Item 1.02 Termination of a Material Definitive Agreement.

On August 31, 2011, the Registrant received a notice of partial termination for convenience under Purchase Contract No. 9EC3843H, or the Agreement, dated as of June 26, 2009, by and between The Boeing Company and the Registrant. Under the Agreement (which was also identified by Prime Contract No. DAAE07-03-9-F001), the Registrant, as a subcontractor, developed XM1216 (320 SUGV) small unmanned ground vehicles for The Boeing Company, as prime contractor, for use by the U.S. federal government. Upon effectiveness of the partial termination, the Registrant will cease XM1216 robot development efforts under the Brigade Combat Team Modernization (BCTM) program, which was formerly known as the Future Combat Systems (FCS) program. The partial termination of the Agreement resulted from the termination of BCTM funding by the U.S. federal government under the prime contract by and between the U.S. federal government and The Boeing Company. Pursuant to the applicable provisions of the Agreement, the partial termination will be effective as of September 30, 2011. The Agreement was terminable in whole or in part by either party, without liability, upon not less than 30 days prior written notice.

The Registrant will continue to produce and sell XM1216 small unmanned ground vehicles to The Boeing Company for use by the U.S. federal government under other existing contractual arrangements, which are not impacted by the partial termination of the Agreement.
