ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

On March 14, 2004, the Board of Directors (the "Board") of Kansas City Southern ("KCS" or the "Company") approved an amendment and restatement of KCS's 1991 Amended and Restated Stock Option and Performance Award Plan to prohibit the repricing of options awarded under such plan. The 1991 Amended and Restated Stock Option and Performance Award Plan (as amended and restated effective as of March 14, 2005) (the "1991 Plan") includes an amendment to the provisions on the powers of the Committee (as defined in the 1991 Plan) to prohibit the Committee from, without the prior approval of KCS stockholders, amending the terms of any option to reduce the option price, cancel any option or grant a new option in its place if the effect is the same as if the cancelled option had been amended to reduce the option price, or amending the plan to authorize the Committee to take any such action.

On March 14, 2004, the Compensation and Organization Committee (the "Compensation Committee") of the KCS Board granted awards of restricted shares of KCS common stock to certain participants in the 1991 Plan, including the Chief Executive Officer, certain of the four other most highly compensated executive officers in 2004 and the current KCS Chief Operating Officer and the current principal accounting officer. The following description is a brief summary of the material terms and conditions of the restricted share grants to such officers listed below. This summary is not intended to be complete, and is qualified in its entirety by reference to the form of Restricted Shares Award Agreement included as Exhibit 10.1 to this report and incorporated herein by reference.

The awards and the restricted shares award agreement are subject to the terms and conditions of the 1991 Plan. Subject to early lapsing and forfeiture provisions, or acceleration by the Committee, the restrictions on the shares received by such executive officers will lapse on March 14, 2010.

If the grantee reaches the age of 55 and retires and has completed at least five years of service with the Company or a subsidiary, then upon his retirement, for every consecutive 12-month period of employment completed beginning on the grant date and ending on the date of his retirement, restrictions will lapse on one-fifth of the number of such restricted shares, and any unvested shares will be forfeited. Restrictions on such shares will also lapse upon a termination due to the grantee's death, Disability or a Change in Control (as defined in the 1991 Plan). In the event of a termination other than as described above, such restricted shares will be forfeited, and the grantee has agreed to repay to the Company all dividends, if any, paid in cash or in stock with respect to such forfeited restricted shares.

Each of the following executive officers received the following number of restricted shares:
