ALTERNATE MARKETING NETWORKS, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

1. Summary of Significant Accounting Policies:

The interim financial data is unaudited; however, in the opinion of management, the interim data includes all adjustments, consisting only of normal recurring adjustments, necessary for a fair presentation of the results of operations for the interim periods. The financial statements included herein have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures included herein are adequate to make the information presented not misleading. The results of operations for the three months and six months ended June 30, 2002 are not necessarily indicative of the results of operations expected for the year ending December 31, 2002.

Certain prior year amounts have been reclassified to conform with current year classifications.

The year-end condensed balance sheet data was derived from audited financial statements, but does not include all disclosures required by generally accepted accounting principles. The organization and business of the

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form 10QSB

Company, accounting policies followed by the Company and other information are contained in the notes to the Company's financial statements filed as part of the Company's Form 10-KSB for the fiscal year ended December 31, 2001. This quarterly report should be read in conjunction with the Form 10-KSB.

2. Income Taxes:

At June 30, 2002, the Company had net operating loss carryforwards of approximately \$2,550,000, which are available to reduce future taxable income. Related deferred tax assets are fully reserved for. These carryforwards expire in 2006 to 2013. Net operating loss carryforwards relate to the operations of National Home Delivery, Inc. prior to the pooling of interest and are subject to certain annual limitations. The Company does not recognize any income tax benefit based upon management's estimate of the realizability of deferred tax assets.

3. Net Loss Per Share Calculations:

Earnings (loss) per basic share is calculated by dividing net income (loss) available to common shareholders by the weighted average shares of common stock outstanding during the period. Diluted earnings (loss) per share is calculated by dividing the net income available to common shareholders by the weighted average number of common shares used in the basic earnings per share calculation plus the number of common shares that would be issued assuming conversion of all potentially dilutive shares outstanding. Stock options and warrants were excluded from the calculation of the loss per share due to the net loss and the exercise prices of the options and warrants exceeding the average market price of the common stock.

4. Accumulated Losses:

Accumulated losses, through September 30, 1993, represent the losses and capital of the Company during the period of time it was a subchapter S corporation. All subsequent losses of the combined entities are presented under Accumulated losses, since October 1, 1993.

5. Segment Information:

The Company evaluates profitability and allocates assets and resources by dividing its business into two operating segments by product areas: Advertising and Marketing, which includes newspaper advertising and online marketing; and Logistics, which includes the delivery and marketing of telephone directories, as well as, tracking, verification and transportation services. Management evaluates segment profitability by reviewing gross profits. Substantially all of the Company's revenues are generated in the United States.

Segment analysis is provided in the tables below.

	Three months ended June 30,		Six months ended June 30,	
	2002	2001	2002	2001

6. Change in Accounting for Goodwill Impairment and Amortization:

In July 2001, the FASB issued SFAS No. 141 "Business Combinations" and SFAS No. 142 "Goodwill and Intangible Assets." Both of these Standards provide guidance on how companies account for acquired businesses and related disclosure issues.

Chief among the provisions of these standards are 1) elimination of the "pooling of interest" method for transactions initiated after June 30, 2001, 2) elimination of amortization of goodwill and "indefinite-lived" intangible assets effective for the Company on January 1, 2002, and 3) annual impairment testing and potential loss recognition for goodwill and non-amortized intangible assets, also effective for the Company on January 1, 2002.

In connection with the adoption of SFAS No. 142, the Company allocated goodwill to each of its reporting units and tested this goodwill for impairment as of January 1, 2002. The Company completed the impairment testing during the second quarter ending June 30, 2002. As a result, an impairment charge of \$1,204,058 was recorded to goodwill assigned to the Logistics reporting unit. The remaining goodwill of \$800,889 at June 30, 2002 is assigned to the Advertising and Marketing reporting unit. The fair value of the reporting units was estimated using a combination of valuation techniques including the discounted present value of future cash flows and management's estimated values to a third party buyer.

