by attending the meeting and voting in person.

Voting Procedures

The Class A Common Stock and the Class B Common Stock vote as a single class on Proposals 1 through 4. All record holders of issued and outstanding shares of Common Stock are entitled to vote on Proposals 1 through 4. Brokers who hold shares in street name for customers have the authority under the rules of the various stock exchanges to vote on certain items when they have not received instructions from beneficial owners. Brokers that do not receive instructions are entitled to vote those shares with respect to the election of directors, Proposal 1, but may not vote on Proposals 2 through 4. Shares for which brokers have not received instructions, and therefore are not voted with respect to a certain proposal are referred to as broker non-votes.

Under Florida law and our Articles of Incorporation, the presence in person or by proxy of shareholders entitled to cast a majority of all votes entitled to be cast on the matter at the annual meeting constitutes a quorum. A share that is represented for any purpose is deemed present for quorum purposes. Therefore, abstentions and broker non-votes will count for purposes of determining if there is a quorum present at the annual meeting.

**PROPOSAL 1
ELECTION OF DIRECTORS**

Proposal

Our Board of Directors consists of six directors, divided into three classes with members of each class of directors serving for staggered three-year terms. The Board members and classifications are as follows:

<u>Class I</u>	<u>Class II</u>	<u>Class III</u>
C. Kevin Landry Steven E. Nielsen	Richard W. Miller Jeffrey A. Stoops	Steven E. Bernstein Donald B. Hebb, Jr.

The term of the Class III directors will expire at the 2002 Annual Meeting of Shareholders.

Nominees to Serve for a Three-Year Term Expiring in 2005

The following persons have been nominated by the Board for election to the Board of Directors as Class III directors to succeed themselves for a term of three years, expiring at the 2005 Annual Meeting of Shareholders and until their successors are elected and qualified.

Steven E. Bernstein, 41, our founder, has been our Chairman since our inception in 1989 and was our Chief Executive Officer from 1989 to 2001. From 1986 to 1989, Mr. Bernstein was employed by McCaw Cellular Communications. While at McCaw, Mr. Bernstein was responsible for the development of the initial Pittsburgh non-wireline cellular system and the start-up of the Pittsburgh sales network. Mr. Bernstein was the Personal Communications Industry Association's 1996 Entrepreneur of the Year.

Donald B. Hebb, Jr., 59, was elected as a director of SBA in February 1997. Mr. Hebb has been a Managing General Partner of ABS Capital Partners, a private equity investment firm, and related entities, since 1995. Prior to that time, he was a Managing Director of Alex. Brown, Incorporated, an investment banking firm, and prior thereto, Mr. Hebb served as President and Chief Executive Officer of Alex. Brown, Incorporated. Mr. Hebb also serves on the Board of Directors of T. Rowe Price Group, Inc. and OTG Software, Inc.

Nominee to Serve for the Remainder of the Term Expiring in 2003

The following person has been nominated by the Board for election to the Board of Directors as a Class I director for a term of one year, expiring at the 2003 Annual Meeting of Shareholders, and until his successor is elected and qualified. Mr. Nielsen was appointed by the Board in November 2001 to fill a vacancy on the Board of Directors caused by the resignation of Mr. Picow, who served as a Class I director.

Steven E. Nielsen, 39, was appointed a director of SBA in November 2001. Mr. Nielsen has been President and Chief Executive Officer of Dycom Industries, Inc., a provider of engineering, construction and maintenance services to telecommunication providers, since March 1999. Prior to that time, Mr. Nielsen served as President and Chief Operating Officer of Dycom Industries, Inc. from August 1996 to March 1999 and as Vice President of Dycom Industries, Inc. from February 1996 to August 1996. Mr. Nielsen also serves as Chairman of the Board of Directors of Dycom Industries, Inc.

Each of the nominees has consented to be named in this proxy statement and to serve as a member of our Board of Directors if elected. In the event that any nominee withdraws or for any reason is not able to serve as a director, the proxy will be voted for such other person as may be designated by the Board of Directors, but in no event will the proxy be voted for more than two nominees as Class III directors and one nominee as Class I director. Our management has no reason to believe that any nominee will not serve if elected.

Vote Required

The affirmative vote of a plurality of the votes cast by holders of outstanding shares of the Common Stock is required for the approval of the election of the directors. You may vote in favor of all the directors or you may withhold your vote from any or all nominees. Votes that are withheld with respect to this matter will be excluded entirely from the vote and will have no effect, other than for purposes of determining the presence of a quorum.

Recommendation of the Board of Directors

The Board of Directors recommends a vote **FOR** each of the three nominees.

Continuing Directors

Director Whose Term Expires in 2003

C. Kevin Landry, 57, was elected as a director of SBA in March 1997. From 1982 to 1994, he served as a Managing Partner of its predecessor partnership. Mr. Landry also serves on the Board of Directors of Standex International Corporation.

Directors Whose Terms Expire in 2004

Richard W. Miller, 61, was elected as a director of SBA in April 1999. Mr. Miller previously served on our Board of Directors from May 1997 to August 1998. From 1993 to 1997, Mr. Miller was a Senior Executive Vice President and Chief Financial Officer of AT&T. From 1990 to 1993, he was the Chairman and Chief Executive Officer of Wang Laboratories, Inc. Mr. Miller also serves on the Board of Directors of Closure Medical Corporation.

Jeffrey A. Stoops, 43, President and Chief Executive Officer, joined SBA in April 1997 and was elected as a director of SBA in August 1999. Mr. Stoops was appointed Chief Executive Officer effective as of January 2002, President in April 2000, and previously served as our Chief Financial Officer. Prior to joining us, Mr. Stoops was a partner with Gunster, Yoakley & Stewart, P.A., a South Florida law firm, where he practiced for 13 years in the corporate, securities and mergers and acquisitions areas. Mr. Stoops is a member of the Florida Bar.

Compensation of Directors

Our 2001 Equity Participation Plan provides that all non-employee directors, upon their initial election or appointment to the Board of Directors, will be granted non-qualified stock options to purchase 50,000 shares of Class A Common Stock with a per share exercise price equal to the fair market value per share of our Class A Common Stock at the grant date. Such options will vest and become exercisable in equal annual installments on each of the first five anniversaries of the grant date so long as the person continues to serve as a member of our

Board of Directors. Additionally, as of 2001, on July 1 of each fiscal year, each continuing non-employee director will receive an annual grant of non-qualified stock options to purchase shares of Class A Common Stock. The number of shares will be determined by the full Board of Directors annually in advance of each July 1. The per share exercise price of these options will equal the fair market value per share of our Class A Common Stock at the grant date. Each of these annual grants of options will fully vest and become exercisable on the first anniversary of the grant date. Each non-employee director also receives \$1,000 for each meeting of the Board of Directors that he attends in person plus incidental expenses for attendance at such meetings. Directors who are employees do not receive any additional compensation for their services as a director. Directors who serve on any of the committees of the Board of Directors described below do not receive any additional compensation for their services as a committee member.

On July 3, 2001, each of our continuing non-employee directors, Messrs. Hebb, Landry and Miller, received an annual grant of non-qualified stock options to purchase 4,556 shares of our Class A Common Stock at an exercise price of \$21.95. Mr. Nielsen was granted non-qualified stock options to purchase 50,000 shares of our Class A Common Stock at an exercise price of \$10.17 upon his appointment to the Board of Directors in November 2001.

During the year ended December 31, 2001, we paid Mr. Miller \$3,000 for consulting services. We anticipate that Mr. Miller will continue to provide these consulting services during 2002 for which he will receive fees not in excess of \$10,000.

Mr. Bernstein, as Chairman of the Board, is expected to receive approximately \$80,000 in salary during 2002.

Committees and Meetings of the Board

The Board of Directors held 8 meetings, including 5 regularly scheduled meetings and 3 special meetings, during the year ended December 31, 2001. Each director attended at least 75% or more of the aggregate number of meetings held by the Board of Directors and the committees on which he served. Our Board of Directors has three standing committees: the Audit Committee, the Compensation Committee and the Nominating Committee. The Audit Committee and the Compensation Committee were established in May 1999. The Nominating Committee was established in March 2002 and commenced its activities during fiscal year 2002.

Audit Committee. The Audit Committee presently consists of Messrs. Hebb, Miller and Nielsen. The members of the Audit Committee are independent directors as defined under Rule 4200(a)(14) of The Nasdaq Stock Market Inc.'s Marketplace Rules. The Audit Committee has been assigned the principal function of establishing our audit policies and oversees the engagement of our independent auditors. The Audit Committee held 6 meetings during the year ended December 31, 2001.

Compensation Committee. The Compensation Committee presently consists of Messrs. Hebb, Landry and Miller. The Compensation Committee has been assigned the functions of establishing salaries, incentives and other forms of compensation for executive officers and administers incentive compensation and benefit plans provided for employees. The Compensation Committee held 2 meetings during the year ended December 31, 2001.

Nominating Committee. The initial members of the Nominating Committee are Messrs. Hebb, Miller and Nielsen. The Nominating Committee has been assigned the functions of (1) reviewing and making recommendations on matters relating to the effectiveness of the Board, including the composition and experience

base of the members of the Nominating Committee and the Board, and the size of the Board, (2) reviewing and recommending candidates for directors and (3) reviewing with the management Board membership succession planning.

The Nominating Committee considers possible candidates from many sources, including shareholders, for nominees for directors. If a shareholder wishes to recommend a nominee for director, the recommendation should be sent to the Corporate Secretary by December 17, 2002 in accordance with the instructions set forth later in this proxy statement under Shareholder Proposals for 2003 Annual Meeting. All recommendations should be accompanied by a complete statement of such person's qualifications (including education, work experience, knowledge of SBA's industry, membership on the Board of Directors of another corporation and civic activity) and an indication of the person's willingness to serve.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers and persons who own more than 10% of our outstanding Common Stock, to file with the Securities and Exchange Commission reports of changes in their ownership of Common Stock. Officers, directors and greater than 10% shareholders are also required to furnish us with copies of all forms they file under this regulation. To our knowledge, based solely on a review of the copies of such reports furnished to us and representations that no other reports were required, during the year ended December 31, 2001, all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% shareholders were complied with.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee served as an officer or employee of SBA or any of our subsidiaries during the fiscal year ended December 31, 2001. There were no material transactions between us and any of the members of the Compensation Committee during the fiscal year ended December 31, 2001.

AUDIT COMMITTEE REPORT

On May 4, 2000, the Board of Directors adopted an Audit Committee Charter under which the Audit Committee operates.

Management has the primary responsibility for SBA's internal controls, the financial reporting process and preparation of the consolidated financial statements of SBA. The independent auditors, Arthur Andersen LLP, are responsible for performing an independent audit of SBA's consolidated financial statements in accordance with auditing standards generally accepted in the United States and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee has met and held discussions with management and the independent auditors. Management represented to the Audit Committee that SBA's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee reviewed and discussed the audited consolidated financial statements with management and the independent auditors.

In fulfilling its responsibilities, the Audit Committee discussed with the independent auditors the matters that are required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee received from the independent auditors the written disclosures

and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent auditors that firm's independence. In connection with this discussion, the Audit Committee also considered whether the provision of services by the independent auditors not related to the audit of SBA's financial statements is compatible with maintaining the independent auditors' independence.

Based upon the Audit Committee's discussions with management and the independent auditors and the Audit Committee's review of the representations of management and the report and letter of the independent auditors provided to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in SBA's Annual Report on Form 10-K for the year ended December 31, 2001, for filing with the Securities and Exchange Commission.

See the portion of this proxy statement titled "Committees and Meetings of the Board" on page 5 for information on the Audit Committee's meetings in 2001.

Independent Auditor's Fees

Audit and Audit Related Fees. The aggregate fees billed by Arthur Andersen LLP, the Company's independent certified public accountants, for professional services rendered for the year ended December 31, 2001 in connection with the audit of our annual financial statements (Form 10-K) and reviews of our quarterly financial statements (Forms 10-Q), were approximately \$266,000. Fees billed for statutory audits of subsidiaries, assisting us with the preparation and review of our various financing documents during 2001 and evaluating the effects of various accounting issues and changes in professional standards were approximately \$121,000.

