualification for an exemption from backup withholding and the procedures for obtaining such an exemption, if applicable. Backup withholding is not an additional tax and taxpayers may use amounts withheld as a credit against their U.S. federal income tax liability or may claim a refund provided they timely provide certain information to the IRS.

Non-U.S. Holders

Interest

Subject to the discussions below concerning backup withholding and FATCA, payments of interest on a note to Non-U.S. Holders generally will not be subject to U.S. federal income tax or withholding tax, provided that the holder certifies its nonresident status as described below, and:

- such payments are not effectively connected with such holder's conduct of a U.S. trade or business (and, if required by an applicable income tax treaty, are not attributable to a "permanent establishment" or "fixed base" maintained by the Non-U.S. Holder in the United States);
- such holder does not actually (or constructively) own 10% or more of the total combined voting power of all classes of our voting stock within the meaning of the Code and the Treasury regulations; and
- such holder is not a controlled foreign corporation that is related, directly or indirectly to us.

A Non-U.S. Holder can meet the certification requirement by providing a properly executed IRS Form W-8BEN or IRS Form W-8BEN-E, as applicable (or applicable successor form) to us or our paying agent certifying under penalty of perjury that it is not a United States person prior to the payment. If the Non-U.S. Holder holds the note through a financial institution or other agent acting on the holder's behalf, the holder will be required to provide appropriate documentation to the agent. The Non-U.S. Holder's agent will then be required to provide certification to us or our paying agent, either directly or through other intermediaries.

If the Non-U.S. Holder cannot satisfy the requirements described above, payments of interest will be subject to U.S. federal withholding tax at a rate of 30% unless the Non-U.S. Holder provides a properly executed (i) IRS Form W-8BEN or IRS Form W-8BEN-E, as applicable (or applicable successor form) claiming a reduction of or an exemption from withholding under an applicable tax treaty or (ii) IRS Form W-8ECI (or applicable successor form) stating that such payments are not subject to withholding tax because they are effectively connected with the holder's conduct of a trade or business in the United States (and if required by an applicable income tax treaty is attributable to a "permanent establishment" or "fixed base" maintained by the Non-U.S. Holder in the United States).

Interest Effectively Connected with a U.S. Trade or Business

If a Non-U.S. Holder is engaged in a trade or business in the United States (and, if an applicable tax treaty requires, if a Non-U.S. Holder maintains a "permanent establishment" or "fixed base" within the United States) and interest on the notes is effectively connected with the conduct of such trade or

business (and, if an applicable tax treaty requires, attributable to such "permanent establishment" or "fixed base"), a Non-U.S. Holder will be subject to U.S. federal income tax (but not withholding tax assuming a properly executed Form W-8ECI (or applicable successor form) has been provided) on such interest on a net income basis in generally the same manner as if the holder was a U.S. person. In addition, in certain circumstances, a corporate Non-U.S. Holder described in this paragraph may be subject to a 30% branch profits tax (or applicable lower tax treaty rate, provided certain certification requirements are met).

Sale or Other Disposition of Notes

Except as described below and subject to the discussions below on backup withholding and FATCA, any gain or income realized on the sale, redemption or other taxable disposition of a note will generally not be subject to U.S. federal income tax unless:

such gain or income is effectively connected with a Non-U.S. Holder's conduct of a trade or business in the United States (and, where an applicable income tax treaty so provides, is attributable to a U.S. "permanent establishment" or "fixed base" maintained by such holder); or

such gain or income is realized by an individual Non-U.S. Holder who is present in the United States for 183 days or more in the taxable year of the disposition and certain other conditions are met.

Amounts paid on a retirement or redemption of a note which represent accrued but unpaid interest are taxed as interest as discussed under the heading "— Interest," above. In certain circumstances, a portion of the proceeds from a sale or exchange of a note may be taxed as interest, in which case such portion would be taxed as interest as discussed under the heading "— Interest," above.

Backup Withholding and Information Reporting

Unless you are an exempt recipient, such as a corporation, interest and principal payments on the notes and the proceeds received from a sale or other disposition of notes may be subject to information reporting and may also be subject to U.S. federal backup withholding if you fail to comply with applicable U.S. information reporting or certification requirements. The certification procedures required to claim the exemption from withholding tax on

interest described above generally will satisfy the certification requirements necessary to avoid backup withholding tax as well.

S-21

Backup withholding is not an additional tax. Any amounts so withheld under the backup withholding rules may be allowed as a credit against a Non-U.S. Holder's U.S. federal income tax liability or may be claimed as a refund provided the holder furnishes the required information to the IRS.