The charge was recorded as a cumulative effect of an accounting change of \$1,204,058 or \$0.26 per share as of January 1, 2002 in the six months ended June 30, 2002, in the accompanying condensed consolidated statements of operations. The previously reported results of operations for the three months ended March 31, 2002, have been restated by these same amounts as follows:

	As Reported	As Restated
	-----	-----
Loss before accounting change	(\$ 84,828)	(\$ 84,828)
Cumulative effect of accounting		

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form 10QSB

change	--	(1,204,058)
	-----	-----
Net loss	(\$ 84,828)	(\$1,288,886)
	=====	=====
Basic and diluted loss per share:		
Loss before accounting change	(\$ 0.02)	(\$ 0.02)
Cumulative effect of accounting change	-	(0.26)
	-----	-----
Net loss	(\$ 0.02)	(\$ 0.28)
	=====	=====

Regarding the elimination of goodwill and indefinite-lived intangible amortization, this change has been made prospectively upon adoption of SFAS No. 142 as of January 1, 2002. Results of operations for prior periods is disclosed, exclusive of comparable amortization expense that is eliminated in post-2001 periods as follows:

	Three months ended		Six months ended	
	June 30, 2001		June 30, 2001	
	Amount	Per Share	Amount	Per Share
Net loss as reported	(\$159,258)	(\$0.03)	(\$380,146)	(\$0.08)
Add back amortization expense	37,391	\$0.00	74,782	\$0.01
Comparable net income (loss)	(\$121,867)	(\$0.03)	(\$305,364)	(\$0.07)

The Company continues to amortize intangible assets consisting of software over three to five years. As of June 30, 2002, the unamortized balance of software consisted of \$115,205 less accumulated amortization of \$69,720. Amortization expense for the three months and six months ending June 30, 2002 was \$10,753 and \$21,506, respectively.

7. Subsequent Events:

In July 2002, the Company declared and paid a cash dividend to its shareholders of \$0.10 per share or \$458,601.

On May 31, 2002, the Company entered into an Amended and Restated Agreement and Plan of Reorganization pursuant to which it would acquire Hencie, Inc. Hencie, Inc. is an information technology company offering solutions and applications for a broad range of clients and industry segments. The acquisition was ratified at the annual shareholder meeting held July 23, 2002. The effective date of the acquisition was August 1, 2002. In exchange for approximately 80% of Hencie's common shares, the Company issued 3,982,323 shares of its common stock utilizing an exchange ratio of 1 share of its common stock for 3.563 shares of Hencie common stock. The business of Hencie will add a third operating segment to the Company's services. Costs directly related to this acquisition of \$206,504 are deferred at June 30, 2002.

The purchase price allocation for the Hencie acquisition has not been finalized. However, on a preliminary basis, the Company currently estimates that the common shares issued will be valued at approximately \$2.7 million, and Hencie's net liabilities assumed by the Company are \$4.3 million, which will result in goodwill and other intangible assets of approximately \$7.0 million. Under SFAS No. 142, any goodwill and other indefinite lived assets will not be subject to amortization but will be tested for impairment at least annually.

At the closing of the Hencie acquisition, the Company paid approximately

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form 10QSB

\$609,000 to the Internal Revenue Service to satisfy an amount owed by Hencie, which was included in the net liabilities assumed. Also, the Company reached a settlement agreement with Edge Technology Group, Inc. for the settlement of Hencie debt, which was included in the net liabilities assumed. The aggregate amount of the obligation under the Settlement Agreement was \$1,650,000 and calls for future monthly payments of \$60,000 principal and interest at 8%. As of August 7, 2002, the outstanding balance was \$1,561,918. After three monthly installments are paid and certain other conditions are satisfied, a credit of \$450,000 may be applied to the settlement amount.

On August 1, 2002, the Company reincorporated in Delaware and exchanged its common stock, no par value, for new common stock, \$0.01 par value.

Item 2. Management's Discussion and Analysis or Plan of Operation

The information in this report contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Any statements contained in this report that are not statements of historical fact may be deemed forward-looking statements. Words such as "may," "might," "will," "would," "should," "could," "project," "estimate," "pro forma," "predict," "potential," "strategy," "anticipate," "plan to," "believe," "continue," "intend," "expect" and words of similar expression (including the negative of any of the foregoing) are intended to identify forward-looking statements. Additionally, forward-looking statements in this report include statements relating to the design, development, and implementation of our products; the strategies underlying our business objectives; the benefits to our customers and their trading partners of our products; our liquidity and capital resources; and the impact of our acquisitions and investments on our business, financial conditions, and operating results.

