PROXY STATEMENT

2007 ANNUAL MEETING OF STOCKHOLDERS

General Information

This Proxy Statement is furnished to holders of Royal Gold, Inc. (the Company) common stock, in connection with the solicitation of proxies on behalf of the Board of Directors of the Company, to be voted at the Annual Meeting of Stockholders of the Company (the Annual Meeting) to be held on Wednesday, November 7, 2007, at 9:30 a.m. This Proxy Statement and the proxy card were first mailed to stockholders on or about October 16, 2007.

Stockholders Entitled to Vote

All voting rights are vested exclusively in the holders of the Company's common stock. Only stockholders of record of the common stock, par value \$0.01 (common stock), of the Company at the close of business on September 26, 2007 (the record date), are entitled to vote at the Annual Meeting and at any and all postponements and adjournments thereof. As of the record date, there were 28,972,523 shares of common stock outstanding and entitled to vote. Each share of common stock entitles the stockholder to one vote on all matters that may come before the Annual Meeting.

Voting Your Shares

Each share of common stock that you own entitles you to one vote. Your proxy card shows the number of shares of common stock that you own.

You may vote your shares by signing and returning the enclosed proxy. If you vote by proxy, the proxy holders (each or any of the individuals named on the proxy) will vote your shares as you instruct on the proxy. If you sign and return the proxy, but do not give instructions on how to vote your shares, your shares will be voted (1) FOR the election of directors as described herein under Proposal 1 Election of Directors, (2) FOR the adoption of an amendment to the Company's Certificate of Incorporation increasing the authorized shares of Common Stock from 40,000,000 to 100,000,000 as described herein under Proposal 2 Adoption of an Amendment to the Company's Certificate of Incorporation Increasing the Authorized Shares of Common Stock, and (3) FOR ratification of the appointment of the Company's independent registered public accountants described herein under Proposal 3 Ratification of Appointment of Independent Registered Public Accountants.

You may vote by telephone or by the Internet by following the telephone or Internet voting instructions that are included with your proxy card. If you vote by telephone or the Internet, you do not need to return your proxy card.

You may attend the Annual Meeting and vote in person. You will be given a ballot when you arrive. However, if your stock is held in the name of your broker, bank or another nominee, you must get a signed proxy from the broker, bank or other nominee giving you the right to vote your shares. This will be the only way we can be sure that the broker, bank or other nominee has not already voted your shares on your behalf.

Table of Contents

Revocation of Proxy or Voting Instruction Form

You may revoke your proxy at any time before the proxy is voted at the Annual Meeting. This can be done by either submitting another properly completed proxy card with a later date, sending a written notice of revocation to the Corporate Secretary of the Company with a later date or by attending the Annual Meeting and voting in person. You should be aware that simply attending the Annual Meeting will not automatically revoke your previously submitted proxy; rather you must notify a Company representative at the Annual Meeting of your desire to revoke your proxy and vote in person. Written notice revoking a proxy should be sent to the Corporate Secretary, Royal Gold, Inc., 1660 Wynkoop Street, Suite 1000, Denver, Colorado 80202.

Quorum and Votes Required to Approve Proposals

A majority of the outstanding shares of the Company's common stock entitled to vote, represented in person or by proxy, will constitute a quorum at a meeting of the stockholders. Abstentions and broker non-votes will be counted as being present in person for purposes of determining whether there is a quorum.

With respect to Proposal 1, the election of a director will require an affirmative vote of the majority of the votes cast with respect to that director at a meeting at which quorum is present. With respect to Proposals 2 and 3, the affirmative vote of a majority of the shares that are represented and entitled to vote at a meeting at which a quorum is present shall be the act of the stockholders. For Proposal 1, a WITHHOLD vote will have the effect of an AGAINST vote with respect to the director for whom the vote is WITHHOLD. Abstentions will have the same effect as a vote AGAINST Proposals 2 and 3. If a stockholder does not give a proxy to his or her broker with instructions as to how to vote the shares, the broker has authority under New York Stock Exchange rules to vote those shares for or against routine matters, such as the election of directors, the increase in the Company's authorized shares of common stock and the ratification of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm. If a broker votes shares that are unvoted by its customers for or against a routine proposal, these shares will be counted for the purpose of determining the outcome of such routine proposals. If a broker chooses to leave these shares unvoted, the shares will have no effect on Proposal 1 and the same effect as a vote AGAINST Proposals 2 and 3.

In the election of directors, each stockholder eligible to vote may vote the number of shares of common stock held, for each director to be elected, but cumulative voting is not permitted. Under Delaware law, holders of common stock are not entitled to appraisal or dissenters' rights with respect to the matters to be considered at the Annual Meeting.

Tabulation of Votes

Votes at the Annual Meeting will be tabulated and certified by Computershare Trust Company, N.A. (Computershare), the Company's transfer agent.

Solicitation Costs

The enclosed proxy card and voting instruction form is being solicited on behalf of the Board of Directors of the Company. In addition to solicitation of proxies by mail, the Company's directors, officers or employees, without additional compensation, may make solicitations by telephone, facsimile, or personal interview. The Company has retained Georgeson, Inc. to aid in the solicitation of brokers, banks, intermediaries and other institutional holders in the United States and Canada for a fee of \$9,000, plus reimbursement for out-of-pocket expenses. All costs of the solicitation of proxies will be borne by the Company. The Company will also reimburse the banks and brokers for their reasonable out-of-pocket expenses in forwarding proxy materials to beneficial owners of shares of common stock.

PROPOSAL 1.

