President's Letter

Dear Stockholder,

I am pleased to present this semi-annual report for Neuberger Berman California Intermediate Municipal Fund Inc. (NBW), Neuberger Berman Intermediate Municipal Fund Inc. (NBH), and Neuberger Berman New York Intermediate Municipal Fund Inc. (NBO and, together with NBW and NBH, the "Funds") for the six months ended April 30, 2018. The report includes portfolio commentaries, listings of the Funds' investments and their unaudited financial statements for the reporting period.

Each Fund's investment objective is to provide a high level of current income exempt from regular federal income tax and, for each state-specific Fund, a high level of current income exempt from that state's personal income taxes (and, in the case of NBO, New York City personal income tax).

We maintain a conservative investment philosophy and disciplined investment process in an effort to provide you with tax-exempt current income over the long term with less volatility and risk.

On April 16, 2018, NBH decreased its monthly distribution rate to \$0.06244 per share of common stock from the prior monthly distribution rate of \$0.0675 per share. NBW decreased its monthly distribution rate to \$0.04480 per share of common stock from the prior monthly distribution rate of \$0.0512 per share. NBO decreased its monthly distribution rate to \$0.03933 per share of common stock from the prior monthly distribution rate of \$0.0437 per share. The Funds' decrease in distribution rates is the result of numerous factors, including the current level of yields available in the municipal market and the impact on the Funds' levels of earnings, expected increased costs of leverage associated with forecasted interest-rate hikes and the amount of available undistributed net investment income, and with respect to NBW and NBO, the lack thereof.

Thank you for your confidence in the Funds. We will continue to do our best to earn your trust in the years to come.

Sincerely,

Robert Conti
President and CEO

Neuberger Berman Intermediate Municipal Closed-End Funds Portfolio Commentaries

For six months ended April 30, 2018, on a net asset value (NAV) basis, two of the three Neuberger Berman Intermediate Municipal Closed-End Funds outperformed their benchmark, the Bloomberg Barclays 10-Year Municipal Bond Index (the Index). The California Intermediate Municipal Fund, Intermediate Municipal Fund and New York Intermediate Municipal Fund posted -1.14%, -0.93% and -2.02% total returns, respectively, whereas the benchmark generated a -1.53% total return for the same period. (Fund performance on a market basis is provided in the table immediately following this commentary.) The use of leverage (typically a performance enhancer in up markets and a detractor during market retreats) detracted from performance given the negative price return for the municipal market during the reporting period.

While it produced a negative total return, the municipal bond market outperformed the taxable bond market on a relative basis during the reporting period. Municipal securities were supported by overall positive fundamentals, as well as by solid investor demand at times. However, this wasn't enough to overcome the negative impact from rising Treasury yields. Short-term yields moved higher as the U.S. Federal Reserve (Fed) raised interest rates twice over the period and continued reducing its balance sheet. Meanwhile, longer-term Treasury yields moved higher given expectations of improving growth following the passage of the tax reform bill and, more recently, concerns that the Fed may take a more aggressive approach in terms of future rate hikes. All told, the Bloomberg Barclays Municipal Bond Index returned -0.97% for the six months ended April 30, 2018, whereas the overall taxable investment grade bond market, as measured by the Bloomberg Barclays U.S. Aggregate Bond Index, returned -1.87%.

The Funds' yield curve positioning contributed to performance as the curve flattened over the reporting period. The Funds maintained a lower quality relative to that of the benchmark as they sought to generate additional yield. This was positive for results given the relative outperformance of lower quality bonds. From a sector perspective, an overweight to revenue bonds added to results as they largely outperformed general obligation bonds. In particular, an overweight and security selection of tobacco securitization bonds contributed to performance. On the downside, several of the Funds' holdings experienced idiosyncratic risks that caused them to generate weak results.

Looking ahead, we believe investors are rightly focused on the potential for rising rates—both inflation and interest—and the implications this may have for fixed income portfolios going forward. Specific to the municipal bond market, we believe that technicals continue to look promising for 2018. In our opinion, significantly-reduced new issue supply should help maintain demand for municipal products. At this time, we also believe that the modest reduction in top marginal tax brackets should have little impact on demand from most individual investors in the tax-exempt market. That said, we have seen a reduction in demand from U.S. banks, and property & casualty insurance companies, as some of these institutions process the impact of the cut in the corporate tax rate to 21%. Elsewhere, we continue to track the progress on the Trump administration's infrastructure spending proposals. We believe that there are significant challenges for the current proposals and are skeptical that the proposals will lead to a meaningful increase in municipal supply this year. We continue to closely follow the primary and secondary markets in order to seek attractive buying opportunities for our investors.

