PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

ENERGY FOCUS, INC.
32000 AURORA ROAD, SUITE B
SOLON, OHIO 44139

INFORMATION CONCERNING SOLICITATION AND VOTING OF PROXIES

General

The enclosed proxy is solicited on behalf of the Board of Directors of Energy Focus, Inc., a Delaware corporation (“Energy Focus” or the “Company”), for use at the Annual Meeting of Stockholders (the “Annual Meeting”) to be held on Wednesday, June 15, 2016 at 9:00 A.M., local time, or at any adjournments or postponements thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at the principal executive offices of Energy Focus, Inc., 32000 Aurora Road, Suite B, Solon, Ohio 44139.

The cost of soliciting these proxies will be borne by the Company. Regular employees and directors of the Company may solicit proxies in person, by telephone, by mail, or by email. No additional compensation will be given to employees or directors for such solicitation. The Company will request brokers and nominees who hold shares of common stock, par value \$.0001 per share, of Energy Focus (“Common Stock”) in their names to furnish proxy material to the beneficial owners of such shares and will reimburse such brokers and nominees for their reasonable expenses incurred in forwarding solicitation material to such beneficial owners.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use either by delivering a written notice of revocation or a duly executed proxy bearing a later date to Energy Focus, Inc., Attention: Secretary, 32000 Aurora Road, Suite B, Solon, Ohio 44139 or by attending the Annual Meeting and voting in person. If a proxy is properly signed and not revoked, the shares it represents will be voted in accordance with the instructions of the stockholder. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to revoke your proxy or vote at the Annual Meeting, you must follow the instructions provided to you by the record holder and/or obtain from the record holder a proxy issued in your name. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

Record Date and Share Ownership

Only stockholders of record at the close of business on April 20, 2016 (the “Record Date”), will be entitled to notice of and to vote at the Annual Meeting and any adjournments or postponements thereof. The Company had 11,652,739 shares of Common Stock issued and outstanding as of the Record Date.

Voting

Each share of Common Stock held as of the Record Date entitles its holder to one vote on each matter to be acted upon at the Annual Meeting. The presence at the Annual Meeting, either in person or by proxy, of the holders of a majority of the aggregate number of shares of Common Stock outstanding on the Record Date will represent a quorum permitting the conduct of business at the meeting. If you are a beneficial owner of shares that are held in “street name” (meaning a broker, trustee, bank or other nominee holds shares on your behalf), you must instruct your broker as to how to vote your shares on the proposal to elect directors presented in this proxy statement. Failure to do so may

result in a “broker non-vote” because a broker does not have discretion to vote on your behalf with respect to the election of directors at the Annual Meeting. Any proxies received by the Company marked as abstentions or broker non-votes will be included in the calculation of whether a quorum is present at the Annual Meeting.

The eight nominees receiving the greatest number of votes “for” election will be elected as directors. If you do not vote for a particular director nominee, or if you indicate “withhold authority” for a particular nominee on your proxy form, your vote will not have an effect on the outcome of the election of directors. Broker non-votes also will not have an effect on the outcome of the election of directors.

The shares represented by the proxies received, properly marked, dated, signed and not revoked will be voted at the Annual Meeting. Where such proxies specify a choice with respect to the election of directors, the shares will be voted in accordance with the specifications made. Any proxy in the enclosed form which is returned but is not marked will be voted FOR the election of the eight nominees for director listed in this Proxy Statement.

PROPOSAL NO. 1: ELECTION OF DIRECTORS

Nominees

The Company's Bylaws provide that the number of directors of the Company shall be no less than five and no more than nine, with the exact number within such range to be fixed by the Board of Directors. The Board of Directors has fixed the number of directors at eight and has recommended and nominated the eight nominees listed below, each of which is a current director.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the eight nominees named below, regardless of whether any other names are placed in nomination by anyone other than one of the proxy holders. If the candidacy of any one or more of such nominees should, for any reason, be withdrawn, the proxy holders will vote in favor of the remainder of those nominated and for such substituted nominees, if any, as shall be designated by the Board of Directors. Please note that if the candidacy of one or more nominees should be withdrawn, the Board may reduce the number of directors to be elected at this time. The Board of Directors has no reason to believe that any of the persons named will be unable or unwilling to serve as a nominee or as a director if elected.

If a quorum is present in person or by proxy at the Annual Meeting, the eight nominees receiving the highest number of votes will be elected as directors at the Annual Meeting to serve until the next annual meeting or until their respective successors are duly elected or appointed.

