OPKO HEALTH, INC.
PROXY STATEMENT FOR THE 2010 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD
THURSDAY, MAY 27, 2010

This proxy statement is furnished by the Board of Directors ("Board") of OPKO Health, Inc. (the "Company" or "we," or "our") in connection with the solicitation of proxies to be voted at the Annual Meeting of Stockholders of the Company that will be held at the Company's headquarters at 4400 Biscayne Blvd., Miami, Florida 33137, on Thursday, May 27, 2010, beginning at 10:00 a.m., local time, and all adjournments thereof (the "Annual Meeting"), for the purposes set forth in the accompanying Notice of Annual Meeting.

Our Board has fixed the close of business on April 9, 2010, as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting or any adjournments thereof. As of that date, there were issued and outstanding 255,211,367 shares of our common stock, par value \$0.01 per share, 987,484 shares of our Series A Preferred Stock, par value \$0.01 per share, and 1,209,677 shares of our 8% Series D Cumulative Convertible Preferred Stock, par value \$.01 per share ("Series D Preferred Stock"). The holders of our common stock and Series A Preferred Stock are each entitled to one vote for each outstanding share on all matters submitted to our stockholders and holders of our Series D Preferred Stock vote on an as-converted to common stock basis. As of April 9, 2010, each share of Series D Preferred Stock was convertible into ten shares of common stock. The matters to be voted on at the Annual Meeting will pass and a nominee for director will be elected to the Board, if the votes cast in favor of a nominee or other proposal by the holders of shares of our common stock, Series A Preferred Stock, and Series D Preferred Stock present or represented and entitled to vote at the Annual Meeting at which a quorum is present and voting together as a single class, exceed the votes cast against a nominee or other proposal. The presence, in person or by proxy, of holders of a majority of our outstanding common and preferred stock constitutes a quorum at the Annual Meeting. Shares of our stock represented by proxies that reflect abstentions and broker non-votes (i.e., stock represented at the Annual Meeting by proxies held by brokers or nominees as to which (i) the brokers or nominees have not received instructions from the beneficial owners or persons entitled to vote and (ii) the broker or nominee does not have the discretionary voting power on a particular matter) will be counted for the purpose of determining the existence of a quorum at the Annual Meeting but will have no effect on the election of directors.

Any stockholder giving a proxy will have the right to revoke it at any time prior to the time it is voted. A proxy may be revoked by: (i) written notice to us at or prior to the Annual Meeting, attention: Secretary; (ii) execution of a subsequent proxy; or (iii) attendance and voting in person at the Annual Meeting. Attendance at the Annual Meeting will not automatically revoke the proxy. All shares of our stock represented by effective proxies will be voted at the Annual Meeting or at any adjournment thereof. **Unless otherwise specified in the proxy, shares of our stock represented by proxies will be voted: (i) FOR the election of the Board's nominees for directors; and (ii) in the discretion of the proxy holders with respect to such other matters as may properly come before the Annual Meeting.**

Our executive offices are located at 4400 Biscayne Blvd., Miami, Florida 33137. Mailing to stockholders of record on April 9, 2010 of the Notice of Annual Meeting, this proxy statement, the accompanying form of proxy and our Annual Report to Stockholders for our fiscal year ended December 31, 2009 ("fiscal 2009") will commence on or around April 26, 2010.

CORPORATE GOVERNANCE

Our common stock is listed on the NYSE Amex. Pursuant to the Company's Amended and Restated Bylaws and the Delaware General Corporation Law, our business and affairs are managed under the direction of our Board of Directors. Directors are kept informed of the Company's business through discussions with management, including our Chief Executive Officer, Chief Financial Officer, and other senior officers, by reviewing materials provided to them and by participating in meetings of the Board of Directors and its committees. The Company has adopted a Code of Business Conduct and Ethics that applies to all employees, officers, and directors of the Company. The Code of Business Conduct and Ethics is available on our website: www.opko.com under Investor Relations. If the Company makes any substantive amendments to, or grants a waiver (including an implicit waiver) from, a provision of our Code of Business Conduct and Ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, and that relates to any element of the code of ethics definition enumerated in Item 406(b) of Regulation S-K, promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), we will disclose such amendment or waiver on our website.

