ABOUT THE ONEOK TRUSTS

ONEOK Capital Trust I and ONEOK Capital Trust II (the ONEOK Trusts or the trusts) are identical Delaware statutory trusts formed to raise capital for us by issuing trust preferred securities under this prospectus

Table of Contents

and a prospectus supplement, and investing the proceeds in junior subordinated debentures issued by us. We will directly or indirectly own all of the common securities of the trusts. The common securities will rank equally with, and the trusts will make payments on the common securities in proportion to, the trust preferred securities, except that if an event of default occurs under the declaration of trust of the trusts, our rights, as holder of the common securities, to payments will be subordinated to your rights as holder of the trust preferred securities. We will, directly or indirectly, acquire common securities in an aggregate liquidation amount equal to three percent of the total capital of the trusts.

As holder of the common securities of the trusts, we are entitled to appoint, remove or replace any of, or increase or decrease the number of, the trustees of our trusts provided that the number of trustees shall be at least two. The business and affairs of each trust will be conducted by the trustees we appoint. The trustees' duties and obligations under each trust are governed by the declaration of trust. Prior to the issuance of any trust preferred securities, we will ensure that one trustee of the trust is a financial institution, will not be an affiliate of ours and will act as property trustee and indenture trustee for purposes of the Trust Indenture Act of 1939, as amended (the Trust Indenture Act). In addition, unless the property trustee maintains a principal place of business in the State of Delaware and meets the other requirements of applicable law, one trustee of the trust will have its principal place of business or reside in the State of Delaware.

We will pay all of each trust's fees and expenses, including those relating to any offer of trust preferred securities. In addition, we will enter into a guarantee with respect to each series of trust preferred securities under which we will irrevocably and unconditionally agree to make certain payments to the holders of that series of trust preferred securities, subject to applicable subordination provisions, except that the guarantee will only apply when the trust has sufficient funds immediately available to make those payments but has not made them.

The trusts are special purpose entities, have no operating history or independent operations and are not engaged in and do not propose to engage in any activity other than holding our junior subordinated debentures as trust assets and issuing the trust preferred securities. Further, 100% of the outstanding voting securities of the trusts are or will be owned by us, and the trust preferred securities guarantee that we will issue in connection with any issuance of trust preferred securities by the trusts, together with our obligations under the junior subordinated debentures and related agreements and instruments, will in effect constitute a full and unconditional guarantee by us, on a subordinated basis, of payments due on the trust preferred securities. Accordingly, pursuant to Rule 3-10(b) of Regulation S-X under the Securities Act of 1933 and the Securities Exchange Act of 1934, no separate financial statements for the trusts have been included or incorporated by reference in the registration statement and, pursuant to Rule 12h-5 under the Securities Exchange Act of 1934, the trusts will not be subject to the information reporting requirements of the Securities Exchange Act of 1934.

Reference is made to the prospectus supplement relating to the trust preferred securities of each trust for further information concerning that trust.

USE OF PROCEEDS

Unless we inform you otherwise in the prospectus supplement, ONEOK will use the net proceeds from the sale of the offered securities for general corporate purposes. These purposes may include repayment and refinancing of debt, acquisitions, working capital, capital expenditures and repurchases and redemptions of securities. Pending any specific application, we may initially invest funds in marketable securities or apply them to the reduction of short-term indebtedness. Unless we inform you otherwise in the prospectus supplement, the ONEOK Trusts will use the net proceeds from the sale of the trust preferred securities to purchase junior subordinated debentures of ONEOK, which will in turn use the proceeds from the issuance of the junior subordinated debentures for the purposes stated above.

conditions, as determined by us in our sole discretion. On January 28, 2003, we satisfied our obligation by making concurrent public offerings of 12,000,000 million shares of our common stock at a public offering price of \$17.19 per share and 14,000,000 of our 8.50% Equity Units, each with a stated value of \$25 per unit. Upon exercise of the underwriters' over-allotment options on January 30, 2003 and February 7, 2003, respectively, we issued an additional 2,100,000 of our 8.5% Equity Units and an additional 1,800,000 shares of our common stock on the same terms as the original offerings. On February 5, 2003 we used \$300 million to repurchase shares of our Series A Convertible Preferred Stock held by Westar. The price paid for each share of our Series A Convertible Preferred Stock in the repurchase was \$17.19 per share less the per share costs covered by Westar's share of the expenses of the offerings. Simultaneously with the repurchase, we modified the terms of the remaining shares of our Series A Convertible Preferred Stock by exchanging newly issued shares of our Series D Convertible Preferred Stock for all the shares of Series A Convertible Preferred Stock held by Westar that we did not repurchase.

On January 9, 2003, we also entered into a shareholder agreement and a registration rights agreement with Westar. These agreements became effective on February 5, 2003 and replaced the prior shareholder agreement.

In this prospectus, debt securities means the debentures, notes, bonds and other evidences of indebtedness that we will issue under an Indenture that we entered into with SunTrust Bank, as trustee, on December 28, 2001 for the issuance of senior debt or an Indenture to be entered into with SunTrust Bank, as trustee, for the issuance of subordinated debt. In this section, references to Indenture are to either of our indentures, as applicable. Each prospectus supplement that we provide when we offer debt securities will describe the specific terms of the debt securities offered through that prospectus supplement and any general terms outlined in this section that will not apply to those debt securities. Unless otherwise specified in this prospectus, the term debt securities includes senior debt securities and subordinated debt securities and the descriptions of the debt securities describe both the senior debt securities and the subordinated debt securities unless otherwise specified in this prospectus or any prospectus supplement.

We have summarized the material terms and provisions of the Indenture in this section. The summary is not complete. We have filed the form of the Indenture as an exhibit to the registration statement of which this prospectus forms a part. You should read the form of Indenture for additional information before you buy any debt securities. The Indenture is qualified under the Trust Indenture Act. You should refer to the Trust Indenture Act for provisions that apply to the debt securities. This summary also is subject to and qualified by reference to

Table of Contents

the description of the particular terms of the debt securities described in the applicable prospectus supplement or supplements and pricing supplement or supplements. Capitalized terms used but not defined in this summary have the meanings specified in the Indenture.

Debt securities issued under the Indenture will be issued as part of a series that has been established pursuant to a supplemental indenture or other corporate action designating the specific terms of the series of debt securities. A prospectus supplement will describe these terms and will include, among other things, the following:

the title of the debt securities of the particular series and whether the debt securities will be senior debt securities or subordinated debt securities;

the total principal amount of those debt securities and the percentage of their principal amount at which we will issue those debt securities;

the date or dates on which the principal of those debt securities will be payable;

the interest rate, the method for determining the interest rate (if the interest rate is variable), the date from which interest will accrue, interest payment dates and record dates for interest payments;

the place or places where payments on those debt securities will be made, where holders may surrender their debt securities for transfer or exchange and where to serve notices or demands;

any provisions for optional redemption or early repayment;

any provisions that would obligate us to redeem, purchase or repay those debt securities;

any provisions for conversion or exchange of the debt securities;

whether payments on the debt securities of the particular series will be payable by reference to any index, formula or other method;

any deletions from, changes of or additions to the events of default or covenants described in this prospectus;

the portion of the principal amount of those debt securities that will be payable if the maturity is accelerated, if other than the entire principal amount;

any additional means of defeasance of all or any portion of those debt securities, any additional conditions or limitations to defeasance of those debt securities or any changes to those conditions or limitations;

any provisions granting special rights to holders of the debt securities of the particular series upon the occurrence of events identified in the prospectus supplement;

if other than the trustee, the designation of any paying agent or security registrar for those debt securities and the designation of any transfer or other agents or depositories for those debt securities;

whether we will issue the debt securities of the particular series in individual certificates to each holder or in the form of temporary or permanent global securities that a depository will hold on behalf of holders;

the denominations in which we will issue the debt securities of the particular series or in which they may be owned, if other than \$1,000 or any integral multiple of \$1,000;

whether and in what circumstances any additional amounts may be payable on those debt securities to foreign holders; and

any other terms or conditions that are consistent with the Indenture, which may include the applicability of or change in the subordination provisions of the indenture or providing collateral, security, assurance or guarantee for a series of debt securities.

Table of Contents

We may sell the debt securities at a discount (which may be substantial) below their stated principal amount. These discounted debt securities may bear no interest or interest at a rate that at the time of issuance is below market rates. We will describe in the prospectus supplement any material United States federal income tax consequences and other special considerations.

Restrictive Covenants

We have agreed to two principal restrictions on our activities for the benefit of holders of the debt securities. The restrictive covenants summarized below will apply to a series of debt securities (unless waived or amended) as long as any of those debt securities are outstanding, unless the prospectus supplement for the series states otherwise. We have used in this summary description capitalized terms that we have defined below under *Glossary*. In this description of the covenants only, all references to us or we mean ONEOK and our principal subsidiaries, unless the context clearly indicates otherwise. Our principal subsidiaries are those that own or lease a Principal Property.

Other than the restrictions on Liens and Sale/Leaseback transactions described below, the Indenture and the debt securities do not contain any covenants or other provisions designed to protect holders of any debt securities in the event we participate in a highly leveraged transaction. The Indenture and the debt securities also do not contain provisions that give holders of the debt securities the right to require us to repurchase their securities in the event of change-in-control, recapitalization or similar restructuring or otherwise or upon a decline in our credit rating.

For these purposes, *debt* includes all notes, bonds, debentures or similar evidences of obligations for borrowed money.

Limitation on Liens

We have agreed that we will issue, assume or guarantee debt for borrowed money secured by any Lien upon a Principal Property or shares of stock or debt of any principal subsidiary only if we secure the debt securities equally and ratably with or prior to the debt secured by that Lien. If we secure the debt securities in this manner, we have the option to secure any of our other debt or obligations equally and ratably with or prior to the debt secured by the Lien and, accordingly, equally and ratably with the debt securities. This covenant has exceptions that permit:

Liens that exist on the date we first issue a series of debt securities under the Indenture;

Liens on any Principal Property or shares of stock or debt of any entity that constitutes a principal subsidiary existing at the time we merge or consolidate with that entity or acquire its property or at the time the entity becomes a principal subsidiary;

Liens on any Principal Property existing at the time we acquire that Principal Property so long as the Lien does not extend to any of our other Principal Property;

Liens on any Principal Property, and any Lien on the shares of stock of any principal subsidiary formed for the purpose of acquiring that Principal Property, either:

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

securing all or part of the cost of acquiring, constructing, improving, developing or expanding the Principal Property that was incurred before, at or within 12 months after the latest of the acquisition or completion of the assets or their commencing commercial operation; or

securing debt to finance the purchase price of the Principal Property or the cost of constructing, improving, developing or expanding the assets that was incurred before, at or within 12 months after the latest of the acquisition or completion of the assets or their commencing commercial operation;

Liens on any Principal Property or shares of stock or debt of any principal subsidiary to secure debt owed to us;

Table of Contents

Liens securing industrial development, pollution control or other revenue bonds of a government entity;

Liens arising in connection with a project financed with, and securing, Non-Recourse Indebtedness;

statutory or other Liens arising in the ordinary course of business and relating to amounts that are not delinquent or remain payable without penalty or that we are contesting in good faith;

Liens (other than Liens imposed by the Employee Retirement Income Security Act of 1974) on our property incurred or required in connection with workmen's compensation, unemployment insurance and other social security legislation;

Liens securing taxes that remain payable without penalty or that we are contesting in good faith if we believe we have adequate reserves for the taxes in question;

rights that any governmental entity may have to purchase or order the sale of any of our property upon payment of reasonable compensation;

rights that any governmental entity may have to terminate any of our franchises, licenses or other rights or to regulate our property and business;

Liens that we do not assume or on which we do not customarily pay interest and that exist on real estate or other rights we acquire for sub-station, measuring station, regulating station, gas purification station, compressor station, transmission line, distribution line or right-of-way purposes;

easements or reservations in our property for roads, pipelines, gas transmission and distribution lines, electric light and power transmission and distribution lines, water mains and other similar purposes and zoning ordinances, regulations and restrictions that do not impair the use of the property in the operation of our business; and

any extensions, renewals, substitutions or replacements of the above-described Liens or any debt secured by these Liens if both:

the amount of debt secured by the new Lien and not otherwise permitted does not exceed the principal amount of debt so secured at the time of the renewal or refunding; and

the new Lien is limited to the property (plus any improvements) secured by the original Lien.

In addition, our subordinated debt securities will also include an exception for Liens securing only senior debt.

In addition, without securing the debt securities as described above, we may issue, assume or guarantee debt that the Lien covenant would otherwise restrict in a total principal amount that, when added to all of our other outstanding debt that the Lien covenant would otherwise restrict and the total amount of Attributable Debt outstanding for Sale/Leaseback Transactions, does not exceed a basket equal to 15% of Consolidated Net Tangible Assets. When calculating this total principal amount, we exclude from the calculation Attributable Debt from Sale/Leaseback Transactions in connection with which we have purchased property or retired debt as described below under Limitation on Sale/Leaseback Transactions.

Limitation on Sale/Leaseback Transactions

We have agreed that we will enter into a Sale/Leaseback Transaction only if at least one of the following applies:

we could incur debt secured by a Lien on the Principal Property that is the subject of that Sale/Leaseback Transaction;

the Attributable Debt subject to that Sale/Leaseback Transaction would be in an amount permitted under the basket described above under Limitation on Liens ;

Table of Contents

the proceeds of that Sale/Leaseback Transaction are used for our business and operations; or

within the period ending 12 months after the closing of the Sale/Leaseback Transaction, we apply the net proceeds of the Sale/Leaseback Transaction to the voluntary retirement of any debt securities issued under the Indenture or Funded Indebtedness (other than Funded Indebtedness that we hold or that is subordinate in right of payment to any debt securities issued under the Indenture).

Glossary

Attributable Debt means, as to any particular lease under which any Person is at the time liable, at any date as of which the amount thereof is to be determined, the total net amount of rent required to be paid by that Person under the lease during the remaining term thereof (excluding amounts required to be paid on account of maintenance and repairs, services, insurance, taxes, assessments, water rates and similar charges and contingent rents), discounted from the respective due dates thereof at the weighted average of the rates of interest (or yield to maturity, in the case of debt securities originally sold at a discount) borne by the debt securities then outstanding under the Indenture, compounded annually.

Consolidated Net Tangible Assets means (1) the total amount of assets (less applicable reserves and other properly deductible items) that under generally accepted accounting principles, or GAAP, would be included on a consolidated balance sheet of ours and our subsidiaries after deducting therefrom (A) all current liabilities, provided, however, that there will not be deducted billings recorded as revenues deferred pending the outcome of rate proceedings (less applicable income taxes thereon), if and to the extent the obligation to refund the same has not been finally determined, (B) appropriate allowance for minority interests in common stocks of subsidiaries and (C) all goodwill, trade names, trademarks, patents, unamortized debt discount and expense and other like intangibles, which in each case under GAAP would be included on the consolidated balance sheet, less (2) the amount which would be so included on the consolidated balance sheet for investments (less applicable reserves) made in subsidiaries.

Funded Indebtedness as applied to any Person, means all debt of that Person maturing after, or renewable or extendible at that Person's option beyond, 12 months from the date of determination.

Lien means any lien, mortgage, pledge, encumbrance, charge or security interest securing debt; provided, however, that the following types of transactions will not be considered for purposes of this definition to result in a Lien: (1) any acquisition by us of any property or assets subject to any reservation or exception under the terms of which any vendor, lessor or assignor creates, reserves or excepts or has created, reserved or excepted an interest in oil, gas or any other mineral in place or the proceeds thereof, (2) any conveyance or assignment whereby we convey or assign to any Person or Persons an interest in oil, gas or any other mineral in place or the proceeds thereof, (3) any Lien upon any property or assets either owned or leased by us or in which we own an interest that secures for the benefit of the Person or Persons paying the expenses of developing or conducting operations for the recovery, storage, transportation or sale of the mineral resources of the property or assets (or property or assets with which it is unitized) the payment to that Person or Persons of our proportionate part of the development or operating expenses or (4) any hedging arrangements entered into in the ordinary course of business, including any obligation to deliver any mineral, commodity or asset in connection with the arrangement.

Non-Recourse Indebtedness means, at any time, debt incurred after the date of the Indenture by us in connection with the acquisition of property or assets by us or the financing of the construction of or improvements on property, whenever acquired, provided that, under the terms of that debt and pursuant to applicable law, the recourse at that time and thereafter of the lenders with respect to the debt is limited to the property or assets so acquired, or the construction or improvements, including debt as to which a performance or completion guarantee or similar

undertaking was initially applicable to the debt or the related property or assets if the guarantee or similar undertaking has been satisfied and is no longer in effect.

Table of Contents

Person means any individual, corporation, partnership, limited liability company, joint venture, association, joint-stock company, trust, unincorporated organization or government or any agency or political subdivision thereof.

Principal Property means any property located in the United States, except any property that in the opinion of our board of directors is not of material importance to the total business conducted by us and our consolidated subsidiaries.

