Item 5. Other Events and Regulation FD Disclosure.

The company is filing the 5-year historical Selected Financial and Operating Data, attached hereto as Exhibit 99.1, to provide information to reflect a third quarter change in the financial statement presentation of recoveries for charged-off loans. The change was made in response to draft guidelines that were recently published by the Federal Financial Institutions Examination Council with respect to credit card account management. Previously, the company recognized all recoveries of charged-off accounts in the allowance for loan losses and provision for loan losses. The company now treats the portion of recoveries related to finance charges and fees as revenue. All prior period recoveries have been reclassified to conform to the current financial statement presentation of recoveries. The reclassification of recoveries had no impact on the company's earnings as reported in previous filings.

Item 9. Regulation FD Disclosure.

Pursuant to Regulation FD, the Company elects to furnish quarterly statistical summary data, attached hereto as Exhibit 99.2, to provide information on the impact of the company's third quarter change in the financial statement presentation of recoveries of charged-off loans.

Note: Information in this report (including the exhibits) furnished pursuant to Item 9 shall not be deemed to be filed for the purposes of Section 18 of the Securities and Exchange Act of 1934 or otherwise subject to the liabilities of that section. This report will not be deemed an admission as to the materiality of any information in the report that is required to be disclosed solely by Regulation FD.
