Edgar Filing: PATIENT INFOSYSTEMS INC - Form 10QSB

PATIENT INFOSYSTEMS, INC. AND SUBSIDIARIES

Notes to Unaudited Consolidated Financial Statements for the period ended June 30, 2004

1. The consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, Patient Infosystems Canada, Inc., which ceased operations in January 2001 and American Caresource Holdings, Inc. ("ACS") which was created in December 2003. Significant intercompany transactions and balances have been eliminated in consolidation.

Acquisition - On December 31, 2003, the Company acquired substantially all the assets and liabilities of American Caresource Corporation for a total purchase price of \$5,754,866. The Company recorded this acquisition using the purchase method of accounting and therefore, the operations of ACS are included only since the date of the acquisition.

The accompanying consolidated financial statements for the three and six month periods ended June 30, 2004 and June 30, 2003 are unaudited and reflect all adjustments (consisting only of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the financial position and operating results for the interim periods. These unaudited consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto, together with management's discussion and analysis of financial condition and results of operations contained in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2003. Certain reclassifications of 2003 amounts have been made to conform to 2004 presentations. The results of operations for the three and six months ended June 30, 2004 are not necessarily indicative of the results for the entire year ending December 31, 2004.

All share and per share information contained herein gives effect to the 1 for 12 reverse stock split which was effective as of January 9, 2004.

The calculations for the basic and diluted loss per share for the three and six month periods ended June 30, 2004 and 2003 did not include options to purchase, respectively, 1,442,127 and 92,877 shares of common stock nor the common equivalent shares issuable upon conversion of the 75,000 and 840,118, respectively, shares of Series C and Series D Preferred Stock which were outstanding because the effect would have been antidilutive due to the net loss in those periods. The computation of basic and diluted net loss per share is as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2004	2003	2004	2003
Net loss	\$ (710,674)	\$(1,006,198)	\$(1,482,373)	\$(1,511,

Common Stockholders	\$ (916,576)	\$ (2,496,016)	\$ (1,975,489)	\$ (3,023,700)
Weighted average common shares	6,589,015	913,009	5,972,007	913,009
Net loss per share - Basic and diluted	\$ (0.14)	\$ (2.73)	\$ (0.33)	\$ (3.29)

Stock-Based Compensation - In 2002, the Company adopted Statement of Financial Accounting Standards ("SFAS") No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure." This standard provides alternative methods of transition for voluntary change to the fair value based method of accounting for stock-based employee compensation. Additionally, the standard also requires prominent disclosures in the Company's financial statements about the method of accounting used for stock-based employee compensation, and the effect of the method used when reporting financial statements.

The Company accounts for stock-based compensation in accordance with SFAS No. 123, "Accounting for Stock-Based Compensation". As permitted by SFAS No. 123, the Company continues to measure compensation for such plans using the intrinsic value based method of accounting, prescribed by Accounting Principles Board ("APB"), Opinion No. 25, "Accounting for Stock Issued to Employees." Had compensation cost for the Company's stock-based compensation plans been determined based on the fair value at the date of grant for awards consistent with the provisions of SFAS No. 123, the Company's net loss and net loss per share would have been increased to the pro forma amounts indicated below:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2004	2003	2004	2003
Net loss attributable to common				
shareholders - as reported	\$ (916,576)	\$ (2,496,016)	\$ (1,975,489)	\$ (3,023,700)
Stock compensation expense	(95,843)	(30,828)	(1,257,802)	(57,100)
Net loss - pro forma	(1,012,419)	(2,526,844)	(3,233,291)	(3,080,800)
Net loss per share - basic and diluted - as reported	\$ (0.14)	\$ (2.73)	\$ (0.33)	\$ (3.29)
Net loss per share - basic and diluted - pro forma	\$ (0.15)	\$ (2.77)	\$ (0.54)	\$ (3.33)
Weighted average common shares	6,589,015	913,009	5,972,007	913,009

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model using an expected life of 7 years and assumed risk-free interest rates of 4.35% as of June 30, 2004 and 3.79% as of December 31, 2003. The assumed dividend yield was zero. The Company has used a volatility factor of 113% as of June 30, 2004 and 98% as of December 31, 2003. For purposes of pro forma disclosure, the estimated fair value of each option is amortized to expense over that option's vesting period and only the compensation expense related to the three and six month periods ended June 30, 2003 and 2004 were used to adjust the net loss on a

Edgar Filing: PATIENT INFOSYSTEMS INC - Form 10QSB

pro forma basis.