Sincerely,

James L. Iselin and S. Blake Miller

Closed-end funds, unlike open-end funds, are not continually offered. Generally, there is an initial public offering and, once issued, shares of common stock of closed-end funds are sold in the secondary market on a stock exchange.

The performance data quoted represent past performance and do not indicate future results. Current performance may be lower or higher than the performance data quoted. For more current performance data, please visit www.nb.com/cef-performance.

The results shown in the table reflect the reinvestment of income dividends and other distributions, if any. The results do not reflect the effect of taxes a stockholder would pay on Fund distributions or on the sale of shares of a Fund's common stock.

The investment return and market price will fluctuate and shares of a Fund's common stock may trade at prices above or below NAV. Shares of a Fund's common stock, when sold, may be worth more or less than their original cost.

Returns would have been lower if Neuberger Berman Investment Advisers LLC ("Management") had not waived a portion of its investment management fees during certain of the periods shown. The waived fees are from prior years that are no longer disclosed in the Financial Highlights.

Description of Index

Bloomberg Barclays 10-Year Municipal Bond Index: The index is the 10-year (8-12 years to maturity) component of the Bloomberg Barclays Municipal Bond Index. The Bloomberg Barclays Municipal Bond Index measures the investment grade, U.S. dollar-denominated, long-term, tax-exempt bond market and has four main sectors: state and local general obligation bonds, revenue bonds, insured bonds and prerefunded bonds.

Please note that the index does not take into account any fees and expenses or any tax consequences of investing in the individual securities that it tracks and that individuals cannot invest directly in any index. Data about the performance of this index are prepared or obtained by Management and include reinvestment of all income dividends and other distributions, if any. Each Fund may invest in securities not included in the above described index and generally does not invest in all securities included in the index.

(a)

Variable rate demand obligation where the stated interest rate is not based on a published reference rate and spread. Rather, the interest rate generally resets daily or weekly and is determined by the remarketing agent. The rate shown represents the rate in effect at April 30, 2018.

- (b) Securities were purchased under Rule 144A of the Securities Act of 1933, as amended, or are otherwise restricted and, unless registered under the Securities Act of 1933 or exempted from registration, may only be sold to qualified institutional investors or may have other restrictions on resale. At April 30, 2018, these securities amounted to approximately \$50,231,000, which represents 17.9% of net assets applicable to common stockholders of the Fund. Securities denoted with (b) but without (c) have been deemed by the investment manager to be liquid.
- (c) Illiquid security.
- (d) Defaulted security.

Notes to Financial Statements Intermediate Municipal
Closed-End Funds (Unaudited)

Note A—Summary of Significant Accounting Policies:

- 1 General:** Neuberger Berman California Intermediate Municipal Fund Inc. (“California”), Neuberger Berman Intermediate Municipal Fund Inc. (“Intermediate”) and Neuberger Berman New York Intermediate Municipal Fund Inc. (“New York”) (each individually a “Fund”, and collectively, the “Funds”) were organized as Maryland corporations on July 29, 2002. California and New York registered as non-diversified, closed-end management investment companies and Intermediate registered as a diversified, closed-end management investment company under the Investment Company Act of 1940, as amended (the “1940 Act”). Under the 1940 Act, the status of a Fund that was registered as non-diversified may, under certain circumstances, change to that of a diversified fund. Each Fund is currently a diversified fund. The Funds’ Boards of Directors (each Fund’s Board of Directors, a “Board”) may classify or re-classify any unissued shares of capital stock into one or more classes of preferred stock without the approval of stockholders.

A zero balance, if any, reflects an actual amount rounding to less than \$1,000.

The assets of each Fund belong only to that Fund, and the liabilities of each Fund are borne solely by that Fund and no other.

Each Fund is an investment company and accordingly follows the investment company accounting and reporting guidance of the Financial Accounting Standards Board (“FASB”) Accounting Standard Codification (“ASC”) Topic 946 “Financial Services—Investment Companies.”

The preparation of financial statements in accordance with U.S. generally accepted accounting principles (“GAAP”) requires Neuberger Berman Investment Advisers LLC (“NBIA” or “Management”) to make estimates and assumptions at the date of the financial statements. Actual results could differ from those estimates.

- 2 Portfolio valuation:** In accordance with ASC 820 “Fair Value Measurement” (“ASC 820”), all investments held by each of the Funds are carried at the value that Management believes a Fund would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market for the investment under current market conditions. Various inputs, including the volume and level of activity for the asset or liability in the market, are considered in valuing the Funds’ investments, some of which are discussed below. Significant Management judgment may be necessary to value investments in accordance with ASC 820.