FATCA

Sections 1471 through 1474 of the Code (referred to as "FATCA") and Treasury regulations thereunder, when applicable, impose a U.S. federal withholding tax equal to 30% on any interest paid on debt obligations of U.S. corporations, such as the notes, and on the proceeds from the disposition of such debt obligations even if the payment would otherwise not be subject to U.S. nonresident withholding tax (e.g., because it is capital gain) (if such disposition occurs on or after January 1, 2019) if paid to a "foreign financial institution" (which term generally includes most foreign hedge funds, private equity funds, mutual funds, securitization vehicles and other investment vehicles) or a "non-financial foreign entity," each as defined in the Code (including, in some cases, when such foreign financial institution or non-financial foreign entity is acting as an intermediary), unless: (i) in the case of a foreign financial institution, such institution enters into an agreement with the U.S. government to withhold on certain payments, and to collect and provide to the U.S. tax authorities information regarding U.S. account holders of such institution (which include certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with U.S. owners); or (ii) the non-financial foreign entity either certifies it does not have any "substantial U.S. owners" (as defined in the Code) or furnishes identifying information regarding each substantial U.S. owner (generally by providing the applicable properly completed IRS Form W-8BEN or W-8BEN-E (or a suitable successor

form)). An "intergovernmental agreement" between the United States and an applicable foreign country may modify the requirements described in this paragraph.

We will not pay any additional amounts to Non-U.S. Holders in respect of any amounts withheld, including pursuant to FATCA. Under certain circumstances, a Non-U.S. Holder might be eligible for refunds or credits of taxes withheld pursuant to FATCA. Non-U.S. Holders are urged to consult with their own tax advisors regarding the effect, if any, of the FATCA provisions to them based on their particular circumstances.

The preceding discussion of material U.S. federal income tax consequences is general information only and is not tax advice. Accordingly, you should consult your own tax advisor as to the particular tax consequences to you of purchasing, holding or disposing of notes, including the applicability and effect of any U.S. federal tax other than income tax or any state, local or non-U.S. tax laws, and of any changes or proposed changes in applicable law.

The underwriters have agreed to purchase all of the notes offered by this prospectus supplement if any of the notes are purchased.

The underwriters initially propose to offer part of the notes directly to the public at the offering price set forth on the cover page of this prospectus supplement. After the initial offering of the notes, the underwriters may from time to

time vary the offering price and other selling terms. The following table shows the underwriting discount that we will pay to the underwriters in connection with this offering:

In connection with the offering of the notes, the underwriters (or persons acting on their behalf) may over allot notes or effect transactions with a view to supporting the market price of the notes at a level higher than that which might otherwise prevail. However, there is no assurance that the underwriters (or persons acting on their behalf) will undertake stabilization action. Any stabilization action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant notes is made and, if begun, may be ended at any time, but it must end no later than 30 days after the date on which the Issuers received the proceeds of the issue, or no later than 60 days after the date of allotment of the relevant notes, whichever is the earlier. Any stabilization action or over allotment must be conducted by the relevant underwriter (or persons acting on their behalf) in accordance with all applicable laws and rules.

Expenses associated with this offering to be paid by us, other than the underwriting discount, are estimated to be \$2.1 million.

The notes are a new issue of securities with no established trading market. The notes will not be listed on any securities exchange or included in any authorized quotation system.

From time to time in the ordinary course of their respective businesses, certain of the underwriters and their affiliates have engaged in and may in the future engage in commercial banking, derivatives and/or investment banking transactions with us and our affiliates for which they have received, or will receive customary fees and reimbursement of expenses.

In addition, in the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. If any of the underwriters or their affiliates has a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Settlement

We expect that delivery of the notes will be made to investors on or about April 6, 2016, which will be the seventh business day following the date of this prospectus supplement (such settlement being referred to as “T+7”). Under Rule 15c6-1 under the Securities Exchange Act of 1934, trades in the secondary market are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes prior to the delivery of the notes hereunder will be required, by virtue of the fact that the notes initially settle in T+7, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the notes who wish to trade the notes prior to their date of delivery hereunder should consult their advisors.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the SEC utilizing a “shelf” registration process. Under this shelf process, we may sell any combination of the securities described in this prospectus in one or more offerings. This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement and, if applicable, a free writing prospectus that will contain specific information about the terms of that offering. The prospectus supplement will describe: the terms of the securities offered, any initial public offering price, the price paid to us for the securities, the net proceeds to us, the manner of distribution and any underwriting compensation and the other specific material terms related to the offering of the applicable securities. SPECIAL NOTE ON FORWARD-LOOKING STATEMENTS

