PROXY STATEMENT

The accompanying Proxy is solicited by the Board of Directors of Alamo Group Inc., a Delaware corporation (the "Company"), to be voted at the 2005 Annual Meeting of Stockholders to be held on May 4, 2005, and at any adjournments thereof. The meeting will be held at 9:00 a.m. local time, at the Westin Riverwalk Hotel, 420 W. Market Street, San Antonio, Texas. This Proxy Statement and the accompanying Proxy are being mailed to Stockholders on or about March 31, 2005. The Annual Report of the Company for fiscal 2004, including audited financial statements for the fiscal year ended December 31, 2004 and a proxy card are enclosed.

VOTING AND PROXIES

Only holders of record of Common Stock of the Company at the close of business on March 15, 2005 (the "Record Date"), shall be entitled to vote at the meeting. There were 20,000,000 authorized shares of Common Stock, par value \$.10 per share ("Common Stock"), of the Company and 9,744,259 shares of Common Stock outstanding on the Record Date. Each share of Common Stock is entitled to one vote. Any Stockholder giving a proxy has the power to revoke same at any time prior to its use by giving notice in person or in writing to the Secretary of the Company.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum at the 2005 Annual Meeting of Stockholders and any adjournment thereof.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspectors of election appointed by the Company for the meeting. The inspectors of election will treat abstentions and broker non-votes as shares that are present for purposes of determining the presence of a quorum. Abstentions may be specified on all proposals except the election of directors. Abstentions are present and entitled to vote for purposes of determining the approval of any matter submitted to the Stockholders for a vote and will thus have the same effect as a negative vote for the item on which the abstention is noted. If a broker indicates on a proxy that it does not have the discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered present and entitled to vote with respect to that matter.

REPORT OF THE AUDIT COMMITTEE

The information contained in this report shall not be deemed to be "soliciting material" or "filed" with the Securities and Exchange Commission (the "SEC") or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that Alamo Group Inc. specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended (the "Securities Act") or the Exchange Act.

The Audit Committee is comprised of three independent members of the Company's Board of Directors. Each member of the Audit Committee is independent under applicable law and NYSE listing requirements. The duties and responsibilities of the Audit Committee are set forth in the Audit Committee Charter, which the Board of Directors adopted on May 1, 2000 and reviews on an annual basis.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control over financial reporting. In fulfilling its oversight responsibilities in fiscal 2004, the Committee reviewed and discussed the quarterly Form 10-Q's and the audited financial statements included in the Annual Report with management, including quality, not just the acceptability, of the accounting principles, the reasonableness of significant adjustments, and the clarity of disclosures in the financial statements.

The Committee reviewed with management and with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed by the independent auditors with the Committee under generally accepted auditing standards (including Statement on Auditing Standards No. 61). In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board (including Independence Standards Board Standard No. 1), and considered the compatibility of non-audit services with the auditors' independence.

The Committee discussed with the independent auditors the overall scope and plans for their audit. The Committee meets with the independent auditors and the internal auditor, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held five meetings during fiscal year 2004. All members were present at the meetings.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the SEC. The Audit Committee has also recommended, subject to stockholder ratification, the appointment of Ernst & Young LLP as the Company's independent auditors for the fiscal year 2005. Audit, audit related and any permitted non-audit services provided to the Company by Ernst & Young LLP are subject to pre-approval by the Audit Committee.

THE NOMINATING/CORPORATE GOVERNANCE COMMITTEE

The Nominating/Corporate Governance Committee is comprised of Messrs. Goldress (Chairman), Morris, Skaggs and Thomas. The Committee was formed in 2003 and held its first meeting in 2004. The Committee has the following responsibilities, among other things:

- Evaluate director candidates and sole authority to retain a search firm, approve its fees and scope of service
- Recommend to the Board of Directors nominees for Board election by the stockholders based upon their qualifications, knowledge, skills, expertise, experience and diversity
- Review Board composition to reflect the appropriate balance of knowledge, skills, expertise, experience and diversity
- Review size of the Board and meeting frequency
- Recommend to the Board standing committees
- Review, at least annually, the Code of Business Conduct & Ethics
- Oversee and establish procedures for the annual evaluation of the Board and management.

The Board of Directors has determined that the members of the Committee are independent under applicable law and NYSE listing requirements. The Committee's Charter is attached as Appendix C to this proxy statement and may also be viewed on the Company's website (www.alamo-group.com) under the "Our Commitment" tab.

The Nominating/Corporate Governance Committee will consider director candidates recommended by stockholders. The Committee's Policy Regarding Director Candidates Recommended by Stockholders, the Corporate Governance Guidelines (including our standards of director independence), Code of Business Conduct and Ethics, and Board of Directors' committee charters are on our website at (www.alamo-group.com) under "Our Commitment" tab and are available to any stockholder who requests them by writing to Alamo Group Inc., 1502 E. Walnut Street, Seguin, Texas, 78155.

Any stockholder of the Company who complies with the notice procedures set forth below and is a stockholder of record at the time such notice is delivered to the Company may make a director recommendation for consideration by the Nominating/Corporate Governance Committee. A stockholder may make recommendations at any time, but recommendations for consideration as nominees at the annual meeting of stockholders must be received not less than 120 days before the first anniversary of the date of the proxy statement released to stockholders in connection with the previous year's annual meeting. Therefore, to submit a candidate for consideration for nomination at the 2006 annual meeting of stockholders, a stockholder must submit the recommendation, in writing, by December 2, 2005. The written notice must demonstrate that it is being submitted by a stockholder of the Company and include information about each proposed director candidate, including name, age, business address, principal occupation, principal qualifications and other relevant biographical information. In addition, the stockholder must provide confirmation of each candidate's consent to serve as a director. A stockholder must send recommendations to the Nominating/Corporate Governance Committee, Alamo Group Inc., 1502 E. Walnut Street, Seguin, Texas 78155.

The Nominating/Corporate Governance Committee identifies, evaluates and recommends director candidates to the Board of Directors. In identifying and recommending nominees for positions on the Board of Directors, the Nominating/Corporate Governance Committee places primary emphasis on (i) judgment, character, expertise, skills and knowledge useful to the oversight of our business; (ii) diversity of viewpoints, backgrounds, experiences and other demographics; (iii) business or other relevant experience; and (iv) the extent to which the interplay of the nominee's expertise, skills, knowledge and experience with that of other members of the Board will build a board that is active, collegial and responsive to the needs of the Company.

Upon identifying a director candidate, the Committee initially determines the need for additional or replacement Board members and evaluates all the director candidates under the criteria described above based on the information the Committee receives with the recommendation or otherwise possesses, which may be supplemented by certain inquiries. If the Committee determines, in consultation with other Board members including the Chairman, that a more comprehensive evaluation is warranted, the Committee may then obtain additional information about the director candidate's background and experience, including by means of interviews. The Committee will then evaluate the director candidate further, again using the evaluation criteria described above. The Committee receives input on such director candidates from other directors, including the Chairman, and recommends director candidates to the full Board of Directors for nomination. The Committee may engage a third party to assist in the search for director candidates or to assist in gathering information regarding a director candidate's background and experience. If the Committee engages a third party, the Committee approves the fee that the Company pays for these services.

THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors, which consists of Messrs. Thomas (Chairman), Goldress, Morris, and Skaggs, met once during fiscal 2004. All Committee members were present at the meeting. The duties and responsibilities of the Committee include, among other things:

- Review and approve, at least annually, the goals and objectives and the structure of the Company's plans for executive compensation, incentive compensation, equity-based compensation, and employee benefit plans and make recommendations to the Board
- Evaluate annual performance of the CEO in light of the goals of the Company's executive compensation plans and recommend his or her compensation based on this evaluation
- In consultation with CEO, review, evaluate and recommend to the Board the compensation of all executive officers and key managers
- Evaluate and recommend to the Board compensation of directors for Board and Committee service
- Review and recommend to the Board any severance agreement made with any executive officer
- Review and recommend to the Board the amount and terms of all individual stock options
- Review and recommend to the Board all equity-based compensation plans that are subject to stockholder approval
- Issue the Annual Report on executive compensation required by the SEC for inclusion in the Company's proxy

The Board of Directors has determined that the members of the Committee are independent under applicable law and NYSE listing requirements. The Committee's Charter is attached as Appendix D to this proxy statement and may also be viewed on the Company's website (www.alamo-group.com) under the "Our Commitment" tab.

REPORT OF THE COMPENSATION COMMITTEE

The information contained in this report shall not be deemed to be "soliciting material" or "filed" with the SEC or subject to the liabilities of Section 18 of the Exchange Act except to the extent that Alamo Group specifically incorporates it by reference into a document filed under the Securities Act or the Exchange Act.

The goals of the Company's compensation program are to attract, retain and motivate competent executive officers who have the experience and ability to contribute materially to the long-term success of the Company. The principal elements of compensation for executive officers are base salary, incentive payments and stock options.

Base salaries were determined by the Committee in February 2004, effective May 1, 2004 and again in February 2005, to be effective May 1, 2005, for each of the executive officers and key managers on an individual basis, taking into consideration the Company's performance and individual contributions to that performance, length of tenure with the Company, compensation levels of comparable positions and internal

Edgar Filing: ALAMO GROUP INC - Form DEF 14A

equities among positions. Among other things, the Committee considered the contributions of each officer and key manager to the success of the Company's business in recent years and to its foundation for sustained earnings growth, as well as each participant's role in achieving a higher level of customer satisfaction, increased market penetration and efficient utilization of assets and employees in the participant's area of responsibility. These factors are considered subjectively in the aggregate and none of the factors are accorded a specific weight. In selected cases, other factors may be considered.

The Committee meets once a year in executive session to evaluate the performance of the chief executive officer. Quantitative and qualitative performance measurements are established at the beginning of each year. The chief executive officer's compensation is based upon the Company's performance in relation to the plan and his contribution thereto. The plan includes profitable sales growth, improvement in operating margins, increased operating income and improved asset utilization. Profitable sales growth is derived from internal growth as well as the chief executive officer's ability to expand revenues through accretive acquisitions.

The base salary level for Ronald A. Robinson, President and Chief Executive Officer was set by the Committee in February 2004, effective May 1, 2004, at \$325,000 per annum and was reset at \$350,000 in February 2005 to be effective May 1, 2005. The base salary levels for all of the aforementioned officers and key managers were determined by the Committee based on those factors described in the preceding paragraphs and is effective May 1, 2005.

In 1999, the Committee adopted a revised version of the Alamo Group Incentive Compensation Plan ("ICP"). The ICP is a cash incentive plan which allows the Committee to reward certain of the Company's upper and mid-level managers based upon three factors: the overall performance of the Company, the performance of the segment of the Company in which the employee is expected to contribute and the individual performance of the employee. ICP payments include a 75% objective component, with the remaining 25% based on subjective criteria. In February 2005, pursuant to the ICP, the Committee approved total incentive payments applicable to 2004 of \$1,031,123 to participating employees. These payments were expensed in 2004 and paid in March 2005. Incentive payments expensed in 2003 and paid in March 2004 totaled \$429,578. Included in these totals were ICP payments to Ronald A. Robinson, President and Chief Executive Officer, of \$40,000 and \$295,547, applicable to 2003 and 2004 respectively. No ICP payments were made to Mr. Robinson under the objective component of the plan for 2003 because the Company's performance did not meet the targets established for the respective periods.

From time to time, the Committee has recommended and the Board of Directors has granted qualified and non-qualified stock options to executive officers, key employees and directors. Options are granted at exercise prices equivalent to the closing market price of the Company's stock on the effective date of grant and thus will have no ultimate value unless the value of the Company's stock appreciates. The Committee believes that these options provide a significant incentive for the option holders to enhance the value of the Company's Common Stock by continually improving the Company's performance.

On August 31, 1999, the Stockholders of the Company approved the 1999 Non-Qualified Stock Option Plan ("1999 NQSO Plan") for executive, managerial, professional or technical employees of the Company, and reserved 400,000 shares of Common Stock for issuance of options under the plan. On July 7, 1999 the Committee recommended, and the Board of Directors approved (subject to stockholder approval of the 1999 NQSO Plan), granting Non-Qualified Options to purchase 200,000 shares of the Company's Common Stock to Mr. Robinson. The exercise price for these options was \$8.9375 per share.

On August 31, 1999, the Stockholders of the Company also approved the First Amended and Restated 1994 Incentive Stock Option Plan ("FAR 1994 ISO Plan") to correct certain ambiguities and administrative problems. Upon recommendation by the Committee and approval by the Board of Directors, Incentive Stock Options to purchase 50,000 shares were granted to Mr. Robinson on July 7, 1999 at an option price of \$8.9375 per share and Incentive Stock Options to purchase 51,000 shares were granted to other executive officers and key members of management on August 31, 1999, at an option price of \$9.25 per share. There were no option grants in 2000. In 2001, 2002 and 2003 the Committee recommended and the Board of Directors granted to the Company's employees options on 16,000 shares, 21,000 shares and 72,000 shares, respectively, at option prices ranging from \$14.61 to \$14.63 per share in 2001, \$14.38 per share in 2002, and \$12.10 per share in 2003, under the FAR 1994 ISO Plan. In February 2004, the Committee recommended and the Board granted options on 25,000 shares to certain of its executive officers and key members of management, at an option price of \$17.85 per share. No additional options were granted before the expiration date of the FAR 1994 ISO Plan on April 28, 2004 with a remaining unused balance of 73,200 shares. As of December 31, 2004, Incentive Stock Options to purchase 158,850 shares remained.

On May 3, 2001, the Stockholders of the Company approved the First Amended and Restated 1999 Non-Qualified Stock Option Plan ("FAR 1999 NQSO Plan") to add non-employee directors as eligible persons to receive grants of stock options. The Company then granted options to purchase 5,000 shares to the following non-employee directors Messrs. Goldress, Morris, Skaggs and Thomas, respectively, at an exercise price of \$13.96 per share. On May 12, 2003 the Company granted additional options from the FAR 1999 NQSO Plan to purchase a total of 70,000 shares consisting of options on 50,000 shares to Mr. Robinson and 5,000 shares to the following non-employee directors Messrs. Goldress, Morris, Skaggs and Thomas, at an exercise price of \$12.10 per share.

On February 23, 2005, the Committee approved the Alamo Group Inc. 2005 Incentive Stock Option Plan ("Plan") for 500,000 shares and recommended approval by the Board of Directors. A summary of the Plan is shown under Proposal 3 of this proxy and the Plan in its entirety is included as Appendix E. The Company has 448,350 options outstanding under the FAR 1999 NQSO and the expired FAR 1994 Incentive Stock Option Plan.