Director Independence

In evaluating the independence of each of our directors, the Board of Directors considers transactions and relationships between each director or any member of his or her immediate family and the Company and its subsidiaries and affiliates. The Board of Directors also examined transactions and relationships between directors or their known affiliates and members of the Company's senior management and their known affiliates. The purpose of this review is to determine whether any such relationships or transactions are inconsistent with a determination that the director is independent under applicable laws and regulations and NYSE Amex listing standards. The Board of Directors affirmatively determined that a majority of our directors, including Messrs. Robert A. Baron, Thomas E. Beier, Richard C. Pfenniger, Jr., and Drs. Pascal J. Goldschmidt, Richard A. Lerner and Alice Lin-Tsing Yu, are independent directors within the meaning of the listing standards of NYSE Amex and applicable law. In making the independence determinations, the Board considered a number of factors and relationships, including without limitation (i) Dr. Frost's service as a member of the Board of Trustees for the University of Miami and its Service Committee, a 501(c)(3) entity for which Dr. Goldschmidt serves as an executive officer; and (ii) Dr. Frost's service on the board of directors for Continucare Corporation, an entity for which Mr. Pfenniger serves as Chairman, Chief Executive Officer, and President. Dr. Frost abstains from participating in any Service Committee or Board of Trustee decisions which may implicate Dr. Goldschmidt's compensation. As required by the NYSE Amex, the Company's independent directors meet at least annually in executive session without the presence of its non-independent directors or management.

Board of Directors Voting

We currently have ten directors comprising the entirety of our Board. The Frost Group, LLC (the "Frost Group"), an entity controlled by our Chairman and CEO and several of our members of senior management, has agreed to vote for two of the directors, Messrs. Paganelli and Baron, under the Board of Director composition provisions of a voting agreement between the Frost Group and the Company. The terms of the voting agreement expired on February 9, 2010. In addition, three of our current directors, Drs. Frost and Hsiao and Mr. Rubin, were elected to the Board in 2007 and 2008 pursuant to the merger agreement entered into in connection with the Acquisition.

Board Leadership Structure

The Company is led by Dr. Frost, who has served as Chief Executive Officer and Chairman of the Board of Directors since March 2007. Our Board of Directors is comprised of Dr. Frost, two other management directors, a former member of management, and six directors who satisfy NYSE Amex independence requirements. The Company does not have a member of our Board who is formally identified as the lead independent director. However, independent directors head each of our Board's three standing committees—the Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee, and each of the committees is comprised solely of independent directors.

Although, the Board does not have a formal policy on whether the roles of Chief Executive Officer and Chairman of the Board should be separated, we believe that our current Board leadership structure is suitable for us. The Chief Executive Officer is the individual selected by the Board of Directors to manage our Company on a day

Table of Contents

to day basis, and his direct involvement in our business operations makes him best positioned to lead productive Board strategic planning sessions and determine the time allocated to each agenda item in discussions of our Company's short- and long-term objectives.

Board Role in Risk Oversight

The Board's role in the risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, and strategic and reputational risks. In connection with its reviews of the operations of the Company's business units and corporate functions, the Board considers and addresses the primary risks associated with those units and functions. Our full Board regularly engages in discussions of the most significant risks that the Company is facing and how these risks are being managed.

In addition, each of the Board's Committees, and particularly the Audit Committee, plays a role in overseeing risk management issues that fall within each Committee's areas of responsibility as described below under the heading Standing Committees of the Board of Directors. Senior management reports on at least a quarterly basis to the Audit Committee on the most significant risks facing the Company from a financial reporting perspective and highlights any new risks that may have arisen since the Audit Committee last met. The Audit Committee also meets regularly in executive sessions with the Company's independent registered public accounting firm and reports any findings or issues to the full Board. In performing its functions, the Audit Committee and each standing committee of the Board has full access to management, as well as the ability to engage advisors. The Board receives regular reports from each of its standing committees regarding each committee's particularized areas of focus.

Meetings and Committees of the Board of Directors

Our Board met seven times during fiscal 2009 and took action by written consent on one occasion. We intend for the independent directors of the Board to meet separately from Board meetings from time to time at their discretion. In fiscal 2009, all incumbent directors attended 75% or more of the Board meetings and meetings of the committees on which they served with the exception of Drs. Yu, Goldschmidt and Hsiao.

Although we encourage each member of our Board of Directors to attend our annual meetings of stockholders, we do not have a formal policy requiring the members of our Board of Directors to attend. Nine members of our Board of Directors attended the annual meeting of stockholders during fiscal 2009.

Standing Committees of the Board of Directors

Our Board of Directors maintains several standing committees, including a Compensation Committee, a Nominating and Governance Committee, and a separately designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act, and the rules and regulations promulgated thereunder. These committees and their functions are described below. Our Board of Directors may also establish various other committees to assist it in its responsibilities. Our Board of Directors has adopted a written charter for each of its standing committees. The full text of each charter is available on our website at <http://www.opko.com>.

