PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD NOVEMBER 17, 2014

These proxy materials are being made available to you electronically or, if you have requested, printed versions of these materials have been delivered to you by mail in connection with the solicitation of proxies by the Board of Directors of Coty Inc. (the “Company”, “we” or “us”), a Delaware corporation, for our 2014 Annual Meeting of Stockholders (the “Annual Meeting”) to be held at 9:00 a.m. Eastern Standard Time (“EST”) on Monday, November 17, 2014 via the Internet at <http://www.virtualshareholdermeeting.com/coty14>.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Proxy Materials and Voting Information

1. What are proxy materials?

A proxy statement is a document which includes information that we are required to provide to you under Securities and Exchange Commission (“SEC”) rules and is designed to assist you in voting your shares. The proxy materials include our proxy statement for the Annual Meeting (“Proxy Statement”) and our Annual Report on Form 10-K for the fiscal year ended June 30, 2014 (“Annual Report”), and the proxy card or a voting instruction card for the Annual Meeting.

This Proxy Statement contains information about the Annual Meeting and was prepared by our management for our Board of Directors (the “Board”). We sent a Notice of Internet Availability of Proxy Materials (the “Notice”) on or about October 6, 2014 to stockholders of record entitled to receive notice of the Annual Meeting. All stockholders may access the proxy materials online and download printable versions of the proxy materials or request a printed set of the proxy materials by following the instructions in the Notice. As a stockholder, you are invited to attend the Annual Meeting online and are requested to vote on the items of business described in this proxy statement.

2. What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with the Company’s registrar and transfer agent, Wells Fargo Bank, N.A. (“Wells Fargo”), you are considered a stockholder of record with respect to those shares. If your shares are held in a bank or brokerage account, you are considered the “beneficial owner” of those shares.

3. Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

In accordance with SEC rules, we may furnish proxy materials, including this Proxy Statement and our Annual Report, to our stockholders by providing access to such documents on the Internet instead of mailing printed copies. Accordingly, we are sending the Notice to our stockholders of record and beneficial owners as of the close of business on September 22, 2014.

4. I share an address with another stockholder. Why did we receive only one copy of the proxy materials and how may I obtain an additional copy of the proxy materials?

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for the Notice or other annual meeting materials with respect to two or more stockholders sharing the same address by delivering a single Notice or other annual meeting materials addressed to those stockholders. This process, which is commonly referred to as “householding,” is intended to provide extra convenience for stockholders and cost savings for companies.

A number of brokers with account holders who are our stockholders will be “householding” our proxy materials. A single Notice will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. If you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate Notice, please notify your broker. Stockholders who have multiple accounts in their names or who share an address with other stockholders can request “householding” and authorize their broker to discontinue mailings of multiple annual reports and proxy statements by contacting their broker.

We will promptly deliver to a stockholder who received one copy of the Notice as a result of “householding” a separate copy upon the stockholder’s written or oral request directed to Investor Relations at Coty Inc., 350 Fifth Avenue, New York, New York 10118 or (212) 389-7300.

5. Who is entitled to vote at the Annual Meeting?

Only stockholders of record of our Class A Common Stock and Class B Common Stock (together, our “Common Stock”) at the close of business on September 22, 2014 (the “Record Date”) are entitled to vote at the Annual Meeting or at any adjournment or postponement of the Annual Meeting. Each stockholder of record of Class A Common Stock on the Record Date is entitled to one vote per share of Class A Common Stock, and each stockholder of record of Class B Common Stock on the Record Date is entitled to ten votes per share of Class B Common Stock. On the Record Date, there were 91,198,041 shares of Class A Common Stock and 263,752,817 shares of Class B Common Stock issued and outstanding. All shares of Common Stock will vote together as a single class on each of the items expected to be presented at the meeting.

Registered Stockholders. The Notice was provided to you directly by us. As a stockholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote virtually at the Annual Meeting.

Beneficial Stockholders. The Notice was forwarded to you by your broker or nominee. Your broker or nominee is considered the stockholder of record of those shares and you are considered to hold your shares in “street name”. Beneficial owners are also invited to virtually attend the Annual Meeting. However, since you are not a stockholder of record, you may not vote your shares virtually at the Annual Meeting unless you follow your broker’s procedures for obtaining a legal proxy. If you request a printed copy of your proxy materials by mail, your broker or nominee will provide a voting instruction card for you to use.

6. What items of business will be voted on at the Annual Meeting? How does the Board of Directors recommend I vote on these items and what are the voting standards?

