**PROXY STATEMENT FOR ANNUAL MEETING  
OF SHAREHOLDERS TO BE HELD OCTOBER 5, 2006**

The information set forth in this proxy statement is furnished in connection with the Annual Meeting of Shareholders of Cal-Maine Foods, Inc. (the Company) to be held on October 5, 2006, at 11:30 a.m., local time, at our headquarters, 3320 Woodrow Wilson Drive, Jackson, Mississippi. A copy of our Annual Report to Shareholders for the fiscal year ended June 3, 2006, accompanies this proxy statement. Our telephone number is 601-948-6813. The terms we, us and our used in this proxy statement mean the Company.

**Additional copies of the Annual Report (not including exhibits), Notice, Proxy Statement and Proxy card will be furnished without charge to any Shareholder upon written request to: Cal-Maine Foods, Inc., ATTN: Timothy A. Dawson, Secretary, Post Office Box 2960, Jackson, Mississippi 39207. Exhibits to the Annual Report may be furnished to Shareholders upon the payment of an amount equal to the reasonable expenses incurred in furnishing such exhibits. A list of the shareholders of record on the record date will be available for inspection at the above address for ten days preceding the date of the Annual Meeting.**

**Our Board of Directors is soliciting the enclosed proxy.** The proxy may be revoked by a shareholder at any time before it is voted by filing with our Secretary a written revocation or a duly executed proxy bearing a later date. The proxy also may be revoked by a shareholder attending the meeting, withdrawing the proxy, and voting in person. All expenses incurred in connection with the solicitation of proxies will be paid by us. In addition to the solicitations of proxies by mail, our directors, officers, and regular employees may solicit proxies in person or by telephone. We will, upon request, reimburse banks, brokerage houses and other institutions, and fiduciaries for their expenses in forwarding proxy material to their principals. No proxies will be solicited via the Internet or web site posting. This proxy statement, the enclosed form of proxy and the other accompanying materials are first being mailed to shareholders on or about September 5, 2006. Shareholders of record at the close of business on August 24, 2006, are eligible to vote at the Annual Meeting. As of the record date, 21,102,891 shares of our common stock were outstanding, and 2,400,000 shares of our Class A common stock were outstanding. Each share of common stock is entitled to one vote on each matter to be considered at the Annual Meeting. Each share of Class A common stock is entitled to ten votes on each such matter. Both the shares of common stock and the shares of Class A common stock have the right of cumulative voting in the election of directors. Cumulative voting means that each shareholder will be entitled to cast as many votes as he or she has the right to cast (before cumulating votes), multiplied by the number of directors to be elected. All such votes may be cast for a single nominee or may be distributed among the nominees to be voted for as the shareholder sees fit. To exercise cumulative voting rights by proxy, a shareholder must clearly designate the number of votes to be cast for any given nominee.

Shares represented by a properly executed and returned proxy card will be voted at the Annual Meeting in accordance with the instructions indicated thereon. If no instructions are indicated, the person or persons named in the proxy will vote:

**for** election of the seven nominees to serve as directors of the Company; and

**in** their discretion with respect to such other business as may come before the Annual Meeting.

The election of directors requires a plurality of the votes cast. Abstentions and broker non-votes are counted only for purposes of determining whether a quorum is present at the meeting.

In accordance with our bylaws and Delaware law, the Board will appoint two inspectors of election. The inspectors will take charge of and will count the votes and ballots cast at the Annual Meeting and will make a written report on their determination. We encourage you to read this entire document carefully.

None of the executive officers or directors have been a party to any judicial or administrative proceeding during the past five years that resulted in a judgment, decree or final order enjoining the person from future violations of, or prohibiting activities subject to federal or state securities laws, or a finding of any violation of federal or state securities laws.

### **Board and Committee Meetings**

The Board of Directors of the Company held five regular and one special meeting in the fiscal year ended June 3, 2006. The Executive Committee of the Board presently consists of Messrs. Adams, Looper, Baker and Dawson. The Board also has a Compensation Committee consisting of Messrs. Adams, Poole and Triplett, and an Audit Committee consisting of Mr. Poole, Dr. Triplett and Ms. Hughes. The Board does not have a nominating committee. This function is performed by the Executive Committee.