The following table shows the current members (indicated by an "X" or "Chair") of each of our standing Board committees:

Audit Committee

Our Audit Committee oversees our corporate accounting and financial reporting process. Our Audit Committee met fifteen times during fiscal 2009. The responsibilities of our Audit Committee are set forth in a written charter adopted by our Board of Directors and reviewed and reassessed annually by the Audit Committee. Our Audit Committee:

- evaluates the qualifications, independence and performance of our independent registered public accounting firm;

- determines the engagement of our independent registered public accounting firm;

- approves the retention of our independent registered public accounting firm to perform any proposed permissible non-audit services;

- reviews our systems of internal controls established for finance, accounting, legal compliance, and ethics;

- reviews our accounting and financial reporting processes;

- provides for effective communication between our Board of Directors, our senior and financial management, and our independent auditors;

- discusses with management and our independent auditors the results of our annual audit and the review of our quarterly financial statements;

- reviews the audits of our financial statements;

- implements a pre-approval policy for certain audit and non-audit services performed by our registered independent public accounting firm; and

- reviews and approves any related party transactions that we are involved in.

Our Audit Committee is composed of Messrs. Pfenniger, Baron, and Beier. Our Board of Directors has determined that Messrs. Pfenniger and Beier, each of whom is independent as independence for audit committee members is defined in NYSE Amex listing standards, is an audit committee financial expert as defined in Item 407(d)(5)(ii) of Regulation S-K.

Compensation Committee

Our Compensation Committee reviews and either approves, on behalf of the Board of Directors, or recommends to the Board of Directors for approval, (i) annual salaries, bonuses, and other compensation for our executive officers, and (ii) individual equity awards for our employees and executive officers. Our Compensation Committee also oversees our compensation policies and practices. Our Compensation Committee met eight times during fiscal 2009. Our Compensation Committee may from time to time establish a subcommittee to perform any action required to be performed by a committee of non-employee directors pursuant to Rule 16b-3 under the Securities Exchange Act of 1934 and outside directors pursuant to Rule 162(m) under the Internal Revenue Code.

Our Compensation Committee also performs the following functions related to executive compensation:

- reviews and approves the annual salary, bonus, stock options, and other benefits, direct and indirect, of our executive officers, including our Chief Executive Officer;

- reviews and recommends new executive compensation programs; reviews the operation and efficacy of our executive compensation programs;

- establishes and periodically reviews policies in the area of senior management perquisites;

Table of Contents

reviews and approves material changes in our employee benefit plans;

administers our equity compensation and employee stock purchase plans; and

reviews the adequacy of the Compensation Committee charter and recommends any proposed changes to the Board of Directors not less than annually.

The Compensation Committee takes into consideration the recommendations of our Chief Executive Officer concerning compensation actions for our other executive officers and may engage compensation consultants if the committee deems it appropriate. In deciding upon the appropriate level of compensation for our executive officers, the Compensation Committee also reviews our compensation programs relative to our strategic objectives and market practice and other changing business and market conditions. To date, neither the Compensation Committee nor management has engaged a compensation consultant in determining or recommending the amount or form of director or officer compensation.

Our Compensation Committee is composed of Dr. Lerner (Chairman), Dr. Goldschmidt, and Mr. Beier. We believe that the composition and functioning of our Compensation Committee complies with all applicable requirements of the Sarbanes-Oxley Act of 2002, the NYSE Amex, and the SEC's rules and regulations, including those regarding the independence of our Compensation Committee members.

Compensation Committee Interlocks and Insider Participation

The current members of our Compensation Committee are Dr. Lerner, Mr. Beier, and Dr. Goldschmidt. None of these individuals was at any time during fiscal 2009 or at any time prior thereto, an officer or employee of ours.

Corporate Governance and Nominating Committee

Our Corporate Governance and Nominating Committee's responsibilities include the selection of potential candidates for our Board of Directors, making recommendations to our Board of Directors concerning the structure and membership of the other Board committees, and considering director candidates recommended by others, including our Chief Executive Officer, other Board members, third parties, and stockholders. Our Corporate Governance and Nominating Committee is composed of Mr. Baron (Chairman), Dr. Goldschmidt, and Dr. Lerner. Our Corporate Governance and Nominating Committee met two times during fiscal 2009. We believe that the composition of our Corporate Governance and Nominating Committee complies with applicable requirements of the Sarbanes-Oxley Act of 2002, the NYSE Amex, and SEC's rules and regulations, including those regarding the independence of our Corporate Governance and Nominating Committee members.