ELECTION OF CLASS II DIRECTORS

The Company's Board of Directors consists of three classes of directors, with each class of directors serving for a three-year term ending in a successive year. The Company's current Class I Directors are Messrs. Dempsey, Jensen and Goth; the Class II Directors are Messrs. Stuckert and Marcus; and the Class III Directors are Messrs. Haase, Howell and Worth. Edwin W. Peiker, Jr. served as a Class III director during the fiscal year ended June 30, 2007, until his retirement from the Board of Directors effective July 25, 2007.

If the enclosed proxy is properly signed and received in time for the Annual Meeting, and if the proxy does not indicate otherwise, the represented shares will be voted **FOR** James W. Stuckert and Merritt Marcus as Class II Directors of the Company. If any of the nominees for election as a Class II Director should refuse or be unable to serve (an event that is not anticipated), the proxy will be voted for a substitute nominee who is designated by the Board of Directors. Each Class II Director elected shall serve until the 2010 Annual Meeting, or until his successor is elected and qualified.

The Company's Amended and Restated Bylaws (bylaws) require that each director be elected by the majority of votes cast at a meeting at which a quorum is present with respect to such director in uncontested elections (the number of shares voted for a director nominee must exceed 50% of the votes cast with respect to that director). In a contested election (a situation in which the number of nominees exceeds the number of directors to be elected), the standard for election of directors would be a plurality of the shares represented in person or by proxy at any such meeting and entitled to vote on the election of directors. This year's election is expected to be an uncontested election, and the majority vote standard will apply. If a nominee who is serving as a director is not elected at the annual meeting, Delaware law provides that the director would continue to serve on the Board as a holdover director. Under the Company's bylaws, each director nominee who is serving as a director that is not elected shall offer to tender his or her resignation to the Board of Directors. In that situation, the Compensation, Nominating and Corporate Governance Committee would make a recommendation to the Board of Directors on whether to accept or reject the resignation to the Board, or whether to take other action. The Board of Directors will act on the Compensation, Nominating and Corporate Governance Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of the election results. The director who tenders his or her resignation will not participate in the Board of Directors' decision. If a nominee who was not already serving as a director fails to receive a majority of votes cast at the annual meeting, Delaware law provides that the nominee does not serve on the Board as a holdover director. All of the Class II director nominees are currently serving on the Board of Directors.

Information concerning the nominees for election as directors is set forth below under Directors and Officers.

Vote Required for Approval. Each director must receive a majority of votes cast with respect to that director at a meeting at which a quorum is present in order to be elected (the number of shares voted for a director nominee must exceed 50% of the votes cast with respect to that director).

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR EACH OF THE DIRECTOR NOMINEES.

MEETINGS AND COMMITTEES OF THE BOARD

During the fiscal year ended June 30, 2007 (fiscal year 2007), the Board of Directors held four regular meetings, each of which included executive sessions of the independent directors, and seven special meetings. Each director attended, in person or by telephone, at least 75% of the aggregate number of meetings of the Board of Directors and of the Committee(s) of the Board of Directors on which he served. It is the Company's policy that each director attends each Annual Meeting of Stockholders. All directors attended last year's Annual Meeting of Stockholders.

Independence of Directors

The independent members of the Board of Directors has determined that each director, except for Messrs. Dempsey and Jensen who are officers of the Company, is independent under the NASDAQ listing standards. The Board of Directors considered Mr. Peiker, who served as a director during fiscal year 2007 until his retirement from the Board of Directors effective July 25, 2007, and who was an executive officer of the Company from April 1988 to February 1992, independent because he had not been involved with the day to day management of the Company since he ceased being an executive officer of the Company in February 1992. The Board of Directors has determined that the directors designated as independent have no relationship with the Company that may interfere with the exercise of their independent judgment.

Lead Director

The Board of Directors has elected a lead, independent director who presides over executive sessions of the independent directors scheduled at each regular meeting of the Board of Directors. This lead director position is a rotating position on a yearly basis. The lead director chairs the executive sessions of the independent directors and serves as liaison between the Executive Chairman and the President and Chief Executive Officer, and the other independent directors. Mr. Merritt Marcus currently serves as lead director.

Audit Committee

The Board of Directors has a standing Audit Committee. The Audit Committee consists of James W. Stuckert, John W. Goth, and Donald Worth. All members of the Audit Committee are independent under the NASDAQ listing standards and Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended. The Audit Committee held ten meetings during the fiscal year. The Board of Directors recently reviewed and amended the Charter for the Audit Committee. The Charter is available through the Company's web site at www.royalgold.com.

Table of Contents

The Audit Committee assists the Board of Directors in its oversight of the integrity of the Company's financial statements and compliance with legal and regulatory requirements and corporate policies and controls. Compensation, Nominating and Corporate Governance Committee

The Board of Directors has a standing Compensation, Nominating and Corporate Governance Committee. During fiscal year 2007, the Compensation, Nominating and Corporate Governance Committee consisted of John W. Goth, James W. Stuckert and Edwin W. Peiker, Jr. Mr. Peiker retired from the Board of Directors effective July 25, 2007, simultaneously resigning his position on the Compensation, Nominating and Corporate Governance Committee. On August 23, 2007, Mr. S. Oden Howell was elected by the Board of Directors to serve on the Compensation, Nominating and Corporate Governance Committee. All members of the Compensation, Nominating and Corporate Governance Committee are considered independent directors under the NASDAQ listing standards. The Committee held six meetings during the fiscal year. The Board of Directors recently reviewed and amended the Charter for the Compensation, Nominating and Corporate Governance Committee. The Charter is available through the Company's web site at www.royalgold.com. The Compensation, Nominating and Corporate Governance Committee oversees the Company's compensation policies, plans and programs and reviews and determines the compensation to be paid to executive officers and directors. The Compensation, Nominating and Corporate Governance Committee also administers and implements the Company's incentive compensation and equity-based plans.