ASC 820 established a three-tier hierarchy of inputs to create a classification of value measurements for disclosure purposes. The three-tier hierarchy of inputs is summarized in the three broad Levels listed below.

Level 1 –quoted prices in active markets for identical investments

Level 2 –other observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, amortized cost, etc.)

Level 3 –unobservable inputs (including a Fund’s own assumptions in determining the fair value of investments)

The inputs or methodology used for valuing an investment are not necessarily an indication of the risk associated with investing in those securities.

The value of the Funds' investments in municipal notes and liquidating trust - real estate is determined by Management primarily by obtaining valuations from independent pricing services based on readily available bid quotations, or if quotations are not available, by methods which include various considerations such as yields or prices of securities of comparable quality, coupon, maturity and type; indications as to values from dealers; and general market conditions (generally Level 2 inputs). Other Level 2 and 3 inputs used by independent pricing

services to value municipal securities and units include current trades, bid-wanted lists (which inform the market that a holder is interested in selling a position and that offers will be considered), offerings, general information on market movement, direction, trends, appraisals, bid offers and specific data on specialty issues.

Management has developed a process to periodically review information provided by independent pricing services for all types of securities.

If a valuation is not available from an independent pricing service, or if Management has reason to believe that the valuation received does not represent the amount a Fund might reasonably expect to receive on a current sale in an orderly transaction, Management seeks to obtain quotations from brokers or dealers (generally considered Level 2 or Level 3 inputs depending on the number of quotes available). If such quotations are not readily available, the security is valued using methods the Board has approved in the good-faith belief that the resulting valuation will reflect the fair value of the security. Numerous factors may be considered when determining the fair value of a security based on Level 2 or Level 3 inputs, including available analyst, media or other reports, securities within the same industry with recent highly correlated performance, trading in futures or American Depositary Receipts and whether the issuer of the security being fair valued has other securities outstanding.

Fair value prices are necessarily estimates, and there is no assurance that such a price will be at or close to the price at which the security is next quoted or next trades.

- 3 Securities transactions and investment income:** Securities transactions are recorded on trade date for financial reporting purposes. Interest income, including accretion of discount (adjusted for original issue discount, where applicable) and amortization of premium, where applicable, is recorded on the accrual basis. Realized gains and losses from securities transactions are recorded on the basis of identified cost and stated separately in the Statements of Operations.
- 4 Income tax information:** Each Fund is treated as a separate entity for U.S. federal income tax purposes. It is the policy of each Fund to continue to qualify for treatment as a regulated investment company (“RIC”) by complying with the requirements of the U.S. Internal Revenue Code applicable to RICs and to distribute substantially all of its net investment income and net realized capital gains to its stockholders. To the extent a Fund distributes substantially all of its net investment income and net realized capital gains to stockholders, no federal income or excise tax provision is required.

The Funds have adopted the provisions of ASC 740 “Income Taxes” (“ASC 740”). ASC 740 sets forth a minimum threshold for financial statement recognition of a tax position taken, or expected to be taken, in a tax return. The Funds recognize interest and penalties, if any, related to unrecognized tax positions as an income tax expense in the Statements of Operations. The Funds are subject to examination by U.S. federal and state tax authorities for returns filed for the tax years for which the applicable statutes of limitations have not yet expired. As of April 30, 2018, the Funds did not have any unrecognized tax positions.

At April 30, 2018, selected Fund information for all long security positions for U.S. federal income tax purposes was as follows:

(000's omitted)	Cost	Gross Unrealized Appreciation	Gross Unrealized Depreciation	Net Unrealized Appreciation/ (Depreciation)
California	\$134,811	\$ 7,797	\$ 964	\$ 6,833

Intermediate	428,792	32,059	3,657	28,402
New York	116,906	3,363	2,467	896

Income distributions and capital gain distributions are determined in accordance with income tax regulations, which may differ from GAAP. These differences, if any, are primarily due to differing treatments of income and gains on various investment securities held by each Fund, timing differences, capital loss carryforwards expiring and differing characterization of distributions made by each Fund.

