Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

B. Liquidity and Capital Resources

Cash and cash equivalents decreased to \$2.1 million at March 31, 2005 from \$5.6 million at September 30, 2004. In October 2004, the American Jobs Creation Act of 2004 (Act) was enacted. The Act contains a one-time provision allowing earnings of controlled foreign companies to be repatriated, at a reduced tax rate, during the tax year that includes October 2004 or during the subsequent tax year. The Company received a dividend from its non-U.S. subsidiaries during the first six months of fiscal 2005 in the amount of \$13.4 million and the funds were principally used to reduce the Company's outstanding indebtedness.

The Company's operating activities consumed cash of \$3.7 million in the first six months of fiscal 2005, compared with \$1.5 million generated in the first six months of fiscal 2004. The \$3.7 million of cash used for operating activities in first six months of fiscal 2005 is primarily due to an operating loss of \$3.9 million and an increase in inventories of \$2.8 million, partially offset by a \$1.8 million decrease in accounts receivable and a \$0.9 million increase in accounts payable. The change in these components of working capital was due to factors resulting from normal business conditions of the Company, including (i) sales levels, (ii) collections from customers, (iii) the relative timing of payments to suppliers, and (iv) inventory levels required to support customer demand in general and, in particular, the significant extension of raw material lead times currently experienced by the ACM Group.

Capital expenditures were \$1.4 million in the first six months of fiscal 2005, compared with \$1.3 million in the first six months of fiscal 2004. Fiscal 2005 capital expenditures consist of \$0.5 million by the ACM Group, \$0.3 million by the Applied Surface Concepts Group and \$0.6 million by the Repair Group. Capital expenditures in the first six months of fiscal 2005 consisted primarily of equipment to expand and diversify both the ACM Group's manufacturing and machining capabilities and the Repair Group's repair capabilities. The Company anticipates that total fiscal 2005 capital expenditures will approximate \$3.0 million.

During the first quarter of fiscal 2005, the Company paid off the remaining \$2.7 million outstanding balance of its 15-year industrial development variable rate demand revenue bond, which was issued to expand the Repair Group's Tampa, Florida facility that was sold during the first quarter of fiscal 2005 and was included in assets held for sale at September 30, 2004.

During the first quarter of fiscal 2005, the Company paid off the remaining \$4.5 million outstanding balance of its term note.

At March 31, 2005, the Company has a \$6.0 million revolving credit agreement, subject to sufficiency of collateral, that expires on April 1, 2006 and bears interest at the bank's base rate plus 0.50%. The interest rate was 6.25% at March 31, 2005. A 0.375% commitment fee is incurred on the unused balance of the revolving credit agreement. At March 31, 2005, \$1.1 million was outstanding under the revolving credit agreement and the Company had \$4.7 million available under its \$6.0 million revolving credit agreement. The Company's revolving credit agreement is secured by substantially all of the Company's assets located in the U.S., a guarantee by its U.S. subsidiaries and a pledge of 65% of the Company's ownership interest in its non-U.S. subsidiaries.

Under its credit agreement, the Company is subject to certain customary covenants. These include, without limitation, covenants (as defined) that require maintenance of certain specified financial ratios, including a minimum tangible net worth level and a fixed charge coverage ratio. In February 2005, the Company entered into an agreement with its bank to amend the fixed charge coverage ratio as of December 31, 2004 and for future periods. In May 2005, the Company entered into an agreement with its bank to (i) waive the minimum tangible net worth level as of March 31, 2005 and

(ii) amend the minimum tangible net worth level for future periods. The Company was in compliance with all applicable covenants at March 31, 2005.

During the first quarter of fiscal 2005, the Company completed the sale of a building and land that was part of its Repair Group's Irish operations and was included in assets held for sale at September 30, 2004. The net proceeds from the sale of these assets were \$8.0 million and the assets that were sold had a net book value of approximately \$1.8 million.

The Company believes that cash flows from its operations together with existing cash reserves and the funds available under its revolving credit agreement will be sufficient to meet its working capital requirements through the end of fiscal year 2005. However, no assurances can be given as to the sufficiency of the Company's working capital to support the Company's operations. If the existing cash reserves, cash flow from operations and funds available under the revolving credit agreement are insufficient; if working capital requirements are greater than currently estimated; and/or if the Company is unable to satisfy the covenants set forth in its credit agreement, the Company may be required to adopt one or more alternatives, such as reducing or delaying capital expenditures, restructuring indebtedness, selling assets or operations, or issuing additional shares of capital stock in the Company. There can be no assurance that any of these actions could be accomplished, or if so,

on terms favorable to the Company, or that they would enable the Company to continue to satisfy its working capital requirements.

Item 6. Exhibits

(a) Exhibits

The following exhibits are filed with this report or are incorporated hereby reference to a prior filing in accordance with Rule 12b-32 under the Securities and Exchange Act of 1934 (Asterisk denotes exhibits filed with this report.).

Exhibit No.	Description
3.1	Third Amended Articles of Incorporation of SIFCO Industries, Inc., filed as Exhibit 3(a) of the Company's Form 10-Q dated March 31, 2002, and incorporated herein by reference