Financial Information Systems Design and Implementation Fees. No fees were billed by Arthur Andersen LLP for professional services for the year ended December 31, 2001 in connection with financial information systems design and implementation, such as directly or indirectly operating or supervising the operation of our information systems, managing our local area network, or designing or implementing a hardware or software system that aggregates source data underlying the financial statements or generates information that is significant to our financial statements taken as a whole.

All Other Fees. The aggregate fees billed by Arthur Andersen LLP for professional services, other than services covered in the preceding paragraphs, rendered for the year ended December 31, 2001, were approximately \$393,000. These fees were for tax planning and the preparation of our tax returns.

Arthur Andersen LLP advised the Audit Committee that it did not believe its audit was impaired by its provision of such services, particularly in view of the relationship of the related fees to its annual revenues. As a result, Arthur Andersen LLP confirmed that, as of December 31, 2001, it was an independent accountant with respect to SBA within the meaning of the Securities Act and the requirements of the Independence Standards Board.

(1) The total number of options granted for the fiscal year ended December 31, 2001 was 1,748,195 shares.

(2) The dollar amounts under these columns represent the potential realizable value of each grant of option assuming that the market price of SBA's Class A Common Stock appreciates in value from the grant date at the 5% and 10% annual rates prescribed by the SEC and therefore are not intended to forecast possible future appreciation, if any, of the price of SBA's Class A Common Stock or the ultimate value realized by a Named Executive Officer from stock options.

Employment Agreements

Mr. Stoops has executed an employment agreement with us which currently expires on December 31, 2002. This agreement automatically renews for an additional one-year term, unless either we or Mr. Stoops provide written notice to the other party at least 90 days prior to renewal. Under his employment agreement, Mr. Stoops is entitled to receive a base salary and an annual cash bonus based on achievement of performance criteria established by the Board of Directors. The cash bonus paid to Mr. Stoops is not permitted to exceed his base annual salary. Mr. Stoops has elected to receive an annual grant of stock options in lieu of any cash bonus entitlement in each year since the employment agreement was executed. The employment agreement provides that upon either a change of control or a termination of employment without cause we will pay Mr. Stoops an amount equal to his annual base salary. The agreement also provides for noncompetition, nonsolicitation and nondisclosure covenants.

Mr. Hunt has executed an employment agreement with us which initially expired on September 19, 2001. This agreement automatically renews for an additional one-year term, unless either we or Mr. Hunt provide written notice to the other party at least 90 days prior to renewal. This agreement was renewed and currently expires on September 19, 2002. During the initial term, Mr. Hunt was entitled to receive a base salary of \$225,000 and an annual cash bonus based on achievement of performance criteria established by the Board of Directors. Pursuant to the employment agreement, we have agreed that in the event that the aggregate value of all vested options and restricted stock issued to Mr. Hunt during the term of his employment does not equal at least \$1,000,000 on the earlier of: (a) September 19, 2003; or (b) an Acceleration Event as defined in such agreement, we will pay Mr. Hunt the difference between the value of such securities and \$1,000,000. The employment agreement provides that upon either a change of control or a termination of employment without cause we will pay Mr. Hunt an amount equal to his annual base salary plus his current minimum cash bonus potential. The agreement also provides for noncompetition, nonsolicitation and nondisclosure covenants.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors is comprised of three independent directors and has the responsibility to:

establish our compensation philosophy and policies;

review and approve pay recommendations for our executive officers;

initiate all compensation actions for our Chief Executive Officer; and

administer our equity participation and other compensatory plans.

Philosophy. Our compensation policies have been designed to (i) attract and retain high-performing executive talent; (ii) achieve key operational and financial goals; (iii) reward key performers who achieve superior results; and (iv) align the financial interests of the senior management group with those of shareholders. Accordingly, the total compensation of the senior management group, has been set at levels that are intended to be competitive with companies of similar size and complexity.

To achieve its policy goals, the Compensation Committee has utilized salary, cash bonuses and non-cash compensation, including grants of stock and stock options. We do not currently provide executive officers with other long term incentive compensation other than the ability to contribute their earnings to SBA's 401(k) Plan or participate in SBA's Employee Stock Purchase Plan.

The Compensation Committee has focused on the establishment of salaries and other compensation levels that are externally competitive and internally equitable for each of its executive officers. In connection with this process, the Compensation Committee has reviewed publicly available information and data concerning compensation paid by corporations that compete with us for executive talent, including corporations engaged in telecommunications.

Salaries. During 2001, as in prior years, the Compensation Committee reviewed salary recommendations for our executives and then approved such recommendations, with modifications that it deemed appropriate. The salary recommendations were made under the ultimate direction of the Chief Executive Officer, based on peer group and national industry surveys of total compensation packages, evaluations of each individual executive officer, market changes and the economic and business conditions affecting SBA at the time of the evaluation. Evaluations of each individual executive officer are based on a relative valuing of the duties and responsibilities of such executive officer, such executive officer's role in developing and implementing SBA's overall business strategy and such executive officer's past and expected future performance.

Bonuses. The Compensation Committee also determines, based upon the recommendation of the Chief Executive Officer, the amount of bonus potential to be established for each of the executive officers and subsequently the amount of bonus actually paid. Executive Officers are offered the opportunity to forego annual bonus potential in exchange for stock options. During 2001, each of Messrs. Bernstein, Stoops, Bizick and Marino elected this alternative with respect to their compensation for fiscal year 2001.

Equity-Based Compensation. The Compensation Committee's philosophy is that the predominant portion of an executive's compensation should be based directly upon the value of long-term incentive compensation in the

form of stock ownership or stock option awards so as to align the financial interests of our executive officers with those of our shareholders. The Compensation Committee believes that providing executives with the opportunities to acquire significant stakes in our growth and prosperity (through grants of stock options), while maintaining other elements of our compensation program at externally equitable levels, will incentivize and reward executive officers for sound business management, develop a high-performance team environment, the accomplishment of short-term and long-term strategic and operational objectives and improvement in shareholder value which are essential to our ongoing success. Furthermore, the Compensation Committee believes that this approach to compensation motivates executives to perform to their full potential.

In general, stock options for our executive officers are granted at least at the prevailing market price on the grant date and thus, will only have value if our stock price increases. However, during 2001, the Compensation Committee granted options with below-market exercise prices to certain executives officers in lieu of cash bonuses. Generally, grants vest in equal amounts over a period of four years (although certain special types of grants may vest either immediately or over a shorter period). The grants of stock options to the executive officers for 1999, 2000 and 2001 were calculated with the intent to provide value on the grant date at least equal to their base salary.

Compensation of Chief Executive Officer. The Compensation Committee fixes the base salary of the Chief Executive Officer based on a review of competitive compensation data, the Chief Executive Officer's overall compensation package and the Compensation Committee's assessment of his past performance and its expectation as to his future performance in leading SBA. During the last fiscal year, the Compensation Committee established the base salary and overall compensation of Mr. Bernstein, who served as Chief Executive Officer until December 31, 2001, in accordance with the criteria mentioned above.

The Compensation Committee will continually evaluate our compensation policies and procedures with respect to executives. Although the Compensation Committee believes that current compensation policies have been successful in aligning the financial interests of executive officers with those of our shareholders and with SBA's performance, it continues to examine what modifications, if any, should be implemented to further link executive compensation with both individual and SBA's performance.

PERFORMANCE GRAPH

SBA's Class A Common Stock began trading on the Nasdaq National Market System on June 16, 1999 when its initial public offering commenced. The following graph shows the total return to shareholders of an investment in SBA's Class A Common Stock as compared to (i) an investment in the Nasdaq Composite Index and (ii) an investment in a peer group made up of (1) American Tower Corporation, (2) Crown Castle International Corporation, (3) Pinnacle Holdings, Inc. and (4) Spectrasite Holdings, Inc. for the period June 16, 1999 through December 31, 2001. The four companies in the peer group have been selected because they represent comparable companies in the business of owning and operating wireless communications towers.

Total shareholder return is determined by dividing (i) the sum of (A) the cumulative amount of dividends for a given period (assuming dividend reinvestment) and (B) the change in share price between the beginning and end of the measuring period, by (ii) the share price at the end of the period.

PROPOSAL 2
AMENDMENT TO THE ARTICLES OF INCORPORATION

Proposal

On March 28, 2002, our Board of Directors approved an amendment to Article III of our Fourth Amended and Restated Articles of Incorporation to increase the number of authorized shares of all classes of stock that we may issue from 138,100,000 shares to 238,100,000 shares, of which Thirty Million (30,000,000) shares shall be Preferred Stock, Two Hundred Million (200,000,000) shall be classified as Class A Common Stock, par value \$0.01 per share and Eight Million One Hundred Thousand (8,100,000) shares shall be classified as Class B Common Stock, par value \$0.01 per share. A copy of the proposed Amendment to the Articles of Incorporation, in substantially the form to be filed with the Secretary of State of Florida, is attached hereto as part of Exhibit A, and incorporated herein by reference. All shareholders are urged to carefully review the attached Exhibit.

Purpose

Our Board of Directors believes that it is in our best interests that we have the flexibility to issue additional shares of Class A Common Stock as needs may arise without further shareholder action unless required by applicable law, regulation, listing requirements or our Articles of Incorporation. We seek to provide this flexibility through management of our authorized shares of capital stock. We have a corporate goal of maintaining the proportion of outstanding plus reserved shares of Class A Common Stock to authorized Class A Common Stock at between 25% and 50%. By comparison, our outstanding plus reserved Class A Common Stock to authorized Class A Common Stock is approximately 57% as of the record date. Upon adoption of the amendment, we would have a proportion of approximately 29%.

We currently have no agreements, understandings or plans for the issuance or use of the additional shares of our Class A Common Stock proposed to be authorized. The availability of additional shares will enhance our flexibility in connection with possible future actions, such as corporate mergers, acquisitions of businesses, property or securities, stock dividends, stock splits, financings and other corporate purposes. The Board of Directors will decide whether, when and on what terms the issuance of shares of Class A Common Stock may be appropriate in connection with any of the foregoing purposes, without the expense and delay of a special meeting of shareholders.

As of our record date, March 15, 2002, we had authorized 138,100,000 shares of capital stock; which was divided into (1) 100,000,000 shares of Class A Common Stock, (2) 8,100,000 shares of Class B Common Stock and (3) 30,000,000 shares of Preferred Stock. If Proposal 2 is adopted, we will have authorized 238,100,000 shares of capital stock; which will be divided into (1) 200,000,000 shares of Class A Common Stock, (2) 8,100,000 shares of Class B Common Stock and (3) 30,000,000 shares of Preferred Stock.

As of March 15, 2002, we had outstanding (1) 44,166,395 shares of Class A Common Stock, (2) 5,455,595 shares of Class B Common Stock and (3) no shares of preferred stock. We currently have reserved (1) approximately 4.7 million shares of Class A Common Stock for issuance upon exercise of outstanding options and (2) approximately 2.6 million shares of Class A Common Stock reserved for future grants under the 2001 Equity Participation Plan. Proposal 3, as described in this proxy statement, requests shareholders adopt an Amendment to the 2001 Equity Participation Plan that modifies the maximum number of shares, such that the maximum shares authorized for issuance thereunder, together with all outstanding options and unvested shares of restricted stock under the 2001 Plan, the 1996 Plan and the 1999 Plan, equals 15% of our Common Stock outstanding (excluding shares of Class A Common Stock resulting from the exercise of options currently outstanding and options that will be issued under the 2001 Plan). Consequently, if Proposal 3 is adopted, we will have reserved (1) approximately 4.7 million shares for issuance upon exercise of outstanding options and (2) approximately 2.8 million reserved for future grants under the 2001 Equity Participation Plan. In addition we

have (1) approximately 5.7 million shares of Class A Common Stock reserved for issuance under our S-4 registration statements for acquisitions that we may do from time to time, (2) approximately 389,000 reserved for issuance under our Employee Stock Purchase Plan and (3) 100,000 shares of Class E Preferred Stock reserved for issuance pursuant to our shareholders rights plan.