The Corporate Governance and Nominating Committee identifies director nominees through a combination of referrals, including by existing members of the Board of Directors, management, third parties, stockholders, and direct solicitations, where warranted. Once a candidate has been identified, the Corporate Governance and Nominating Committee reviews the individual's experience and background, and may discuss the proposed nominee with the source of the recommendation. The Corporate Governance and Nominating Committee usually believes it to be appropriate for committee members to interview the proposed nominee before making a final determination whether to recommend the individual as a nominee to the entire Board of Directors to stand for election to the Board of Directors. The Committee does not plan to evaluate candidates identified by the Corporate Governance and Nominating Committee differently from those recommended by a stockholder or otherwise.

The Corporate Governance and Nominating Committee has recommended to the Board that it nominate each of the incumbent directors for election at the 2010 Annual Meeting.

Director Selection Criteria

The Corporate Governance and Nominating Committee reviews and makes recommendations to the Board of Directors regarding the appropriate qualifications, skills, and experience expected of individual members and of the Board of Directors as a whole with the objective of having a Board of Directors with sound judgment and diverse backgrounds and experience to represent stockholder interests.

Table of Contents

The Corporate Governance and Nominating Committee believes that nominees for election to the Board of Directors should possess sufficient business or financial experience and a willingness to devote the time and effort necessary to discharge the responsibilities of a director. This experience can include, but is not limited to, service on other boards of directors or active involvement with other boards of directors, experience in the industries in which the Company conducts its business, audit and financial expertise, clinical experience, operational experience, or a scientific or medical background. The Corporate Governance and Nominating Committee does not believe that nominees for election to the Board of Directors should be selected through mechanical application of specified criteria. Rather, the Corporate Governance and Nominating Committee believes that the qualifications and strengths of individuals should be considered in their totality with a view to nominating persons for election to the Board of Directors whose backgrounds, integrity, and personal characteristics indicate that they will make a positive contribution to the Board of Directors.

While we do not have a formal diversity policy with respect to Board composition, the Board believes it is important for the Board to have diversity of knowledge base, professional experience and skills, and the Corporate Governance and Nominating Committee takes these qualities into account when considering director nominees for recommendation to the Board.

Stockholder Nominations

The Corporate Governance and Nominating Committee will consider director candidates recommended by stockholders. Stockholders who wish to recommend candidates for election to the Board of Directors must do so in writing. The recommendation should be sent to the Secretary of the Company, OPKO Health, Inc., 4400 Biscayne Boulevard, Miami, Florida 33137, who will forward the recommendation to the Corporate Governance and Nominating Committee. The recommendation must set forth (i) the name and address as they appear on the Company's books of the stockholder making the recommendation and the class and number of shares of capital stock of the Company beneficially owned by such stockholder and (ii) the name of the candidate and all information relating to the candidate that is required to be disclosed in solicitations of proxies for election of directors under the SEC's proxy rules. The recommendation must be accompanied by the candidate's written consent to being named in the Company's proxy statement as a nominee for election to the Board of Directors and to serving as a director, if elected. Stockholders must also comply with all requirements of the Company's Amended and Restated Bylaws with respect to nomination of persons for election to the Board of Directors.

Stockholder Communications with the Board

Stockholders may initiate in writing any communication with our Board of Directors or any individual director by sending the correspondence to OPKO Health, Inc., 4400 Biscayne Blvd., Miami, Florida 33137, Attention: Secretary. This centralized process assists our Board of Directors in reviewing and responding to stockholder communications in an appropriate manner. If a stockholder would like the letter to be forwarded directly to one of the Chairmen of the three standing committees of the Board, he or she should so indicate. If no specific direction is indicated, the Secretary's office will review the letter and forward it to the appropriate Board member(s).

Employee Communications with the Audit Committee

The Audit Committee has established procedures for the receipt, retention, and treatment of complaints regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of concerns regarding questionable accounting and auditing matters. These procedures are described in our OPKO Health, Inc. Policy for Reporting Questionable Accounting and Auditing Practices and Policy Prohibiting Retaliation Against Reporting Employees.

The lease provides for payments of approximately \$18 thousand per month in the first year increasing annually to \$24 thousand per month in the fifth year, plus applicable sales tax. Dr. Richard Lerner, a member of our Board of Directors, serves as a consultant and scientific advisory board member to Sorrento and owns less than one percent of its shares.