The Executive Committee may exercise all of the powers of the full Board of Directors, except for certain major actions, such as the adoption of an agreement of merger or consolidation, the recommendation to stockholders of the disposition of substantially all of the Company's assets or a dissolution of the Company, and the declaration of a dividend or authorization of an issuance of stock. The Executive Committee acts on matters, within the scope of its authority, between meetings of the full Board. During the last fiscal year, no formal meetings of the Executive Committee were held, and the Committee, pursuant to Delaware law, took action by unanimous written consent on eleven occasions. The full Board of Directors acted by written consent on one occasion.

The Compensation Committee reviews and recommends to the Board of Directors the compensation and benefits of all officers of the Company, reviews general policy matters relating to compensation and benefits of employees of the Company, including the issuance of stock options to the Company's officers, employees and directors. The Compensation Committee met one time during fiscal 2006.

The Audit Committee, which is composed of three independent directors, meets with management and the Company's independent auditors to determine the adequacy of internal controls, to recommend auditors for the Company and other financial matters. The Audit Committee held four regular and one special meeting during fiscal 2006.

Each member of our Board of Directors attended 75% or more of the total meetings of the Board and all committees of the Board on which he or she served during fiscal 2006.

While the Board of Directors does not have a specific policy as to directors' attendance at the Annual Meeting of Shareholders, such attendance is encouraged. All Directors attended the meeting of shareholders held on October 5, 2005.

The independent directors of the Company met in executive session without any representatives of management being present on one occasion during fiscal 2006.

### **Report of the Audit Committee**

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. A copy of the Charter of the Audit Committee was attached as Appendix A to our Proxy Statement for fiscal year 2005.

Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed and discussed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with Ernst & Young, LLP, independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of nonaudit services with the auditors' independence.

**Table of Contents**

The Committee discussed with our internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended June 3, 2006, for filing with the Securities and Exchange Commission.

All members of the Audit Committee are deemed by the Board of Directors to be financial experts.

James E. Poole, Audit Committee Member

Letitia C. Hughes, Audit Committee Chairperson

R. Faser Triplett, M.D., Audit Committee Member

**Certain Corporate Governance Matters**

The Securities and Exchange Commission approved amendments to the NASDAQ stock market qualitative listing standards to require that a majority of a listed company's directors be independent and that a compensation committee and nominating committee of the Board composed solely of independent directors be established. The new standards are not applicable to any company where more than 50% of the voting power is held by one individual or group. Fred R. Adams, Jr., Chairman of the Board and Chief Executive Officer of the Company, owns capital stock of the Company entitling him to 65.3% of the total voting power. Accordingly, the Company is exempt from those NASDAQ listing standards. However, a NASDAQ listing standard requiring the independent directors of the board to have regularly scheduled meetings at which only independent directors are present is applicable to the Company. One such meeting was held during fiscal 2006.

NASDAQ qualitative listing standards require companies to adopt a code of business conduct and ethics applicable to all directors, officers and employees complying with certain provisions in the Sarbanes-Oxley Act of 2002. The Board of Directors adopted a code on April 14, 2004. Our Code of Ethics is posted on our web site.

The listing standards also require that effective January 15, 2004, all related party transactions to which the Company's directors or officers are parties be reviewed for potential conflicts of interests on an ongoing basis by, and all such transactions be approved by, the Company's audit committee or another independent committee of the Board of Directors. During fiscal 2006, no related party transactions took place.

Additional NASDAQ listing standards approved by the Securities and Exchange Commission require that the Audit Committee (i) be composed solely of independent directors; (ii) be directly responsible for the appointment, compensation, retention and oversight of the independent auditor, which must report directly to the audit committee; (iii) establish procedures to receive, retain, and treat complaints regarding accounting, internal accounting controls and auditing matters, including procedures for employees' confidential, anonymous submissions of concerns regarding questionable accounting or auditing matters; (iv) have the authority to engage independent counsel and other advisors when the committee determines such outside advice is necessary; and (v) be adequately funded by the Company. Our Audit Committee is in compliance with these standards.