Proposal	Voting Options	Vote Required to Adopt the Proposal	Effect of Abstentions	Effect of "Broker Non-Votes"	Board Recommendation
Proposal 1: Election of Directors	For, against, or abstain on each nominee.	A plurality of votes - a nominee for director will be elected if the votes cast for such nominee exceed the votes cast against such nominee.	No effect.	No effect.	Our Board of Directors ("Board") recommends a vote FOR each director.
Proposal 2: Approval of Advisory Resolution on Named Executive Officer ("NEO") Compensation	For, against, or abstain.	The affirmative vote of a majority of the votes cast.	No effect.	No effect.	Our Board recommends a vote FOR the approval of the advisory resolution on NEO compensation.
Proposal 3: Advisory Vote on the Frequency of the Advisory Vote on NEO Compensation	Every one year, two years, or three years.	The affirmative vote of a majority of the votes cast.	No effect.	No effect.	Our Board recommends a vote for the approval of EVERY YEAR with respect to the frequency of the advisory vote on NEO compensation.
Proposal 4: Ratification of Appointment of Deloitte & Touche LLP ("Deloitte") as our independent auditor	For, against, or abstain.	The affirmative vote of a majority of the votes cast.	No effect.	Brokers have discretion to vote.	Our Board recommends a vote FOR ratification.

The advisory resolution on NEO compensation (Proposal 2) and the advisory vote on the frequency of the advisory vote on NEO compensation (Proposal 3) are not binding on the Company. However, the Remuneration and Compensation Committee (the "RNC"), which is responsible for designing and administering our executive compensation program, value the opinions expressed by stockholders and will take into account the outcome of the vote when making future compensation decisions.

7. How do I cast my vote if I am a stockholder of record?

If you are a stockholder of record, you can vote your shares by proxy electronically, by telephone or by mail by following the instructions set forth below.

Voting Electronically. You can vote at www.proxyvote.com, 24 hours a day, seven days a week. You will need the 12-digit control number included on your Notice or your proxy card (if you received a printed copy of the proxy

materials).

5

Voting By Telephone. You can vote using a touch-tone telephone by calling 1-800-690-6903, 24 hours a day, seven days a week. You will need the 12-digit control number included on your Notice or your proxy card (if you received a printed copy of the proxy materials).

Voting By Mail. If you have requested and received a printed copy of the proxy materials by mail, you may complete, sign and return the proxy card by mail to Coty Inc., c/o Broadridge Financial Solutions, 51 Mercedes Way, Edgewood, New York 11717.

Voting at the Annual Meeting. Although we encourage you to complete and return a proxy prior to the Annual Meeting to ensure that your vote is counted, you can virtually attend the Annual Meeting and vote your shares online by visiting www.virtualshareholdermeeting.com/coty14. You will need your 12-digit control number included on your Notice or proxy card (if you receive a printed copy of the proxy materials) in order to be able to vote during the Annual Meeting. If you vote by proxy prior to the Annual Meeting and also virtually attend the Annual Meeting, there is no need to vote again at the Annual Meeting unless you wish to change your vote.

The procedures for voting online, by telephone, by mail and virtually at the Annual Meeting comply with Delaware law and are designed to authenticate stockholders' identities, to allow stockholders to vote their shares and to confirm that their instructions have been properly recorded.

8. Is there a deadline for submitting proxies electronically or by telephone or mail?

Proxies submitted electronically or by telephone as described above must be submitted by 11:59 p.m. EST on November 16, 2014.

Proxies submitted by mail must be received before the close of the Annual Meeting on November 17, 2014.

Each valid proxy received in time will be voted at the Annual Meeting in accordance with your instructions, regardless of the submission method used.

9. What if I am a stockholder of record and do not specify a choice for a matter when returning a proxy?

All proxies properly submitted pursuant to this solicitation and not revoked will be voted at the Annual Meeting in accordance with the directions given. If you properly submit a proxy but do not provide specific voting instructions, your shares will be voted:

1. FOR the election of each nominee as director;
2. FOR the advisory resolution on the compensation of our NEOs;
3. For EVERY YEAR on the frequency of the advisory vote on the compensation of our NEOs; and
4. FOR the ratification of the appointment of Deloitte as independent auditors.

If you have returned your signed and completed proxy card and other matters are properly presented at the Annual Meeting for consideration, the proxy holders appointed by our Board (the persons named in your proxy card if you are a stockholder of record) will have the discretion to vote on those matters for you.