The Committee does not delegate its responsibilities with respect to executive compensation to any executive officer of the Company.

Pursuant to its charter, the Compensation, Nominating and Corporate Governance Committee is authorized to retain such outside counsel and other advisors as it may deem appropriate in its sole discretion. For fiscal year 2007, the Committee retained the firm of Frederic W. Cook & Co., Inc. as independent compensation consultants to assist it in determining the compensation levels for the Company's executive officers and directors. The compensation consultants advised the Committee with respect to trends in executive compensation, assessment of competitive pay levels and mix (e.g., proportion of fixed pay to incentive pay, proportion of annual cash pay to long-term incentive pay), and setting compensation levels for executive officers. The compensation consultants also reviewed and identified the Company's peer group companies for fiscal year 2007 (as identified below under "Executive Compensation"), and reviewed the director compensation program in fiscal year 2007.

In addition to compensation matters, the Compensation, Nominating and Corporate Governance Committee also identifies or reviews individuals proposed to become members of the Board of Directors and recommends director nominees. In selecting director nominees, the Committee assesses the nominee's independence, as well as considers his or her experience, areas of expertise, including experience in the

mining industry, diversity, perspective, broad business judgment and leadership, all in the context of an assessment of the perceived needs of the Board of Directors at that time. Further, the Committee will consider director candidates recommended by stockholders using the same criteria outlined above, provided such written recommendations are submitted to the Secretary of the Company in accordance with the advance notice and other provisions of the Company's bylaws.

The Compensation, Nominating and Corporate Governance Committee also advises the Board of Directors on various corporate governance principles. The Committee reviews the content and compliance with the Company's Board of Directors' Governance Guidelines annually.

Compensation Committee Interlocks and Insider Participation

The Company's Compensation, Nominating and Corporate Governance Committee during fiscal year 2007 consisted of Mr. Goth, who served as Chairman, Mr. Stuckert and Mr. Peiker. Mr. Peiker retired from the Board of Directors effective July 25, 2007, simultaneously resigning his position on the Committee. Mr. S. Oden Howell was elected to the Committee in August 2007. No member of the Committee was, at any time during fiscal year 2007 or at any other time, an officer or employee of the Company, other than Mr. Peiker, who served as President and Chief Operating Officer from 1988 to 1992. No executive officer of the Company served on the compensation committee of another entity, or any other committee of the Board of Directors of another entity performing similar functions during the Company's past fiscal year, or as a director, a member of a compensation committee of any other entity, one of whose executive officers served on the Company's Compensation, Nominating and Corporate Governance Committee or as a director of the Company.

Certain Relationships and Related Transactions

In November 2005, the Company entered into a strategic exploration alliance with Taranis Resources to pursue exploration opportunities in Finland, for which, as of June 30, 2007, it has provided \$506,404 in funding for a 2.0% net smelter return royalty and future earn-in rights. In January 2006 and in support of the strategic exploration alliance, Mr. Dempsey, Executive Chairman of the Company, became a director of Taranis Resources, Inc. ("Taranis Resources"), a Colorado-based resource company, listed on the Toronto Stock Exchange. As a director of Taranis Resources, Mr. Dempsey is awarded stock options under Taranis Resources' stock option plan. In January 2006, Mr. Dempsey was awarded 100,000 incentive stock options, exercisable for a period of four and one-half years from the date of grant, at a price of Cdn\$0.35 per share.

In July 2006, the Company entered into an agreement with Mr. Dempsey under which any director fees, consulting fees and other remuneration (whether in cash, securities or otherwise) paid to Mr. Dempsey by Taranis Resources will be remitted to the Company (the "Agreement"). Pursuant to the Agreement, the Company may require Mr. Dempsey to exercise the stock options granted to him by Taranis Resources at any time or from time to time during the exercise period and under the terms of the Taranis Resources stock option agreement. If the Company requires Mr. Dempsey to exercise the stock options, it will pay Mr. Dempsey the amount necessary to exercise the stock options. The securities gained upon exercise will be transferred to the Company. The Company will reimburse Mr. Dempsey for incurred tax liability, if any.

The Company beneficially owns the stock options granted to Mr. Dempsey by Taranis Resources, exercisable for 100,000 shares of common stock, because it has the right to require Mr. Dempsey to exercise the stock options pursuant to the Agreement and will acquire the shares upon the exercise. The Company currently owns 1,037,500 shares of common stock and has the direct or indirect right to acquire a total of 568,750 shares of common stock, including the shares acquired upon exercise of Mr. Dempsey's stock options, such that, if the Company exercised its rights and there was no other dilution, its holdings would represent 10.04% beneficial ownership of Taranis Resources' common stock. The Company does not have any intention to acquire control of Taranis Resources.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership to the Securities and Exchange Commission. Officers, directors and greater than 10% stockholders are required by the regulations of the Securities and Exchange Commission to furnish the Company with copies of all Section 16(a) reports they file. Based solely on its review of copies of such reports received and written representations from certain persons that no other reports were required for those persons, the Company believes that, other than as described, all filing requirements applicable to its officers, directors and greater than 10% stockholders were met for fiscal year 2007, and all transactions are reflected in this Proxy Statement. Messrs. Goth, Howell, Marcus, Peiker, Stuckert and Worth filed all required Form 4 filings, but each filed one Form 4 related to an option grant after the filing deadline. Mr. Dempsey filed all required Form 4 filings, but filed one Form 4 relating to a trustee transaction and one Form 4 relating to a transaction pursuant to his 10b5-1 trading plan after the respective filing deadlines. Mr. Stuckert filed all required Form 4 filings, but filed one Form 4 relating to an option exercise after the filing deadline.

