OPTION AND SAR GRANTS

The Company in the year ended December 31, 2001, did not grant any stock appreciation rights to any of the named executive officers. The Company in the past had made a practice of granting stock options to its executive officers and other employees from time to time. Under these grants, each named executive officer other than the chief executive officer received grants with respect to 20,000 shares; 10,000 of which are to become exercisable at a price of \$2.50 per share and 10,000 at \$4.25 per share. Such options become exercisable in five equal annual increments, from 2002 through 2006 for the \$2.50 options, and from 2003 through 2007 for the \$4.25 options. The named executive officers and other officers participate in a management bonus plan, pursuant to which such employees are entitled to earn cash bonuses, if the Company achieves certain net income levels or goals established by the Board of Directors, and if such employees achieve certain individual objectives. Mr. Bradley received no additional compensation for his service as a director. In April 2001, the Board granted to Mr. Poole an option to purchase up to 30,000 shares of the Company's common stock at \$1.70 per share, which was the then-prevailing market price. The Board subsequently approved a policy applicable to all of its non-employee members, which awards each such

Edgar Filing: CONSUMER PORTFOLIO SERVICES INC - Form DEF 14A

director upon joining the board an option to purchase 30,000 shares of the Company's common stock, and annually thereafter an option to purchase an additional 10,000 shares. All such options are exercisable at the market price prevailing at date of grant.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

COMPENSATION POLICIES IN GENERAL

The Company's objective is to establish base salaries at levels competitive with those in its industry. The Compensation Committee, acting on the recommendation of the chief executive officer, approves annual adjustments in base salaries of officers other than the chief executive officer.

The Company has made a practice of paying annual bonuses to encourage executive officers and key management personnel to exercise their best efforts and management skills toward achieving the Company's objectives. Under the Company's bonus plan as applied to the year ended December 2001, executive officers of the Company other than its chief executive officer were eligible to receive a cash bonus of up to 100% of their base salaries. The amount of such bonus is determined initially by the Compensation Committee, acting on the recommendation of the chief executive officer, and is then made definite by action of the Board of Directors as a whole. Factors in determining the amount of bonus are whether the executive has met individual objectives set by the chief executive officer and a subjective evaluation of the officer's performance.

Applying the above principles, the Compensation Committee in April 2002 approved bonus compensation to the named executive officers, other than the chief executive officer, of approximately 27% to 60% of their respective base salaries for the year ended December 31, 2001. The percentages awarded are generally reflective of the extent to which the named executive officers met their individual objectives.

The Company's long-term incentive plan has consisted of awards of incentive and non-qualified stock options designed to promote the identity of long-term interests between the Company's executives and its shareholders and to assist in the retention of key executives and management personnel. Such stock option compensation is designed to provide an incentive to create shareholder value over a sustained period of time. The Company believes that stock options are a valuable tool in compensating and retaining employees.

In exercising its discretion as to the level of executive compensation and its components, the Compensation Committee considers a number of factors. Financial factors considered include the Company's revenue and income (or loss) and cash flow. Operational factors considered include the Company's cost of funds; indicators of the credit quality of the Company's servicing portfolio, including levels of delinquencies and charge-offs; and indicators of successful management of personnel, including the number of employees hired and employee stability.

7

The Company also maintains certain broad-based employee benefit plans in which executive officers are permitted to participate on the same terms as non-executive personnel who meet applicable eligibility criteria, subject to any legal limitations on the amounts that may be contributed or the benefits that may be payable under the plans.

COMPENSATION OF THE COMPANY'S CHIEF EXECUTIVE OFFICER

Edgar Filing: CONSUMER PORTFOLIO SERVICES INC - Form DEF 14A

The Company's general approach in setting the annual compensation of its chief executive officer is to seek to be competitive with financial services companies similar to the Company, but to have a large percentage of his target compensation be dependent upon the Company's financial performance. During the year ended December 2001, the Company's chief executive officer, Charles E. Bradley, Jr., received \$565,000 in base salary, which was a 7.6% increase from a rate of \$525,000 per year applicable to 2000. In setting that rate in the spring of 2001, the Compensation Committee considered primarily the levels of chief executive officer compensation prevailing among competitive financial services companies.

The Company's policy regarding cash bonuses paid to its chief executive officer has been similar to its policy regarding cash bonuses for other executive officers, except that the Compensation Committee exercises a greater degree of discretion with respect to award of a bonus to the chief executive officer than it exercises with respect to bonuses paid to other executive officers.

The Compensation Committee in April 2002 reviewed the Company's and the chief executive officer's performance in 2001, and approved bonus compensation in two components. Firstly, in the amount of \$750,000 representing 133% of that executive's base salary for the year ended December 31, 2001. In determining to award such a bonus, the Compensation Committee considered the levels of compensation that are paid by other companies comparable in size to the Company. The Committee also considered the challenges faced in maintaining the Company's origination and collection mechanisms in adverse market conditions, the Company posting a profit for the year ended December 31, 2001 after posting two consecutive losses, the success in closing a \$68.5 million term securitization transaction in September 2001, and work undertaken during 2001 which led in March 2002 to a further \$45.65 million term securitization and the opening of a \$100 million credit line. In addition, the Compensation Committee approved a special bonus of \$350,000 to the chief executive officer for work undertaken during 2001 leading to the \$100 million acquisition of MFN Financial Corporation in March 2002. Combined, the two bonuses total \$1.1 million, or 194% of that executive's base salary for the year ended December 31, 2001.