OPTION/SAR GRANTS IN LAST FISCAL YEAR

The following table provides information on option grants in fiscal 2004 by Alamo Group Inc. to each of the named executive officers. Alamo Group did not grant any options in fiscal 2004 to the non-executive directors. Alamo Group Inc. did not grant any stock appreciation rights (SAR) during 2004.

Richard J. Wehrle	3,000	13%	17.85	2/20/14	\$ 16.06

(1) All options granted in 2004 become vested and exercisable for up to 20% of the total optioned shares after one year following the grant of the option and for an additional 20% of the total optioned shares after each succeeding year until the option is fully exercisable.

(2) In fiscal 2004, the Company granted options to employees to purchase 23,000 shares which includes the above.

(3) The Company used a modified Black-Scholes model of option valuation to determine grant date present value. The Company does not advocate or necessarily agree that the Black-Scholes model can properly determine the value of an option. Calculations for the named executive officers are based on a ten-year option term which reflects the Company's expectation that its options, on average, will be exercised within ten years of grant. Other assumptions used for the valuations are: risk free rate of return of 4.00%; annual dividend yield of 2.0%; and volatility of 24%.

Director Compensation

Effective May 2004, the non-employee directors receive \$1,500 for each meeting of the Board of Directors attended in person, and \$1,000 for each meeting of any committee attended in person or \$500 for each meeting of the Board of Directors or any meeting of any committee thereof attended by telephone. The Company pays directors who are not employees of the Company a \$12,000 retainer per year. The chairman of the Audit Committee receives an additional \$2,000 annual retainer. Directors are reimbursed for reasonable expenses incurred as a result of attending meetings of the Board or committees thereof.

On May 3, 2001, the Stockholders of the Company approved the First Amended and Restated 1999 Non-Qualified Stock Option Plan ("FAR 1999 NQSO Plan") to add non-employee directors as eligible persons to receive grants of stock options. The Company then granted options to purchase 5,000 shares to the following non-employee directors, Messrs. Goldress, Morris, Skaggs and Thomas, respectively, at an exercise price of \$13.96 per share. On May 12, 2003 the Company granted additional options from the FAR 1999 NQSO Plan to purchase a total of 70,000 shares consisting of options on 50,000 shares to Mr. Robinson and 5,000 shares to non-employee directors Goldress, Morris, Skaggs and Thomas, at an exercise price of \$12.10 per share. There were no options granted under the FAR 1999 NQSO Plan during 2004.

Employment Agreements

All executive officers of the Company serve at the discretion of the Board of Directors. The executive officers are appointed to their positions by the Board until the next annual meeting of directors or until their successors have been duly qualified and elected. There are currently no employment agreements with any executive officers of the Company.

Certain Relationships and Related Transactions

There were no reportable relationships or related transactions that occurred in the fiscal year ending December 31, 2004 in which the amount involved exceeded \$60,000.

On August 31, 1999, the Board of Directors amended the Company's Executive Loan Program to state that no new loans would be made under the program and all outstanding loans were renewed and extended for five years from December 31, 1999, with interest payable quarterly and a requirement that at least 10% of the original loan amount be paid annually with the first such payment due March 30, 2001. All other terms and conditions of the notes and security agreements remained unchanged. Each loan under the Executive Loan Program bore interest, payable quarterly, at the base rate of interest as published by Bank of America, N.A. In September 2004 outstanding loans under the Executive Loan Program totaling of \$24,307 to Mr. George and \$5,880 to another qualified borrower were paid in full. The Executive Loan Program has been terminated as previously mentioned, and all loans have been paid in full.

Stock Price Performance Graph

The information contained in this Stock Performance Graph section shall not be deemed to be "soliciting material" or "filed" with the SEC or subject to the liabilities of Section 18 of the Exchange Act except to the extent that Alamo Group Inc. specifically incorporates it by reference into a document filed under the Securities Act or the Exchange Act.

The following graph and table sets forth the cumulative total return to the Company's stockholders of our Common Stock during a five-year period ended December 31, 2004, as well as the performance of an overall stock market index (the S&P 500 Index) and the Company's selected peer group index (the Russell 2000 Index).

The Company believes that there does not exist a representative industry peer group of companies with a similar business segment profile. The SEC has indicated that companies may use a base other than industry or line of business for determining its peer group index, such as an index of companies with similar market capitalization. Accordingly, the Company has selected the Russell 2000 Index, a widely used small market capitalization index, to use as a representative peer group.

PROPOSAL 2 - RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The firm of Ernst & Young LLP is our independent auditor and the Board of Directors desires to continue to engage the services of this firm for the fiscal year ending December 31, 2005. Accordingly, the Board of Directors, upon the recommendation of the Audit Committee, has reappointed Ernst & Young LLP to audit the financial statements of the Company for fiscal 2005 and report on those financial statements. Stockholders are being asked to vote for the ratification of the appointment. If Stockholders do not ratify the appointment of Ernst & Young LLP, the Audit Committee and Board will reconsider their appointment.

AUDIT COMMITTEE'S PRE-APPROVAL POLICY AND PROCEDURES

During fiscal year 2004, the Audit Committee of our Board of Directors adopted policies and procedures for the pre-approval of audit and non-audit services for the purpose of maintaining the independence of our independent auditors. We may not engage our independent auditors to render any audit or non-audit service unless either the service is approved in advance by the Audit Committee or the engagement to render the service is entered into pursuant to the Audit Committee's pre-approval policies and procedures. On an annual basis, the Audit Committee may pre-approve services that are expected to be provided to the Company by the independent auditors during the following 12 months.

The Audit Committee may also pre-approve particular services on a case-by-case basis. In assessing requests for services by the independent auditors, the Audit Committee considers whether such services are consistent with the auditor's independence, whether the independent auditors are likely to provide the most effective and efficient service based upon their familiarity with the Company and whether the service could enhance the Company's ability to manage or control risk or improve audit quality.

Representatives of Ernst & Young LLP will be present at the Stockholders meeting and will be available to respond to appropriate questions and make a statement should they so desire.

This recommendation must be approved by the stockholders of a majority of the votes. All proxies will be voted "FOR" this plan unless a contrary choice is indicated.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT AUDITORS, WHICH IS DESIGNATED AS PROPOSAL NO. 2 ON THE ENCLOSED PROXY.

PROPOSAL 3 - ADOPTION OF 2005 INCENTIVE STOCK OPTION PLAN

Background

The Board of Directors believes that the future success of Alamo Group Inc. will depend, in large measure, on its ability to attract, retain and motivate executives with outstanding training, experience and ability. The Company must compete with other businesses recruiting and retaining superior management and executive talent.

The Board of Directors and its Compensation Committee have determined that the adoption of a new incentive plan is necessary to give the Company the flexibility and advantages needed to adapt its compensation practices to today's changing marketplace and to replace the First Amended and Restated 1994 Incentive Stock Option Plan which expired in 2004.

