**CELLCOM ISRAEL LTD. ANNOUNCES CONFIDENTIAL FILING OF DRAFT PROSPECTUS FOR POSSIBLE PUBLIC OFFERING OF DEBENTURES ON THE TEL AVIV STOCK EXCHANGE**

**Netanya, Israel –September 11, 2007** – Cellcom Israel Ltd. (NYSE: CEL) announced that further to its announcement on September 7, 2007 of its preparations for a possible public offering of debentures to be conducted in Israel alone, the proceeds of which would be used for general corporate purposes, including debt repayment, the Company's board of directors has approved today the filing of a confidential draft of a prospectus. The aggregate principal amount of debentures that would be offered is expected to range between NIS 500 million and NIS 1.0 billion. The final amount will be decided by the board if and when the board gives final approval of offering. The draft prospectus was filed today by the Company with the Israeli Securities Authority and the Tel Aviv Stock Exchange.

At this stage, no final decision has been made as to the execution of such possible public offering, nor as to its terms, scope and timing, if executed, other than as stated above and there is no certainty that such offering will be executed.

The offering described in this press release, if made, will be made in Israel to residents of Israel only. The said debentures, if issued, will be listed on the Tel Aviv Stock Exchange, will not be registered under the U.S. Securities Act of 1933 and will not be offered or sold in the United States. This press release shall not constitute an offer to sell or the solicitation of an offer to buy any debentures.

**About Cellcom Israel**

Cellcom Israel Ltd., established in 1994, is the leading Israeli cellular provider; Cellcom Israel provides its 2,960 million subscribers (as at June 2007) with a broad range of value added services including cellular and landline telephony, roaming services for tourists in Israel and for its subscribers abroad and additional services in the areas of music, video, mobile office etc., based on Cellcom Israel's technologically advanced infrastructure. The Company operates an HSDPA 3.5 Generation network enabling the fastest high speed content transmission available in the world, in addition to GSM/GPRS/EDGE and TDMA networks.