2. On December 31, 2003, the Company entered into the Third Addendum to the Second Amended and Restated Credit Agreement with Well Fargo Bank Iowa, N.A., which extended the term of the \$3,000,000 credit facility to July 31, 2005. Dr. Schaffer and Mr. Pappajohn, directors of the Company, guaranteed this extension. In consideration of their guarantees, in February 2004 the Company granted to Dr. Schaffer and Mr. Pappajohn warrants to purchase an aggregate of 47,500 shares of Series D Convertible Preferred Stock, which are convertible into an aggregate of 475,000 shares of the Company's common Stock for \$10.00 per preferred share. The Company valued these warrants at \$1,085,375 using the Black-Scholes method. The value of these warrants was recorded as unearned debt issuance costs and will be amortized as financing costs over the nineteen month period of the loan guarantee. During the three and six months ended June 30, 2004, the Company recorded a financing cost of \$171,375 and \$342,750, respectively.
3. On March 28, 2004, Mr. Pappajohn and Dr. Schaffer signed a letter to the Company in which they made a commitment to obtain the operating funds that the Company believes would be sufficient to fund its operations through January 1, 2005. There can be no assurances given that Mr. Pappajohn or Dr. Schaffer can raise either the required working capital through the sale of the Company's securities or that the Company can borrow the additional amounts needed.
4. During the six month period ended June 30, 2004, the Company issued 4,427,713 shares of its common stock and 10,018 shares of its Series D Convertible Preferred Stock to certain investors in exchange for \$7,471,289 which consisted of \$7,263,200 of working capital, \$53,180 of accrued interest payable, \$26,659 of debt and \$128,250 of services. The Company incurred \$533,658 of costs directly attributable to the sale of its common stock.

During the six month period ended June 30, 2004, the Company paid \$439,913 of expenses by issuing shares of its common stock and warrants to purchase shares of its common stock. The Company issued 72,125 shares of its common stock as payment of \$128,250 in consulting expenses and issued warrants to placement agents to purchase 118,450 shares of its common stock at exercise prices between \$1.68 and \$2.75 per share. The warrants were assigned an aggregate fair market value of \$311,663 using a Black-Scholes valuation method.

Of the warrants to purchase 118,450 shares of the Company's common stock, the issuance of warrants to purchase 12,500 shares, assigned a value of \$22,750, resulted in an additional expense related to the purchase of substantially all the assets of and assumption of liabilities from American Caresource Corporation on December 31, 2003. Accordingly, goodwill related to this acquisition was increased by \$22,750.

5. During the three months ended June 30, 2004, the Company operated in two segments: (i) Patient Infoystems, which includes disease management, demand management and provider improvement services; and (ii) American Caresource, which includes ancillary benefits management services. Selected financial information on the Company's segments for the three and six month periods ended June 30, 2004 and 2003 and pro forma combined as if the acquisition had occurred as of January 1, 2003 are presented as follows:

Three Months ended June 30,

6. The accompanying unaudited consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the accompanying unaudited consolidated financial statements, the Company incurred a net loss for the six month period ended June 30, 2004 of \$1,482,373 and had working capital of \$2,795,184 at June 30, 2004. These factors, among others, may indicate that the Company will be unable to continue as a going concern for a reasonable period of time.

The unaudited consolidated financial statements do not include any adjustments relating to the recoverability of assets and classification of liabilities that might be necessary should the Company be unable to continue as a going concern. The Company's ability to continue as a going concern is dependant upon its ability to generate sufficient cash flow to meet its obligations. Management is currently assessing the Company's operating structure for the purpose of reducing ongoing expenses, increasing sources of revenue and is negotiating the terms of additional debt or equity financing.

Item 2. Management's Discussion and Analysis or Plan of Operations.