Based upon the recommendation of the Board's Compensation Committee, the Board of Directors has unanimously approved the Company's 2005 Incentive Stock Option Plan (the "2005 Plan" or the "Plan"), subject to shareholder approval at the Annual Meeting. The 2005 Plan is designed to support the Company's long-term business objectives in a manner consistent with our executive compensation philosophy. The Board believes that by allowing the Company to continue to offer its employees long-term compensation through the 2005 Plan, the Company will promote the following key objectives:

Aligning the interest of employees with those of the stockholders through increased employee ownership of the Company; and

Attracting, motivating and retaining experienced and highly qualified employees who will contribute to the Company's financial success

All employees of the Company and its affiliates are eligible to receive awards under the 2005 Plan, but awards are generally limited to executive-level and key management employees.

Accordingly, the Board has approved the 2005 Plan and recommends its adoption by stockholders. The 2005 Plan would govern grants of incentive stock options ("ISO") to employees. It also is intended that the 2005 Plan would replace the Company's First Amended and Restated 1994 Incentive Stock Option Plan which expired in April 2004. Upon adoption of the 2005 Plan by stockholders, the Plan will become effective on May 4, 2005 (the "Effective Date"). A summary description of the 2005 Plan follows.

Shares Under the Plan

Under the 2005 Plan, a total of 500,000 shares of Common Stock, par value \$1.00 per share, of the Company ("Common Stock") will become available for issuance over the life of the Plan.

In determining shares available for issuance under the Plan, any awards granted under the Plan that are cancelled, are forfeited, or lapse will become eligible again for issuance under the Plan.

Any shares issued under the Plan may consist, in whole or in part, of authorized and unissued shares or of treasury shares, and no fractional shares will be issued under the Plan.

In the event of changes in the outstanding Common Stock of the Company or other changes affecting shares, the 2005 Plan provides for appropriate adjustments in the number of shares available for issuance and covered by outstanding awards and/or in the price per share for outstanding shares.

Administration of the Plan

The 2005 Plan will be administered by the independent Compensation Committee ("Committee") of the Board or such other independent committee appointed by the Board of Directors. The Committee is comprised entirely of non-employee members of the Board of Directors, who shall be qualified to administer this Plan as contemplated by (a) Rule 16b-3 under the Exchange Act or any successor rule, and (b) any rules and regulations of a stock exchange on which Common Stock is listed. The Committee has full and exclusive power, within the limitations set forth in the 2005 Plan, to make all decisions and determinations regarding the selection of participants and the granting of awards, establishing the terms and conditions relating to each award, adopting rules, regulations and guidelines for carrying out the Plan's purposes, and interpreting and otherwise construing the Plan. Except for the power to amend and except as may otherwise be required under applicable NYSE Rules ("NYSE Rules"), the Committee may delegate to one or more officers of the Company its powers under the 2005 Plan, subject to such conditions and restrictions as the Committee may establish from time to time.

The Committee may amend the 2005 Plan as it deems necessary, provided that no amendment may be made without the approval of stockholders if such amendment would increase the number of shares available for issuance under the Plan or otherwise cause the Plan to not comply with Rule 16b-3 of the 1934 Act or the Delaware General Corporation Law. No such amendments may adversely affect any outstanding awards under the 2005 Plan without the consent of the holders thereof. Notwithstanding the foregoing, an amendment that constitutes a "material revision," as defined by the NYSE Rules must be submitted to the Company's stockholders for approval. In addition, any revision that deletes or limits the scope of the Plan provision prohibiting repricing of options without shareholder approval will be considered a material revision and would require shareholder approval.

The Board may terminate the Plan at any time. Upon termination of the Plan, no future awards may be granted, but previously made awards will remain outstanding in accordance with their applicable terms and conditions, and the terms of the Plan. Absent any prior termination no awards or grants can be made after May 4, 2015.

Eligibility

Any employee of the Company or of any entity which is controlled by the Company or in which the Company has a significant equity interest will be eligible to receive an award under the 2005 Plan. Awards may be granted to employees who are foreign nationals or employed outside the United States on such terms as may be necessary or desirable, in the judgment of the Committee, to assure the viability of such awards consistent with the Plan's purpose.

Types of Awards

The Plan provides for the issuance of stock options which constitute rights entitling their holders to purchase shares of the Company's Common Stock during a specified period at a purchase price that is not less than 100% of Fair Market Value on the effective date of grant. Fair Market value for purpose of the 2005 Plan means the closing price of Common Stock on such date of grant or such price for the first preceding date on which there are trades if no trades occur on such effective grant date. Any stock option granted is intended to be an incentive stock option ("ISO") complying with the requirements of Section 422 of the Internal Revenue Code of 1986, as amended. Shares purchased upon exercise of stock options must be paid for in full at the time of exercise in cash or such other method as the Committee may permit from time to time. A repricing of a stock option will be allowed by the Committee only with the approval of the Company's stockholders to the extent required under the NYSE Rules. For this purpose, a "repricing" will be defined as described in the NYSE Rules. In addition, under no circumstances may stock option awards be made which provide by their terms for the automatic award of additional stock options upon the exercise of such awards, including, without limitation, "reload options."

The Committee has discretion with respect to any award granted under this Plan to establish upon its grant conditions under which (i) the award may be later forfeited, cancelled, rescinded, suspended, withheld or otherwise limited or restricted; or (ii) gains realized by the grantee in connection with an award or an award's exercise may be recovered; provided that such conditions and their consequences are: (a) clearly set forth in the grant agreement or other grant document; and (b) fully comply with applicable laws. These conditions may include, without limitation, actions by the participant which constitute a conflict of interest with the Company, are prejudicial to the Company's interests, or are in violation of any non-compete agreement or obligation, any confidentiality agreement or obligation, the Company's applicable policies, or the participant's terms and conditions of employment.

Awards will be evidenced by agreements approved by the Committee which set forth the terms and conditions of each award.

Generally, all awards under the 2005 Plan are nontransferable except by will or in accordance with laws of descent and distribution or pursuant to a domestic relations order. During the life of the participant, awards generally can be exercised only by him or her. The Committee may permit a participant to designate a beneficiary to exercise or receive any rights that may exist under the 2005 Plan upon the participant's death. Awards granted under the 2005 Plan may be subject to forfeiture back to the Company and/or restrictions on transferability for such periods as the Committee may determine.

Change in Control

Upon the occurrence of a change in control of the Company, as defined in the 2005 Plan, with certain exceptions, all awards outstanding under the 2005 Plan become immediately vested and are settled or paid out. The amount of cash to be paid shall be determined by multiplying the number of such awards, as the case may be, by the amount the CIC Price (as defined in the Plan) exceeds the exercise price.

"CIC Price" shall mean the higher of (a) the highest price paid for a share of the Company's Common Stock in the transaction or series of transactions pursuant to which a change in control of the Company shall have occurred, or (b) the highest price paid for a share of the Company's Common Stock during the 60-day period immediately preceding the date upon which the event constituting a change in control shall have occurred as reported in *The Wall Street Journal* in the NYSE Composite Transactions or similar successor consolidated transactions reports.

Federal Tax Aspects of the 2005 Plan

The Company believes that under the present law, the following are the federal tax consequences for the Company and its U.S. employees generally arising with respect to awards under the 2005 Plan. The grant of an option will create no tax consequences for an optionee or the Company. The optionee will have no taxable income upon exercising an ISO (except that the alternative minimum tax may apply), and the Company will receive no deduction when an ISO is exercised. The treatment of an optionee on a disposition of shares acquired through the exercise of an option depends on how long the shares have been held. Generally, there will be no tax consequence to the Company in connection with a disposition of shares acquired under an option except that the Company may be entitled to a deduction in the case of a disposition of shares acquired under an ISO before the applicable ISO holding periods have been satisfied. However, options for non-U.S. employees may have tax consequences for the employee and the Company.