Board of Directors Recommendation

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR EACH OF THE NOMINEES LISTED ABOVE.

Corporate Governance

Director Independence

The Board of Directors has determined that each of the following current directors is independent within the meaning of the listing standards of The NASDAQ Stock Market:

Ronald D. Black
William Cohen
Glenda Dorchak
Marc J. Eisenberg
Jiangang Luo
Michael R. Ramelot

In this Proxy Statement these current directors and director nominees are referred to individually as an “Independent Director” and collectively as the “Independent Directors.”

Board Meetings and Committees Annual Meeting Attendance

The Board of Directors held a total of eight meetings during the fiscal year ended December 31, 2015. All directors attended at least 75% of the aggregate number of meetings of the Board of Directors and of the committees on which such directors served.

The Company does not have a policy regarding attendance by the directors at the Company’s Annual Meeting. James Tu, Executive Chairman and Chief Executive Officer, was the only director then serving present at the last Annual Meeting held July 22, 2015.

Compensation Committee

The Company has a standing Compensation Committee of the Board of Directors, currently consisting of Dr. Black, as chairman, Mr. Cohen and Ms. Dorchak. Each of the members of the Compensation Committee is an Independent Director and is also independent under the criteria established by NASDAQ for compensation committee membership. Compensation Committee held three meetings in 2015. The Board has approved a charter for the Compensation Committee. A copy of this charter can be found on the Company’s website at <http://www.energyfocusinc.com>.

The Compensation Committee reviews and recommends to the Board corporate goals and objectives relevant to compensation of the Chief Executive Officer, evaluates his performance in light of such goals and objectives, and recommends to the Board for approval his compensation level based on this evaluation; develops and recommends to the Board compensation arrangements for other executive officers of the Company, reviews and recommends to the Board incentive compensation plans and equity-based plans, and administers such plans; reviews and recommends to the Board all other employee benefit plans for the Company; and reviews and makes recommendations to the Board regarding compensation of the Board of Directors. The authority of the Compensation Committee may be delegated to a subcommittee of the Compensation Committee, consisting of one or more directors. The Chief Executive Officer may provide recommendations regarding compensation of other executive officers. The Compensation Committee is empowered to retain consultants for advice on compensation matters.

No director currently serving on the Compensation Committee is or has been an officer or employee of the Company or any of the Company’s subsidiaries. No interlocking relationships exist between our Board of Directors or Compensation Committee and the board of directors or compensation committee of any other entity, nor has any

interlocking relationship existed in the past.

Audit and Finance Committee

The Company's Audit and Finance Committee acts as the standing audit committee of the Board of Directors. The Audit and Finance Committee of the Board of Directors, which currently consists of Mr. Ramelot, as chairman, Mr. Eisenberg and Ms. Dorchak, held six meetings in 2015. Each of the members of the Audit and Finance Committee is an Independent Director and is also independent under the criteria established by the SEC and NASDAQ for audit committee membership. The Board of Directors has determined that Mr. Ramelot is an "audit committee financial expert," as defined under the rules of the SEC. The Board has approved a charter for the Audit and Finance Committee. A copy of this charter can be found on the Company's website at <http://www.energyfocusinc.com>.

The Audit and Finance Committee's primary functions are to assist the Board of Directors in its oversight of the integrity of the Company's financial statements and other financial information, the Company's compliance with legal and regulatory requirements, the qualifications, independence and performance of the Company's independent registered public accounting firm. Other specific duties and responsibilities of the Audit and Finance Committee are to: appoint, compensate,

evaluate and, when appropriate, replace the Company's independent registered public accounting firm; review and pre-approve audit and permissible non-audit services; review the scope of the annual audit; monitor the independent registered public accounting firm's relationship with the Company; and meet with the independent registered public accounting firm and management to discuss and review the Company's financial statements, internal controls, and auditing, accounting and financial reporting processes.

Director Nominations

We do not have a standing nominating committee or a nominating committee charter. Acting upon the nomination recommendations of our Independent Directors as required by the NASDAQ Stock Market rules, the Board as a whole nominates directors for election at each annual meeting, and elects new directors to fill vacancies when they arise. We believe that, considering the size of the Company and our Board composition, nominating recommendations can be made effectively and efficiently by our Independent Directors without the need for a formal committee or charter.