Certain statements in this prospectus constitute forward-looking statements, including statements within the meaning of the Private Securities Litigation Reform Act of 1995. In addition, from time to time, we or our representatives have made, or may make, forward-looking statements, orally or in writing. These statements may discuss goals, intentions and expectations as to future plans, trends, events, results of operations or financial condition, or otherwise, based on current beliefs of our management as well as assumptions made by, and information currently available to, our management. Forward-looking statements may be accompanied by words such as "aim," "anticipate," "believe," "plan," "could," "should," "would," "estimate," "expect," "forecast," "future," "guidance," "intend," "may," "will," "possible," "potential," "pr" similar words, phrases or expressions. These forward-looking statements are subject to various risks and uncertainties, many of which are outside our control. Therefore, you should not place undue reliance on such statements. Factors that could cause actual results to differ materially from those in the forward-looking statements include: international, national or local economic, social or political conditions that could adversely affect us or our clients; losses on media purchases and production costs incurred on behalf of clients; reductions in client spending, a slowdown in client payments and changes in client advertising, marketing and corporate communications requirements; failure to manage potential conflicts of interest between or among clients; unanticipated changes relating to competitive factors in the advertising, marketing and corporate communications industries; ability to hire and retain key personnel; ability to

attract new clients and retain existing clients in the manner anticipated; reliance on information technology systems; changes in legislation or governmental regulations affecting us or our clients; conditions in the credit markets; risks associated with assumptions we make in connection with our critical accounting estimates and legal proceedings; and our international operations, which are subject to the risks of currency fluctuation and currency repatriation restrictions. The foregoing list of factors is not exhaustive. You should carefully consider the foregoing factors and the other risks and uncertainties that may affect our business, including those described in “Risk

Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in our Annual Report on Form 10-K for the year ended December 31, 2014. Except as required under applicable law, we do not assume any obligation to update these forward-looking statements.

USE OF PROCEEDS

Unless otherwise specified in an applicable prospectus supplement, Omnicom Group will use the proceeds it receives from the sale of the offered securities for general corporate purposes, which could include working capital expenditures, fixed asset expenditures, acquisitions, refinancing of other debt, repurchases of Omnicom Group’s common stock or other capital transactions. Pending the application of the proceeds, we may invest proceeds in short-term investment grade obligations. The precise amounts and timing of the application of proceeds will depend upon the funding requirements of Omnicom Group Inc. and its subsidiaries at the time of issuance and the availability of other funds.

RATIO OF EARNINGS TO FIXED CHARGES

The following table shows the ratio of earnings to fixed charges of Omnicom Group Inc. for each of the periods indicated.

Nine Months Ended September 30, 2015	Year Ended December 31,				
	2014	2013	2012	2011	2010
6.57x	6.93x	6.07x	6.26x	6.32x	6.12x

The ratio of earnings to fixed charges is computed by dividing fixed charges into income before income taxes plus dividends from equity method investments and fixed charges. Fixed charges consist of interest expense and that portion of net rental expense deemed representative of interest.

Since we had no preferred stock outstanding during any of the periods presented, the ratios of earnings to fixed charges and the ratios of earnings to combined fixed charges and preferred dividends are the same.

DESCRIPTION OF OMNICOM GROUP INC. PREFERRED STOCK

The following briefly summarizes the material terms of Omnicom Group Inc.'s preferred stock, other than pricing and related terms to be disclosed in a prospectus supplement. You should read the particular terms of any series of preferred stock offered by Omnicom Group Inc. which will be described in more detail in any prospectus supplement relating to such series, together with the more detailed provisions of Omnicom Group Inc.'s restated certificate of incorporation and the certificate of designation relating to each particular series of preferred stock, for provisions that may be important to you. The restated certificate of incorporation is incorporated by reference as an exhibit to the registration statement of which this prospectus forms a part. The certificate of designation relating to the particular series of preferred stock offered by a prospectus supplement relating to the series' issue will be filed as an exhibit to one of Omnicom Group Inc.'s future current reports and incorporated by reference in the registration statement to which this prospectus relates. The prospectus supplement will also state whether any of the terms summarized below do not apply to the series of preferred stock being offered.

General

As of the date of this prospectus, Omnicom Group Inc. is authorized to issue up to 7.5 million shares of preferred stock, par value \$1.00 per share, none of which is outstanding.