Compensation Discussion and Analysis

Overview

Royal Gold is the world's largest precious metals royalty company engaged in the acquisition and management of precious metal royalty interests. The Compensation, Nominating and Corporate Governance Committee (the Committee) is responsible for, among other things, setting and administering the policies that govern the compensation for the executive officers of the Company. The Committee evaluates the performance of management and recommends to the full Board of Directors the compensation level for all officers and key employees. The Committee also administers the Company's 2004 Omnibus Long-Term Incentive Plan and determines the amount of stock options and restricted stock granted to executive officers and key employees. The Committee is composed entirely of independent outside directors, as defined under Section 162(m) of the Internal Revenue Code, and each member is independent under the applicable rules of the NASDAQ.

Compensation Philosophy and Objectives

Royal Gold's general compensation philosophy is focused on paying a competitive salary and providing attractive leverage in long-term incentives to reward growth and to link management interests with stockholder interests. The Committee believes that bonus and long-term incentives are critical to the sustainability and continuity of the Company's business and that such incentives support executive retention and avoid short-term windfalls.

The Committee specifically believes that the compensation philosophy and programs of Royal Gold should:

- link rewards to individual performance, business results and stockholder returns;
- encourage creation of long-term stockholder value and achievement of strategic objectives;
- target management salary range structures and award opportunities at or slightly above the market median, with opportunity to pay in the upper quartile for superior results;
- maintain an appropriate balance between base salary, annual bonuses and long-term incentives; and
- attract and retain the highest caliber personnel on a long-term basis.

Royal Gold employs only sixteen employees and places primary importance on the talent of those employees to manage and grow the Company. Based on the small number of employees, Royal Gold's executives are required to be multi-disciplined, self-reliant, and highly experienced. The Committee feels the loss of Royal Gold's executive talent would be a significant threat for the Company, requiring the Company to target direct compensation in the third quartile of its peer group companies in the United States and Canada engaged in either the mining or exploration of precious metals or in the acquisition or management of interests in mining operations. In determining specific compensation amounts for executives, the Committee considers such factors as (1) experience; (2) individual

performance; (3) tenure; (4) role in achieving corporate objectives; and (5) compensation compared to the Company's other officers and to the Company's peer group.

Role of Compensation Consultants and Management

The Committee seeks and receives advice from an independent, external compensation and benefits consultant as necessary to conduct a review of the Company's competitive compensation position. In August 2006, the Committee engaged Frederic W. Cook & Co. (Frederic W. Cook) to review the competitiveness of certain elements included in the Company's executive compensation package for fiscal year 2007.

Table of Contents

Corporate goals and objectives are established and reviewed annually with the Board of Directors. Each executive officer completes annually a self-assessment of his or her individual performance and contributions to the corporate goals and objectives, which is reviewed with Royal Gold's President and Chief Executive Officer. Based on such annual reviews and the Company's compensation objectives, the President and Chief Executive Officer recommends annual bonus awards and long-term incentive awards to the Committee. The Committee considers the President and Chief Executive Officer's recommendations in making annual bonus and long-term incentive award decisions. The Committee conducts an annual review of the President and Chief Executive Officer's performance and all decisions relating to the President and Chief Executive Officer's compensation are made by the Committee independent from members of management.

Evaluation of Compensation Package

In August 2006, Frederic W. Cook conducted an extensive study of the Company's compensation package, including comparing the compensation package to Royal Gold's benchmark peer group of companies in the U.S. and Canada engaged in either the mining or exploration of precious metals or in the acquisition and management of interests in mining operations. The benchmark peer group consisted of 15 companies: Barrick Gold, Newmont Mining, Goldcorp, Freeport McMoran Copper and Gold, Glamis Gold, Agnico-Eagle Mines, Kinross Gold, Meridian Gold, Yamana Gold, IAMGOLD, Pan American Silver, Coeur d'Alene Mines, Golden Star Resources, Vista Gold and International Royalty Corporation. The study reviewed the Company's base salaries, annual bonuses, benefits, non-cash compensation, and long-term incentives in comparison with the benchmark group and provided a review of the competitiveness, fairness, and effectiveness of each component of compensation and an evaluation of individual total compensation. The study found that the salaries of the named executive officers were in the 16th percentile of the benchmark group, salaries plus bonuses were at the 26th percentile, long-term incentives averaged in the 63rd percentile, and total direct compensation (salary, bonus, and long-term incentives) were in the 54th percentile.

Although fiscal 2007 salaries were not modified as a result of this evaluation, the Committee concluded that it was necessary to increase the cash compensation for management in fiscal year 2008 to reinforce the key objectives of attracting and retaining key executives at this very competitive time in the mining industry. The Committee approved base salary increases between 3.1% and 6.7% for the fiscal year ending June 30, 2008, and a 3.5% adjustment for cost of living increases. Based on this, the Committee recommended, and the independent directors of the full board approved, an increase in base salary of \$6,500, \$21,000, \$15,000, \$15,000 and \$12,500 for Messrs. Dempsey, Jensen, Wenger, Ms. Gross and Mr. Heissenbuttel, respectively, for the fiscal year ending June 30, 2008.

