TELUS intends to give notice after the completion of the Offering of a partial 45% redemption, on a *pro rata* basis, of U.S.\$613 million principal amount of its outstanding U.S.\$1.3615 billion 8% Notes due June 1, 2011. The redemption price will be based on the yield for a U.S. Treasury security with the equivalent maturity plus 30 basis points, as provided in the trust indenture pursuant to which such notes were issued, but in no case will the redemption price be less than par. Note holders will also receive accrued interest to the redemption date, which has not yet been determined. The estimated redemption price for the notes to be redeemed (net of the U.S.\$6.7 million redemption price for the notes to be redeemed owned indirectly by the Company), excluding accrued interest, is approximately U.S.\$640 million and the estimated payment required to terminate the associated swaps is approximately \$313 million. Unanticipated developments or circumstances beyond the Company's control could affect its intended redemption of the notes and there is no assurance that the redemption will be completed. The Company will only become obligated to complete the redemption once it gives notice of redemption in accordance with the trust indenture governing the notes.

Costs and non-cash write-downs related to the early redemption of U.S.\$613 million principal amount of the outstanding U.S.\$1.3615 billion 8% Notes due June 1, 2011 are expected to result in increased financing charges which will have an after tax impact on the Company in the third quarter of 2010 of approximately 13 cents per share, which is not reflected in TELUS May 5, 2010 guidance update. The U.S.\$8% Notes were swapped at issuance into a Canadian dollar liability with an effective yield of 8.493%.

TELUS CORPORATION

TELUS was incorporated under the *Company Act* (British Columbia) (the BC Company Act) on October 26, 1998 under the name BCT.TELUS Communications Inc. (BCT). On January 31, 1999, pursuant to a court-approved plan of arrangement under the *Canada Business Corporations Act* among BCT, BC TELECOM Inc. (BC TELECOM) and the former Alberta based TELUS Corporation (TC), BCT acquired all of the shares of each of BC TELECOM and TC in exchange for common shares and non-voting shares of BCT, and BC TELECOM was dissolved. On May 3, 2000, BCT changed its name to TELUS Corporation and in February 2005, the Company transitioned under the *Business Corporations Act* (British Columbia), successor to the BC Company Act. TELUS maintains its registered office at Floor 21, 3777 Kingsway, Burnaby, British Columbia, and its executive office at Floor 8, 555 Robson Street, Vancouver, British Columbia, V6B 3K9.

TELUS is a leading national telecommunications company in Canada, offering a wide range of wireline and wireless communications products and services including data, voice and entertainment.

As at December 31, 2009, the only material subsidiary of TELUS was TELUS Communications Inc. (TCI), being the only subsidiary which owned assets that constituted more than 10% of the consolidated assets of TELUS as at December 31, 2009 and that generated sales and operating revenues that exceeded 10% of the consolidated sales and operating revenues of TELUS for the year ended December 31, 2009.

TELUS wireline and wireless businesses were formerly located in TCI and TELE-MOBILE Company (TELE-MOBILE), respectively. In 2005, TELUS announced the merger of those segments into a single operating structure (the wireline-wireless merger). This was partly effected by way of a legal entity restructure on March 1, 2006 (the 2006 legal entity restructure), at which time TELUS combined its wireline and wireless businesses into TELUS Communications Company (TCC). TCC is a partnership organized under the laws of British Columbia whose partners are TCI and TELE-MOBILE. Immediately prior to the 2006 legal entity restructure, 3817873 Canada Inc., a partner in TELE-MOBILE, was continued into Alberta as 1219723 Alberta ULC.

As part of a year-end internal reorganization in 2008, Emergis Inc. (Emergis), a TELUS subsidiary acquired in January 2008, became a partner of TELE-MOBILE. In addition, TELUS Services Inc. and TELUS Communications (Québec) Inc. converted their shareholding in TCI from preferred shares to ordinary shares.

TELUS intends to give notice after the completion of the Offering of a partial 45% redemption, on a *pro rata* basis, of U.S.\$613 million principal amount of its outstanding U.S.\$1.3615 billion 8% Notes due June 1, 2011. The redemption price will be based on the yield for a U.S. Treasury security with the equivalent maturity plus 30 basis points, as provided in the trust indenture pursuant to which such notes were issued, but in no case will the redemption price be less than par. Note holders will also receive accrued interest to the redemption date, which has not yet been determined. The estimated redemption price for the notes to be redeemed (net of the U.S.\$6.7 million redemption price for the notes to be redeemed owned indirectly by the Company), excluding accrued interest, is approximately U.S.\$640 million and the estimated payment required to terminate the associated swaps is approximately \$313 million. Unanticipated developments or circumstances beyond the Company's control could affect its intended redemption of the notes and there is no assurance that the redemption will be completed. The Company will only become obligated to complete the redemption once it gives notice of redemption in accordance with the trust indenture governing the notes.

Costs and non-cash write-downs related to the early redemption of U.S.\$613 million principal amount of the outstanding U.S.\$1.3615 billion 8% Notes due June 1, 2011 are expected to result in increased financing charges which will have an after tax impact on the Company in the third quarter of 2010 of approximately 13 cents per share, which is not reflected in TELUS' May 5, 2010 guidance update. The U.S.\$ 8% Notes were swapped at issuance into a Canadian dollar liability with an effective yield of 8.493%.

Table of Contents**CONSOLIDATED CAPITALIZATION**

The following table sets forth the cash and temporary investments, net, and the capitalization of TELUS as at March 31, 2010, on an actual basis and on an as adjusted basis to give effect to this Offering, the proposed redemption of U.S.\$613 million principal amount of the Company's outstanding U.S.\$1.3615 billion 8% Notes due June 1, 2011 and the payments required to terminate cross-currency interest rate swaps associated with the notes to be redeemed as though they had occurred on such date. This table should be read in conjunction with the Annual Financial Statements and the unaudited interim financial statements of the Company for the three-month period ended March 31, 2010, together with the notes thereto. All U.S. dollar amounts have been translated into Canadian dollars based on the monthly closing rate of exchange as reported by the Bank of Canada on March 31, 2010 (U.S.\$1.00 = \$1.0158).

Table of Contents**USE OF PROCEEDS**

The total net proceeds to be received by the Company from this Offering are estimated to be approximately \$993,440,000 after payment of fees to the Agents but before deduction of the expenses of this Offering. The net proceeds of the sale of the Notes offered hereby will be used to fund the proposed redemption of U.S.\$613 million principal amount of the Company's outstanding U.S.\$1.3615 billion 8% Notes due June 1, 2011, for payments required to terminate cross-currency interest rate swaps associated with the notes to be redeemed and any excess for general corporate purposes, including increasing working capital (and, pending any such use, investing in bank deposits and short-term marketable securities). The estimated redemption price for the notes to be redeemed (net of the U.S.\$6.7 million redemption price for the notes to be redeemed owned indirectly by the Company), excluding accrued interest, is approximately U.S.\$640 million and the estimated payment required to terminate the associated swaps is approximately \$313 million.

EARNINGS COVERAGE RATIO

For the 12-month periods ended December 31, 2009 and March 31, 2010, the Company's consolidated earnings before income taxes and gross interest expense was \$1,778 million and \$1,765 million, respectively. Gross interest expense for each of these 12-month periods, after giving effect to this Offering and to the proposed redemption of U.S.\$613 million principal amount of the Company's outstanding U.S.\$1.3615 billion 8% Notes due June 1, 2011 as though they had occurred at the beginning of each such period, would be \$612 million and \$611 million, respectively. The earnings coverage ratio refers to the ratio of (i) consolidated earnings before income taxes and gross interest expense, and (ii) gross interest expense. The following earnings coverage ratios, after giving effect to this Offering and to the redemption of U.S.\$613 million principal amount of the Company's outstanding U.S.\$1.3615 billion 8% Notes due June 1, 2011 as though they had occurred at the beginning of each such period, were calculated on a consolidated basis for the 12-month periods ended December 31, 2009 and March 31, 2010:

	December 31, 2009	March 31, 2010
Earnings coverage ratio on long-term debt obligations	2.9 times	2.9 times

The earnings coverage ratio set out above does not purport to be indicative of an earnings coverage ratio for any future periods.

RISK FACTORS

An investment in the Notes offered hereby involves certain risks. In addition to the other information contained in this prospectus supplement and in the section entitled "Risks and risk management" in Management's Discussion and Analysis of financial results for the year ended December 31, 2009 and in Management's Discussion and Analysis of financial results in respect of the Company's unaudited interim financial statements filed thereafter, each of which sections is being incorporated herein by reference, prospective investors should carefully consider the following factors in evaluating TELUS and its business before making an investment in the Notes.

Structural Subordination of Notes

The Notes will be obligations exclusively of the Company. The Company's existing operations are currently conducted through its subsidiaries. Its ability to meet its debt service obligations, including payment of principal and interest on the Notes, is dependent upon the cash flow of its subsidiaries and the payment of funds by its subsidiaries to the Company in the form of loans, dividends, fees or otherwise. The Company's subsidiaries are separate and distinct legal entities and will have no obligation, contingent or otherwise, to pay any amounts due pursuant to the Notes or to make any funds available therefor, whether in the form of loans, dividends or otherwise. Because the Company's subsidiaries will not guarantee the payment of principal of or interest on the Notes, any right of the Company to receive assets of the subsidiaries upon their bankruptcy, liquidation or reorganization (and the consequent right of the holders of the Notes to participate in the distribution of proceeds from those assets) will be effectively subordinated to the claims of such subsidiaries' creditors (including tax authorities, trade creditors and lenders).

Bankruptcy and Related Laws

The Company is incorporated under the laws of the Province of British Columbia and its principal operating assets are located in Canada.

The rights of the Trustee (as defined herein) to enforce remedies are likely to be significantly impaired by the restructuring and other provisions of applicable Canadian bankruptcy, insolvency, restructuring and other similar legislation if the benefit of such legislation is sought with respect to the Company. For example, both the *Bankruptcy and Insolvency Act* (Canada) and the *Companies Creditors Arrangement Act* (Canada) contain provisions enabling an insolvent person to obtain a stay of proceedings as against its creditors and others and to prepare and file a proposal for consideration by all or some of its creditors to be voted on by the various classes of its creditors. Such a restructuring proposal, if accepted by the requisite majorities of creditors and if approved by the court, would be binding on persons who might not otherwise be willing to accept it. Moreover, both statutes permit, in certain circumstances, the insolvent debtor to retain possession and administration of its property, even though it may be in default under the applicable debt instrument.

The powers of the court under applicable Canadian bankruptcy, insolvency, restructuring and other similar legislation (including the *Bankruptcy and Insolvency Act* (Canada) and particularly under the *Companies Creditors Arrangement Act* (Canada)) have been exercised broadly to protect a debtor entity from actions taken by creditors and other parties. Accordingly, it is impossible to predict if payments under the Notes would be made following commencement of or during such a proceeding, whether or when the Trustee could exercise its rights under the Indenture or whether and to what extent holders of the Notes would be compensated for any delay, in payments of principal and interest.