Management's discussion and analysis provides a review of the Company's operating results for the three and six month periods ended June 30, 2004 as compared to the three and six month periods ended June 30, 2003 and a review of

Edgar Filing: PATIENT INFOSYSTEMS INC - Form 10QSB

the Company's financial condition at June 30, 2004 as compared to June 30, 2003 and December 31, 2003. The focus of this review is on the underlying reasons for significant changes and trends affecting the revenues, net earnings and financial condition of the Company. This review should be read in conjunction with the accompanying unaudited consolidated financial statements.

In an effort to give investors a well-rounded forward-looking view of the Company's current condition and future opportunities, this Quarterly Report on Form 10-QSB includes information from the Company's management about future performance and results. Because they are forward-looking, this information involves uncertainties. These uncertainties include the Company's ability to continue its operations as a result of, among other things, continuing losses, working capital short falls, uncertainties with respect to sources of capital, risks of market acceptance of or preference for the Company's systems and services, competitive forces, the impact of changes in government regulations, general economic factors in the healthcare industry and other factors discussed in the Company's filings with the Securities and Exchange Commission including the Company's Annual Report on Form 10-KSB for the year ended December 31, 2003.

Results of Operations

To assist the reader's understanding of the results of operations, each of the Company's segments will be presented separately using the following segmented statement of operations, which includes pro forma results of American Caresource Holdings, Inc. for the three and six month periods ended June 30, 2003 for comparative purposes:

PATIENT INFOSYSTEMS

Revenues

Revenues consist of revenues from operations and other fees. Revenues increased to \$1,679,726 from \$1,580,037 during the three months ended June 30, 2004 and 2003, respectively, or 6%. Revenues increased to \$4,024,153 from \$2,527,716 during the six months ended June 30, 2004 and 2003, respectively, or 59%.

	Three Months Ended June 30,		Six Months Ended June 30,	
Revenues	2004	2003	2004	2003
Operations Fees				
Provider Improvement	\$ 1,165,916	\$ 927,854	\$ 3,024,019	\$ 1,297,850
Disease and demand management	505,425	643,074	989,063	1,192,381
Total Operations Fees	1,671,341	1,570,928	4,013,082	2,490,231
Other Fees	8,385	9,109	11,071	37,485
Total Revenues	\$ 1,679,726	\$ 1,580,037	\$ 4,024,153	\$ 2,527,716

Provider innovations and improvement fee revenues are primarily attributable to assistance provided to organizations for the management of patients with chronic disease, including information technology support, learning organization services and data analysis and reporting. For a substantial part of its innovation and improvement work, Patient Infosystems provides services as a subcontractor to the Institute for Healthcare Improvement. Provider improvement fee revenues for the three and six month periods ended June 30, 2004 increased to \$1,165,916 and \$3,024,019, respectively, as compared to \$927,854 and \$1,297,850 for the same respective periods of 2003. The Company does not have a long term agreement with the Institute for Healthcare Improvement and no assurances can be given that Patient Infosystems will continue to provide these services at the current levels, or at all. Revenue recognized during the three and six month periods ended June 30, 2004 are not necessarily indicative of the results to be expected for the entire year ending December 31, 2004. The contracts for substantially all the provider improvement services are annual in nature, the largest of which ended as of June 30, 2004. Patient Infosystems anticipates renewing this contract and is

Edgar Filing: PATIENT INFOSYSTEMS INC - Form 10QSB

therefore continuing to provide these services during the renewal process. No assurance can be given that the contract will be renewed.

Disease and demand management fee revenues are primarily attributable to the operation of Patient Infosystems' call center and the delivery of Care Team Connect for Health directly to patients. Disease and demand management fee revenues for the three and six month periods ended June 30, 2004 decreased to \$505,425 and \$989,063, respectively, as compared to \$643,074 and \$1,192,381 for the same respective periods of 2003. The decrease in these fees is primarily attributable to the termination of one customer on July 1, 2003 for which Patient Infosystems had \$113,560 and \$274,179 of revenue during the three and six month periods ended June 30, 2003, respectively. Patient Infosystems is actively marketing its disease and demand management services and anticipates continuing to sell its services. No assurances can be given that Patient Infosystems will be able to sell its demand and disease management services, or, to the extent there are sales, that any such sales will have a material effect on the financial status of Patient Infosystems.