To be adopted, the proposed plan must be approved by the holders of a majority of the votes cast at the meeting. All proxies will be voted "FOR" this plan unless a contrary choice is indicated.

Alamo Group Inc.

**Board of Directors
Corporate Governance Guidelines**

The following Corporate Governance Guidelines have been adopted by the Board of Directors (the "Board") of Alamo Group Inc. (the "Company") to assist the Board in the exercise of its responsibilities to the Company and its shareholders. These Guidelines should be interpreted in the context of all applicable laws and the Company's Certificate of Incorporation, By-laws and other corporate governance documents, and are intended to serve as a flexible framework within which the Board may conduct its business and not as a set of legally binding obligations. These Guidelines are subject to modification and the Board shall be able, in the exercise of its discretion, to deviate from these Guidelines from time to time, as the Board may deem appropriate or as required by applicable laws and regulations.

Director Qualifications

The Board will have a majority of directors who meet the criteria for independence required by the New York Stock Exchange. In determining independence, each year the Board shall affirmatively determine whether each director has no "material relationship" with the Company other than as a director. When assessing the "materiality" of a director's relationship with the Company, the Board shall consider all relevant facts and circumstances, not merely from the director's standpoint, but from that of the persons or organizations with which the director has an affiliation, and the frequency or regularity of the services, whether the services are being carried out at arm's length in the ordinary course of business and whether the services are being provided substantially on the same terms to the Company as those prevailing at the time from unrelated parties for comparable transactions. Material relationships can include commercial, banking, industrial, consulting, legal, accounting, charitable and familiar relationships. In no event will a director be considered "independent" if: (i) the director was employed by the Company within the preceding three years; (ii) an immediate family member of the director was employed by the Company as an executive officer within the preceding three years; (iii) within the preceding three years, the director, or an immediate family member of the director, received more than \$100,000 during any twelve-month period in direct compensation from the Company (other than director and committee fees and pension or other forms of deferred compensation for prior service with the Company; provided such compensation is not contingent in any way on continued service); (iv) the director is a current partner or employee of the Company's internal or external auditor; (v) an immediate family member of the director is a current partner of the Company's internal or external auditor or a current employee of such a firm who is participating in the firm's audit, assurance of tax compliance (but not tax planning) practice; (vi) the director or an immediate family member of the director is, or has been within the last three years, employed as an executive officer of another company where any of the Company's current executive officers at the same time serves or served on that company's compensation committee as an executive officer; or (viii) the director is a current executive officer or employee of, or an immediate family member of the director is a current executive officer of, a company that has made payments to, or received payments from the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of the other company's consolidated gross revenues. To help maintain the independence of the Board, all directors shall deal at arm's length with the Company and its subsidiaries and disclose all circumstances material to the director that might be perceived as a conflict of interest.

The Nominating/Corporate Governance Committee is responsible for reviewing with the Board, on an annual basis, the requisite skills and characteristics that the Board seeks in Board members as well as the composition of the Board as a whole, including an annual evaluation of whether members qualify as independent under applicable standards. During the course of a year, directors are expected to inform the Board of any material changes in their circumstances or relationships that may impact their designation by the Board as independent.

Nominees for director will be selected on the basis of outstanding achievement in their professional careers; broad experience; integrity; ability to make independent, analytical inquiries; understanding of the business environment; and willingness to devote adequate time to Board duties. The Board will not discriminate on the basis of race, color, national origin, gender, religion or disability in selecting nominees.

Directors will be shareholders and/or become shareholders either directly or beneficially of the Company within six months of their appointment. Nominees for directorship will be recommended by the Nominating/Corporate Governance Committee to the full Board in accordance with the policies and principles in its charter. The invitation to join the Board should be extended by the Board itself, by the Chairman or his designee.

It is the sense of the Board that individual directors who significantly change responsibilities or job positions should volunteer to resign from the Board. It is not the sense of the Board that in every instance the directors who retire or change from the position they held when they came on the Board should necessarily leave the Board. There should however, be an opportunity for the Board, through the Nominating Corporate Governance Committee, to review the continued appropriateness of Board membership under the circumstances.

Directors should advise the Chairperson of the Board and the Chairperson of the Nominating/Corporate Governance Committee in advance of accepting an invitation to serve on another public company board. No member of the Audit Committee may serve on more than two other public company audit committees without first obtaining the prior approval of the Board.

Director Responsibilities

The basic responsibility of the directors is to exercise their business judgment to act in what they reasonably believe to be in the best interest of the Company and its shareholders. In discharging that obligation, directors should be entitled to rely on the honesty and integrity of the Company's senior executives and its outside advisors and auditors, to the fullest extent permitted by law. At the Board's discretion the Company may purchase reasonable directors' and officers' liability insurance on their behalf, and indemnify the directors to the fullest extent permitted by law and the Company's articles of incorporation, by-laws and any indemnification agreements.

The specific duties and responsibilities of the Board will include, among other things, overseeing the management of the business and affairs of the Company; selecting and recommending to shareholders appropriate candidates for election to the Board; reviewing and, where appropriate, approving the business plans, major strategies and financial objectives of the Company; evaluating Board processes and performances and the overall effectiveness of the Board; evaluating the performance of the Company and of senior management; requiring, approving and overseeing the implementation of the Company's succession plans; reviewing compliance with applicable laws and regulations and adopting policies of corporate conduct to assure compliance with applicable laws and regulations and to assure maintenance of necessary accounting, financial, and other controls; and showing, through its actions, its awareness that the Company's long-term success depends upon its strong relationship with its customers, associates, suppliers and the communities, including the global community, in which it operates.

Directors are expected to serve on Board committees.

Directors are expected to attend regularly scheduled Board meetings and meetings of committees on which they serve, and to spend the time necessary to discharge properly their responsibilities. Information and data that are important to the Board's understanding of the business to be conducted at a Board or committee meeting generally should be distributed in writing to the directors before the meeting, and directors should review these materials in advance of the meeting. Directors are also expected to attend the Annual Shareholders' meeting.

The Board will meet at least four times per year and will hold additional meetings either in person or by teleconference when needed to address issues of special concern or urgency. The offices of Chairperson of the Board and Chief Executive Officer ("CEO") are currently separate. The Board will review the situation if it changes in the future.

Management will prepare Board agendas with concurrence of the Chairman. Each Board member is free to suggest the inclusion of items on the agenda. Each Board member is free to raise at any Board meeting subjects that are not on the agenda for that meeting. The Board will review the Company's strategic plans and the principal issues that the Company will face in the future during at least one Board meeting each year. All meetings of the Board shall be held pursuant to the by-laws of the Company with regard to notice and waiver thereof, and written minutes of each meeting, in the form approved by the Board, shall be duly filed in the Company records.

The directors will meet in executive session at each meeting of the Board without the Company's management. The chairperson who presides at these meetings will be the Chairman or his designee. The Company will also disclose in the proxy statement a method for interested parties to contact the presiding director, or the independent directors as a group, directly.

The Board should ensure that all required reporting is provided by management to shareholders, potential shareholders and the investment community.