No Public Market

There is no established trading market for the Notes. The Company does not intend to have the Notes listed for trading on any securities exchange or quoted on any automated dealer quotation system. The Agents have advised the Company that they presently intend to make a market in the Notes, but the Agents are not obligated to do so and any such market-making may be discontinued at any time at the sole discretion of the Agents. Accordingly, no assurance can be given as to the prices or liquidity of, or trading markets for, the Notes. The liquidity of any market for the Notes will depend upon the number of holders of such securities, the interest of securities dealers in making a market in the securities and other factors. The absence of an active market for the securities offered hereby could adversely affect their market price and liquidity.

Credit Ratings

There can be no assurance that the credit ratings assigned to the Notes will remain in effect for any given period of time or that the ratings will not be withdrawn or revised at any time. Real or anticipated changes in credit ratings on the Notes may affect the market value of the Notes. In addition, real or anticipated changes in credit ratings can affect the cost at which TELUS can access the capital markets. See [Credit Ratings](#) .

Repurchase upon Change of Control Triggering Event

In the event that the Company is required to offer to repurchase the Notes upon the occurrence of a Change of Control Triggering Event, it may not have sufficient funds to repurchase the Notes in cash at such time. In addition, the Company's ability to repurchase the Notes for cash may be limited by applicable law.

Interest Rate Risks

Prevailing interest rates will affect the market price or value of the Notes. The market price or value of the Notes will decline as prevailing interest rates for comparable debt instruments rise, and increase as prevailing interest rates for comparable debt instruments decline.

DETAILS OF THE OFFERING

The following description of the Notes is a brief summary of their material attributes and characteristics, which does not purport to be complete and is qualified in its entirety by reference to the Indenture (as defined herein). The following summary uses words and terms which have been defined in the Indenture. For full particulars, reference is made to the short form base shelf prospectus and to the Indenture.

General

The Notes offered hereby will be issued under the trust indenture dated May 22, 2001 (the Trust Indenture) between the Company and Montreal Trust Company of Canada (now Computershare Trust Company of Canada), as trustee (the Trustee), as supplemented by a tenth series supplement to be dated the issuance date (the Supplemental Indenture) between the Company and the Trustee providing for, among other things, the creation and issue of the Notes. The Trust Indenture is described in the short form base shelf prospectus. References herein to the Indenture refer to the Trust Indenture as supplemented by the Supplemental Indenture. The Company may, from time to time, without the consent of existing Noteholders, create and issue additional Notes under the Supplemental Indenture, having the same terms and conditions as the Notes in all respects, except for such variations to such terms and conditions as may be required, in the reasonable opinion of the Company, to reflect the different issue dates of such additional Notes and the then existing Notes and any intention that all such additional Notes and the then existing Notes be fungible for trading purposes. Additional Notes issued in this manner will be consolidated with and form a single series with the then existing Notes and, if the Company acting reasonably determines that it is advisable or advantageous to do so, the Company may accept such additional Notes and the then existing Notes in exchange for consolidated and restated replacement Notes reflecting the terms and conditions of such additional Notes and the then existing Notes.

Principal, Maturity and Interest

The Notes will be initially limited to \$1,000,000,000 aggregate principal amount (provided that the Company may in the future issue additional Notes up to any additional amount determined by the Company without the consent of existing holders), and will mature on July 23, 2020. The Notes will bear interest at the rate of 5.05% per annum from their issuance date, payable in equal semi-annual instalments on January 23 and July 23 of each year to holders of record on December 31 and June 30, respectively. The first interest payment on the Notes will be due on January 23, 2011 and will represent accrued interest from, and including, July 23, 2010 to, but excluding, January 23, 2011 and will be in the amount of \$25,250,000.

Principal and interest on the Notes will be payable in lawful money of Canada.

The issuance date for the Notes will be July 23, 2010.

On maturity, the Company will repay the indebtedness represented by the Notes by paying the Trustee in Canadian dollars an amount equal to the principal amount of the outstanding Notes plus any accrued and unpaid interest thereon. Interest will be computed on the basis of a 365-day year. The yearly rate of interest that is equivalent to the rate payable under the Notes is the rate payable multiplied by the actual number of days in the year and divided by 365 and is disclosed herein solely for the purpose of providing the disclosure required by the *Interest Act* (Canada).

The Notes will be issued only in fully registered form, without coupons, in denominations of \$1,000 of principal amount and any integral multiple thereof.

Optional Redemption

The Notes may be redeemed at any time at the option of the Company, in whole or from time to time, in part, on not fewer than 30 nor more than 60 days prior notice at a redemption price equal to the greater of (a) the Discounted Value of the Notes, or (b) 100% of the principal amount thereof. In addition, accrued and unpaid interest, if any, will be paid to the date fixed for redemption.

In the case of a redemption for less than all of the Notes, the Notes to be redeemed will be selected by the Trustee in such manner as the Trustee deems appropriate.

Discounted Value shall mean an amount equal to the sum of the present values of all remaining scheduled payments of principal and interest (not including any portion of the payment of interest accrued as of the redemption date) from the redemption date of the Notes to the respective due dates for such payments until maturity of the Notes computed on a semi-annual basis by discounting such payments (assuming a 365-day year) to the redemption date of the Notes at the Government of Canada Yield plus 47 basis points.

S-16

Table of Contents

Government of Canada Yield shall mean, with respect to any redemption date, the mid market yield to maturity on the third business day (the Determination Date) preceding the redemption date of the Notes, compounded semi-annually, which a non-callable Government of Canada Bond would carry if issued, in Canadian dollars in Canada, at 100 % of its principal amount on such date with a term to maturity which most closely approximates the remaining term to maturity of the Notes from such redemption date as quoted by a dealer selected from time to time by the Company and approved by the Trustee at noon (Toronto time) on such Determination Date.

Tax Redemption

The Notes will be subject to redemption in whole, but not in part, at the option of TELUS at any time, on not fewer than 30 nor more than 60 days prior written notice, at 100% of the principal amount, together with accrued and unpaid interest thereon to the redemption date, in the event TELUS delivers to the Trustee an opinion of independent Canadian tax counsel experienced in such matters to the effect that TELUS has become or would become obligated to pay, on the next date on which any amount would be payable with respect to the outstanding Notes any Additional Amounts (as defined herein) as a result of a change in the laws (including any regulations promulgated thereunder) of Canada, or any province or territory thereof or therein or any agency thereof or therein having the power to tax, or any change in any official position regarding the application or interpretation of such laws or regulations, which change is announced or becomes effective on or after the date of the original issuance of the Notes; provided that TELUS determines, in its business judgment, that the obligation to pay such Additional Amounts cannot be avoided by the use of reasonable measures available to TELUS (not including substitution of the obligor under the Notes).

Repurchase upon Change of Control Triggering Event

If a Change of Control Triggering Event (as defined below) occurs, unless the Company has exercised its optional right to redeem all of the Notes as described under Optional Redemption or Tax Redemption above, the Company will be required to make an offer to repurchase all or, at the option of the Noteholder, any part (equal to \$1,000 or an integral multiple thereof) of each Noteholder's Notes pursuant to the offer described below (the Change of Control Offer) on the terms set forth in the Supplemental Indenture. In the Change of Control Offer, the Company will be required to offer payment in cash equal to 101% of the aggregate principal amount of Notes together with accrued and unpaid interest on the Notes repurchased to the date of purchase.

Within 30 days following any Change of Control Triggering Event, the Company will be required to give written notice to Noteholders describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to repurchase the Notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is given (the Change of Control Payment Date). The Company must comply with the requirements of applicable securities laws and regulations in connection with the repurchase of the Notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any such applicable securities laws and regulations conflict with the Change of Control (as defined below) provisions, the Company will be required to comply with such laws and regulations and will not be deemed to have breached its obligations to repurchase the Notes by virtue of such conflict.

The Company will not be required to make a Change of Control Offer upon a Change of Control Triggering Event if a third party makes such an offer substantially in the manner, at the times and in compliance with the requirements for a Change of Control Offer (and for at least the same purchase price payable in cash) and such third party purchases all Notes properly tendered and not withdrawn under its offer.

Change of Control shall mean the occurrence of any one of the following: (a) the direct or indirect sale, transfer, conveyance, lease or other disposition (other than by way of consolidation, amalgamation or merger), in one or a series of related transactions, of all or substantially all of the property and assets of the Company and its subsidiaries,

taken as a whole, to any person or group of persons acting jointly or in concert for purposes of such transaction (other than to the Company and its subsidiaries); or (b) the consummation of any transaction including, without limitation, any consolidation, amalgamation, merger or issue of voting shares the result of which is that any person or group of persons acting jointly or in concert for purposes of such transaction (other than the Company and its subsidiaries) becomes the beneficial owner, directly or indirectly, of more than 50% of the voting shares of the Company, measured by voting power rather than number of shares (but shall not include the creation of a holding company or similar transaction that does not involve a change in the beneficial ownership of the Company).

Change of Control Triggering Event shall mean the occurrence of both a Change of Control and a Rating Event.

Table of Contents

Investment Grade Rating shall mean a rating equal to or higher than Baa3 (or the equivalent) by Moody's, BBB- (or the equivalent) by S&P or BBB (low) (or the equivalent) by DBRS, or the equivalent investment grade credit rating from any other Specified Rating Agency.

Rating Event shall mean the rating on the Notes is lowered to below an Investment Grade Rating by at least two out of three of the Specified Rating Agencies if there are three Specified Rating Agencies or all of the Specified Rating Agencies if there are less than three Specified Rating Agencies (the Required Threshold) on any day within the 60-day period (which 60-day period will be extended so long as the rating of the Notes is under publicly announced consideration for a possible downgrade by such number of the Specified Rating Agencies which, together with Specified Rating Agencies which have already lowered their ratings on the Notes as aforesaid, would aggregate in number the Required Threshold, but only to the extent that, and for so long as, a Change of Control Triggering Event would result if such downgrade were to occur) after the earlier of (a) the occurrence of a Change of Control and (b) public notice of the occurrence of a Change of Control or of the Company's intention or agreement to effect a Change of Control.

Specified Rating Agencies shall mean each of Moody's, S&P and DBRS as long as, in each case, it has not ceased to rate the Notes or failed to make a rating of the Notes publicly available for reasons outside of the Company's control; provided that if one or more of Moody's, S&P or DBRS ceases to rate the Notes or fails to make a rating of the Notes publicly available for reasons outside of the Company's control, the Company may select any other approved rating organization within the meaning of National Instrument 41-101 of the Canadian Securities Administrators as a replacement agency for such one or more of them, as the case may be.

Purchase of Notes

The Company may, at any time and from time to time, purchase Notes in the market (which may include purchases from or through an investment dealer or a firm holding membership on a recognized stock exchange) or by tender or private contract, at any price, subject to applicable law.