Our Board of Directors may issue additional shares of Class A Common Stock only if the action is permissible under Florida law and the rules of The Nasdaq National Market, on which our Class A Common Stock is quoted. For example, if our Board of Directors were to make a stock acquisition which resulted in an increase of 20% or more in the number of shares of our Common Stock outstanding, or 20% or more of the voting power outstanding, the Nasdaq Marketplace Rules would require shareholder approval. In addition, the Nasdaq Marketplace Rules require shareholder approval if we issue shares of our Class A Common Stock, in connection with a transaction other than a public offering, where the shares (1) were issued at a price less than the greater of book or market value and (2) represented 20% or more of the number of shares of our Common Stock outstanding or 20% or more of the voting power outstanding.

Dilutive Effect of Additional Class A Common Stock

The issuance of additional shares of Class A Common Stock may, among other things, have a dilutive effect on earnings per share and on stockholders equity and voting rights. Furthermore, future sales of substantial amounts of our Class A Common Stock, or the perception that these sales might occur, could adversely affect the prevailing market price of our Class A Common Stock or limit our ability to raise additional capital. Holders of our Class A Common Stock have no preemptive rights.

Possible Anti-Takeover Effects

In addition to financing purposes, we could also issue shares of Class A Common Stock or preferred stock that may, depending on the terms of such series, make more difficult or discourage an attempt to obtain control of us by means of a merger, tender offer, proxy contest or other means. When, in the judgment of the Board of Directors, this action will be in the best interest of the shareholders and SBA, such shares could be used to create voting or other impediments or to discourage persons seeking to gain control of us. Such shares also could be privately placed with purchasers favorable to the Board of Directors in opposing such action. In addition, the Board of Directors could authorize holders of a series of preferred stock to vote either separately as a class or with the holders of our Class A Common Stock, on any merger, sale or exchange of assets by us or any other extraordinary corporate transaction. The existence of the additional authorized shares could have the effect of discouraging unsolicited takeover attempts. The issuance of new shares also could be used to dilute the stock ownership of a person or entity seeking to obtain control of us should the Board of Directors consider the action of such entity or person not to be in the best interest of our shareholders.

Vote Required

The affirmative vote of the holders of not less than a majority of our outstanding shares of Common Stock, is required for approval of the amendment increasing the number of authorized shares of Class A Common Stock from 100,000,000 shares to 200,000,000 shares and to increase the total number of authorized shares of all classes of stock that may be issued from 138,100,000 shares to 238,100,000 shares. You may vote in favor of or against the proposal or you may abstain. Broker non-votes and abstentions will have the same effect as negative votes.

Recommendation of the Board of Directors

Our Board of Directors unanimously recommends a vote **FOR** the adoption of the amendment to our Articles of Incorporation to increase the number of authorized shares of Class A Common Stock from 100,000,000 shares to 200,000,000 shares and to increase the total number of authorized shares of all classes of stock that may be issued from 138,100,000 shares to 238,100,000 shares.

PROPOSAL 3
AMENDMENT TO 2001 EQUITY PARTICIPATION PLAN

Proposal

On March 28, 2002, the Board of Directors, subject to shareholder approval, approved an amendment to the 2001 Equity Participation Plan (the 2001 Plan) to (1) modify the maximum number of shares, such that the maximum shares authorized for issuance thereunder, together with all outstanding options and unvested shares of restricted stock under the 2001 Plan, the 1996 Plan and the 1999 Plan, equals 15% of our Common Stock outstanding (excluding shares of Class A Common Stock resulting from the exercise of options currently outstanding and options that will be issued under the 2001 Plan), (2) establish a limit on the number of shares that may be issued pursuant to below fair market value options or as restricted stock, (3) modify the 2001 Plan to prohibit repricing or exchanges of stock options without shareholder approval, (4) clarify that a Change of Control is deemed to occur when certain corporate events are consummated and (5) make certain other administrative changes to the 2001 Plan (the 2001 Plan Amendment). The Board of Directors believes that equity interests have been and will continue to be a significant factor in the ability to attract, retain and motivate the officers, directors and employees that are critical to our long-term success. We believe that by using stock options as a component of our employees' compensation, we align the financial interests of our employees with the financial interests of our shareholders. Our rapid growth and our efforts over the past few years to shift a greater proportion of employee compensation to stock options rather than cash-based compensation has increased our need to grant employee stock options in order to recruit and retain our employees and officers in our very competitive industry.

The principle purpose of the 2001 Plan Amendment is to modify the maximum number of shares of the 2001 Plan so that the total number of shares authorized for issuance thereunder, together with all outstanding options and unvested shares of restricted stock under the 2001 Plan, the 1996 Stock Option Plan (the 1996 Plan) and the 1999 Equity Participation Plan (the 1999 Plan), equals 15% of our Common Stock outstanding (CSO) (excluding shares of Class A Common Stock resulting from the exercise of options currently outstanding and options that will be issued under the 2001 Plan). In addition, our ability to implement the Stock Option Exchange Program discussed in Proposal 4 is dependent on the approval of Proposal 3. We currently do not have sufficient shares of Class A Common Stock in the 2001 Plan to effect the exchange, and we are not able to issue any replacements under the 1996 Plan or 1999 Plan as our Board of Directors closed each of those plans upon adoption of each successor plan.

Originally, the total number of shares of Class A Common Stock authorized for issuance under the 2001 Plan was 5.0 million shares. Currently we have 2.1 million shares that are reserved for issuance pursuant to options outstanding under the 2001 Plan and 2.6 million shares available for future grants under the 2001 Plan. In addition, we have approximately 2.6 million shares of Class A Common Stock reserved for issuance under options outstanding under our other two stock option plans. The total number of remaining authorized shares for issuance equals approximately 7.3 million shares, which equals 14.8% of the CSO as of March 15, 2002.

The Board of Directors believes that the optimum size of the 2001 Plan, together with all outstanding options and unvested shares of restricted stock under the other plans described above, to address our needs is 15% of CSO (excluding shares of Class A Common Stock resulting from the exercise of options currently outstanding and options that will be issued under the 2001 Plan). In modifying the maximum share authorization under the 2001 Plan to a percentage of CSO, we believe there are benefits to both the company from a planning perspective and our shareholders by having certainty in maximum dilution potential. In order to maintain the size

of the 2001 Plan at this level without incurring the expense of periodically soliciting shareholder approvals of increases in the number of authorized shares under the 2001 Plan, the Board of Directors recommends that the shareholders approve the 2001 Plan Amendment. Please note that this 2001 Plan Amendment will not annually increase the shares available for new grants under the 2001 Plan to equal 15% of CSO. Rather, it will increase the overall number of shares authorized for issuance to equal 15% of CSO minus all outstanding options and unvested shares of restricted stock under the 2001 Plan, the 1996 Plan and the 1999 Plan.

Further, under the terms of the 2001 Plan Amendment, CSO is calculated on a modified basis. Specifically CSO does **NOT** include shares of Class A Common Stock that are outstanding as a result of the exercise of stock options outstanding as of May 16, 2002 or as a result of the exercise of future stock options or restricted stock granted under the 2001 Plan. However, shares issued in acquisitions, financings or to employees or others in lieu of cash (outside of the 2001 Plan) would increase CSO. This exclusion from the definition of CSO has the effect of limiting the size of the annual increases under the 2001 Plan Amendment compared to the increases that would be obtained using a more conventional definition of common stock outstanding. For example, CSO will increase as SBA issues shares of its Class A Common Stock to finance its expansion or to acquire new businesses, but will not increase merely because options granted under the 2001 Plan are exercised or restricted stock is issued under the 2001 Plan.

In addition to modifying the maximum number of shares that may be issued under the 2001 Plan, the 2001 Plan Amendment imposes a limit on the maximum number of shares that may be issued pursuant to below fair market value options or as restricted stock grants to no more than 3% of CSO (excluding shares of Class A Common Stock resulting from the exercise of options currently outstanding and options that will be issued under the 2001 Plan). Currently the 2001 Plan does not limit the number of shares that may be outstanding pursuant to below fair market value options or as restricted stock grants.

Under the 2001 Plan, in the event of a Change of Control, certain consequences to options are triggered, such as immediate vesting, exercisability of the options for the time period provided in the applicable award agreement and certain other consequences. Under the 2001 Plan, a Change of Control is deemed to occur, unless the Board otherwise directs by resolution adopted prior thereto, if, among other things, our shareholders approve (1) our merger or consolidation with another entity, other than a merger or consolidation which would result in our voting securities outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 50% of the combined voting power of our voting securities or such surviving entity outstanding immediately after such merger or consolidation or (2) a plan of our complete liquidation or an agreement for the sale or disposition of all or substantially all of our assets. The 2001 Plan Amendment modifies these provisions, and clarifies that a Change of Control is deemed to occur only upon the consummation of the corporate events described in 1 and 2 above, not upon shareholder approval. Although, generally shareholder approval and consummation occur nearly concurrently, there are rare occurrences due to regulatory or governmental approvals, that there could be a significant interval between shareholder approval and consummation. The 2001 Plan Amendment confirms that a Change of Control is deemed to occur, and consequently the immediate vesting of options and other consequences of a Change of Control will occur, only upon consummation of the corporate event.

Finally, the 2001 Plan Amendment imposes a new restriction that shareholders approve any future repricings or option exchanges that are implemented for purposes of reducing the exercise price of all or a significant amount of the outstanding stock options, such as the Stock Option Exchange Program that is the subject of Proposal 4. Currently, the 2001 Plan does not require shareholder approval before either of these types of transactions could be consummated.

As of March 15, 2002, options for approximately 2.1 million shares of Class A Common Stock were outstanding under the 2001 Plan at exercise prices ranging from \$0.05 to \$34.09 per share. As of that date,

approximately 2.6 million shares of Class A Common Stock were available for future grants. On March 28, 2002, the closing price per share of our Class A Common Stock was \$3.29 per share.

Vote Required

A majority of the votes cast on the proposal by holders of outstanding shares of Common Stock is required to approve the proposal to adopt the 2001 Plan Amendment. You may vote in favor of or against the proposal or you may abstain. If you abstain, your vote will be counted for purposes of determining a quorum, but will have no effect on the proposal. Broker non-votes will have no effect on the proposal.

Recommendation of the Board of Directors

Our Board of Directors unanimously recommends a vote **FOR** the approval of the 2001 Plan Amendment.

Summary of the 2001 Equity Participation Plan

The following summary of the material features of the 2001 Plan, as amended and restated to reflect the adoption of the Plan Amendment, is qualified in its entirety by reference to the full text of the 2001 Plan, which has been filed with the SEC and will be made available upon request.

Purpose, participants, effective date and duration. We adopted the 2001 Plan effective March 15, 2001. The purpose of the 2001 Plan is to encourage employees, directors and consultants of SBA and its Subsidiaries (a Subsidiary is a corporation or other business organization the voting power or equity interests of which are at least 50% owned by SBA, directly or indirectly), who render services of special importance to the management, operation or development of SBA or a Subsidiary, and who have contributed or may be expected to contribute materially to the success of, SBA or a Subsidiary (the Participants), to continue their association with SBA and its Subsidiaries by providing favorable opportunities for them to participate in the ownership of SBA and in its future growth through the granting of options to acquire shares of the Class A Common Stock.

Shares subject to the 2001 Plan. The 2001 Plan currently provides that Awards under the 2001 Plan may be made in shares of Class A Common Stock. However, the 2001 Plan currently limits the number of shares of Class A Common Stock for which Awards may be granted to an aggregate of 5,000,000 shares. On March 28, 2002, the Board of Directors approved, subject to shareholder approval, the 2001 Plan Amendment to the 2001 Plan providing for the maximum number of shares of Class A Common Stock for which Awards may be granted to a fixed percentage equal to 15% of Common Stock outstanding, as adjusted (CSO). For purposes of the 2001 Plan, CSO is calculated as 15% of the aggregate amount of Class A Common Stock and Class B Common Stock outstanding as of the date of calculation minus the aggregate of (1) the number of shares of Class A Common Stock outstanding as a result of the exercise of options outstanding as of March 28, 2002 and (2) the number of shares of Class A Common Stock issued as Awards under the 2001 Plan subsequent to March 28, 2002. Approval of this 2001 Plan Amendment by shareholders is the subject of this Proposal 3 of this proxy statement.