The Board selects candidates for directors based on their character, judgment, diversity of experience, business acumen, and ability to act on behalf of all stockholders. While the Board does not have a formal policy with respect to the consideration of diversity, it believes that its membership should be composed of experienced and dedicated individuals with diversity of backgrounds, perspectives and skills. The Board believes that nominees for directors should have experience, such as experience in management or accounting and finance, or industry and technology knowledge that may be useful to the Company and the Board, high personal and professional ethics, and the willingness and ability to devote sufficient time to effectively carry out his or her duties as a director.

The Board will consider various candidates for Board membership, including those suggested by other Board members, by any executive search firm engaged by the Board, and by stockholders. A stockholder who wishes to suggest a prospective nominee for the Board to consider should notify the Secretary of the Company or any member of the Board in writing, with any supporting material the stockholder considers appropriate, at the following address: Energy Focus, Inc., 32000 Aurora Road, Suite B, Solon, Ohio 44139.

Board Leadership Structure and Role in Risk Oversight

Mr. Tu currently serves as both Chief Executive Officer and Executive Chairman of the Board. The Board does not have a formal policy on whether the roles of Chief Executive Officer and Chairman should be separate, but believes at this time that the Company and its stockholders are best served by its current leadership structure. Combining the roles of Chief Executive Officer and Chairman fosters accountability, effective decision-making and alignment between interests of the Board and management. In March 2016, the Board of Directors determined to establish a Lead Director position to serve as a liaison between the Independent Directors and the Chairman and the Chief Executive Officer and the full Board, consult with and advise the Chairman regarding Board matters, call and chair meetings of Independent Directors and chair meetings of the Board when the Chairman is not present. The Board of Directors elected Dr. Black to serve as Lead Director.

It is management's responsibility to manage risk and bring material risks to the attention of the Board. The Board administers its risk oversight role by reviewing strategic, financial and execution risks and exposures associated with the Company's operations and financial condition; litigation and other matters that may present material risk to our operations, plans, prospects or reputation; acquisitions and divestitures; and senior management succession planning. This oversight role is performed directly and through the committee structure and the committees' regular reports to the Board of Directors. The Audit and Finance Committee reviews risks associated with financial and accounting matters, including financial reporting, accounting, disclosure, internal controls over financial reporting and ethics and compliance programs. The Compensation Committee reviews risks related to executive compensation and the design of compensation programs, plans and arrangements.

We calculate the grant date fair value of stock option grants using the Black-Scholes option pricing model. A discussion of the assumptions used in calculating the fair value is set forth in Note 11 to the Consolidated Financial Statements contained in Item 8 of the Annual Report on Form 10-K filed with the SEC on March 10, 2016.

Narrative Disclosure to Summary Compensation Table

The Compensation Committee (the “Committee”) of our Board of Directors generally has the responsibility of administering our executive compensation program or making recommendations to the full Board with respect to such program. The Committee reviews and, as appropriate, makes recommendations to the full Board regarding the base salaries and annual cash bonuses for executive officers, and administers our stock incentive plans, including the grants of stock options.

Compensation philosophy and objectives

Our principal executive compensation policy, which has been endorsed by the Committee, is to provide a compensation program that will attract, motivate and retain persons of high quality and will support a long-standing internal culture of loyalty and dedication to the interests of the Company and our stockholders. In administering the executive compensation program, the Committee is mindful of the following principles and guidelines, which are supported by the full Board:

• Base salaries for executive officers should be competitive.

• A sufficient portion of annual compensation should be at risk in order to align the interests of executives with those of our stockholders.

• The variable part of annual compensation should reflect both individual and corporate performance.

As a person’s level of responsibility increases, a greater portion of total compensation should be at risk and include more stock-based compensation to provide executives long-term incentives, and help to align further the interests of executives and stockholders in the enhancement of stockholder value.

Executive officer compensation has three primary components: base salary, bonuses granted under a bonus or cash incentive plan, and stock-based awards granted pursuant to our 2014 Stock Incentive Plan. In addition, executive officers receive certain benefits that are generally available to all salaried employees. We do not have any defined benefit pension plans, non-qualified deferred compensation arrangements, or supplemental retirement plans for our executive officers.

For each executive officer's compensation for 2014 and 2015, the Committee determined the appropriate level for each compensation component based in part, but not exclusively, on its view of competitive market factors, internal equity and consistency, and other considerations deemed relevant, such as rewarding extraordinary performance. Our Executive Chairman and Chief Executive Officer provided the Committee with recommendations for executive officers other than himself, which the Committee reviewed and approved for submission to the Board of Directors as submitted or with revisions, if any. We have not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid compensation, between cash and non-cash compensation, or among different forms of non-cash compensation, and did not formally benchmark our compensation against that of our peers with respect to 2014 or 2015 compensation.

