SAFE HARBOR STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995

The statements contained in this report which are not historical fact are "forward-looking statements" that involve various important assumptions, risks, uncertainties and other factors which could cause the Company's actual results for 2000 and beyond to differ materially from those expressed in such forward-looking statements. These important factors include, without limitation, competitive factors and pricing pressures, changes in legal and regulatory requirements, technological change or difficulties, product development risks, commercialization and trade difficulties and general economic conditions, as well as other risks previously disclosed in the Company's securities filings and press releases.

GENERAL

We are a wood products company which has been in business since 1980. Our business has increased over the years. We are almost wholly dependent on sales to Home Depot. Arbor also has traded securities for its own account.

RESULTS OF OPERATIONS

QUARTER ENDED OCTOBER 31, 2001 COMPARED TO THE QUARTER ENDED OCTOBER 31, 2000.

Net sales for the quarter ended October 31, 2001 were approximately \$462,000, an increase of 30% as compared to net sales of approximately \$355,000 for the quarter ended October 31, 2000. Net sales increased primarily due to more sales to Home Depot.

Cost of sales were approximately \$231,000 for the quarter ended October 31, 2001, an increase of approximately \$46,000 or 25% over the comparable 2000 period cost of sales of approximately \$185,000. This increase is primarily attributable to Arbor's increase in sales.

Selling, general and administrative expenses were approximately \$175,000 for the quarter ended October 31, 2001, an increase of approximately \$37,000 or 27% over selling, general and administrative expenses of approximately \$138,000 for the quarter ended October 31, 2000. This increase was due primarily to an increase of \$4,000 in shipping and packing costs, an increase of approximately \$9,000 in warehouse expenses as well as an increase of \$24,000 in general expenses.

Interest income for the quarter ended October 31, 2001 was approximately \$1,100 compared to \$2,000 for the quarter ended October 31, 2000. The decrease in interest income is primarily attributable to lower average money market account balances in the current quarter.

Arbor's net income increased from approximately \$27,000 for the quarter ended October 31, 2000 to approximately \$58,000 for the quarter ended October 31, 2001. This was an increase of approximately \$31,000, or 115%.

SIX MONTHS ENDED OCTOBER 31, 2001 COMPARED TO THE SIX MONTHS ENDED OCTOBER 31, 2000.

Edgar Filing: ARBOR ENTECH CORP - Form 10QSB

Net sales for the six months ended October 31, 2001 were approximately \$594,000, an increase of 33% as compared to net sales of approximately \$448,000 for the six months ended October 31, 2000. Net sales increased primarily due to more sales to Home Depot.

Cost of sales were approximately \$298,000 for the six months ended October 31, 2001, a increase of approximately \$66,000 or 28% over the comparable 2000 period cost of sales of approximately \$232,000. This increase is primarily attributable to Arbor's increase in sales.

Selling, general and administrative expenses were approximately \$332,000 for the six months ended October 31, 2001, an increase of approximately \$99,000 or 42% over selling, general and administrative expenses of approximately \$233,000 for the six months ended October 31, 2000. This increase was due primarily to an increase in packing and shipping costs of approximately \$18,000, an increase in warehouse costs of approximately \$22,000 and an overall increase in other general expenses of \$59,000.

Interest income for the six months ended October 31, 2001 was approximately \$4,000 compared to interest income of \$5,000 for the six months ended October 31, 2000.

Arbor's net loss increased from approximately \$19,000 for the six months ended October 31, 2000 to approximately \$31,000 for the six months ended October 31, 2001. This was an increase of approximately \$12,000, or 63%.

LIQUIDITY AND CAPITAL RESOURCES

In the periods discussed above, Arbor's working capital requirements have been met primarily from sales of its wood products. At October 31, 2001 we had working capital of approximately \$713,000.

As at October 31, 2001, we had cash and cash equivalents of approximately \$340,000, which represented 42% of total assets. Arbor believes it has adequate working capital and will generate net revenues adequate to fund its operations for at least the next 12 months.

Net cash used in operating activities increased by approximately \$72,000 from the six months ended October 31, 2000 to the six months ended October 31, 2001. This increase was partially offset by \$21,000 net cash provided by financing activities for the six months ended October 31, 2001.