Defeasance

The provisions described under Description of Debt Securities Defeasance in the short form base shelf prospectus are applicable to the Notes, including the condition that the Company will deliver to the Trustee an opinion of counsel to the effect that the holders of Notes will not recognize income, gain or loss for Canadian or United States federal income tax purposes as a result of such defeasance and will be subject to Canadian and United States federal income tax on the same basis as if such defeasance had not occurred.

Events of Default

Events of Default are described in the short form base shelf prospectus and reference is made to that document for a list of the events which constitute an Event of Default with respect to the Notes.

Negative Pledge

The Indenture contains provisions to the effect that the Company will not, nor will it permit any Restricted Subsidiary (as defined below) to create or assume any Lien (as defined in the short form base shelf prospectus) upon any present or future Principal Property (as defined in the short form base shelf prospectus), or any Property (as defined in the short form base shelf prospectus) which, together with any other Property subject to Liens in the same transaction or a series of related transactions, would in the aggregate constitute a Principal Property, of the Company or any Restricted

Subsidiary, to secure Indebtedness (as defined in the short form base shelf prospectus) of the Company or a Restricted Subsidiary unless the Notes (together with, if the Company shall so determine, any other Indebtedness of the Company or any Restricted Subsidiary ranking equally with the Notes then existing or thereafter created), shall be concurrently secured equally and rateably with (or prior to) such other Indebtedness so long as such Lien is outstanding.

The restrictions set forth above shall not apply to certain permitted Liens, including:

- (i) Liens existing on the issuance date for the Notes (namely, July 23, 2010);
- (ii) Liens on any Property of any Person existing at the time such Person becomes a Restricted Subsidiary, or at the time such Person amalgamates or merges with the Company or a Restricted Subsidiary, which Liens are not created in contemplation of such Person becoming a Restricted Subsidiary or effecting such amalgamation or merger;

Table of Contents

- (iii) Liens on any Property existing at the time such Property is acquired by the Company or a Restricted Subsidiary, or Liens to secure the payment of all or any part of the purchase price of such Property upon the acquisition of such Property by the Company or a Restricted Subsidiary or to secure any Indebtedness incurred prior to, at the time of, or within 270 days after, the later of the date of acquisition of such Property and the date such Property is placed in service, for the purpose of financing all or any part of the purchase price thereof, or Liens to secure any Indebtedness incurred for the purpose of financing the cost to the Company or a Restricted Subsidiary of improvements to such acquired Property or to secure any indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of construction of the Property subject to such Liens;
- (iv) Liens securing any Indebtedness of a Restricted Subsidiary owing to the Company or to another Restricted Subsidiary;
- (v) Liens on Property of the Company or a Restricted Subsidiary securing indebtedness or other obligations issued by Canada or the United States of America or any state or any department, agency or instrumentality or political subdivision of Canada or the United States of America or any state, or by any other country or any political subdivision of any other country, for the purpose of financing all or any part of the purchase price of, or, in the case of real property, the cost of construction on or improvement of, any property or assets subject to the Liens, including Liens incurred in connection with pollution control, industrial revenue or similar financings;
- (vi) Liens securing any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part of any Indebtedness secured by any permitted Lien, including those referred to in the foregoing clauses (i), (ii), (iii), (iv) and (v); *provided, however*, that such new Lien is limited to the Property which was subject to the prior Lien immediately before such extension, renewal or replacement, and provided, further, that the principal amount of Indebtedness secured by the prior Lien immediately prior to such extension, renewal or replacement is not increased; and
- (vii) any other Liens not otherwise qualifying as a permitted Lien provided that, at the applicable time, the sum of (without duplication) (x) the aggregate principal amount of the Indebtedness secured by all such other Liens, plus (y) the Attributable Debt (as defined in the short form base shelf prospectus) determined at such time of the then outstanding Unrestricted Sale and Lease-Back Transactions (as defined under Limitation on Sale and Lease-Back Transactions below) to which the Company or a Restricted Subsidiary is a party, plus (z) the then outstanding principal amount of all other Indebtedness of Restricted Subsidiaries incurred in compliance with Limitation on Restricted Subsidiary Indebtedness below (other than any Indebtedness of Restricted Subsidiaries excluded from the calculations of such limitation on Restricted Subsidiary Indebtedness pursuant to the provisos contained therein), does not exceed 15% of the then applicable Consolidated Net Tangible Assets.

Restricted Subsidiary means (a) TELUS Communications Inc., (b) TELUS Communications Company, and (c) at any time any other Subsidiary (as defined in the short form base shelf prospectus) of the Company if, at the end of the most recent fiscal quarter for which the Company has issued its financial statements, the total assets of such Subsidiary exceeds 10% of the consolidated assets of the Company and its Subsidiaries, determined in accordance with Canadian generally accepted accounting principles consistently applied.

Limitation on Restricted Subsidiary Indebtedness

The Indenture contains provisions to the effect that TELUS shall not permit any Restricted Subsidiary to, directly or indirectly, create, incur or assume any Indebtedness, unless after giving effect to the incurrence of such Indebtedness and the application of the proceeds therefrom, the sum of (without duplication) (x) the aggregate principal amount of Indebtedness of all Restricted Subsidiaries, plus (y) the then outstanding principal amount of Indebtedness of TELUS secured by Liens (other than any Lien constituting a Permitted Lien under any of clauses (a) to (cc) inclusive of the definition of Permitted Liens), plus (z) Attributable Debt relating to then outstanding Unrestricted Sale and Lease-Back Transactions of TELUS, would not exceed 15% of Consolidated Net Tangible Assets. This restriction does not affect the Permitted Indebtedness (as defined in the Supplemental Indenture in respect of the Notes) of Restricted Subsidiaries, which is (1) Indebtedness secured by any Lien constituting a Permitted Lien under any of clauses (a) to (cc) inclusive of the definition of Permitted Liens, (2) Indebtedness (excluding Indebtedness outstanding under commercial paper programs) of any Person existing on the date of the Supplemental Indenture or at the time such Person becomes a

Table of Contents

Restricted Subsidiary, (3) Indebtedness owing to TELUS or to another Restricted Subsidiary, (4) commercial paper issued by the Restricted Subsidiaries not to exceed in the aggregate \$1 billion, and (5) any extension, renewal or replacement (including successive extensions, renewals or replacements), in whole or in part, of any Indebtedness of the Restricted Subsidiaries referred to in any of the preceding clauses (1), (2), (3) or (4) (provided that the principal amount of such Indebtedness immediately prior to such extension, renewal or replacement is not increased).

Limitation on Sale and Lease-Back Transactions

Neither the Company nor any Restricted Subsidiary may enter into any Sale and Lease-Back Transaction, except for:

- (i) any Sale and Lease-Back Transaction constituting a specified permitted Lien under the Indenture; or
- (ii) any Sale and Lease-Back Transaction that is not otherwise permitted under clauses (i) above or (iii) below and in respect of which the Company or such Restricted Subsidiary would, at the time it enters into such Sale and Lease-Back Transaction, be entitled to create a Lien on the Principal Property (or the properties, as the case may be) subject to such Sale and Lease-Back Transaction to secure Indebtedness at least equal in amount to the Attributable Debt in respect of such Sale and Lease-Back Transaction without being required to equally and rateably secure the Notes pursuant to the negative pledge described above (any Sale and Lease-Back Transaction entered into in compliance with this paragraph being an Unrestricted Sale and Lease-Back Transaction); or
- (iii) any Sale and Lease-Back Transaction if the Company or such Restricted Subsidiary shall apply or cause to be applied, in the case of a sale or transfer for cash, an amount equal to the greater of the fair market value of the Principal Property (or the properties, as the case may be) sold or transferred and leased back pursuant to such Sale and Lease-Back Transaction or the net proceeds of such Sale and Lease-Back Transaction and, in the case of a sale or transfer otherwise than for cash, an amount equal to the fair market value of the Principal Property (or the properties, as the case may be) sold or transferred and leased back pursuant to such Sale and Lease-Back Transaction, to (x) the retirement (other than any mandatory retirement), within 180 days after the effective date of such Sale and Lease-Back Transaction, of Indebtedness of the Company (which may but need not include the Debt Securities (as defined in the short form base shelf prospectus) of any series) ranking on a parity with, or prior to, the Notes and owing to a Person other than the Company or any Affiliate of the Company, or (y) the purchase, construction or improvement of real property or personal property used by the Company or the Restricted Subsidiaries in the ordinary course of business.

Other Covenants

In addition to the covenants of the Company described above under Limitation on Restricted Subsidiary Indebtedness , under Negative Pledge , which supersedes the provisions described under Description of Debt Securities Negative Pledge in the accompanying short form base shelf prospectus, and under Limitation on Sale and Lease-Back Transactions which supersedes the provisions described under Description of Debt Securities Limitation on Sale and Lease-Back Transactions in the accompanying short form base shelf prospectus, there are certain additional covenants which are applicable to the Notes that are described in the short form base shelf prospectus and reference is made to that document for descriptions of such covenants.

Transfers of Notes by persons holding through Euroclear or Clearstream, Luxembourg participants will be effected through CDS, in accordance with CDS rules, on behalf of the relevant European international clearing system by its depositaries; however, such transactions will require delivery of transfer instructions to the relevant European international clearing system by the participant in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transfer meets its requirements, deliver instructions to its depositaries to take action to effect transfer of the Notes on its behalf by delivering Notes through CDS and receiving payment in accordance with its normal procedures for next-day funds settlement. Payments with respect to the Notes held through Euroclear or Clearstream, Luxembourg will be credited to the cash accounts of Euroclear participants or Clearstream, Luxembourg participants in accordance with the relevant system's rules and procedures, to the extent received by its depositaries.

Canadian dollar payments received by CDS will be exchanged into U.S. dollars and paid directly to DTC in accordance with procedures established from time to time by CDS and DTC. All costs of conversion will be borne by holders of Notes held through DTC who receive payments in U.S. dollars. Holders of Notes held through DTC may elect, through procedures established from time to time by DTC and its participants, to receive Canadian dollar payments, in which case such Canadian dollar amounts will be transferred directly to Canadian dollar accounts designated by such holders to DTC.

All information in this prospectus supplement on DTC, Euroclear or Clearstream, Luxembourg reflects the Company's understanding of the policies of such organizations which may change at any time without notice.

Payments

Payments of interest and principal on each Global Note will be made to CDS or its nominee, as the case may be, as registered holder of the Global Note. As long as CDS or its nominee is the registered owner of a Global Note, CDS or its nominee, as the case may be, will be considered the sole legal owner of the Global Note for the purposes of receiving payments of interest and principal on the Notes and for all other purposes under the Indenture and the Notes. Interest payments on Global Notes will be made by electronic funds transfer on the day interest is payable and delivered to CDS or its nominee, as the case may be.

The Company understands that CDS or its nominee, upon receipt of any payment of interest or principal in respect of a Global Note, will credit participants' accounts, on the date interest or principal is payable, with payments in amounts proportionate to their respective beneficial interest in the principal amount of such Global Note as shown on the records of CDS or its nominee. The Company also understands that payments of interest and principal by participants to the owners of beneficial interest in such Global Note held through such participants will be governed by standing instructions and customary practices and will be the responsibility of such participants. The responsibility and liability of the Company in respect of payments on Notes represented by Global Notes is limited solely and exclusively, while the Notes are registered in Global Note form, to making payment of any interest and principal due on such Global Note to CDS or its nominee.