The Board believes that the management speaks for the Company. Individual Board members may, from time to time, meet or otherwise communicate with various constituencies that are involved with the Company. It is expected, however, that Board members would do this with the knowledge of the management and, absent unusual circumstances or as contemplated by the committee charters, only at the request of management. Generally, directors should refer investors, market professionals and the media to the CEO or another individual designated by the Company.

The Board acknowledges that proxy cards, ballots and voting tabulations that identify shareholders will be kept confidential unless disclosure is: (i) necessary to meet applicable legal requirements or to assert or defend claims for or against the Company; (ii) expressly requested by the shareholder (and then disclosure is limited to that particular shareholder's vote); or (iii) made during a contested proxy solicitation. Both the tabulators and inspectors of the election, who are appointed by the Board, shall be independent of the Company.

Board Committees

The Board will have at all times an Audit Committee, a Nominating/ Corporate Governance Committee, and a Compensation Committee. The members of the Audit Committee, the Nominating/Corporate Governance Committee and the Compensation Committee will be independent directors under the criteria established by the New York Stock Exchange and any other applicable rules or regulations. Committee members will be appointed annually by the Board upon recommendation of the Nominating/Corporate Governance Committee with consideration of the desires of individual directors.

Each committee will have its own charter. The charters will set forth the purposes, goals and responsibilities of the committees as well as qualifications for committee membership, procedures for committee member appointment and removal, committee structure and operations and committee reporting to the Board. The charters will also provide that each committee will annually evaluate its performance.

The chairperson of each committee, in consultation with the committee members, will determine the frequency and length of the committee meetings consistent with any requirements set forth in the committee's charter. During the year, the chairperson of each committee, in consultation with the appropriate members of the committee and management, will develop the agenda for each meeting. All meetings of each committee shall be held pursuant to the by-laws of the Company with regard to notice and waiver thereof, and written minutes of each meeting, in the form approved by the relevant committee, shall be duly filed in the Company records.

A report regarding each committee meeting will be provided to the full Board, as appropriate. Directors will be given copies of the minutes of any committee meeting.

In addition, the chairperson of each committee will report to the full Board regarding matters that should be brought to the attention of the Board.

The Board and each committee have the power to hire independent legal, financial or other advisors, as they may deem necessary, without consulting or obtaining the approval of any officer of the Company in advance.

The Board may, from time to time, establish or maintain additional committees as necessary or appropriate.

Director Access to Officers, Associates and Outside Advisors

Directors have full and free access to officers and other employees of the Company and the Company's outside advisors. Any meetings or contacts that a director wishes to initiate may be arranged through the CEO or the Secretary or directly by the director. The directors will use their judgment to ensure that any such contact is not disruptive to the business operations of the Company. It is the expectation of the Board that directors will keep the CEO informed of communications between a director and an officer or other employee of the Company, as appropriate.

At least once per year management will report to the Board regarding management development and succession, including progress and strategic planning.

Other executives may attend Board meetings or committee meetings at the invitation of the Chairperson of the Board or Committee or the CEO to provide information and insight to the Board or Committee.

Director Compensation

The Compensation Committee shall have the responsibility for recommending to the Board appropriate compensation for non-employee directors. Each year, the Compensation Committee shall review non-employee director compensation. The Compensation Committee will annually review director compensation. The Compensation Committee will consider that directors' independence may be jeopardized if director compensation and perquisites exceed customary levels, if the Company makes substantial charitable contributions to organizations with which a director is affiliated, or if the Company enters into consulting contracts with (or provides other indirect forms of compensation to) a director or an organization with which the director is affiliated. Compensation of directors will be disclosed annually in the Company's proxy.

Director Continuing Education

Each director is expected to maintain the necessary level of expertise to perform his or her responsibilities as a director. The Company may, from time to time, offer continuing education programs to assist the directors in maintaining such level of expertise.

CEO Evaluation and Management Succession

The Nominating/Corporate Governance Committee will conduct an annual review of the CEO's performance, as set forth in its charter. The Board will review the Nominating/Corporate Governance Committee's report in order to ensure that the CEO is providing the best leadership for the Company in the long- and short-term.

The Nominating/Corporate Governance Committee should make an annual report to the Board on succession planning. The entire Board will work with the Nominating Corporate Governance Committee to nominate and evaluate potential successors to the CEO. The CEO should at all times make available his or her recommendations and evaluations of potential successors, along with a review of any development plans recommended for such individuals.

Annual Performance Evaluation

The Board will conduct an annual self-evaluation to determine whether it and its committees are functioning effectively. The Nominating/Corporate Governance Committee will receive comments from all directors and report annually to the Board with an assessment of the Board's performance. This will be discussed with the full Board following the end of each fiscal year. The assessment will focus on the Board's contribution to the Company and specifically focus on areas in which the Board or management believes that the Board could improve.

The members of the Committee shall be elected annually to one-year terms by a majority vote of the Board at the first meeting of the Board following the annual meeting of the shareholders. Vacancies on the Committee shall be filled by majority vote of the Board at the next meeting of the Board following the occurrence of the vacancy. No member of the Committee shall be removed except by majority vote of the Board.

The Committee's chairperson shall be designated by the majority vote of the Board or, if it does not do so, the Committee members shall elect a chairman by vote of the majority of the Committee.

Appendix E

Alamo Group Inc.

2005 Incentive Stock Option Plan

1. *Purpose*

The purpose of the Alamo Group Inc. 2005 Incentive Stock Option Plan (the "2005 Plan" or the "Plan") is to advance the interests of Alamo Group Inc. (the "Company") and to increase shareholder value by providing officers and employees of the Company, its subsidiaries and its Affiliates (as hereinafter defined) with a proprietary interest in the growth and performance of the Company and with incentives for current or future service with the Company, its subsidiaries and Affiliates. The Plan shall be administered so as to qualify the options as "incentive stock options" under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). The Plan is a successor plan to the Amended and Restated 1994 Incentive Stock Option Plan, which may be referred to as the "Predecessor Plan."

2. *Effective Date and Term*

The Plan shall be effective as of May 4, 2005, subject to the approval of the Company's shareholders at the 2005 annual meeting of shareholders. No awards or grants can be made after May 4, 2015 unless terminated sooner pursuant to Section 11 by the Company's Board of Directors (the "Board"). Effective April 4 2004, no further awards shall be made under the Predecessor Plan, but outstanding awards under any Predecessor Plan shall remain outstanding in accordance with its applicable terms and conditions.

