We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. BANCO POPULAR DE PUERTO RICO SAVINGS AND STOCK PLAN
(FORMERLY "BANCO POPULAR DE PUERTO RICO EMPLOYEES' STOCK PLAN (PUERTO RICO)")
NOTES TO FINANCIAL STATEMENTS
DECEMBER 30, 2001 AND 2000

1. DESCRIPTION OF PLAN

The following description of the Banco Popular de Puerto Rico Savings and Stock Plan (the "Plan"), formerly the "Banco Popular de Puerto Rico Employees Stock Plan (Puerto Rico)", provides only general information. Participants should refer to the Plan agreement for a more complete description of its provisions.

General

The Plan is a defined contribution plan created for the purpose of providing employees with a tax advantaged approach for saving money for retirement. The Plan provides the participants the ability to acquire investments in mutual funds as well as share in the Bank's (the "Bank") future through the purchase of Popular, Inc. (holding company of the Bank) common stock. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA") and covers substantially all employees of the Bank who have three months of service, are age eighteen or older, and are residents of the Commonwealth of Puerto Rico. The Plan was amended and restated as of February 1, 2001 to provide participant increased benefits and a more favorable vesting schedule.

Participants' Contributions

Plan participants may authorize the Bank to make pre-tax and after-tax payroll deductions under the Plan up to 10% of their monthly compensation, which includes basic salary before overtime, commissions, bonuses and any other special compensation. At no time may a participant's contribution exceed the lesser of 10% of compensation, as defined, or \$8,000. As per plan provisions, participants contributions made up to January 31, 2001 and which have been invested in the Popular, Inc. common stock remain invested in such option until the participant has attained 50 years of age and has completed 10 years of service.

Employer's Contributions

The Bank makes two types of contributions: a) based on the Bank's profitability and b) a matching contribution on basic salary for those who elect to contribute and invest on Popular Inc. common stock. The Plan sponsor contributes to the plan on behalf of each participant, a matching contribution equal to 50% of each participant's pre-tax contributions invested in Popular, Inc. common stock. After tax contributions and those participant's pretax contribution that are not invested in Popular, Inc. common stock shall not be matched by the sponsor. A participant's share of any Plan Sponsor contribution, is to be invested solely in the Popular, Inc. common stock until such time as he/she has attained 50 years of age and has completed 10 years of service. At this time, a participant shall have full discretionary

Edgar Filing: POPULAR INC - Form 11-K

investment powers of his/her account, including future plan sponsor contributions.

Participants' Accounts

Each participant account is credited with the participant's contribution and allocations of (a) the Bank's matching and profit sharing contribution, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. Any dividends that are paid by Popular, Inc. and mutual fund shares are reinvested in additional shares. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contribution plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions plus actual earnings thereon is based on years of service. The Company's contribution vest in accordance with the following schedule:

Less than 1	0
At least 1	20
At least 2	40
At least 3	60
At least 4	80
5 or more	100

Payment of Benefits

Participants receive the vested portion of their individual accounts when employment with the Bank ends. In service withdrawals are permitted, but limited to after-tax contributions in the participants account. Minimum withdrawal amount is \$1,000. On termination of service due to disability or retirement, a participant may elect to receive an amount equal to the value of the vested interest in his or her account as a lump sum distribution in cash, shares of Popular, Inc. common stock, if applicable, or a combination of both. In the case of participant termination because of death, the entire vested amount is paid to the person or persons legally entitled thereto.

The Puerto Rico Internal Revenue Code Section 1165 (b) requires that a 20% tax be withheld from termination payments in excess of after-tax participant contribution, if any.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