If definitive Notes are issued instead of or in place of Global Notes, payments of interest on each definitive Note will be made by electronic funds transfer, if agreed to by the holder, or by cheque dated the relevant Interest Payment Date and mailed to the address of the holder appearing in the register maintained by the registrar for the Notes, at the close of business on the last day of the month immediately preceding the month in which the relevant Interest Payment Date occurs.

The Trustee will act, pursuant to the Indenture, as the registrar and paying agent. Payment of principal at maturity will be made at the principal office of the Trustee in the City of Calgary, Alberta (or in such other city or cities as may from time to time be designated by the Company) against surrender of the Notes. If the due date for payment of any amount of principal or interest on any Note is not, at the place of payment, a business day (being a day other than a Saturday, Sunday or a day on which financial institutions at the place of payment are authorized or obligated by law or regulation to close) such payment will be made on the next business day and the holder shall not be entitled to any further interest or other payment in respect of such delay.

Additional Amounts

All payments made by TELUS under or with respect to the Notes will be made free and clear of and without withholding or deduction for or on account of any present or future tax, duty, levy, impost, assessment or other governmental charge imposed or levied by or on behalf of the Government of Canada or of any province or territory thereof or therein or by any authority or agency thereof or therein having power to tax (hereinafter "Taxes") unless TELUS is required to withhold or deduct Taxes by law or by the interpretation or administration thereof by the relevant government authority or agency. If TELUS is so required to withhold or deduct any amount for or on account of Taxes from any payment made under or with respect to the Notes, TELUS will pay such additional amounts ("Additional Amounts") as may be necessary so that the net amount received by each holder or beneficial owner (including Additional Amounts) after such withholding or deduction will not be less than the amount the holder or beneficial owner would have received if such Taxes had not been withheld or deducted; provided that no Additional Amounts will be payable with respect to:

any payment to a holder or beneficial owner who is liable for such Taxes in respect of such Note (1) by reason of such holder or beneficial owner being a person with whom TELUS is not dealing at arm's length for the purposes of the *Income Tax Act* (Canada) or (2) by reason of the existence of any present or former connection between such holder or beneficial owner (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of power over, such holder or beneficial owner, if such holder or beneficial owner is an estate, trust, partnership, limited liability company or corporation) and Canada or any province or territory thereof or therein or agency thereof or therein other than the mere holding, use or ownership or deemed holding, use or ownership, or receiving payments or enforcing any rights in respect of such Note as a non-resident or deemed non-resident of Canada or any province or territory thereof or therein or agency thereof or therein; or

any Note presented for payment more than 30 days after the later of (1) the date on which such payment first becomes due or (2) if the full amount of the monies payable has not been paid to the holders of the Notes on or prior to such date, the date on which the full amount of such monies has been paid to the holders of the Notes, except to the extent that the holder thereof would have been entitled to such Additional Amounts on presenting the same for payment on the last day of such period of 30 days; or

any estate, inheritance, gift, sales, transfer, excise or personal property tax or any similar Tax; or

any Tax imposed as a result of the failure of a holder or beneficial owner of a Note to comply with certification, identification, declaration or similar reporting requirements concerning the nationality, residence, identity or connection with Canada or any province or territory thereof or therein or agency thereof or therein of the holder or beneficial owner of such Note, if such compliance is required by statute or by regulation, as a precondition to reduction of, or exemption, from such Tax; or

any Tax that is imposed or withheld solely by reason of a change in law, regulation, or administrative or judicial interpretation that becomes effective more than 15 days after payment becomes due or is duly provided for, whichever occurs later; or

any Tax which is payable otherwise than by withholding or deduction from any payment made under or with respect to the Notes; or

any combination of the above items,

nor will such Additional Amounts be paid with respect to any payment on any Note to a holder or beneficial owner who is a fiduciary or partnership or other than the sole beneficial owner of such Note to the extent that a beneficiary or settlor with respect to such fiduciary, or a member of such partnership or a beneficial owner thereof would not have been entitled to receive a payment of such Additional Amounts had such beneficiary, settlor, member or beneficial owner received directly its beneficial or distributive share of such payment.

Whenever in the Indenture or in any Note there is mentioned, in any context, the payment of principal of, or premium, interest or any other amount on any Note, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

The obligation to pay Additional Amounts will survive any termination or discharge of the Indenture or the redemption, repayment or purchase of the Notes.

Governing Law

Each of the Indenture and the Notes are governed by, and construed in accordance with, the laws of the Province of Ontario.

CREDIT RATINGS

The Notes have been rated BBB+, stable outlook, by Standard & Poor's, a division of McGraw-Hill Companies (S&P), Baa1, stable outlook, by Moody's Investors Service (Moody's), BBB+, stable outlook, by Fitch Ratings (Fitch) and A (low), stable trend, by DBRS Limited (DBRS) (each a Rating Agency). Credit ratings are intended to provide investors with an independent measure of the credit quality of an issue of securities.

Ratings for debt instruments range from AAA to D from S&P, which represents the range from highest to lowest quality of such securities rated. S&P describes debt instruments rated BBB as exhibiting adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation. The addition of a plus (+) or minus (-) designation after a rating indicates the relative standing within a particular rating category.

Ratings for debt instruments range from Aaa to C from Moody's, which represents the range from highest to lowest quality of such securities rated. Moody's describes debt instruments rated Baa as being subject to moderate credit risk and as being considered medium-grade and as such may possess certain speculative characteristics. The addition of a 1, 2 or 3 modifier after a rating indicates the relative standing within a particular rating category. The modifier 1 indicates that the issue ranks in the higher end of its generic rating category, the modifier 2 indicates a mid-range ranking and the modifier 3 indicates that the issue ranks in the lower end of its generic rating category.

Ratings for debt instruments range from AAA to D from Fitch, which represents the range from highest to lowest quality of such securities rated. Fitch describes debt instruments rated BBB as having good credit quality. According to Fitch, BBB ratings indicate that there are currently expectations of low credit risk and that the capacity for payment of financial commitments is considered adequate but adverse changes in circumstances and economic conditions are more likely to impair this capacity. The modifiers + or - may be appended to a rating to denote relative status within major rating categories.

Ratings for debt instruments range from AAA to D from DBRS, which represents the range from highest to lowest quality of such securities rated. DBRS describes debt instruments rated A as of satisfactory credit quality. Protection of interest and principal is still substantial, but the degree of strength is less than that of AA rated entities. While A is a respectable rating, entities in this category are considered to be more susceptible to adverse economic conditions and have greater cyclical tendencies than higher-rated securities. Each DBRS rating category is denoted by the subcategories high and low. The absence of either a high or low designation indicates the rating is in the middle category.

The credit ratings accorded to the Notes by the Rating Agencies are not recommendations to purchase, hold or sell the Notes inasmuch as such ratings do not comment as to market price or suitability for a particular investor. There is no assurance that any rating will remain in effect for any given period of time or that any rating will not be withdrawn or revised entirely by a Rating Agency at any time if in its judgment circumstances so warrant.

ELIGIBILITY FOR INVESTMENT

In the opinion of Bennett Jones LLP and Osler, Hoskin & Harcourt LLP, the Notes, if issued on the date hereof, will be qualified investments under the *Income Tax Act* (Canada) (the Tax Act) and the regulations thereunder (the

Regulations) for trusts governed by registered retirement savings plans, registered retirement income funds, registered disability savings plans, registered education savings plans, deferred profit sharing plans (other than trusts governed by deferred profit sharing plans for which any of the employers is the Company or is an employer with whom the Company does not deal at arm's length, within the meaning of the Tax Act) and tax-free savings accounts. The Notes will not be a prohibited investment for a tax-free savings account on such date provided that the holder deals at arm's length with the Company for the purposes of the Tax Act and does not have a significant interest (within the meaning of the Tax Act) in the Company or in a corporation, partnership or trust with which the Company does not deal at arm's length for purposes of the Tax Act.

CERTAIN CANADIAN AND UNITED STATES INCOME TAX CONSIDERATIONS

The discussion below is intended to be a general description of Canadian and United States federal income tax considerations generally applicable to an investment in the Notes. It does not take into account the individual circumstances of any particular investor. Therefore, prospective investors are urged to consult their own tax advisors with respect to the tax consequences of an investment in the Notes.

Certain Canadian Federal Income Tax Considerations

In the opinion of Bennett Jones LLP and Osler, Hoskin & Harcourt LLP, the following is a general summary of the principal Canadian federal income tax considerations generally applicable under the Tax Act to a beneficial owner of Notes acquired hereunder who, at all relevant times, for the purposes of the Tax Act, holds such Notes as capital property, deals at arm's length with the Company and is not affiliated with the Company (a Holder). Notes held by financial institutions (as defined in section 142.2 of the Tax Act) will generally not be capital property to such holders and will generally be subject to special rules contained in the Tax Act. This summary does not take into account these special rules and holders to whom these rules may be relevant should consult their own tax advisors.

This summary is based on the current provisions of the Tax Act, the regulations thereunder (the Regulations) and counsel's understanding of the current administrative policies and assessing practices of the Canada Revenue Agency (the CRA) publicly available prior to the date hereof. This summary also takes into account all specific proposals to amend the Tax Act and Regulations publicly announced by or on behalf of the Minister of Finance (Canada) prior to the date hereof (collectively, the Proposed Tax Amendments). No assurances can be given that the Proposed Tax Amendments will be enacted or will be enacted as proposed. Other than the Proposed Tax Amendments, this summary does not take into account or anticipate any changes in law or the administrative policies or assessing practices of the CRA, whether by judicial, legislative, governmental or administrative decision or action, nor does it take into account provincial, territorial or foreign income tax legislation or considerations, which may differ significantly from those discussed herein.

This summary is of a general nature only and is not intended to be, nor should it be construed to be, legal or tax advice to any particular holder and no representations with respect to the income tax consequences to any particular holder are made. This summary is not exhaustive of all Canadian federal income tax considerations. Accordingly, prospective investors in Notes should consult their own tax advisors with respect to their own particular circumstances.

Generally, for purposes of the Tax Act, all amounts relating to the acquisition, holding or disposition of Notes or to interest payable on the Notes must, to the extent such amounts are otherwise determined or paid in a currency other than Canadian dollars, be converted into Canadian dollars based on exchange rates as determined in accordance with the Tax Act. The amount of interest required to be included in the income of, and capital gains or capital losses realized by, a Holder may be affected by fluctuations in the Canadian/U.S. dollar exchange rate.