10. What if I am a beneficial owner and do not give voting instructions to my broker?

As a beneficial owner, in order to ensure your shares are voted in the way you would like, you must provide voting instructions to your bank, broker or other nominee by the deadline provided in the materials you receive from your bank, broker or other nominee. Under the rules of the New York Stock Exchange (the "NYSE"), if you do not provide voting instructions to your bank, broker or other nominee, whether your shares can be voted by such person depends

on the type of item being considered for vote.

6

Under the rules of the NYSE, if you hold your shares in street name and do not provide voting instructions to the broker, bank or other nominee that holds your shares, the nominee has discretionary authority to vote on routine matters but not on non-routine matters. If you hold your shares in street name, it is critical that you cast your vote if you want it to count in the election of directors (Proposal 1), the advisory resolution to approve NEO compensation (Proposal 2) or the advisory resolution to approve the frequency of advisory votes on NEO compensation (Proposal 3), which are considered non-routine matters. Only the ratification of the appointment of the independent auditor (Proposal 4) is considered a routine matter.

11. How are broker non-votes and abstentions counted?

A broker non-vote occurs when shares held by a broker are not voted with respect to a particular proposal because the broker does not have authority to vote on the non-discretionary item and has not received voting instructions from its clients.

Broker non-votes and abstentions by stockholders from voting (including brokers holding their clients' shares of record who cause abstentions to be recorded) will be counted towards determining whether or not a quorum is present. However, because broker non-votes and abstentions are not voted affirmatively or negatively, they will have no effect on the approval of any of the proposals, except where brokers may exercise their discretion on routine matters, as discussed above.

12. What constitutes a quorum?

A quorum will be present if holders of a majority of the outstanding shares of our Common Stock entitled to vote at the Annual Meeting are present or represented by proxy at the Annual Meeting. Abstentions, broker non-votes and votes withheld are included in the count to determine if a quorum is present.

13. What can I do if I change my mind after I vote my shares?

At any time prior to the completion of voting at the Annual Meeting, you may change your vote either by:

- giving written notice to our Corporate Secretary revoking your proxy;
- by submitting a later-dated proxy by telephone or electronically before 11:59 p.m. EST on November 16, 2014;
- by a later-dated mailed proxy received before the close of the Annual Meeting on November 17, 2014; or
- by voting online at the Annual Meeting.

14. Who will count the vote?

Representatives of Broadridge Financial Solutions, Inc. will tabulate the votes and act as inspectors of election.

15. May I see a list of stockholders entitled to vote as of the Record Date?

A list of registered stockholders as of the close of business on the Record Date will be available for examination by any stockholder for any purpose germane to the meeting during normal business hours at our principal executive offices at the address listed above for a period of at least 10 days prior to the Annual Meeting and during the Annual Meeting such list will be available for examination at www.virtualshareholdermeeting.com/coty14.

16. How do I virtually attend the Annual Meeting?

We will host the Annual Meeting live online. Any stockholder can attend the Annual Meeting live online at www.virtualshareholdermeeting.com/coty14. The webcast will start at 9:00 a.m. EST. Stockholders may vote and

submit questions while attending the Annual Meeting online. You will need the 12-digit control number included on your Notice or your proxy card (if you received a printed copy of the proxy materials) in order to be able to enter the

7

Annual Meeting. Instructions on how to attend and participate online, including how to demonstrate proof of stock ownership, are posted at www.virtualshareholdermeeting.com/coty14.

17. How can I access the Notice, Proxy Statement and Annual Report? How can I sign up for electronic delivery of proxy materials?

Our Proxy Statement (including the Notice) and Annual Report are available at materials.proxyvote.com/222070.

These proxy materials are also available in the “Investor Relations” section of our website: www.coty.com within the “Reports & Filings” subsection. Instead of receiving future copies of our Proxy Statement (including Notice) and Annual Report by mail, stockholders can access these materials online. Opting to receive your proxy materials online will save us the cost of producing and mailing documents to your home or business, and will also give you an electronic link to the proxy voting site.

If you hold your shares in a bank or brokerage account, you also may have the opportunity to receive copies of these documents electronically. Please check the information provided in the proxy materials mailed to you by your bank, broker or other nominee regarding the availability of this service.

Any stockholder who would like to receive a copy of our Annual Report, including the related financial statements and financial statement schedules, may obtain one, without charge, by addressing a request to the attention of the Corporate Secretary, Coty Inc., 350 Fifth Avenue, New York, New York 10118. Our copying costs will be charged if copies of exhibits to the Annual Report are requested.

