Information Regarding the Audit Committee

The audit committee of the Board currently has three members, Messrs. Penner, Richard and Wyzga. Our Audit Committee has the authority to retain and terminate the services of our independent accountants, reviews annual financial statements, considers matters relating to accounting policy and internal controls and reviews the scope of annual audits. Nasdaq rules require that all members of the audit committee be independent directors, as defined by the rules of the Nasdaq and the SEC, as such standards apply specifically to members of audit committees. The Nasdaq rules also permit a company, such as us, listing on the Nasdaq National Market in connection with its initial public offering to have only one member of the audit committee comply with the independence requirements on the date of listing, provided that a majority of the members satisfy the requirements within 90 days after listing and all of the members satisfy the requirements within one year after listing. Currently, our Board of Directors has determined that Messrs. Penner and Wyzga satisfy the independence requirements for service on the audit committee, and we are seeking one additional independent director to join the audit committee prior to the end of the one year phase-in period referenced above. The Board has determined that Mr. Wyzga is an audit committee financial expert, as the Securities and Exchange Commission has defined that term in Item 401 of Regulation S-K.

Stockholder Recommendations for Nominations of Director

Our Nominating and Governance Committee currently has three members, Ms. Brum, Mr. Hen and Dr. Navia. This committee's role is to make recommendations to the full Board as to the size and composition of the Board and its committees, and to evaluate and make recommendations as to potential candidates. Currently, our board of directors has determined that Ms. Brum, Mr. Hen and Dr. Navia satisfy the Nasdaq independence requirements for service on the Nominating and Governance Committee. The Nominating and Governance Committee may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the Nominating and Governance Committee may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, knowledge of the industry in which we operate, possible conflicts of interest, diversity, the extent

Table of Contents

to which the candidate would fill a present need on the Board, and concern for the long-term interests of the stockholders. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a stockholder wishes to nominate a candidate to be considered for election as a director using the procedures set forth in the Company's Bylaws, it must follow the procedures described in Notice of Stockholder Business and Nominations. If a stockholder, who meets the minimum percentage ownership requirements that the Board may establish from time to time, wishes simply to propose a candidate for consideration as a nominee by the Nominating and Governance Committee, the stockholder should submit the recommendation to the Nominating and Governance Committee in writing, by mail, courier or personal delivery. A nominating recommendation must be accompanied by:

the name, address, including telephone number of the recommending stockholder;

the number of the Company's shares owned by the recommending stockholder and the time period for which such shares have been held;

if the recommending stockholder is not a stockholder of record, a statement from the record holder of the shares (usually a broker or bank) verifying the holdings of the stockholder and a statement from the recommending stockholder of the length of time that the shares have been held. Alternatively, the stockholder may furnish a current Schedule 13D, Schedule 13G, Form 3, Form 4 or Form 5 filed with the Securities and Exchange Commission reflecting the holdings of the stockholder, together with a statement of the length of time that the shares have been held; and

a statement from the stockholder as to whether the stockholder has a good faith intention to continue to hold the reported shares through the date of the Company's next annual meeting of stockholders.

A copy of the Nominating and Governance Committee's written charter is publicly available on the Company's website at www.altus.com.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires Altus' directors and executive officers, and persons who own more than ten percent of a registered class of Altus' equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of Altus. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish Altus with copies of all Section 16(a) forms they file.

Our records reflect that all reports required to be filed pursuant to Section 16(a) of the Exchange Act by our executive officers and directors have been filed on a timely basis.

The text of the code of conduct and ethics is posted on our website at www.altus.com and will be made available to stockholders without charge, upon request, in writing to the Corporate Secretary at 125 Sidney Street, Cambridge, MA 02139. Table of Contents

- (1) The options were granted pursuant to our 2002 Employee, Director and Consultant Stock Plan, which was amended and restated upon the completion of our initial public offering on January 26, 2006. Other than the options granted to Sheldon Berkle, the options granted to the above named executive officers are immediately exercisable for restricted stock, subject to a repurchase right. The options vest or alternatively the repurchase rights on any restricted stock lapse quarterly over a four-year period from the date of grant. The type and vesting schedule of Mr. Berkle's options is included in the description of his employment agreement below.

(2) Options were granted with an exercise price per share equal to the fair market value of our common stock on the date of grant, as determined by our board of directors. The potential realizable value is based on the assumption that our common stock appreciates at the annual rate shown, compounded annually, from the date of grant until the expiration of the ten-year term of the option. These numbers are calculated based on SEC requirements and do not reflect projections or estimates of future stock price growth. Potential realizable values are computed by:

 multiplying the number of shares of common stock underlying each option by \$15.00 per share, which was our initial public offering price per share;

 assuming that the total stock value derived from that calculation compounds at the annual 5% or 10% rate shown in the table for the entire ten-year term of the option; and

 subtracting from that result the total option exercise price.