On June 16, 2009, we entered into an agreement to lease approximately 10,000 square feet of space in Hialeah, Florida to house manufacturing and service operations for our ophthalmic instrumentation business (the Hialeah Facility) from an entity controlled by Dr. Frost and Dr. Jane Hsiao. Pursuant to the terms of a lease agreement, which is effective as of February 1, 2009, gross rent is \$0.1 million per year for a one-year lease which may be extended, at our option, for one additional year. From April 2008 through January 2009, we leased 20,000 square feet at the Hialeah Facility from a third party landlord pursuant to a lease agreement which contained an option to purchase the facility. We initially elected to exercise the option to purchase the Hialeah Facility in September 2008. Prior to closing, however, we assigned the right to purchase the Hialeah Facility to an entity controlled by Drs. Frost and Hsiao and leased a smaller portion of the facility as a result of several factors, including our inability to obtain outside financing for the purchase, current business needs, the reduced operating costs for the smaller space, and the minimization of risk and expense of unutilized space.

On July 20, 2009, the Company entered into a worldwide exclusive license agreement with Academia Sinica in Taipei, Taiwan, for a new technology to develop protein vaccines against influenza and other viral infections. Dr. Alice Yu, a member of our board of directors, is a Distinguished Research Fellow and Associate Director at the Genomics Research Center, Academia Sinica. In connection with the license, the Company paid to Academia Sinica an upfront licensing fee and agreed to pay royalties and other payments on the occurrence of certain development milestones.

Effective as of September 18, 2009, we entered into a securities purchase agreement (the Preferred Purchase Agreement) with various private investors (the Preferred Investors), pursuant to which the Preferred Investors agreed to purchase an aggregate of 1,209,677 shares (the Preferred Shares) of the Company's newly-designated 8.0% Series D Cumulative Convertible Preferred Stock, par value \$0.01 per share (Series D Preferred Stock) at a purchase price of \$24.80 per share, together with warrants (the Warrants) to purchase up to an aggregate of 3,024,196 shares of the Company's common stock, par value \$.01 at an exercise price of \$2.48 per share (the Preferred Investment). Initially,

the Series D Preferred Stock was convertible into ten shares of the Company's common stock, and the Preferred Shares purchase price was based on the average closing price of the Company's

common stock as reported on the NYSE Amex for the five days preceding the execution of the Preferred Purchase Agreement. In connection with the Preferred Investment, the Company issued the Preferred Shares and Warrants and received an aggregate of \$30.0 million in cash on September 28, 2009. Included among the Preferred Investors is the Gamma Trust, Hsu Gamma Investment, L.P, a limited partnership controlled by Jane H. Hsiao, and Oracle Partners LP, a limited partnership in which Dr. Frost is a limited partner. The Company agreed to issue the Preferred Shares and the Warrants in reliance upon the exemption from registration under Section 4(2) of the Securities Act of 1933, as amended (the "Act"). The Preferred Shares issued in the Preferred Investment, including the shares of the Company's common stock into which the Preferred Shares and Warrants may be converted, are restricted securities as that term is defined by Rule 144 under the Act, subject to a three year contractual lockup, and no registration rights have been granted.

Effective September 21, 2009, the Company entered into an agreement pursuant to which the Company invested \$2.5 million in cash in Cocystal Discovery, Inc., a privately held biopharmaceutical company ("Cocystal"), in exchange for 1,701,723 shares of Cocystal's Convertible Series A Preferred Stock. A group of investors led by the Frost Group (the "Frost Investors"), previously invested \$5 million in Cocystal, and agreed to invest an additional \$5 million payable in two equal installments in September 2009 and March 2010. As a result of an amendment to the Frost Investor agreements dated June 9, 2009, OPKO, rather than the Frost Investors, made the first installment investment (\$2.5 million) on September 21, 2009. Following the first investment, the members of the Frost Group owned a total of 2,948,645 shares of Cocystal, representing 33.65% of Cocystal's voting stock on an as converted basis and the Gamma Trust owned a majority of those shares, owning 2,768,257 shares. On December 31, 2009 we owned approximately 20% of Cocystal's outstanding stock. Following the final installment investment of \$2.5 million in Cocystal by the Frost Investors in or around March 2010, the Company owned approximately 16% of Cocystal and members of the Frost Group owned approximately 4,422,967 shares, representing 42% of Cocystal's voting stock on an as converted basis, including 4,152,386 held by the Gamma Trust. Dr. Frost, Mr. Rubin, and Dr. Hsiao currently serve on the Board of Directors of Cocystal and represent 50% of its board.

Effective March 5, 2010, the Frost Group assigned two license agreements with Academia Sinica to the Company's subsidiary, OPKO Taiwan, Inc. The license agreements pertained to alpha-galactosyl ceramide analogs and their use as immunotherapies and peptide ligands in the diagnosis and treatment of cancer. In connection with the assignment of the licenses, the Company agreed to reimburse the Frost Group for the licensing fees previously paid by the Frost Group to Academia Sinica in the amounts of \$50,000 and \$75,000, respectively, as well as reimbursement of certain expenses.