In the event of any change in the number or kind of Class A Common Stock outstanding pursuant to a reorganization, subdivision, consolidation, recapitalization, exchange of shares, stock dividend or split or combination of shares, appropriate adjustments will be made (1) to the number of shares subject to outstanding options, (2) in the exercise price per share of outstanding options and (3) in the kind of shares which may be issued under the 2001 Plan. The validity of stock options previously issued and the ability of holders of options to exercise such options shall not be affected if for any reason the aggregate amount of options outstanding under the 1996 Plan, the 1999 Plan and the 2001 Plan exceeds 15% of CSO (as calculated on a modified basis as described above).

Types of Awards. Awards under the 2001 Plan may consist of any of incentive stock options, non-qualified stock options, restricted stock and other awards that are valued in whole or in part by reference to, or otherwise based on, the Class A Common Stock approved by the Compensation Committee; provided, however, that in no

case (1) may the number of shares with respect to which incentive stock options (ISOs) may be granted exceed 7,500,000 shares and (2) may the aggregate amount of shares issued with respect to below fair market value options or as restricted stock exceed 3% of CSO. Shares subject to options or awards, which are forfeited, settled for cash or otherwise terminate, are surrendered to pay for option exercises, expire unexercised or are canceled without delivery of shares, will again become available for grant under the 2001 Plan.

Administration. The 2001 Plan is administered by the Compensation Committee, which must consist solely of at least two directors who are both non-employee directors within the meaning of Rule 16b-3 under the Exchange Act and outside directors within the meaning of Section 162(m) of the Code.

Subject to the terms of the 2001 Plan, the Compensation Committee has authority to: (1) select the persons to whom options shall be granted; (2) determine the number or value and the terms and conditions of options granted to each such person, including the price per share to be paid upon exercise of any option and the period within which each such option may be exercised; and (3) interpret the 2001 Plan and prescribe rules and regulations for the administration thereof.

Eligibility for Participation. Full and part-time employees, consultants, independent contractors, officers and directors (or employees, officers, or directors of any current or future subsidiaries of SBA) are eligible to receive grants under the 2001 Plan (Participants). As of March 15, 2002, we had 1,096 employees (including 5 executive officers) and four non-employee directors. Other than the initial grant to non-employee directors, the grant of options under the 2001 Plan is discretionary and we cannot now determine the number of options to be granted in the future to any particular person or group.

The 2001 Plan provides that all non-employee directors, initially elected or appointed to the Board of Directors after March 15, 2001, will automatically be granted non-qualified stock options to purchase 50,000 shares of Class A Common Stock with a per share exercise price equal to the fair market value per share at the grant date. Such options will vest and become exercisable in equal annual installments on each of the first five anniversaries of the date of the grant so long as the person continues to serve as a director. Additionally, beginning in 2001, each non-employee director who on July 1 of each fiscal year has served as director for more than one year will be entitled to receive a grant of non-qualified stock options to purchase a number of shares of Class A Common Stock with a per share exercise price equal to the fair market value per share at the grant date. Each of these annual grants of options will fully vest and become exercisable on the first anniversary of the grant date. The number of shares will be determined by the full Board of Directors annually in advance of each July 1. There are currently four non-employee directors.

Options, Term and Exercise Price. Unless otherwise determined by the Compensation Committee, the exercise price of the Class A Common Stock subject to an option is the fair market value of the stock on the date the option is granted. However, ISOs granted to a person who owns more than 10% of our voting power are required to have an exercise price of not less than 110% of the fair market value of the Class A Common Stock on the grant date. On March 28, 2002, the fair market value of a share of Class A Common Stock was \$3.29 per share.

The Compensation Committee determines the option exercise period for each option, not to exceed ten years from the grant date, except that ISOs granted to a person who owns more than 10% of our voting power are required to have an exercise period of not greater than five years.

Transferability of Options. In general, options are not transferable, except by will or the laws of descent or distribution. However, the 2001 Plan permits a grantee to transfer nonqualified stock options to family members or entities (including trusts) established for the benefit of the grantee or the grantee's family members; provided that the transferred option must continue to be subject to the same terms and conditions as were applicable to the option immediately before the transfer and any other transfer allowed by applicable securities laws.

Awards under the 2001 Plan. The 2001 Plan provides that the Compensation Committee may grant or issue stock options, restricted stock, stock appreciation rights and other equity based instruments approved by the Compensation Committee or any combination thereof to any eligible employee, consultant, independent contractor, officer, or director. Each such award will be set forth in a separate agreement with the person receiving the award and will indicate the type, terms and conditions of the award. The maximum number of shares of Class A Common Stock that may be subject to options granted to an employee covered by Code Section 162(m) during any calendar year is 500,000.

Nonqualified Stock Options, (NQSOs), will provide for the right to purchase Class A Common Stock at a specified price which, except with respect to NQSOs intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code, may be less than fair market value on the grant date (but not less than par value), and usually will vest in one or more installments after the grant date, subject to the participant's continued employment with us; provided, that the Compensation Committee may modify any of these terms, in its discretion, at the time of the grant. NQSOs may be granted for any term specified by the Compensation Committee.

Incentive Stock Options will be designed to comply with certain restrictions contained in the Internal Revenue Code. Among such restrictions, ISOs (i) must have an exercise price not less than the fair market value of a share of Class A Common Stock on the grant date; (ii) may only be granted to employees; (iii) must expire within a specified period of time following the optionee's termination of employment; and (iv) must be exercised within ten years after the grant date, but may be subsequently modified to disqualify them for treatment as ISOs.

Restricted stock may be issued to participants and made subject to such restrictions as may be determined by the Compensation Committee. Restricted stock shall be forfeited if the conditions or restrictions are not met. In general, restricted stock may not be sold, or otherwise transferred, until restrictions are removed or expire. Holders of restricted stock, unlike recipients of options, will have voting rights and will receive dividends prior to the time when the restrictions lapse.

Other awards that are valued in whole or in part by reference to, or otherwise based on, the Class A Common Stock may also be granted to participants as may be determined by the Compensation Committee. These awards include, but are not limited to, dividend equivalent awards, deferred stock awards, stock payment awards and stock appreciation rights.

Amendment and Termination of the 2001 Plan. The Board of Directors may amend or terminate the 2001 Plan at any time, provided that shareholder approval is required for any amendment that requires shareholder approval in accordance with the regulations issued under Section 16 of the Securities Exchange Act of 1934 and any amendment that would impair the rights of a grantee requires the grantee's consent. The 2001 Plan will terminate on March 15, 2011 unless terminated earlier by the Board of Directors. Awards granted prior to March 15, 2011 may extend beyond that date.

Adjustment Provisions. If there is any change in the Class A Common Stock as a result of a stock dividend, recapitalization, stock split, or combination or exchange of the Class A Common Stock, or a merger, reorganization or consolidation of SBA or any other change in the capital structure made without the receipt of consideration, then unless such event results in the termination of all outstanding grants under the 2001 Plan, the number of and class of shares available for grants and the number and class of such shares covered by outstanding grants, and the price per share or the applicable market value of such grants, will be proportionately adjusted by the Compensation Committee to reflect any increase or decrease in the number or kind of issued shares of Class A Common Stock.

Change in Control of SBA. Unless otherwise determined by the Board of Directors in the event of a change in control, options granted under the 2001 Plan will fully vest and become immediately exercisable and the restrictions on any restricted stock grants will lapse.

Federal Income Tax Consequences. Set forth below is a general description of the federal income tax consequences relating to grants under the 2001 Plan.

Non-Qualified Stock Options. There are no federal income tax consequences to grantees or to SBA upon the grant of an NQSO under the 2001 Plan. Upon the exercise of NQSOs, grantees will recognize ordinary compensation income in an amount equal to the excess of the fair market value of the shares at the time of exercise over the exercise price of the NQSO, and SBA generally will be entitled to a corresponding federal income tax deduction. Upon the sale of shares acquired by exercise of an NQSO, a grantee will have a capital gain or loss in an amount equal to the difference between the amount realized upon the sale and the grantee's adjusted tax basis in the shares (the exercise price plus the amount of ordinary income recognized by the grantee at the time of exercise of the NQSO).

Incentive Stock Options. Grantees will not be subject to federal income taxation upon the grant or exercise of ISOs granted under the 2001 Plan, and SBA will not be entitled to a federal income tax deduction by reason of such grant or exercise. However, the amount by which the fair market value of the shares at the time of exercise exceeds the exercise price of the ISO (or the grantee's other tax basis in the shares) is an item of tax preference subject to the alternative minimum tax applicable to the person exercising the ISO. A sale of shares acquired by exercise of an ISO that occurs at least one year after the exercise or two years after the grant of the ISO generally will result in the recognition of long-term capital gain or loss in the amount of the difference between the amount realized on the sale and the exercise price of the ISO (or the grantee's other tax basis in the shares), and SBA will not be entitled to any tax deduction in connection with the sale.

Generally, if the sale occurs within one year from the date of exercise of the ISO or within two years from the grant date (a disqualifying disposition) and is a transaction in which the amount realized is less than the fair market value of the Class A Common Stock at the date of exercise, the grantee will recognize ordinary compensation income equal to the lesser of (i) the excess of the fair market value of the shares on the date of exercise over the exercise price (or the grantee's other tax basis in the shares), or (ii) the excess of the amount realized on the sale of the shares over the exercise price (or the grantee's other tax basis in the shares). Any amount realized on a disqualifying disposition in excess of the amount treated as ordinary compensation income (or any loss realized) will be a long-term or a short-term capital gain (or loss), depending upon the length of time the shares were held. SBA generally will be entitled to a tax deduction on a disqualifying disposition corresponding to the ordinary compensation income recognized by the grantee.

Restricted Stock. A grantee normally will not recognize taxable income upon the award of a restricted stock grant, and SBA will not be entitled to a deduction, until such stock is transferable by the grantee or no longer subject to a substantial risk of forfeiture for federal tax purposes, whichever occurs earlier. When the Class A Common Stock is either transferable or is no longer subject to a substantial risk of forfeiture, the grantee will recognize ordinary compensation income in an amount equal to the fair market value of the Class A Common Stock at that time and SBA will be entitled to a deduction in the same amount. A grantee may, however, elect to recognize ordinary compensation income in the year the restricted stock grant is awarded in an amount equal to the fair market value of the Class A Common Stock at that time, determined without regard to the restrictions. In this event, SBA will be entitled to a deduction in the same year. Any gain or loss recognized by the grantee upon subsequent disposition of the Class A Common Stock will be capital gain or loss. If, after making the election, any Class A Common Stock subject to a restricted stock grant is forfeited, or if the market value declines during the restriction period, the grantee will not be entitled to any tax deduction or tax refund.

PROPOSAL 4
STOCK OPTION EXCHANGE PROGRAM

Proposal

On March 28, 2002, our Board of Directors approved a proposal to permit us to offer our employees a one-time opportunity to exchange any or all of their outstanding options with an exercise price in excess of \$8.00 per share, for new options, to be granted at least six months and one day from the cancellation of the outstanding options, with an exercise price equal to the greater of: (1) \$8.00; or (2) the fair market value of our Class A Common Stock on the grant date (the Stock Option Exchange Program). Employees may exchange options issued under our 1996 Stock Option Plan, 1999 Equity Participation Plan and 2001 Equity Participation Plan (collectively referred to as the Plans).

Purpose

Our Board of Directors believes that it is in our best interests to implement the Stock Option Exchange Program. Under the Stock Option Exchange Program, our employees will be given a one-time opportunity to exchange three (3) outstanding stock options for two (2) new stock options at a new exercise price. We believe that Stock Option Exchange Program will be an integral factor to us retaining valuable members of our workforce who will play an essential role in our ability to succeed in this challenging business environment.