Sale/Leaseback Transaction means any arrangement with any Person pursuant to which we lease any Principal Property that has been or is to be sold or transferred by us to that Person, other than (1) a lease for a term, including renewals at the option of the lessee, of not more than three years or classified as an operating lease under GAAP, (2) leases between us and one of our principal subsidiaries or between principal subsidiaries, (3) leases of a Principal Property executed by the time of, or within 12 months after the latest of, the acquisition, the completion of construction or improvement, or the commencement of commercial operation, of the Principal Property and (4) the ground lease for ONEOK Plaza, 100 West Fifth Street, Tulsa, Oklahoma 74103.

Consolidation, Merger and Sale of Assets

The Indenture generally permits a consolidation or merger between us and another entity. It also permits the sale by us of all or substantially all of our assets. We have agreed, unless we inform you otherwise in the prospectus supplement, however, that we will consolidate with or merge into any entity or transfer or dispose of all or substantially all of our assets to any entity only if:

immediately after giving effect to the transaction, no default or event of default under the Indenture would have occurred and be continuing or would result from the transaction;

we are the continuing corporation or, if we are not the continuing corporation, the resulting entity is organized and existing under the laws of any United States jurisdiction and assumes the due and punctual payments on the debt securities and the performance of our covenants and obligations under the Indenture and those debt securities; and

we provide the trustee with a certificate and a legal opinion, each stating that the Indenture permits the transaction.

If we engage in any of these transactions that result in any Principal Property or shares of stock or debt of any principal subsidiary becoming subject to any Lien and unless we are otherwise able to create that Lien, the Indenture provides that the debt securities (so long as those debt securities are entitled to the protection of the Limitation on Liens covenant) will be secured to at least the same extent as the debt that would become secured by the Lien as a result of the transaction.

Events of Default

Unless we inform you otherwise in the prospectus supplement, the following are events of default for a series of debt securities:

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

our failure to pay interest on that series of debt securities for 30 days after it becomes due and payable;

our failure to pay principal of or any premium on that series of debt securities when due;

our failure to comply with any of our covenants or agreements for that series of debt securities or in the Indenture (other than an agreement or covenant that we have included in the Indenture solely for the benefit of less than all series of debt securities) for 60 days after the trustee or the holders of at least 25% in principal amount of all outstanding debt securities affected by that failure provide written notice to us;

Table of Contents

the default under any agreement under which we or any subsidiary that owns or leases Principal Property have at the time outstanding debt in excess of \$15,000,000 in the case of senior debt securities, or \$100,000,000 in the case of subordinated debt securities and, if that debt has not already matured, it has been accelerated and the acceleration is not rescinded within 30 days after we receive notice from the trustee or the holders of at least 25% in principal amount of all outstanding debt securities of a series so long as, prior to the entry of judgment in favor of the trustee for payment of the debt securities of that series, we do not cure the default, or the default under the agreement has not been waived;

various events involving our bankruptcy, insolvency or reorganization; or

any other event of default provided for that series of debt securities.

A default under one series of debt securities will not necessarily be a default under another series. The trustee may withhold notice to the holders of a series of debt securities of any default or event of default (except in any payment on that series of debt securities) if the trustee considers it in the interest of the holders of that series of debt securities to do so.

If an event of default for any series of debt securities occurs and is continuing, the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of the series affected by the default (or, in some cases, 25% in principal amount of all debt securities affected, voting as one class) may require us to pay on an accelerated basis the principal of and all accrued and unpaid interest on those debt securities. The holders of a majority in principal amount of the outstanding debt securities of the series affected by the default (or of all debt securities affected, voting as one class) may in some cases rescind this accelerated payment requirement.

If an event of default occurs and is continuing, the trustee must use the degree of care and skill of a prudent man in the conduct of his own affairs. The trustee will become obligated to exercise any of its powers under the Indenture at the request of any of the holders of any debt securities only after those holders have offered the trustee indemnity reasonably satisfactory to it.

The holders of a majority in principal amount of debt securities of any series have the right to waive past defaults under the Indenture that relate to that series except for a default in the payment on the debt securities or a provision that can only, under the Indenture, be modified or amended if all holders that are affected consent.

In most cases, holders of a majority in principal amount of the outstanding debt securities of a series (or of all debt securities affected, voting as one class) may direct the time, method and place of:

conducting any proceeding for any remedy available to the trustee; and

exercising any trust or power conferred on the trustee.

The Indenture requires us to file each year with the trustee a written statement as to our compliance with the covenants contained in the Indenture.

Modification and Waiver

We may amend or supplement the Indenture if the holders of a majority in principal amount of the outstanding debt securities of all series that the amendment or supplement affects (acting as one class) consent to it. Without the consent of the holder of each debt security affected, however, no modification may:

reduce the principal of the debt security or change its stated maturity;

reduce the rate of or change the time for payment of interest on the debt security;

reduce any premium payable on the redemption of the debt security or change the time at which the debt security may or must be redeemed;

Table of Contents

change any obligation to pay additional amounts on the debt security;

impair the holder's right to institute suit for the enforcement of any payment on the debt security;

impair the holder's right to convert or exchange any debt security;

reduce the percentage of principal amount of debt securities whose holders must consent to an amendment to or supplement of the Indenture;

reduce the percentage of principal amount of debt securities necessary to waive compliance with some of the provisions of the Indenture; or

modify provisions relating to amendment or waiver, except to increase percentages or to provide that other provisions of the Indenture cannot be amended or waived without the consent of each holder affected.

We may amend or supplement the Indenture or waive any provision of it without the consent of any holders of debt securities in various circumstances, including:

to provide for the assumption of our obligations under the Indenture and the debt securities by a successor;

to add covenants that would benefit the holders of any debt securities or to surrender any of our rights or powers;

to provide for the issuance of additional securities, including debt securities of a particular series, under the Indenture;

to add events of default;

to provide any security for or guarantees of any series of debt securities;

to provide for the form or terms of any series of debt securities;

to appoint a successor trustee or to provide for the administration of the trusts under the Indenture by more than one trustee;

to cure any ambiguity, omission, defect or inconsistency that does not adversely affect the interests of the holders of outstanding debt securities of any series;

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

to make any change to the extent necessary to permit or facilitate defeasance or discharge of any series of debt securities that does not adversely affect the interests of the holders of outstanding debt securities of any series; or

to make any change that does not affect the rights of any holder.

The holders of a majority in principal amount of the outstanding debt securities may waive our obligations to comply with various covenants, including those relating to:

our obligation to secure the debt securities in the event of mergers, consolidations and sales of assets;

corporate existence; and

the restrictions on Liens and Sale/Leaseback Transactions.

Table of Contents

Defeasance

When we use the term defeasance, we mean discharge from some or all of our obligations under the Indenture. If we deposit with the trustee funds or government securities the maturing principal and interest of which is sufficient to make payments on the debt securities of a series on the dates those payments are due and payable, then, at our option, either of the following will occur:

legal defeasance, which means that we will be discharged from our obligations with respect to the debt securities of that series; or

covenant defeasance, which means that we will no longer have any obligation to comply with the restrictive covenants under the Indenture and any other restrictive covenants that apply to that series of the debt securities, and the related events of default will no longer apply to us.

If we defease a series of debt securities, the holders of the debt securities of the series affected will not be entitled to the benefits of the Indenture, except for our obligations to pay additional amounts, if any, to provide temporary debt securities, to register the transfer or exchange of debt securities, to replace stolen, lost or mutilated debt securities or to maintain paying agencies and hold moneys for payment in trust. In the case of covenant defeasance, our obligation to pay principal, premium and interest on the debt securities will also survive.

Unless we inform you otherwise in the prospectus supplement, we will be required to deliver to the trustee an opinion of counsel that the deposit and related defeasance would not cause the holders of the debt securities to recognize income, gain or loss for federal income tax purposes. If we elect legal defeasance, that opinion of counsel must be based upon a ruling from the Internal Revenue Service or a change in law to that effect.

Subordination

The Indenture provides that one or more series of debt securities may be subordinate and subject in right of payment to the prior payment in full of all of our senior indebtedness. The following provisions will apply to the subordinated debt securities unless otherwise specified in the prospectus supplement:

Subject to any collateral, security, assurance or guarantee provided for the benefit of any series of subordinated debt securities, if any, the payment of principal, any premium and interest on the subordinated debt securities will be subordinated in right of payment to the prior payment in full of all of our senior indebtedness. This means that in certain circumstances where we may not be making payments on all of our debt obligations as they become due, the holders of all of our senior indebtedness will be entitled to receive payment in full of all amounts that are due or will become due on the senior indebtedness before you and the other holders of subordinated debt securities will be entitled to receive any payment or distribution (other than in the form of subordinated securities) on the subordinated debt securities. These circumstances include the following circumstances:

we make a payment or distribute assets to creditors upon any liquidation, dissolution, winding up or reorganization of our company, or as part of an assignment or marshalling of our assets for the benefit of our creditors;

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

we file for bankruptcy or certain other events in bankruptcy, insolvency or similar proceedings occur; and

the maturity of the subordinated debt securities is accelerated. For example, the entire principal amount of a series of subordinated debt securities may be declared to be due and immediately payable or may be automatically accelerated due to an event of default as described under Events of Default.

In addition, we are generally not permitted to make payments of principal, any premium or interest on the subordinated debt securities if we default in our obligation to make payments on our senior indebtedness and do

Table of Contents

not cure such default. We are also prohibited from making payments on subordinated debt securities if an event of default (other than a payment default) that permits the holders of senior indebtedness to accelerate the maturity of the senior indebtedness occurs and we and the trustee have received a notice of such event of default. However, unless the senior indebtedness has been accelerated because of that event of default, this payment blockage notice cannot last more than 179 days.

These subordination provisions mean that if we are insolvent a holder of senior indebtedness is likely to ultimately receive out of our assets more than a holder of the same amount of our subordinated debt securities, and a creditor of our company that is owed a specific amount but who owns neither our senior indebtedness nor our subordinated debt securities may ultimately receive less than a holder of the same amount of senior indebtedness and more than a holder of subordinated debt securities.

The subordinated indenture does not limit the amount of senior indebtedness we are permitted to have and we may in the future incur additional senior indebtedness.

Senior Indebtedness is defined in the subordinated indenture to mean, with respect to us,

- (i) the principal, premium, if any, and interest (including interest, whether or not allowable, accruing after the filing of a petition initiating any proceeding under any state, federal or foreign bankruptcy law) in respect of (A) our indebtedness and obligations related thereto and (B) indebtedness evidenced by securities, debentures, notes, bonds or other similar instruments issued by us;
- (ii) all our capital lease, purchase money and similar obligations;
- (iii) all our obligations issued or assumed as the deferred purchase price of property, all our conditional sale obligations and all our obligations under any title retention agreement;
- (iv) all our obligations for the reimbursement of any letter of credit, any banker's acceptance, any security purchase facility, any repurchase agreement or similar arrangement, any commercial paper, any interest rate swap, any other hedging arrangement, any obligation under options or any similar credit or other transaction;
- (v) all obligations for indemnification, contributions, earnouts, adjustments of purchase price or similar obligations;
- (vi) all obligations in respect of workers compensation claims, self-insurance, indemnities, bid performance, warranty release, appeal, surety and similar bonds;
- (vii) all obligations of the type referred to in clauses (i) through (vi) above of other Persons for the payment of which we are responsible or liable as obligor, guarantor or otherwise;
- (viii) all obligations of the type referred to in clauses (i) through (vii) above of other Persons secured by any lien on any property or asset of ours (whether or not such obligation is assumed by us);
- (ix)

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

any other indebtedness or obligations other than those which are specifically deemed not Senior Indebtedness pursuant to the next sentence; and

- (x) all renewals, extensions, modifications and refunding of obligations of the type referred to in clauses (i) through (ix) above.

whether incurred on or prior to the date of the Indenture or thereafter incurred. Notwithstanding the foregoing, Senior Indebtedness shall not include (1) any Additional Junior Indebtedness, (2) debt securities issued pursuant to the subordinated indenture and guarantees in respect of such debt securities, (3) our trade accounts payable arising in the ordinary course of business (such trade accounts payable being pari passu in right of payment to debt securities issued pursuant to the subordinated indenture), or (4) obligations with respect to which in the instrument creating or evidencing the same or pursuant to which the same is outstanding, it is provided that such obligations are pari passu or junior in right of payment to debt securities issued pursuant to the subordinated

Table of Contents

indenture. Senior Indebtedness shall continue to be Senior Indebtedness and be entitled to the subordination provisions irrespective of any amendment, modification or waiver of any term of such Senior Indebtedness.

Additional Junior Indebtedness is defined in the subordinated indenture to mean, without duplication and other than the subordinated debt securities, any of our indebtedness, liabilities, guarantees or obligations or any subsidiary of ours, under debt securities (or guarantees in respect of debt securities, preferred securities or trust securities) initially issued after the date of the subordinated indenture to any trust, or a trustee of a trust, partnership or other entity affiliated with us that is, directly or indirectly, a finance subsidiary (as such term is defined in Rule 3a-5 under the Investment Company Act of 1940) or other financing vehicle of ours or any subsidiary of ours in connection with the issuance by that entity of preferred securities or other securities that are issued on a pari passu basis with the subordinated debt securities.

If this prospectus is being delivered in connection with a series of subordinated securities, the accompanying prospectus supplement or the information incorporated by reference will set forth the approximate amount of senior indebtedness outstanding as of a recent date.

Satisfaction and Discharge

The Indenture will cease to be of further effect and will be deemed to have been satisfied and discharged with respect to a particular series of debt securities, when the following conditions have been satisfied:

all debt securities of that series have been delivered to the trustee for cancellation, or all debt securities of that series not previously delivered to the trustee for cancellation have become due and payable or will become due and payable at their stated maturity or on a redemption date within one year, and we:

irrevocably deposit with the trustee, in trust, funds sufficient to pay and discharge the entire indebtedness on the senior debt securities of that series that had not been previously delivered for cancellation, for principal (and premium, if any) and interest, if any, to the date of the deposit (for debt securities that have become due and payable) or to the stated maturity or the redemption date, as the case may be;

we have paid or caused to be paid all other sums payable under the Indenture or have made arrangements for any such payments satisfactory to the payee; and

we have delivered to the trustee an officer's certificate and opinion of counsel, each stating that all these conditions have been complied with.

Governing Law

New York law governs the Indenture and the debt securities.

Trustee

The Indenture contains limitations on the right of the trustee, if it becomes one of our creditors, to obtain payment of claims or to realize on property received for those claims, as security or otherwise. The trustee is permitted to engage in other transactions with us. If, however, it acquires any conflicting interest, it must eliminate that conflict or resign.

Form, Exchange, Registration and Transfer

We will issue the debt securities in registered form, without interest coupons. We will not charge a service charge for any registration of transfer or exchange of the debt securities. We may, however, require the payment of any tax or other governmental charge payable for that registration.

Table of Contents

Holders may exchange debt securities of any series for other debt securities of the same series, the same total principal amount and the same terms but in different authorized denominations in accordance with the Indenture. Holders may present debt securities for registration of transfer at the office of the security registrar or any transfer agent we designate. The security registrar or transfer agent will effect the transfer or exchange when it is satisfied with the documents of title and identity of the person making the request.

We have appointed the trustee as security registrar for the debt securities. If a prospectus supplement refers to any transfer agents initially designated by us, we may at any time rescind that designation or approve a change in the location through which any transfer agent acts. We are required to maintain an office or agency for transfers and exchanges in each place of payment. We may at any time designate additional transfer agents for any series of debt securities.

In the case of any redemption, neither the security registrar nor the transfer agent will be required to register the transfer or exchange of any debt security either:

during a period beginning 15 business days prior to the mailing of the relevant notice of redemption and ending on the close of business on the day of mailing of that notice; or

if we have called the debt security for redemption in whole or in part, except the unredeemed portion of any debt security being redeemed in part.

Payment and Paying Agents

Unless we inform you otherwise in a prospectus supplement, payments on the debt securities will be made in U.S. dollars at the office of the trustee. At our option, however, we may make payments by check mailed to the holder's registered address or, for global debt securities, by wire transfer. Unless we inform you otherwise in a prospectus supplement, we will make interest payments to the person in whose name the debt security is registered at the close of business on the record date for the interest payment.

Unless we inform you otherwise in a prospectus supplement, we will designate the trustee as our paying agent for payments on debt securities issued under the Indenture. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts.

Subject to the requirements of any applicable abandoned property laws, the trustee and paying agent will pay to us upon written request any money they are holding for payments on the debt securities that remain unclaimed for two years after the date upon which that payment has become due. After payment to us, holders entitled to the money must look to us for payment. In that case, all liability of the trustee or paying agent with respect to that money will cease.

DESCRIPTION OF CAPITAL STOCK

General

We are authorized to issue a total of 400,000,000 shares of all classes of stock. Of those authorized shares, 300,000,000 are shares of common stock, par value \$0.01 per share, 74,815,366 shares of which were outstanding as of March 24, 2003, and 100,000,000 are shares of preferred stock, par value \$0.01 per share. Of the preferred stock, there are 20,000,000 shares designated as Series A Convertible Preferred Stock, none of which was outstanding as of March 24, 2003, 30,000,000 shares designated as Series B Convertible Preferred Stock, none of which was outstanding on March 24, 2003, 1,000,000 shares designated as Series C Participating Preferred Stock, none of which was outstanding on March 24, 2003 and 21,815,386 shares designated as Series D Convertible Preferred Stock, all of which were outstanding on March 24, 2003, and all of which are convertible at the holder's option into common stock subject to various conditions. In addition, there were 16,100,000 of our 8.5% Equity Units outstanding on March 24, 2003.