Under Omnicom Group Inc.'s restated certificate of incorporation, the board of directors of Omnicom Group Inc. is authorized to issue, without the approval of Omnicom Group Inc.'s shareholders, shares of preferred stock in one or more series, and to establish from time to time a series of preferred stock having such powers, preferences, rights and limitations as the board of directors so designates.

Prior to the issuance of any series of preferred stock, the board of directors of Omnicom Group Inc. will adopt resolutions creating and designating the series as a series of preferred stock and the resolutions will be filed with the New York State Secretary of State as an amendment to the restated certificate of incorporation.

The resolutions of the board of directors of Omnicom Group Inc. providing for a series of preferred stock may include the following provisions:

- the title and stated value of the preferred stock;
- the number of shares of the preferred stock offered, the liquidation preference per share and the purchase price of the preferred stock;
- the dividend rate, period and/or payment date or method of calculation thereof applicable to the preferred stock;
- whether dividends shall be cumulative or non-cumulative and, if cumulative, the date from which dividends on the preferred stock shall accumulate;
- the provisions for a sinking fund, if any, for the preferred stock;
- the provisions for redemption, if applicable, of the preferred stock;
- the terms and conditions, if applicable, upon which the preferred stock will be convertible into or exchangeable for other types of securities, including the conversion price (or a manner of calculation thereof) and conversion period;
- voting rights, if any, of the preferred stock;

•whether interests in the preferred stock will be represented by depositary shares; and
•any other specific terms, preferences, rights, limitations or restrictions of the preferred stock.

5

The rights of holders of the preferred stock offered may be affected by the rights of holders of any shares of preferred stock that may be issued in the future. Those effects could be adverse. Shares of preferred stock issued by Omnicom Group Inc. may have the effect of rendering more difficult or discouraging an acquisition of Omnicom Group Inc. deemed undesirable by the board of directors of Omnicom Group Inc.

The preferred stock will be, when issued, fully paid and nonassessable. Holders of preferred stock will not have any preemptive or subscription rights to acquire more stock of Omnicom Group Inc.

The transfer agent, registrar, dividend disbursing agent and redemption agent for shares of each series of preferred stock will be named in the prospectus supplement relating to such series.

Rank

Unless otherwise specified in the prospectus supplement relating to the shares of any series of preferred stock, the shares will rank on an equal basis with each other series of preferred stock and prior to the common stock as to dividends and distributions of assets.

Dividends

Holders of each series of preferred stock will be entitled to receive cash dividends when, as and if declared by the board of directors of Omnicom Group Inc. out of funds legally available for dividends. The rates and dates of payment of dividends will be set forth in the prospectus supplement relating to each series of preferred stock. Dividends will be payable to holders of record of preferred stock as they appear on the books of Omnicom Group Inc. on the record dates fixed by the board of directors. Dividends on any series of preferred stock may be cumulative or noncumulative.

Conversion and Exchange

The prospectus supplement for any series of preferred stock will state the terms, if any, on which shares of that series are convertible into or exchangeable for other types of securities of Omnicom Group Inc.

Redemption

If so specified in the applicable prospectus supplement, a series of preferred stock may be redeemable at any time, in whole or in part, at the option of Omnicom Group Inc. or the holder thereof and may be mandatorily redeemed.

Any partial redemptions of preferred stock will be made in a way that the board of directors decides is equitable.

Unless Omnicom Group Inc. defaults in the payment of the redemption price, dividends will cease to accrue after the redemption date on shares of preferred stock called for redemption and all rights of holders of such shares will terminate except for the right to receive the redemption price.

Liquidation Preference

Upon any voluntary or involuntary liquidation, dissolution or winding up of Omnicom Group Inc., holders of each series of preferred stock will be entitled to receive distributions upon liquidation in the amount set forth in the prospectus supplement relating to such series of preferred stock, plus an amount equal to any accrued and unpaid dividends. Those distributions will be made before any distribution is made on any securities ranking junior relating to liquidation, including common stock.

If the liquidation amounts payable relating to the preferred stock of any series and any other securities ranking on a parity regarding liquidation rights are not paid in full, the holders of the preferred stock of such series and such other securities will share in any such distribution of available assets of Omnicom Group Inc. on a ratable basis in proportion to the full liquidation preferences.

Holders of preferred stock will not be entitled to any other amounts from Omnicom Group Inc. after they have received their full liquidation preference.

Voting Rights

The holders of shares of preferred stock will have no voting rights, except:

- as otherwise stated in the prospectus supplement;
- as otherwise stated in the certificate of designation establishing such series; or as required by applicable law.

DESCRIPTION OF DEBT SECURITIES

General

The description below of the general terms of the debt securities will be supplemented by the more specific terms of a particular series in a prospectus supplement.