Base salary

Salaries for executive officers have been set based on a review of salaries for similar positions requiring similar qualifications in similar industries. In recommending executive officer salaries, the Committee approved the use by management of information from salary surveys.

The Committee recommended executive officer base salary levels so as to be competitive with amounts paid to executives performing similar functions in comparable-size, non-durable manufacturing companies. The amount of each executive’s annual increase in base salary, if any, was based on a number of largely subjective factors, including changes in the individual’s duties and responsibilities, the personal performance of such executive officer, the

performance of the Company, cost-of-living increases, and such other factors as the Committee deemed appropriate, including the individual's overall mix between fixed and variable compensation and between cash and stock-based compensation.

The Executive Chairman and Chief Executive Officer annually assesses the performance of all other executive officers and recommended salary increases to the Committee based on a number of factors such as performance evaluations, comparative data and other relevant factors. The Committee then reviewed the Executive Chairman and Chief Executive Officer's recommendations, considered Company performance and financial condition, and recommended to the Board of Directors for approval, the increases for the other officers of the Company.

With respect to Ms. Miller, in 2015, her annual base salary was set at \$132,000 when she was appointed Interim Chief Financial Officer and then increased to \$200,000 upon her appointment as Chief Financial Officer effective July 24, 2015. Mr. Tu's and Mr. Hilliard's salaries were each increased by 20% in 2015, to \$300,000 and \$240,000, respectively, as a result of the factors discussed above.

Cash incentive plan

In 2015, a cash incentive plan was established for executive management.

The executive officers were each eligible for an incentive payment of up to the following percentages of his or her 2015 salary, to be determined by the Board of Directors based upon the financial results of 2015 with respect to 80% of such amount and individual performance for the year with respect to 20% of such amount:

	Incentive Payment as a % of Base Salary (1)		
	Minimum	Target	Maximum
James Tu	30%	60%	120%
Eric Hilliard	30%	60%	120%
Marcia Miller	15%	30%	60%

(1) Based on the annual salary rate for the year, other than for Ms. Miller, whose base salary was pro-rated to reflect her salary increase upon appointment as Chief Financial Officer.

The incentive payment levels listed above were payable based on the achievement of the following financial performance metrics:

	Minimum	Target	Maximum
Net Operating Income (50%)	\$2,823,200	3,529,000	5,293,500
Total Revenue (Sales) (30%)	\$42,808,800	53,511,000	80,266,500

Based on the financial results achieved by the Company of net operating income of \$9.6 million and total revenue of \$64.4 million, on February 25, 2016, the Board approved bonus payments of \$327,600, or approximately 109% of salary, for Mr. Tu, \$262,080, or approximately 109% of salary, for Mr. Hilliard, and \$94,017, or approximately 55% of salary, for Ms. Miller for 2015, which took into account the factors set forth in the Company’s cash incentive plan as described above.

Discretionary bonuses

The Committee may from time to time award a discretionary annual cash bonus to executive officers, in the amounts and based on the factors determined by the Committee. The bonus awards may be based on an executive officer’s individual performance or on the overall success of the Company, or both.

No discretionary bonuses were awarded in 2015, other than the \$8,377 paid to Ms. Miller with respect to her service as Interim Chief Financial Officer.

Stock options

The Committee believes that employee equity ownership provides significant motivation to executive officers to maximize value for the Company’s stockholders and, therefore; periodically grants time-based stock options under the Company’s stock incentive plans at the then current market price. On May 6, 2014, the Board approved the Energy Focus, Inc. 2014 Stock Incentive Plan (the “2014 Plan”). The 2014 Plan was approved by the stockholders at our annual meeting on July 15, 2014, after which no further awards could be issued under the Energy Focus, Inc. 2008 Incentive Stock Plan (the “2008 Plan”). The Committee administers both stock incentive plans.

The Committee grants, or recommends to the Board to grant, options to executive officers after consideration of recommendations from the Executive Chairman and Chief Executive Officer. Recommendations for options are based upon the relative position, responsibilities, and previous and expected contributions of each officer, previous option

grants to such officers and customary levels of option grants for the respective position in other comparable companies. The exercise price for stock options is equal to the fair market value of our Common Stock on the grant date. Stock options generally vest over a three-year period with 33% vesting one year from the date of grant and the remaining 67% vesting equally on a monthly basis over the remaining 24 months. Options expire 10 years from the date of grant. Generally, upon a Change in Control (as defined in the 2008 Plan), all stock options granted will immediately vest, and all restrictions on restricted shares granted to the Company's employees and independent directors will lapse. Under the 2014 Plan, upon a Change of Control (as defined in such plan) all outstanding unvested stock options become fully vested and exercisable if not assumed, or substituted with a new award, by the successor to the Company and, if such awards are assumed or substituted by the successor to the Company, they become fully exercisable and vested if the option holder's employment is terminated (other than a termination for cause) within two years following a Change of Control. If an option holder's employment is terminated within two years after a Change of Control for any reason other than death, retirement, disability or termination for cause, each outstanding

stock option that is vested following such termination will remain exercisable until the earlier of the third anniversary of termination or the expiration of the term of the stock option.