As determined on October 31, 2017, permanent differences resulting primarily from different book and tax accounting were reclassified at year end. Such differences are attributed to the tax treatment of partnership basis adjustments, prior year partnership adjustments, defaulted bonds, non-deductible Variable Rate Municipal Term Preferred Shares, Series A (“VMTPS”), and expiration of capital loss carryforwards. These reclassifications had no effect on net income, net asset value (“NAV”) or NAV per share of each Fund. For the year ended October 31, 2017, the Funds recorded the following permanent reclassifications:

	Paid-in Capital	Undistributed Net Investment Income/(Loss)	Accumulated Net Realized Gains/ (Losses) on Investments
California	\$ (813,250)	\$ 29,565	\$ 783,685
Intermediate	(9,609,985)	110,711	9,499,274
New York	(1,081,500)	76,349	1,005,151

The tax character of distributions paid during the years ended October 31, 2017 and October 31, 2016 was as follows:

	Ordinary Income		Distributions Paid From: Tax-Exempt Income		Total	
	2017	2016	2017	2016	2017	2016
California	\$ 33,345	\$ 30,146	\$ 4,743,113	\$ 5,188,627	\$ 4,776,458	\$ 5,218,773
Intermediate	187,099	178,448	19,069,206	19,536,613	19,256,305	19,715,061
New York	71,711	54,767	3,627,414	3,856,004	3,699,125	3,910,771

As of October 31, 2017, the components of distributable earnings (accumulated losses) on a U.S. federal income tax basis were as follows:

	Undistributed Tax-Exempt Income	Undistributed Long-Term Capital Gain	Unrealized Appreciation/ (Depreciation)	Loss Carryforwards and Deferrals	Other Temporary Differences	Total
California	\$ 126,631	\$ —	\$ 9,471,339	\$ (3,180,626)	\$ (389,282)	\$ 6,028,062
Intermediate	7,214,827	—	38,168,615	(10,825,249)	(1,588,752)	32,969,441
New York	369,262	—	3,618,456	(2,776,692)	(307,897)	903,129

The temporary differences between book basis and tax basis distributable earnings are primarily due to: timing differences of distribution payments, partnership basis adjustments, capital loss carryforwards and defaulted bond income adjustments.

To the extent each Fund’s net realized capital gains, if any, can be offset by capital loss carryforwards, it is the policy of each Fund not to distribute such gains. The Regulated Investment Company Modernization Act of 2010 made changes to the capital loss carryforward rules allowing for RICs to carry forward capital losses indefinitely and to retain the character of capital loss carryforwards as short-term or long-term (“Post-Enactment”). Rules in effect previously limited the carryforward period to eight years and all carryforwards were considered short-term in character (“Pre-Enactment”). As determined at October 31, 2017, the following Funds had unused capital loss carryforwards available for federal income tax purposes to offset net realized capital gains, if any, as follows:

	Pre-Enactment	
	Expiring in:	
	2018	2019
California	\$—	\$—
Intermediate	302,263	—
New York	—	7,374

	Post-Enactment (No Expiration Date)	
	Long-Term	Short-Term
California	\$2,792,194	\$ 388,432
Intermediate	8,932,302	1,590,684
New York	2,303,637	465,681

Post-Enactment capital loss carryforwards must be fully used before Pre-Enactment capital loss carryforwards; therefore, under certain circumstances, Pre-Enactment capital loss carryforwards available as of the report date may expire unused.

During the year ended October 31, 2017, California, Intermediate and New York had capital loss carryforwards expire of \$783,685, \$9,552,881 and \$1,053,807, respectively.

During the year ended October 31, 2017, California utilized capital loss carryforwards of \$2,281.

- 5 Distributions to common stockholders:** Each Fund earns income, net of expenses, daily on its investments. It is the policy of each Fund to declare and pay monthly distributions to common stockholders. Distributions from net realized capital gains, if any, are normally distributed in December. Distributions to common stockholders are recorded on the ex-date. Distributions to preferred stockholders are accrued and determined as described in Note A.

On May 15, 2018, each Fund declared a monthly distribution to common stockholders payable June 15, 2018, to stockholders of record on May 31, 2018, with an ex-date of May 30, 2018 as follows:

	Distribution per share
California	\$ 0.0448
Intermediate	0.0624
New York	0.0393

On June 15, 2018, each Fund declared a monthly distribution to common stockholders payable July 16, 2018, to stockholders of record on June 29, 2018, with an ex-date of June 28, 2018 as follows:

	Distribution per share
California	\$ 0.0448
Intermediate	0.0624
New York	0.0393

- 6 Expense allocation:** Certain expenses are applicable to multiple funds within the complex of related investment companies. Expenses directly attributable to a Fund are charged to that Fund. Expenses borne by the complex of related investment companies, which includes open-end and closed-end investment companies for which Management serves as investment manager, that are not directly attributable to a particular investment company (e.g., a Fund) are allocated among the Funds and the other investment companies or series thereof in the complex on the basis of relative net assets, except where a more appropriate allocation of expenses to each of the investment companies or series thereof in the complex can otherwise be made fairly.