3. *Plan Administration*

The independent Compensation Committee of the Board, or such other independent committee as the Board shall determine, comprised of not less than three members shall be responsible for administering the Plan (the "Compensation Committee"). To the extent specified by the Compensation Committee it may delegate its administrative responsibilities to a subcommittee of the Compensation Committee comprised of not less than three members (the Compensation Committee and such subcommittee being hereinafter referred to as the "Committee"). The Compensation Committee or such subcommittee members, as appropriate, shall be qualified to administer the Plan as contemplated by (a) Rule 16b-3 under the Securities Exchange Act of 1934 (the "1934 Act") or any successor rule, and (b) any rules and regulations of a stock exchange on which Common Stock (as defined in Section 5) of the Company is listed. The Committee, and such subcommittee to the extent provided by the Committee, shall have full and exclusive power to interpret, construe and implement the Plan and any rules, regulations, guidelines or agreements adopted hereunder and to adopt such rules, regulations and guidelines for carrying out the Plan as it may deem necessary or proper. These powers shall include, but not be limited to, (i) determination of the type or types of awards to be granted under the Plan; (ii) determination of the terms and conditions of any awards under the Plan; (iii) determination of whether, to what extent and under what circumstances awards may be settled, paid or exercised in cash, shares, other securities, or other awards, or other property, or cancelled, forfeited or suspended; (iv) adoption of such modifications, amendments, procedures, subplans and the like as are necessary to enable participants employed in other countries in which the Company may operate to receive advantages and benefits under the Plan consistent with the laws of such countries, and consistent with the rules of the Plan; (v) subject to the rights of participants, modification, change, amendment or cancellation of any award to correct an administrative error, and (vi) taking any other action the Committee deems necessary or desirable for the administration of the Plan. All determinations, interpretations, and other decisions under or with respect to the Plan or any award by the Committee shall be final, conclusive and binding upon the Company, any participant, any holder or beneficiary of any award under the Plan and any employee of the Company. Except for the power to amend the Plan as provided in Section 11 and except for determination regarding employees who are subject to Section 16 of the 1934 Act, and except as may otherwise be required under applicable New York Stock Exchange rules, the Committee may delegate any or all of its duties, powers and authority under the Plan pursuant to such conditions or limitations as the Committee may establish to any officer or officers of the Company.

4. *Eligibility*

Any employee of the Company shall be eligible to receive an award under the Plan. For purposes of this Section 4, "Company" shall include any entity that is directly or indirectly controlled by the Company or any entity in which the Company has a significant equity interest, as determined by the Committee ("Affiliate").

5. *Shares of Stock Subject to the Plan*

A total number of five hundred thousand (500,000) shares of common stock, par value \$0.10 per share, of the Company ("Common Stock" or "Stock") shall become available for issuance under the Plan.

Any shares that are issued by the Company, and any awards that are granted by, or become obligations of, the Company, through the assumption by the Company or an affiliate of, or in substitution for, outstanding awards previously granted by an acquired company shall not be counted against the shares available for issuance under the Plan.

In determining shares available for issuance under the Plan, any awards granted under the Plan that are cancelled, are forfeited or lapse shall become eligible again for issuance under the Plan.

Any shares issued under the Plan may consist in whole or in part, of authorized and unissued shares or of treasury shares, and no fractional shares shall be issued under the Plan. Cash may be paid in lieu of any fractional shares in settlements of awards under the Plan.

6. *Adjustments and Reorganizations*

The Committee may make such adjustments as it deems appropriate to meet the intent of the Plan in the event of changes that impact the Company's share price or share status, provided that any such actions are consistently and equitably applicable to all affected participants.

In the event of any stock dividend, stock split, combination or exchange of shares, merger, consolidation, spin-off or other distribution (other than normal cash dividends) of Company assets to shareholders, or any other change affecting shares, such adjustments, if any, as the Committee in its discretion may deem appropriate to reflect such change shall be made with respect to (i) the aggregate number of shares that may be issued under the Plan; (ii) the number of shares subject to awards of a specified type or to any individual under the Plan; and/or (iii) the price per share for any outstanding stock options.

Notwithstanding anything to the contrary in this Section 6 or any other provision of the Plan, the Committee may increase the maximum aggregate number of shares that may be issued under the Plan only to the extent necessary to reflect a change in the number of outstanding shares of Common Stock, such as a stock dividend or stock split.

7. *Awards*

The Committee shall determine the award(s) to be made to each participant under the Plan and shall approve the terms and conditions governing such awards in accordance with Section 10. However, under no circumstances may stock option awards be made which provide by their terms for the automatic award of additional stock options upon the exercise of such awards, including, without limitation, "reload options."

A Stock Option represents the right to purchase a share of Stock at a predetermined Grant Price. Options granted under this Plan shall be in the form of Incentive Stock Options. The terms of each Stock Option, including the Grant Date, shall be set forth in the award agreement. Subject to the applicable award agreement, Stock Options may be exercised, in whole or in part, by giving written notice of exercise to the Company specifying the number of shares to be purchased. Such notice shall be accompanied by payment in full of the purchase price by certified or bank check or such other instrument as the Company may accept (including a copy of instructions to a broker or bank acceptable to the Company to deliver promptly to the Company an amount of sale or loan proceeds sufficient to pay the purchase price). As determined by the Committee, payment in full or in part may also be made in the form of Common Stock already owned by the optionee valued at the Fair Market Value on the date the Stock Option is exercised; provided, however, that to the extent required by the Committee such Common Stock shall not have been acquired within the preceding six months upon the exercise of a Stock Option Award granted under the Plan or any other plan maintained at any time by the Company or any subsidiary.

Stock Options shall be designed to comply with the provisions of the Code and will be subject to certain restrictions contained in the Code. Among such restrictions, Stock Options must have an exercise price not less than the Fair Market Value of a share of Common Stock on the Grant Date, must expire within a specified period of time following the optionee's termination of employment, and must be exercised within ten years after the Grant Date. In the case of a Stock Option granted to an individual who owns (or is deemed to own) at least 10% of the total combined voting power of all classes of stock of the Company, the exercise price must be at least 110% of the total combined Fair Market Value of a share of Common Stock on the Grant Date and the Stock Option must expire no later than the fifth anniversary of the date of its grant. The aggregate Fair Market Value (determined at the time the option was granted) of the Common Stock with respect to which Stock Options are exercisable for the first time by a participant during any calendar year shall not exceed \$100,000 (or such other limit as may be required by the Code).

Notwithstanding any provision of the Plan, a repricing of a stock option shall be allowed by the Committee only with the approval of the Company's shareholders to the extent required under the rules of the New York Stock Exchange. For this purpose, a "repricing" shall be defined as described in the New York Stock Exchange rules.

The Committee shall have the discretion with respect to any award granted under the Plan to establish upon its grant conditions under which (i) the award may be later forfeited, cancelled, rescinded, suspended, withheld or otherwise limited or restricted; or (ii) gains realized by the grantee in connection with an award or an award's exercise may be recovered; provided that such conditions and their consequences are: (a) clearly set forth in the grant agreement or other grant document; and (b) fully comply with applicable laws. These conditions may include, without limitation, actions by the participant which constitute a conflict of interest with the Company, are prejudicial to the Company's interests, or are in violation of any non-compete agreement or obligation, any confidentiality agreement or obligation, the Company's applicable policies, or the participant's terms and conditions of employment.

8. *Fair Market Value*

Fair Market Value for all purposes under the Plan shall mean the closing price of Common Stock as reported in The Wall Street Journal in the New York Stock Exchange Composite Transactions or similar successor consolidated transactions reports for the relevant date, or if no sales of Common Stock were made on said exchange on that date, the closing price of Common Stock as reported in said composite transaction report for the preceding day on which sales of Common Stock were made on said exchange. Under no circumstances shall Fair Market Value be less than the par value of the Common Stock.

9. *Transferability and Exercisability*

Except as otherwise provided in this Section 9, all awards under the Plan shall be nontransferable and shall not be assignable, alienable, saleable or otherwise transferable by the participant other than by will or the laws of descent and distribution except pursuant to a domestic relations order entered by a court of competent jurisdiction. Except as otherwise provided in this Section 9, during the life of the participant, awards under the Plan shall be exercisable only by him or her except as otherwise determined by the Committee. In addition, if so permitted by the Committee, a participant may designate a beneficiary or beneficiaries to exercise the rights of the participant and receive any distributions under the Plan upon the death of the participant.