Actual gains, if any, on stock option exercises will be dependent on the future performance of the common stock. The percentage of total options granted is based on an aggregate of 1,512,428 options granted by us to our

employees in 2005, including the executive officers listed in the table above.

- (3) At December 31, 2005, Mr. Williams was no longer employed by the company. As a result, 115,161 of his unvested options were cancelled in December 2005 and 26,574 vested options remain exercisable until September 30, 2006.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table shows information regarding exercises of options to purchase our common stock by each executive officer named in the Summary Compensation Table during the fiscal year ended December 31, 2005. The table also shows the aggregate value of options held by each executive officer named in the Summary Compensation Table as of December 31, 2005. Because there was no public trading market for the common stock as of December 31, 2005, the value realized upon the exercise of options and the value of the unexercised in-the-money options at year-end have been calculated using our initial public offering price of \$15.00 per share minus the applicable per share exercise price.

Name	Shares Acquired on Exercise	Value Realized (1)	Number of Securities Underlying Unexercised Options at Fiscal Year-End		Value of the Unexercised In-The-Money Options at Fiscal Year-End	
			Exercisable(2)	Unexercisable	Exercisable	Unexercisable
Sheldon Berkle		\$	490,434	76,509	\$ 5,434,000	\$ 847,720
Don G. Burstyn		\$	159,180		\$ 1,763,714	
Robert Gallotto		\$	141,735		\$ 1,519,398	
Jonathan I. Lieber		\$	185,346		\$ 2,053,634	
Alexey L. Margolin, Ph.D.	13,083	\$ 45,006	195,158		\$ 2,107,892	
Martin D. Williams		\$	26,574		\$ 294,440	

- (1) Amounts shown in this column do not necessarily represent actual value realized from the sale of the shares acquired upon exercise of the option because in many cases the shares are not sold on exercise but continue to be

held by the executive officer exercising the option. The amounts shown represent the difference between the option exercise price and the market price on the date of exercise, which is the amount that would have been realized if the shares had been sold immediately upon exercise.

- (2) All of these options may be exercised immediately for shares of restricted stock, which are subject to a repurchase right by us that lapses on the same vesting schedule as the options.

Peter L. Lanciano. We have an agreement with Peter L. Lanciano, our director and former Chairman of the Board, President and Chief Executive Officer. Pursuant to the agreement, effective October 29, 2004, Mr. Lanciano resigned from his positions as our Chairman of the Board, President and Chief Executive Officer, as well as from all committees of our board of directors, and was appointed Vice-Chairman of our board of directors. Pursuant to the agreement, Mr. Lanciano provided management transition and support services through October 31, 2005. In consideration for his services, Mr. Lanciano received payments at a rate equal to his most recent monthly base salary in effect prior to October 29, 2004; received a bonus in 2004 in the amount of \$95,000; benefited from a continuation of vesting of his stock options during the service term; and during the service term, participated in our medical insurance plans at our cost. In 2005, Mr. Lanciano earned \$283,000, under this agreement. In November 2005, we amended Mr. Lanciano's agreement to permit him to exercise any of his stock options that had vested as of October 31, 2005 until the earlier of three months after he ceases to be a member of our board of directors or December 31, 2006. In addition, Mr. Lanciano resigned as Vice Chairman of the Board effective October 31, 2005 but remains a member of our board of directors.

Manuel A. Navia, Ph.D. In 2003, we entered into a consulting agreement with Dr. Navia, pursuant to which Dr. Navia, as a scientific founder of ours, agreed to consult with our scientists, provide direction with respect to grant funding and develop relationships with potential industry partners. In 2004, we paid Dr. Navia \$20,938 pursuant to this agreement. Dr. Navia no longer provides such services to us.

John P. Richard. From October 2004 to June 2005, we had an arrangement with Mr. Richard, the chairman of our board of directors, to provide management oversight services during our search for a chief executive officer. For such services, we granted him options to purchase 30,530 shares of our common stock and paid him \$66,000 in fees and \$53,250 as a bonus in 2005. All options granted to Mr. Richard under this arrangement have an exercise price of \$3.92 per share, a ten-year term and were fully vested as of the date of grant.

Pursuant to our 2002 Stock Plan, in the event of a merger or other reorganization event of the Company that also constitutes a change of control of the Company, as defined in the plan, all options issued to directors, whether or not employees, will become exercisable in full immediately prior to such event.

