EXECUTIVE RETIREMENT INCOME CONTRACTS

Edgar Filing: SAMES CORP - Form 10-K/A

The Company has entered into individual Executive Retirement Income Contracts with certain executives in each case providing for payment of annual retirement benefits to the executive (or his beneficiary in the event of his death) based on a percentage of the executive's average annual salary (exclusive of bonuses, profit sharing and other employee benefits) for the five years preceding retirement, multiplied by the number of full fiscal years of service in the employ of the Company. Retirement payments terminate a specified number of years after retirement or in the event the executive engages in specified competitive activities following retirement. In addition, no retirement benefits are payable if the executive voluntarily resigns prior to age 65 without the consent of the Company, or if he is dismissed by the Company for specified cause.

The following table shows the amount of annual retirement benefits payable under these arrangements at various levels of final five-year average salary and for different years of service.

that does not involve out-of-town travel or \$2,000 per day for each Board meeting attended that does involve out-of-town travel, or \$500 for each Board meeting attended via telephone, plus reimbursement of expenses relating to attendance at meetings, including payment of \$1,000 per day for each day of international travel required in connection with such director's service on the Board. AGREEMENTS WITH ARNOLD H. DRATT

Please see "Certain Relationships and Related Transactions" for a discussion of certain agreements entered into with Mr. Dratt.

CHANGE IN CONTROL ARRANGEMENTS

The Company has entered into individual Employment Security Agreements with Mr. Koltz providing for severance payments by the Company in the event that within three years after a "change in control" (as defined therein) either the Company terminates the individual's employment for other than "good cause" (as defined therein), disability, death, or normal retirement, or the individual terminates his employment for "good reason" (as defined therein). Subject to certain limitations, the amount of the severance payment equals two times the sum of (i) such employee's annual salary at the rate in effect at the time of termination, plus (ii) the maximum bonus such employee could earn for the fiscal year in which the termination occurs. A "change in control" will in general be deemed to occur where a third person becomes the owner of 20% or more of the capital stock of the Company or where a corporate transaction occurs, the effect of which is that persons who were directors of the Company before the transaction cease to constitute a majority of the Board of Directors.

The Company had also entered into Bonus Agreements with certain executive officers and other key employees which provide for bonus payments (generally equal to six months' salary) payable at certain dates if the individual remained continuously employed by the Company through such dates (the "Stay Periods"). The agreements also provided for bonus payments (equal to six to twelve months' salary) payable if a change of control of the Company occurred during a Stay Period. A "change in control" was deemed to occur when (a) the current stockholders of the Company ceased to be beneficial owners, directly or indirectly, of a majority of stock of the Company, or any successor company, or (b) all or substantially all of the Company's assets were sold or otherwise disposed of. The agreements were intended to provide an incentive for the executive officers and key employees to remain in the employment of the Company until a purchaser for the Company could be found. Each of these agreements expired on May 1, 2000.

The Company also entered into a Consulting Agreement with The Dratt-Campbell Company providing for certain payments to Arnold H. Dratt in the event of a change in control of the Company. See "Certain Relationships and Related Transactions."

REPORT OF THE BOARD OF DIRECTORS
REGARDING EXECUTIVE COMPENSATION

OVERVIEW AND PHILOSOPHY

Edgar Filing: SAMES CORP - Form 10-K/A

The fundamental philosophy of the Company's compensation program is to offer competitive compensation opportunities for all employees, including senior management, which are based on the individual's contribution and personal performance. The objectives of the Company's compensation program are to align compensation with business goals and performance and to enable the Company to attract and retain superior talent and reward performance.

The Company also believes it is important to align executive officers' interests with the success of the Company by placing a portion of pay at risk, thus making payment dependent upon corporate performance. The compensation of the Company's CEO and Named Executive Officers is reviewed and approved annually by the Board of Directors, and is linked to the Company's financial performance. Fifteen percent or more of executive management's compensation may consist of a bonus which is influenced by the Company's annual performance.

In determining compensation levels, salary and bonus components are initially reviewed by the Compensation Committee of the Board of Directors. The Compensation Committee then makes its recommendations to the full Board of Directors. The Board studies the recommendations, along with other information on individual and corporate performance, and votes on compensation levels for the next fiscal year. Only those members of the Board of Directors who are not officers of the Company vote on matters relating to the compensation of the CEO and Named Executive Officers.