The Board of Directors does not have a separate standing nominating committee. The Executive Committee of the Board of Directors fulfills this function. Messrs. Adams, Dawson, Looper and Baker are the members of the Executive Committee. The Executive Committee does not have a charter that addresses the nominating function. As a controlled company, the independence requirements of NASDAQ Rule 4350(c) do not apply to the Company.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, such as the common stock, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Such persons are also required to furnish us with copies of all forms they file under this regulation. To our knowledge, based solely on a review of the copies of such reports furnished to us and

**Table of Contents**

representations that no other reports were required, for the fiscal year ended June 3, 2006, all Section 16(a) reports applicable to its directors and executive officers were filed. During the fiscal year ended June 3, 2006, the following officers and directors were late in reporting transactions required under Section 16(a) of the Securities Exchange Act of 1934:

<b>Name</b>	<b>Number of Untimely Filings</b>

During the fiscal year ended June 3, 2006, the Company paid approximately \$6,235,500 to Eggland's Best for merchandising services. Adolphus B. Baker, President and director of the Company, is a director of Eggland's Best.

**Employee Stock Ownership Plan**

We maintain a payroll-based Employee Stock Ownership Plan. Pursuant to the ESOP, originally established in 1976, all full time employees over age 21 with one or more years of service, participate. Its assets, which currently consist primarily of Common Stock of the Company, are managed by a trustee designated by the Board. Contributions by us may be made in cash or shares of Common Stock, as determined by the Board of Directors. Employee contributions are not permitted. Company contributions generally may not exceed 15% of the aggregate annual compensation of participating employees. Contributions are allocated to the accounts of participating employees in the proportion which each employee's compensation for the year bears to the total compensation (up to \$150,000 per employee) of all participating employees subsequent to January 1, 2002. Company contributions vest immediately upon the commencement of an employee's participation in the ESOP.

**Table of Contents**

Shares of Common Stock held in an employee's account are voted by the ESOP trustee in accordance with the employee's instructions. An employee or his or her beneficiary is entitled to distribution of the balance of his or her account upon termination of employment. Our contributions to the ESOP amounted to approximately \$1,315,100 in calendar year 2005. For year calendar 2005, our contributions to the ESOP on behalf of each of the executive officers named in the Summary Compensation Table were: Fred R. Adams, Jr. \$7,879; Richard K. Looper \$7,879; Adolphus B. Baker \$7,879; Charles J. Hardin \$6,350; and Jack Self \$6,440.

**1993 Stock Option Plan**

Our 1993 Amended and Restated Stock Option Plan was adopted on May 25, 1993, and amended and restated on October 10, 1996. This Plan was approved by our shareholders on May 25, 1993. A total of 1,000,000 shares (post split) of our common stock was reserved for issuance under this Plan.

Inasmuch as 10 years have passed since the adoption of this Plan, by its terms no more options may be granted thereunder.

The exercise price for shares of stock subject to options under the Plan cannot be less than 100% of fair market value of our common stock on the date of grant of the options. The shares under this Plan are subject to adjustment to prevent dilution. There are currently options outstanding under this Plan for a total of 76,400 shares. All must be exercised within 10 years of grant. The exercise prices are from \$1.975 to \$2.125 (reflects stock split).

Shares subject to the 1993 Plan have been registered under the Securities Act of 1933.

**1999 Stock Option Plan**

Our 1999 Stock Option Plan was adopted on April 15, 1999, and approved by the shareholders on October 11, 1999.

Under the 1999 Plan, 1,000,000 shares of Common Stock were reserved for issuance upon the exercise of options that could be granted under the 1999 Plan. Options granted under the 1999 Plan are accompanied by tandem stock appreciation rights (SARs). Options for 1,000,000 shares were awarded in December 13, 1999 by the Board of Directors and can be either incentive stock options (ISOs) to satisfy the requirements of § 422 of the Internal Revenue Code (the Code), or non-statutory options (NSOs) which are not intended to satisfy such requirements.

Under the 1999 Plan, the exercise price per share for any option granted may not be less than 100% of the fair market value of the common stock on the date of the grant. The number and kind of shares subject to an option and the option exercise price may be adjusted in certain circumstances to prevent dilution. The method of payment of an option exercise price will be as determined by the Board of Directors and as is set forth in the individual stock option agreements. SARs may be exercised in addition to or in lieu of the related stock option.

The 37,000 options presently outstanding are held by employees, including executive officers and executive officers who are also directors. The exercise prices range from \$1.50 per share to \$1.975 per share. Shares subject to the 1999 Plan have been registered under the Securities Act of 1933. All share information reflects stock split.

**2005 Incentive Stock Option Plan**

Our 2005 Incentive Stock Option Plan was adopted by our Board of Directors on July 25, 2005, and ratified by our shareholders on October 15, 2005. Under the 2005 Plan, 500,000 shares of Common Stock were reserved for issuance upon the exercise of Options that could be granted under the 2005 plan.

All options to be granted are intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code. The Options vest at the rate of 20% per year.

The exercise price per share for any options granted may not be less than 100% of the fair market value of the Common Stock on the date of grant. The number of shares subject to an option and the exercise price may be adjusted in certain circumstances to prevent dilution. The method of payment of the exercise price will be as prescribed by the Board of Directors in the individual stock option agreements.

The Options presently outstanding, all of which are held by officers of the Company, total 360,000. The Options were granted on August 17, 2005 for an exercise price of \$5.93.

Shares subject to the 2005 Plan have been registered under the Securities Act of 1933.

**Stock Appreciation Rights Plan**

Our Stock Appreciation Rights Plan (SARs Plan) was adopted by the Board of Directors of the Company on July 25, 2006, and ratified by our shareholders on October 15, 2005. The SARs Plan covers 1,000,000 shares of Common Stock.

The SARs Plan is administered by the Executive Committee of the Board of Directors of the Company.

The SARs Plan continues for a period of 10 years from July 25, 2005, unless earlier terminated.

The SARs vest at the rate of 20% per year.

SARs are non-transferable and contain anti-dilution provisions.

Upon exercise, the Company will pay the holder of the SARs an amount in cash equal to the difference between the fair market value on the date of grant and the fair market value as of the date of exercise.

Employees and directors presently hold a total of 615,000 SARs with a base price of \$5.93 per share for 592,500 SARs and \$6.71 per share for 22,500 SARs.

Our independent directors, Messrs. Triplett and Poole and Ms. Hughes, each hold SARs covering 30,000 shares with a base price of \$5.93.

Shares covered by the SARs Plan have been registered under the Securities Act of 1933.

**Savings and Retirement Plan**

Since 1985, we have maintained a defined contribution savings and retirement plan (the Retirement Plan), which is designed to qualify under Sections 401 (a) and 401 (k) of the Code. An employee is eligible to participate in the Retirement Plan on or after having attained age 21 and after one year of full time service. The Retirement Plan is administered by us and permits covered employees to contribute up to the maximum allowed by the IRS regulations.

Highly compensated employees may be subject to further limitations on the amount of their maximum contribution.

We may make discretionary contributions matching each employee's pre-tax contributions. At the present time, we do not make discretionary contributions. The Retirement Plan is intended to comply with the Employee Retirement Income Security Act of 1974, as amended.

Participating employees are at all times 100% vested in their account balances under the Retirement Plan. Benefits are paid at the time of a participant's death, retirement, disability, termination of employment, and, under limited circumstances, may be withdrawn prior to the employee's termination of service. Contributions are not taxable to employees until such funds are distributed to them.