The debt securities offered by this prospectus will be joint and several unsecured obligations of Omnicom Group Inc. and Omnicom Capital and will be either senior or subordinated debt. We will issue the debt securities under an indenture between us and Deutsche Bank Trust Company Americas, or the Trustee. The indenture provides that our debt securities may be issued in one or more series, with different terms, in each case as authorized from time to time by us. The indenture also gives us the ability to reopen a previous issue of a series of debt securities and issue additional debt securities of that series or establish additional terms for that series of debt securities. The indenture does not limit the amount of debt securities or other unsecured debt which we may issue.

Neither the senior debt securities nor the subordinated debt securities will be secured by any of our property or assets. Thus, by owning a debt security, you are one of our unsecured creditors.

In addition to the following description of the debt securities, you should refer to the detailed provisions of the indenture.

If material, federal income tax consequences and other special considerations applicable to any debt securities issued by the Issuers at a discount will be described in the applicable prospectus supplement.

The debt securities will represent direct, unsecured, general obligations of the Issuers and:

- may rank equally with other unsubordinated debt or may be subordinated to other debt the Issuers has or may incur;
- may be issued in one or more series with the same or various maturities;
 - may be issued at a price of 100% of their principal amount or at a premium or discount; and may be represented by one or more global notes registered in the name of a designated depository's nominee, and if so, beneficial interests in the global note will be shown on and transfers will be made only through records maintained by the designated depository and its participants.

Omnicom Group Inc. is a holding company and Omnicom Capital is a finance subsidiary. As a finance subsidiary, Omnicom Capital's assets consist of the intercompany loans it makes or has made to Omnicom Group Inc.'s operating subsidiaries and the related interest receivables. As a result, the debt securities issued under the indenture will effectively be subordinated to all existing and future obligations of Omnicom Group Inc.'s operating subsidiaries, including trade payables, and to the Issuers' respective obligations that are secured, to the extent of the security. Omnicom Capital's obligations in respect of any debt securities will be guaranteed by Omnicom Group Inc.

The aggregate principal amount of debt securities that the Issuers may authenticate and deliver is unlimited. You should refer to the applicable prospectus supplement for the following terms of the debt securities of the series with respect to which that prospectus supplement is being delivered:

- the title of the debt securities;

• ranking of the specific series of debt securities relative to other outstanding indebtedness, including subsidiaries' debt;
• whether the debt securities will be senior or subordinated debt;

7

if the debt securities are subordinated, the aggregate amount of outstanding indebtedness, as of a recent date, that is senior to the subordinated securities, and any limitation on the issuance of additional senior indebtedness;

the percentage of the principal amount at which the debt securities will be sold and, if applicable, the method of determining the price;

any limit on the aggregate principal amount of the debt securities;

- the maturity date or dates;

the interest rate;

the manner in which the amounts of payment of principal of or interest, if any, on the securities of the series will be determined, if such amounts may be determined by reference to an index based on a currency or currencies or by reference to a commodity, commodity index, stock exchange index or financial index;

the date or dates from which any interest will accrue, or how such date or dates will be determined, and the interest payment date or dates and any related record dates;

the location where payments on the debt securities will be made;

the terms and conditions on which the debt securities may be redeemed at the option of the Issuers;

the terms and conditions on which the debt securities may be repurchased by the Issuers at the option of the holders thereof;

any obligation of the Issuers to redeem, purchase or repay the debt securities pursuant to sinking fund provisions;

any obligation of the Issuers to redeem, purchase or repay the debt securities at the option of a holder upon the happening of any event and the terms and conditions of redemption, purchase or repayment;

if other than denominations of \$1,000, the denominations in which debt securities may be issued;

whether the debt securities will be issuable as global securities;

if other than the principal amount, the portion of the principal amount of the debt securities payable if the maturity is accelerated;

the provisions relating to any security provided for the debt securities;

any events of default not described in “Events of Default” below;

the terms and conditions on which the debt securities may be exchanged or converted into common stock or preferred stock of Omnicom Group Inc.;

the form and terms of any guarantee of or security for the debt securities;

any depositaries, interest rate calculation agents or other agents;

any material provisions of the indenture described in this prospectus that do not apply to the debt securities; and any other terms of the debt securities not inconsistent with the provisions of the applicable indenture.

The terms on which a series of debt securities may be convertible into or exchangeable for common stock or preferred stock of Omnicom Group Inc. will be set forth in the prospectus supplement relating to such series. Such terms will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at the option of the Issuers. The terms may include provisions pursuant to which the number of shares of common stock or other securities of Omnicom Group Inc. to be received by the holders of such series of debt securities may be adjusted.