10. *Award Agreements; Notification of Award*

Awards under the Plan shall be evidenced by one or more agreements approved by the Committee that set forth the terms and conditions of and limitations on an award, except that in no event shall the term of any Stock Option exceed a period of ten years from the date of its grant. The Committee need not require the execution of any such agreement by a participant in which case acceptance of the award by the respective participant will constitute agreement to the terms of the award.

11. *Plan Amendment and Termination*

The Compensation Committee may amend the Plan as it deems necessary or appropriate, except that no such amendment which would cause the Plan not to comply with the requirements of (i) the Code or (ii) the Delaware General Corporation Law as in effect at the time of such amendment shall be made without the approval of the Company's shareholders. No such amendment shall adversely affect any outstanding awards under the Plan without the consent of all of the holders thereof.

Notwithstanding the foregoing, an amendment that constitutes a "material revision," as defined by the rules of the New York Stock Exchange, shall be submitted to the Company's shareholders for approval. In addition, any revision that deletes or limits the scope of the provision in Section 7 prohibiting repricing of options without shareholder approval will be considered a material revision.

The Board may terminate the Plan at any time. Upon termination of the Plan, no future awards may be granted, but previously-made awards shall remain outstanding in accordance with their applicable terms and conditions, and the terms of the Plan.

12. *Other Company Benefit and Compensation Programs*

Unless otherwise determined by the Committee, settlements of awards received by participants under the Plan shall not be deemed a part of a participant's regular, recurring compensation for purposes of calculating payments or benefits from any Company benefit plan, severance program or severance pay law of any country.

13. *Unfunded Plan*

Unless otherwise determined by the Committee, the Plan shall be unfunded and shall not create (or be construed to create) a trust or a separate fund or funds. The Plan shall not establish any fiduciary relationship between the Company and any participant or other person. To the extent any person holds any rights by virtue of a grant awarded under the Plan, such right (unless otherwise determined by the Committee) shall be no greater than the right of an unsecured general creditor of the Company.

14. *Future Rights*

No person shall have any claim or right to be granted an award under the Plan, and no participant shall have any right by reason of the grant of any award under the Plan to continued employment by the Company or any subsidiary of the Company.

15. *General Restriction*

Each award shall be subject to the requirement that, if at any time the Committee shall determine, in its sole discretion, that the listing, registration or qualification of any award under the Plan upon any securities exchange or under any state or federal law, or the consent or approval of any government regulatory body, is necessary or desirable as a condition of, or in connection with, the granting of such award or the exercise settlement thereof, such award may not be granted, exercised or settled in whole or in part unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Committee.

16. *Governing Law*

THE VALIDITY, CONSTRUCTION AND EFFECT OF THE PLAN AND ANY ACTIONS TAKEN OR RELATING TO THE PLAN SHALL BE DETERMINED IN ACCORDANCE WITH THE LAWS OF THE STATE OF DELAWARE AND APPLICABLE FEDERAL LAW.

17. *Successors and Assigns*

The Plan shall be binding on all successors and permitted assigns of a participant, including, without limitation, the estate of such participant and the executor, administrator or trustee of such estate, or any receiver or trustee in bankruptcy or representative of such participant's creditors.

18. *Rights as a Shareholder*

A participant shall have no rights as a shareholder until he or she becomes the holder of record of Common Stock.

19. *Change in Control*

Notwithstanding anything to the contrary in the Plan, the following shall apply to all awards granted and outstanding under the Plan:

A. *Definitions*

The following definitions shall apply to this Section 19:

A "Change in Control," unless otherwise defined by the Compensation Committee, shall be deemed to have occurred if (a) any "person," as such term is used in Section 13(d) and 14(d) of the 1934 Act, other than (1) the Company, (2) any trustee or other fiduciary holding securities under an employee benefit plan of the Company, (3) any company owned, directly or indirectly, by the shareholders of the Company in substantially the same proportions as their ownership of stock of the Company, or (4) any person who becomes a "beneficial owner" (as defined below) in connection with a transaction described in clause (1) of subparagraph (c) below, is or becomes the "beneficial owner" (as defined in Rule 13d-3 under the 1934 Act), directly or indirectly, of securities of the Company (not including in the securities beneficially owned by such person any securities acquired directly from the Company or its affiliates) representing 20 percent or more of the combined voting power of the Company's then outstanding voting securities; (b) individuals who on May 4, 2005 constitute the Board and any new director (other than a director whose initial assumption of office is in connection with an actual or threatened election contest, including but not limited to a consent solicitation, relating to the election of directors of the Company) whose appointment or election by the Board or nomination for election by the Company's shareholders was approved or recommended by a vote of at least two-thirds of the directors then still in office who were directors on May 4, 2005, or whose appointment, election or nomination for election was previously so approved or recommended; (c) there is consummated a merger or consolidation of the Company or any direct or indirect subsidiary of the Company with any other corporation, other than (1) a merger or consolidation which results in the directors of the Company immediately prior to such merger or consolidation continuing to constitute at least a majority of the board of directors of the Company, the surviving entity or any parent thereof or (2) a merger or consolidation effected to implement a recapitalization of the Company (or similar transaction) in which no person is or becomes the beneficial owner, directly or indirectly, of securities of the Company or its affiliates) representing 20% or more of the combined voting power of the Company's then outstanding securities; or (d) the shareholders of the Company approve a plan of complete liquidation or dissolution of the Company or there is consummated an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets, other than a sale or disposition by the Company of all or substantially all of the Company's assets to an entity, at least 50% of the combined voting power of the voting securities of which are owned by stockholders of the Company in substantially the same proportions as their ownership of the Company immediately prior to the sale.

"CIC Price" shall mean the higher of (a) the highest price paid for a share of the Company's Common Stock in the transaction or series of transactions pursuant to which a Change in Control of the Company shall have occurred, or (b) the highest price paid for a share of the Company's Common Stock during the 60 day period immediately preceding the date upon which the event constituting a Change in Control shall have occurred as reported in The Wall Street Journal in the New York Stock Exchange Composite Transactions or similar successor consolidated transactions reports.

B. *Acceleration of Vesting*

Upon the occurrence of an event constituting a Change in Control, all Stock Options (to the extent the CIC Price exceeds the exercise price), outstanding on such date shall become 100% vested and shall be paid in cash as soon as may be practicable. Upon such payment, such awards and any related Stock Options shall be cancelled.

The amount of cash to be paid shall be determined by multiplying the number of such awards by: the difference between the exercise price of the related Stock Option per share and the CIC Price to the extent the CIC Price is greater than the exercise price.

C. Notwithstanding the foregoing, any stock-based award held by an officer or director subject to Section 16 of the 1934 Act which have been outstanding less than six months (or such other period as may be required by the 1934 Act) upon the occurrence of an event constituting a Change in Control shall not be paid in cash until the expiration of such period, if any, as shall be required pursuant to such Section, and the amount to be paid shall be determined by multiplying the number of unexercised shares under such stock options, as the case may be, by the difference between the exercise price of the related option per share and the CIC Price determined as though the event constituting the Change in Control had occurred on the first day following the end of such period.