Subsequent Evaluations

In July 2007, the Committee again engaged Frederick W. Cook to conduct a study of the Company's compensation package. The Committee asked Frederick W. Cook to use a benchmark peer group of companies in the U.S. and Canada engaged in either the mining or exploration of precious metals or in the acquisition and management of interests in mining operations that had market capitalization comparable to Royal Gold. The study conducted in August 2006 included companies with market capitalization ranging from \$229 million to \$25 billion. Royal Gold's market capitalization was in the bottom quartile of this benchmark group. The Committee requested the additional study with a more focused benchmark peer group to better understand the competitiveness of Royal Gold's compensation package as compared to companies within the same industry and with comparable market capitalization. For this subsequent study, Frederick W. Cook used a smaller benchmark peer group consisting of 10 companies: Agnico-Eagle Mines, Meridian Gold, Yamana Gold, IAMGOLD, Silver Wheaton, Pan American Silver, Coeur d'Alene Mines, Golden Star Resources, Hecla Mining and International Royalty Corporation.

The results of the July 2007 study showed that executive officer salaries as adjusted for fiscal year 2008 as described above were in the 32nd percentile, salaries plus bonuses were in the 45th percentile, long-term incentives were near the 83rd percentile, and total direct compensation (salary, bonus, and long-term incentives) was in the 69th percentile of the benchmark peer group. The Committee concluded that executive compensation packages for the Company's executive officers was composed of an appropriate mix of

Table of Contents

competitive salary and bonus incentives as well as long-term incentives to motivate executives to achieve positive business results and increase shareholder value. The Committee reviewed the compensation and benefit programs with the independent directors of the full Board of Directors.

Components of Executive Compensation

Royal Gold's compensation program consists of base pay, annual cash bonuses, long-term incentives and benefits. The Company believes perquisites for executives should be extremely limited in scope and value and, therefore, generally does not provide perquisites or other special benefits to executive officers that are not available to all employees. The Committee attempts to pay competitively in the aggregate as well as deliver an appropriate balance between fixed compensation (base salary, bonuses and benefits) versus variable compensation (long-term incentives). Consistent with the Company's philosophy of attracting and retaining its executive talent, the Committee emphasizes long-term incentives over fixed compensation as components of the executive compensation package. The relative portions of fixed compensation and long-term incentives varies for each named executive officer, but generally is intended provide a significant portion of the executives' compensation through long-term incentives.

Employment Agreements

Royal Gold has entered into employment agreements with Messrs. Dempsey, Kirchhoff, Wenger and Heissenbittel and Ms. Gross. Each employment agreement has a one year employment term that is automatically extended without further action by the employee for successive one year periods unless the Company delivers a written notice of involuntary termination on 90 days prior notice. Base salary for each of Messrs. Dempsey, Kirchhoff, Wenger and Heissenbittel and Ms. Gross were initially set pursuant to his or her respective employment agreement, but are adjusted annually as recommended by the Committee and approved by the independent directors of the Board of Directors as described below. Each of the employment agreements provides for post-termination benefits as further described below.

The Company entered into the employment agreement with Messrs. Heissenbittel and Kirchhoff in the fiscal year ending June 30, 2008, in connection with the appointment of Mr. Heissenbittel to the position Vice President of Corporate Development and the appointment of Mr. Kirchhoff to the position of Vice President and General Counsel. The Company has not entered into an employment agreement with Mr. Jensen, the Company's President and Chief Executive Officer. Mr. Kirchhoff is not a named executive officer.

Base Salary

Base salary is the fixed cash amount paid to an officer on a fiscal year cycle. Increases in cost of living are considered and will be added to the base salary levels at the prevailing rate, if appropriate. Actual salaries vary by individual and are based on sustained performance toward achievement of the Company's goals and objectives, experience and current salary. The Committee believes that salaries should be adjusted as necessary in order to maintain competitiveness within the mining industry. Due to the Company's emphasis on long-term incentives, individual salaries are intended to be around or slightly below the median of the Company's benchmark peer group for each position, including the position of the President and Chief Executive Officer. The Committee reviewed the August 2006 compensation study conducted by Frederic W. Cook and determined that base salary compensation, which was in the 16th percentile of the benchmark peer group used in that study, was adequate for fiscal year 2007 as a component of total compensation, which was in the 63rd percentile of the benchmark peer group, but required adjustment for fiscal year 2008. After such adjustments were made, the Committee reviewed the July 2007 compensation study conducted by Frederic W. Cook and determined that the revised base salary compensation, which was in the 32nd percentile adequately improved the Company's competitive position with respect to fixed compensation. The Committee recommended and the independent directors of the full Board of Directors approved

the salary increases for the fiscal year described above.

Table of Contents

Annual Cash Bonuses

Annual cash bonus awards are discretionary and are based on individual and corporate performance, returns to shareholders, the ability to pay, and general practices in the mining industry. Bonuses are designed to balance rewards for exceptional performance, personal contributions, and to tie accountability with actual performance. Annual bonuses are recommended to the Committee by the Company's President and Chief Executive Officer based on annual reviews of each executive officer's performance and contribution to corporate goals and objectives. The amount of the annual cash bonus award for each named executive officer is recommended by the President and Chief Executive Officer to the Committee. The Committee reviews the recommendations and the individual performance of each executive officer and recommends bonus awards to the independent directors of the full Board of Directors in November following the end of the prior fiscal year. Bonuses are paid at the beginning of the next calendar year. At this time, the amount of annual cash bonuses for each of the named executive officers is not determinable but, in prior fiscal years, annual cash bonus awards ranged from 20% to 58% of base salary.