- 7 Financial leverage:** On June 24, 2014, the Funds re-classified unissued shares of capital stock into VMTPS as follows:

	Shares
California	590
Intermediate	1,794
New York	483
36	

On June 30, 2014, July 1, 2014 and July 2, 2014, the Funds issued VMTPS as follows:

	Shares
California	590
Intermediate	1,794
New York	483

Each Fund's VMTPS have a liquidation preference of \$100,000 per share plus any accumulated unpaid distributions, whether or not earned or declared by the Fund, but excluding interest thereon ("VMTPS Liquidation Value"). Distributions on the VMTPS are accrued daily and paid monthly at a floating rate. For financial reporting purposes only, the liquidation preference of the VMTPS is recognized as a liability in each Fund's Statement of Assets and Liabilities.

The distribution rate for each Fund's VMTPS is calculated based on the applicable SIFMA (Securities Industry and Financial Markets Association) Municipal Swap Index plus a spread. The table below sets forth key terms of each Fund's VMTPS.

Fund	Series	Term Redemption Date	Shares Outstanding	Aggregate Liquidation Preference
California	Series A	6/30/2019	590	\$59,000,000
Intermediate	Series A	7/1/2019	1,794	\$179,400,000
New York	Series A	7/2/2019	483	\$48,300,000

The Funds have paid up front expenses in connection with offering the VMTPS, which are being amortized over the life of the VMTPS. The expenses are included in the "Distributions to variable rate municipal term preferred shareholders and amortization of offering costs (Note A)" line item that is reflected in the Statements of Operations.

Each Fund may redeem VMTPS, in whole or in part, at its option after giving a minimum amount of notice to the relevant holders of its VMTPS, but will incur additional expenses if it chooses to so redeem. Each Fund is also subject to certain restrictions relating to the VMTPS. Failure to comply with these restrictions could preclude a Fund from declaring any distributions to common stockholders or repurchasing common stock and/or could trigger the mandatory redemption of VMTPS at VMTPS Liquidation Value. The holders of VMTPS are entitled to one vote per share and will vote with holders of common stock as a single class, except that the holders of VMTPS will vote separately as a class on certain matters, as required by law or the Fund's organizational documents. The holders of VMTPS, voting as a separate class, are entitled at all times to elect two Directors of the Fund, and to elect a majority of the Directors of the Fund if the Fund fails to pay distributions on VMTPS for two consecutive years.

During the period ended April 30, 2018, the average aggregate liquidation preference outstanding and average annualized distribution rate of VMTPS were \$59,000,000 and 2.50%, \$179,400,000 and 2.50%, and \$48,300,000 and 2.50%, for California, Intermediate and New York, respectively.

- 8 Concentration of risk:** The ability of the issuers of the debt securities held by the Funds to meet their obligations may be affected by economic developments, including those particular to a specific industry or region. California and New York normally invest a substantial portion of their assets in municipal bonds of issuers located in the state of California and the state of New York, respectively. The value of each of these

Funds’ securities are more susceptible to adverse economic, political, regulatory or other factors affecting the issuers of such municipal bonds than a fund that does not limit its investments to such issuers.

- 9 Indemnifications:** Like many other companies, the Funds' organizational documents provide that their officers ("Officers") and directors ("Directors") are indemnified against certain liabilities arising out of the performance of their duties to the Funds. In addition, both in some of their principal service contracts and in the normal course of their business, the Funds enter into contracts that provide indemnifications to other parties for certain types of losses or liabilities. Each Fund's maximum exposure under these arrangements is unknown as this could involve future claims against each Fund.
- 10 Arrangements with certain non-affiliated service providers:** In order to satisfy rating agency requirements, each Fund is required to provide the rating agency that rates its VMTPS a report on a monthly basis verifying that each Fund is maintaining eligible assets having a discounted value equal to or greater than the Preferred Shares Basic Maintenance Amount, which is a minimum level set by the rating agency as one of the conditions to maintain its rating on the VMTPS. "Discounted value" refers to the fact that the rating agency requires each Fund, in performing this calculation, to discount portfolio securities below their face value, at rates determined by the rating agency. Each Fund pays a fee to State Street Bank and Trust Company ("State Street") for the preparation of this report which is reflected in the Statements of Operations under the caption "Basic maintenance expense (Note A)."

Note B—Investment Management Fees, Administration Fees, and Other Transactions with Affiliates:

Each Fund retains Management as its investment manager under a Management Agreement. For such investment management services, each Fund pays Management a fee at the annual rate of 0.25% of its average daily Managed Assets. Managed Assets equal the total assets of the Fund, less liabilities other than the aggregate indebtedness entered into for purposes of leverage. For purposes of calculating Managed Assets, any VMTPS Liquidation Value is not considered a liability.