The debt securities will be issued only in registered form. Debt securities of a series will either be global securities registered in book-entry form, or a physical (paper) certificate issued in definitive, or certificated, registered form. Procedures relating to global securities are described below under “Book-Entry Procedures and Settlement.” Unless otherwise provided in the applicable prospectus supplement, debt securities denominated in United States dollars will be

issued only in denominations of \$1,000 and whole multiples of \$1,000. The prospectus supplement relating to offered securities denominated in a foreign or composite currency will specify the denomination of the offered securities.

Debt securities represented by a paper certificate may be presented for exchange or transfer at the office of the Registrar. Holders will not have to pay any service charge for any registration of transfer or exchange of their certificates, but the Issuers may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with such registration of transfer.

Payment and Paying Agents

Distributions on the debt securities other than those represented by global notes will be made in the designated currency against surrender of the debt securities at the principal office of the paying agent. Payment will be made to the registered holder at the close of business on the record date for such payment.

Interest payments will be made at the principal corporate trust office of the trustee in New York City, or by a check mailed to the holder at his registered address. Payments in any other manner will be specified in the prospectus supplement.

Book-Entry Procedures and Settlement

The debt securities will be issued in book-entry form only and represented by one or more global securities registered in the name of, and deposited with a custodian for, The Depository Trust Company, or DTC, or its nominee. DTC or its nominee will be the sole registered holder of the debt securities for all purposes under the indenture. Owners of beneficial interests in the debt securities represented by the global securities will hold their interests pursuant to the procedures and practices of DTC. As a result, beneficial interests in these securities will be shown on, and may only be transferred through, records maintained by DTC and its direct and indirect participants and any such interest may not be exchanged for certificated securities, except in limited circumstances. Owners of beneficial interests must exercise any rights in respect of their interests, in accordance with the procedures and practices of DTC. Beneficial owners will not be holders and will not be entitled to any rights provided to the holders of debt securities under the global securities or the indenture.

The Issuers and the trustee, and any of their respective agents, may treat DTC as the sole holder and registered owner of the global securities under the terms of the indenture.

Optional Redemption

Unless an applicable prospectus supplement specifies otherwise, the debt securities will not be redeemable. In the event the debt securities are redeemable, the debt securities will be redeemable, as a whole or in part, at the Issuers' option, at any time or from time to time, upon mailed notice to the registered address of each holder of debt securities at least 30 days but not more than 60 days prior to the redemption. The redemption price will be equal to the greater of (1) 100% of the principal amount of the debt securities to be redeemed and (2) the sum of the present values of the Remaining Scheduled Payments (as defined below) on such debt securities discounted to the date of redemption, on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months), at a rate equal to the sum of the applicable Treasury Rate (as defined below) plus a make whole spread, which will be specified in the applicable prospectus supplement, plus accrued and unpaid interest thereon to the redemption date.

"Treasury Rate" means, with respect to any redemption date, the rate per annum equal to the semiannual equivalent yield to maturity (computed as of the third business day immediately preceding that redemption date) of the

Comparable Treasury Issue (as defined below), assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

“Comparable Treasury Issue” means the United States Treasury security selected by the Reference Treasury Dealer (as defined below) as having a maturity comparable to the remaining term of the debt securities, that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the debt securities.

“Comparable Treasury Price” means, with respect to any redemption date, the Reference Treasury Dealer Quotations (as defined below) for that redemption date.

“Reference Treasury Dealer” means each of any three primary U.S. Government securities dealer selected by us, and their respective successors.

“Reference Treasury Dealer Quotations” means, with respect to the Reference Treasury Dealer and any redemption date, the average, as determined by the Issuers, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Issuers by the Reference Treasury Dealer at 3:30 p.m., New York City time, on the third business day preceding that redemption date.

“Remaining Scheduled Payments” means the remaining scheduled payments of principal of and interest on the debt securities that would be due after the related redemption date but for that redemption. If that redemption date is not an interest payment date with respect to the debt securities, the amount of the next succeeding scheduled interest payment on the debt securities will be reduced by the amount of interest accrued on the debt securities to such redemption date.

On and after the redemption date, interest will cease to accrue on the debt securities or any portion of the debt securities called for redemption (unless we default in the payment of the redemption price and accrued interest).