The additional shares of our authorized stock available for issuance might be issued at times and under circumstances so as to have a dilutive effect on earnings per share and on the equity ownership of the holders of our common stock. The ability of our board of directors to issue additional shares of stock could enhance the board's ability to negotiate on behalf of the shareholders in a takeover situation but could also be used by the board to make a change-in-control more difficult, thereby denying shareholders the potential to sell their shares at a premium and entrenching current management.

As further described above under the caption "Transaction Agreement with Westar," we agreed to file a registration statement on Form S-3 by April 6, 2003 in order to register for resale all of the shares of our common stock and our Series D Convertible Preferred Stock held by Westar as well as all of the shares of our common stock issuable upon conversion of those shares of our Series D Convertible Preferred Stock.

The following description is a summary of the material provisions of our capital stock and various provisions of our certificate of incorporation and by-laws. This summary is not intended to be complete and is qualified by reference to the provisions of applicable law and our certificate of incorporation and by-laws included as exhibits to the registration statement of which this prospectus is a part.

Common Stock

As of March 24, 2003, there were approximately 13,087 holders of record. The issued and outstanding shares of common stock are validly issued, fully paid and non-assessable. Subject to any preferential rights of any prior ranking class or series of capital stock, including the preferred stock, holders of shares of common stock are entitled to receive dividends on that stock, payable either in cash, property or shares out of assets legally available for distribution when, as and if authorized and declared by our board of directors and to share ratably in our assets legally available for distribution to our shareholders in the event of liquidation, dissolution or winding-up. Subject to various exceptions, we will not be able to pay any dividend or make any distribution of assets on shares of our common stock until we pay dividends on any shares of preferred stock then outstanding with dividend or distribution rights senior to our common stock. Dividends on our Series D Convertible Preferred Stock are not cumulative to the extent not paid in full on each dividend payment date.

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

Holders of our common stock are entitled to one vote per share on all matters voted on by our shareholders, including the election of directors. Our certificate of incorporation does not provide for cumulative voting for the election of directors, which means that holders of more than one-half of the outstanding shares of our voting securities will be able to elect all of the directors then standing for election and holders of the remaining shares will not be able to elect any director. Westar may designate one director pursuant to the Shareholder Agreement, dated January 9, 2003, between Westar and us. See [Description of Capital Stock](#) [Shareholder Agreement](#) [Board Representation](#).

Table of Contents

Our board of directors may make rules and regulations concerning the transfer of shares of our common stock from time to time, in accordance with our by-laws.

Holders of our common stock will have no conversion, sinking fund or redemption rights.

Some provisions of the Oklahoma General Corporation Act, our certificate of incorporation and our by-laws may discriminate against holders of a substantial amount of the shares of our common stock. See Oklahoma Law and Certificate of Incorporation and By-laws. Similarly, some provisions of our certificate of incorporation and our by-laws may have the effect of delaying, deferring or preventing a change-in-control with respect to an extraordinary corporate transaction, such as a merger, reorganization, tender offer, sale or transfer of substantially all of our assets.

Amended and Restated Rights Agreement

Under Oklahoma law, every corporation may create and issue rights entitling the holders of those rights to purchase from the corporation shares of its capital stock of any class or classes, subject to any provisions in its certificate of incorporation. The price and terms of the shares must be stated in the certificate of incorporation or in a resolution adopted by the board of directors for the creation or issuance of those rights.

On February 5, 2003, we entered into an Amended and Restated Rights Agreement, which amended and restated our prior rights agreement in its entirety. As with most rights agreements, the terms of our Amended and Restated Rights Agreement are complex and not easily summarized, particularly as they relate to the acquisition of our common stock and to exercisability.

Our Amended and Restated Rights Agreement provides that each share of our common stock outstanding as of November 26, 1997 and issued between that date and a date determined pursuant to the Amended and Restated Rights Agreement, will have one right to purchase one one-hundredth of a share of preferred stock, designated as Series C Participating Preferred Stock, attached to it, at a purchase price of \$40 per one one-hundredth of a share of preferred stock, subject to adjustment, as described below.

Initially, the rights under our Amended and Restated Rights Agreement are attached to outstanding certificates representing our common stock and no separate certificates representing the rights will be distributed. The rights will separate from our common stock and be represented by separate certificates on the earlier of the first date someone acquires beneficial ownership (as defined in the Amended and Restated Rights Agreement) of 15% or more of our outstanding common stock, subject to various exceptions, or approximately 10 days after someone commences or indicates an intent to commence a tender offer or exchange offer for 15% or more of our outstanding common stock. The person or group that acquires or indicates an intent to acquire stock as described in the immediately preceding sentence is referred to as an acquiring person.

Our Amended and Restated Rights Agreement specifically excludes as an acquiring person, among others, Westar, but only with respect to shares of our common stock (including shares of our common stock issuable upon conversion of our Series D Convertible Preferred Stock) beneficially owned by it as of the date of the Amended and Restated Rights Agreement, less any shares transferred to third parties thereafter.

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

All shares of our common stock issued prior to the date the rights separate from the common stock will be issued with the rights attached. The rights are not exercisable until the date the rights separate from the common stock. The rights will expire on February 5, 2013, unless we redeem or exchange them at an earlier time or upon the consummation of specified transactions.

If a person or group becomes an acquiring person, then each right not owned by that acquiring person or its affiliates, associates or transferees, will entitle its holder to purchase, within specified time periods and at the

Table of Contents

right s then current purchase price, shares of our common stock (or, in limited circumstances, one one-hundredths of a share of Series C preferred stock) as equals the result obtained by:

multiplying the then current purchase price by the then number of one one-hundredths of a share of our preferred stock for which a right was exercisable immediately prior to the first occurrence of a person or group becoming an acquiring person; and

dividing that product by 50% of the then current per share market price of our common stock on the date of the first occurrence.

If, after a person or group becomes an acquiring person, and:

we are involved in a merger or consolidation with an interested shareholder or with any other person in a case where all holders of our common stock are not treated alike; or

we sell or transfer more than 50% of our assets or earning power to an interested shareholder or other person or, to any other person in a case where all holders of our common stock are not treated alike,

each right entitles the holder to purchase, at the right s then current purchase price, shares of common stock of the acquiring company as equal the result obtained by:

multiplying the then current purchase price by the number of one one-hundredths of a share of our preferred stock for which a right is then exercisable; and

dividing the product by 50% of the then current per share market price of the common stock of the acquiring company.

We may, at our option, at any time after any person becomes an acquiring person, exchange all or part of the then outstanding and exercisable rights for our common stock (or shares of our other equity securities, including one one-hundredths of a share of preferred stock, with equivalent rights and privileges as our common stock) at an exchange ratio of one share of our common stock per right, subject to adjustment, until the time that any person, together with its affiliates and associates, has become the beneficial owner of 50% or more of our outstanding common stock.

Our board of directors may, at its option, redeem all of the outstanding rights under our Amended and Restated Rights Agreement prior to the earlier of (1) the time that an acquiring person obtains 15% or more of our outstanding common stock or (2) the final expiration date of the rights. The redemption price under our Amended and Restated Rights Agreement is \$0.005 per right, subject to adjustment. The right to exercise the rights will terminate upon the action of our board ordering the redemption of the rights and the only right of the holders of the rights will be to receive the redemption price.

Holders of rights have no rights as our shareholders, including the right to vote or receive dividends, simply by virtue of holding the rights.

Preferred Stock

Our board of directors is authorized to issue shares of preferred stock, in one or more series or classes, and to fix for each series or class the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends, qualifications, or terms or redemption, as are permitted by Oklahoma law and as are stated in the resolution or resolutions adopted by the board providing for the issuance of shares of that series or class.

One series of preferred stock, designated Series D Convertible Preferred Stock, is outstanding. In addition, our board has authorized series designated as Series A Convertible Preferred Stock and Series B Convertible Preferred Stock, and has authorized a series designated as Series C Participating Preferred Stock which relates to our Amended and Restated Rights Agreement. The following is a description of our Series D Convertible

Table of Contents

Preferred Stock. The following summary of terms of our preferred stock is not complete. You should refer to the provisions of our certificate of incorporation and the certificate of amendment relating to each series of the preferred stock which have been filed with respect to each previously designated series described above and which will be filed with the Securities and Exchange Commission at or prior to the time of issuance of any other particular series of preferred stock.

Series D Convertible Preferred Stock

Designation and Amount. There are 21,815,386 shares of Series D Convertible Preferred Stock authorized. All authorized shares of Series D Convertible Preferred Stock are currently outstanding, are held by Westar and are fully paid and nonassessable.

Rank. With respect to dividend rights and distribution of assets upon liquidation, dissolution or winding up of affairs, the Series D Convertible Preferred Stock ranks senior to shares of our common stock, or any class of our equity securities that by its terms is junior to the Series D Convertible Preferred Stock, and will not rank junior with respect to any class or series of preferred stock that we may issue, unless the holders of 66-2/3% of the outstanding shares of the Series D Convertible Preferred Stock consent to the creation of the class or any security convertible into shares of that class or series. We have agreed not to create, authorize or reclassify any authorized stock into any class of capital stock ranking prior to the Series D Convertible Preferred Stock.

Dividends. We will pay or declare preferential cash dividends quarterly on each share of Series D Convertible Preferred Stock but those dividends are not cumulative to the extent they are not paid on any dividend payment date. If we do not pay dividends on the Series D Convertible Preferred Stock on the dividend payment date for any dividend period, dividends will not be subsequently paid for that dividend period.

Holders of the shares of our Series D Convertible Preferred Stock are entitled to receive, when and if declared by our board of directors, quarterly cash dividends in an amount per share equal to \$0.23125.

Liquidation Preference. The liquidation preference per share of Series D Convertible Preferred Stock will be equal to that payable per share of our common stock, as adjusted appropriately to reflect any stock split or similar events, assuming the conversion of all outstanding shares of Series D Convertible Preferred Stock immediately prior to the event triggering the liquidation preference, plus any dividends then due with respect to the Series D Convertible Preferred Stock.

Neither our merger or consolidation into or with one or more other corporations, nor the voluntary sale, conveyance, exchange or transfer of all or substantially all of our property or assets will be deemed to be a liquidation, dissolution or winding up, voluntary or involuntary, for the purposes of triggering a liquidation preference, unless that voluntary sale, conveyance, exchange or transfer is in connection with a dissolution or winding up of our business.

Redemption. We have the option to redeem all or a portion of the Series D Convertible Preferred Stock on or after August 1, 2006 at \$20.00 per share if the closing price of our common stock has exceeded \$25.00 for 30 consecutive trading days at any time prior to the date that we provide notice of our intention to redeem all or a portion of the Series D Convertible Preferred Stock.

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

Conversion Rights. The Series D Convertible Preferred Stock is convertible at any time, at the holder's option, except as otherwise provided below. Each share of Series D Convertible Preferred Stock is convertible into one share of our common stock, as adjusted appropriately to reflect any stock split, stock dividend, reserve stock split, or the issuance of rights or warrants, provided that Westar may only convert the shares of Series D Convertible Preferred Stock held by it if the aggregate of the regular dividends for the most recently completed fiscal year prior to conversion that would have been payable on all the shares of common stock issuable upon conversion of one share of Series D Convertible Preferred Stock is greater than \$0.925 and such conversion

Table of Contents

would not subject us or our affiliates or Westar to the Public Utility Holding Company Act of 1935. In addition, Westar may generally convert any shares of our Series D Convertible Preferred Stock held by it into shares of common stock in connection with transfers made in compliance with the Shareholder Agreement.

We have agreed that we will have at all times reserved and kept available, out of our authorized and unissued stock, shares of our common stock in an amount sufficient for the conversion of all shares of Series D Convertible Preferred Stock then outstanding.

Voting Rights. Holders of shares of Series D Convertible Preferred Stock will be entitled to vote together with holders of shares of our common stock, as a single class, with respect to:

any proposed amendment to our certificate of incorporation or by-laws that would reasonably have the effect of modifying in any way the amendment by which we opted out of Sections 1145 through 1155 of Title 18 of the Oklahoma Statutes, which relates to control share acquisitions, or would reasonably cause us to become subject to:

the control share acquisition statute; or

any other provisions that are substantially similar to the control share acquisition statute;

any proposal relating to the amendment by which we opted out of Sections 1145 through 1155 of Title 18 of the Oklahoma Statutes; and

any transaction or series of transactions that, if consummated, would constitute a change-in-control.

With respect to those matters, each share of Series D Convertible Preferred Stock will carry a number of votes equal to the number of votes carried by the number of shares of our common stock issuable upon conversion of one share of Series D Convertible Preferred Stock.

Holders of Series D Convertible Preferred Stock will not be entitled to vote in any election of directors to our board or on any matter submitted to our shareholders other than the foregoing and other than as required by law.

Potential Anti-Takeover Effect. The issuance of our common stock into which the Series D Convertible Preferred Stock is convertible or exchangeable, together with the provisions of the Shareholder Agreement that we entered into with Westar that are described below, may have anti-takeover implications. The combined effect of these issuances and the Shareholder Agreement may be to discourage or render more difficult a merger, tender offer or proxy contest involving us, or to deter a third party from seeking to acquire control of us.

Series C Participating Preferred Stock

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

In connection with our Amended and Restated Rights Agreement, our board of directors established a series of preferred stock, designated as Series C Participating Preferred Stock. Holders of the Series C Participating Preferred Stock are entitled to receive, when, as and if declared by our board of directors, in preference to the holders of our common stock, quarterly dividends payable in cash on the last day of each fiscal quarter in each year, or those other dates as our board of directors deems appropriate, in an amount per share equal to the greater of \$1 or subject to adjustment, 100 times the aggregate per share amount of all cash dividends, and 100 times the aggregate per share amount (payable in kind) of all non-cash dividends or other distributions, other than a dividend payable in our common stock, payable on our common stock. The Series C Participating Preferred Stock dividends are cumulative but do not bear interest. Shares of Series C Participating Preferred Stock are not redeemable. Subject to adjustment, each share of Series C Participating Preferred Stock entitles the holder thereof to 100 votes on all matters submitted to a vote of our shareholders and, during a certain dividend default period, holders of the Series C Participating Preferred Stock have other special voting rights. If we liquidate, dissolve or wind up our affairs, holders of Series C Participating Preferred Stock are entitled to priority over the

holders of shares of our common stock or other junior ranking stock. See Description of Capital Stock Amended and Restated Rights Agreement.

8.50% Equity Units

In January 2003, we conducted a public offering of 16,100,000 of our 8.50% Equity Units. Each Equity Unit has a stated amount of \$25 and consists of a purchase contract issued by us and, initially, \$25 principal amount of our senior notes due February 16, 2008, referred to as a Corporate Unit.

Purchase Contract

The purchase contract obligates holders to purchase from us, no later than February 16, 2006, for a price of \$25 in cash, the following number of shares of our common stock, subject to anti-dilution adjustments:

if the average closing price of our common stock over the 20-trading day period ending on the third trading day prior to February 16, 2006 equals or exceeds \$20.63, 1.2119 shares of our common stock;

if the average closing price of our common stock over the same period is less than \$20.63 but greater than \$17.19, a number of shares of our common stock having a value, based on the 20-trading day average closing price, equal to \$25; and

if the average closing price of our common stock over the same period is less than or equal to \$17.19, 1.4543 shares of our common stock.

The holders of the 8.50% Equity Units can settle a purchase contract at any time prior to the fifth business day immediately preceding February 16, 2006 by paying \$25 cash in return for 1.2119 shares of our common stock.

Payments

We pay holders of our 8.50% Equity Units quarterly contract adjustment payments at a rate of 4.5% per year of the stated amount of \$25 per Equity Unit, or \$1.125 per year. In addition, the senior notes initially bear interest at a rate of 4.0% per year, payable quarterly.

Remarketing

A remarketing agent will use its reasonable efforts to remarket the senior notes on the third business day immediately preceding November 16, 2005, referred to as the initial remarketing date. In order to successfully remarket the senior notes, the remarketing agent may reset the interest

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

rate on the senior notes. The reset interest rate will be the interest rate determined by the remarketing agent as the rate the senior notes should bear in order for the senior notes comprising a part of the Corporate Units to have an approximate market value on the remarketing date of 100.50% of the purchase price of the portfolio of U.S. Treasury securities (discussed below), in the case of a remarketing prior to the final remarketing date (discussed below), or 100.50% of the aggregate principal amount of the senior notes, in the case of the final remarketing date. The interest rate on the senior notes will not be reset if there is not a successful remarketing.

If the remarketing of the senior notes on the initial remarketing date is not successful or does not occur because a condition precedent is not satisfied, the remarketing agent will use its reasonable efforts to remarket the senior notes on the third business day immediately preceding February 16, 2006, referred to as the final remarketing date.

If there is a successful remarketing prior to the third business day immediately preceding February 16, 2006, or if a redemption occurs prior to February 16, 2006, the senior notes comprising a part of the Corporate Units will be replaced by a portfolio of 2.5% undivided beneficial interests in zero-coupon U.S. Treasury securities, each with a principal amount of \$1,000, that mature on February 15, 2006, referred to as U.S. Treasury securities.

Table of Contents

If the senior notes have not been successfully remarketed on or prior to the final remarketing date, the interest rate on the senior notes will not be reset and holders of all senior notes will have the right to put the senior notes to us on February 16, 2006 at a put price equal to \$25 per senior note, plus accrued and unpaid interest.

A holder of a senior note that is part of a Corporate Unit will be deemed to have automatically exercised this put right unless, prior to the second business day immediately preceding February 16, 2006, such holder provides a written notice of an intention to settle the related purchase contract with separate cash and on or prior to the business day immediately preceding February 16, 2006 delivers to the collateral agent \$25 in cash. Unless a Corporate Unit holder has settled the related purchase contracts with separate cash on or prior to February 16, 2006, \$25 of the put price will be delivered to the collateral agent, who will apply such amount in satisfaction of such Corporate Unit holder's obligations under the related purchase contract on February 16, 2006. Any remaining amount of the put price following satisfaction of the purchase contract will be paid to such Corporate Unit holder.

Redemption

The senior notes are redeemable at our option, in whole but not in part, upon the occurrence and continuation of a specified tax event or an accounting event at any time prior to the earlier of the date of a successful remarketing and February 16, 2006. Following any such redemption of the senior notes, the redemption price for the senior notes that are a component of Corporate Units will be paid to the collateral agent who will purchase the U.S. Treasury securities portfolio and remit any remaining proceeds to the holders. Thereafter, the applicable ownership interest in the U.S. Treasury securities portfolio will replace the senior notes as a component of the Corporate Units and will be pledged to us through the collateral agent. Holders of senior notes that are not a component of Corporate Units will receive the redemption price paid in such special event redemption.

Creation of Treasury Units and Corporate Units

Holders can create Treasury Units from Corporate Units by substituting U.S. Treasury securities for the senior notes or their applicable ownership interest in the U.S. Treasury securities portfolio comprising a part of the Corporate Units, and holders can recreate Corporate Units by substituting senior notes or their applicable ownership interest in the U.S. Treasury securities portfolio for the U.S. Treasury securities comprising a part of the Treasury Units. The senior notes or, if substituted for the senior notes, the U.S. Treasury securities or a holder's applicable ownership interest in the portfolio of U.S. Treasury securities, as the case may be, will be pledged to us to secure the holder's obligation under the related purchase contract.

Preemptive Rights

No holder of any shares of any class of our stock has any preemptive or preferential right to acquire or subscribe for any unissued shares of any class of stock or any unauthorized securities, convertible into or carrying any right, option or warrant to subscribe for or acquire shares of any class of stock.

Shareholder Agreement

On January 9, 2003, we entered into a Shareholder Agreement with Westar.

Table of Contents

Standstill

The Shareholder Agreement provides, among other things, that Westar is prohibited from taking various actions, including, without limitation:

the acquisition of any of our securities;

the deposit of our equity securities in a voting trust or subjecting of those equity securities to any similar arrangement or proxy with respect to the voting of those equity securities;

the commencement of a merger, acquisition or other business combination transaction relating to us; and

engagement in any other action, either alone or in concert with others, to seek to control or influence our management, board of directors or policies.

Restrictions on transfer

During the term of the Shareholder Agreement, Westar is prohibited, without our prior written consent, from transferring any of our equity securities except:

transfers of equity securities representing voting power of less than 5%, provided that the transferee does not have a voting ownership percentage of more than 5% immediately prior to the transfer;

in a bona fide underwritten public offering pursuant to the Registration Rights Agreement;

pursuant to a pro rata distribution to the shareholders of Westar; and

transfers to affiliates, provided that the party to whom the equity securities are transferred agrees to be bound by the terms of the Shareholder Agreement.

In addition, in the event that a third party commences a tender offer and our Amended and Restated Rights Agreement is inapplicable to that tender offer, Westar may tender a proportionate amount of our equity securities held by it into that tender offer.

Voting

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

During the term of the Shareholder Agreement, Westar has agreed to vote all voting securities that it owns as follows:

with respect to the election of directors, in favor of the election of all candidates for director nominated by our board of directors;

with respect to any proposal initiated by any of our shareholders relating to the redemption of the rights issued pursuant to the rights agreement or any modification of the rights agreement (other than nonbinding precatory resolutions), in accordance with the recommendation of our board;

with respect to any proposed amendment to our certificate of incorporation or by-laws that would reasonably have the effect of modifying in any way the amendment to our certificate of incorporation, which we refer to as the opt out amendment, by which we opted out of Sections 1145 through 1155 of Title 18 of the Oklahoma Statutes, which relates to control share acquisitions, or would reasonably cause us to become subject to the control share acquisition statute or any other provisions that are substantially similar to the control share acquisition statute, Westar has the right to abstain or vote against such amendment;

with respect to any transaction or series of transactions constituting a change-in-control, in its sole discretion; and

with respect to all other matters, in its sole discretion those shares of common stock owned by Westar that were not acquired as a result of the conversion of shares of our Series D Convertible Preferred

Table of Contents

Stock, and must vote all other voting securities held by Westar in the same proportion as all voting securities voted on the matter are voted by our other shareholders.

Board Representation

Westar is entitled to designate one director to our board of directors, but it has not done so as of the date of this prospectus. Westar's designee does not have the right to sit on any committee of our board of directors.

Term

The Shareholder Agreement will terminate if, among other things, the ownership of our common stock by Westar, its affiliates or any members of a group of persons that includes Westar or any of its affiliates which would be required under Section 13(d) of the Securities Exchange Act of 1934 to file a statement on Schedule 13D (assuming, for this purpose, the conversion of the Series D Convertible Preferred Stock into common stock) falls below 10% of all common stock issued and outstanding (again, assuming the conversion of the Series D Convertible Preferred Stock); however, in the event that the Shareholder Agreement is terminated for that reason, the standstill provisions described above will remain in effect until November 26, 2012.

Registration Rights Agreement

On January 9, 2003, we entered into a Registration Rights Agreement with Westar.

If at any time we propose to make an underwritten public offering of our common stock, Westar is entitled to notice of the registration and to include shares in the offering, provided the shares held by Westar can be limited or excluded if, in the underwriters' opinion, the inclusion of the shares of common stock held by Westar create a substantial risk that the price per share of common stock that we will derive from the sale will be materially and adversely affected or that the number of shares of common stock (including the shares held by Westar) is greater than the number that can reasonably be sold.

We agreed to file a registration statement on Form S-3 by April 6, 2003 in order to register for resale all of the shares of our common stock and our Series D Convertible Preferred Stock held by Westar as well as all of the shares of our common stock issuable upon conversion of those shares of our Series D Convertible Preferred Stock. We plan to satisfy that obligation by filing a registration statement on Form S-3 for Westar by April 6, 2003 in addition to the registration statement of which this prospectus forms a part. Each of Westar and us must provide the other party with a lock-up notice if it intends to effect an underwritten offering of common stock or Series D Convertible Preferred Stock pursuant to a shelf registration statement. If we receive a lock-up notice from Westar, we can give Westar a pre-emptive notice within 5 business days of its notice indicating that we will use commercially reasonable efforts to promptly effect a shelf takedown. We will have 30 business days from the date of our pre-emptive notice to effect the shelf takedown. If we do not effect a shelf takedown within 30 business days, Westar may effect a shelf takedown within 15 business days thereafter. We may only deliver one pre-emptive notice in any twelve-month period. In the event that either party effects a shelf takedown, the other party agrees, subject to certain exceptions, not to (i) offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, lend or otherwise transfer or dispose of, directly or indirectly, any shares of common stock or any securities convertible into or exercisable for common stock or (ii) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of the common stock, whether any transaction described in clause (i) or (ii) is to be settled for delivery of common stock or other securities, in cash or otherwise,

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

during the period beginning on the date of the lock-up notice and ending up to 90 days after the date of the prospectus supplement with respect to the shelf takedown.

In addition, subject to various requirements, we are entitled to postpone and delay for a reasonable period of time, not to exceed 90 days, any shelf takedown proposed by Westar if we determine that the shelf takedown

Table of Contents

would (i) in the good faith judgment of our board of directors, unreasonably impede, delay or otherwise interfere with any pending or contemplated financing (other than a shelf takedown) or (ii) based upon advice from our investment banker or financial advisor, adversely affect any pending or contemplated offering or sale of any class of securities by us. Moreover, subject to various requirements, we are entitled to postpone and delay for a reasonable period, not to exceed 30 days, any shelf takedown if we determine that the shelf takedown would, in the good faith judgment of our board of directors, require disclosure of material non-public information. Westar may not effect more than two shelf takedowns in any twelve-month period.

The Registration Rights Agreement will terminate, among other reasons, when Westar may freely offer for sale shares of our common stock and our Series D Convertible Preferred Stock without any restriction as to manner of sale and volume imposed by the Securities Act of 1933. For example, if Westar held its shares for two years and was no longer an affiliate, it could freely sell its shares under Rule 144 of the Securities Act of 1933.

Oklahoma Law

Oklahoma Takeover Statute

We are subject to Section 1090.3 of the Oklahoma General Corporation Act. In general, Section 1090.3 prevents an interested shareholder from engaging in a business combination with an Oklahoma corporation for three years following the date that person became an interested shareholder, unless:

prior to the date that person became an interested shareholder, our board of directors approved the transaction in which the interested shareholder became an interested shareholder or approved the business combination;

upon consummation of the transaction that resulted in the interested shareholder becoming an interested shareholder, the interested shareholder owns at least 85% of our voting stock outstanding at the time the transaction commenced, excluding stock held by directors who are also officers of the corporation and stock held by certain employee stock plans; or

on or subsequent to the date of the transaction in which that person became an interested shareholder, the business combination is approved by our board of directors and authorized at a meeting of shareholders by the affirmative vote of the holders of at least two-thirds of the outstanding voting stock of the corporation not owned by the interested shareholder.

Section 1090.3 defines a business combination to include:

any merger or consolidation involving the corporation and an interested shareholder;

any sale, transfer, pledge or other disposition involving an interested shareholder of 10% or more of the assets of the corporation;

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

subject to limited exceptions, any transaction that results in the issuance or transfer by the corporation of the stock of the corporation to an interested shareholder;

any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested shareholder; or

the receipt by an interested shareholder of any loans, guarantees, pledges or other financial benefits provided by or through the corporation.

For purposes of the description above and Section 1090.3, the term `corporation` also includes our majority-owned subsidiaries. In addition, Section 1090.3, defines an `interested shareholder` as an entity or person beneficially owning 15% or more of our outstanding voting stock and any entity or person affiliated with or controlling or controlled by that entity or person.

Oklahoma Control Share Act

Our certificate of incorporation provides that we are not subject to the Oklahoma Control Share Act. With exceptions, this act prevents holders of more than 20% of the voting power of the stock of an Oklahoma corporation from voting their shares. If we were to become subject to the Oklahoma Control Share Act in the future, this provision may delay the time it takes anyone to gain control of us.

Certificate of Incorporation and By-laws

Exculpation

Our certificate of incorporation provides that our directors and officers will not be personally liable for monetary damages for any action taken, or any failure to take any action, unless:

the director or officer has breached his or her duty of loyalty to the corporation or its shareholders;

the breach or failure to perform constitutes an act or omission not in good faith or which involves intentional misconduct or a knowing violation of law;

the director served at the time of payment of an unlawful dividend or an unlawful stock purchase or redemption, unless the director was absent at the time the action was taken or dissented from the action; or

the director or officer derived an improper personal benefit from the transaction.

Indemnification

We will generally indemnify any person who was, is, or is threatened to be made, a party to a proceeding by reason of the fact that he or she:

is or was our director, officer, employee or agent; or

while our director, officer, employee or agent is or was serving at our request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise.

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

Any indemnification of our directors, officers or others pursuant to the foregoing provisions for liabilities arising under the Securities Act of 1933 are, in the opinion of the Securities and Exchange Commission, against public policy as expressed in the Securities Act of 1933 and are unenforceable.

Shareholder Action; Special Meeting of Shareholders

Our certificate of incorporation eliminates the ability of our shareholders to act by written consent. Our by-laws provide that special meetings of our shareholders may be called only by a majority of the members of our board of directors.

Advance Notice Requirements for Shareholder Proposals

At any meeting of our shareholders, the only business that shall be brought before the meeting is that which is brought:

pursuant to our notice of meeting;

by or at the discretion of our board of directors; or

by any of our shareholders of record at the time the notice is given, who shall be entitled to vote at the meeting and who complies with the notice procedures set forth herein.

Table of Contents

For business to be properly brought before a meeting by a shareholder pursuant to the immediately preceding clause, the shareholder must have given timely notice in writing to our secretary. To be timely as to an annual meeting of shareholders, a shareholder's notice must be received at our principal executive offices not less than 120 calendar days before the date our proxy statement is released to shareholders in connection with the previous year's annual meeting; provided however, that if the date of the meeting is changed by more than 30 days from the date of the previous year's meeting, notice must be received no later than the close of business on the 10th day following the earlier of the day on which notice of the date of the meeting was mailed to shareholders or public disclosure of that date was made. To be timely as to a special meeting of shareholders, a shareholder notice must be received not later than the call of the meeting as provided in our by-laws. The shareholder notice shall set forth as to each matter the shareholder proposes to bring before the meeting:

a brief description of and the reasons for proposing the matter at the meeting;

the name and address, as they appear on our books, and the name and address of the beneficial owner, if any, on whose behalf the proposal is made;

the class and number of shares that are owned beneficially and of record by the shareholder of record and by the beneficial owner, if any, on whose behalf the proposal is made; and

any material interest of the shareholder of record and the beneficial owner, if any, on whose behalf the proposal is made, in the proposal.

These provisions may impede shareholders' ability to bring matters before an annual meeting of shareholders.

Higher Vote for Some Business Combinations and Other Actions

Subject to various exceptions, including acquiring 85% of the outstanding shares less shares owned by related persons in a single transaction, a business combination (including, but not limited to, a merger or consolidation, the sale, lease, exchange, transfer or other disposition of our assets in excess of \$5,000,000, various issuances and reclassifications of securities and the adoption of a plan or proposal for liquidation or dissolution) with or upon a proposal by a related person, who is a person that is the direct or indirect beneficial owner of more than 10% of the outstanding voting shares of our stock (subject to various exceptions), and any affiliates of that person, shall require, in addition to any approvals required by law, the approval of the business combination by either:

a majority vote of all of the independent directors; or

the holders of at least 66-2/3% of the outstanding shares otherwise entitled to vote as a single class with the common stock to approve the business combination, excluding any shares owned by the related person.

In addition, our certificate of incorporation provides that our by-laws may only be adopted, amended or repealed by a majority of the board of directors or by 80% of our shareholders, voting as a class. Our certificate of incorporation also requires the affirmative vote of 80% of our shareholders to amend, repeal or adopt provisions in our certificate of incorporation relating to, among other things,

the number of directors and the manner of electing those directors, including the election of directors to newly created directorships;

provisions relating to changes in the by-laws;

a director's personal liability to us or our shareholders;

shareholder ratification of various contracts, transactions and acts; and

voting requirements for approval of business combinations.

Transactions with Interested Parties

Our certificate of incorporation provides that, in the absence of fraud, no contract or other transaction will be affected or invalidated by the fact that any of our directors are in any way interested in or connected with any other party to the contract or transaction or are themselves parties to the contract or transaction, provided that the interest is fully disclosed or otherwise known to our board of directors at the meeting of the board at which the contract or transaction is authorized or confirmed, and provided further that a quorum of disinterested directors is present at the meeting of our board of directors authorizing or confirming the contract or transaction and the contract or transaction is approved by a majority of the quorum, and no interested director votes on the contract or transaction. Any contract, transaction or act entered into or taken by us or our board or any committee thereof that is ratified by a majority of a quorum of the shareholders having voting power at any annual meeting, or any special meeting called for that purpose, will be valid and binding as though ratified by all of our shareholders. Any director may vote upon any contract or other transaction between us and any subsidiary corporation without regard to the fact that he is also a director of that subsidiary corporation. No contract or agreement between us and any other corporation or party that owns a majority of our capital stock or any subsidiary of that other corporation shall be made or entered into without the affirmative vote of a majority of the whole board of directors at a regular meeting of the board.

The current transfer agent and registrar for our common stock and our Preferred Stock is UMB Bank, N.A., Kansas City, Missouri.

