Item 2.05 Costs Associated with Exit or Disposal Activities.

On November 6, 2009, the Board of Directors of Sprint Nextel Corporation (the "Company"), in response to the decline in revenues and profitability during 2009 from post-paid subscriber losses in prior periods, approved actions to continue to reduce operating costs through a workforce reduction with a target of about 2,000 to 2,500 positions, which is expected to reduce internal and external labor costs by at least \$350 million on an annualized basis. The workforce reduction is expected to be largely completed by the end of the fourth quarter and will include management and non-management positions throughout the Company.

The Company expects to recognize a charge of approximately \$60 million to \$80 million in the fourth quarter of 2009 for severance and related costs. The severance and related costs are primarily determined based on an existing severance plan. The majority of the above estimated charge is expected to result in cash expenditures during 2010.

A copy of the press release announcing these actions is furnished as Exhibit 99.1 to this Form 8-K.