EXECUTIVE OFFICER COMPENSATION PROGRAM

The Company's compensation program consists of cash salary, annual bonus payments based upon performance and stock option grants. There are currently three main components to the Company's executive compensation program, as determined by corporate and individual performance:

- o Base salary compensation
- o Annual incentive compensation
- o Stock option grants

In determining salaries, the Compensation Committee takes into account individual experience, individual performance, total contribution to the Company's long term success, and the results of the Company's performance. Stock option grants to executive officers are intended to promote the success of the Company by aligning financial interests of executive officers with stockholders and to provide each executive officer with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Stock option grants are based on various subjective factors, primarily relating to the responsibilities of the individual officers, and also to their expected future performance.

CHIEF EXECUTIVE OFFICER COMPENSATION

The salary of Mr. Arnold H. Dratt, the Company's CEO for fiscal 2000, was set at \$25,000 per month for fiscal 2000. His salary was based on a determination to align the CEO's interests with those of the Company's stockholders and was negotiated in connection with the Consulting Agreement entered into between the Company and The Dratt-Campbell Company. Pursuant to the terms of this Agreement, Mr. Dratt was entitled to participate in the Company's annual bonus plan, with his bonus to be determined by the Board of Directors, and he was also entitled to receive an incentive bonus, based on the Company's plan for operating income and/or its actual operating income. Mr. Dratt was also granted options to purchase shares of the Company's common stock pursuant to the Company's 1996 Stock Option Plan. Please see "Certain Relationships and Related Transactions" for a description of the Consulting Agreement.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

AGREEMENTS WITH ARNOLD H. DRATT

Edgar Filing: SAMES CORP - Form 10-K/A

The Company is a party to an Amended and Restated Consulting Agreement (the "Consulting Agreement") dated as of January 31, 2001, with The Dratt-Campbell Company, a consulting company of which Mr. Arnold H. Dratt, the Company's President and Chief Executive Officer in fiscal 2000, is the President and co-founder ("Dratt-Campbell"). The Company was also a party to three earlier consulting agreements with Dratt-Campbell, pursuant to which Mr. Dratt provided consulting services to the Company from October 1, 1998 until March 30, 1999, from March 30, 1999 until March 1, 2000, and from March 1, 2000 until January 31, 2001 (collectively with the Consulting Agreement, the "Agreements"). Under the terms of the Consulting Agreement, Dratt-Campbell agreed to make Mr. Dratt available for service as the Company's President and Chief Executive Officer and as Chairman of the Board of Directors, and the Company agreed to pay to Mr. Dratt consulting fees of \$25,000 per month plus certain related expenses including monthly medical premiums and automobile allowances. Mr. Dratt was also entitled to participate in the Company's annual bonus plan, and to receive such bonus or bonuses as the Board of Directors may from time to time in its sole discretion determine. Also, beginning in 2000 and continuing each year during the term of the Consulting Agreement, Mr. Dratt was to be granted 10,000 options to purchase shares of the Company's capital stock on the date of the Company's annual meeting of stockholders, with the price of each option equal to the closing price of the capital stock on the date of the grant. During fiscal 2000, the Company paid consulting fees of \$308,333 to Dratt-Campbell pursuant to the terms of these Agreements.

The Consulting Agreement also provides that in the event of a "change in control" (as defined therein) on or prior to April 30, 2002, the Company will pay Dratt-Campbell a lump sum amount equal to \$468,000. However, in the event the Consulting Agreement is terminated by the Company for "cause" (as defined therein) at any time during its term or by Dratt-Campbell for reasons other than "good reason" (as defined therein), Dratt-Campbell will not be entitled to this payment. A "change in control" is defined in the Consulting Agreement as (a) the merger, consolidation or reorganization of the Company with or into another corporation or legal person, the result of such merger, consolidation or reorganization being that less than 50% of the outstanding voting securities of the surviving, resulting or acquiring entity are owned in the aggregate by stockholders of the Company; (b) the sale, transfer or conveyance by the Company or Sames S.A. of all or substantially all of its business or assets to another legal person, of which less than 50% of the outstanding voting securities are owned by stockholders of the Company; (c) the filing with the Securities and Exchange Commission of a Schedule 13D, Schedule 14D-1, or other public announcement disclosing that any person or group has become the beneficial owner of more than 50% of the outstanding voting shares of the Company; (d) the failure of the members of the "incumbent board" (as defined therein) to constitute a majority of the Board of Directors; or (e) the dissolution or liquidation of either the Company or Sames S.A. by its stockholders.

9

Under the terms of the Consulting Agreement, Mr. Dratt retired as the Company's President, Chief Executive Officer and as a director, and no longer serves in any capacity with the Company, effective April 27, 2001. However, Mr. Dratt will remain as a consultant to the Company in connection with certain matters, as provided in the agreement, until October 31, 2001. Upon his retirement, any and all options to purchase shares of the Company's common stock granted to Mr. Dratt that remained outstanding on April 27, 2001 became immediately exercisable.