DESCRIPTION OF PURCHASE

CONTRACTS AND PURCHASE CONTRACT UNITS

We may issue purchase contracts for the purchase of our securities or securities of an entity unaffiliated or affiliated with us, a basket of such securities or any combination of the above as specified in the applicable prospectus supplement. Each purchase contract will entitle the holder thereof to purchase, and obligate us to sell, on specified dates, such securities, at a specified purchase price, all as set forth in the applicable prospectus supplement. The applicable prospectus supplement will also specify the methods by which the holders may purchase such securities, any acceleration, cancellation or termination provisions or other provisions relating the settlement of a purchase contract and, if applicable, the identity of any of our subsidiaries guaranteeing our obligations with respect to such purchase contracts. Purchase contracts may require holders to satisfy their obligations thereunder when the purchase contracts are issued. Our obligation to settle such pre-paid purchase contracts on the relevant settlement date may constitute indebtedness. Accordingly, the pre-paid purchase contracts will be issued under one of the indentures. The purchase contracts may be issued separately or as part of a purchase contract unit that consists of (a) a purchase contract and (b) senior or subordinated debt securities, junior subordinated debentures, preferred stock or trust preferred securities, U.S. Treasury securities or other debt obligations of third parties, that may be used to secure the holders' obligations under a purchase contract. The purchase contracts may require us to make periodic payments to the holders of the purchase contract units, and such payments may be unsecured or prefunded on some basis. The purchase contracts may require holders to secure their obligations in a specified manner and, in certain circumstances, we may deliver newly issued prepaid purchase contracts upon release to a holder of any collateral securing such holder's obligations under the original purchase contract.

The applicable prospectus supplement will describe the general terms of any purchase contracts or purchase contract units and, if applicable, prepaid purchase contracts. The description in the prospectus supplement will not purport to be complete and will be qualified in its entirety by reference to (a) the purchase contracts, (b) the collateral arrangements and depository arrangements, if applicable, relating to such purchase

contracts or purchase contract units and (c) if applicable, the prepaid purchase contracts and the documents pursuant to which

such prepaid purchase contracts will be issued. Some of the material United States federal income tax considerations applicable to the purchase contracts and the purchase contract units will also be discussed in the applicable prospectus supplement.

DESCRIPTION OF TRUST PREFERRED SECURITIES

General

Each ONEOK Trust may issue only one series of trust preferred securities having terms described in the prospectus supplement relating thereto. The trust agreement of each trust will authorize the administrative trustee, on behalf of the trust, to issue the trust preferred securities and trust common securities. The trust preferred securities and the trust common securities are referred to herein as the trust securities. Unless otherwise specified in a prospectus supplement, the preferred securities of each trust will have the terms discussed in this section. Reference is made to the prospectus supplement relating to the preferred securities of a trust for specific terms, including:

the distinctive designation of those preferred securities;

the number of preferred securities issued by that trust;

the annual distribution rate (or method of determining such rate) for preferred securities of that trust and the date or dates on which distributions shall be payable;

whether distributions on such preferred securities shall be cumulative and, in the case of preferred securities having cumulative distribution rights, the date or dates, or method of determining the date or dates, from which distributions will be cumulative;

the amount or amounts that shall be paid out of the assets of that trust to the holders of those preferred securities upon voluntary or involuntary dissolution, winding-up or termination of that trust;

the obligation, if any, of that trust to purchase or redeem those preferred securities and the price or prices at which, the period or periods within which, and the terms and conditions upon which those preferred securities will be purchased or redeemed, in whole or in part, pursuant to that obligation;

the voting rights, if any, of those preferred securities in addition to those required by law, including any requirement for the approval by the holders of preferred securities as a condition to specified action or amendments to the trust agreement of that trust;

the rights, if any to defer distributions on the preferred securities by extending the interest payment period on the related junior subordinated debentures; and

any other relative rights, preferences, privileges, limitations or restrictions of those preferred securities not inconsistent with the trust agreement of that trust or applicable law.

All preferred securities offered hereby will be guaranteed by us to the extent set forth under Description of the Trust Preferred Securities Guarantees. Any material United States federal income tax considerations applicable to an offering of preferred securities will be described in the prospectus supplement relating thereto.

Distributions

Distributions will be cumulative and accumulate on each series of trust preferred securities from the date they are first issued. Unless deferred as described below, distributions will be payable quarterly in arrears (each, a distribution date). Distributions not paid when due will accumulate additional distributions, compounded quarterly, at the annual rate stated in the related prospectus supplement, to the extent permitted by law. Whenever we use the term distributions in this section, we are including any of these distributions. The amount of distributions payable for any period will be computed on the basis of a 360-day year of twelve 30-day months.

Table of Contents

Redemption

Trust preferred securities will remain outstanding until the applicable trust redeems them or distributes the junior subordinated debentures in exchange for the trust preferred securities. Any redemption of trust preferred securities must occur as described below under **Redemption of Trust Preferred Securities**. Any exchange of the trust preferred securities for junior subordinated debentures must occur as described below under the caption **Termination and Liquidation Exchange of Trust Preferred Securities for Junior Subordinated Debentures**.

Redemption of Trust Preferred Securities

If we repay or redeem the related junior subordinated debentures, whether on a redemption date specified in the junior subordinated indenture or at their stated maturity, the applicable property trustee will redeem a like amount of trust preferred securities of the applicable trust on the redemption date at the Redemption Price. In this context, **like amount** means trust preferred securities having a liquidation amount equal to the principal amount of the junior subordinated debentures being redeemed. **Redemption Price** means the liquidation amount of the trust preferred securities to be redeemed, plus any accumulated and unpaid distributions to the redemption date allocated on a pro rata basis based on liquidation amounts among the trust preferred securities.

Redemption Procedures

A property trustee will send notice to each holder at the address appearing in the securities register at least 30 days, but not more than 60 days, before the redemption date. A property trustee will give the notice of redemption in the manner described below under the caption **Notices**.

The property trustee will irrevocably deposit with DTC (in the case of any book-entry trust preferred securities) or the paying agent (in the case of any non-book-entry trust preferred securities) funds, to the extent available, sufficient to pay the Redemption Price for all trust preferred securities being redeemed on that date and will give them instructions and authority to pay the Redemption Price to the holders thereof.

Once the property trustee gives notice of redemption and deposits funds as discussed above, all rights of the holders of the trust preferred securities called for redemption will cease at the time of the deposit, except the right of those holders to receive the Redemption Price and any distribution payable on or prior to the redemption date, but without interest. In addition, those trust preferred securities will no longer be outstanding.

In the event that payment of the Redemption Price in respect of any trust preferred securities called for redemption is not made, distributions on those trust preferred securities will continue to accumulate to the date the Redemption Price is paid.

If a trust redeems less than all of its trust preferred securities, then the aggregate liquidation amount of trust preferred securities to be redeemed will be allocated pro rata based on liquidation amounts between its outstanding trust preferred securities and its outstanding trust common

securities. The applicable property trustee will select on a pro rata basis the trust preferred securities to be redeemed from among the outstanding trust preferred securities of such trust not previously called for redemption. A property trustee may use any method of selection that it deems to be fair and appropriate.

Other Purchases of Trust Preferred Securities

We or our subsidiaries may purchase outstanding trust preferred securities by tender, in the open market or by private agreement, subject to applicable laws, including United States federal securities laws.

Termination and Liquidation

Each trust agreement states that the related trust shall be terminated:

upon the expiration of the term of such trust on December 31, 2042, unless earlier terminated;

Table of Contents

upon the bankruptcy, dissolution or liquidation of ONEOK, Inc.;

upon the written direction to the property trustee from ONEOK, Inc. at any time to terminate such trust and distribute the junior subordinated debentures to holders in exchange for the trust preferred securities (which direction is optional and wholly within our discretion);

upon the redemption of all of the trust preferred securities in connection with the repayment at maturity or redemption of all the junior subordinated debentures; or

upon entry of a court order for the dissolution of the trust.

Upon the occurrence of the above events, other than repayment at maturity or redemption, a trust will be liquidated by the trustees.

Exchange of Trust Preferred Securities for Junior Subordinated Debentures

In connection with the liquidation of a trust and except

upon the redemption of all of the trust preferred securities in connection with the redemption of all the junior subordinated debentures,
or

when the distribution of the junior subordinated debentures is determined by the property trustee not to be practical,

after a trust has satisfied all liabilities to its creditors, as provided by law, the applicable property trustee will distribute a like amount of junior subordinated debentures to the holders of the related trust preferred securities in exchange for all such trust preferred securities outstanding, in liquidation of the trust. In this context, like amount means junior subordinated debentures having a principal amount equal to the liquidation amount of the trust preferred securities of the holder to whom such junior subordinated debentures are distributed.

After the liquidation date with respect to a trust:

the trust preferred securities will no longer be outstanding;

certificates representing a like amount of junior subordinated debentures will be issued to holders of trust preferred securities certificates of such trust upon the surrender of the trust preferred securities certificates to the administrative trustee or its agent for exchange;

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

we shall use our best efforts to list the related junior subordinated debentures on the New York Stock Exchange or such other stock exchange or organization, if any, on which the trust preferred securities of such trust are listed;

any trust preferred securities certificates of such trust that are not surrendered for exchange will be deemed to represent a like amount of junior subordinated debentures accruing interest at a rate provided for in the junior subordinated debentures from the last distribution date on which a distribution was made on those trust preferred securities until those certificates are surrendered (and until such certificates are surrendered for exchange, no payments of interest or principal on such junior subordinated debentures will be made to the holders of those trust preferred securities with respect to the junior subordinated debentures); and

all rights of holders of trust preferred securities will cease, except the right to receive junior subordinated debentures upon surrender of their trust preferred securities as described above.

Liquidation Without Exchange of Trust Preferred Securities for Junior Subordinated Debentures

In the event that, whether because of an order for dissolution entered by a court or otherwise, distribution of the junior subordinated debentures is determined by the property trustee not to be practical, the holders of the trust securities of such trust will be entitled to receive out of the assets of the trust an amount equal to the

Table of Contents

liquidation amount of each trust security, plus accumulated and unpaid distributions to the date of payment, after the trust has satisfied all liabilities to its creditors as provided by applicable law.

If a trust cannot pay the full amount due on its trust securities because insufficient assets are available for payment, then the amounts payable by the trust on its trust preferred securities and trust common securities shall be paid pro rata based on liquidation amounts. However, if an event of default under the junior subordinated indenture has occurred and is continuing, the total amounts due on the trust preferred securities will be paid before any distribution on the trust common securities.

Notice of Liquidation

In the event of liquidation, whether with or without an exchange of trust preferred securities for junior subordinated debentures, a property trustee will give holders notice of such liquidation by first-class mail, postage prepaid, mailed to the holder's address appearing in our securities register at least 30 days, but not more than 60 days, before the liquidation date.

Trust Agreement Events of Default

The term "Trust Agreement Event of Default" with respect to a trust means any of the following:

an Event of Default under the junior subordinated indenture occurs with respect to the related series of junior subordinated debentures (see "Description of the Junior Subordinated Debentures Events of Default" below);

such trust does not pay any distribution within 30 days of its due date;

such trust does not pay any Redemption Price on its due date;

the trustee(s) of such trust remains in default of performance or in breach in a material respect of any term of the related Trust Agreement for 90 days after the trustee receives notice of default stating the trustee is in breach. (The notice must be sent by the holders of at least 25% in aggregate liquidation preference of the outstanding trust preferred securities of such trust); or

the property trustee of such trust files for bankruptcy or certain other events in bankruptcy or insolvency occur and a successor property trustee of such trust is not appointed within 90 days.

Within 90 days after learning of a Trust Agreement Event of Default with respect to a trust, the related property trustee will notify the holders of the trust securities of such trust, the administrative trustee(s) and us, unless the Trust Agreement Event of Default has been cured or waived.

We and the administrative trustee(s) of a trust on behalf of that trust must provide the property trustee of such trust with an annual certificate stating whether there is compliance with all the conditions and covenants applicable to the related Trust Agreement.

Voting Rights; Amendment of the Trust Agreement

The holders of the trust preferred securities of a trust will have no voting rights except as discussed below and under Description of the Preferred Securities Guarantees Amendments and Assignment below, and as otherwise required by law or the applicable Trust Agreement.

With respect to a trust, if any proposed amendment to the applicable Trust Agreement provides for, or the trustees of such trust otherwise propose to effect:

any action that would adversely affect the powers, preferences or special rights of the trust preferred securities of such trust in any material respect, whether by way of amendment to the applicable Trust Agreement or otherwise; or

Table of Contents

the dissolution, winding-up or termination of such trust other than pursuant to the terms of the applicable Trust Agreement,

then the holders of the trust preferred securities of such trust as a class will be entitled to vote on the amendment or proposal. In that case, the amendment or proposal will be effective only if approved by the holders of at least a majority in liquidation amount of such trust preferred securities.

A Trust Agreement may be amended from time to time by us and the property trustee and the administrative trustee(s) without the consent of the holders of trust securities of the related trust to:

cure any ambiguity, correct or supplement any provision which may be inconsistent with any other provision, or make provisions not inconsistent with any other provisions with respect to matters or questions arising under the applicable Trust Agreement, which shall not be inconsistent with the other provisions of the Trust Agreement, in each case to the extent that the amendment does not adversely affect the interests of any holder of trust preferred securities of the related trust in any material respect; or

modify, eliminate or add to any provisions to the extent necessary to ensure that the related trust will not be classified as other than a grantor trust for United States federal income tax purposes or to ensure that such trust will not be required to register as an investment company under the Investment Company Act.

Except as provided in the next paragraph, other amendments to a Trust Agreement may be made by us or the trustees of the related trust upon:

consent of the holders of a majority in liquidation amount of the outstanding trust securities of such trust; and

receipt by the trustees of such trust of an opinion of counsel to the effect that such amendment will not affect the trust's status as a grantor trust for United States federal income tax purposes or the trust's exemption from the Investment Company Act.

Notwithstanding the foregoing, without the consent of each affected holder of the trust securities of the related trust, a Trust Agreement may not be amended to:

change the amount or timing of any distribution on the trust securities of such trust or otherwise adversely affect the amount of any distribution required to be made in respect of the trust securities of such trust as of a specified date; or

restrict the right of a holder of the trust securities of such trust to institute suit for the enforcement of any such payment on or after such date.

In addition, no amendment may be made to a Trust Agreement if the amendment would:

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

cause the related trust to be characterized as other than a grantor trust for United States federal income tax purposes or cause the trust to fail to qualify for exemption from the Investment Company Act;

impose any additional obligation on us, the property trustee of the related trust or the Delaware trustee of the related trust without its consent.

So long as any junior subordinated debentures are held by the property trustee, the trustees of such trust shall not:

direct the time, method and place of conducting any proceeding for any remedy available to the related junior subordinated indenture trustee or executing any trust or power conferred on the related subordinated indenture trustee with respect to the junior subordinated debentures;

waive any past default that is waivable under the junior subordinated indenture;

Table of Contents

exercise any right to rescind or annul a declaration that the principal of all the junior subordinated debentures shall be due or payable;
or

consent to any amendment, modification or termination of the junior subordinated indenture or the related junior subordinated debentures where such consent shall be required,

without, in each case, obtaining the prior approval of the holders of a majority in liquidation amount of all outstanding trust preferred securities, provided, however, that where a consent under the junior subordinated indenture would require the consent of each holder of junior subordinated debentures affected thereby, no such consent shall be given by the property trustee without the prior written consent of each holder of trust preferred securities. The trustees shall not revoke any action previously authorized or approved by a vote of holders of trust preferred securities, except by a subsequent vote of the holders of trust preferred securities. The property trustee shall notify all holders of trust preferred securities of any notice of default received from the junior subordinated indenture trustee with respect to the junior subordinated debentures. In addition to obtaining approval of the holders of the trust preferred securities, prior to taking any of the foregoing actions, the trustees of the related trust shall obtain an opinion of counsel stating that the action will not cause such trust to fail to be classified as a grantor trust for United States federal income tax purposes.

Notices

Notices to be given to the trust, the property trustee, the Delaware trustee or the administrative trustee(s) may be given by mail. Notices to be given to holders of trust preferred securities may be given by mail first-class postage prepaid, hand delivery or facsimile transmission to their addresses set forth in trust records.

Payment and Paying Agency

Distributions will be paid by check mailed to the address of the holder entitled to such payments, as such address appears in the securities register. With respect to any trust preferred securities held by DTC, distributions shall be made to DTC in immediately available funds, which shall credit the relevant accounts at DTC on the applicable distribution dates. With respect to any trust preferred securities, the paying agent of a trust will initially be the property trustee of such trust. Distributions on the trust preferred securities shall be made by the paying agent from the payment account and shall be payable on each distribution date only to the extent that the trust has funds then on hand and available in the payment account for the payment of such distributions. Any distribution in respect of the trust preferred securities that remains unclaimed for a period of two years following the applicable distribution date shall be paid to the holder of trust common securities. A paying agent of a trust may resign upon 30 days written notice to the administrative trustees and the property trustee of such trust and us. In such event, the administrative trustees of such trust will appoint a successor acceptable to us and the property trustee of such trust to act as paying agent.

Persons holding their trust preferred securities in street name or indirectly through DTC should consult their banks or brokers for information on how they will receive payments. See *Book-Entry Securities* in this prospectus.