Our forward-looking statements are not meant to predict future events or circumstances and may not be realized because they are based upon current expectations that involve risks and uncertainties. Actual results and the timing of certain events may differ materially from those currently expected as a result of these risks and uncertainties. Factors that may cause or contribute to a difference between the expected or desired results and actual results include, but are not limited to, dependence upon software vendors, inability to maintain Nasdaq SmallCap Market listing, inability to obtain adequate financing, insufficient cash flows and resulting illiquidity, inability to expand business, inability to manage planned expansion, lack of diversification, changes in levels of sales, increased competition, changing customer relationships, results of arbitration and litigation, stock volatility, the timing of receipt of orders, the implementation of the Company's reorientation as a marketing services company, the effectiveness of the marketing programs success in developing and capitalizing on strategic alliances, and integration of Hencie, Inc. (a recent acquisition) in the Company's business operations. Given these uncertainties, investors are cautioned not to place undue reliance on our forward-looking statements. We disclaim any obligation to update these factors or to announce publicly the results of any revisions to any of the forward-looking statements contained in this report to reflect future events or developments.

Investors should read the following discussion and analysis in conjunction with the sections entitled "Risk Factors - Risks Related to the Transaction" and "Risk Factors - Risks Related to the Business of New ALTM after the Transaction" of the most recent Proxy Statement filed by the Company, our Condensed Consolidated Financial Statements and the related notes thereto included in Item 1 of Part I of this report, and our other documents as filed by the Company from time to time with the Securities and Exchange Commission.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form 10QSB

Overview and Plan of Operation

Alternate Marketing Networks, through its subsidiaries, is a single-source provider of outsourcing and marketing services. As of June 30, 2002, the Company served the newspaper, consumer package goods, telecommunications, automotive, and tourism industries with both short-term and long-term contracts and offered comprehensive services through two primary groups of services: (I) Advertising and Marketing Group and (II) Logistics Group.

* Advertising and Marketing Group. This product group consists of U.S. Suburban Press ("USSPI") and ilikesamples.com. Services provided by this group include suburban newspaper advertising, Hispanic newspaper advertising, and deliveries of product samples to targeted consumers via the Internet.

* Logistics Group. This product group consists of Alternate Postal Direct and Total Logistics. Services include the delivery of telephone directories for regional and national companies, as well as tracking, verification and transportation of other goods.

With the completion of the acquisition of Hencie, Inc., a Texas-based information technology solutions provider on August 1, 2002, the Company added a third area of business: Technology Services. The Technology Services Group will consist of Hencie and will provide system integration solutions to a broad range of middle market companies in the manufacturing, distribution, energy, and travel and hospitality industries. The Company will provide outsourcing functions to all of its clients through its three areas of services.

Accounting Policies Estimates and Judgements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Assumptions and estimates of future earnings and cash flows are used in the periodic analyses of the recoverability of goodwill, deferred tax assets, and property, plant and equipment. Historical experience and trends are used to estimate reserves, including reserves for bad debts. To the extent that future earnings, cash flows and costs and losses are determined to be different from the assumptions and estimates used, adjustments may be required.

In connection with the adoption of SFAS No. 142, the Company allocated goodwill to each of its reporting units and tested this goodwill for impairment as of January 1, 2002. The Company completed the impairment testing during the second quarter ending June 30, 2002. As a result, an impairment charge of \$1,204,058 was recorded to goodwill assigned to the Logistics reporting unit. The fair value of the reporting units was estimated using a combination of valuation techniques including the discounted present value of future cash flows and management's estimated values to a third party buyer.

The charge was recorded as a cumulative effect of an accounting change in the amount of \$1,204,058 or \$0.26 per share as of January 1, 2002 in the six months ended June 30, 2002, in the accompanying condensed consolidated statements of operations.

Results of Operations - Quarter

Net sales: During the second fiscal quarter ended June 30, 2002, combined sales remained relatively constant as compared to the same period in the preceding year, although the mix of revenues changed significantly. Net sales increased \$34,805 (0.82%) for the three months ended June 30, 2002 to

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form 10QSB

\$4,236,940 from \$4,202,135 for the three months ended June 30, 2001. This increase was due to an approximate increase of \$836,000 in revenue related to suburban newspaper advertising resulting from sales to new customers and additional sales volume to existing clients, offset by an approximate decrease of \$361,000 related to logistics and transportation due to the expiration of some client orders from the packaged goods industry, and an approximate decrease of \$419,000 related to the delivery of telephone directories resulting from the expiration of a specific contract, and the Company's decision to focus on its largest core directory client.