Other fee revenues for the three and six month periods ended June 30, 2004 were \$8,385 and \$11,071, respectively, as compared to \$9,109 and \$37,485 for the same respective periods of 2003. Patient Infosystems received other revenues for (i) development fees from a variety of customers for creation of, or modification to, specific programs and (ii) license fees. Patient Infosystems has completed substantially all services under these agreements. Development fee revenues include clinical, technical and operational design or modification of Patient Infosystems' primary disease management programs. Patient Infosystems anticipates that revenue from development fees will continue to be low unless Patient Infosystems enters into new development agreements. Patient Infosystems has not entered into any new licensing agreements and the revenue for the current period reflects revenue generated exclusively from the existing agreements.

Costs and Expenses

Cost of sales includes salaries and related benefits, services provided by third parties, and other expenses associated with the implementation and delivery of Patient Infosystems' provider improvement and demand and disease management programs. Cost of sales for the three and six month periods ended June 30, 2004 were \$1,264,083 and 2,790,678, respectively, as compared to \$1,184,855 and \$1,946,457 for the same respective periods of 2003. The increase in these costs was primarily the result of increased operational activity. Patient Infosystems' gross margin, being total revenues over cost of sales, was positive for the three and six month periods ended June 30, 2004 and 2003. Patient Infosystems anticipates that revenue must increase for it to recognize economies of scale adequate to improve its margins. No assurance can be given that revenues will increase or that, if they do, they will continue to exceed costs and expenses.

Sales and marketing expenses consist primarily of salaries, related benefits, travel costs, sales materials and other marketing related expenses. Sales and marketing expenses for the three and six months ended June 30, 2004 were \$225,508 and \$447,518, respectively, as compared to \$202,458 and 445,061 for the same respective periods of 2003. Patient Infosystems anticipates expansion of Patient Infosystems' sales and marketing staff and expects it will continue to invest in the sales and marketing process, and that such expenses related to sales and marketing may increase in future periods.

General and administrative expenses include the costs of corporate operations, finance and accounting, human resources and other general operating expenses of Patient Infosystems. General and administrative expenses for the three and six month periods ended June 30, 2004 were \$286,206 and 633,381, respectively, as compared to \$296,842 and \$572,311 for the same respective

Edgar Filing: PATIENT INFOSYSTEMS INC - Form 10QSB

periods of 2003. These expenditures have been incurred to maintain the corporate infrastructure necessary to support anticipated program operations. General and administrative expenses are expected to remain relatively constant in future periods.

Research and development expenses consist primarily of salaries and related benefits and administrative costs associated with the development of certain components of Patient Infosystems' integrated information capture and delivery system, as well as development of Patient Infosystems' standardized disease management programs and Patient Infosystems' Internet based technology products. Research and development expenses for the three and six month periods ended June 30, 2004 were \$25,627 and \$58,234, respectively, as compared to \$33,470 and \$65,228 for the same respective periods of 2003.

Patient Infosystems recorded other expenses for the three and six month periods ended June 30, 2004 of \$190,658 and \$387,430, respectively, as compared to \$868,610 and \$1,010,063 for the same respective periods of, 2003. This increase was principally due to the interest expense and other related financing cost on debt.

Patient Infosystems had a net loss for the three and six month periods ended June 30, 2004 of \$312,356 and \$293,088, respectively, as compared to \$1,006,198 and \$1,511,404 for the same respective periods of 2003.

AMERICAN CARESOURCE

Revenues

Revenues of American Caresource Holdings, Inc. ("ACS") are comprised of revenues from ancillary service claims and processing of patient claims. ACS is the wholly-owned subsidiary of Patient Infosystems, which holds the assets acquired from American Caresource Corporation following the closing of such acquisition on December 31, 2003. Revenues decreased to \$1.4 million from \$2.2 million during the three months ended June 30, 2004 and 2003, respectively, or 37%. Revenues decreased to \$3.1 million from \$4.8 million during the six months ended June 30, 2004 and 2003, respectively, or 36%.