Employment, Severance and Change of Control Agreements

Sheldon Berkle. We entered into an employment agreement with Sheldon Berkle, our President, Chief Executive Officer and a director in May 2005. Pursuant to the agreement, Mr. Berkle receives an annualized base salary of \$400,000 and has an opportunity to earn an annual performance bonus of up to 50% of his salary, based on achievement of a series of personal and corporate objectives that our board of directors and Mr. Berkle define annually. Mr. Berkle also received a signing bonus of \$153,500. Such bonus replaced a loan from us to Mr. Berkle in the amount of \$150,000 at the commencement of his employment, which loan was repaid prior to the filing of the registration statement relating to our initial public offering. He will be required to repay \$150,000 of the bonus amount in the event that he voluntarily terminates his employment or is terminated for cause prior to May 9, 2006, or \$75,000 of the bonus amount in the event that he voluntarily terminates his employment or is terminated for cause after May 9, 2006 and before May 9, 2007, in each case less the amount of taxes he incurred in connection with his receipt of such portion of the bonus. Pursuant to the employment agreement, Mr. Berkle will be entitled to 12 months severance at a rate equal to his then-current base salary in the event that we terminate his employment without cause or he resigns for good reason, or if he resigns for good reason within six months after a change in control, as defined in our 2002 Stock Plan. We have agreed, in these circumstances, to assume payments under Mr. Berkle's house and automobile leases in the Boston area for the 12-month severance period, or, if shorter, until the expiration of the respective terms of the leases, up to an aggregate of \$25,000. Upon appointment as our President and Chief Executive Officer, Mr. Berkle received options to purchase 566,943 shares of our common stock at an exercise price of \$3.92 per share. One quarter of the options will vest on the first anniversary of his employment, with the balance vesting monthly for three additional years. Of the 566,943 options, options to purchase 490,434 shares are immediately exercisable for shares of restricted stock, which are subject to a repurchase right by us that lapses based on the same vesting schedule as the options.

Executive Retention Arrangements. Commencing on May 9, 2005 and for a period of one year thereafter, if we terminate the employment of any of our executive officers, other than Mr. Klement, without cause, we will either provide the officer with six months' notice, or pay the officer his base salary and medical benefits for a period of six months following notice of termination.

Acceleration of Vesting of Stock Options Upon a Change of Control. Pursuant to our 2002 Stock Plan, in the event a merger or other reorganization event also constitutes a change of control, all options issued to directors, whether or not employees, shall become exercisable in full immediately prior to such event.

Pursuant to the stock option agreements of our executive officers, in the event that within one year after the date of a change in control, as defined in our 2002 Stock Plan,

the executive officer is terminated for any reason other than cause, as defined in our 2002 Stock Plan, or

the executive officer, as a condition to his remaining an employee, is required to relocate at least 50 miles from his or her current location of employment, or

there occurs a material adverse change in the executive officer's duties, authority or responsibilities which causes his position with us to become of significantly less responsibility or authority than his position was immediately prior to the change in control, or

there occurs a material reduction in the executive officer's base salary from the base salary received immediately prior to the change in control,

the executive officer's options will be fully vested and immediately exercisable as of the date of his last day of employment, unless the options have otherwise expired or been terminated pursuant to their terms or the terms of our 2002 Stock Plan.

Compensation Committee Interlocks and Insider Participation

Compensation Committee Interlocks and Insider Participation. The members of our Compensation Committee during 2005 were Messrs. Aldrich and Hen and Drs. Navia and Root. No member of our compensation committee has at any time been an employee of ours. None of our executive officers serves or served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our board of directors or compensation committee.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of March 31, 2006 for (a) the executive officers named in the Summary Compensation Table, (b) each of our directors, (c) all of our current directors and executive officers as a group and (d) each stockholder known by us to own beneficially more than 5% of our common stock. Beneficial ownership is determined in accordance with the rules of the SEC and includes voting or investment power with respect to the securities. We deem shares of common stock that may be acquired by an individual or group within 60 days of March 31, 2006 pursuant to the exercise of options or warrants to be outstanding for the purpose of computing the percentage ownership of such individual or group, but are not deemed to be outstanding for the purpose of computing the percentage ownership of any other person shown in the table. Except as indicated in footnotes to this table, we believe that the stockholders named in this table have sole voting and investment power with respect to all shares of common stock shown to be beneficially owned by them based on information provided to us by these stockholders. Percentage of ownership is based on 22,145,794 shares of common stock outstanding on March 31, 2006.