Gross profit: The gross margin for this year's quarter remained relatively constant as compared to the same period in the previous year (21.5% for 2002 and 21.4% for 2001).

	Three months ended June 30,		Six months ended June 30,	
	2002	2001	2002	2001
Gross Margin Percentages:				
Advertising and Marketing	15.4%	16.2%	16.4%	17.6%
Logistics	43.7%	29.1%	43.2%	29.3%
Total Gross Margin	21.5%	21.4%	21.9%	22.0%
	=====	=====	=====	=====

The gross profit increased \$12,006 (0.1%) to \$911,537 for the three months ended June 30, 2002 from \$899,531 for the three months ended June 30, 2001. The mix of revenues causes the gross profit to fluctuate based on gross profit levels of individual product lines and the percentage of total revenue that each product line produces. While the telephone directory division recognized an increase in gross margin from 32% in 2001 to 50% in 2002, the combined gross margin of the Company was not affected due to the decrease in revenues associated with this revenue stream. The gross margins generally range from 15% to 20% for the Advertising and Marketing Group, and 30% to 50% for the Logistics Group (See Note 5 in NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS for more information on the mix of revenues and direct costs.)

Selling, general and administrative expenses: During the quarter ending June 30, 2002, selling, general and administrative expenses decreased \$110,557 (10%) to \$982,673 from \$1,093,230 for the three months ended June 30, 2001. The Company has a variable overhead component relating to the delivery of telephone directories which causes fluctuations in overhead from quarter to quarter; as sales from this product line have decreased, the overhead associated with it has also decreased. In addition, the Company has closely monitored overhead items to search for potential reductions in fixed overhead and as a result has terminated an outsourcing relationship previously used by the Advertising and Marketing Group, and is currently providing these services internally. As a result, for the quarter ending June 30, 2002, the Company realized savings in overhead expenses of approximately \$30,000 as compared to the quarter ending June 30, 2001. During the quarter ending June 30, 2002, the Company also recognized a decrease in amortization expense of approximately \$37,000 as a result of the elimination of goodwill amortization pursuant to FAS No. 142 (See Note 6 in NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS for more information on the implementation of FAS No. 142).

Other income (expense), net: Other income (expense), net consists of interest income and interest expense. Interest income for the three months ended June 30, 2002 and 2001 was \$5,475 and \$34,441, respectively. Interest

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form 10QSB

expense was \$433 during the 2002 period and \$0 during the 2001 period. The decrease in interest income is largely due to the payment of a cash dividend of \$2,293,052 in January of 2002. The interest expense was interest incurred on the outstanding balance on the Company's lines of credit.

Results of Operations - Six Months

Net sales: Net sales increased approximately 7%, or \$556,000, for the six months ending June 30, 2002 as compared to the same period last year. An increase in revenue of approximately \$1,837,000 from the suburban newspaper advertising revenue stream was offset by decreases from logistics and transportation of approximately \$656,000 and \$574,000 from the delivery of telephone directories.

Gross profit: For the six month period ending June 30, 2002, the gross margin remained relatively the same as the preceding year (21.9% in 2002 and 22.0% in 2001). The gross profit increased \$112,444 (7%) to \$1,821,153 for the six months ended June 30, 2002 from \$1,708,709 for the six months ended June 30, 2001. Gross margins generally range from 15% to 20% for the Advertising and Marketing Group, and 30% to 50% for the Logistics group. The telephone directory division recognized an increase in gross margin from 33% in 2001 to 51% in 2002; however, the combined gross margin of the Company was not affected due to the decrease in revenues associated with this revenue stream (See Note 5 in NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS for more information on the mix of revenues, direct costs, and gross profit percentages).