CORPORATE GOVERNANCE

We are committed to good governance practices. Our governance practices seek to ensure that we conduct our affairs in a manner that matches the high standards we have set for our people and products. We believe that good governance builds integrity and trust, strengthens the accountability of our Board, management and employees, promotes the long-term interests of stockholders and allows us to be a good corporate citizen in each of the countries where we do business.

Principles of Corporate Governance and Code of Business Conduct

Our Board has developed corporate governance practices to help it fulfill its responsibilities to stockholders in providing general direction and oversight of management. These practices are set forth in our Corporate Governance Guidelines. We also have a Code of Business Conduct (the “Code”) applicable to all our employees, officers and directors, including the interim Chief Executive Officer (“interim CEO”), the Chief Financial Officer (“CFO”) and other senior financial officers. These documents and any waivers of provisions of the Code granted to any senior officer or any material amendments to the Code may be found in the “Investor Relations” section of our website: www.coty.com within the “Corporate Governance” subsection under the heading “Governance Documents.” The charters for the Audit and Finance Committee, Remuneration and Nomination Committee and Equity Compliance Committee may be found by clicking “Read more” under the heading “Committees” within the “Corporate Governance” subsection. Stockholders may also contact Investor Relations at 350 Fifth Avenue, New York, New York 10118 or call (212) 389-7300 to obtain hard copies of these documents without charge.

Controlled Company Exception

JAB Holdings B.V. (“JAB Holdings”), Agnaten SE (formerly: Parentes Holding SE) (“Agnaten”) and Lucesca SE (formerly: Donata Holding SE) (“Lucesca”) beneficially own a majority of the voting power of our outstanding Common Stock. As a result, we are a “controlled company” within the meaning of the NYSE corporate governance

standards. Under the NYSE rules, a company of which more than 50% of the voting power is held by an individual, group or another company is a “controlled company” and may elect to not comply with certain NYSE corporate governance standards. Despite the availability of such exceptions, our Board has determined that it will be composed

8

of a majority of independent directors and our RNC will have written charters addressing their respective roles and responsibilities. As permitted by NYSE rules for “controlled companies”, our Board does not require the RNC to be comprised solely of directors who meet the NYSE’s heightened independence standards for members of compensation committees.

Structure of our Board

Our Amended and Restated Certificate of Incorporation (“Certificate of Incorporation”) provides that the number of directors will be fixed from time to time by a resolution adopted by our Board, but must not consist of less than five or more than 13 directors. Our Board is presently composed of seven directors. Directors are elected by the stockholders at the annual meeting of stockholders by a plurality of the shares present and entitled to vote. Unless his or her office is earlier vacated in accordance with our Amended and Restated Bylaws (“Bylaws”), each director holds office until his or her successor is duly elected and qualified.

Four directors on our Board have a relationship with the JAB Group. Each of Lambertus Becht, Olivier Goudet and Peter Harf may be deemed to have an indirect pecuniary interest in a portion of the shares of our outstanding Class B Common Stock beneficially owned by Lucesca, Agnaten and JAB Holdings, and, together with certain other persons, each exercises voting and investment control over the shares of the Company beneficially owned by Lucesca, Agnaten and JAB Holdings. Mr. Goudet is the CEO of the JAB Group, and Mr. Harf is the Chief Executive Officer of Agnaten and Lucesca. Mr. Faber also serves in a position similar to a director of JAB Holding Company s.á.r.l. Each of these directors receive compensation for the services each provides to the JAB Group. Our Board considers this structure appropriate in view of the JAB Group’s significant investment in and control of the Company.

Board Leadership

Our Corporate Governance Guidelines permit our Board flexibility in determining whether to appoint an independent chairman. Our Board has appointed Lambertus J.H. Becht as the Chairman of our Board, and our Board has determined that Mr. Becht was independent until he became our interim CEO. A special committee of our Board has determined that Mr. Becht will not be independent during his service as our interim CEO. Our Board believes it is important for its chairman to have both a stake in and deep understanding of the Company.

Committees of our Board

The standing committees of our Board are the Audit and Finance Committee (the “AFC”), the RNC and the Equity Compliance Committee (the “ECC”). From time to time, when appropriate, ad hoc committees may be formed by our Board.