Consolidation, Merger or Sale

The Issuers may not consolidate with or merge into, or convey, transfer or lease their respective properties and assets as an entirety or substantially as an entirety to, any person, referred to as a “successor person,” except in the case of Omnicom Capital with, into or to Omnicom Group Inc., or any other subsidiary of Omnicom Group Inc., unless:

- either (a) an Issuer is the continuing person or (b) the resulting, surviving or transferee person is an entity organized under the laws of the United States;
- the successor person expressly assumes the respective Issuer’s obligations with respect to the debt securities and the indenture;
- immediately after giving effect to the transaction, no event of default, and no event which, after notice or lapse of time or both, would become an event of default, shall have occurred and be continuing; and the respective Issuer or the successor person has delivered to the trustee the certificates and opinions required under the indenture.

Modification of the Indenture

Under the indenture, the Issuers and the trustee may enter into supplemental indentures without obtaining the consent of any holder of debt securities:

- to cure any ambiguity, defect or inconsistency;
- to comply with the indenture’s provisions regarding successor corporations;
- to comply with any requirements of the SEC in connection with the qualification of the indenture under the Trust Indenture Act;
- to provide for global securities in addition to or in place of certificated debt securities;
- to add to, change or eliminate any of the provisions of the indenture with respect to any series of debt securities; although no such addition, change or elimination may apply to any series of debt security created prior to the execution of such amendment and entitled to the benefit of such provision, nor may any such amendment modify the rights of a holder of any such debt security with respect to such provision, unless the amendment becomes effective only when there is no outstanding debt security of any series created prior to such amendment and entitled to the benefit of such provision;
- in the case of subordinated debt securities, to make any change in the provisions of the indenture relating to subordination that would limit or terminate the benefits available to any holder of senior indebtedness under such provisions (but only if each such holder of senior indebtedness consents to such change);

to make any change that does not materially adversely affect in any material respect the legal rights of any holder; or
• to establish additional series of debt securities as permitted by the indenture.

10

The Issuers and the trustee may, with the consent of the holders of at least a majority in aggregate principal amount of the debt securities of a series, modify the indenture or the rights of the holders of the securities of the series to be affected. No modifications may, without the consent of the holder of each security affected, be made that, as to any non-consenting holders:

- reduce the percentage of securities whose holders need to consent to the modification;
- reduce the rate or change the time of payment of interest on the securities;
- reduce the principal amount of or the premium, if any, on the securities;
- change the fixed maturity of any of the securities;
- reduce the amount of, or postpone the date fixed for, the payment of any sinking fund;
- reduce the principal amount payable upon acceleration of the maturity of any securities issued originally at a discount; in the case of any subordinated debt security or coupons appertaining thereto, make any change in the provisions of the indenture relating to subordination that adversely affects the rights of any holder under such provisions;
- waive a default in the payment of the principal amount of, the premium, if any, or any interest on the securities;
- change the currency in which any of the securities are payable;
- impair the right to sue for the enforcement of any payment on or after the maturity of the securities; or waive a redemption payment with respect to the securities.

Events of Default

The indenture provides that events of default regarding any series of debt securities will be:

- failure to pay required interest on any debt security of such series for 30 days;
- failure to pay principal, other than a scheduled installment payment, or premium, if any, on any debt security of the series when due;
- failure to make any required deposit of any sinking fund payment when due;
- failure to perform for 60 days after notice any other covenant in the applicable indenture (other than a covenant included in the applicable indenture solely for the benefit of a series of debt securities other than such series);
 - (A) the Issuers' failure to make any payment by the end of any applicable grace period after maturity of their respective indebtedness, which term as used in the applicable indenture means obligations (other than nonrecourse obligations) of the Issuers for borrowed money or evidenced by bonds, debentures, notes or similar instruments in an amount (taken together with amounts in (B)) in excess of \$100 million and continuance of such failure, or (B) the acceleration of their respective indebtedness in an amount (taken together with the amounts in (A)) in excess of \$100 million because of a default with respect to such indebtedness without such indebtedness having been discharged or such acceleration having been cured, waived, rescinded or annulled in case of (A) or (B) above, for a period of 30 days after written notice to the Issuers by the trustee or to the Issuers and the trustee by the holders of not less than 25% in aggregate principal amount of the notes then outstanding; however, if any such failure or acceleration referred to in (A) or (B) above shall cease or be cured or be waived, rescinded or annulled in accordance with the terms of the applicable debt security, then the event of default by reason thereof shall be deemed not to have occurred;
- certain events of bankruptcy or insolvency, whether voluntary or not; or
- any other event of default described in the prospectus supplement of such series of debt securities.

