Item 2.02. Results of Operations and Financial Condition.

Attached hereto as Exhibit 99.1 and incorporated by reference herein is financial information for Amkor Technology, Inc. for the three and six months ended June 30, 2011 and forward-looking statements relating to the third quarter of 2011 as presented in a press release dated July 27, 2011. The information in this Form 8-K and the exhibit attached hereto is being furnished and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act) or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, regardless of any general incorporation language in such filing.

Exhibit 99.1 discloses free cash flow for the three months ended June 30, 2011. Free cash flow is considered a non-GAAP financial measure. Generally, a non-GAAP financial measure is a numerical measure of a company's performance, financial position, or cash flows that either excludes or includes amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with generally accepted accounting principles. We define free cash flow as net cash provided by operating activities less purchases of property, plant and equipment. We believe free cash flow to be relevant and useful information to our investors because it provides them with additional information in assessing our liquidity, capital resources and financial operating results. Our management uses free cash flow in evaluating our liquidity, our ability to service debt and our ability to fund capital additions. However, this measure should be considered in addition to, and not as a substitute for, or superior to other measures of financial performance prepared in accordance with GAAP and may not be comparable to similarly titled measures reported by other companies. The non-GAAP measure included in our press release has been reconciled to the nearest GAAP measure as required under SEC rules regarding the use of non-GAAP financial measures.
