NOTE 1. BASIS OF PRESENTATION

Company Description and Nature of Operations

The accompanying unaudited interim consolidated financial statements have been prepared by US Industrial Services, Inc. (the "Company"), in accordance with generally accepted accounting principles pursuant to Regulation S-B of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in audited financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. Accordingly, these interim consolidated financial statements should be read in conjunction with the Company's consolidated financial statements and related notes as contained in Form 10-KSB for the year ended September 30, 2000. In the opinion of management, the interim consolidated financial statements reflect all adjustments, including normal recurring adjustments, necessary for fair presentation of the interim periods presented. The results of operations for the three months ended December 31, 2000 are not necessarily indicative of results of operations to be expected for the full year.

U.S. Industrial Services, Inc., including its wholly owned subsidiaries (the "Company" or "USIS"), has been a multi-state service company, specializing in industrial cleaning services, including soil and groundwater remediation, hazardous material management and clean-up, asbestos abatement and lead hazard removal services. The Company was a majority-owned subsidiary of American Eco Corporation ("AEC") through July 21, 2000 at which time control was obtained by Deere Park Capital, L.L.C. ("Deere Park"). Deere Park acquired approximately 81.9% of the Company's common stock. On December 21, 2000 Deere Park sold 50% of

Edgar Filing: U S INDUSTRIAL SERVICES INC - Form 10QSB

its interest to an individual and currently the Company is not a majority owned subsidiary of any entity. As noted below, the Company sold substantially all of its operating assets as of September 29, 2000.

As of September 29, 2000 the Company sold its holdings in P.W. Stephens Environmental, Inc. ("PWSE"), P. W. Stephens Contracts, Inc. ("PWSC"), P. W. Stephens Services, Inc. ("PWSS") and P.W. Stephens Northwest, Inc. ("PWSN") to Spruce MacIntyre Holding Corp. ("Spruce"). The Company also assigned to Spruce its interest in a note receivable from American Temporary Sanitation Inc., with a face value of \$1,220. Total consideration for the sale and assignment is \$1,650. The assets sold comprise substantially all of the Company's operating assets and liabilities and operations for the year ended September 30, 2000.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. All significant intercompany transactions and balances have been eliminated in consolidation.

Net Income Per Share Information

The net income per share amounts have been computed by dividing net income by the weighted average number of common shares outstanding during the respective periods.

In February 1997, the Financial Accounting Standards Board issued Statement No. 128, "Earnings Per Share", which was required to be adopted on December 31, 1997. Statement No. 128 replaced the previously reported primary and fully diluted earnings per share with basic and diluted earnings per share. Unlike primary earnings per share, basic earnings per share excludes any dilutive effects of options, warrants, and convertible securities. Diluted earnings per share is consistent with the previously reported fully diluted earnings per share. All earnings per share amounts for all periods have been presented, and where necessary, restated to conform to the Statement No. 128 requirements.

Reclassifications

Certain reclassifications have been made to prior period financial statements to conform with the current year presentation.

NOTE 2. DISCONTINUED OPERATIONS AND DISPOSITIONS

During the first quarter of fiscal year 1999, the Company sold the assets and liabilities of J. L. Manta, Inc. and Kenny Industrial Services, L.L.C. The results of operations for the respective periods presented are reported as a component of discontinued operations in the consolidated statement of operations. There were no sales from these operations and earnings of only \$8 for the period December 31, 1999. As of September 29, 2000, the Company sold its holdings in PWSE, PWSC, PWSS and PWSN to Spruce.

NOTE 3. LITIGATION, COMMITMENTS AND CONTINGENCIES

Edgar Filing: U S INDUSTRIAL SERVICES INC - Form 10QSB

The nature and scope of the Company's business operations bring it into regular contact with the general public, a variety of businesses and government agencies. These activities inherently subject the Company to potential litigation, which are defended in the normal course of business. At December 31, 2000, there were various claims and disputes incidental to the business. The Company believes that the disposition of all such claims and disputes, individually or in the aggregate, should not have a material adverse affect upon the Company's financial position, results of operations or cash flows. As of December 31, 2000, the Company had not been named as a responsible party for any environmental issues under the Federal Superfund Law.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

OVERVIEW

As of September 29, 2000 the Company sold its holdings in P.W. Stephens Environmental, Inc. ("PWSE"), P. W. Stephens Contracts, Inc. ("PWSC"), P. W. Stephens Services, Inc. ("PWSS") and P.W. Stephens Northwest, Inc. ("PWSN") to Spruce MacIntyre Holding Corp. ("Spruce"). The Company also assigned to Spruce its interest in a note receivable from American Temporary Sanitation Inc., with a face value of \$1,220. Total consideration for the sale and assignment was \$1,650,000. The assets sold comprised substantially all of the Company's operating assets and liabilities and operations for the fiscal year ended September 30, 2000. With the sale of PWSE, PWSC, PWSS and PWSN the Company has successfully disposed of its industrial service and environmental companies. Current management is in the process of reviewing several acquisition candidates, with the intent of increasing shareholder value.