Revenues	Three Months Ended June 30		Six Months Ended June 30	
	2004	2003	2004	2003
		Pro forma		Pro forma
Ancillary Health	\$ 1,266,631	\$ 2,100,625	\$ 2,811,479	\$ 4,577,569
Patient Claims	126,565	97,889	258,227	200,000
Total Revenues	\$ 1,393,196	\$2,198,514	\$ 3,069,706	\$4,777,569

Ancillary health claims revenue for the three and six month periods ended June 30, 2004 decreased to \$1,266,631 and \$2,811,479, respectively, as compared to \$2,100,625 and \$4,577,569 for the same respective periods of 2003. This decrease is primarily attributable to the cancellation of contracts by major clients and the reduction of revenue from certain providers in ACS' ancillary health provider network. Pinnacol Assurance ("Pinnacol") notified ACS on December 19, 2003 of its intent to terminate its contract with ACS effective March 18, 2004. This contract was winding down through the first quarter and into the second quarter of 2004. Revenue for Pinnacol decreased 97.2% from \$955,530 and 70.9% from \$1,936,799 for the three and six month periods ended June 30, 2003, respectively, to \$27,007 and \$563,042 for the three and six month

Edgar Filing: PATIENT INFOSYSTEMS INC - Form 10QSB

periods ended June 30, 2004, respectively. Plan Vista, for which ACS had \$129,748 and \$444,169 of revenue for the three and six month periods ended June 30, 2003, respectively, notified ACS of its intent to terminate its contract effective October 13, 2004 and did not generate any revenue for ACS during the six month period ended June 30 2004. Terminations of contracts with these two major providers resulted in a decrease of revenue of \$169,330 and \$557,513 for the three and six month periods ended June 30, 2003, respectively. ACS expects relations with providers in its network to improve as a result of the acquisition by Patient Infosystems. ACS also expects to expand its provider network by seeking to restore relationships with providers previously in the network and add new providers as ACS adds new client payor contracts. No assurances can be given that ACS will expand its provider or payor relationships, or that, to the extent such expansion occurs, that such expansion will result in an improvement in the results of operations of ACS.

The processing of patient claims revenues for the three and six month periods ended June 30, 2004 increased 29.3% to \$126,565 and increased 27.5% to \$258,227, respectively, as compared to \$97,889 and \$202,562 for the same respective periods of 2003. ACS does not expect to increase its revenues from claims processing in future periods.

Costs and Expenses

Cost of revenues includes provider payments, direct expenses incurred for providing services and the related direct labor and overhead of providing such services. ACS is not liable for costs incurred by its contracted providers unless and until these providers obtain approval from the appropriate payors and provide the contracted services and ACS receives payment from the payors. Costs of revenues also include direct expenses to administer claims, including direct labor associated with recruitment and contracting with providers, database maintenance, data entry of claims, claims repricing, fulfillment and overhead costs. Costs of revenues for the three and six month periods ended June 30, 2004 decreased to \$1,341,850 and \$2,985,960, respectively, as compared to \$2,578,961 and \$5,578,364 for the same respective periods of 2003. This decrease was due to a decrease in provider payments, renegotiation of management fees payable to one client, and to a reduction in direct expenses and overhead associated with the decrease in claims volume related to revenue. Provider payments related to revenues during the three and six month periods ended June 30, 2004 decreased \$813,176 and \$1,628,830, respectively as compared to the same respective periods of 2003. Management fees for services rendered to ppoNEXT during the three and six month periods ended June 30, 2004 decreased \$85,866 and \$213,039, respectively, as compared to the same respective periods of 2003, as contract changes negotiated in July 2003 took effect upon the acquisition of American Caresource Corporation by Patient Infosystems. Direct expenses and overhead associated with ACS service provision during the three and six month periods ended June 30, 2004 decreased \$353,488 and \$713,897, respectively, as compared to the same respective periods of 2003, as reductions were made to personnel and other costs to align ACS' cost structure with its claims volume.