If an event of default (other than the bankruptcy provision) regarding debt securities of any series issued under the indenture should occur and be continuing, either the trustee or the holders of 25% in the principal amount of outstanding debt securities of such series may declare each debt security of that series due and payable. If a bankruptcy event occurs, the principal of and accrued and unpaid interest on the debt securities of such series shall immediately become due and payable without any declaration or other act on the part of the trustee or the holders of the debt securities of such series. The holders of a majority in principal amount of debt securities of such series may rescind any other declaration or acceleration and its consequences if the rescission would not conflict with any judgment or decree and if all existing events of default have been cured or waived (other than nonpayment of principal or interest that has become due solely as a result of acceleration). The Issuers are required to file annually with the trustee a statement of an officer as to the fulfillment by the Issuers of their respective obligations under the applicable indenture during the preceding year.

Holders of a majority in principal amount of the outstanding debt securities of any series will be entitled to control certain actions of the trustee under the applicable indenture. Holders of a majority in principal amount of the outstanding debt securities of any series also will be entitled to waive past defaults regarding the series, except for a default in payment of principal, premium or interest or a default in a covenant or provision which may not be modified or amended without the consent of each holder of a debt security of the affected series. The trustee generally may not be ordered or directed by any of the holders of debt securities to take any action, unless one or more of the holders shall have offered to the trustee security or indemnity satisfactory to it.

If an event of default occurs and is continuing regarding a series of debt securities, the trustee may use any sums that it holds under the applicable indenture for its own reasonable compensation and expenses incurred prior to paying the holders of debt securities of such series.

Before any holder of any series of debt securities may institute action for any remedy, except payment on the holder's debt security when due, the holders of not less than 25% in principal amount of the debt securities of that series outstanding must request the trustee to take action. Holders must also offer and give the Trustee security and indemnity satisfactory to it against liabilities incurred by the trustee for taking such action.

Defeasance

The indenture provides that the Issuers may specify with respect to any series of debt securities that after the Issuers have deposited with the trustee, cash or government securities, in trust for the benefit of the holders sufficient to pay the principal of, premium, if any, and interest on and any mandatory sinking fund payments in respect of the debt securities of such series when due, then the Issuers:

• will be deemed to have paid and satisfied its obligations on all outstanding debt securities of such series, which is known as "defeasance and discharge"; or
• will cease to be under any obligation, other than to pay when due the principal of, premium, if any, and interest on and any mandatory sinking fund payments in respect of such debt securities, relating to the debt securities of such series, which is known as "covenant defeasance."

In each case, the Issuers must also deliver to the trustee an opinion of counsel to the effect that the holders of the debt securities of such series will have no federal income tax consequences as a result of such deposit.

In addition, the indenture provides that if we choose to have the defeasance and discharge provision applied to the subordinated debt securities, the subordination provisions of the indenture will become ineffective upon full defeasance of the subordinated debt securities.

When there is a defeasance and discharge, (1) the indenture will no longer govern the debt securities of such series, (2) the Issuers will no longer be liable for payment, and (3) the holders of the debt securities will be entitled only to the deposited funds. When there is a covenant defeasance, however, the Issuers will continue to be obligated to make payments when due if the deposited funds are not sufficient.

Subordination

Debt securities of a series, and any guarantees, may be subordinated, which we refer to as subordinated debt securities, to senior indebtedness (as defined in the applicable prospectus supplement) to the extent set forth in the

prospectus supplement relating thereto. To the extent we conduct operations through subsidiaries, the holders of debt securities (whether or not subordinated debt securities) will be structurally subordinated to the creditors of our subsidiaries except to the extent such subsidiary is a guarantor of such series of debt securities.

Further Issues

The Issuers may from time to time, without notice to or the consent of the registered holders of a series of debt securities, create and issue further debt securities of any such series ranking equally with the debt securities of the corresponding series in all respects (or in all respects other than the payment of interest accruing prior to the issue date of such further debt securities or except for the first payment of interest following the issue date of such further debt securities). Such further debt securities may be consolidated and form a single series with the debt securities of the corresponding series and have the same terms as to status, redemption or otherwise as the debt securities of the corresponding series.

Concerning the Trustee

The trustee may engage in transactions with, or perform services for, the Issuers and affiliates of the Issuers in the ordinary course of business. The trustee will perform only those duties that are specifically set forth in the indenture unless an event of default under the indenture occurs and is continuing. In case an event of default occurs and is continuing, the trustee will exercise the same degree of care and skill as a prudent individual would exercise in the conduct of his or her own affairs.

Applicable Law

The debt securities and the indenture will be governed by, and construed in accordance, with the laws of the State of New York.
