CORPORATION

2003 Annual Report

April 6, 2004

Dear Shareholders,

2002 was marked by Rand Capital creating Rand Capital SBIC, L.P. which was licensed by the Small Business Administration. This new entity was funded by \$5,000,000 in equity from the parent, Rand Capital, and anticipates borrowing up to \$10,000,000 in additional funds. Rand Capital SBIC could create a pool of capital of \$15,000,000 for new investments.

2003 was marked by investments in seven companies for a total of \$1.6 million. During the first quarter of 2004 we continued to be active investors with two new investments representing \$1.4 million of capital.

We have pursued a strategy of growing our portfolio income while managing our operating expenses. Since 2001 our income has grown almost 300% while our expenses have grown by only 15%. We will continue to pursue this strategy in 2004 with a goal of growing our income by 20% while holding out expenses flat.

On the transaction side we have a robust pipeline of future opportunities and continue to see business conditions improve within our portfolio companies. We will continue to work with these opportunities to deliver improved shareholder performance.

The Board of Directors reauthorized a program to repurchase up to 5% of our shares on October 16, 2003. This program is used to repurchase outstanding shares when market conditions are appropriate. This is an active program and we have repurchased 44,100 shares as of the date of this letter.

As always we appreciate your support throughout the year and thank you for your interest in Rand.

Sincerely,