Residents of Canada

The following portion of the summary is generally applicable to a Holder who, at all relevant times, for the purposes of the Tax Act, is or is deemed to be resident in Canada (a Resident Holder). Generally, the Notes will be capital property to a Resident Holder provided the Resident Holder does not acquire or hold the Notes in the course of carrying on a business or as part of an adventure or concern in the nature of trade. Certain Resident Holders whose Notes might not otherwise qualify as capital property may be entitled to obtain such qualification in certain circumstances by making the irrevocable election permitted by subsection 39(4) of the Tax Act to deem the Notes and

every other Canadian security, as defined in the Tax Act, owned by such Resident Holder in the taxation year in which the election is made, and in all subsequent taxation years, to be capital property. This summary is not applicable to a holder an interest in which is a tax shelter investment or a holder to whom the functional currency reporting rules apply, each as defined in the Tax Act. Such holders should consult their own tax advisors.

Taxation of Interest on the Notes

A Resident Holder that is a corporation, partnership, unit trust or trust of which a corporation or partnership is a beneficiary will be required to include in computing its income for a taxation year any interest on a Note that accrues or is deemed to accrue to the Resident Holder to the end of that taxation year, or becomes receivable or is received by the Resident Holder before the end of that taxation year, to the extent that such amount was not otherwise included in the Resident Holder's income for a preceding taxation year.

Table of Contents

Any other Resident Holder, including an individual, will be required to include in computing its income for a taxation year any interest on a Note that is received or receivable by such Resident Holder in that year (depending upon the method regularly followed by the Resident Holder in computing income), to the extent that such amount was not otherwise included in the Resident Holder's income for a preceding taxation year.

A Resident Holder that is a Canadian-controlled private corporation (as defined in the Tax Act) may be liable for a refundable tax on investment income. For this purpose, investment income will generally include interest income.

On a disposition or deemed disposition of a Note, including a redemption, a payment on maturity, or a purchase for cancellation, a Resident Holder will generally be required to include in computing its income for the taxation year in which the disposition occurs the amount of interest accrued on the Note from the date of the last interest payment to the date of disposition to the extent that such amount has not otherwise been included in the Resident Holder's income for the taxation year or a preceding taxation year.

In addition, any premium paid by the Company to a Resident Holder as a result of the Company's exercise of its optional redemption right will generally be deemed to be interest received by a Resident Holder at the time of the redemption and will be required to be included in computing the Resident Holder's income as described above to the extent that the premium can reasonably be considered to relate to, and does not exceed the value at the time of the redemption of, the interest that would have been paid or payable by the Company on the Note for a taxation year ending after the redemption.

Disposition of Notes

In general, on a disposition or deemed disposition, including a redemption, payment on maturity or purchase for cancellation, a Resident Holder will realize a capital gain (or capital loss) to the extent that the proceeds of disposition, net of any accrued interest and any amounts included in the Resident Holder's income on such disposition or deemed disposition as interest, exceed (or are less than) the adjusted cost base of the Note to the Resident Holder immediately before the disposition or deemed disposition and any reasonable costs of disposition.

Generally, one half of the amount of any capital gain (a taxable capital gain) realized by a Resident Holder in a taxation year must be included in the Resident Holder's income in that year and, subject to and in accordance with the provisions of the Tax Act, one half of the amount of any capital loss (an allowable capital loss) realized by a Resident Holder in a taxation year must be deducted from taxable capital gains realized by the Resident Holder in that year. Allowable capital losses in excess of taxable capital gains in any particular year may be carried back and deducted in any of the three preceding taxation years or carried forward and deducted in any subsequent taxation year against net taxable capital gains realized in such years to the extent and under the circumstances described in the Tax Act. A capital gain realized by an individual or a trust (other than specified trusts) may give rise to a liability for alternative minimum tax.

As discussed above, a Resident Holder that is a Canadian-controlled private corporation (as defined in the Tax Act) may be liable for an additional refundable tax on investment income. For this purpose, investment income will generally include taxable capital gains.

Non-Residents of Canada

The following portion of the summary is generally applicable to a Holder who, at all relevant times, for purposes of the Tax Act, is not, and is not deemed to be, a resident of Canada, has not and will not use or hold or be deemed to use or hold the Notes in or in the course of carrying on business in Canada and deals at arm's length with any person resident in Canada to whom the Holder disposes of a Note (a Non-Resident Holder). Special rules, which are not

discussed below, may apply to a non-resident of Canada that is an insurer which carries on business in Canada and elsewhere.

Amounts which are, or are deemed to be, interest for purposes of the Tax Act paid or credited by the Company on the Notes to a Non-Resident Holder that deals at arm's length with the Company at the time such interest is paid or credited will not be subject to non-resident withholding tax and no non-resident withholding tax will apply to the proceeds received by a Non-Resident Holder on a disposition of a Note, including a redemption, payment on maturity or purchase for cancellation. For the purposes of the Tax Act, related persons (as defined in the Tax Act) are deemed not to deal at arm's length and it is a question of fact whether persons not related to each other deal at arm's length.

No other tax on income or gains will be payable by a Non-Resident Holder on interest, principal, or premium or on the proceeds received by a Non-Resident Holder on the disposition of a Note, including a redemption, payment on maturity or purchase for cancellation.

Table of Contents

Certain United States Federal Income Tax Considerations

The following is a summary of certain U.S. federal income tax considerations relating to the purchase, ownership, and disposition of a Note by a U.S. holder (as defined below) who purchases such Note pursuant to, and at the price set forth on the cover of, this prospectus supplement and holds the Note as a capital asset (generally, property held for investment) within the meaning of Section 1221 of the *Internal Revenue Code of 1986*, as amended (the Code). This summary is based upon the Code, administrative pronouncements, judicial decisions and regulations of the Treasury Department thereof, all as currently in effect and all of which are subject to change or different interpretations, possibly with retroactive effect. This summary does not describe all of the tax considerations that may be relevant to U.S. holders (as defined below) in light of their particular circumstances or to holders subject to special treatment under U.S. federal income tax law, such as financial institutions; insurance companies; traders or dealers in securities or currencies; partnerships and their partners; regulated investment companies; real estate investment trusts; tax-exempt organizations; persons holding a Note as part of a straddle, hedge, conversion, constructive sale, or other integrated security transaction for U.S. federal income tax purposes; persons having a functional currency other than the U.S. dollar; or persons owning, actually or constructively, 10% or more of the voting stock of TELUS.

For purposes of this summary, a U.S. holder is a beneficial owner of a Note that, for U.S. federal income tax purposes, is (i) an individual who is a citizen or resident of the U.S., (ii) a corporation, or other entity treated as a corporation for U.S. federal income tax purposes, that is created in or organized under the law of the U.S., any State thereof, or the District of Columbia, (iii) an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source, or (iv) a trust (A) the administration of which is subject to the primary supervision of a U.S. court and which has one or more U.S. persons who have the authority to control all substantial decisions of the trust, or (B) that elected to be subject to tax as a United States person under the Code.

If a partnership, or other entity or arrangement treated as a partnership for U.S. federal income tax purposes, owns a Note, the tax treatment of the partner in the partnership will depend upon the status of the partner and the activities of the partnership. Partners in a partnership that own a Note should consult their own tax advisors as to the particular U.S. federal income tax consequences applicable to them.

Prospective investors should consult their own tax advisors with regard to the application of the tax considerations discussed below to their particular situations as well as the application of any state, local, foreign or other tax laws, including gift and estate tax laws.

Payment of Interest

In general, interest (including any Additional Amounts) paid or payable on a Note to a U.S. holder will be included in the gross income of a U.S. holder as ordinary interest income at the time it is accrued or received, in accordance with such holder's method of accounting.

A U.S. holder that uses the cash method of tax accounting will be required to include in income the U.S. dollar value of each Canadian dollar interest payment based on the spot rate of exchange on the date such interest payment is received, regardless of whether the payment is converted into U.S. dollars. If the interest payment is converted upon the date of receipt, a U.S. holder generally should not be required to recognize foreign currency gain or loss in respect of the interest income.

A U.S. holder that uses the accrual method of tax accounting will generally be required to include interest income on the Note in Canadian dollars and translate such accrued interest income into U.S. dollars at the average exchange rate for the accrual period (or, with respect to an accrual period that spans two taxable years, at the average exchange rate for the partial period within the relevant taxable year). Such a holder will recognize exchange gain or loss with respect

to any accrued interest income on the date that payment in respect of such interest income is received in an amount equal to the difference between (i) the U.S. dollar value of such payment, based on the spot rate of exchange on the date such payment is received, and (ii) the U.S. dollar value of the amount of interest income accrued in respect of such payment. Any such foreign currency gain or loss will generally be treated as U.S. source ordinary income or loss. Notwithstanding the rule regarding the translation of accrued interest income described above, an accrual method U.S. holder may elect to translate accrued interest income using the spot rate in effect on the last day of the accrual period (or, with respect to an accrual period that spans two taxable years, using the spot rate in effect on the last day of the relevant taxable year). If such election is made and the last day of an accrual period is within five business days of the date of receipt of the accrued interest, a U.S. holder may translate such interest using the spot rate in effect on the date of such receipt. This election must be applied consistently to all debt instruments from year to year and cannot be changed without consent of the U.S. Internal Revenue Service.

Table of Contents

Sale, Exchange, Redemption or Other Taxable Disposition of a Note

Upon the sale, exchange, redemption or other taxable disposition of a Note, a U.S. holder will generally recognize capital gain or loss equal to the difference between (i) the amount of cash received plus the fair market value of any property received on such disposition (other than (a) amounts attributable to accrued interest not previously included in income, which will be subject to tax as foreign source interest income, as discussed above, and (b) exchange gain or loss with respect to the principal amount of the Note, as discussed below) and (ii) such holder's adjusted tax basis in the Note. A U.S. holder's adjusted tax basis in a Note will generally be the U.S. dollar value of the Canadian dollar purchase price on the date of purchase calculated at the spot rate of exchange on that date. The conversion of U.S. dollars into Canadian dollars and the immediate use of those Canadian dollars to purchase a Note will generally not result in a taxable gain or loss to the U.S. holder. Upon the sale, exchange, redemption, or other taxable disposition of a Note, the amount realized by a U.S. holder will be the U.S. dollar value of the Canadian dollar received calculated at the spot rate of exchange on the date of disposition.

Except as discussed below in connection with foreign currency gain or loss on a sale, exchange, redemption, or other taxable disposition of a Note, such gain or loss attributable to the sale, exchange, redemption, or other taxable disposition of a Note will be long-term gain or loss if the U.S. holder's holding period for the Note exceeds one year. Gain or loss, if any, recognized by a U.S. holder will generally be treated as U.S. source gain or loss, as the case may be. The deductibility of capital losses is subject to limitations under the Code.

U.S. holders are required to recognize any gain or loss attributable to changes in currency exchange rates upon the sale, exchange, redemption, or other taxable disposition of a Note. Such gain or loss will be subject to tax as U.S. source ordinary income or loss. Exchange gain or loss with respect to the principal amount of a Note will generally equal the difference between: (i) the U.S. dollar value of the Canadian dollar purchase price of the Note determined using the spot exchange rate on the date of the sale, exchange, redemption, or other taxable disposition, and (ii) the U.S. dollar value of the Canadian dollar purchase price of the Note, determined using the spot exchange rate on the date the U.S. holder purchased the Note. Such gain or loss will be recognized only to the extent of the total gain or loss realized by the U.S. holder on a sale, exchange, redemption, or other taxable disposition of the Note.