AFC. The members of the AFC are Joachim Faber, Robert Singer and Jack Stahl. Our Board has determined that Mr. Singer, the Chair of the AFC, is an audit committee financial expert, as that term is defined under SEC rules. The Board has also determined that Mr. Singer’s future service upon an additional public company audit committee would not impair Mr. Singer’s ability to effectively serve as Chair of our AFC. Our Board has also determined that each member of the AFC meets the independence criteria set forth in Rule 10A-3 (“Rule 10A-3”) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The AFC has adopted a written charter that describes its primary duties and responsibilities, and the AFC and our Board review its charter each year. The AFC’s primary duties and responsibilities include:

- to monitor the integrity of our financial reporting process and systems of internal controls regarding finance, accounting, and compliance with our Code and laws and regulations;
- to monitor the independence and performance of our independent auditors and internal audit department; and
-

to provide an objective, direct communication between our Board, independent auditors, management and the internal audit department.

RNC. The members of the RNC are Messrs. Harf (Chair), Becht and Erhard Schoewel. Since we are a “controlled company”, the NYSE does not require each member of the RNC to satisfy the NYSE independence criteria for RNC members. Our Board has determined that only Mr. Schoewel satisfies the independence criteria for RNC members. Messrs. Becht and Harf are not considered independent for purposes of membership on the RNC.

The RNC has adopted a written charter that describes its primary duties and responsibilities, and the RNC and our Board review the RNC’s charter each year. The RNC’s primary duties and responsibilities include:

- to assist our Board in positioning us as a sustainable high performance organization through a very robust director succession and qualification process;
- to recommend to our Board nominees for each board committee;
- to review and make recommendations to our Board concerning board committee structure, operations and Board reporting;
- to discharge our Board’s responsibilities relating to the remuneration of our senior executives;
- to approve and evaluate the our executive remuneration plans, policies and programs and ensure that these plans, policies and programs enable us to attract and retain exceptional talents and incentivize them to achieve exceptional performance;
- to provide overall governance and review of the corporate succession plan and conduct succession planning for the Chief Executive Officer, and to guide our Board in appointing and retaining key talents that will nurture our values and culture and strive for constantly improving results;
- to recommend to our Board the corporate governance principles applicable to the operation of the RNC; and
- to oversee the evaluation of the performance of our Board and management.

ECC. The Board formed the ECC in September 2014. The ECC has adopted a written charter, and its primary duty is to review and approve acquisitions of equity (including equity grants and awards under the ELTIP and Platinum and purchases under Platinum) from Coty Inc. by our officers and directors. The members of the ECC are Messrs. Schoewel (Chair) and Faber. Each member of the ECC is considered a “non-employee director” under Rule 16b-3 of under the Exchange Act.

Executive Sessions

Our Board meets regularly in executive session without management directors or any members of management. In addition, the independent directors on our Board meet annually in executive session. Mr. Becht, the Chairman of our Board, serves as Chairman in each of these sessions. During Mr. Becht’s service as our interim CEO, the director then serving the longest tenure will serve as chairman of these sessions.

Board Meetings

Regular meetings of our Board are held at such times as our Board may determine. In addition, special meetings of our Board may be called by the Chairman of our Board, the Vice Chairman, if any, or a majority of the directors then in office. In fiscal 2014, our Board held five meetings, the AFC held five meetings and the RNC held three meetings. All the directors attended our Board meetings, except that one director did not attend one meeting, and all the committee members attended all the committee meetings.

Our Board and its committees also act from time to time by written consent in lieu of meetings.

Board Qualifications and Membership Criteria

The RNC and our Board believe that it is important for our Board to be comprised of a mix of experienced directors with a deep understanding of our industry and others who hold the requisite skills and who bring an fresh perspective.

In seeking to maintain the right mix of directors on our Board, the RNC and our Board seek a range of different types of skills, backgrounds and experiences, including leadership, consumer product, international and strategic planning experience; financial and accounting expertise; and corporate governance, governmental policy and regulatory experience. The RNC and our Board also consider it critical for our Board to have directors who have a deep understanding of specific components of our business, such as supply chain, manufacturing, marketing and product development and innovation. The RNC and our Board believe that, in addition to meeting the other criteria established by our Board for directors, it is important for directors to represent a mix of professional and personal backgrounds.

Director Nomination Process

The RNC recommends nominees for our Board consistent with the criteria determined by our Board. The RNC will consider nominations from stockholder(s) to the extent the nomination complies with all procedures and includes all information about the candidate(s) required by our Bylaws. Nominations from stockholder(s) that are made in accordance with these procedures and include all required information will be considered by the RNC in accordance with the criteria discussed above and in the same manner as other nominations, and the RNC will present its recommendation to our Board.