Each Fund retains Management as its administrator under an Administration Agreement. Each Fund pays Management an administration fee at the annual rate of 0.30% of its average daily Managed Assets under this agreement. Additionally, Management retains State Street as its sub-administrator under a Sub-Administration Agreement. Management pays State Street a fee for all services received under the agreement.

Note C—Securities Transactions:

During the six months ended April 30, 2018, there were purchase and sale transactions of long-term securities as follows:

(000's omitted)	Purchases	Sales
California	\$ 11,256	\$ 8,807
Intermediate	51,005	51,797
New York	11,627	10,822

Note D—Capital:

Transactions in shares of common stock for the six months ended April 30, 2018 and for the year ended October 31, 2017 were as follows:

Stock Issued on Reinvestment of Dividends	Net Increase/(Decrease) in Common Stock
--	--

	and		Outstanding	
	Distributions			
	2018	2017	2018	2017

Note E—Custodian Out-of-Pocket Expenses Refunded:

In May 2016, the Funds' custodian, State Street, announced that it had identified inconsistencies in the way in which the Funds were invoiced for categories of expenses, particularly those deemed "out-of-pocket" costs, from 1998 through November 2015. The amounts in the table below represent the refunded expenses and interest determined to be payable to the Funds for the period in question. These amounts were refunded to the Funds by State Street during the year ended October 31, 2017.

	Expenses Refunded	Interest Paid to the Funds
California	\$44,975	\$ 2,910
Intermediate	65,069	3,963
New York	39,182	2,629

Note F—Recent Accounting Pronouncement:

In March 2017, FASB issued Accounting Standards Update No. 2017-08, "Receivables—Nonrefundable Fees and Other Costs (Subtopic 310-20), Premium Amortization on Purchased Callable Debt Securities" ("ASU 2017-08"). ASU 2017-08 shortens the amortization period to the earliest call date for certain purchased callable debt securities held at a premium. The guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2018. Management is currently evaluating the impact of applying this guidance.

Notes to Financial Highlights (Unaudited)

- @ Calculated based on the average number of shares of common stock outstanding during each fiscal period.
- † Total return based on per share NAV reflects the effects of changes in NAV on the performance of each Fund during each fiscal period. Total return based on per share market value assumes the purchase of shares of common stock at the market price on the first day and sale of common stock at the market price on the last day of the period indicated. Dividends and distributions, if any, are assumed to be reinvested at prices obtained under each Fund's distribution reinvestment plan. Results represent past performance and do not indicate future results. Current returns may be lower or higher than the performance data quoted. Investment returns may fluctuate and shares of common stock when sold may be worth more or less than original cost.
- * Not annualized.
- †† Expense ratios do not include the effect of distributions on Auction Market Preferred Shares ("AMPs"). Income ratios include income earned on assets attributable to the VMTPS (AMPs prior to June 30, 2014, July 1, 2014 and July 2, 2014 for California, Intermediate and New York, respectively) outstanding.
- ^ Prior to June 30, 2014, California had AMPs outstanding. On June 30, 2014, California issued 590 VMTPS and redeemed its outstanding AMPs.
- ^^ Prior to July 1, 2014, Intermediate had AMPs outstanding. On July 1, 2014, Intermediate issued 1,794 VMTPS and redeemed its outstanding AMPs.
- ^^^ Prior to July 2, 2014, New York had AMPs outstanding. On July 2, 2014, New York issued 483 VMTPS and redeemed its outstanding AMPs.
- Ø Distributions on VMTPS are included in expense ratios. The annualized ratios of distributions on VMTPS to average net assets applicable to common stockholders were:

- ** Annualized.
- ØØ During the year ended October 31, 2017, each Fund adopted FASB's Accounting Standards Update No. 2015-03. At April 30, 2018, the Value of Preferred Stock Outstanding is being shown net of unamortized deferred offering costs of approximately \$34,000, \$66,000 and \$32,000 for California, Intermediate and New York, respectively. At October 31, 2017, the Value of Preferred Stock Outstanding is being shown net of unamortized deferred offering costs of approximately \$49,000, \$95,000 and \$46,000 for California, Intermediate and New York, respectively.
- ‡ Each Fund is required to calculate an expense ratio without taking into consideration any expense reductions related to expense offset arrangements. Prior to January 1, 2013, each Fund had an expense offset arrangement in connection with its custodian contract. Had the Funds not received expense reductions related to expense offset arrangements, the annualized ratios of net expenses to average daily net assets applicable to common

stockholders would have been:

	Year Ended October 31,
	2013
California	1.43%
Intermediate	1.17%
New York	1.43%

- ¢ Calculated by subtracting the Fund’s total liabilities (excluding the liquidation preference of VMTPS and accumulated unpaid distributions on VMTPS (AMPs prior to June 30, 2014, July 1, 2014 and July 2, 2014 for California, Intermediate and New York, respectively)) from the Fund’s total assets and dividing by the number of VMTPS/AMPs outstanding.
- a The Custodian Out-of-Pocket Expenses Refunded listed in Note E of the Notes to Financial Statements had no impact on the Funds’ total returns for the year ended October 31, 2017.
- b Custodian Out-of-Pocket Expenses Refunded, as listed in Note E of the Notes to Financial Statements, which is non-recurring, is included in these ratios on a non-annualized basis. Had the Funds not received the refund the annualized ratios of net expenses to average net assets and net investment income/(loss) to average net assets would have been:

	Ratio of Net Expenses to Average Net Assets Year Ended October 31, 2017	Ratio of Net Investment Income/ (Loss) to Average Net Assets Year Ended October 31, 2017
California	2.76%	3.98%
Intermediate	2.31%	4.75%
New York	2.75%	3.86%

- c The annualized ratios of distributions on AMPs to average net assets applicable to common stockholders were:

	Year Ended October 31,	
	2014	2013
California	0.05%	0.13%
Intermediate	0.04%	0.12%
New York	0.05%	0.12%

Distribution Reinvestment Plan for each Fund

American Stock Transfer & Trust Company, LLC (the “Plan Agent”) will act as Plan Agent for stockholders who have not elected in writing to receive dividends and distributions in cash (each a “Participant”), will open an account for each Participant under the Distribution Reinvestment Plan (“Plan”) in the same name as their then-current shares of the Fund’s common stock (“Shares”) are registered, and will put the Plan into effect for each Participant as of the first record date for a dividend or capital gains distribution.

Whenever the Fund declares a dividend or distribution with respect to the Shares, each Participant will receive such dividends and distributions in additional Shares, including fractional Shares acquired by the Plan Agent and credited to each Participant’s account. If on the payment date for a cash dividend or distribution, the net asset value is equal to or less than the market price per Share plus estimated brokerage commissions, the Plan Agent shall automatically receive such Shares, including fractions, for each Participant’s account. Except in the circumstances described in the next paragraph, the number of additional Shares to be credited to each Participant’s account shall be determined by dividing the dollar amount of the dividend or distribution payable on their Shares by the greater of the net asset value per Share determined as of the date of purchase or 95% of the then-current market price per Share on the payment date.

Should the net asset value per Share exceed the market price per Share plus estimated brokerage commissions on the payment date for a cash dividend or distribution, the Plan Agent or a broker-dealer selected by the Plan Agent shall endeavor, for a purchase period lasting until the last business day before the next date on which the Shares trade on an “ex-dividend” basis, but in no event, except as provided below, more than 30 days after the payment date, to apply the amount of such dividend or distribution on each Participant’s Shares (less their pro rata share of brokerage commissions incurred with respect to the Plan Agent’s open-market purchases in connection with the reinvestment of such dividend or distribution) to purchase Shares on the open market for each Participant’s account. No such purchases may be made more than 30 days after the payment date for such dividend or distribution except where temporary curtailment or suspension of purchase is necessary to comply with applicable provisions of federal securities laws. If, at the close of business on any day during the purchase period the net asset value per Share equals or is less than the market price per Share plus estimated brokerage commissions, the Plan Agent will not make any further open-market purchases in connection with the reinvestment of such dividend or distribution. If the Plan Agent is unable to invest the full dividend or distribution amount through open-market purchases during the purchase period, the Plan Agent shall request that, with respect to the uninvested portion of such dividend or distribution amount, the Fund issue new Shares at the close of business on the earlier of the last day of the purchase period or the first day during the purchase period on which the net asset value per Share equals or is less than the market price per Share, plus estimated brokerage commissions, such Shares to be issued in accordance with the terms specified in the third paragraph hereof. These newly issued Shares will be valued at the then-current market price per Share at the time such Shares are to be issued.

For purposes of making the reinvestment purchase comparison under the Plan, (a) the market price of the Shares on a particular date shall be the last sales price on the New York Stock Exchange (or if the Shares are not listed on the New York Stock Exchange, such other exchange on which the Shares are principally traded) on that date, or, if there is no sale on such Exchange (or if not so listed, in the over-the-counter market) on that date, then the mean between the closing bid and asked quotations for such Shares on such Exchange on such date and (b) the net asset value per Share on a particular date shall be the net asset value per Share most recently calculated by or on behalf of the Fund. All dividends, distributions and other payments (whether made in cash or Shares) shall be made net of any applicable withholding tax.