Sales and marketing expenses include the salaries and related benefits of ACS' account development employees, travel and other costs for those employees, and sales materials and other marketing or sales expenses of ACS. Commissions paid to independent outside salespeople are based directly on net margin per client. Payments to providers and all billing and processing of claims expenses are included in cost of revenues. Sales and marketing expenses for the three and six month periods ended June 30, 2004 increased to \$101,003 and \$250,115, as compared to \$56,359 and \$124,587 for the same respective periods of 2003. The increase in the second quarter was attributable to additional salary expense of \$42,070 as ACS expanded its sales and marketing staff. The year-to-date increase also includes a \$59,480 salary accrual related to the termination of one

Edgar Filing: PATIENT INFOSYSTEMS INC - Form 10QSB

employee. ACS anticipates continued investment in the sales and marketing process, and that expenses related to sales and marketing may continue to increase in future periods.

General and administrative expenses include the salaries and related benefits of ACS' executive employees, systems development and finance and accounting employees, travel and other costs for those employees. General and administrative expenses for the three and six month periods ended June 30, 2004 were \$342,764 and 1,012,450, respectively, as compared to \$505,524 and \$1,094,687 for the same respective periods of 2003. Compared to the prior year, legal fees decreased \$77,577 and \$176,786 and administrative and finance compensation expense decreased \$58,445 and \$109,557 for the three and six month periods ended June 30, 2004, respectively. The personnel cost reductions were due to consolidation of these functions with Patient Infosystems as well as efficiencies and reductions in payment processing volume. The cost reductions were offset by a one time warrant compensation expense of \$211,900 charged in the first quarter of 2004 as a result of the issuance of a warrant to an employee of American Caresource Corporation.

ACS recorded other expense for the three and six month periods ended June 30, 2004 of \$5,897 and \$10,466, respectively, as compared to \$43,269 and \$48,727 for the same respective periods of 2003. Any new financing arrangements will be made by Patient Infosystems. Consequently, ACS' interest expense is expected to be minimal in future periods.

ACS had a net loss for the three and six month periods ended June 30, 2004 of \$398,318 and \$1,189,285, respectively, as compared to \$985,599 and \$2,066,234 for the same respective periods of 2003.

INCOME (LOSS)

The Company reported a net loss attributable to common shareholders for the three month periods ended June 30, 2004 of \$916,576 and \$1,975,489, respectively, as compared to \$2,496,016 and \$3,023,722 for the same respective periods of 2003. This represents a loss per share of \$0.14 and \$0.33 for the same respective periods or 2004 as compared to \$2.73 and \$3.31 for the same respective periods of 2003. The Company's loss per share for the three and six month periods ended June 30, 2003, on a pro forma basis, assuming that the acquisition of substantially all the assets and liabilities of American Caresource Corporation had occurred on January 1, 2003 was \$1.78 and \$2.66, respectively, as compared to \$0.14 and \$0.33 loss per share for the same respective period of 2004. During the six months ended June 30, 2004, the Company recorded a beneficial conversion feature of \$78,180 related to the issuance of 10,018 shares of the Company's Series D Preferred Stock, which was recorded as a dividend, and declared \$414,936 of dividends on the outstanding preferred stock.

LIQUIDITY AND CAPITAL RESOURCES

At June 30, 2004, the Company had working capital of \$2,795,184 as compared to a deficit of \$2,808,649 at December 31, 2003. Through June 30, 2004, these amounts reflect the effects of the Company's continuing losses, borrowings, offset by its recent sale of capital stock. Since its inception, the Company has primarily funded its operations, working capital needs and capital expenditures from the sale of equity securities or the incurrence of debt.

On March 28, 2003, the Company entered into an Amended and Restated Credit Agreement with Wells Fargo Bank Iowa, N.A., which extended the term of the Company's \$3,000,000 credit facility to January 2, 2004, under substantially the same terms. Mr. Pappajohn and Dr. Schaffer, directors of the Company, guaranteed this extension.