Our Policies Regarding Related Party Transactions

In April 2007, we adopted a written statement of policy with respect to related party transactions, which is administered by our Audit Committee. Under our related party transaction policy, a "Related Party Transaction" is any transaction, arrangement, or relationship between us or any of our subsidiaries and a Related Person, not including any transactions involving less than \$60,000 when aggregated with all similar transactions, or transactions that have received pre-approval of our Audit Committee. A "Related Person" is any of our executive officers, directors or director nominees, any stockholder beneficially owning in excess of 5% of our stock or securities exchangeable for our stock, any immediate family member of any of the foregoing persons, and any firm, corporation, or other entity in which any of the foregoing persons is an executive officer, a partner or principal or in a similar position, or in which such person has a 5% or greater beneficial ownership interest in such entity.

Pursuant to our related party transaction policy, a Related Party Transaction may only be consummated if:

Our Audit Committee approves or ratifies such transaction in accordance with the terms of the Policy; or

the chair of our Audit Committee pre-approves or ratifies such transaction and the amount involved in the transaction is less than \$100,000, provided that for the Related Party Transaction to continue it must be approved by our Audit Committee at its next regularly scheduled meeting.

If advance approval of a Related Party Transaction is not feasible, then that Related Party Transaction will be considered and, if our Audit Committee determines it to be appropriate, ratified, at its next regularly scheduled meeting. If we decide to proceed with a Related Party Transaction without advance approval, then the terms of such

Related Party Transaction must permit termination by us without further material obligation in the event our Audit Committee ratification is not forthcoming at our Audit Committee's next regularly scheduled meeting.

Transactions with related persons, though not classified as Related Party Transactions by our related party transaction policy and thus not subject to its review and approval requirements, may still need to be disclosed if required by the applicable securities laws, rules, and regulations.

All transactions listed above were approved in accordance with the Company's related party transaction policy.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our compensation philosophy is to attract and retain talented and dedicated executives who will work to achieve our desired business direction, strategy, and performance. The primary goals of our compensation program for our Named Executive Officers are (i) to attract, motivate, and retain talented executives with the skill sets and expertise we need to meet our scientific and business objectives; (ii) to be competitive in the marketplace; (iii) to tie annual and long-term cash and equity incentives to the achievement of specified performance objectives that will result in increased stockholder value; and (iv) to be cost-effective. To achieve these goals, we have formed a compensation committee that reviews and approves the executive compensation packages for our executive officers, including the Named Executive Officers. These packages are generally based on a mix of salary, discretionary bonus, and equity awards. Although we have not adopted any formal guidelines for allocating total compensation between equity compensation and cash compensation, we maintain compensation plans that tie a substantial portion of our executives overall compensation to the achievement of corporate goals and success of the Company.

Benchmarking of Cash and Equity Compensation

Our Compensation Committee reviews executive compensation levels on an annual basis to ensure they remain competitive in our industry. Data for this review is prepared and provided to the Compensation Committee by our management and human resources department, with input from our Chief Executive Officer, as well as other members of senior management. This data details relevant market rates for executive base salaries, annual cash incentive, long-term incentive, and total compensation for companies of similar size in our industry. The sources for this data for fiscal year 2010 include the Executive Compensation Survey, a survey of 113 biotech companies ranging in size from less than \$20 million in revenues with less than 10 employees to over \$500 million in revenue with over 1,000 employees. The data we used for our analysis focused on 45 companies with less than \$25 million in revenues and less than 150 employees. We believe that criteria used by the Executive Compensation Survey were effective in yielding a comprehensive survey group of companies, or peer groups, comparable to the Company for 2010. Utilizing the compiled information, the Compensation Committee in 2010 reviewed the various components of executive compensation to determine the base salary, annual cash incentive, long term incentive, and equity compensation.

We may retain the services of third-party executive compensation specialists from time to time in connection with the establishment of cash and equity compensation and related policies, although we have not previously done so.

Elements of Compensation

We evaluate individual executive performance with a goal of setting compensation at levels the Board of Directors and the Compensation Committee believe are comparable with executives in other companies of similar size and stage of development. At the same time, our Board of Directors and Compensation Committee takes into account our relative performance and our own strategic goals. The primary elements of our compensation plans are base salary, discretionary annual bonus, and equity compensation, each of which is described in greater detail below.