Stock options are a critical component of our compensation arrangements for a significant number of employees. Our compensation philosophy is that the meaningful component of the compensation of a certain number of our employees should be based directly upon the value of long-term incentive compensation in the form of stock option awards so as to align the financial interests of our employees with those of our shareholders. We believe that providing employees with the opportunities to acquire significant stakes in our growth and prosperity will (1) encourage our employees to act as owners, which helps to align their interests with shareholders and (2) incentivize and reward employees for sound business management, the accomplishment of short-term and long-term strategic and operational objectives and improvement in shareholder value which are essential to our ongoing success. We grant stock options to motivate and reward our employees for achieving key operational and financial goals and to encourage them to continue their employment with us.

The trading price of our Class A Common Stock has suffered a dramatic, steep and sustained decline since March 2001. We attribute this decline to general economic conditions and investor concerns with the financial condition and growth prospects of wireless carriers, including the availability of capital and the willingness of wireless service providers to utilize capital to expand their networks, and the resulting investor concerns with the financial conditions and growth prospects of the company and the tower industry as a whole. While we are optimistic about our future, in light of the recent general economic slowdown, it is unlikely that investor concerns regarding the financial condition and prospects for the wireless carriers will change in the near future.

One consequence of this decrease in our stock price is that many options currently held by employees were granted at an exercise price considerably higher than the current trading price of our Class A Common Stock. This difference between the exercise price and the trading price has rendered these options without value, unless our stock price returns to its previous levels. The fact that a substantial amount of stock options are significantly underwater and may continue to be so for the near term, may negatively impact such options serving as a meaningful and positive part of our compensation and retention programs.

We believe that the Stock Option Exchange Program is critical to provide positive motivation to, and to avoid the potential loss of, our key employees, all of whom hold options with an exercise price significantly higher than the current trading price of our Class A Common Stock. With a reduced likelihood of achieving prior expectations from these underwater stock options, such key employees may have an incentive to seek alternative employment with our competitors and other owners and operators of wireless communications towers with low current trading prices, and secure stock options at these other companies at an attractively low exercise price. The loss of these employees would have a detrimental effect on our business and financial results.

The Stock Option Exchange Program provides us with a fresh start to motivate and reward our employees for their role in achieving operational and financial goals and increasing shareholder value. By realigning the exercise prices of previously granted stock options more closely with the current market price of our Class A Common Stock, the Stock Option Exchange Program increases our employees' opportunity to realize value from their stock options. We have structured the Stock Option Exchange Program to strike a balance between shareholders' interests and those of our employees. This is most evident by the manner in which the stock options will be exchanged. Employees participating in the Stock Option Exchange Program will receive new options for a lesser number of options than the options they surrender as they will receive two (2) new options for every three (3) current options they surrender. In addition, the new options will be issued with an exercise price equal to the greater of \$8.00 or fair market value on the date of the grant. This approach is designed to limit dilution in the ownership of our current shareholders.

Although shareholder approval of the Stock Option Exchange Program is not required by law, by any regulations or by the terms of our Plans, we believe that sound corporate governance dictates that the Stock Option Exchange Program not be implemented unless it is approved by the shareholders. Therefore, we will not implement the Stock Option Exchange Program unless it is approved by the shareholders. The only amendment necessary to implement the Stock Option Exchange Program is the amendment to the 2001 Equity Participation Plan discussed in Proposal 3 to increase the number of shares covered by the 2001 Equity Participation Plan.

Background

As of March 15, 2002, the closing sale price of our Class A Common Stock as quoted on The Nasdaq National Market System was \$4.13 per share. As of such date, we had options to purchase an aggregate of 4.7 million shares of our Class A Common Stock outstanding under our Plans, of which options to purchase 3.9 million shares had exercise prices in excess of \$8.00. These options with exercise prices in excess of \$8.00 have exercise prices ranging from \$8.20 to \$52.50 with a weighted average exercise price of \$21.48. Approximately 922 employees (excluding those executive officers who are not eligible to participate) hold options with exercise prices in excess of \$8.00. Each of these options was granted under the 1996 Plan, the 1999 Plan or the 2001 Plan. The shares of Class A Common Stock for which the options will be exercisable have been registered with the Securities and Exchange Commission.

The new options will be granted under the 2001 Equity Participation Plan. The vesting schedule will be restarted for all new options. The term of the new options will be the term remaining on the surrendered options,

or five years, whichever is greater. The exercise price and the number of shares underlying the new options will be different from the surrendered options, as more fully described below. All of the other terms and conditions of the new options will be governed by the terms and conditions of the 2001 Equity Participation Plan.

Description of Stock Option Exchange Program

Grant of New Options. Under the Stock Option Exchange Program, our eligible employees may make a one-time election to cancel those existing stock options with an exercise price in excess of \$8.00 and exchange them for new options. If shareholders approve the Stock Option Exchange Program, we will launch a tender offer in connection with the Stock Option Exchange Program on or around May 20, 2002. The tender offer will be open for at least twenty (20) business days. The new options will be issued on the first business day that is at least six months and one day after the cancellation of the existing options. Participation in the Stock Option Exchange Program is voluntary. In participating in the Stock Option Exchange Program, an employee may elect to cancel some or all of his or her options that are eligible to participate in the Stock Option Exchange Program.

Persons Eligible to Participate in the Stock Option Exchange Program. The Stock Option Exchange Program is open to all of our employees, the employees of our participating subsidiaries and our executive officers. The Stock Option Exchange Program is not available to our directors, former employees, retirees or three of the five Named Executive Officers. Specifically, Mr. Bernstein, our Chairman, Mr. Stoops, our President and Chief Executive Officer and Mr. Bizick, our former Chief Operating Officer, are not eligible to participate.

Options Eligible for Exchange under the Stock Option Exchange Program. All options granted under the Plans having an exercise price in excess of \$8.00 will be eligible for exchange under the Stock Option Exchange Program.

Number of New Options. The Stock Option Exchange Program is based on a value-for-value exchange; therefore two (2) new options will be granted for every three (3) existing options surrendered by employees participating in the Stock Option Exchange Program.

Exercise Price of New Options. All new options will be granted with an exercise price equal to the greater of: (1) \$8.00 or (2) the closing price of our Class A Common Stock on the grant date. For example, if on the grant date of the new options, the closing price of our Class A Common Stock is \$5.50, an employee who surrendered options pursuant to the Stock Option Exchange Program will be granted new options with an exercise price of \$8.00. However, if the closing price of our Class A Common Stock is \$9.50 on the grant date, an employee who surrendered options pursuant to the Stock Option Exchange Program will be granted new options with an exercise price of \$9.50.

Vesting of New Options. Vesting for all of the new options will restart. The first scheduled vesting will occur six months after the grant date of the new options. Additional vesting of options will occur annually on each anniversary of the first six (6) month vesting date. Therefore, employees who elect to participate in the Stock Option Exchange Program will lose the benefit of any currently vested options that are accepted for exchange and cancelled pursuant to the Stock Option Exchange Program. For example, an employee surrendering 30,000 options originally granted in January 2000 that vested equally over four years (7,500 annually on the first through fourth anniversaries of the initial grant), will receive 20,000 options that vest equally in the following manner: 5,000 options vest on each of the six (6) month anniversary, eighteen (18) month anniversary, thirty (30) month anniversary and forty-two (42) month anniversary of the grant date of the new options. This employee does not receive the benefit of the 15,000 options that previously vested under the vesting schedule of the surrendered options.

Term of New Options. The term of the new options will be the term remaining on the surrendered options or five years, whichever is greater.

Other Terms and Conditions of New Options. All of the other terms and conditions of the new options will be as set forth in the 2001 Equity Participation Plan.

Implementation of the Stock Option Exchange Program. Our Board of Directors authorized the adoption of the Stock Option Exchange Program on March 28, 2002, subject to shareholder approval. If shareholders approve the Stock Option Exchange Program, eligible employees will be offered the opportunity to participate in the Stock Option Exchange Program under an Offer of Exchange to be filed with the Securities and Exchange Commission and distributed to all eligible employees on or around May 20, 2002. Employees will be given a short election period in which to accept the offer of the new options in exchange for the surrender of all their existing options. For those employees who choose to participate in the Stock Option Exchange Program, all of their current options which they elect to surrender will be cancelled on the last day of this election period. The new options will be granted on the first business day that is at least six months and one day after the cancellation of the existing options.

New Plan Benefits. Because the decision whether to participate in the Stock Option Exchange Program is completely voluntary, we are not able to predict who will participate or how many options any particular group of employees will elect to exchange.

The following table provides certain information regarding options currently held by each Named Executive Officer (other than Messrs. Bernstein, Bizick and Stoops who are not eligible to participate), Named Executive Officers as a group, executive officers as a group and employees (other than executive officers) as a group who would be eligible for inclusion in the Stock Option Exchange Program, if the Stock Option Exchange Program had been commenced on March 15, 2002 based on their currently existing options with an exercise price in excess of \$8.00.

Name and Position	Maximum Number of Shares of Class A Common Stock Underlying Existing Options that may be Cancelled	Exercise Price of Existing Options ⁽¹⁾	Maximum Number of Shares of Class A Common Stock Underlying New Options

All employees (other than executive officers) as a group (919 persons)	2,760,002	\$ 8.20 - \$52.50	1,839,999

(1) Given as a range of the lowest to the highest price.

(2) Excludes the options held by Messrs. Bernstein, Bizick and Stoops, as they are ineligible to participate in the Stock Option Exchange Program.

(3) Excludes the options held by Messrs. Bernstein and Stoops, as they are ineligible to participate in the Stock Option Exchange Program.

Accounting Treatment. We have structured the Stock Option Exchange Program to comply with Financial Standards Accounting Board guidelines so that SBA will receive the same accounting treatment for the new options as it does for its current options. In other words, the Stock Option Exchange Program has been designed so that we will avoid any variable accounting compensation charges against our earnings.

U.S. Federal Income Tax Consequences. The exchange should be treated as a non-taxable exchange and no income for U.S. federal income tax purposes should be recognized by the employees or SBA upon the grant of the new options.

Effect on Shareholders. We are not able to predict with any degree of certainty the impact the Stock Option Exchange Program will have on shareholder rights because we are unable to predict how many option holders will exchange their options or what will be the future market price of our Class A Common Stock. There is a risk that employees will not see the Stock Option Exchange Program as a sufficient incentive to motivate and retain them as employees. Also, if the price of our Class A Common Stock rises after the new options are granted, then option holders will be more likely to exercise the new options than the current options and the exercises are likely to occur earlier. This is balanced by the fact that many option holders who currently hold vested options will restart their vesting period with the new options and therefore will not be able to exercise their options for a longer period of time. As additional shares of our Class A Common Stock are issued upon option exercises, existing shareholders will be proportionately diluted.

Proposed Plan Amendments. The only amendment necessary to implement the Stock Option Exchange Program is the amendment to the 2001 Equity Participation Plan discussed in Proposal 3 to increase the number of shares covered by the 2001 Equity Participation Plan.

Although it is not necessary to implement the Stock Option Exchange Program, in connection with Proposal 3, we are asking shareholders to approve an amendment to the 2001 Equity Participation Plan so that any future stock option exchange program may not be implemented unless it is approved by the shareholders.

Vote Required

A majority of the votes cast on the proposal by holders of outstanding shares of Common Stock is required to approve the proposal to adopt the Stock Option Exchange Program. You may vote in favor of or against the proposal or you may abstain. If you abstain, your vote will be counted for purposes of determining a quorum, but will have no effect on the proposal. Broker non-votes will have no effect on the proposal.

Recommendation of the Board of Directors

Our Board of Directors unanimously recommends a vote **FOR** the adoption of the Stock Option Exchange Program.

INDEPENDENT PUBLIC ACCOUNTANTS

Arthur Andersen LLP served as our independent auditors for the fiscal year ended December 31, 2001. The Board of Directors has delegated to the Audit Committee the responsibility to work with management to review the qualifications of the major national accounting firms to serve as our independent public accountants for the fiscal year ending December 31, 2002. The Audit Committee will assemble a list of candidate firms, including Arthur Andersen LLP, to evaluate their qualifications and to make a recommendation to the full Board of Directors. The Board selection will be announced as soon as we complete our deliberations.