Edgar Filing: PATIENT INFOSYSTEMS INC - Form 10QSB

On December 31, 2003, the Company entered into the Third Addendum to the Second Amended and Restated Credit Agreement with Well Fargo Bank Iowa, N.A., which extended the term of the \$3,000,000 credit facility to July 31, 2005. Mr. Pappajohn and Dr. Schaffer guaranteed this extension. In consideration of their guarantees, In February 2004 the Company granted to Dr. Schaffer and Mr. Pappajohn warrants to purchase an aggregate of 47,500 shares of Series D Convertible Preferred Stock, convertible into 475,000 shares of the Company's common stock for \$10.00 per preferred share. The Company valued these warrants at \$1,085,375 using the Black-Scholes method. The value of these warrants was recorded as unearned debt issuance cost and will be amortized as financing costs over the nineteen month period of the loan guarantee. During the six months ended June 30, 2004, the Company recorded a financing cost of \$342,750.

In January 2004, the Company borrowed \$200,000 for working capital from Mr. Pappajohn which was repaid in March 2004 using the proceeds of the sale of the Company's common stock. During the three month period ended June 30, 2004, the Company borrowed \$570,000 of working capital from Mr. Pappajohn which was repaid in June 2004 using the proceeds of the sale of the Company's common stock.

On March 28, 2004, Mr. Pappajohn and Dr. Schaffer signed a letter to the Company in which they made a commitment to obtain the operating funds that the Company believes would be sufficient to fund its operations through January 1, 2005. There can be no assurances given that Mr. Pappajohn or Dr. Schaffer can raise either the required working capital through the sale of the Company's securities or that the Company can borrow the additional amounts needed.

During the six month period ended June 30, 2004, the Company issued 4,427,713 shares of its common stock and 10,018 shares of its Series D Convertible Preferred Stock to certain investors in exchange for an aggregate of \$7,471,289 which consisted of \$7,263,200 of working capital, \$53,180 of accrued interest payable, \$26,659 of debt and \$128,250 of services. The Company incurred \$533,658 of costs directly attributable to the sale of its common stock.

During the six month period ended June 30, 2004, the Company paid \$439,913 of expenses by issuing shares of its common stock and warrants to purchase shares of its common stock. The Company issued 72,125 shares of its common stock as payment of \$128,250 in consulting expenses and issued warrants to placement agents to purchase 118,450 shares of its common stock at exercise prices between \$1.68 and \$2.75 per share. The warrants were assigned an aggregate fair market value of \$311,663 using a Black-Scholes valuation method.

Of the warrants to purchase 118,450 shares of the Company's common stock, the issuance of warrants to purchase 12,500 shares, assigned a value of \$22,750, resulted in an additional expense related to the purchase of substantially all the assets of and assumption of liabilities from American Caresource Corporation on December 31, 2003. Accordingly, goodwill related to this acquisition was increased by \$22,750.

The Company has expended significant amounts to expand its operational capabilities, including increasing its administrative and technical costs. While Patient Infosystems has both curtailed its spending levels and increased its revenue, to the extent that ACS' revenues do not increase substantially, the Company's losses will continue and its available capital will diminish further. The Company's operations are currently being funded by the sale of equity securities. There can be no assurances given that the Company can raise either the required working capital through the sale of its securities or that Patient Infosystems can borrow the additional amounts needed. In such instance, if Patient Infosystems is unable to identify additional sources of capital, it will likely be forced to curtail or cease operations. As a result of the above, the Independent Auditors' Report on Patient Infosystems' consolidated financial statements for the year ended December 31, 2003 includes an emphasis paragraph indicating that Patient Infosystems' recurring losses from operations raise

Edgar Filing: PATIENT INFOSYSTEMS INC - Form 10QSB

substantial doubt about Patient Infosystems' ability to continue as a going concern. The accompanying consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

INFLATION

Inflation did not have a significant impact on the Company's costs during the three and six month periods ended June 30, 2004 and June 30, 2003. The Company continues to monitor the impact of inflation in order to minimize its effects through pricing strategies, productivity improvements and cost reductions.

