**Item 7.01. Regulation FD Disclosure.**

On January 12, 2010, The Detroit Edison Company (Detroit Edison) posted a summary of the Michigan Public Service Commission's (MPSC) order in its rate cases to the DTE Energy Company (DTE Energy) website at [www.dteenergy.com](http://www.dteenergy.com). In the related news release, DTE Energy confirms its 2009 operating earnings per share guidance and confirms DTE Energy's early outlook for 2010 operating earnings. Detroit Edison is a wholly-owned subsidiary of DTE Energy.

For a detailed discussion, please see the Summary of Detroit Edison's Electric Rate Order dated January 12, 2010 and the related news release which are attached as Exhibits 99.1 and 99.2 to this report.

In accordance with General Instruction B.2 of Form 8-K, the information in Item 7.01 of this Current Report on Form 8-K, including Exhibits 99.1 and 99.2, shall not be deemed filed for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, except as shall be expressly set forth in such a filing.

**Item 8.01. Other Events.**

On January 11, 2010, the MPSC issued its order in Detroit Edison's electric rate cases. The full text of the order (Case No. U-15768 and Case No. U-15751) is available on the MPSC's website (<http://efile.mpvc.cis.state.mi.us/efile/>).

The MPSC order authorizes Detroit Edison to raise its rates by \$217 million. In addition, the MPSC's order adopted a pilot revenue decoupling mechanism (RDM) and uncollectible expenses tracking mechanism. The MPSC also ordered the continuation of a restoration and a line clearance tracker and Choice Incentive Mechanism (CIM).

Detroit Edison previously self-implemented a \$280 million rate increase, for a partial year starting in July 2009; therefore, this final order does not result in an additional increase to customer rates. Detroit Edison is required to refund to customers, with interest, the difference between the authorized rate increase and revenue actually collected from customers via the self-implementation surcharge. The 2009 refund amount will not be known until electric sales are final and Detroit Edison has finalized the amount collected during the self-implementation period.