AUDIT COMMITTEE REPORT

The Audit Committee reviews the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process. The Company's independent auditors are responsible for expressing an opinion on the conformity of the Company's audited financial statements to accounting principles generally accepted in the United States of America.

In this context, the Audit Committee reviewed and discussed with management and the independent auditors the audited financial statements for the year ended December 31, 2001 (the "Audited Financial Statements"). The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). In addition, the Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company. Following the reviews and discussions referred to above, the Audit Committee recommended to the Board that the Audited Financial Statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001, for filing with the Securities and Exchange Commission.

The Audit Committee members do not serve as professional accountants or auditors and their functions are not intended to duplicate or to certify the activities of management and the independent auditors. The Committee serves a board-level oversight role where it receives information from, consults with, and provides its views and directions to, management and the independent auditors on the basis of the information it receives and the experience of its members in business, financial and accounting matters.

CERTAIN TRANSACTIONS

CPS LEASING. The Company holds 80% of the outstanding shares of the capital stock of CPS Leasing, Inc. ("CPSL"). The remaining 20% of CPSL is held by Charles E. Bradley, Jr., who is the President and a director of the Company. CPSL engaged in the equipment leasing business, and is currently in the process of liquidation as its leases come to term. CPSL financed its purchases of the equipment that it leases to others through either of two lines of credit. Amounts borrowed by CPSL under one of those two lines of credit have been guaranteed by the Company. As of March 31, 2002, the total amount outstanding under the two lines of credit was approximately \$1.4 million, of which the Company had guaranteed approximately \$641,000. The Company has also financed the operations of CPSL by making operating advances and by advancing to CPSL the

Edgar Filing: CONSUMER PORTFOLIO SERVICES INC - Form DEF 14A

fraction of the purchase prices of its leased equipment that CPSL did not borrow under its lines of credit. The aggregate amount of advances made by the Company to CPSL as of March 31, 2002, is approximately \$1.9 million. The advances related to operations bear interest at the rate of 8.5% per annum. The advances related to the fraction of the purchase price of leased equipment are not interest bearing.

CARS USA. In the ordinary course of its business operations, the Company from time to time purchases retail automobile installment contracts from an automobile dealer, Cars USA, which is owned by a corporation of which Mr. Bradley, Sr., and Mr. Bradley, Jr., are the principal shareholders. During the year ended December 31, 2001, the Company purchased 16 such contracts, with an aggregate principal balance of approximately \$233,431. All such purchases were on the Company's normal business terms. Cars USA is indebted to the Company in the amount of approximately \$669,000 as of December 31, 2001.

LEVINE LEICHTMAN. At December 31, 2000, the Company was indebted to Levine Leichtman Capital Partners II, L.P. ("LLCP") in the amount of approximately \$38 million, comprising \$8 million of \$16 million that was first advanced in March 2000 ("Tranche A") and \$30 million ("Tranche B") that was already outstanding. Both Tranche A and Tranche B were secured by a blanket security interest in favor of LLCP. Tranche A was due (and was paid) in June 2001, and accrued interest at 12.50% per annum; Tranche B is due November 2003, and bears interest at 14.50% per annum. The interest rate is subject to increase by 2.0% in the event of a default by the Company. In January 2001, the Company prepaid \$4 million of the \$30 million then outstanding of Tranche B. Such prepayment was a condition to obtaining LLCP's consent to the prepayment of \$4 million of debt outstanding in favor of SFSC. In connection with such prepayment, the Company paid LLCP a consent fee of \$200,000.

In March 2002, the Company and LLCP entered into a series of agreements under which LLCP provided additional funding to enable the Company to acquire by merger MFN Financial Corporation. Under the March 2002 agreements, the Company borrowed \$35 million from LLCP as "Bridge Notes," bearing interest at 13.50% per annum and due February 2003, and approximately \$8.5 million as "Tranche C Notes," bearing interest on a deemed principal amount of approximately \$11.2 million at 12.00% per annum and due in March 2008. Notwithstanding the due dates, all of the Company's outstanding indebtedness to LLCP includes mandatory prepayment terms that are tied to the performance of the Company's securitized pools. One effect of such prepayment provisions is that it is not possible to predict with assurance the amount of interest and principal that the Company will pay to LLCP in the current year; however, the Company's payments to LLCP in the year 2001 comprised \$12 million of principal and \$4.2 million of interest. In connection with the March 2002 agreements and the acquisition of MFN Financial Corporation, the Company paid LLCP a structuring fee of \$1.75 million and an investment banking fee of \$1.0 million, and paid LLCP's out-of-pocket expenses of approximately \$315,000. In addition, the Company paid LLCP certain fees and interest amounting to \$426,181. The terms of the transactions between the Company and LLCP were determined by negotiation.