Representatives of Arthur Andersen LLP are expected to be present at the annual meeting and will have the opportunity to make a statement if they desire to do so and to respond to appropriate questions.

GENERAL INFORMATION

Other Matters. The Board of Directors does not intend to present any matter for action at this meeting other than the matters described in this proxy statement. If any other matters properly come before the annual meeting, it is intended that the holders of the proxies hereby solicited will act in respect to such matters in accordance with their best judgment.

Multiple Shareholders Sharing the Same Address. Recent changes in the regulations regarding the delivery of copies of proxy materials and annual reports to shareholders permit us, banks, brokerage firms and other nominees to send one annual report and proxy statement to multiple shareholders who share the same address under certain circumstances. This practice is known as "householding." Shareholders who hold their shares through a bank, broker or other nominee may have consented to reducing the number of copies of materials delivered to their address. In the event that a shareholder wishes to revoke a "householding" consent previously provided to a bank, broker or other nominee, the shareholder must contact the bank, broker or other nominee, as applicable, to revoke such consent. In any event, if a shareholder wishes to receive a separate proxy statement for the 2002 Annual Meeting or a 2001 Annual Report, the shareholder may receive printed copies by contacting SBA Communications Corporation Investor Relations, 5900 Broken Sound Parkway NW, Boca Raton, Florida 33487 by mail or by calling (561) 995-7670.

Any shareholders of record sharing an address who now receive multiple copies of our annual reports and proxy statements and who wish to receive only one copy of these materials per household in the future should also contact SBA Communications Corporation Investor Relations by mail or telephone as instructed above. Any shareholders sharing an address whose shares of Common Stock are held by a bank, broker or other nominee who now receive multiple copies of our annual reports and proxy statements, and who wish to receive only one copy of these materials per household, should contact the bank, broker or other nominee to request that only one set of these materials be delivered in the future.

Shareholder Proposals for 2003 Annual Meeting. Shareholder proposals should be sent to SBA at the address set forth in the Notice of Annual Meeting of Shareholders. The deadline for submission of shareholder proposals pursuant to Rule 14a-8 of the Securities Exchange Act of 1934 for inclusion in our proxy statement for the 2003 Annual Meeting of Shareholders is December 17, 2002. Additionally, SBA must receive notice of any shareholder proposal to be submitted at the 2003 Annual Meeting of Shareholders (but not required to be included in our proxy statement) by March 2, 2003, or such proposal will be considered untimely pursuant to Rule 14a-4 and 14a-5(e) under the Exchange Act and the persons named in the proxies solicited by management may exercise discretionary voting authority with respect to such proposal.

Expenses of Solicitation. Proxies will be solicited by mail, telephone, or other means of communication. Solicitation also may be made by our directors, officers and regular employees. The entire cost of solicitation will be borne by SBA.

By Order of
the Board
of
Directors,

STEVEN E.
BERNSTEIN
Chairman

If any Restricted Stock Unit or other award is forfeited for any reason, the Class A Common Stock subject to such Award shall be available for future grants of Awards under the Plan as if such Awards had not been granted. In the absence of any designation, Options granted under the Plan will be deemed to be Non-qualified Stock Options.

7.2 Grant of Options. Subject to the terms and conditions of the Plan, the Committee may, at any time and from time to time, prior to the date of termination of the Plan, grant to such Eligible Individuals as the Committee may determine, Options to purchase such number of shares of Class A Common Stock on such terms and conditions as the Committee may determine. The date on which the Committee approves the grant of an Option (or such later date as is specified by the Committee) shall be considered the date on which such Option is granted.

7.3 Limitation on Incentive Stock Options.

7.3.1 Section 424 Employees. Incentive Stock Options may only be granted to Section 424 Employees. Subject to the terms and conditions of this Plan and the Option Agreement (including all vesting provisions and option periods), any and all Incentive Stock Options which an employee fails to exercise within 90 days after the date said employee ceases to be a Section 424 Employee shall automatically be classified as non-qualified Stock Options to the extent that said Options have not otherwise been terminated.

7.3.2 Fair Market Value. Subject to Section 7.3.3 below, an Incentive Stock Option shall not be granted with an Exercise Price less than one hundred percent (100%) of the Fair Market Value of a share of Class A Common Stock on the date the Incentive Stock Option is granted. The Committee shall determine Fair Market Value in accordance with the provisions of Section 422 of the Code.

7.3.3 Ten Percent Stockholder. Notwithstanding any other provision of this Plan to the contrary, no individual may receive an Incentive Stock Option under the Plan if such individual, at the time the award is granted, owns (after application of the rules contained in Section 424(d) of the Code) stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of SBA, unless (i) the Exercise Price for each share of Class A Common Stock subject to such Incentive Stock Option is at least one hundred ten percent (110%) of the Fair Market Value of a share of Class A Common Stock on the date of grant and (ii) such Incentive Stock Option is not exercisable after the fifth (5th) anniversary of the date of grant.

If an Incentive Stock Option is granted pursuant to which the aggregate Fair Market Value of shares with respect to which it first becomes exercisable in any calendar year by an individual exceeds such \$100,000 limitation, the portion of such Option which is in excess of the \$100,000 limitation, and any Options issued subsequently in the same calendar year, shall be treated as a Non-qualified Stock Option pursuant to Section 422(d)(1) of the Code. In the event that an individual is eligible to participate in any other stock option plan of the Company which is also intended to comply with the provisions of Section 422 of the Code, such \$100,000 limitation shall apply to the aggregate number of shares for which Incentive Stock Options may be granted under this Plan and all such other plans.

Subject to the provisions of Sections 7.3, 7.13, 7.14, 7.15 and 7.16, each Option granted under the Plan shall terminate and all rights to purchase shares thereunder shall cease on the tenth (10th) anniversary of the date such Option is granted, or on such date prior thereto as may be fixed by the Committee and stated in the Option Agreement relating to such Option. Notwithstanding the foregoing, the Committee may in its discretion, at any time prior to the expiration or termination of any Option, extend the term of any such Option for such additional period as the Committee in its discretion may determine; *provided, however*, that in no event shall the aggregate option period with respect to any Option, including the initial term of such Option and any extensions thereof, exceed (10) years.

7.7 Vesting. Each Option Agreement will specify the vesting schedule applicable to the Option granted thereunder. Notwithstanding the foregoing, the Committee may in its discretion provide that any vesting requirement or other such limitation on the exercise of an Option may be rescinded, modified or waived by the Committee, in its sole discretion, at any time and from time to time after the date of grant of such Option, so as to accelerate the time at which the Option may be exercised.

7.8 Exercise. An Option that is exercisable hereunder may be exercised by delivery to SBA on any business day, at the office designated by SBA, addressed to the attention of the Stock Option Administrator, of written notice of exercise, which notice shall specify the number of shares with respect to which the Option is being exercised, and shall be accompanied by payment in full of the Exercise Price of the shares for which the Option is being exercised, by one or more of the methods provided below. The minimum number of shares of Class A Common Stock with respect to which an Option may be exercised, in whole or in part, at any time shall be the lesser of one hundred (100) shares or the maximum number of shares available for purchase under the Option at the time of exercise.

7.9 Payment. Payment of the Exercise Price for the shares of Class A Common Stock purchased pursuant to the exercise of an Option shall be made (i) in cash or in cash equivalents; (ii) to the extent permitted by applicable law and agreed to by the Committee in its sole and absolute discretion, through the tender to SBA of shares of Class A Common Stock, which shares shall be valued, for purposes of determining the extent to which the Exercise Price has been paid thereby, at their Fair Market Value on the date of exercise; (iii) to the extent permitted by applicable law and agreed to by the Committee in its sole and absolute discretion, by delivering a written direction to SBA that the Option be exercised pursuant to a cashless exercise/sale procedure (pursuant to which funds to pay for exercise of the Option are delivered to SBA by a broker upon receipt of stock certificates from SBA) or a cashless exercise/loan procedure (pursuant to which the Participants would obtain a margin loan from a broker to fund the exercise) through a licensed broker acceptable to SBA whereby the stock certificate or certificates for the shares of Class A Common Stock for which the Option is exercised will be delivered to such broker as the agent for the individual exercising the Option and the broker will deliver to SBA cash (or cash equivalents acceptable to SBA) equal to the Exercise Price for the shares of Class A Common Stock purchased pursuant to the exercise of the Option plus the amount (if any) of federal and other taxes that SBA may, in its judgment, be required to withhold with respect to the exercise of the Option; (iv) to the extent permitted by applicable law and agreed to by the Committee in its sole and absolute discretion, by the delivery of a promissory note of the Participant to SBA on such terms as the Committee shall specify in its sole and absolute discretion; or (v) by a combination of the methods described in clauses (i), (ii), (iii) and (iv). Payment in full of the Exercise Price need not accompany the written notice of exercise if the Option is exercised pursuant to the cashless exercise/sale procedure described above. An attempt to exercise any Option granted hereunder other than as set forth above shall be invalid and of no force and effect.

7.10 Issuance of Certificates. Promptly after the exercise of an Option, the individual exercising the Option shall be entitled to the issuance of a certificate or certificates evidencing his ownership of such shares of Class A Common Stock. An individual holding or exercising an Option shall have none of the rights of a stockholder until the shares of Class A Common Stock covered thereby are fully paid and issued to him and, except as provided in Section 11 below, no adjustment shall be made for dividends or other rights for which the record date is prior to the date of such issuance.

No Non-qualified Stock Option shall be assignable or transferable by the Participant to whom it is granted, other than by will or the laws of descent and distribution; *provided, however*, that Non-qualified Stock Options may be transferred or assigned to (i) family members or entities (including trusts) established for the benefit of the Participant or the Participant's family members or (ii) any other person, as permitted by applicable securities law. Any Option assigned or transferred pursuant to this Section 7.12 shall continue to be subject to the same terms and conditions as were applicable to the Option immediately before the transfer; provided, however, that any Option transferred for value may not be exercised under any Registration Statement on Form S-8 and upon exercise of such transferred Option the holder would only be entitled to receive shares of restricted stock that have not been registered under the Securities Act of 1933.

Unless otherwise determined by the Committee, temporary absence from employment or service because of illness, vacation, approved leaves of absence, military service and transfer of employment shall not constitute a termination of employment or service with the Company.

7.14 Termination of Employment for Cause. Upon termination of the employment or other service of a Participant with the Company for Cause, any Option granted to the Participant shall expire immediately and the Participant shall have no further right to purchase shares of Class A Common Stock pursuant to such Options. The Committee shall determine whether Cause exists for purposes of this Plan.

7.15 Termination of Employment by Disability. Unless otherwise provided in an Option Agreement, if a Participant terminates employment or service with the Company by reason of a Disability of such Participant, the Participant has the right, at any time within a period not to exceed one (1) year after such termination and prior to the termination of the Option pursuant to Section 7.6 above, to exercise, in whole or in part, any vested portion of the Options held by the Participant on the date the Participant's employment or service terminated. Unless otherwise provided in an Option Agreement, if a Participant terminates employment or service with SBA

by reason of a Disability, any unvested Options shall terminate. Notwithstanding the provisions of this Section 7.15, the Committee may provide, in its discretion, that following the termination of employment or service of a Participant with the Company (for any reason), a Participant may exercise an Option, in whole or in part, at any time subsequent to such termination of employment or service and prior to termination of the Option pursuant to Section 7.6 above, either subject to or without regard to any vesting or other limitation on exercise imposed pursuant to Section 7.7 above.

7.17 Grants of Options to Independent Directors. Options granted to an Independent Director shall be made in accordance with the following provisions:

7.17.1 Each person who is initially elected to the Board after the Effective Date and who is an Independent Director at the time of such initial election shall automatically be granted a Non-qualified Stock Option to purchase Fifty Thousand (50,000) shares of Class A Common Stock (subject to adjustments as provided in Section 11) on the date of such initial election; provided, however, that the number of shares of Class A Common Stock subject to any Non-qualified Stock Option awarded under this Section 7.17.1 shall be reduced by the number of shares of Class A Common Stock subject to any option granted to an Independent Director pursuant to any other stock incentive plan maintained by SBA.