Long-Term Incentives

The Company's 2004 Omnibus Long-Term Incentive Plan (LTIP) permits the award of various types of stock-based incentives. Grants are typically in the form of incentive and non-qualified stock options, shares of restricted stock and performance awards that vest based on the achievement of performance objectives. The LTIP is designed to balance short-term performance with the need for sustainable results, to align the interests of management with stockholders, and to provide each executive officer with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. The LTIP is intended to deliver a significant portion of each executive officer's total compensation at a future date. The amount of each incentive award is driven by an individual's relative level in the Company, his or her ability to impact the desired goal of each incentive, as well as individual performance over the prior fiscal year. With respect to equity awards made in fiscal year 2007, the Committee looked to six elements to determine the amount and form of equity awards: the Company's revenue growth, cost containment, financial strength, protection of assets, governance and marketing. The amount and form of equity awards were determined based on each executive officer's contributions to each of these six elements.

The amount and form of equity awards for each named executive officer are determined by the Committee based on recommendations by the President and Chief Executive Officer and recommended by the Committee to the independent directors of the full Board of Directors in November following the end of the prior fiscal year. Awards are granted at that time. Members of Royal Gold's management do not have authority to make off-cycle or ad-hoc equity grants. In the event of a new hire grant, concurrence is obtained prior to any grant being made either through approval at a regularly scheduled board meeting or by unanimous written consent. Equity grants made in fiscal year 2007 and shown in the Summary Compensation Table and 2007 Grants of Plan-Based Awards Table were made in November 2006 considering the Company's and each named executive officer's performance in the fiscal year ended June 30, 2006, with respect to the six elements described above.

Stock Options

The Company grants stock options as part of its LTIP. Stock options are considered long-term awards that are intended to drive shareholder value and align management with shareholders with regard to share price appreciation. Stock options are granted once a year as recommended by the Committee to the independent directors of the full Board of Directors in November following the end of the prior fiscal year. The exercise price of options is based on the closing price of the Company's common stock on the NASDAQ Global Select Market on the date of grant. Options have 10 year terms. For all of the named executive officers, other than Mr. Dempsey and Ms. Gross, stock options vest in equal annual increments over three years. Stock options granted to Mr. Dempsey and Ms. Gross vest one year

from the grant date. The Committee recommended and the independent directors of the full Board of Directors approved a shorter vesting schedule for Mr. Dempsey and Ms. Gross because of their long standing service with the Company that has continued for more than 20 years and because both Mr. Dempsey and Ms. Gross have exceeded the stock ownership levels determined for each of them pursuant to the Company's stock ownership program described below.

Table of Contents

Restricted Stock

The Company's LTIP also allows for the issuance of restricted stock awards. Restricted stock awards are focused on retention and long-term commitment of executives. Restricted stock awards are granted to officers and certain other employees. Shares of restricted stock are granted once a year as recommended by the Committee to the independent directors of the full Board of Directors in November following the end of the prior fiscal year. Shares of restricted stock are considered issued and outstanding with respect to which executives may vote and may receive dividends paid in the ordinary course to other Royal Gold stockholders. Dividends are calculated at the same rate as paid to other stockholders. Royal Gold has paid a cash dividend on its common stock for each fiscal year beginning in fiscal year 2000. Royal Gold currently plans to pay a dividend on a calendar year basis, subject to the discretion of the Board of Directors.

Restricted stock awards vest in equal one-third increments beginning on the fourth anniversary of the restricted stock grant date, with full vesting six years from the date of grant. The Committee has determined that delaying the vesting of restricted stock awards until the fourth anniversary of the grant date improves the retention value of the awards and provides a balance against stock option awards that vest beginning on the first anniversary of the grant.

Performance Awards

The Company also grants performance awards under the LTIP. Performance awards, which are also referred to as performance shares in this Proxy Statement, are intended to provide significant incentive to obtain long-term, non-dilutive growth performance. The portion of each executive officer's total compensation in the form of performance shares varies for each officer. In awarding performance shares to any executive officer, the Committee considers the executive officer's responsibilities with the Company and the executive officer's ability to influence or meet the performance objectives. Performance shares granted in fiscal year 2007 can only be earned if either one of two defined multi-year performance goals are met within five years of the date of grant. If the performance goals are not earned by the end of the five year period, the performance shares will be forfeited. Performance shares granted in fiscal 2007 may vest upon meeting one of two defined performance goals: (1) growth of free cash flow per share on a trailing twelve month basis; and (2) growth of royalty ounces in reserve per share on an annual basis. The Committee believes that free cash flow per share is an excellent indicator of the Company's financial health and growth. The Committee strives to establish performance goals that are challenging to meet and would provide significant stockholder value, if achieved. Performance shares may vest in 25% increments upon meeting 25%, 50%, 75% and 100% of performance goals. The Committee retains discretion to make adjustments for unusual or non-recurring items. No such adjustments have been made during fiscal year 2007. Based on Royal Gold's recent royalty acquisitions, and in accordance with SFAS 123R, management determined that as of June 30, 2007 it is probable that the performance shares granted in fiscal year 2007 will be vested during fiscal year 2008.

Performance shares are not considered issued and outstanding shares with respect to which executives may vote or receive dividends. Performance shares are settled with shares of the Company's common stock when they vest.

Benefit Programs

Benefit programs for the executive officers are generally common in design and purpose to those for the broad-base of employees in the United States. The Company also maintains a Simplified Employee Pension Plan, known as a Salary Reduction/Simplified Employee Pension Plan (SARSEP Plan) in which all employees are eligible to participate. This plan was chosen because of regulatory compliance simplicity, avoidance of significant administrative expense, availability of substantial tax-advantaged investment opportunities, and relative freedom from significant vesting or other limitations. The SARSEP Plan allows employees to reduce their pre-tax salary and to put this money into a tax

deferred investment plan. This is a voluntary plan. Individuals may make contributions of up to 25% of their aggregate annual salary and bonus or \$15,500 for calendar 2007. There is a \$5,000 catch-up provision allowed for individuals over the age of 50. The Company will match 100% of the individual's contribution, up to 7% of an individual's aggregate annual salary and bonus. Those that do not participate in the SARSEP Plan will receive a 3% employer contribution

Table of Contents

in accordance with the Plan. Total employee and employer contributions may not exceed the smaller of \$45,000 for calendar 2007 or 25% of aggregate annual salary and bonus for any individual.

