Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

Compensatory Arrangements of Certain Officers

On February 23, 2011, the Compensation Committee of the Board of Directors (the "Compensation Committee") of Thermo Fisher Scientific Inc. (the "Company") took the following actions relating to executive compensation:

Annual Cash Incentive Plans Approval of Payout of Cash Bonuses for 2010. The Compensation Committee approved the payout of cash bonuses for 2010 to the Company's executive officers under the Company's 2008 Annual Incentive Award Plan (the "162(m) Plan"), which was approved by the stockholders of the Company at its 2008 Annual Meeting of Stockholders. The Compensation Committee exercised its discretion to lower the amount of the cash bonuses payable under the 162(m) Plan based on its determinations as to the level of achievement of the applicable supplemental performance metrics and goals for 2010 under the Company's annual cash incentive program, which operates in connection with the 162(m) Plan. The amount of cash bonuses approved by the Compensation Committee to be paid to the Company's named executive officers (as defined by Item 402(a)(3) of Regulation S-K) is set forth in the table below.

Annual Cash Incentive Plans Establishment of Criteria for 2011 Bonus. The Compensation Committee established the performance goal under the 2008 Annual Incentive Award Plan for 2011 as earnings before interest, taxes and amortization, excluding the impact of restructurings, cost of revenues charges associated with acquisitions or restructurings, selling, general and administrative charges associated with acquisition transaction costs, gains/losses from the sale of a business or real estate, material asset impairment charges and other unusual or nonrecurring items ("Adjusted Operating Income"); and determined the percentage of Adjusted Operating Income that each of the Company's executive officers is entitled to receive as a cash bonus for 2011 under the Plan, subject to the Compensation Committee's right to lower, but not raise, the actual cash bonus to be paid to such executive officer for the year. The Compensation Committee's determination as to whether to lower the actual cash bonus to be paid to executive officers is generally based on the results of its determinations under the Company's annual cash incentive program for that year (which is described in the next paragraph).

The Compensation Committee also established a target cash bonus amount for each of the Company's executive officers as well as supplemental performance metrics and goals for the Company under the Company's annual cash incentive program for 2011. The target amount for each of the Company's executive officers, which is a percentage of base salary (ranging from 45% to 130%), was determined by the Compensation Committee based on the salary level and position of such officer within the Company. The supplemental performance metrics and goals are based on (a) (70%) financial measures for the Company, comprised of growth in (i) revenue (adjusted for the impact of acquisitions and divestitures and for foreign currency changes) (35%) and (ii) earnings (adjusted for restructuring charges and certain other items of income or expense) before interest, taxes and amortization as a percentage of revenue (35%) and (b) (30%) non-financial measures of the Company's executive officers' contributions to the achievement of certain business objectives of the Company. For each of the financial measures, the Company's actual performance will be measured relative to the Company's internal operating plan for 2011. After giving effect to the weighting of the supplemental performance metrics and individual performance, a range of performance for

the financial and non-financial measures, corresponding to a multiplier of 0 to 2, will be applied to the target cash bonus amounts for the Company's officers, including its executive officers.

Base Salary Approval of Increases. Effective April 4, 2011, the Compensation Committee increased the annual base salary of the Company's executive officers. The annual base salary approved by the Compensation Committee for each of the Company's named executive officers is set forth in the table below.

Revised Target Bonus for 2011. The Company's executive officers have annual target cash bonus amounts, expressed as a percentage of their annual base salaries. The percentages for certain executive officers were adjusted by the Compensation Committee. The revised target bonus percentages approved by the Compensation Committee for the Company's named executive officers are set forth in the table below.