Receipt of Canadian Dollars

Canadian dollars received as interest on, or on a disposition of, a Note will have a tax basis equal to their U.S. dollar equivalent determined at the spot rate on the date such interest is received or at the time such proceeds are received. The amount of gain or loss recognized on a sale or other disposition of such Canadian dollars will be equal to the difference between (i) the amount of U.S. dollars, or the fair market value in U.S. dollars of the other property received in such sale or other disposition, and (ii) the U.S. holder's tax basis in such Canadian dollars.

A U.S. holder that purchases a Note with previously owned Canadian dollars will generally recognize gain or loss in an amount equal to the difference, if any, between such holder's tax basis in such Canadian dollars and the U.S. fair market value of such Note on the date of purchase. Any such gain or loss will generally be ordinary income or loss and will not be treated as interest income or expense. The conversion of U.S. dollars to Canadian dollars and the immediate use of such currency to purchase a Note generally will not result in any foreign currency gain or loss for a U.S. holder.

Information Reporting and Backup Withholding

In general, information reporting requirements will apply to payments of interest on, and gross proceeds from a sale, exchange, redemption, or other disposition (including repayment of principal) of, a Note that are made within the United States or through certain U.S.-related financial intermediaries. A U.S. holder of a Note may be subject to

backup withholding with respect to interest paid on the Note and to proceeds from the sale, exchange, redemption, or other disposition of a Note. These backup withholding rules apply if a U.S. holder, among other things, fails to (i) furnish its correct taxpayer identification number, (ii) certify under penalties of perjury that such holder is not subject to backup withholding, or (iii) otherwise comply with applicable backup withholding requirements.

Backup withholding is not an additional tax. A U.S. holder will be entitled to credit any amounts withheld under the backup withholding rules against a holder's U.S. federal income tax liability, provided the required information is timely furnished to the U.S. Internal Revenue Service. A holder may generally obtain a refund of any excess amounts withheld under the backup withholding rules by filing the appropriate claim for a refund with the U.S. Internal Revenue Service.

PLAN OF DISTRIBUTION (CONFLICTS OF INTEREST)

Under an agreement (the Agency Agreement) dated July 20, 2010 between the Agents and the Company, the Agents have agreed to act as agents of the Company to offer the Notes for sale to the public on a best efforts basis, if, as and when issued by the Company, subject to compliance with all necessary legal requirements and in accordance with the terms and conditions of the Agency Agreement. The offering price of the Notes was established by negotiation between the Company and the Agents. The Agents will receive a fee equal to \$4.00 for each \$1,000 principal amount of Notes sold.

The obligations of the Agents under the Agency Agreement may be terminated in their discretion on the basis of their assessment of the state of the financial markets and also upon the occurrence of certain stated events. While the Agents have agreed to use their best efforts to sell the Notes offered under this prospectus supplement, the Agents will not be obligated to purchase any Notes which are not sold.

The Offering is being made in all the provinces of Canada and in the United States pursuant to a multijurisdictional disclosure system implemented by securities regulatory authorities in Canada and the United States. Subject to applicable law, the Agents may offer the Notes outside Canada and the United States. No sales will be effected in any province of Canada by any Agent not duly registered as a securities dealer under the laws of such province, other than sales effected pursuant to the exemptions from the registration requirements under the laws of such province.

The Notes are offered subject to certain conditions, including the right of the Company to reject orders in whole or in part.

In accordance with rules and policy statements of certain Canadian securities regulators, the Agents may not, throughout the period of distribution, bid for or purchase Notes. The foregoing restriction is subject to exceptions, on the condition that the bid or purchase is not engaged in for the purpose of creating actual or apparent active trading in, or raising prices of, the Notes. These exceptions include a bid or purchase permitted under the Universal Market Integrity Rules of the Investment Industry Regulatory Organization of Canada relating to market stabilization and passive market-making activities and a bid or purchase made for and on behalf of a customer where the order was not solicited during the period of distribution. Subject to the foregoing and applicable laws, in connection with the Offering, and subject to the first exception mentioned above, the Agents may engage in over-allotment and stabilizing transactions and purchases to cover short positions created by the Agents in connection with the Offering. Stabilizing transactions consist of certain bids or purchases for the purpose of preventing or retarding a decline in the market price of the Notes and short positions created by the Agents involve the sale by the Agents of a greater number of Notes than may be offered by the Company in the Offering. These activities may stabilize, maintain or otherwise affect the market price of the Notes, which may be higher than the price that might otherwise prevail in the open market; these activities, if commenced, may be discontinued at any time. These transactions may be effected in the over-the-counter market or otherwise.

The Company and the Agents have agreed to indemnify each other against certain liabilities, including liabilities under Canadian provincial securities legislation and the United States Securities Act of 1933, as amended. There is no public market for the Notes and the Company does not intend to list the Notes on any exchange.

Each of the Agents, other than Canaccord Genuity Corp. and Laurentian Bank Securities Inc., is an affiliate of a financial institution which is a lender to the Company under the 2007 Credit Facility. Each of the Agents, other than TD Securities Inc., National Bank Financial Inc., J.P. Morgan Securities Canada Inc., Morgan Stanley Canada Limited, Desjardins Securities Inc., Canaccord Genuity Corp. and Laurentian Bank Securities Inc., is an affiliate of a financial institution that is a lender under the 2008 Credit Facility. Additionally, each of the Agents, other than Scotia

Capital Inc., HSBC Securities (Canada) Inc., Morgan Stanley Canada Limited, Desjardins Securities Inc., Canaccord Genuity Corp. and Laurentian Bank Securities Inc., is an affiliate of a financial institution that is a counterparty to certain cross currency and interest rate swaps with the Company. Consequently, the Company may be considered to be a connected issuer of each such Agent for purposes of the securities legislation of the provinces of Canada.

The 2007 Credit Facility consists of a \$2 billion unsecured revolving credit facility maturing May 1, 2012 (as of March 31, 2010, approximately \$123 million has been utilized in the form of letters of credit, approximately \$495 million has been utilized by backstopping outstanding commercial paper and approximately \$1.382 billion remains available). The 2008 Credit Facility consists of a \$300 million unsecured revolving credit facility maturing December 31, 2010 (as of March 31, 2010, the facility has not been utilized and all \$300 million remains available).

Table of Contents

A portion of the net proceeds of this Offering will be used for payments required to terminate the cross-currency interest rate swaps associated with U.S.\$613 million of the Company's outstanding U.S.\$1.3615 billion 8% Notes due June 1, 2011, which are proposed to be redeemed with a portion of the net proceeds of this Offering.

TELUS is and has been in compliance with the terms of the 2007 Credit Facility, the 2008 Credit Facility and the cross-currency interest rate swaps. None of the lenders under the 2007 Credit Facility or the 2008 Credit Facility, the counterparties under the cross-currency interest rate swaps, or the Agents were involved in the Company's decision to distribute the Notes offered hereby. The Agents negotiated the terms and conditions of the Offering and will not benefit in any manner from the Offering other than the payment of their fees as described above. The proceeds of the Offering will not be applied for the benefit of the Agents or their affiliates, other than as described above.

Certain of the Agents and their respective affiliates may have in the past performed, and may in the future perform, various financial advisory, investment banking and commercial lending services for TELUS and its affiliates in the ordinary course of business, for which they have received and will receive customary fees and commissions.

As described under "Use of Proceeds", a portion of the net proceeds of this Offering will be used to fund the Company's proposed redemption of U.S.\$613 million principal amount of the Company's outstanding U.S.\$1.3615 billion 8% Notes due June 1, 2011 and for payments required to terminate cross-currency interest rate swaps associated with the notes to be redeemed. Since more than 5% of the proceeds from this Offering, not including underwriting compensation, may be received by the affiliates of the Agents in this Offering, this Offering is being conducted in compliance with NASD Rule 2720, as administered by FINRA. Pursuant to that rule, the appointment of a qualified independent underwriter is not necessary in connection with this Offering, as this Offering is of a class of securities rated BBB or better by S&P or Baa or better by Moody's or rated in a comparable category by another rating service acceptable to FINRA.

Negative Pledge

The Trust Indenture contains provisions to the effect that the Company will not, nor will it permit any Restricted Subsidiary (as defined below) to, create or assume any Lien (as defined below) upon any present or future Principal Property (as defined below), or any Property (as defined below) which, together with any other Property subject to Liens in the same transaction or a series of related transactions, would in the aggregate constitute a Principal Property, of the Company or any Restricted Subsidiary, to secure Indebtedness (as defined below) of the Company or a Restricted Subsidiary unless the Debt Securities, other than Debt Securities which by their terms do not have the benefit of the Negative Pledge (together with, if the Company shall so determine, any other Indebtedness of the Company or any Restricted Subsidiary ranking at least equally with the Debt Securities then existing or thereafter created), shall be concurrently secured equally and ratably with (or prior to) such other Indebtedness so long as such Lien is outstanding.

The restrictions set forth above shall not apply to Permitted Liens, which are defined in the Trust Indenture to include:

- (i) with respect to any series of Debt Securities, Liens existing on the Closing Date (as defined below) for such series;
- (ii) Liens on any Property of any Person existing at the time such Person becomes a Restricted Subsidiary, or at the time such Person amalgamates or merges with the Company or a Restricted Subsidiary, which Liens are not created in contemplation of such Person becoming a Restricted Subsidiary or effecting such amalgamation or merger;
- (iii) Liens on any Property existing at the time such Property is acquired by the Company or a Restricted Subsidiary, or Liens to secure the payment of all or any part of the purchase price of such Property upon the acquisition of such Property by the Company or a Restricted Subsidiary or to secure any Indebtedness incurred prior to, at the time of, or within 270 days after, the later of the date of acquisition of such Property and the date such Property is placed in service, for the purpose of financing all or any part of the purchase price thereof, or Liens to secure any Indebtedness incurred for the purpose of financing the cost to the Company or a Restricted Subsidiary of improvements to such acquired Property or to secure any indebtedness incurred for the purpose of financing all or any part of the purchase price or the cost of construction of the Property subject to such Liens;
- (iv) Liens securing any Indebtedness of a Restricted Subsidiary owing to the Company or to another Restricted Subsidiary;
- (v) Liens on Property of the Company or a Restricted Subsidiary securing indebtedness or other obligations issued by Canada or the United States of America or any state or any department, agency or instrumentality or political subdivision of Canada or the United States of America or any state, or by any other country or any political subdivision of any other country, for the purpose of financing all or any part of the purchase price of, or, in the case of real property, the cost of construction on or improvement of, any property or assets subject to the Liens, including Liens incurred in connection with pollution control, industrial revenue or similar financings;

- (vi) Liens securing any extension, renewal or replacement (or successive extensions, renewals or replacements) in whole or in part of any Permitted Lien pursuant to the Trust Indenture; provided, however, that such new Lien is limited to the Property which was subject to the prior Lien immediately before such extension, renewal or replacement, and provided, further, that the principal amount of Indebtedness secured by the prior Lien immediately prior to such extension, renewal or replacement is not increased;
- (vii) any other Liens not otherwise qualifying as a Permitted Lien provided that, at the applicable time, the aggregate principal amount of the Indebtedness secured by all such other Liens, when added to the Attributable Debt determined at such time of the then outstanding Unrestricted Sale and Lease-Back Transactions (as defined below) to which the Company or a Restricted Subsidiary is a party, does not exceed 15% of the then applicable Consolidated Net Tangible Assets (as defined below);
- (viii) any interest or title of a lessor in the property subject to any capitalized lease or operating lease; and

Table of Contents

- (ix) any other Liens identified in the Prospectus Supplement relating to the series of Debt Securities issued.