### **Employment Agreements**

We have entered into an incentive compensation continuation agreement with Jack Self. Pursuant to the agreement, Mr. Self earned ten years of compensation payments when he reached age 65. The incentive compensation payments are made monthly, beginning immediately after the officer's 65th birthday, unless the employee elects to defer receipt of such payments, which are \$20,000 per year for Mr. Self who has elected to so defer. The Agreement provides that once payments begin or have been earned, any remaining payments will continue to be made to Mr. Self's estate after his death. Mr. Self has earned 22 years compensation and will earn an additional year for each year worked hereafter until his retirement.

### **Director Compensation**

The Company's non-employee directors are each entitled to receive \$15,000 annually as compensation for their services as a director. Directors also may be compensated for any services performed in addition to their normal duties as a director of the Company. Ms. Hughes currently has options to purchase 19,200 shares of common stock at an exercise price of \$2.125 per share under the 1993 Plan. All options expire ten years after grant. Employee-directors receive no additional compensation for their services as directors of the Company. Share information reflects stock split. As set forth in the discussion of our SARs, our independent directors each hold SARs covering 30,000 shares.

### **Compensation Committee Interlocks and Insider Participation**

In October 1996, the Board of Directors established a Compensation Committee. As indicated above, the members of the Committee are Fred R. Adams, Jr., Chairman of the Board of Directors and Chief Executive Officer, James E. Poole and R. Faser Triplett, M.D., independent directors of the Company. Only Mr. Adams is an employee of the Company.

### **Report of Compensation Committee**

The compensation of the officers of the Company is determined by the Compensation Committee in consultation with the Executive Committee of the Board of Directors. The Compensation Committee consists of Messrs. Poole, Triplett and Adams, while the Executive Committee consists of Messrs. Adams, Looper, Baker and Dawson.

The compensation of all officers consists of two components, a base salary and a bonus. The bonus which may be received by officers, other than members of the Executive Committee, is determined by a formula set forth in the Company's Bonus Program. The maximum bonus which an officer is entitled to receive is computed by taking his salary on the first day of the then fiscal year, adding his bonus from the previous year, and dividing by 2. This is the theoretical maximum that an officer may receive.

Other than officers who are members of the Executive Committee, of the maximum bonus payable, 50% of that bonus is predicated on the officer's individual performance and 50% is predicated on the profitability of the Company. If the Company achieves a pre-tax profit equal to 5 cents per dozen eggs produced by the Company, the officer will receive the entire profitability component of his bonus. If the Company achieves profitability at a pre-tax level less than 5 cents per dozen eggs produced, the profitability component of the bonus will be reduced proportionately. For example, if the Company earned a pre-tax profit of 2.5 cents per dozen eggs produced, the officer would be entitled to receive only one-half of the profitability component of his bonus.

The performance component of his bonus is determined by the Compensation Committee upon recommendation by the Executive Committee. The Executive Committee evaluates the respective responsibilities and performance of each officer, and based on their evaluation of that officer's performance, a recommendation as to what percentage of his performance component should be given is given to the Compensation Committee. An officer's total bonus is the sum of the profitability component and the bonus component.

Officers who are members of the Executive Committee are not eligible to participate in the established bonus program. While members of the Executive Committee also receive a base salary which is subjectively established by the Compensation Committee, they are also eligible to receive a bonus in addition to their salary. The amount of their bonus, if any, is determined exclusively by the Compensation Committee. In determining the bonus, if any, to be paid to members of the Executive Committee, the Compensation Committee takes into consideration the performance of the Company, its profitability, and the individual contributions of the members of the Executive Committee. No formula is utilized in computing such bonuses.

**Table of Contents**

The base compensation and bonuses available to all officers are intended by the Company to place the Company generally in the center of the compensation range paid to comparable employees in similar industries, with particular emphasis upon commodity-based companies such as egg producers, marketers, poultry producers, processors and distributors.

The overwhelming majority of businesses in the industry of the Company are privately held and, therefore, compensation information is not readily available. However, the general ranges of compensation of the industry are generally well known within the industry, and the Compensation Committee believes that the salaries and bonuses paid to the Company officers fall within the middle of the range being paid. It is the philosophy of the Company neither to pay the highest nor the lowest salaries or bonuses.