Summary Description of the Company's Stockholder Approved Equity Compensation Plans
1993 Stock Option Plan

We have terminated our 1993 Stock Option Plan, under which options to purchase 354,186 shares of common stock remained outstanding as of December 31, 2005. Although no more options may be granted under the plan, the terms of the plan continue to apply to all outstanding options. Our Board of Directors or any committee to which the Board of Directors delegates authority may, with the consent of the affected plan participants, amend outstanding awards consistent with the terms of the plan.

Amended and Restated 2002 Employee, Director and Consultant Stock Plan

Our 2002 Employee, Director and Consultant Stock Plan, or 2002 Stock Plan, initially was adopted by our Board of Directors in February 2002 and approved by our stockholders in January 2003. In January 2006, our Board of Directors adopted and our stockholders approved an amended and restated form of our 2002 Stock Plan. Our 2002 Stock Plan, as amended and restated, became effective upon the completion of our initial public offering and will expire on January 5, 2016. Under this plan, we may grant incentive stock options, nonqualified stock options, restricted and unrestricted stock awards and other stock-based awards. The number of shares of common stock authorized for issuance under this plan equals the sum of (1) 4,199,651 shares of our common stock plus (2) any shares of our common stock that are represented by awards granted under our 1993 Stock Option Plan that are forfeited, expire or are cancelled without delivery of shares or which result in the forfeiture of shares

of our common stock back to us on or after December 31, 2005; provided, however, that no more than 354,186 shares shall be added to the plan pursuant to clause (2) above.

In addition, our plan contains an evergreen provision, which allows for an annual increase in the number of shares available for issuance under the plan on the first day of each fiscal year during the period beginning on the first day of fiscal year 2007, and ending on the second day of fiscal year 2015. The annual increase in the number of shares shall be equal to the lowest of:

1,500,000 shares;

3% of the number of shares of our common stock outstanding on a fully diluted basis as of the close of business on the immediately preceding day, which is calculated by adding to the number of shares of common stock outstanding, the number of shares of common stock issuable upon conversion or exercise of any convertible securities; and

an amount determined by our Board of Directors.

The Board of Directors has authorized our Compensation Committee to administer our plan. In accordance with the provisions of the plan, the Compensation Committee will determine the terms of options and other awards, including:

the determination of which employees, directors and consultants shall be granted options and other awards;

the number of shares subject to options and other awards;

the exercise price of each option which generally shall not be less than fair market value on the date of grant;

the schedule upon which options become exercisable;

the termination or cancellation provisions applicable to options;

the terms and conditions of other awards, including conditions for repurchase, termination or cancellation, issue price and repurchase price; and

all other terms and conditions upon which each award may be granted in accordance with our plan.

No participant may receive awards for more than 560,000 shares of common stock in any fiscal year.

In addition, our Board of Directors or any committee to which the Board of Directors delegates authority may, with the consent of the affected plan participants, reprice or otherwise amend outstanding awards consistent with the terms of our plan.

Upon a merger or other reorganization event, our Board of Directors, or the board of directors of any corporation assuming our obligations, may, in its sole discretion, take any one or more of the following actions pursuant to our plan, as to some or all outstanding awards:

provide that outstanding options shall be assumed or substituted by the successor corporation;

terminate unexercised outstanding options immediately prior to the consummation of such transaction unless exercised by the optionee;

make or provide for a cash payment to the participants equal to the difference between the merger price times the number of shares of our common stock subject to such outstanding options, to the extent then exercisable at prices not in excess of the merger price, and the aggregate exercise price of all such outstanding options, in exchange for the termination of such options;

provide that all or any outstanding options shall become exercisable in full immediately prior to such event;
and

provide that outstanding awards shall be assumed or substituted by the successor corporation, become realizable or deliverable, or restrictions applicable to an award will lapse, in whole or in part, prior to or upon the merger or reorganization event.

Pursuant to the stock plan, in the event a merger or other reorganization event also constitutes a change of control, all options issued to directors, whether or not employees, shall become exercisable in full immediately prior to such event.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-audit Services of Independent Auditors

Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent auditor. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor.

Prior to engagement of the independent auditor for the next year's audit, management will submit an aggregate estimate of services expected to be rendered during that year for each of four categories of services to the Audit Committee for approval.

1. **Audit** services include audit work performed in the preparation of financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial accounting and/or reporting standards.

2. **Audit-Related** services are for assurance and related services that are traditionally performed by the independent auditor, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

3. **Tax** services include all services performed by the independent auditor's tax personnel except those services specifically related to the audit of the financial statements, and includes fees in the areas of tax compliance, tax planning, and tax advice.

4. **Other Fees** are those associated with services not captured in the other categories. The Company generally does not request such services from the independent auditor.

Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent auditor and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.