Limitation on Sale and Lease-Back Transactions

Neither the Company nor any Restricted Subsidiary may enter into any Sale and Lease-Back Transaction (as defined below), except for:

- (i) any Sale and Lease-Back Transaction constituting a Permitted Lien under the Trust Indenture (other than clause (vii) or (viii)) in the previous section; or
- (ii) any Sale and Lease-Back Transaction that is not otherwise permitted under clause (i) above or (iii) below, and in respect of which the Company or such Restricted Subsidiary would be entitled, in the manner described under Negative Pledge above, to incur Indebtedness secured by a Lien on the applicable Property at least equal in amount to the Attributable Debt in respect of such Sale and Lease-Back Transaction without equally and ratably securing the Debt Securities (any Sale and Lease-Back Transaction entered into in compliance with this paragraph being an Unrestricted Sale and Lease-Back Transaction); or
- (iii) any Sale and Lease-Back Transaction if the Company or such Restricted Subsidiary shall apply or cause to be applied, in the case of such sale or transfer for cash, an amount equal to the greater of the fair market value of the Principal Property sold or transferred and leased back pursuant to such Sale and Lease-Back Transaction or the net proceeds of such Sale and Lease-Back Transaction and, in the case of such sale or transfer otherwise than for cash, an amount equal to the fair market value of the Principal Property sold or transferred and leased back pursuant to such Sale and Lease-Back Transaction, to (a) the retirement (other than any mandatory retirement), within 180 days after the effective date of such Sale and Lease-Back Transaction, of Indebtedness of the Company (which may but need not include any Debt Securities) ranking on a parity with, or prior to, such Debt Securities and owing to a Person other than the Company or any Affiliate of the Company, or (b) the purchase, construction or improvement of real property or personal property used by the Company or its Restricted Subsidiaries in the ordinary course of business.

Modification of the Trust Indenture

With certain exceptions, the Trust Indenture, the rights and obligations of the Company and the rights of the holders of a particular series of Debt Securities may be modified by the Company with the consent of the holders of not less than a majority in aggregate principal amount of such series of Debt Securities or a majority in principal amount of such series voted at a duly constituted meeting; but no such modification may be made which would: (i) reduce in any manner the amount of, or change the currency of payment of, or delay the time of any payments (whether of principal, premium, interest or otherwise); (ii) change the definition of or the manner of calculating amounts (including any change in the applicable rate or rates of interest) to which any holder is entitled; or (iii) reduce the above-stated percentage of Debt Securities of such series, in each case without the consent of the holder of each Debt Security of such series so affected or the consent of 100% of the principal amount of such the Debt Securities of such series voted at a duly constituted meeting.

Events of Default

The Trust Indenture provides that any one or more of the following events shall constitute an event of default with respect to any series of Debt Securities thereunder: (i) a default in the payment by the Company of the principal of (or premium, if any, on) any Debt Securities of such series when the same becomes due and payable at maturity, upon acceleration, redemption or otherwise, or in any obligation to repurchase Debt Securities of such series when required

pursuant to the Indenture; (ii) a default in the payment by the Company of interest on any Debt Securities of such series when the same becomes due and payable, and such default continues for a period of 30 days; (iii) default by the Company in the performance of or breach of any other covenant or agreement of the Company with respect to such series of Debt Securities and such default or breach continues for a period of 60 days after written notice to the Company by the Trustee or the holders of 25% or more in aggregate principal amount of the outstanding Debt Securities of such series; (iv) if any representation or warranty made by the Company in relation to a series of Debt Securities was incorrect in any material respect when made and, if it is capable of being corrected, such misrepresentation is not corrected within 60 days after written notice to the Company by the Trustee or the holders of 25% or more in aggregate principal amount of the outstanding Debt Securities of such series; (v) any failure by the Company or any Subsidiary to pay when due or within any applicable grace period, any payment of Indebtedness of the Company or any Subsidiary in an aggregate principal

amount in excess of US\$75 million (or its equivalent in any other currency or currencies), or any default occurs in respect of any Indebtedness of the Company or any Subsidiary in respect of any series of Debt Securities having an aggregate principal amount exceeding US\$75 million (or its equivalent in any other currency or currencies) after the expiration of any applicable grace period, if such default has resulted in such Indebtedness in excess of such aggregate principal amount becoming due prior to its stated maturity; (vi) a distress, attachment, execution or other similar legal process for any amount exceeding US\$75 million (or its equivalent in any other currency or currencies) is levied or enforced against any part of the Property of the Company or any Subsidiary and is not paid out, satisfied or withdrawn within 60 days of the date of such levy or enforcement; or (vii) certain events of bankruptcy, insolvency or reorganization of the Company or any Subsidiary. The Company is required to file with the Trustee an annual officers certificate as to the absence of certain defaults under the Trust Indenture.

The Trust Indenture provides that if an event of default (other than an event of default specified in clause (vii) above in relation to the Company) shall occur and be continuing with respect to a series of Debt Securities issued thereunder, the Trustee may in its discretion and shall upon request of the holders of not less than 25% in principal amount of the outstanding Debt Securities of such series declare the principal of, together with accrued interest on, all Debt Securities of such series to be due and payable. In certain cases, the holders of a majority in aggregate principal amount of such series of Debt Securities or a majority in principal amount of such series voted at a duly constituted meeting may on behalf of the holders of all such Debt Securities waive any past default or event of default and rescind and annul any such declaration and its consequences.

The Trust Indenture further provides that if an event of default specified in clause (vii) above in relation to the Company occurs, the principal of and any accrued interest on the Debt Securities then outstanding shall become immediately due and payable; provided however that at any time after an automatic acceleration with respect to the Debt Securities has been made, the holders of a majority in aggregate principal amount of such series of Debt Securities or a majority in principal amount of such series voted at a duly constituted meeting may, under certain circumstances, rescind and annul such acceleration and its consequences.

The Trust Indenture contains a provision entitling the Trustee, subject to its duty during a default to act with the required standard of care, to be indemnified by the holders of Debt Securities of such series before proceeding to exercise any right or power under the Trust Indenture at the request of such holders. The Trust Indenture provides that no holder of Debt Securities of any series may pursue a remedy with respect to the Trust Indenture except in the case of failure of the Trustee to act.

Defeasance

Defeasance of Certain Obligations

If the supplement to the Trust Indenture provides, the Company may elect, with respect to any series of Debt Securities, either to be discharged from its obligations or to be released from its obligations to comply with the terms, provisions or conditions relating to the negative pledge, the restriction on Sale and Lease-Back Transactions, the restrictions on amalgamations described below, any other covenants or any event of default (other than its covenant to maintain its existence and pay the principal, (premium, if any), interest and other amounts on such series of Debt Securities). Following such election, the Company will be so discharged, provided: (i) the Company has, at least 91 days prior to such discharge becoming effective, irrevocably deposited with the Trustee, as specific security pledged for, and dedicated solely to, the due payment and ultimate satisfaction of all of its obligations under the Indenture with respect to the Debt Securities of the series affected, (a) funds in the currency or currencies in which such Debt Securities are payable, and/or (b) an amount of direct obligations of, or obligations the payment of principal of and interest, if any, on which are fully guaranteed by, the government that issued the currency or currencies in which Debt Securities of such series are payable, and that are not subject to prepayment, redemption or call, as will

not occurred; (iii) such deposit will not result in a breach or violation of, or constitute a default under, the Trust Indenture or any other material agreement or instrument to which the Company is a party or by which it is bound; (iv) no event of default with respect to the Debt Securities of such series or event that, with notice or lapse of time, would become such an event of default shall have occurred and be continuing on the date of such deposit; (v) if the Debt Securities affected are listed on any stock exchange or securities exchange, the Company shall have delivered to the Trustee an opinion of counsel to the effect that such deposit and defeasance will not cause such Debt Securities to be delisted; and (vi) the Company shall have delivered to the Trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent to the defeasance have been satisfied.

Other Defeasance Arrangements

If so described in the Prospectus Supplement related to Debt Securities of a specific series, the Company may enter into certain other arrangements providing for the due payment and ultimate satisfaction of its obligations with respect to such series of Debt Securities by the deposit with the Trustee of funds or obligations of the type referred to under **Defeasance of Certain Obligations**. The Prospectus Supplement will more fully describe the provisions, if any, relating thereto.

Amalgamation, Consolidation, Conveyance, Transfer or Lease

In the event of the liquidation, dissolution or winding-up of the Company or other distribution of assets of the Company among its shareholders for the purpose of winding-up its affairs, all the property and assets of the Company which remain after payment to the holders of any shares ranking in priority to the Common Shares and Non-Voting Shares in respect of payment upon liquidation, dissolution or winding-up of all amounts attributed and properly payable to such holders of such other shares in the event of such liquidation, dissolution or winding-up or distribution, shall be paid and distributed equally, share for share, to the holders of the Common Shares and the Non-Voting Shares, without preference or distinction.

Voting Rights

The holders of the Common Shares shall be entitled to receive notice of and to attend (in person or by proxy) and be heard at all general meetings of the shareholders of the Company (other than separate meetings of the holders of shares of any other class of shares of the Company or any other series of shares of such other class of shares) and to vote at all such general meetings with each holder of Common Shares being entitled to one vote per Common Share held at all such meetings. The holders of Non-Voting Shares shall be entitled to receive notice of and to attend (in person or by proxy) and be heard at all general meetings of the shareholders of the Company (other than at separate meetings of the holders of shares of any other class of shares of the Company or of shares of any other series of shares of any such other class of shares other than the Common Shares) and shall be entitled to receive all notices of meetings, information circulars and other written information from the Company that the holders of Common Shares are entitled to receive from the Company but not to vote at such general meetings, unless otherwise required by law.