Business Day

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

If any payment is due on a day that is not a Business Day, the payment will be made on the following Business Day without any additional interest or payment in respect of such delay (unless that Business Day is in a different calendar year, in which case the payment will be made on the preceding Business Day). Each payment made on the following or preceding Business Day will have the same force and effect as if made on the original payment due date. Business Day means any day other than a Saturday, a Sunday, a day on which banking institutions in New York City are authorized or required by law or executive order to remain closed or a day on which the corporate trust office of the property trustee of such trust or the junior subordinated indenture trustee is closed for business.

Table of Contents

Record Date

A trust will pay distributions to holders of trust preferred securities listed in the trust's records on the record date for the payment. If trust preferred securities are held in book-entry form, the record date will be one Business Day before the relevant distribution date. If trust preferred securities are issued in definitive form, the record date will be the 15th day, whether or not a Business Day, before the relevant distribution date.

Registrar and Transfer Agent

The property trustee of a trust will initially act as such trust's agent for registering trust preferred securities of such trust in the names of holders and transferring such trust preferred securities. Such property trustee also will perform the role of maintaining the list of registered holders of trust preferred securities of such trust. Holders will not be required to pay a service charge to transfer or exchange trust preferred securities, but may be required to pay for any tax or other governmental charge associated with the exchange or transfer.

Removal and Replacement of Trustees

Only the holder of trust common securities of a trust has the right to remove, or replace the administrative trustees and, before an event of default under the junior subordinated indenture has occurred, property and Delaware trustees of the trust. If an event of default occurs under the junior subordinated indenture, only the holders of trust preferred securities of a trust have the right to remove or replace the property and Delaware trustees. The resignation or removal of any trustee and the appointment of a successor trustee shall be effective only on the acceptance of appointment by the successor trustee in accordance with the provisions of the Trust Agreement for such trust.

Information Concerning the Property Trustees

For matters relating to compliance with the Trust Indenture Act, the property trustee of each trust will have all of the duties and responsibilities of an indenture trustee under the Trust Indenture Act. Subject to this provision, a property trustee is under no obligation to exercise any of the powers given it by the applicable Trust Agreement at the request of any holder of trust preferred securities unless it is offered security or indemnity satisfactory to it against the costs, expenses and liabilities that it might incur.

Governing Law

Each Trust Agreement and the related trust preferred securities will be construed in accordance with and governed by the laws of the State of Delaware.

Accounting Treatment

Each ONEOK trust will be treated as a subsidiary of ours for financial reporting purposes. Accordingly, our consolidated financial statements will include the accounts of each trust. The trust preferred securities for each trust, along with other trust preferred securities that we guarantee on an equivalent basis, will be presented as a separate line item in our consolidated balance sheets, and appropriate disclosures about the trust preferred securities, the applicable trust preferred securities guarantee and the junior subordinated debentures will be included in the notes to the consolidated financial statements. We will record distributions that each trust pays on its trust securities as an expense in our consolidated statement of income.

DESCRIPTION OF THE JUNIOR SUBORDINATED DEBENTURES

Set forth below is a description of the general terms of the junior subordinated debentures. The following description does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the junior subordinated indenture to be entered into among ONEOK, and SunTrust Bank, as indenture trustee, as to be supplemented by a supplemental indenture thereto establishing the junior subordinated debentures of each series, the forms of which are filed as exhibits to the registration statement of which this prospectus forms a part.

The terms of the junior subordinated debentures will include those stated in the junior subordinated indenture and those made a part of the junior subordinated indenture by reference to the Trust Indenture Act. Some capitalized terms used herein are defined in the junior subordinated indenture.

General

The junior subordinated debentures will be issued as unsecured junior subordinated debt securities under the junior subordinated indenture. The junior subordinated indenture does not limit the aggregate principal amount of junior subordinated debentures that may be issued thereunder and provides that junior subordinated debentures may be issued from time to time in one or more series pursuant to an indenture supplemental to the junior subordinated indenture.

Reference is made to the prospectus supplement that will accompany this prospectus for the following terms of the series of junior subordinated debentures being offered thereby:

the title of those junior subordinated debentures;

any limit on the aggregate principal amount of those junior subordinated debentures;

the date or dates on which the principal of those junior subordinated debentures is payable and any dates on which, or circumstances under which, we shall have the right to extend or shorten such maturities;

the rate or rates at which those junior subordinated debentures shall bear interest and Additional Interest (as defined below), if any, the interest payment dates on which that interest shall be payable, our right to defer or extend those interest payments dates, and the regular record date for the interest payable on any interest payment date or the method by which any of the foregoing will be determined;

the place or places where the principal of and premium, if any, and interest and Additional Interest on those junior subordinated debentures shall be payable;

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

any collateral, security, assurance or guarantee for a series of junior subordinated debentures;

the period or periods within which, the price or prices at which and the terms and conditions on which those junior subordinated debentures may be redeemed, in whole or in part, at our option;

the obligation or right, if any, of us to redeem, repay or purchase those junior subordinated debentures and the terms and conditions upon which the junior subordinated debentures shall be redeemed, repaid or repurchased;

the denominations in which those junior subordinated debentures may be issued, if other than denominations of \$25 and any integral multiple thereof;

if other than the principal amount thereof, the portion of the principal amount of those junior subordinated debentures which shall be payable upon declaration of acceleration of the maturity thereof;

any deletions from, modifications of or additions to the events of default or covenants of ours as provided in the related junior subordinated indenture;

the appointment of any Paying Agent;

the terms of any right to convert or exchange the junior subordinated debentures into other securities or property of ours;

Table of Contents

whether those junior subordinated debentures shall initially be issued in whole or in part in the form of a global security; and

any other terms of those junior subordinated debentures.

The terms of each series of junior subordinated debentures issued to a trust will correspond to those of the related trust preferred securities of that trust as described in the prospectus supplement relating to those trust preferred securities.

The junior subordinated indenture does not contain provisions that afford holders of junior subordinated debentures protection in the event of a highly leveraged transaction involving us.

Subordination

The junior subordinated debentures are subordinated and junior in right of payment to all of our Senior Debt (as defined below). Subject to any collateral, security, assurance or guarantee provided for the benefit of any series of junior subordinated debentures, if any, no payment of principal of, or premium, if any, or interest (including Additional Interest) on the junior subordinated debentures may be made if (1) a default has occurred and is continuing on any Senior Debt of ours or (2) if any event of default with respect to Senior Debt of ours has occurred and is continuing and has resulted in Senior Debt becoming or being declared due and payable prior to the date on which it would otherwise have become due and payable, unless and until the event of default shall have been cured or waived or shall have ceased to exist and acceleration shall have been rescinded or annulled, or (3) any judicial proceeding is pending with respect to any default or event of default on any Senior Debt and we and the trustee have received a notice of such event of default. However, unless the Senior Debt has been accelerated because of that event of default, this payment blockage notice cannot last more than 179 days. Subject to any collateral, security, assurance or guarantee for a series of junior subordinated debentures, if any, in case of the pendency of any receivership, insolvency, liquidation, bankruptcy, reorganization or other judicial proceeding relative to us, the holders of our Senior Debt will be entitled to receive payment in full of all amounts due or to become due on or in respect of all Senior Debt before the holders of the junior subordinated debentures are entitled to receive or retain any payment or distribution. Subject to any collateral, security, assurance or guarantee for a series of junior subordinated debentures, if any, the rights of the holders of the junior subordinated debentures will be subrogated to the rights of the holders of Senior Debt to receive payments and distributions applicable to the Senior Debt. We had approximately \$1.83 billion of Senior Debt outstanding at February 28, 2003.

Senior Debt is defined in the junior subordinated indenture to mean, with respect to us,

- (i) the principal, premium, if any, and interest (including interest, whether or not allowable, accruing after the filing of a petition initiating any proceeding under any state, federal or foreign bankruptcy law) in respect of (A) our indebtedness and obligations related thereto and (B) indebtedness evidenced by securities, debentures, notes, bonds or other similar instruments issued by us;
- (ii) all our capital lease, purchase money and similar obligations;
- (iii) all our obligations issued or assumed as the deferred purchase price of property, all our conditional sale obligations and all our obligations under any title retention agreement;

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

- (iv) all our obligations for the reimbursement of any letter of credit, any banker's acceptance, any security purchase facility, any repurchase agreement or similar arrangement, any commercial paper, any interest rate swap, any other hedging arrangement, any obligation under options or any similar credit or other transaction;

- (v) all obligations for indemnification, contributions, earnouts, adjustments of purchase price or similar obligations;

- (vi) all obligations in respect of workers compensation claims, self-insurance, indemnities, bid performance, warranty release, appeal, surety and similar bonds;
- (vii) all obligations of the type referred to in clauses (i) through (vi) above of other Persons for the payment of which we are responsible or liable as obligor, guarantor or otherwise;
- (viii) all obligations of the type referred to in clauses (i) through (vii) above of other Persons secured by any lien on any property or asset of ours (whether or not such obligation is assumed by us);
- (ix) any other indebtedness or obligations other than those which are specifically deemed not Senior Debt pursuant to the next sentence; and
- (x) all renewals, extensions, modifications and refunding of obligations of the type referred to in clauses (i) through (ix) above.

whether incurred on or prior to the date of the junior subordinated indenture or thereafter incurred. Notwithstanding the foregoing, Senior Debt shall not include (1) any Additional Junior Indebtedness, (2) junior subordinated debentures issued pursuant to the junior subordinated indenture and guarantees in respect of such junior subordinated debentures, (3) our trade accounts payable arising in the ordinary course of business (such trade accounts payable being pari passu in right of payment to junior subordinated debentures, or (4) obligations with respect to which in the instrument creating or evidencing the same or pursuant to which the same is outstanding, it is provided that such obligations are pari passu or junior in right of payment to junior subordinated debentures. Senior Debt shall continue to be Senior Debt and be entitled to the subordination provisions irrespective of any amendment, modification or waiver of any term of such Senior Debt.

Additional Junior Indebtedness is defined in the junior subordinated indenture to mean, without duplication and other than the junior subordinated debentures, any of our indebtedness, liabilities, guarantees or obligations or any subsidiary of ours, under debt securities (or guarantees in respect of debt securities, preferred securities or trust securities) initially issued after the date of the junior subordinated indenture to any trust, or a trustee of a trust, partnership or other entity affiliated with us that is, directly or indirectly, a finance subsidiary (as such term is defined in Rule 3a-5 under the Investment Company Act of 1940) or other financing vehicle of ours or any subsidiary of ours in connection with the issuance by that entity of trust preferred securities or other securities that are issued on a pari passu basis with the junior subordinated debentures.

The term Debt means, with respect to any person, whether recourse is to all or a portion of the assets of that person and whether or not contingent:

every obligation of that person for money borrowed;

every obligation of that person evidenced by bonds, debentures, notes or other similar instruments, including obligations incurred in connection with the acquisition of property, assets or businesses;

every reimbursement obligation of that person with respect to letters of credit, bankers' acceptances or similar facilities issued for the account of that person;

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

every obligation of that person issued or assumed as the deferred purchase price of property or services, but excluding trade accounts payable or accrued liabilities arising in the ordinary course of business;

every capital lease obligation of that person;

all indebtedness of that person, whether incurred on or prior to the date of the junior subordinated indenture or thereafter incurred, for claims in respect of derivative products, including interest rate, foreign exchange rate and commodity forward contracts, options and swaps and similar arrangements; and

every obligation of the type referred to in each clause above of another person and all dividends and operating lease payments of another person the payment of which, in either case, that person has guaranteed or is responsible or liable for directly or indirectly, as obligor or otherwise.

Additional Interest

Additional Interest is defined in the junior subordinated indenture as the interest, if any, that will accrue on any interest on the junior subordinated debentures of any series the payment of which has not been made on the applicable interest payment date and which will accrue at the rate per annum specified or determined as specified in those junior subordinated debentures.

Covenants

We covenant in the junior subordinated indenture, for the benefit of the holders of each series of junior subordinated debentures, that (1) if at such time as we shall have given notice of our election to extend an interest payment period for that series of junior subordinated debentures and the extension shall be continuing, (2) if at such time as we have actual knowledge that we are in default with respect to its payment or other obligations under the preferred securities guarantee with respect to the trust securities, if any, related to that series of junior subordinated debentures, or (3) if at such time an event of default with respect to that series of junior subordinated debentures shall have occurred and be continuing, we shall not:

declare or pay any dividend or make any distributions with respect to, or redeem, purchase, acquire or make a liquidation payment with respect to, any of our capital stock; or

make any payment of interest, principal or premium if any, on or repay, repurchase or redeem any debt securities issued by us which rank equally with or junior to the junior subordinated debentures or make any guarantee payments with respect to any guarantee by us of debt securities of any subsidiary if the guarantee is equal to or junior in interest to the junior subordinated debentures other than:

repurchases, redemptions or other acquisitions of shares of our capital stock in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of any one or more employees, officers, directors or consultants, in connection with a dividend reinvestment or stockholder stock purchase plan or in connection with the issuance of our capital stock as consideration in an acquisition transaction entered into prior to the applicable Extension Period;

as a result of an exchange or conversion of any class or series of our capital stock (or any capital stock of one of our subsidiaries) for any class or series of our capital stock or of any class or series of our indebtedness for any class or series of our capital stock;

the purchase of fractional interests in shares of our capital stock pursuant to the conversion or exchange provisions of such capital stock or the security being converted or exchanged;

any declaration of a dividend in connection with any Rights Plan, or the issuance of rights, stock or other property under any Rights Plan, or the redemption or repurchase of rights pursuant thereto;

any dividend in the form of stock, warrants, options or other rights where the dividend stock or the stock issuable upon exercise of such warrants, options or other rights is the same stock as that on which the dividend is being paid or ranks pari passu with or junior to such stock.

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

The junior subordinated indenture further provides that, for so long as the trust securities of any trust remain outstanding, we covenant:

to directly or indirectly maintain 100% ownership of the common securities of that trust; provided, however, that any permitted successor of ours under the junior subordinated indenture may succeed to our ownership of those common securities, and

not to voluntarily terminate, wind-up or liquidate the ONEOK Trusts, except in connection with a distribution of junior subordinated debentures to holders of the trust preferred securities or in connection with certain permitted mergers, consolidations or amalgamations; and

Table of Contents

to use our reasonable efforts to cause the trusts to otherwise continue to be classified as a grantor trust for United States federal income tax purposes.

Defeasance

When we use the term defeasance, we mean discharge from some or all of our obligations under the junior subordinated indenture. If we deposit with the trustee funds or government securities the maturing principal and interest of which is sufficient to make payments on the junior subordinated debentures of a series on the dates those payments are due and payable, then, at our option, either of the following will occur:

legal defeasance, which means that we will be discharged from our obligations with respect to the junior subordinated debentures of that series; or

covenant defeasance, which means that we will no longer have any obligation to comply with the restrictive covenants under the junior subordinated indenture and any other restrictive covenants that apply to that series of the junior subordinated debentures, and the related events of default will no longer apply to us.

If we defease a series of junior subordinated debentures, the holders of the junior subordinated debentures of the series affected will not be entitled to the benefits of the junior subordinated indenture, except for our obligations to pay additional amounts, if any, to provide temporary junior subordinated debentures to register the transfer or exchange of junior subordinated debentures, to replace stolen, lost or mutilated junior subordinated debentures or to maintain paying agencies and hold moneys for payment in trust. In the case of covenant defeasance, our obligation to pay principal, premium and interest on the junior subordinated debentures will also survive.

Unless we inform you otherwise in the prospectus supplement, we will be required to deliver to the trustee an opinion of counsel that the deposit and related defeasance would not cause the holders of the junior subordinated debentures to recognize income, gain or loss for federal income tax purposes. If we elect legal defeasance, that opinion of counsel must be based upon a ruling from the Internal Revenue Service or a change in law to that effect.

Satisfaction and Discharge

The junior subordinated indenture will cease to be of further effect and we will be deemed to have satisfied and discharged all of our obligations under the junior subordinated indenture when (1) all outstanding junior subordinated debentures have become due and payable, or will become due and payable within one year, by reason of their maturity or a redemption date, and (2) we deposit with the indenture trustee, in trust, funds that are sufficient to pay and discharge all remaining indebtedness on the outstanding junior subordinated debentures; provided, however, that we will remain obligated to pay all other amounts due under the junior subordinated indenture and to perform certain ministerial tasks as described in the junior subordinated indenture.

Unless otherwise provided in a supplemental indenture setting forth the terms of a series of junior subordinated debentures, we will be deemed to have paid and discharged the entire indebtedness on all of the outstanding junior subordinated debentures of that series when (1) we deposit with the indenture trustee, in trust, funds that are sufficient to pay and discharge all remaining indebtedness on the outstanding junior

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

subordinated debentures of that series to the stated maturity or any redemption date, (2) we have paid all other sums payable with respect to the outstanding junior subordinated debentures of that series, and (3) we have satisfied certain other requirements intended to ensure that the payment and discharge will not have any adverse United States federal income tax consequences to holders of preferred securities.