SFSC. At December 31, 2000, the Company was indebted to Stanwich Financial Services Corp. ("SFSC") in the principal amount of \$20.5 million. SFSC is a corporation wholly-owned by Stanwich Holdings, Inc., which in turn is wholly-owned by Charles E. Bradley, Sr. Mr. Bradley, Sr. holds in excess of 5% of the Company's common stock, is the father of the Company's president, Charles E. Bradley, Jr., and was the chairman of the Company's Board of Directors from March 1991 until June 2001. In the first quarter of 2001, the Company prepaid \$4 million of its indebtedness outstanding to SFSC. A \$200,000 consent fee required by LLCP was recouped by application of a \$200,000 discount in the prepayment to

Edgar Filing: CONSUMER PORTFOLIO SERVICES INC - Form DEF 14A

SFSC. The Company pays interest monthly with respect to its debt to SFSC. Such interest payments totaled \$1.5 million in 2001, and are estimated to be \$1.7 million for the current year. In June 2001 SFSC filed for reorganization under the Bankruptcy Code, in the United States Bankruptcy Court for the District of Connecticut. The Company also throughout 2001 was indebted to John G. Poole, a director, in the principal amount of \$1,000,000, and paid interest monthly with respect to that debt. Such interest payments totaled \$125,000 in 2001, and are estimated to be the same in the current year.

EMPLOYEE INDEBTEDNESS. The Company has from time to time lent money to its employees, including officers. Such borrowings are evidenced by promissory notes, and generally bear interest at 10% per annum. As of April 30, 2002 Nicholas P. Brockman, a senior vice president, was indebted to the Company in the amount of \$60,618.

FSA. In November 1999 the Company entered into a revolving note purchase facility, using the proceeds of sale of such notes to purchase automotive receivables. Financial Security Assurance Inc. ("FSA"), which is the beneficial holder of in excess of 5% of the Company's stock, issued a financial guaranty insurance policy with respect to all payments of principal and interest called for by such notes, for which it receives fees and insurance premiums. FSA has also issued financial guaranty insurance policies with respect to payments of interest and principal due under specified asset-backed securities sponsored by the Company and issued at various times since 1994, including transactions in September 2001 and March 2002, for which it also receives fees and insurance premiums. The amounts of such fees and premiums have been determined by negotiation between the Company and FSA.

The agreements and transactions described above (other than those between the Company and LLC or the Company and FSA) were entered into by the Company with parties who personally benefited from such transactions and who had a control or fiduciary relationship with the Company. In each case such agreements and transactions have been reviewed and approved by the members of the Company's Board of Directors who are disinterested with respect thereto.

VOTING OF SHARES

The Board of Directors recommends that an affirmative vote be cast in favor of each of the nominees and proposals listed on the proxy card.

The Board of Directors knows of no other matters that may be brought before the meeting which require submission to a vote of the shareholders. If any other matters are properly brought before the meeting, however, the persons named in the enclosed proxy or their substitutes will vote in accordance with their best judgment on such matters.

Holder of CPS Common Stock are entitled to one vote per share on each matter other than election of directors. As to election of directors, each holder of CPS Common Stock may cumulate such holder's votes and give any nominee an aggregate number of votes equal to the number of directors to be elected multiplied by the number of shares of CPS Common Stock held of record by such holder as of the record date, or distribute such aggregate number of votes among as many nominees as the holder thinks fit. However, no such holder shall be entitled to cumulate votes for any nominee unless such nominee's name has been placed in nomination prior to the voting and the holder has given notice at the annual meeting prior to the voting of the holder's intention to cumulate votes. If any one holder has given such notice, all holders may cumulate their votes

Edgar Filing: CONSUMER PORTFOLIO SERVICES INC - Form DEF 14A

for nominees. Discretionary authority is sought hereby to cumulate votes of shares represented by proxies.

Votes cast in person or by proxy at the Annual Meeting will be tabulated by the Inspector of Elections with the assistance of the Company's transfer agent. The Inspector of Elections will also determine whether or not a quorum is present. The affirmative vote of a majority of shares represented and voting on the proposal at a duly held meeting at which a quorum is present is required for approval of Proposal No. 2 (Selection of Independent Auditors). In general, California law provides that a quorum consists of a majority of the shares entitled to vote, represented either in person or by proxy. The Inspector of Elections will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum but as not voting for purposes of determining the approval of any matter submitted to the shareholders for a vote. Any proxy that is returned using the form of proxy enclosed and which is not marked as to a particular item will be voted FOR election of the nominees for director named herein; and FOR the ratification of the appointment of KPMG LLP as the Company's independent auditors for the year ending December 31, 2002; and will be deemed to grant discretionary authority to vote upon any other matters properly coming before the meeting. If a broker indicates on the enclosed proxy or its substitute that it does not have discretionary authority as to certain shares to vote on a particular matter ("broker non-votes"), those shares will be considered as abstentions with respect to that matter. While there is no definitive specific statutory or case law authority in California concerning the proper treatment of abstentions and broker non-votes, the Company believes that the tabulation procedures to be followed by the Inspector of Elections are consistent with the general statutory requirements in California concerning voting of shares and determination of a quorum.