7.17.2 The Committee may make an annual grant of Non-qualified Stock Options to all Independent Directors, in an amount to be determined by the Committee in its sole discretion and subject to the applicable limitations of the Plan; *provided, however*, that no Option shall be granted to an Independent Director under this Section 7.17.2 during any year in which such Independent Director received an Option pursuant to Section 7.17.1.

7.17.3 In addition to any other grants made to Independent Directors under this Section 7.17, the Committee may from time to time grant Non-qualified Stock Options to any Independent Director, in its sole discretion, and subject to the applicable limitations of the Plan.

7.17.4 The price per share of the shares subject to each Option granted to an Independent Director shall equal 100% of the Fair Market Value of a share of Class A Common Stock on the date the option is granted.

7.17.5 Subject to the provisions of this Section 7, (a) any Option granted to an Independent Director pursuant to Section 7.17.1 shall vest and become exercisable in cumulative annual installments of 20% each on the first, second, third, fourth and fifth anniversaries of the date the Non-qualified Stock Option was granted and (b) any other Options granted to an Independent Director pursuant to Sections 7.17.2 or Sections 7.17.3 shall vest and become exercisable in accordance with the terms of the Option, as determined by the

Committee in its sole discretion; *provided, however*, any Option granted to an Independent Director may in the sole discretion of the Committee vest and become immediately exercisable in full upon the retirement of the Independent Director in accordance with SBA's retirement policy applicable to directors.

7.17.6 The term of any Non-qualified Stock Option granted to an Independent Director shall be ten (10) years from the date the Option is granted.

7.17.7 No portion of an Option that is unexercisable upon a termination of the Independent Director's services with SBA, for any reason, shall thereafter become exercisable.

7.17.8 Vested portions of any Options granted to an Independent Director shall not be exercisable after the first to occur of the following events:

(i) the expiration of twelve (12) months from the date of the Independent Director's death or a termination of the Independent Director's services with SBA by reason of a Disability;

(ii) the expiration of three (3) months from the date the Independent Director's services with SBA are terminated for any reason other than death or Disability; or

(iii) the expiration of ten (10) years from the date the Option was granted.

8. RESTRICTED STOCK UNITS

8.1 Grant of Restricted Stock Units. Subject to the provisions of the Plan and the limitation set forth in Section 6, the Committee may, at any time and from time to time, prior to the date of termination of the Plan, grant to such Eligible Individuals as the Committee may determine, Restricted Stock Units. Each Restricted Stock Unit shall be equivalent in value to one share of Class A Common Stock. Each grant of Restricted Stock Units shall satisfy the requirements as set forth in this Section 8.

8.2 Restricted Stock Unit Agreement. All Restricted Stock Units granted pursuant to the Plan shall be evidenced by a Restricted Stock Unit Agreement, to be executed by SBA and the Participant, in such form or forms as the Committee shall determine. Each Restricted Stock Unit Agreement shall specify the number of Restricted Stock Units awarded to the Participant, the applicable Restriction Periods and contain such provisions and restrictions (or no restrictions) as the Committee shall deem appropriate on the date the Restricted Stock Units are granted. Restricted Stock Unit Agreements may contain different provisions; *provided, however*, that all such Restricted Stock Unit Agreements must comply with all terms of the Plan.

8.3 Restrictions. The Committee shall impose such restrictions (or no restrictions) on any Restricted Stock Units granted pursuant to this Plan as it may deem advisable including, without limitation, vesting restrictions, restrictions based upon the achievement of specific company-wide performance goals, divisional performance goals, individual performance goals and/or restrictions under applicable federal or state securities laws.

8.4 **Payment.** Upon expiration of the Restriction Period applicable to a Restricted Stock Unit, the Participant shall, without payment on his part, be entitled to receive payment in an amount equal to the aggregate Fair Market Value of the shares of Class A Common Stock covered by the Restricted Stock Units. Such payment shall be made in the form of Class A Common Stock equal to the number of Restricted Stock Units with respect to which such payment is made.

8.5 **Dividend Equivalents.** A Participant whose Restricted Stock Units have not previously terminated shall be entitled to receive payment in an amount equal to each cash dividend SBA would have paid to such Participant after the grant of such Restricted Stock Units and prior to the lapse of restrictions relating thereto as if the Participant had been the owner of record of the shares of Class A Common Stock covered by such Restricted Stock Units on the record date for the payment of such dividend and as if such Restricted Stock Units were not subject to restrictions. Payments of such dividend equivalent shall be made on the payment date of the cash dividend with respect to which it is made, or as soon as practicable thereafter.

8.6 **Issuance of Class A Common Stock Subject to Restrictions.** The Committee may in its sole discretion cause the shares of Class A Common Stock underlying any particular grant of Restricted Stock Units to be issued in the Participant's name prior to lapse of restrictions thereon and treat such Class A Common Stock as outstanding for all purposes. The Participant shall have all rights of a shareholder, including the right to receive dividends paid on the shares of Class A Common Stock issued under this Section 8.6 and the right to vote such shares, subject to any other restrictions set forth in the Plan. In addition, as security for the return of such Class A Common Stock in the event of forfeiture, the Committee may require that the Participant pledge the shares of such Class A Common Stock to SBA, and the certificates evidencing such Class A Common Stock be retained by SBA until the restrictions relating thereto lapse.

8.7 **Transferability.** Unless otherwise provided in the Restricted Stock Unit Agreement, Restricted Stock Units shall not be assignable or transferable by the Participant to whom it is granted, other than by will or the laws of descent and distribution; provided, however, that Restricted Stock Units may be transferred or assigned to (i) family members or entities (including trusts) established for the benefit of the Participant or the Participant's family members or (ii) any other person, as permitted by applicable securities law. Any Restricted Stock Unit assigned or transferred pursuant to this Section 7.12 shall continue to be subject to the same terms and conditions as were applicable to the Restricted Stock Unit immediately before the transfer; provided, however, upon maturity of any Restricted Stock Unit transferred for value the Company may not issue shares of Class A Common Stock under any Registration Statement on Form S-8 and the holder of such Restricted Stock Unit would only be entitled to receive shares of restricted stock that have not been registered under the Securities Act of 1933.

8.8 **Termination of Employment or Service.** Unless otherwise provided in a Restricted Stock Unit Agreement, if the Participant's employment or service with the Company terminates for any reason other than death or Disability during the Restriction Period, all Restricted Stock Units held by the Participant which are still subject to the Restriction Period shall be forfeited immediately; *provided, however*, that in the event of a termination of the Participant's employment, other than for Cause, the Committee, in its sole discretion, may waive the automatic forfeiture of any or all such Restricted Stock Units.

8.9 Termination of Employment or Service by Death or Disability. Unless otherwise provided in a Restricted Stock Unit Agreement, if a Participant's employment or service with the Company terminates by reason of death or Disability, any remaining Restriction Period shall terminate and, except as otherwise provided in this Section 8, the Participant shall receive payment in accordance with Section 8.4.

9. STOCK APPRECIATION RIGHTS.

9.1 Grant of Stock Appreciation Rights. Subject to the terms of the Plan, any Option granted under the Plan may include a SAR, either at the time of grant or by amendment except that in the case of an Incentive Stock Option, such SAR shall be granted only at the time of grant of the related Option. The Committee may also award to Participants SARs independent of any Option. A SAR shall be subject to such terms and conditions not inconsistent with the Plan as the Committee shall impose.

9.2 Vesting. A SAR granted in connection with an Option shall become exercisable, be transferable and shall lapse according to the same vesting schedule, transferability and lapse rules that are established by the Committee for the Option. A SAR granted independent of an Option shall become exercisable, be transferable and shall lapse in accordance with a vesting schedule, transferability and lapse rules established by the Committee. Notwithstanding the above, a SAR shall not be exercisable by a person subject to Section 16(b) of the Exchange Act for at least six (6) months following the date the SAR is granted.

9.3 Failure to Exercise. If on the last day of the Option period (or in the case of a SAR independent of an Option, the SAR period established by the Committee), the Fair Market Value of the Stock exceeds the Exercise Price, the Participant has not exercised the Option or SAR, and neither the Option nor the SAR has lapsed, such SAR shall be deemed to have been exercised by the Participant on such last day and the Company shall make the appropriate payment therefor.

9.4 Payment. The amount of additional compensation which may be received pursuant to the award of one SAR is the excess, if any, of the Fair Market Value of one share of Class A Common Stock on the Appreciation Date over the Exercise Price, in the case of a SAR granted in connection with an Option, or the Fair Market Value of one (1) share of Class A Common Stock on the date the SAR is granted, in the case of a SAR granted independent of an Option. The Company shall pay such excess in cash, in shares of Class A Common Stock valued at Fair Market Value, or any combination thereof, as determined by the Committee. Fractional shares shall be settled in cash.

9.5 Designation of Appreciation Date. A Participant may designate an Appreciation Date at such time or times as may be determined by the Committee at the time of grant by filing an irrevocable written notice with the Committee or its designee, specifying the number of SARs to which the Appreciation Date relates, and the date on which such SARs were awarded. Such time or times determined by the Committee may take into account any applicable window periods required by Rule 16b-3 under the Exchange Act.

9.6 Expiration. Except as otherwise provided in the case of SARs granted in connection with Options, the SARs shall expire on a date designated by the Committee which is not later than ten (10) years after the date on which the SAR was awarded.

10. OTHER STOCK-BASED AWARDS

Awards of shares of Class A Common Stock, stock appreciation rights, phantom stock and other awards that are valued in whole or in part by reference to, or otherwise based on, Class A Common Stock, may also be made, from time to time, to Eligible Individuals as may be selected by the Committee. Such awards may be made alone or in addition to or in connection with any Option, Restricted Stock Unit or any other award granted hereunder. The Committee may determine the terms and conditions of any such award. Each award shall be evidenced by an agreement between the Eligible Individual and SBA which shall specify the number of shares of Class A Common Stock subject to the award, any consideration therefor, any vesting or performance requirements and such other terms and conditions as the Committee shall determine.

11. RECAPITALIZATION, CHANGE IN CONTROL AND OTHER CORPORATE EVENTS

11.1 Recapitalization. If the outstanding shares of Class A Common Stock are increased or decreased or changed into or exchanged for a different number or kind of shares or other securities of SBA by reason of any recapitalization, or reclassification, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock of SBA or other increase or decrease in such shares effected without receipt of consideration by SBA occurring after the Effective Date, a corresponding appropriate and proportionate adjustment shall be made by the Committee (i) in the aggregate number and kind of shares of Class A Common Stock available under the Plan, (ii) in the number and kind of shares of Class A Common Stock issuable upon exercise or vesting of an outstanding Award or upon termination of the Restriction Period applicable to a Restricted Stock Unit granted under the Plan, and (iii) in the Exercise Price per share of outstanding Options granted under the Plan.

11.2 Reorganization. Unless otherwise provided in an Award Agreement, in the event of a Reorganization of SBA, the Committee may, in its sole and absolute discretion, provide on a case-by-case basis that some or all outstanding Awards shall become immediately exercisable, vested or entitled to payment. In the event of a Reorganization of SBA the Committee may, in its sole and absolute discretion, provide on a case-by-case basis that Options shall terminate upon the Reorganization, provided however, that Optionee shall have the right, immediately prior to the occurrence of such Reorganization and during such reasonable period as the Committee in its sole discretion shall determine and designate, to exercise any vested Option in whole or in part. In the event that the Committee does not terminate an Option upon a Reorganization of SBA then each outstanding Option shall upon exercise thereafter entitle the holder thereof to such number of shares of Class A Common Stock or other securities or property to which a holder of shares of Class A Common Stock would have been entitled to upon such Reorganization.

11.3 Change in Control.

11.3.1 In the event of a Change in Control, notwithstanding any vesting schedule provided for hereunder or by the Committee with respect to any Award, such Award shall become immediately vested and, to the extent applicable, exercisable for such period of time specified in the Award Agreement with respect to one hundred percent (100%) of the shares subject to such Award.