Events of Default

Unless the prospectus supplement provides otherwise, the junior subordinated indenture provides that any one or more of the following described events with respect to the junior subordinated debentures of any series, which has occurred and is continuing, constitutes an event of default for the junior subordinated debentures of that series:

failure of us for 30 days to pay interest on the junior subordinated debentures of that series, including any Additional Interest, when due and payable; provided, however, that a valid extension of the interest payment period by us will not constitute a default in the payment of interest for this purpose; or

failure of us to pay principal or premium, if any, on the junior subordinated debentures of that series when due at maturity; or

events of bankruptcy, insolvency, or reorganization of us; or

default in the performance of, or breach in any in material respect of, any covenant or warranties of ours in the junior subordinated indenture (other than a covenant or warranty which has expressly been dealt with in one of the subparagraphs immediately above) for 90 days after written notice to us from the indenture trustee or to us and the indenture trustee from the holders of at least 25% in principal amount of the outstanding junior subordinated debentures of that series.

The holders of a majority in aggregate outstanding principal amount of the junior subordinated debentures of any series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the indenture trustee with respect to the junior subordinated debentures of that series, subject to certain limitations. If a Junior Subordinated Indenture Event of Default (other than events of bankruptcy, insolvency, or reorganization of us) occurs and is continuing with respect to the junior subordinated debentures of any series, then the indenture trustee or the holders of not less than 25% in aggregate outstanding principal amount of the junior subordinated debentures of that series may declare the principal amount thereof due and payable immediately by notice in writing to us and to the indenture trustee, if given by the holders, and upon that declaration the principal amount shall become immediately due and payable. If a Junior Subordinated Indenture Event of Default pursuant to events of bankruptcy, insolvency, or reorganization of us occurs and is continuing with respect to the junior subordinated debentures of any series, the principal amount of all junior subordinated debentures of that series will automatically become immediately due and payable. At any time after a declaration of acceleration with respect to the junior subordinated debentures of any series has been made and before a judgment or decree for payment of the money due has been obtained, the holders of a majority in aggregate outstanding principal amount of the junior subordinated debentures of that series may rescind and annul the declaration and its consequences if the default has been cured or waived and we have paid or deposited with the indenture trustee a sum sufficient to pay all matured installments of interest, including any Additional Interest, and principal and premium, if any, due otherwise than by acceleration and all sums paid or advanced by the indenture trustee, including reasonable compensation and expenses of the indenture trustee.

A holder of trust preferred securities may institute a legal proceeding directly against us, without first instituting a legal proceeding against the property trustee or any other person or entity, for enforcement of payment to that holder of principal of or interest on the junior subordinated debentures of the related series having a principal amount equal to the aggregate stated liquidation amount of the trust preferred securities of that holder on or after the due dates specified in the junior subordinated debentures of that series.

The holders of a majority in aggregate outstanding principal amount of the junior subordinated debentures of any series may, on behalf of the holders of all the junior subordinated debentures of that series, waive any past default with respect to that series, except (1) a default in the

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

payment of principal or interest, or (2) a default of a covenant or provision which under the junior subordinated indenture cannot be modified or amended without the consent of the holder of each outstanding junior subordinated debentures of that series affected thereby. See Modification below.

Registration and Transfer

We will not be required to

issue, transfer or exchange junior subordinated debentures of any series during a period beginning 15 days immediately preceding the day of our selection for redemption of the junior subordinated debentures and ending on the day of mailing notice of redemption; or

transfer or exchange any junior subordinated debentures so selected for redemption, in whole or in part, except the unredeemed portion of any junior subordinated debentures being redeemed in part.

Payment and Paying Agent

Payment of principal of any junior subordinated debentures will be made only against surrender to the paying agent of those junior subordinated debentures. Principal of and interest on junior subordinated debentures will be payable, subject to any applicable laws and regulations, at the office of the paying agent or paying agents as we may designate from time to time, except that, at our option, payment of any interest may be made by wire transfer or by check mailed to the address of the person entitled thereto as such address shall appear in the security register maintained by the indenture trustee under the junior subordinated indenture. Payment of interest on junior subordinated debentures on any interest payment date will be made to the person in whose name the junior subordinated debentures are registered at the close of business on the record date for that interest payment.

The indenture trustee will act as paying agent with respect to the junior subordinated debentures. ONEOK may at any time designate additional paying agents or rescind the designation of any paying agents or approve a change in the office through which any paying agent acts.

All monies paid by us to a paying agent for the payment of the principal of or interest on the junior subordinated debentures of any series which remain unclaimed at the end of two years after that principal or interest shall have become due and payable will be repaid to us, and the holder of those junior subordinated debentures may thereafter look only to us for payment thereof.

Modification

The junior subordinated indenture contains provisions permitting us and the indenture trustee, with the consent of the holders of a majority in principal amount of the outstanding junior subordinated debentures of each series affected thereby, to modify the junior subordinated indenture or the rights of the holders of the junior subordinated debentures of that series. We and the indenture trustee may not, however, modify the junior subordinated indenture, without the consent of the holder of each outstanding junior subordinated debentures affected thereby, so as to:

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

except pursuant to the terms of the junior subordinated indenture, change the stated maturity of the principal of, or any installment of principal of or interest including Additional Interest on any junior subordinated debentures, or reduce the principal amount thereof or the rate of interest, thereon or any premium payable upon the redemption thereof, or impair the right to institute suit for the enforcement of any such payment on or after the stated maturity thereof or, in the case of redemption, on or after the redemption date; or

reduce the percentage of principal amount of the outstanding junior subordinated debentures of any series, the consent of whose holders is required for any such supplemental indenture, or the consent of whose holders is required for an waiver of compliance with provisions of the junior subordinated indenture or defaults thereunder and their consequences provided for in the junior subordinated indenture; or

modify any of the provisions of the junior subordinated indenture relating to supplemental indentures, waiver of past defaults, or waiver of covenants, except to increase any percentage or to provide that

Table of Contents

other provisions of the junior subordinated indenture cannot be modified or waived without the consent of the holder of each outstanding junior subordinated debentures affected thereby; or

modify the provisions of the junior subordinated indenture with respect to the subordination of the junior subordinated debentures in a manner adverse to such holder.

In addition, when junior subordinated debentures of a series are held by a trust, the consent of the holders of a majority of the liquidation amount of outstanding preferred securities of that trust is required to modify the junior subordinated indenture in a manner that adversely affects in any material respect the interest of any holder of that trust's preferred securities. In addition, we and the indenture trustee may execute, without the consent of any holders of junior subordinated debentures, any supplemental indenture for other usual purposes, including the creation of any new series of junior subordinated debentures.

Consolidation, Merger, Conveyance, Transfer or Lease

We may not consolidate with or merge into any other person or convey, transfer or lease our properties and assets substantially as an entirety to any person and no person may consolidate with or merge into us or convey, transfer or lease its properties or assets substantially as an entirety to us, unless:

the corporation or entity formed by such consolidation or into which we are merged or which acquires by conveyance or transfer, or which leases, our properties and assets substantially as an entirety, is a corporation, partnership or trust that expressly assumes, by supplemental indenture executed and delivered to the indenture trustee, in form satisfactory to the indenture trustees, the due and punctual payment of the principal of and premium, if any, and interest (including Additional Interest) on all the junior subordinated debentures and the performance of every covenant of the junior subordinated indenture on the part of us to be performed or observed;

immediately after giving effect to the transaction no Junior Subordinated Indenture Event of Default, and no event that, after notice or lapse of time or both, would become a Junior Subordinated Indenture Event of Default, shall have happened and be continuing;

we have delivered to the indenture trustee an officers' certificate and an opinion of counsel, each stating that the transaction complies with the provisions of the junior subordinated indenture governing consolidation, merger, conveyance, transfer or lease and that all conditions precedent thereto have been complied with; and

in the case of junior subordinated debentures issued to a trust, the transaction is permitted under the related trust preferred securities guarantee and does not give rise to any breach or violation of the related trust agreement or trust preferred securities.

Information Concerning the Indenture Trustee

The indenture trustee, except during the continuance of a Junior Subordinated Indenture Event of Default, undertakes to perform with respect to junior subordinated debentures of a series, only those duties as are specifically set forth in the junior subordinated indenture and, in case a Junior Subordinated Indenture Event of Default has occurred and is continuing, the indenture trustee is required to exercise, with respect to junior subordinated debentures of that series, the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs, subject to such provision, the indenture trustee is under no obligation to exercise any of the powers vested in it by the junior subordinated indenture at the request of any holder of junior subordinated debentures of any series, unless offered reasonable indemnity by that holder against

the costs, expenses and liabilities which might be incurred thereby. The indenture trustee is not required to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties if the indenture trustee reasonably believes that repayment or adequate indemnity is not reasonably assured to it.

SunTrust Bank, the indenture trustee, also serves as property trustee and guarantee trustee. We and some of our subsidiaries maintain deposit accounts and banking relationships with the indenture trustee.

Governing Law

The junior subordinated indenture and the junior subordinated debentures will be governed by, and construed in accordance with, the internal laws of the State of New York.

DESCRIPTION OF THE TRUST PREFERRED SECURITIES GUARANTEES

Set forth below is a summary of information concerning the preferred securities guarantees that will be executed and delivered by us for the benefit of the holders of preferred securities of the respective ONEOK Trusts. Each preferred securities guarantee will be qualified as an indenture under the Trust Indenture Act.

SunTrust Bank will act as indenture trustee under each preferred securities guarantee for purposes of the Trust Indenture Act. The terms of the preferred securities guarantees will be those set forth in the guarantee agreement related to each trust and these forms made part thereof by the Trust Indenture Act. The following summary does not purport to be complete and is subject in all respects to the provisions of, and is qualified in its entirety by reference to the guarantee agreement, the form of which is filed as an exhibit to the registration statement of which this prospectus forms a part, and the Trust Indenture Act. Each preferred securities guarantee will be held by the guarantee trustee for the benefit of holders of the preferred securities to which it relates.

General

Pursuant to each preferred securities guarantee, we will irrevocably and unconditionally agree, to the extent set forth therein, to pay in full, to the holders of the related preferred securities, the Guarantee Payments (as defined below), to the extent not paid by, or on behalf of, the related trust, regardless of any defense, right of set-off or counterclaim that we may have or assert against any person. The following payments or distributions on the preferred securities of any trust to the extent not paid or made by, or on behalf of, such trust will be subject to the preferred securities guarantee related thereto:

any accrued and unpaid distributions required to be paid on the preferred securities of that trust, but if and only to the extent that the trust has funds legally and immediately available therefor;

the redemption price on any preferred security, which is equal to the liquidation amount of the preferred security plus any accrued and unpaid distributions to the date of redemption, but if and only to the extent that the trust has funds legally and immediately available therefor; and

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

upon a voluntary or involuntary dissolution, liquidation, winding-up or termination of that trust, other than in connection with the distribution of junior subordinated debentures to the holders of trust preferred securities of such trust, the lesser of (A) the aggregate of the liquidation amount and all accrued and unpaid distributions on the preferred securities of that trust to the date of payment, to the extent that the trust has funds legally and immediately available therefor, and (B) the amount of assets of that trust remaining available for distribution to holders of preferred securities of that trust in liquidation.

The foregoing constitute Guarantee Payments. Our obligation to make a Guarantee Payment may be satisfied by direct payment of the required amounts by us to the holders of the related preferred securities or by causing the related trust to pay such amounts to those holders.

Each preferred securities guarantee will be a guarantee of the Guarantee Payments with respect to the related preferred securities from the time of issuance of those preferred securities, but will not apply to the

Table of Contents

payment of distributions and other payments on those preferred securities when the related trust does not have sufficient funds legally and immediately available to make such distributions or other payments. If we do not make interest payments on the junior subordinated debentures held by the property trustee under any trust, that trust will not make distributions on its preferred securities.

Subordination

Our obligations under each preferred securities guarantee to make the Guarantee Payments will constitute an unsecured obligation of ours and will rank:

subordinate and junior in right of payment to Senior Debt as such term is defined in the junior subordinated indenture, except those obligations or liabilities that rank equally or subordinate by their terms;

equally with the most senior preferred or preference stock hereafter issued by us; and

senior to all of our common stock.

The terms of the preferred securities will provide that each holder of preferred securities by acceptance thereof agrees to the subordination provision and other terms of the preferred securities guarantee related thereto. We have outstanding common stock that ranks junior to the preferred securities guarantees.

Each preferred securities guarantee will constitute a guarantee of payment and not of performance or collection. That means the guaranteed party may institute a legal proceeding directly against the guarantor (in this case, us) to enforce its rights under the guarantee without first instituting a legal proceeding against any other person or entity.

Amendments and Assignment

Except for changes that do not materially and adversely affect the rights of holders of the related preferred securities, in which case no consent will be required, each preferred securities guarantee may be amended only with the prior approval of the holders of a majority in liquidation amount of the outstanding related preferred securities. The manner of obtaining any approval of holders will be as set forth in an accompanying prospectus supplement. All guarantees and agreements contained in each preferred securities guarantee will bind our successors, assigns, receiver, conservators, trustees and representatives and shall inure to the benefit of the holders of the related preferred securities then outstanding.

Termination

Each preferred securities guarantee will terminate and be of no further force and effect as to the related preferred securities upon full payment of the redemption price of all of the related preferred securities, upon distribution of junior subordinated debentures to the holders of those preferred securities, or upon full payment of the amounts payable upon liquidation of the related trust. Each preferred securities guarantee will continue to be effective or will be reinstated, as the case may be, if at any time any holder of the related preferred securities must restore payment of any sums paid on those preferred securities or under that preferred securities guarantee.

Events of Default

An event of default under each preferred securities guarantee will occur upon the failure by us to perform any of our payment or other obligations thereunder, subject to applicable grace periods. The holders of a majority in liquidation amount of the preferred securities to which any preferred securities guarantee relates have the right to direct the time, method and place of conducting any proceeding for any remedy available to the guarantee trustee or to direct the exercise of any trust or power conferred upon the guarantee trustee under that preferred

Table of Contents

securities guarantee. Any holder of the related preferred securities may institute a legal proceeding directly against us to enforce its rights under a preferred securities guarantee without first instituting a legal proceeding against the guarantee trustee or any other person or entity. The holders of a majority in liquidation amount of preferred securities of any series may, by vote, on behalf of the holders of all the preferred securities of that series, waive any past event of default and its consequences.

Information Concerning the Guarantee Trustee

The guarantee trustee, prior to the occurrence of any event of default with respect to any preferred securities guarantee and after the curing or waiving of all events of default with respect to that preferred securities guarantee, undertakes to perform only such duties as are specifically set forth in that preferred securities guarantee and, in case an event of default has occurred, is required to exercise the rights and powers vested in it by the guarantee agreement using the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs. Subject to such provisions, the guarantee trustee is under no obligation to exercise any of the powers vested in it by any preferred securities guarantee at the request of any holder of the related preferred securities, unless offered reasonable indemnity against the costs, expenses and liabilities which might be incurred thereby. The guarantee trustee is not required to expend or risk its own funds or otherwise incur any financial liability in the performance of its duties if the guarantee trustee reasonably believes that repayment or adequate indemnity is not reasonably assured to it.

SunTrust Bank, the guarantee trustee, also serves as property trustee and as indenture trustee. We and some of our subsidiaries maintain deposit accounts and banking relationships with the guarantee trustee.

Governing Law

Each preferred securities guarantee will be governed by, and construed in accordance with, the internal laws of the State of New York.

Agreements as to Expenses and Liabilities

Pursuant to an agreement as to expenses and liabilities to be entered into by us under each trust agreement, we will irrevocably and unconditionally guarantee to each person or entity to whom each trust becomes indebted or liable the full payment of any costs, expenses or liabilities of that trust, other than obligations of that trust to pay to the holders of the related preferred securities or other similar interests in that trust the amounts due such holders pursuant to the terms of such preferred securities or such other similar interests, as the case may be.

RELATIONSHIP AMONG THE TRUST PREFERRED SECURITIES, THE JUNIOR SUBORDINATED DEBENTURES AND THE TRUST PREFERRED SECURITIES GUARANTEES

As long as payments of interest and other payments are made when due on each series of junior subordinated debentures issued to a ONEOK Trust, those payments will be sufficient to cover distributions and payments due on the related trust securities of that trust primarily because:

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

the aggregate principal amount of each series of junior subordinated debentures will be equal to the sum of the aggregate stated liquidation amount of the related trust securities;

the interest rate and interest and other payment dates on each series of junior subordinated debentures will match the distribution rate and distribution and other payment dates for the related preferred securities;

we are required to pay for all costs and expenses of each trust pursuant to the agreements as to expenses and liabilities; and

Table of Contents

each trust agreement will provide that the trustees thereunder shall not cause or permit the trust to, among other things, engage in any activity that is not consistent with the purposes of the trust.

Payments of distributions, to the extent funds therefor are legally and immediately available, and other payments due on the preferred securities, to the extent funds therefor are legally and immediately available, will be guaranteed by us to the extent set forth under Description of the Preferred Securities Guarantees. If we do not make interest payments on any series of junior subordinated debentures, it is not expected that the related trust will have sufficient funds to pay distributions on its preferred securities. Each preferred securities guarantee is a guarantee from the time of its issuance, but does not apply to any payment of distributions unless and until the related trust has sufficient funds legally and immediately available for the payment of those distributions.