FORWARD LOOKING STATEMENTS

When used in this and in future filings of the Company with the Securities and Exchange Commission ("SEC"), in the Company's press releases and in oral statements made with the approval of an authorized executive officer of the Company, the words or phrases "will likely result," "expects," "plans," "will continue," "is anticipated," "estimated," "project," or "outlook" or similar expressions (including confirmations by an authorized executive officer of the Company of any such expressions made by a third party with respect to the Company) are intended to identify "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. The Company wishes to caution readers not to place undue reliance on any such forward-looking statements, each of which speak only as of the date made. Such statements, including those made with respect to future sources of revenue, new customers and control of costs and expenses, are subject to certain risks and uncertainties that could cause actual results to differ materially from historical earnings and those presently anticipated or projected. These uncertainties include the Company's ability to continue its operations as a result of, among other things, continuing losses, working capital short falls, uncertainties with respect to sources of capital, risks of market acceptance of or preference for the Company's systems and services, competitive forces, the impact of changes in government regulations, general economic factors in the healthcare industry and other factors discussed in the Company's filings with the SEC including the Company's Annual Report on Form 10-KSB for the year ended December 31, 2003. The Company has no obligation to publicly release the result of any revisions, which may be made to any forward-looking statements to reflect anticipated or unanticipated events or circumstances occurring after the date of such statements.

Item 3. Controls and Procedures.

Our management, with the participation of our Chief Executive Officer and Vice President, Financial Planning, has evaluated the effectiveness of our disclosure controls and procedure as of June 30, 2004. Based upon this evaluation, our Chief Executive Officer and Vice President, Financial Planning concluded that our disclosure controls and procedures are effective for recording, processing, summarizing and reporting the information we are required to disclose in the reports we file under the Securities Exchange Act of 1934, within the time periods specified in the SEC's rules and forms. Such evaluation did not identify any change in our internal control over financial reporting that occurred during the quarter ended June 30, 2004 that has materially affected, or is reasonably likely to affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

Edgar Filing: PATIENT INFOSYSTEMS INC - Form 10QSB

Item 1. Legal Proceedings

A former employee of American Caresource Corporation filed a lawsuit on June 16, 2004 entitled Schrier v. American Caresource Corporation, (Ind. Superior Ct.), alleging that she was terminated on February 5, 2003 in retaliation for refusing to engage in illegal conduct. She alleges that American Caresource Corporation engaged in various activities that would have constituted violations of agreements with customers, various laws, rules and regulations and would have resulted in inaccurate financial information being provided to the Company in connection with the acquisition transaction. The plaintiff has demanded damages of \$123,000. We have conducted a preliminary investigation into the allegations and ACS and we intend to contest the plaintiff's claims vigorously.

Item 2. Changes in Securities and Use of Proceeds

Recent Sales of Unregistered Securities

On June 17, 2004, the Company sold 3,365,000 shares of its common stock to institutional and other accredited investors for an aggregate purchase price of \$5,653,200. C.E. Unterberg, Towbin acted as placement agent in the transaction. C.E. Unterberg, Towbin was paid \$360,158 in fees and expenses and received a warrant to purchase 93,450 shares of the Company's common stock at an exercise price of \$1.68 per share. In addition, Lipman Capital Group received 50,000 shares of the Company's common stock in connection with consulting services relating to the transaction. Derace Shaffer, the Company's Chairman of the Board, purchased 100,000 shares of common stock in the private placement.

As a result of the June 17, 2004 transaction, the Company was obligated pursuant to the anti-dilution provisions in the Company's agreements with certain stockholders who purchased the Company's securities during the first quarter of 2004, to issue an additional 155,161 shares of common stock to such stockholders such that the effective price per share for the shares originally purchased by those stockholders would be \$1.68, being the price per share for the stock sold on June 17, 2004.

The securities issued by the Company on June 17, 2004 were issued in reliance upon the exemption from the registration requirements of the Securities Act of 1933 ("Securities Act"), as set forth in section 4(2) of the Securities Act and Rule 506 of Regulation D promulgated thereunder. All persons and entities who received the Company's securities represented to the Company that they were accredited investors and were acquiring the securities for investment and not distribution and that they could bear the risks of the investment. The Company provided written disclosure that the securities had not been registered under the Securities Act and that any resale must be made pursuant to a registration or an available exemption from registration.