Perquisites

The Company believes perquisites for executives should be extremely limited in scope and value and, therefore, generally does not provide perquisites or other special benefits to executive officers that are not available to all employees.

Executive Stock Ownership

Royal Gold has adopted a stock ownership program to encourage its executive officers to achieve and maintain a minimum investment in the Company's common stock at levels set by the Committee. The program provides incentives for these officers to focus on improving long-term shareholder value and linking the interest of management and stockholders. Royal Gold's executive stock ownership program requires all of the Company's executive officers to own a number of shares that is a multiple of base salary. Unexercised stock options, shares of restricted stock and unearned performance shares are not considered owned for purposes of the program. The multiple for the President and Chief Executive Officer is four times base salary, and the multiple for all other executive officers is two times base salary. There is no time frame in which the executive officers must meet ownership targets. The program requires each executive officer to hold an aggregate of fifty percent (50%) of the shares of stock acquired pursuant to any option grant, restricted stock grant, or performance share grant until such executive officer reaches his or her ownership target. This holding requirement is determined after liquidation of shares of stock required for tax withholdings. Mr. Dempsey and Ms. Gross have exceeded their stock ownership targets.

Post-Termination Compensation

The Company provides certain post-termination benefits pursuant to the terms of each of the employment agreements with Messrs. Dempsey, Kirchhoff, Wenger and Heissenbuttel and Ms. Gross. The Company does not provide pension or other retirement benefits apart from the SARSEP plan described above. Amounts payable pursuant to the employment agreements are described below under the heading Potential Payments upon Termination or Change of Control.

DIRECTORS' COMPENSATION

Royal Gold's compensation for non-employee directors is designed to link rewards to business results and stockholder returns. The Company does not have a retirement plan for non-employee directors. Executive officers who are also directors are not paid additional compensation for their services on the Board.

Table of Contents

The Compensation, Nominating and Corporate Governance Committee is responsible for evaluating and recommending to the independent members of the Board the compensation for non-employee directors. The independent members of the Board make final compensation decisions. As part of the Committee's engagement of Frederic W. Cook's services in August 2006 and July 2007 to evaluate Royal Gold's compensation package for executives, the Committee also asked Frederick W. Cook to evaluate the competitiveness of the compensation package for Royal Gold's non-employee directors. The studies reviewed annual cash retainers, fees for attending board and committee meetings, fees for committee membership, and an annualized present value of equity compensation. The August 2006 study and the July 2007 study found that compensation for non-employee directors was competitive with the benchmark peer group but some slight improvements should be considered.

Based on those studies and the increased business demands of the Company, the Board of Directors modified the non-employee directors' compensation as follows: annual retainer increased to \$20,000, meeting fees increased to \$1,000 per meeting attended either in person or via telephone, fee paid to the Chairman of the Audit Committee increased to \$6,000 per year, fee paid to the Chairman of the Compensation, Nominating and Corporate Governance Committee increased to \$4,000 per year, and committee meeting fees increased to \$750 per meeting attended either in person or via telephone. The Board of Directors also determined to cease awarding stock options to non-employee directors, but to increase annual grants of restricted stock from 1,250 shares to 2,500 shares. Half of these restricted shares will vest immediately upon grant and the other half will vest on the first anniversary of the grant date. A new policy was also implemented to require non-employee directors to own a minimum of 10,000 shares of the Company's common stock. There is no time frame in which the directors must meet these ownership targets. Messrs. Goth, Howell, Marcus, Stuckert and Worth have met the ownership target.

Cash Compensation

For fiscal year 2007, each non-employee director of the Company received an annual fee of \$15,000 for service as a director, and an additional \$700 for each Board of Directors' meeting attended, either in person or via telephone. The Chairman of the Audit Committee and the Chairman of the Compensation, Nominating and Corporate Governance Committee each received an annual fee of \$2,000 for their service as chairman of their respective committees, and each member of the Audit Committee and Compensation, Nominating and Corporate Governance Committee received \$500 for each meeting attended, either in person or via telephone.

Equity Compensation

Each non-employee director was granted non-qualified stock options and shares of restricted stock in November 2006. The exercise price of each option is based on the closing price of the Company's common stock on the NASDAQ Global Select Market on the date of grant. Options have a ten-year term. In fiscal year 2007, 2,500 stock options, at an exercise price of \$29.20 per share, and 1,250 shares of restricted stock were granted to each non-employee director. Half of the options and shares of restricted stock vested immediately upon grant and the remaining half of the options and shares of restricted stock will vest on the first anniversary of the grant date. Beginning in fiscal year 2008, the Company will no longer grant stock options to non-employee directors but will increase the amount of shares of restricted stock granted.

Expenses

Non-employee directors are reimbursed for all out-of-pocket expenses incurred in connection with the business and affairs of the Company.

PROPOSAL 2.