11.3.2 In the event of a Change in Control, all incomplete Award Periods in effect on the date the Change in Control occurs shall end on the date of such change, and the Committee shall, (i) determine the extent to which Performance Criteria with respect to each such Award Period have been met based upon such audited or unaudited financial information then available as it deems relevant, (ii) cause to be paid to each Participant partial or full Awards with respect to Performance Criteria for each such Award Period based upon the Committee's determination of the degree of attainment of Performance Criteria, and (iii) cause all previously deferred Awards to be settled in full as soon as possible.

11.3.3 The obligations of SBA under the Plan shall be binding upon any successor corporation or organization resulting from the merger, consolidation or other reorganization of SBA, or upon any successor corporation or organization succeeding to substantially all of the assets and business of SBA. The Company agrees that it will make appropriate provisions for the preservation of Participant's rights under the Plan in any agreement or plan which it may enter into or adopt to effect any such merger, consolidation, reorganization or transfer of assets.

11.4 Change in Status of a Subsidiary. Unless otherwise provided in an Award Agreement, in the event that a subsidiary of SBA ceases to be a subsidiary whose financial statements are consolidated with the financial statements of SBA in accordance with generally accepted accounting principles, the Committee may, in its sole and absolute discretion, on a case-by-case basis (i) provide that some or all outstanding Awards held by a Participant employed by or performing service for such subsidiary may become immediately exercisable, vested or entitled to payment or (ii) treat the Award as terminated, in which case the Participant shall no longer be entitled to exercise or payment of the Award in accordance with the Plan, but only if such Participant is not employed by SBA or any subsidiary immediately after such event.

11.5 Adjustments. Adjustments under this Section 11 related to stock or securities of SBA shall be made by the Committee whose determination in that respect shall be final, binding, and conclusive. No fractional shares of Class A Common Stock or units of other securities shall be issued pursuant to any such adjustment, and any fractions resulting from any such adjustment shall be eliminated in each case by rounding downward to the nearest whole share or unit.

11.6 No Limitations. The grant of an Award pursuant to the Plan shall not affect or limit in any way the right or power of SBA to make adjustments, reclassifications, reorganizations or changes of its capital or business structure or to merge, consolidate, dissolve or liquidate, or to sell or transfer all or any part of its business or assets.

12. REQUIREMENTS OF LAW

12.1 Violations of Law. The Company shall not be required to sell or issue any shares of Class A Common Stock under any Award if the sale or issuance of such shares would constitute a violation by the individual holding the Award, the Participant or the Company of any provisions of any law or regulation of any governmental authority, including without limitation any federal or state securities laws or regulations. Any determination in this connection by the Committee shall be final, binding, and conclusive. The Company shall not be obligated to take any affirmative action in order to cause the exercisability or vesting of an Option, the exercise of an Option or the issuance of shares pursuant to the exercise of an Option or expiration of a Restriction Period to comply with any law or regulation of any governmental authority.

12.2 Registration. At the time of any exercise of any Option or receipt of Class A Common Stock pursuant to an Award, SBA may, if it shall determine it necessary or desirable for any reason, require the Participant (or Participant's heirs, legatees or legal representative, as the case may be), as a condition to the exercise or grant thereof, to deliver to SBA a written representation of present intention to hold the shares for their own account as an investment and not with a view to, or for sale in connection with, the distribution of such shares, except in compliance with applicable federal and state securities laws with respect thereto. In the event such representation is required to be delivered, an appropriate legend may be placed upon each certificate delivered to the Participant (or Participant's heirs, legatees or legal representative, as the case may be) upon his or her exercise of part or all of the Option or receipt of Class A Common Stock and a stop transfer order may be placed with the transfer agent. Each Award shall also be subject to the requirement that, if at any time SBA determines, in its discretion, that the listing, registration or qualification of the shares subject to the Award upon any securities exchange or under any state or federal law, or the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the issuance or purchase of the shares thereunder, the Option may not be exercised in whole or in part and the Class A Common Stock may not be issued unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to SBA in its sole discretion.

12.3 Withholding. The Committee may make such provisions and take such steps as it may deem necessary or appropriate for the withholding of any taxes that the Company is required by any law or regulation of any governmental authority, whether federal, state or local, domestic or foreign, to withhold in connection with the exercise of any Option or the grant of Class A Common Stock pursuant to an Award, including, but not limited to: (i) the withholding of delivery of shares of Class A Common Stock until the holder reimburses the Company for the amount the Company is required to withhold with respect to such taxes, (ii) the canceling of any number of shares of Class A Common Stock issuable in an amount sufficient to reimburse the Company for the amount it is required to so withhold, (iii) withholding the amount due from any such person's wages or compensation due to such person, or (iv) requiring the Participant to pay the Company cash in the amount the Company is required to withhold with respect to such taxes.

12.4 Section 16 Persons. Notwithstanding any other provision of the Plan, the Plan, and any Award granted or awarded to any individual who is then subject to Section 16 of the Exchange Act, shall be subject to any additional limitations set forth in any applicable exemptive rule under Section 16 of the Exchange Act (including any amendment to Rule 16b-3 of the Exchange Act) that are requirements for the application of such

exemptive rule. To the extent permitted by applicable law, the Plan and Awards granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such applicable exemptive rule.

12.5 Governing Law. This Plan shall be governed by, and construed and enforced in accordance with, the laws of the State of Florida.

13. AMENDMENT AND TERMINATION OF THE PLAN

The Committee may, at any time and from time to time, amend, suspend or terminate the Plan as to any shares of Class A Common Stock as to which Awards have not been granted; *provided, however*, that the approval by a majority of the votes present and entitled to vote at a duly held meeting of the shareholders of SBA at which a quorum representing a majority of all outstanding voting stock is, either in person or by proxy, present and voting on the amendment, or by written consent in accordance with applicable state law and the Articles of Incorporation and Bylaws of SBA shall be required for (i) any amendment that changes the requirements as to Eligible Individuals to receive Awards under the Plan, (ii) any amendment that increases the maximum number of shares of Class A Common Stock in the aggregate that may subject to Awards that are granted under the Plan (except as permitted under Section 11 hereof), or (iii) any amendment, if approval of such amendment is necessary to comply with federal or state law (including without limitation Section 162(m) of the Code and Rule 16b-3 under the Exchange Act) or with the rules of any stock exchange or automated quotation system on which the Class A Common Stock may be listed or traded. Except as permitted under Section 11 hereof, no amendment, suspension or termination of the Plan shall, without the consent of the holder of an Award, alter or impair rights or obligations under any Award theretofore granted under the Plan.

14. PROVISIONS APPLICABLE TO COVERED EMPLOYEES

14.1 Awards. Notwithstanding anything in the Plan to the contrary, the Committee may grant any Award to a Covered Employee. The Committee, in its discretion, may determine whether an Award is to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code. To the extent necessary to comply with the performance-based compensation requirements of Section 162(m)(4)(C) of the Code, with respect to any Award granted pursuant to the Plan which may be granted to one or more Covered Employees, no later than ninety (90) days following the commencement of any fiscal year in question or any other designated fiscal period or period of service (or such other time as may be required or permitted by Section 162(m) of the Code, the Committee shall, in writing, (i) designate one or more Covered Employees, (ii) select the Performance Criteria applicable to the fiscal year or other designated fiscal period or period of service, (iii) establish the various performance targets, in terms of an objective formula or standard, and amounts of such Awards, as applicable, which may be earned for such fiscal year or other designated fiscal period or period of service and (iv) specify the relationship between Performance Criteria and the performance targets and the amounts of such Awards, as applicable, to be earned by each Covered Employee for such fiscal year or other designated fiscal period or period of service. Following the completion of each fiscal year or other designated fiscal period or period of service, the Committee shall certify in writing whether the applicable performance targets have been achieved for such fiscal year or other designated fiscal period or period of service. In determining the amount earned by a Covered Employee, the Committee shall have the right to reduce (but not to increase) the amount payable at a given level of performance to take into account additional factors that the

Committee may deem relevant to the assessment of individual or corporate performance for the fiscal year or other designated fiscal period or period of service.

14.2 **Limitations.** Furthermore, notwithstanding any other provision of the Plan or any Award which granted to a Covered Employee and is intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall be subject to any additional limitations set forth in Section 162(m) of the Code (including any amendment to Section 162(m) of the Code) or any regulations or rulings issued thereunder that are requirements for qualification as performance-based compensation as described in Section 162(m)(4)(C) of the Code, and the Plan shall be deemed amended to the extent necessary to conform to such requirements.

14.3 **Maximum Awards.** The maximum number of shares of Class A Common Stock that may be granted during any calendar year to a Covered Employee shall be Five Hundred Thousand (500,000).

15. OWNERSHIP AND TRANSFER RESTRICTIONS

The Committee, in its sole discretion, may impose such restrictions on the ownership and transferability of the shares purchasable upon the exercise of an Option at its deems appropriate. Any such restriction shall be set forth in the respective Award Agreement and may be referred to on the certificates evidencing such shares. The holder shall give SBA prompt notice of any disposition of shares of Class A Common Stock acquired by exercise of an Incentive Stock Option within (a) two years from the date of granting (including the date the Option is modified, extended or renewed for purposes of Section 424(h) of the Code) such Option to such holder or (b) one year after the transfer of such shares to such holder.

16. LIMITATIONS ON RE-PRICING AND EXCHANGE OF OPTIONS

The approval by a majority of the votes present and entitled to vote at a duly held meeting of the shareholders of SBA at which a quorum representing a majority of all outstanding voting stock is, either in person or by proxy, present and voting on the matter, or by written consent in accordance with applicable state law and the Articles of Incorporation and Bylaws of SBA shall be required for (i) the re-pricing of any Option granted under the Plan, or (ii) the exchange of any outstanding Option granted under the Plan for a new Option with an Exercise Price that is lower than the Exercise Price of the Option that is surrendered by the Optionee.

17. SBA S RIGHT TO PURCHASE OPTION STOCK AND VESTED SHARES

SBA shall have the right to repurchase any Award Shares issued pursuant to an Award Agreement following the termination of the employment or service of the holder of the Award Shares with SBA for any reason. The price for repurchasing the Award Shares shall be paid in

cash and shall be equal to the Fair Market Value of such shares. Should SBA fail to exercise such repurchase right within ninety (90) days following the later of (i) the Award holder's termination of employment or service or (ii) the date the Class A Common Stock was issued, SBA shall be deemed to have waived such right.

18. DISCLAIMER OF RIGHTS

No provision in the Plan, any Award granted or any Award Agreement entered into pursuant to the Plan shall be construed to confer upon any individual the right to remain in the employ of the Company or to interfere in any way with the right and authority of the Company either to increase or decrease the compensation of any individual, including any Participant, at any time, or to terminate any employment or other relationship between any individual and the Company. A holder of an Award shall not be deemed for any purpose to be a stockholder of the Company with respect to such Award except to the extent that such Award shall have been exercised with respect thereto and, in addition, a stock certificate shall have been issued theretofore and delivered to the holder, or except as expressly provided by the Committee in writing. No adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions or other rights for which the record date is prior to the date such stock certificate is issued, except as expressly provided in Section 11 hereof.

19. NONEXCLUSIVITY OF THE PLAN

The adoption of the Plan shall not be construed as creating any limitations upon the right and authority of the Committee to adopt such other incentive compensation arrangements (which arrangements may be applicable either generally to a class or classes of individuals or specifically to a particular individual or individuals) as the Committee in its discretion determines desirable, including, without limitation, the granting of stock options or stock appreciation rights other than under the Plan.

20. SEVERABILITY

If any provision of the Plan or any Award Agreement shall be determined to be illegal or unenforceable by any court of law in any jurisdiction, the remaining provisions hereof and thereof shall be severable and enforceable in accordance with their terms, and all provisions shall remain enforceable in any other jurisdiction.

21. NOTICES

Any communication or notice required or permitted to be given under the Plan shall be in writing, and mailed by registered or certified mail or delivered by hand, if to SBA, to its principal place of business, attention: Stock Option Administrator, and if to the Participant, to the address of the Participant as appearing on the records of the Company.