RESULTS OF OPERATIONS

General

The results of operations for the three months ended December 31, 2000 are not necessarily indicative of results of operations to be expected for the fiscal year ended December 31, 2001.

Revenue

As of September 29, 2000, the Company sold its holdings in PWSE, PWSC, PWSS and PWSN to Spruce. The assets sold comprised substantially all of the Company's operating assets and liabilities and operations. Accordingly, the Company had no revenues for the period and a comparison of the Company's revenues during the three-months ended December 31, 2000 with the comparable period in 1999 would not provide information useful in an evaluation of the Company.

Selling, General and Administrative Expenses

As a result of the Company's sale of its holdings in PWSE, PWSC, PWSS and PWSN to Spruce as of September 30, 2000, the Company's selling, general and administrative expenses decreased dramatically, from \$826,000 for the three months ended December 31, 1999 to only \$157,000 for the comparable period in 2000.

Net Earnings (Loss)

Although the Company's net loss in the three months ended December 31, 2000 was 229% less than its net loss in the three months ended December 31, 1999, these results are not useful in an evaluation of the Company since the loss in 1999 was based on the Company's operations. Prior to the start of the period in 2000, on the other hand, the Company had sold substantially all of its operating assets and liabilities and operations. Therefore, the net loss resulted from

Edgar Filing: U S INDUSTRIAL SERVICES INC - Form 10QSB

continuing administrative expenses without any offsetting revenue.

Liquidity and Capital Resources

The Company believes that the proceeds from the sale of assets and the financing arrangements the Company currently has in place will be sufficient throughout the next twelve months to finance its working capital needs, planned capital expenditures, debt service and the outstanding obligations from the Company's discontinued operations. Implementation of the Company's strategic plan of expanding its operation may require additional capital.

RISKS ASSOCIATED WITH FORWARD-LOOKING STATEMENT INCLUDED IN THIS FORM 10-QSB

This Form 10-QSB contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, which are intended to be covered by the safe harbors created thereby. These statements include the plans and objectives of management for future operations, including plans and objectives relating to future growth of the Company's business activities and availability of funds. The forward-looking statements included herein are based on current expectations that involve numerous risks and uncertainties. Assumptions relating to the foregoing involve judgments with respect to, among other things, future economic, competitive and market conditions, regulatory framework, and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the Company. Although the Company believes that the assumptions underlying the forward-looking statements are reasonable, any of the assumptions could be inaccurate and, therefore, there can be no assurance that the forward-looking statements included in this Form 10-QSB will prove to be accurate. In light of the significant uncertainties inherent in the forward-looking statements included herein, the inclusion of such information should not be regarded as a representation by the Company or any other person that the objectives and plans of the Company will be achieved.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

The nature and scope of the Company's business operations bring it into regular contact with the general public, a variety of businesses and government agencies. These activities inherently subject the Company to potential litigation, which is defended in the normal course of business. Management believes that such proceedings are either adequately covered by insurance, or if uninsured, by the estimated losses it has recorded to date. The resolution of such claims, however, could have a material effect on the Company's results of operations or cash flows.

ITEM 2. CHANGES IN SECURITIES.

(a) Not applicable.

(b) Not applicable.

(c) As of October 3, 2000, the Company issued 50,000 shares of Common Stock to R. Andrew White ("White") and 25,000 shares of Common Stock to the law firm of Brown, Parker & Leahy ("BPL") in consideration for the release by White and BPL of the Company and its subsidiaries, affiliates, agents, servants, employees, officers, directors, shareholders, successors and assigns (collectively, "the Company Releases") from any and all claims, causes of action, contracts, judgments, damages and demands against the Company

Edgar Filing: U S INDUSTRIAL SERVICES INC - Form 10QSB

Releasees for acts or omissions which occurred prior to October 3, 2000. The Company entered into a Settlement Agreement with White and BPL with respect to this transaction dated as of October 3, 2000. The Company believes that the issuance of these shares was exempt from registration under the Securities Act of 1933 pursuant to Section 4(2) thereof, based on the fact that the sale did not involve a public offering of the Company's securities.