If a Junior Subordinated Indenture Event of Default occurs and is continuing with respect to any series of junior subordinated debentures and the indenture trustee fails or the holders of not less than 25% in principal amount of the outstanding junior subordinated debentures of that series fail to declare the principal of all of the junior subordinated debentures of that series to be immediately due and payable, then the holders of at least 25% in liquidation amount of the related preferred securities then outstanding will have the right by written notice to us and the indenture trustee to declare such principal immediately due and payable. Notwithstanding the foregoing, a holder of preferred securities may institute a legal proceeding directly against us, without first instituting a legal proceeding against the property trustee or any other person or entity, for enforcement of payment to that holder of principal of or interest on junior subordinated debentures of the related series having a principal amount equal to the aggregate stated liquidation amount of the preferred securities of that holder on or after the due dates specified in the junior subordinated debentures of that series.

If we fail to make payments under any preferred securities guarantee, that preferred securities guarantee provides a mechanism whereby the holders of the preferred securities to which that preferred securities guarantee relates may direct the guarantee trustee to enforce its rights thereunder. In addition, any holder of preferred securities may institute a legal proceeding directly against us to enforce its rights under the related preferred securities guarantee without first instituting a legal proceeding against the guarantee trustee or any other person or entity.

Upon any voluntary or involuntary dissolution, winding-up or termination of any trust, unless junior subordinated debentures of the related series are distributed in connection therewith, the holders of preferred securities of that trust will be entitled to receive, out of assets legally available for distribution to holders, a liquidation distribution in cash as described in the applicable prospectus supplement. Upon any voluntary or involuntary liquidation or bankruptcy of us, the property trustee, as holder of the related series of junior subordinated debentures, would be a subordinated creditor of ours, subordinated in right of payment to all Senior Debt, but entitled to receive payment in full of principal and interest, before any of our common stockholders receive payments or distributions. Because we are guarantor under each preferred securities guarantee and have agreed to pay for all costs, expenses and liabilities of each trust, other than the trust's obligations to holders of the preferred securities, pursuant to the related agreement as to expenses and liabilities, the positions of a holder of preferred securities and a holder of junior subordinated debentures of the related series relative to other creditors and to stockholders of ours in the event of liquidation or bankruptcy of us would be substantially the same.

A default or event of default under any Senior Debt would not constitute a default or Event of Default under the junior subordinated indenture. However, in the event of payment defaults under, or acceleration of, Senior Debt, the subordination provisions of the junior subordinated debentures provide that no payments may be made on the junior subordinated debentures until the Senior Debt has been paid in full or payment default thereunder has been cured or waived. Failure to make required payments on the junior subordinated debentures of any series would constitute an Event of Default under the junior subordinated indenture with respect to the junior subordinated debentures of that series except that failure to make interest payments on the junior subordinated debentures of that series will not be an Event of Default during an extension period as described in the applicable prospectus supplement.

BOOK-ENTRY SECURITIES

Unless otherwise specified in the applicable prospectus supplement, the securities will be issued to investors in book-entry form and represented by one or more global notes or global securities registered in the name of a depository or a nominee of a depository. Unless otherwise specified in the applicable prospectus supplement, the global notes or global securities will be deposited with, or on behalf of, The Depository Trust Company, New York, New York, as depository (DTC). We have been informed by DTC that its nominee will be Cede & Co. Accordingly, Cede & Co. is expected to be the initial registered holder of all securities that are issued in book-entry form.

No person that acquires a beneficial interest in securities issued in book-entry form will be entitled to receive a certificate representing those securities, except as set forth in this prospectus or in the applicable prospectus supplement. Unless and until definitive securities are issued under the limited circumstances described below, all references to actions by holders or beneficial owners of securities issued in book-entry form will refer to actions taken by DTC upon instructions from its participants, and all references to payments and notices to holders or beneficial owners will refer to payments and notices to DTC or Cede & Co., as the registered holder of such securities.

DTC has informed us that it is:

- a limited-purpose trust company organized under New York banking laws;
- a banking organization within the meaning of the New York banking laws;
- a member of the Federal Reserve System;
- a clearing corporation within the meaning of the New York Uniform Commercial Code; and
- a clearing agency registered under the Securities Exchange Act of 1934.

DTC has also informed us that it was created to:

- hold securities for participants ; and
- facilitate the computerized settlement of securities transactions among participants through computerized electronic book-entry changes in participants accounts, thereby eliminating the need for the physical movement of securities certificates.

Participants have accounts with DTC and include securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to the DTC system also is available to indirect participants such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

Persons that are not participants or indirect participants but desire to buy, sell or otherwise transfer ownership of or interests in securities may do so only through participants and indirect participants. Under the book-entry system, beneficial owners may experience some delay in receiving payments, as payments will be forwarded by our agent to Cede & Co., as nominee for DTC. DTC will forward these payments to its participants, which thereafter will forward them to indirect participants or beneficial owners. Beneficial owners will not be recognized by the applicable registrar, transfer agent or trustee as registered holders of the securities entitled to the benefits of the certificate or the indenture. Beneficial owners that are not participants will be permitted to exercise their rights as an owner only indirectly through participants and, if applicable, indirect participants.

Under the current rules and regulations affecting DTC, DTC will be required to make book-entry transfers of securities among participants and to receive and transmit payments to participants. Participants and indirect

Table of Contents

participants with which beneficial owners of securities have accounts are also required by these rules to make book-entry transfers and receive and transmit such payments on behalf of their respective account holders.

Because DTC can act only on behalf of participants, who in turn act only on behalf of other participants or indirect participants, and on behalf of certain banks, trust companies and other persons approved by it, the ability of a beneficial owner of securities issued in book-entry form to pledge those securities to persons or entities that do not participate in the DTC system may be limited due to the unavailability of physical certificates for the securities.

DTC has advised us that it will take any action permitted to be taken by a registered holder of any securities under the certificate, the indenture or any deposit agreement only at the direction of one or more participants to whose accounts with DTC the securities are credited.

According to DTC, the information with respect to DTC has been provided to its participants and other members of the financial community for informational purposes only and is not intended to serve as a representation, warranty, or contract modification of any kind.

Unless otherwise specified in the applicable prospectus supplement, a book-entry security will be exchangeable for definitive securities registered in the names of the persons other than DTC or its nominee only if:

DTC notifies us that it is unwilling or unable to continue as depository for the book-entry security or DTC ceases to be a clearing agency registered under the Securities Exchange Act of 1934 at a time when DTC is required to be so registered; or

we execute and deliver to the trustee an order complying with the requirements of the indenture that the book-entry security will be so exchangeable; or

an event of default has occurred and is continuing.

Any book-entry security that is exchangeable in accordance with the preceding sentence will be exchangeable for securities registered in such names as DTC directs. If one of the events described in the immediately preceding paragraph occurs, DTC is generally required to notify all participants of the availability through DTC of definitive securities. Upon surrender by DTC of the book-entry security representing the securities and delivery of instructions for re-registration, the trustee will reissue the securities as definitive securities. After reissuance of the securities, such persons will recognize the beneficial owners of such definitive securities as registered holders of securities.

Except as described above:

a book-entry security may not be transferred except as a whole book-entry security by or among DTC, a nominee of DTC and/or a successor depository appointed by us; and

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

DTC may not sell, assign or otherwise transfer any beneficial interest in a book-entry security unless the beneficial interest is in an amount equal to an authorized denomination for the securities evidenced by the book-entry security.

None of ONEOK, the ONEOK Trusts, the trustees or any registrar and transfer agent, or any agent of any of them, will have any responsibility or liability for any aspect of DTC's or any participant's records relating to, or for payments made on account of, beneficial interests in a book-entry security.

PLAN OF DISTRIBUTION

We may sell securities to one or more underwriters or dealers for public offering and sale by them, or it may sell the securities to investors directly or through agents, or through a combination of any of the foregoing

methods of sale. The prospectus supplement relating to the securities being offered will set forth the terms of the offering and the method of distribution and will identify any firms acting as underwriters, dealers or agents in connection with the offering, including:

the name or names of any underwriters;

the purchase price of the securities and the proceeds from the sale;

any underwriting discounts and other items constituting underwriters' compensation;

any public offering price;

any discounts or concessions allowed or reallocated or paid to dealers; and

any securities exchange or market on which the securities may be listed.

Only those underwriters identified in the prospectus supplement are deemed to be underwriters in connection with the securities offered in the prospectus supplement.

We may distribute the securities from time to time in one or more transactions at a fixed price or prices, which may be changed, or at prices determined as the prospectus supplement specifies. ONEOK may sell securities through forward contracts or similar arrangements. In connection with the sale of securities, underwriters, dealers or agents may be deemed to have received compensation in the form of underwriting discounts or commissions and also may receive commissions from securities purchasers for whom they may act as agent. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agent.

We may sell the securities directly or through agents it designates from time to time. Any agent involved in the offer or sale of the securities covered by this prospectus, other than at the market offerings of common stock, will be named in a prospectus supplement relating to such securities. At the market offerings of common stock may be made by agents. Commissions payable to agents will be set forth in a prospectus supplement relating to the securities being offered. Unless otherwise indicated in a prospectus supplement, any such agents will be acting on a best-efforts basis for the period of their appointment.

The securities may also be offered and sold, if so indicated in the applicable prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more remarketing firms, acting as principals for their own accounts or as agents for us. Any remarketing firm will be identified and the terms of its agreement, if any, and that firm's compensation will be described in the applicable prospectus supplement. Remarketing firms may be deemed to be underwriters, as that term is defined in the Securities Act of 1933, in connection with the securities remarketed thereby.

Any underwriting or other compensation which we pay to underwriters or agents in connection with the securities offering, and any discounts, concessions or commissions which underwriters allow to dealers, will be set forth in the applicable prospectus supplement. Underwriters, dealers

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

and agents participating in the securities distribution may be deemed to be underwriters, and any discounts and commissions they receive and any profit they realize on the resale of the securities may be deemed to be underwriting discounts and commissions under the Securities Act of 1933. Underwriters, and their controlling persons, and agents may be entitled, under agreements entered into with ONEOK and the trusts, to indemnification against certain civil liabilities, including liabilities under the Securities Act of 1933.

Each series of securities will be a new issue and, other than the common stock, which is listed on the New York Stock Exchange, will have no established trading market. We may decide to list any series of securities on a securities exchange, or in the case of the common stock, on any additional exchange. However, we will not be

Table of Contents

obligated to list securities on an exchange unless stated otherwise in a prospectus supplement. We cannot give any assurances to you concerning the liquidity of any security offered under this prospectus.

Some of the underwriters, dealers or agents and some of their affiliates who participate in the distribution of the securities may engage in other transactions with, and perform other services for, ONEOK and its subsidiaries or affiliates in the ordinary course of business.

LEGAL MATTERS

The validity of the securities will be passed upon for ONEOK by Gable & Gotwals, Tulsa, Oklahoma, except that Fried, Frank, Harris, Shriver & Jacobson (a partnership including professional corporations), New York, New York, will pass upon such matters to the extent governed by New York law. The validity of the trust preferred securities will be passed upon by Richards, Layton & Finger, P.A., special Delaware counsel for ONEOK, Inc. and the ONEOK Trusts.

Item 15. Indemnification of Directors and Officers.

ONEOK, Inc. (the Company), as an Oklahoma corporation, is empowered by section 1031 of the Oklahoma General Corporation Act, subject to the procedures and limitations stated therein, to indemnify any person against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with any threatened, pending or completed action, suit or proceeding in which such person is made or threatened to be made a party by reason of his being or having been a director, officer, employee or agent of the Company. The statute provides that indemnification pursuant to its provisions is not exclusive of other rights of indemnification to which a person may be entitled under any bylaw, agreement, vote of shareholders, or disinterested directors, or otherwise. Article VIII of the by-laws of the Company provides that directors and officers of the Company shall be indemnified by the Company to the fullest extent permitted by Oklahoma law as now or hereafter enforced, including the advance of related expenses. In addition, indemnification agreements, the form of which has been previously approved by the shareholders of the Company, have been entered into between the Company and each of its directors and executive officers.

The certificate of incorporation of the Company provides that a director of the corporation shall not be personally liable to the corporation or its shareholders for monetary damages for breach of fiduciary duty as a director, except for liability for (i) any breach of the director's duty of loyalty to the corporation or its shareholders, (ii) acts or omissions not in good faith or which would involve intentional misconduct or a knowing violation of law, (iii) payment of unlawful dividends or unlawful stock purchases or redemptions or (iv) any transaction from which the director derived an improper personal benefit.

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

Pursuant to Article VIII of the by-laws of the Company, upon authorization and determination (i) by the board of directors by a majority of a quorum consisting of directors who were not parties to the action, suit, or proceeding involved; (ii) if such a quorum is not obtainable, or even if obtainable and a quorum of disinterested directors so directs, by independent counsel in a written opinion; or (iii) by the shareholders, the Company is obligated to indemnify any person who incurs liability by reason of the fact that he is or was a director, officer, employee or agent of the Company, or is or was serving at its request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, or as a member of any committee or similar body, if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the Company, and with respect to any criminal action or proceeding, had no reasonable cause to

II-1

Table of Contents

believe his conduct was unlawful. However, in an action by or in the right of the Company, no indemnification will be made if such person shall be adjudged to be liable to the Company, unless such indemnification is allowed by a court of competent jurisdiction.

The indemnification agreements referred to above provide that the Company is obligated to indemnify the specified director or executive officer to the fullest extent permitted by law. The agreements provide that, upon request by a director or executive officer, the Company is obligated to advance expenses for defense of a claim made against the director or executive officer. The obligation of the Company to indemnify the director or executive officer is subject to applicable law and the determination by a reviewing party selected by the board of directors that the director or executive officer is entitled to indemnification. In addition, the agreements obligate the Company to indemnify the specified executive officer or director to the extent of the Company's recoveries under insurance policies regardless of whether the director or executive officer is ultimately determined to be entitled to indemnification. The agreements also provide for partial indemnification if a portion of a claim for indemnification is not allowed by the reviewing party appointed by the board of directors.

Under an insurance policy obtained by the Company, coverage of Company officers and directors against liability for neglect, errors, omissions or breaches of duty in their capacities as such is provided for both the Company, to the extent that it is obligated to indemnify such officers and directors, and the officers and directors themselves. Additional coverage is provided to the Company for claims arising from any such conduct in connection with any purchase or sale of, or any offer to purchase or sell, securities issued by the Company. Such coverage is provided in the amount of \$200,000,000, with a retained limit by the Company of \$250,000. The insurance company is obligated to pay any covered loss in excess of the \$250,000 retained limit and covered defense costs from the first dollar, up to the policy limit of \$200,000,000. Among the policy exclusions are those which exclude coverage for accounting for profits made within the meaning of Section 16(b) of the Securities Exchange Act of 1934, claims based upon or attributable to directors and officers gaining any personal profit or advantage to which such individuals are not legally entitled, and for any claims brought about or attributable to the dishonesty of an officer or director.

It is recognized that the above-summarized provisions of the Company's by-laws, the indemnification agreements and the applicable provisions of the Oklahoma General Corporation Act may be sufficiently broad to indemnify officers, directors and controlling persons of the Company against liabilities arising under such act.

The Company and Westar have entered into a Registration Rights Agreement that provides for indemnification of the Company's directors, officers, employees and controlling persons, if any, in any offering or sales of common stock or Series D Convertible Preferred Stock held by Westar or any shares of common stock issued upon conversion of the Series D Convertible Preferred Stock held by Westar, against any claims (including amounts paid in settlement), or actions or proceedings in respect thereof, arising out of or based upon an untrue statement or alleged untrue statement of a material fact contained in such registration statement or prospectus contained therein, or any amendment or supplement thereto, or any document incorporated by reference therein, or arising out of or based upon any omission or alleged omission to state therein a material fact required to be stated or necessary to make the statements therein not misleading, in each case only to the extent that such untrue statement or alleged untrue statement or omission or alleged omission was made in reliance upon and in conformity with written information furnished to the Company by Westar or an agent or underwriter thereof expressly for use therein.

[We plan to file a registration statement on Form S-3 by April 6, 2003 to register for resale all of the shares of our common stock and our Series D Convertible Preferred Stock held by Westar as well as all of the shares of our common stock issuable upon conversion of those shares of our Series D Convertible Preferred Stock.] In connection with that registration statement, the Company and Westar may enter into an underwriting agreement with underwriters that provides for indemnification of the Company's directors, officers, employees and controlling persons, if any, in any offering or sale of shares of common stock or Series D Convertible Preferred Stock held by Westar or any shares of common stock issued upon conversion of the Series D Convertible

Preferred Stock held by Westar, against any claims (including amounts paid in settlement), or actions or proceedings in respect thereof, arising out of or based upon an untrue statement or alleged untrue statement of a material fact contained in such registration statement or prospectus contained therein, or any amendment or supplement thereto, or any document incorporated by reference therein, or arising out of or based upon any omission or alleged omission to state therein a material fact required to be stated or necessary to make the statements therein not misleading, in each case only to the extent that such untrue statement or alleged untrue statement or omission or alleged omission was made in reliance upon and in conformity with written information furnished to the Company by Westar or an agent or underwriter thereof expressly for use therein.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement;

provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any

Edgar Filing: ONEOK INC /NEW/ - Form S-3/A

action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