In addition to the annual grants, in September 2015, Ms. Miller received a grant of an option to purchase 10,000 shares in connection with her appointment as the Chief Financial Officer, following her service as the Interim Chief Financial Officer from February through July 2015.

Section 162(m)

Section 162(m) of the Internal Revenue Code (“IRC Sec. 162(m)”) generally disallows a tax deduction to public corporations for compensation in excess of \$1 million paid to a company’s Chief Executive Officer, or to any of the company’s other three most highly compensated executive officers (other than the Chief Financial Officer), for any fiscal year. IRC Sec. 162(m) generally exempts qualifying performance-based compensation from the deduction limit if certain conditions are met. In determining base salary, benefits, perquisites and other compensation, the Committee considers tax deductibility. However, a more important goal of the Committee is to offer compensation that is competitive within our peer group.

Employment Agreements with Named Executive Officers

We do not have employment agreements with any of our current executive officers.

DIRECTOR COMPENSATION

We use a combination of cash and stock-based awards to attract and retain qualified candidates to serve on our Board. In setting director compensation, the Board considers the significant amount of time that directors expend in fulfilling their duties, as well as the skill level required.

The following table sets forth the annual cash compensation for non-employee directors for 2015:

Annual Retainer	\$20,000
Additional Annual Retainers:	
Compensation Committee Chairman	\$5,000
Audit and Finance Committee Chairman	\$7,000

We have generally granted option awards to non-employee directors who will continue to serve as members of the Board of Directors on the first business day following the conclusion of each regular annual meeting of the Company's stockholders for each non-employee director. These options were for 5,000 shares for each eligible director, had an exercise price equal to the fair market value of the stock on the date of grant, become exercisable monthly over the 12-month period following the date of grant, and expire the day before the tenth anniversary of the grant date or 12 months after termination of service on the Board. The options vest if a Change in Control occurs with respect to the Company during the optionee's service, as defined by the applicable plan. The Board, at its discretion, may grant options or other equity awards to newly elected directors and additional grants to other directors. In September 2015, the directors who were newly elected at the 2015 annual meeting each received a restricted stock unit grant of 2,500 shares, which will vest on June 1, 2016.

The following table summarizes the total compensation paid to non-employee directors for the year ended December 31, 2015:

Name	Fees Earned or Paid in Cash (\$)	Stock Awards (\$)(1)	Option Awards (\$)(2)	Total (\$)

Eisenberg and Luo and Ms. Dorchak held 2,500 unvested restricted stock units as of December 31, 2015.

Under SEC rules, the values reported reflect the aggregate grant date fair values computed in accordance with FASB ASC Topic 718. We calculate the grant date fair value of stock option grants using the Black-Scholes option pricing model. A discussion of the assumptions used in calculating the fair value is set forth in Note 11 to the (2) Consolidated Financial Statements contained in Item 8 of the Annual Report on Form 10-K filed with the SEC on March 10, 2016. The number of outstanding options held by each non-employee director as of December 31, 2015 was as follows: Mr. Cohen - 10,000 and Mr. Ramelot - 15,000.

Such officers, directors, and 10% stockholders are also required by SEC rules to furnish us with copies of all those reports that they file.

Based solely on our review of such reports filed with the SEC and written representations from the reporting persons, we believe we were in compliance with all filing requirements applicable to our executive officers and directors for 2015, except that John Davenport, a former director, was late in filing a Form 4 reporting an acquisition of 7,500 shares of our Common Stock through a stock option; and Simon Cheng, a current director, was late in filing a Form 4 reporting an acquisition of 7,500 shares of our Common Stock through a stock option.

With regard to beneficial holders owning more than 10% of our Common Stock as listed under the “Security Ownership of Principal Stockholders and Management” section of this Amendment to our Annual Report, Gina Huang was late in filing a Form 4 reporting a purchase of 200,000 shares of our Common Stock.