Open-market purchases provided for above may be made on any securities exchange where the Fund’s Shares are traded, in the over-the-counter market or in negotiated transactions and may be on such terms as to price, delivery and otherwise as the Plan Agent shall determine. Each Participant’s uninvested funds held by the Plan Agent will not bear

interest, and it is understood that, in any event, the Plan Agent shall have no liability in connection with any inability to purchase Shares within 30 days after the initial date of such purchase as herein provided, or with the timing

of any purchases effected. The Plan Agent shall have no responsibility as to the value of the Shares acquired for each Participant's account. For the purpose of cash investments, the Plan Agent may commingle each Participant's funds with those of other stockholders of the Fund for whom the Plan Agent similarly acts as agent, and the average price (including brokerage commissions) of all Shares purchased by the Plan Agent as Plan Agent shall be the price per Share allocable to each Participant in connection therewith.

The Plan Agent may hold each Participant's Shares acquired pursuant to the Plan together with the Shares of other stockholders of the Fund acquired pursuant to the Plan in noncertificated form in the Plan Agent's name or that of the Plan Agent's nominee. The Plan Agent will forward to each Participant any proxy solicitation material and will vote any Shares so held for each Participant only in accordance with the instructions set forth on proxies returned by the Participant to the Fund.

The Plan Agent will confirm to each Participant each acquisition made for their account as soon as practicable but not later than 60 days after the date thereof. Although each Participant may from time to time have an undivided fractional interest (computed to three decimal places) in a Share, no certificates for a fractional Share will be issued. However, dividends and distributions on fractional Shares will be credited to each Participant's account. In the event of termination of a Participant's account under the Plan, the Plan Agent will adjust for any such undivided fractional interest in cash at the market value of the Shares at the time of termination, less the pro rata expense of any sale required to make such an adjustment.

Any Share dividends or split Shares distributed by the Fund on Shares held by the Plan Agent for Participants will be credited to their accounts. In the event that the Fund makes available to its stockholders rights to purchase additional Shares or other securities, the Shares held for each Participant under the Plan will be added to other Shares held by the Participant in calculating the number of rights to be issued to each Participant.

The Plan Agent's service fee for handling capital gains and other distributions or income dividends will be paid by the Fund. Participants will be charged their pro rata share of brokerage commissions on all open-market purchases.

Each Participant may terminate their account under the Plan by notifying the Plan Agent in writing. Such termination will be effective immediately if the Participant's notice is received by the Plan Agent not less than ten days prior to any dividend or distribution record date, otherwise such termination will be effective the first trading day after the payment date for such dividend or distribution with respect to any subsequent dividend or distribution. The Plan may be terminated by the Plan Agent or the Fund upon notice in writing mailed to each Participant at least 30 days prior to any record date for the payment of any dividend or distribution by the Fund.

These terms and conditions may be amended or supplemented by the Plan Agent or the Fund at any time or times but, except when necessary or appropriate to comply with applicable law or the rules or policies of the Securities and Exchange Commission or any other regulatory authority, only by mailing to each Participant appropriate written notice at least 30 days prior to the effective date thereof. The amendment or supplement shall be deemed to be accepted by each Participant unless, prior to the effective date thereof, the Plan Agent receives written notice of the termination of their account under the Plan. Any such amendment may include an appointment by the Plan Agent in its place and stead of a successor Plan Agent under these terms and conditions, with full power and authority to perform all or any of the acts to be performed by the Plan Agent under these terms and conditions. Upon any such appointment of any Plan Agent for the purpose of receiving dividends and distributions, the Fund will be authorized to pay to such successor Plan Agent, for each Participant's account, all dividends and distributions payable on Shares held in their name or under the Plan for retention or application by such successor Plan Agent as provided in these terms and conditions.

The Plan Agent shall at all times act in good faith and agrees to use its best efforts within reasonable limits to ensure the accuracy of all services performed under this Agreement and to comply with applicable law, but assumes no responsibility and shall not be liable for loss or damage due to errors unless such error is caused by the Plan Agent’s negligence, bad faith, or willful misconduct or that of its employees. These terms and conditions are governed by the laws of the State of Maryland.

Reinvested dividends and distributions are taxed in the same manner as cash dividends and distributions — i.e., reinvestment in additional Shares does not relieve stockholders of, or defer the need to pay, any income tax that may be payable (or that is required to be withheld) on Fund dividends and distributions. Participants should contact their tax professionals for information on how the Plan impacts their personal tax situation. For additional information about the Plan, please contact the Plan Agent by telephone at 1-866-227-2136 or by mail at 6201 15th Avenue, Brooklyn, NY, 11219 or online at www.astfinancial.com.