Selling, general and administrative expenses: For the six months ended June 30, 2002, these expenses decreased \$183,961 (8%) to \$1,984,931 from \$2,168,892 for the same period in the previous year. The Company has a variable overhead component relating to the delivery of telephone directories which causes fluctuations in overhead from quarter to quarter; as sales from this product line have decreased, the overhead associated with it has also decreased. In addition, the Company has closely monitored overhead items to search for potential reductions in fixed overhead and as a result has terminated an outsourcing relationship previously used by the Advertising and Marketing Group, and is currently providing these services internally. As a result, for the six months ending June 30, 2002, the Company realized savings in overhead expenses of approximately \$53,000 as compared to the six months ending June 30, 2001. During the six months ending June 30, 2002, the Company also recognized a decrease in amortization expense of approximately \$74,000 as a result of the elimination of goodwill amortization pursuant to FAS No. 142 (See Note 6 in NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS for more information on the implementation of FAS No. 142).

Other income (expense), net: Other income (expense), net consists of interest income and interest expense. Interest income for the six months ended June 30, 2002 and 2001 was \$13,289 and \$80,037, respectively. Interest expense was \$433 during the 2002 period and \$0 during the 2001 period. The decrease in interest income is largely due to the payment of a cash dividend of \$2,293,052 in January of 2002.

Cumulative effect of accounting change: In connection with the adoption of SFAS No. 142, the Company allocated goodwill to each of its reporting units and tested this goodwill for impairment as of January 1, 2002. The Company completed the impairment testing during the second quarter ending June 30, 2002. As a result, an impairment charge of \$1,204,058 was recorded to goodwill assigned to the Logistics reporting unit. The fair value of the reporting units was estimated using a combination of valuation techniques including the discounted present value of future cash flows and management's estimated values to a third party buyer.

Seasonality and Other Business Fluctuations

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form 10QSB

Although the Company experiences some seasonality in operations corresponding with holiday advertising, such variations are not material to overall results of operations. Revenues from the delivery of telephone directories fluctuate with contracted delivery schedules of the Company's customers and vary during the course of the year.

The events from the national economy that impact the Company include employment levels, postal regulations, gasoline prices, and newsprint and coated-paper price increases. An increase in employment levels affects the available pool of contract carriers that make the deliveries for the Company's distribution network. This usually increases the cost of recruitment for the private delivery and newspaper networks, including the Alternate Postal Direct, Inc. subsidiary, and may contribute to increased delivery costs.

Liquidity and Capital Resources

During the first six months of 2002, the Company recognized a decrease in cash of \$2,525,248. During the same period of 2001, the Company recognized a decrease in cash of \$339,203.

The net losses include non-cash expenses for depreciation and amortization of \$16,664 and \$21,506, respectively, for the 2002 period, compared to \$24,692 and \$87,694, respectively for the 2001 period. The amortization for the 2001 period included \$74,782 for goodwill amortization. Other cash flow used in operating activities included working capital fluctuations of (\$284,444) and \$47,628 for the six months ended June 30, 2002 and 2001, respectively.

Cash flow used in financing activities for the six months ended June 30, 2002 included a payment of dividends accrued at December 31, 2001 of \$2,293,052, and net borrowing on the line of credit of \$165,000. In addition, during the six months ended June 30, 2001 the Company used cash to repurchase and retire 103,100 shares of its common stock for \$114,065. The Board of Directors authorized up to 300,000 shares to be repurchased by the Company.

The Company has a \$1,000,000 bank line of credit with Fifth Third Bank for its subsidiary, National Home Delivery, Inc. and a \$500,000 line of credit for its subsidiary, Alternate Postal Direct, Inc. Available borrowings are based upon 65% of eligible accounts receivable, not more than 90 days old. The agreements were executed on March 12, 2002 and expire May 1, 2003. Borrowings bear interest payable monthly at the Bank Prime Rate (4.75% as of June 30, 2002). The agreements are collateralized by all accounts receivable and equipment and are subject to certain restrictive financial covenants relating to working capital and tangible net worth. As of June 30, 2002, borrowings in the amount of \$165,000 were outstanding on the Alternate Postal Direct line of credit and nothing was outstanding on the National Home Delivery line of credit. As of August 13, 2002, borrowings were outstanding on the Alternate Postal Direct line of credit in the amount of \$300,000 and on the National Home Delivery line of credit in the amount of \$400,000. Additional borrowings were primarily due to closing costs of the Hencie acquisition. As of that date, the unused portion available under the lines of credit was \$800,000.

Subsequent to June 30, 2002, the Company realized a decrease in cash relating to (i) the payment of a cash dividend, and (ii) a payment to the Internal Revenue Service as part of the closing of the Hencie acquisition.