Base Salary. We try to establish and maintain competitive annual base salaries for our Named Executive Officers by utilizing available resources, which include surveys as discussed above. While base salaries are not primarily performance-based, we believe it is important to provide adequate, fixed compensation to executives working in a highly volatile and competitive industry such as ours. We provide fixed salary compensation to our Named Executive Officers based on their responsibilities and individual experience, taking into account competitive market compensation paid by other companies for similar positions within the pharmaceutical industry. Although it is the general intent of the Compensation Committee to position base salaries at approximately the competitive median of the Company's peer groups based on data reviewed, the base salaries for the Company's Named Executive Officers in 2007 were below the median of our peer group, and none of the Named Executive Officers were granted increases in their base salaries in 2008 or 2009. Because we have generated little revenue, we have tried to place an emphasis on incentive forms of compensation, such as stock option grants.

As a result of the Company's growth and expansion into various medical markets, and taking into consideration the peer group surveys noted above, the Compensation Committee approved increases in base salary for the

Table of Contents

Company's Named Executive Officers on April 14, 2010. The new base salaries for each of the Named Executive Officers, with the exception of one, were positioned at approximately the competitive median of the Company's peer groups. The increased base salaries are effective as of March 1, 2010.

Discretionary Annual Bonus. In addition to base salaries, our Compensation Committee has the authority to award discretionary annual bonuses to our Named Executive Officers based on corporate and individual performance. Incentives, as a percent of salary, increase with executive rank so that, as rank increases, a greater portion of total annual cash compensation is based on annual corporate and individual performance. Furthermore, as an executive's rank increases, a greater percentage of that executive's cash bonus is based on corporate performance, rather than individual performance. Because we have generated little revenue, the Compensation Committee has not awarded any cash incentive bonuses, and has instead chosen to focus on other forms of compensation, such as stock options.

Equity Compensation. We believe that equity compensation should be a primary component of our executive compensation program because they align the interests of our executive officers with the long term performance of the Company. Stock options are a critical element of our long-term incentive strategy. The primary purpose of stock options is to provide Named Executive Officers and other employees with a personal and financial interest in our success through stock ownership, thereby aligning the interests of such persons with those of our stockholders. This broad-based program is a vital element of our goal to empower and motivate outstanding long-term contributions by our Named Executive Officers and other employees. The Compensation Committee believes that the value of stock options will reflect our performance over the long-term. Under our employee stock option program, options are granted at fair market value at the date of grant, and options granted under the program become exercisable only after a vesting period. Consequently, employees benefit from stock options only if the market value of our common stock increases over time. With respect to these stock options, we recognize compensation expense based on FASB ASC Topic 718. The Compensation Committee typically grants stock options to our Named Executive Officers under our 2007 Equity Incentive Plan. For all executives, other than the Chief Executive Officer, the Compensation Committee considers the recommendations of our Chief Executive Officer based on his subjective assessment of their performance. There is no set formula or performance criteria which determines the amount of the equity award for our Named Executive Officers or our other employees. We have not granted to any employee any restricted stock or restricted stock awards pursuant to our equity benefit plans. However, our Compensation Committee, in its discretion, may in the future elect to make such grants to our Named Executive Officers if it deems it advisable.

Employment Agreements. We have not entered into an employment agreement with any of our current executive officers.

Severance and Change-in-Control Benefits. None of our current executive officers are entitled to severance or change of control benefits; provided however, that the OPKO Health, Inc. 2007 Equity Incentive Plan provides for certain accelerated vesting upon change in control events.

401(k) Profit Sharing Plan. We have adopted a tax-qualified 401(k) Profit Sharing Plan (the "401(k) Plan") covering all qualified employees. The effective date of the 401(k) Plan is January 2008. Participants may elect a salary reduction of at least 1% as a contribution to the 401(k) Plan, up to the statutorily prescribed annual limit for tax-deferred contributions (\$16,500 for employees under age 50 and an additional \$5,000 for employees 50 and above in 2009). In 2008, the Company adopted the Roth contribution for employee elections. The 401(k) Plan permits employer matching of up to 4% of a participant's salary up to the statutory limits. In 2009, we elected a safe harbor contribution at 4% of annual compensation. All of our safe harbor contributions are immediately vested.

Other Compensation. All of our Named Executive Officers have standard benefits that are offered to all full-time, exempt employees. These standard benefits include health, dental and life insurance, and short and long term disability. We intend to continue to maintain the current benefits and perquisites for our Named Executive Officers; however, our Compensation Committee, in its discretion, may in the future revise, amend, or add to the benefits and perquisites of any Named Executive Officer if it deems it advisable.

Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code generally does not allow a deduction for annual compensation in excess of \$1,000,000 paid to our executive officers. This limitation on deductibility does not apply to certain

Table of Contents

compensation, including performance based compensation under a plan approved by our stockholders. It is expected that equity grants under our 2007 Equity Incentive Plan will qualify for the performance-based exceptions from the Section 162(m) limitations. Our policy is generally to preserve the federal income tax deductibility of compensation and to qualify eligible compensation for the performance-based exception in order for compensation not to be subject to the limitation on deductibility imposed by Section 162(m) of the Internal Revenue Code. We may, however, approve compensation that may not be deductible if we determine that the compensation is in our best interests as well as the best interests of our stockholders.

Compensation Policies and Practices as Related to Risk Management

The Compensation Committee and management do not believe that the Company maintains compensation policies or practices that are reasonably likely to have a material adverse effect on the Company. Our employees' base salaries are fixed in amount and thus we do not believe that they encourage excessive risk-taking. A significant proportion of the compensation provided to our employees is in the form of long-term equity-based incentives that we believe are important to help further align our employees' interests with those of our stockholders. We do not believe that these equity-based incentives encourage unnecessary or excessive risk taking because their ultimate value is tied to our stock price.

The Audit Committee plans to engage Ernst & Young as the Company's independent registered public accounting firm to audit our financial statements for fiscal 2010 and to express an opinion on the effectiveness of our internal control over financial reporting as of December 31, 2010. We expect that a representative of Ernst & Young will attend the Annual Meeting, will have an opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

The following table presents fees for professional audit services provided by Ernst & Young for the audit of our annual financial statements and internal control over financial reporting for fiscal 2009 and 2008 (in thousands):

	FY 2009	FY 2008
Audit Fees	\$ 449,000	\$ 474,375
Audit-Related Fees		
Tax Fees		
All Other Fees	2,000	
Total	\$ 451,000	\$ 474,375

Audit Fees include fees for services rendered for the audit of our annual consolidated financial statements, the audit of internal control over financial reporting, the review of financial statements included in our quarterly reports on Form 10-Q, and consents and other services normally provided in connection with statutory and regulatory filings or engagements for those fiscal years.

Audit-Related Fees would principally include fees incurred for due diligence in connection with potential transactions and accounting consultations. There were no audit-related fees incurred during 2009 and 2008.

Tax Fees would include fees for services rendered for tax compliance, tax advice, and tax planning. There were no tax fees incurred with Ernst & Young in 2009 and 2008.

All Other Fees would include fees for all other services rendered to us that do not constitute Audit Fees, Audit-Related Fees, or Tax Fees. There were no such fees incurred with Ernst & Young in 2008. In 2009 such fees related to a license associated with an accounting research tool.

Audit Committee Policy for Pre-approval of Independent Auditor Services

The Audit Committee of the Board of Directors is required to pre-approve all audit and non-audit services provided by the Company's independent auditors in order to assure that the provision of such services does not impair the auditor's independence. The Audit Committee has established a policy regarding pre-approval of permissible audit, audit-related, and other services provided by the independent auditors, which services are periodically reviewed and revised by the Audit Committee. Unless a type of service has received general pre-approval under the policy, the service will require specific approval by the Audit Committee. The policy also includes pre-approved fee levels for specified services and any proposed service exceeding the established fee level must be specifically approved by the committee. All audit and permitted non-audit services and all fees associated with such services performed by our independent registered public accounting firm in fiscal 2009 and 2008 were approved by the full Audit Committee consistent with the policy described above.

The Audit Committee's policy provides that the Audit Committee has the ultimate authority to approve all audit engagement fees and terms and that the Audit Committee shall review, evaluate, and approve the engagement proposal of the independent auditor.

In conjunction with its activities during fiscal 2009, the Audit Committee reviewed and discussed our interim results and the annual integrated audit of our financial statements and internal control over financial reporting with the Company's independent registered public accounting firm with and without management present, and with management. The members of the Audit Committee discussed the quarterly review procedures and annual audit procedures performed by the independent registered public accounting firm in connection with the quarterly unaudited and annual audited financial statements and discussed and agreed upon procedures related to the audit of internal control over financial reporting with management of the Company and its independent registered public accounting firm. The members of the Audit Committee also discussed with the Company's independent registered public accounting firm the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended. In addition, the Audit Committee received from the Company's independent registered public accounting firm the written disclosures and the letter required by the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence and has discussed with the independent registered public accounting firm the independent registered public accounting firm's independence. Based on the foregoing reviews and discussions, the Audit Committee recommended to the Board, and the Board approved, that the fiscal 2009 annual audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal 2009 for filing with the SEC.