**ADOPTION OF AN AMENDMENT TO THE COMPANY'S CERTIFICATE OF INCORPORATION
INCREASING THE AUTHORIZED SHARES OF COMMON STOCK**

On August 23, 2007, the Board of Directors unanimously adopted a resolution approving, and recommending for shareholder approval, an amendment to the Company's Certificate of Incorporation increasing the authorized shares of common stock, par value \$.01 per share, to 100,000,000 shares. The Company's Certificate of Incorporation currently authorizes the Company to issue 40,000,000 shares of common stock. Such increase in the number of authorized shares of common stock would become effective by restating Article Fourth(a) of the Company's Certificate of Incorporation to read as follows:

FOURTH. (a) The total number of shares of stock which the corporation shall have authority to issue is 110,000,000 shares, consisting of (i) 100,000,000 shares of common stock, each share having a par value of \$.01 and (ii) 10,000,000 shares of preferred stock, each share having a par value of \$.01.

If approved by the stockholders of the Company, the proposed amendment will become effective when it is filed with the Delaware Secretary of State.

The increase in authorized shares of common stock is recommended by the Board of Directors to provide a sufficient reserve of such shares for the present and future needs of the Company. The Board of Directors believes that the availability of additional shares of Common Stock for possible issuance in connection with future acquisitions of properties or businesses, or for future financing needs is necessary for the continued expansion of the Company's business through acquisitions of properties or businesses. This increase could save the Company the expense and delay of having to hold a special shareholders' meeting when a specific need arises. These shares of authorized common stock would be available for issuance in the future, from time to time, by action of the Board of Directors without further shareholder approval, unless otherwise required by applicable law or the listing requirements of the NASDAQ Stock Market and for such consideration as our Board of Directors may determine and as may be permitted by applicable law.

Royal Gold is engaged in the business of acquiring and managing precious metals royalties. As part of its announced business model to make acquisitions, Royal Gold has used common stock to raise the financing for acquisitions and as consideration in acquisition transactions. Royal Gold continually has several acquisition opportunities under active review at any one time. Royal Gold currently has acquisition opportunities in various stages of active review, including, for example, engagement of consultants and advisors to analyze particular opportunities, analysis of technical, financial and other confidential information, submission of indications of interest and participation in preliminary discussions. Royal Gold could enter into one or more acquisition transactions in which it may issue shares of its common stock at any time. Except in connection with employee benefits, equity incentive plans and pursuant to the Amended and Restated Agreement and Plan of Merger with Battle Mountain Gold Exploration Corp., the Company's management has no agreements, arrangements or understandings, at the current time, to issue additional shares of common stock for any purposes.

The additional shares of common stock would be identical to the shares of common stock now authorized and outstanding, and this proposal would not affect the rights of holders of common stock. Any issuances of additional shares of common stock, however, could adversely affect the existing holders of shares of common stock by diluting their ownership, voting power and earnings per share with respect to such shares. The holders of the Company's common stock do not have pre-emptive rights to purchase any shares of authorized capital stock of the Company.

The proposed increase in the number of shares of common stock the Company is authorized to issue is not intended to inhibit a change in control of the Company, and the Company does not intend to use such additional shares for anti-takeover purposes. However, the availability for issuance of additional shares of common stock could discourage, or make more difficult, efforts to obtain control of the Company. The Board of Directors is not currently aware of any attempt to take over or acquire the Company.

Vote Required for Approval. The affirmative vote of a majority of the shares that are represented and entitled to vote at a meeting at which a quorum is present is required to adopt the proposed amendment to the Certificate of Incorporation.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE PROPOSAL TO ADOPT AN AMENDMENT TO THE COMPANY S CERTIFICATE OF INCORPORATION INCREASING THE AUTHORIZED SHARES OF COMMON STOCK.

Audit Committee Report

The Company's Audit Committee is comprised of three members who are independent within the meaning of such term under Rule 4200(a)(15) of the NASD listing standards and the meaning of such term under the Sarbanes-Oxley Act of 2002 and regulations promulgated under the Act. Each member of the Audit Committee is able to read and understand fundamental financial statements and at least one member has past employment experience in finance or accounting or other comparable experience. The Audit Committee actively oversees the Company's financial condition and results of operations. The main function of the Audit Committee is to ensure that effective accounting policies are implemented and that internal controls are put in place in order to deter fraud, anticipate financial risks and promote accurate, high quality and timely disclosure of financial and other material information to the public markets, the Board of Directors and the stockholders. The Audit Committee also reviews and recommends to the Board of Directors the approval of the annual financial statements and provides a forum, independent of management, where the Company's independent registered public accounting firm can communicate any issues of concern.

The independent members of the Audit Committee believe that the present composition of the Committee accomplishes all of the necessary goals and functions of an audit committee as recommended by the Blue Ribbon Committee on Improving the Effectiveness of Corporate Audit Committees and adopted by the U.S. stock exchanges and the Securities and Exchange Commission. The Board of Directors has adopted an amended and restated charter for the Audit Committee. The Audit Committee Charter is available on the Company's web site at www.royalgold.com. The amended Charter specifies the scope of the Audit Committee's responsibilities and how it should carry out those responsibilities.

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended June 30, 2007, with the Company's management. The Audit Committee has discussed with PricewaterhouseCoopers LLP, the Company's independent registered public accountants, the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as amended by Statement on Auditing Standards No. 90 (Audit Committee Communications). The Audit Committee has also received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and the Audit Committee has discussed the independence of PricewaterhouseCoopers LLP with the Company.

Based on the review and discussions with the Company's auditors, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2007, for filing with the U.S. Securities and Exchange Commission.

Pre-Approval Policies and Procedures

The policy provides for pre-approval by the Audit Committee of specifically defined audit and non-audit services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent auditor is engaged to perform it. The Audit Committee has delegated to the Chairman of the Audit Committee authority to approve certain permitted services, provided that the Chairman reports any such decisions to the Audit Committee at its next scheduled meeting. The Audit Committee pre-approved all of the services described above for the Company's 2007 fiscal year.