On July 29, 2002, the Company paid a cash dividend to its shareholders of record on July 22, 2002 in the amount of \$0.10 per share, or \$458,601.

At the closing of the Hencie acquisition, the Company paid approximately \$609,000 to the Internal Revenue Service to satisfy an amount owed by Hencie, which was included in the net liabilities assumed. Hencie had been making

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form 10QSB

monthly installment payments of \$92,000.

Also, the Company reached a Settlement Agreement with Edge Technology Group, Inc. for the settlement of Hencie debt, which was included in the net liabilities assumed. The aggregate amount of the obligation under the Settlement Agreement was \$1,650,000 and calls for future monthly payments of \$60,000 principal and interest at 8%. As of August 7, 2002, the outstanding balance was \$1,561,918. After three monthly installments are paid and certain other conditions are satisfied, a credit of \$450,000 may be applied to the settlement amount.

The Company believes that its current cash balance, along with the lines of credit and the credit facilities of Hencie, will be sufficient to fund its current operational plans as well as meet its presently anticipated capital requirements for the next twelve months.

Recent Events

The Advertising and Marketing Group is expected to continue to operate at the increased revenue levels established in the first half of 2002. The Logistics Group expects to maintain recent gains in gross margins by controlling direct costs, but also expects to see revenues and direct costs decline modestly due to fewer shipments by its manufacturing clients.

The Company completed its previously announced acquisition of Hencie, Inc. on August 1, 2002. The Company believes that this acquisition will provide better potential for the Company to grow both its revenue and gross margin. The business of Hencie will operate as a third business segment, the Technology Services Group.

Both the Advertising and Marketing Group and the Logistics Group will complement the Technology Services Group by providing outsourcing services.

The Company has received a Nasdaq Staff Determination indicating that the Company's securities are subject to delisting from the Nasdaq SmallCap Market because the Staff believes that the acquisition of Hencie constitutes a "reverse merger" under Marketplace Rule 4330(f) and requires the Company to satisfy Nasdaq's initial listing requirements in order to remain on the exchange. The Company has requested a hearing before a Nasdaq Listing Qualifications Panel to appeal the Staff's classification of the transaction and to review the delisting determination; a hearing has been scheduled for September 2002. The Company's securities will continue to be listed on the Nasdaq SmallCap Market pending the outcome of the hearing, although there can be no assurance that the Panel will grant the Company's request for continued listing.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

None.

Item 2. Changes in Securities and Use of Proceeds.

On or about August 1, 2002, Alternate Marketing Networks, Inc. changed its state of incorporation from Michigan to Delaware by merging into its wholly owned Delaware subsidiary. As a result of the merger this Company's charter documents (certificate of incorporation and bylaws) have changed. In particular the outstanding common stock, no par value, was exchanged for new common stock, \$.01 par value.

Edgar Filing: ALTERNATE MARKETING NETWORKS INC - Form 10QSB

On or about August, 1, 2002, the Company issued an aggregate of 3,982,323 shares of its common stock to shareholders of Hencie, in exchange for approximately eighty percent (80%) of the common stock of Hencie, Inc. Such issuance was not registered under the Securities Act of 1933 in reliance upon an exemption of the Act. No brokers or underwriters were involved and no commissions were paid.

Item 3. Defaults Upon Senior Securities.

None.

Item 4. Submission of Matters to a Vote of Security Holders.

None.

Item 5. Other Information.

None.

Item 6. Exhibits and Reports on Form 8-K.

During the period of this report, the following documents were filed:

8-K filed April 24, 2002 for the acquisition of Hencie, Inc. for Current Report event dated April 9, 2002.

*Exhibit 2.1 Amended and Restated Agreement and Plan of Reorganization, dated as of May 31, 2002, by and among Alternate Marketing Networks, Inc., a Michigan corporation, Alternate Marketing Networks, Inc., a Delaware corporation, ALTM Combination Co., a Delaware corporation, Hencie, Inc., a Delaware corporation, Adil Khan and certain stockholders of Hencie, Inc. (filed as Appendix A to the proxy statement of Alternate Marketing Networks, Inc., a Michigan corporation, dated as of July 23, 2002, filed with the Securities and Exchange Commission as of June 16, 2002, and incorporated herein by reference)