Company, a holder of one or more Non-Voting Shares shall have the right, at his or her option, at any time after the date of the last to change of the Telecommunications Regulations, the Radiocommunication Regulations and the Broadcasting Direction; and prior to the closing of business 90 days thereafter (the Regulatory Conversion Period) to convert any one or more of such Non-Voting Shares into Common Shares on a one-for-one basis. If all of the Telecommunications Regulations, the Radiocommunication Regulations and the Broadcasting Direction are changed so that there is no restriction on any non-Canadians (as defined in the Telecommunications Regulations and the Broadcasting Direction, as applicable) holding Common Shares in the Company and no requirement that Canadians (as defined in the Radiocommunication Regulations) hold Common Shares in the Company and following the Regulatory Conversion Period there are Non-Voting Shares still outstanding, all holders of Non-Voting Shares shall be deemed to have exercised their right to convert the Non-Voting Shares held by them into Common Shares upon receipt by all of the holders of written notice by the Company stating that the Company is requiring all holders to convert their Non-Voting Shares to Common Shares on the date specified in such notice. Telecommunications Regulations mean the Canadian Telecommunication Common Carrier Ownership and Control Regulations made pursuant to the *Telecommunications Act* (Canada); Radiocommunication Regulations mean the Regulations respecting Radiocommunications, Radio Authorizations, Exemptions from Authorizations and the Operation of Radio Apparatus, Radio-Sensitive Equipment and Interface Causing Equipment, P.C. 1996 1679 5 November, 1996, as amended or replaced from time to time, whether by statute, regulation, direction or by any other form of legislative instrument, and includes any licences under the *Radiocommunication Act* (Canada) held by entities controlled (as defined in the foregoing Regulations) by the Company; and Broadcasting Direction means the Direction to the Canadian Radio-television and Telecommunications Commission (Ineligibility of Non-Canadians) P.C. 1997 486 8 April 1997, as amended from time to time and any replacement direction or regulation under the *Broadcasting Act* (Canada) or any other form of legislative instrument, with respect thereto.

Common Share Conversion Right

The Company shall provide notice to each holder of Common Shares at least 10 days before the record date in respect of each general meeting of shareholders of the Company at which the holders of the Non-Voting Shares will be entitled to vote as a class. In such event and to the extent that, after taking into account the conversion, the class of persons, each of whom is a non-Canadian as defined in the Telecommunications Regulations or the Broadcasting Direction, or is not a Canadian as defined in the Radiocommunication Regulations (the Constrained Class), would continue to hold no more than the maximum number of Common Shares that may be owned and controlled by persons in the Constrained Class in accordance with the Telecommunications Regulations, the Radiocommunication Regulations or the Broadcasting Directions, whichever is the lowest so that, when added to all other voting shares (as defined in the Telecommunications Regulations, the Radiocommunication Regulations or the Broadcasting Direction, as the case may be) owned or controlled by the Constrained Class, the Company will be and will continue to be a qualified corporation as defined in the Telecommunications Regulations, a corporation that is Canadian (as defined in the Radiocommunication Regulations) that controls (as defined in the Radiocommunication Regulations) a person or entity that holds licences under the *Radiocommunication Act* (Canada) and a corporation that is qualified under the Broadcasting Direction to be the parent of a corporation that is a qualified corporation as defined in the Broadcasting Direction, each outstanding Common Share shall be convertible into one Non-Voting Share on a one-for-one basis.

Ownership and Voting Restrictions

Non-Canadian shareholders shall not beneficially own or control, other than by way of security only, more than 33 1/3% (or such other percentage as may then be prescribed by the Telecommunications Regulations, the Radiocommunication Regulations or the Broadcasting Directions, whichever is the lowest percentage, as the percentage of voting shares that may be beneficially owned or controlled, by non-Canadians, in order for a corporation to be a qualified corporation as defined in the Telecommunications Regulations, a corporation that is Canadian (as defined in the Radiocommunication Regulations) that controls (as defined in the Radiocommunication Regulations) a

person or entity that holds licences under the *Radiocommunication Act* (Canada) and a corporation that is qualified under the Broadcasting Direction to be the parent of a corporation that is a qualified corporation as defined in the Broadcasting Direction, provided that if no such percentage is prescribed the relevant percentage shall be deemed to be 100%) (the Restricted Percentage) of the issued and outstanding Common Shares of the Company (the Non-Canadian Share Constraint). In the event that it appears from the central securities register of the Company that, or in the event of a Directors determination (as provided for in the articles of the Company) that there is a contravention of the Non-Canadian Share Constraint: (a) the Company may pursuant to a Directors determination make a public announcement, whether by

press release, newspaper advertisements or otherwise, reasonably expected to inform the markets in which voting shares are traded of the contravention; and (b) the Company may refuse to (i) accept any subscription for voting shares from any non-Canadian, (ii) issue any voting shares to any non-Canadian, (iii) register or otherwise recognize the transfer of any voting shares from any Canadian to any non-Canadian, or (iv) purchase or otherwise acquire any voting shares, except as provided in the articles of the Company.

In the event of a Directors' determination that there is a contravention of the Non-Canadian Share Constraint and that to do so would be practicable and would not be unfairly prejudicial to, and would not unfairly disregard the interests of, persons beneficially owning or controlling voting shares who are non-Canadians, the Company shall send a disposition notice to the registered holders of such of those voting shares as shall be chosen on the basis of inverse order of registration of all non-Canadians. The Company may, by Directors' determination, suspend all rights of a shareholder to vote that would otherwise be attached to any voting shares beneficially owned, or controlled, by non-Canadians so that the proportion of the voting shares beneficially owned, or controlled, or considered by the Telecommunications Regulations, the Radiocommunication Regulations or the Broadcasting Direction to be beneficially owned, or controlled, by non-Canadians and with respect to which voting rights are not suspended is reduced to not more than the Restricted Percentage of the total issued and outstanding voting shares of the Company. Any disposition notice required to be sent to a registered holder of shares pursuant to the foregoing shall, among other things: (a) specify a date, which shall not be less than 60 days, after the date of the disposition notice, by which the excess voting shares are to be sold or otherwise disposed of or, if the Directors determine it to be in the interest of the Company to permit a conversion, converted into Non-Voting Shares; and (b) state that unless (i) the registered holder either sells or otherwise disposes of or converts the excess voting shares into Non-Voting Shares by the date specified in the disposition notice on a basis that does not result in any contravention of the Non-Canadian Share Constraint and provides to the Company written evidence satisfactory to the Company of such sale, other disposition or conversion, or (ii) provides written evidence satisfactory to the Company that no such sale, other disposition or conversion of excess voting shares is required, such default shall result in the consequence of suspension of voting rights and may result in a consequence of sale or conversion or repurchase or redemption and the disposition notice shall specify in reasonable detail the nature and timing of those consequences.

TELUS Rights Plan

TELUS adopted the Rights Plan in March 2000 and issued one right (a Series A Right) in respect of each Common Share outstanding as at such date and issued one right (a Series B Right) in respect of each Non-Voting Share outstanding as of such date. The Rights Plan has a term of 10 years subject to shareholder confirmation every three years. The Rights Plan was amended and confirmed as amended by the shareholders first in 2003 and again in 2005 and 2008. Each Series A Right, other than those held by an Acquiring Person (as defined in the Rights Plan) and certain of its related parties, entitles the holder in certain circumstances following the acquisition by an Acquiring Person of more than 20% of the voting shares of TELUS (otherwise than through the Permitted Bid requirements of the Rights Plan) to purchase from TELUS \$320 worth of Common Shares for \$160 (i.e., at a 50% discount). Each Series B Right, other than those held by an Acquiring Person (as defined in the Rights Plan) and certain of its related parties, entitles the holder in certain circumstances following the acquisition by an Acquiring Person of 20% or more of the voting shares of TELUS (otherwise than through the Permitted Bid requirements of the Rights Plan) to purchase from TELUS \$320 worth of Non-Voting Shares for \$160 (i.e., at a 50% discount).

**DESCRIPTION OF SHARE PURCHASE CONTRACTS
AND SHARE PURCHASE OR EQUITY UNITS**

The Company may issue share purchase contracts, including contracts obligating holders to purchase from the Company, and the Company to sell to the holders, a specified number of Equity Securities, at a future date or dates, or similar contracts issued on a prepaid basis (in each case, Share Purchase Contracts). The price per Equity Security and the number of Equity Securities may be fixed at the time the Share Purchase Contracts are issued or may be determined by reference to a specific formula set forth in the Share Purchase Contracts. The Share Purchase Contracts will require either the share purchase price be paid at the time the Share Purchase Contracts are issued or that payment be made at a specified future date. The Share Purchase Contracts may be issued separately or as part of units consisting of a Share Purchase Contract and Debt Securities or obligations of third parties (including U.S. treasury securities) (the Share Purchase or Equity Units), and may, or may not serve as collateral for a holder's obligations. The Share Purchase Contracts may require holders to secure their obligations thereunder in a specified manner. The Share Purchase Contracts also may require the Company to make periodic payments to the holders of the Share Purchase Contracts or *vice versa*, and such payments may be unsecured or refunded on some basis.

The applicable Prospectus Supplement will describe the terms of the Share Purchase Contracts or Share Purchase or Equity Units. The description in the Prospectus Supplement will not necessarily be complete, and reference will be made to the Share Purchase Contracts, and, if applicable, collateral, depository or custodial arrangements, relating to the Share Purchase Contracts or Share Purchase or Equity Units. Material United States and Canadian federal income tax considerations applicable to the holders of the Share Purchase or Equity Units and the Share Purchase Contracts will also be discussed in the applicable Prospectus Supplement.

DENOMINATIONS, REGISTRATION AND TRANSFER

The Securities will be issued in fully registered form without coupons attached in either global or definitive form and in denominations and integral multiples as set out in the applicable Prospectus Supplement (unless otherwise provided with respect to a particular series of Debt Securities pursuant to the provisions of the Trust Indenture, as supplemented by a supplemental indenture). Other than in the case of book-entry only securities, Securities may be presented for registration of transfer (with the form of transfer endorsed thereon duly executed) in the city specified for such purpose at the office of the registrar or transfer agent designated by the Company for such purpose with respect to any issue of Securities referred to in the Prospectus Supplement. No service charge will be made for any transfer, conversion or exchange of the Securities but the Company may require payment of a sum to cover any transfer tax or other governmental charge payable in connection therewith. Such transfer, conversion or exchange will be effected upon such registrar or transfer agent being satisfied with the documents of title and the identity of the Person making the request. If a Prospectus Supplement refers to any registrar or transfer agent designated by the Company with respect to any issue of Securities, the Company may at any time rescind the designation of any such registrar or transfer agent and appoint another in its place or approve any change in the location through which such registrar or transfer agent acts.

In the case of book-entry only securities, a global certificate or certificates representing the Securities will be held by a designated depository for its participants. The Securities must be purchased or transferred through such participants, which includes securities brokers and dealers, banks and trust companies. The depository will establish and maintain book-entry accounts for its participants acting on behalf of holders of the Securities. The interests of such holders of Securities will be represented by entries in the records maintained by the participants. Holders of Securities issued in book-entry only form will not be entitled to receive a certificate or other instrument evidencing their ownership thereof, except in limited circumstances. Each holder will receive a customer confirmation of purchase from the

participants from which the Securities are purchased in accordance with the practices and procedures of that participant.