Director Independence

We have incorporated in our Corporate Governance Principles the NYSE's independence standards for evaluating the independence of each director on our Board. These standards are available in the "Investor Relations" section of our website, www.coty.com within the "Corporate Governance" subsection under the heading "Governance Documents." Under these standards, a director will not be considered independent if:

the director is, or has been within the last three years, our employee, or an immediate family member of the director is, or has been within the last three years, our executive officer;

the director has received, or has an immediate family member who has received, during any 12-month period during the last three years, more than \$120,000 in direct compensation from us (other than Board and committee fees, and pension or other forms of deferred compensation for prior service). Compensation received by an immediate family member for service as our employee (other than an executive officer) is not considered for purposes of this standard;

(a) the director, or an immediate family member of the director, is a current partner of our internal or external auditor;

(b) the director is a current employee of our internal or external auditor; (c) an immediate family member of the director is a current employee of our internal or external auditor who personally works on our audit; or (d) the director, or an immediate family member of the director, was within the last three years (but is no longer) a partner or employee of our internal or external auditor and personally worked on our audit within that time;

Our Board's Role in Risk Oversight

Our Board oversees, with management, the various risks we face. Our Board and management consider risks in all facets of the Company, our business strategy and our overall business.

Our Board dedicates a portion of one meeting each year to evaluating and discussing risk, risk mitigation strategies and the Company's internal control environment. At this meeting, our Board considers a full enterprise risk management analysis. Topics examined in the enterprise risk management analysis include, but are not limited to, strategic, operational, financial and compliance risks. Our Board's risk oversight also includes a comprehensive annual review of our strategic plan. Because overseeing risk is an ongoing process and inherent in our strategic decisions, our Board also receives input from senior management and considers risk at other times in the context of specific proposed actions.

In addition to our Board's risk oversight, the AFC is responsible for oversight of accounting, auditing and financial-related risks, and the RNC is responsible for overseeing the management of risks related to our executive compensation policies and practices. In fiscal 2014, the RNC reviewed our compensation policies and practices to determine whether it encouraged excessive or inappropriate risk taking. Following such evaluation, the RNC determined that our compensation policies and practices do not encourage excessive or inappropriate risk taking.

While our Board oversees risk, management is responsible for assessing and managing our risks on a day-to-day basis. Certain departments, such as treasury, legal and internal audit, and individuals within other departments, focus on specific risks associated with different aspects of our business, from regulatory, environmental and financial risks to commercial and strategic risks. We integrate risk analysis into all facets of our business.

Board Attendance at the Annual Meeting

We expect directors to attend the Annual Meeting absent unusual circumstances.

Compensation Committee Interlocks and Insider Participation

The current members of the RNC are Messrs. Becht, Harf and Schoewel. During fiscal 2014, Messrs. Harf, Faber and Schoewel were members of the RNC for all of fiscal 2014, and M. Steven Langman was a member of the RNC until his resignation from the Board of Directors on June 12, 2014. Mr. Langman resigned in connection with the Repurchase (defined and described in "—Repurchase of Shares Owned by Berkshire and Rhône" below). Mr. Becht joined the RNC effective September 11, 2014, and Mr. Faber's appointment to the RNC ended effective the same day.

Messrs. Becht and Harf are not considered independent under the NYSE's standards for compensation committee members and are not considered "non-employee" directors under the Exchange Act. All other members of the RNC who are currently serving or who served during fiscal 2014 are considered independent and "non-employee" directors. In June 2014, we repurchased all the shares of Class B Common Stock owned by Worldwide Onshore Beauty L.P. and Worldwide Offshore Beauty L.P. and all the shares of Class A Common Stock received by Mr. Langman in connection with vesting of the Restricted Stock Units ("RSUs") he received for service as a director on our Board. For additional

information, please see “—Certain Relationships and Related Party Transactions”. Messrs. Becht and Harf each receive annual compensation in an amount greater than \$120,000 for advisory services rendered to the JAB Group, and Mr. Harf served as our Executive Chairman until September 2011 and currently serves as Chief Executive Officer of Agnaten and Lucesca. JAB Holdings, Lucesca and Agnaten beneficially own all our outstanding Class B Common Stock and hold approximately 97% of the total voting power of our outstanding Common Stock. Due to his executive positions at the JAB Group, Mr. Harf may also be considered to have an indirect financial interest in our agreement to reimburse JAB Holdings up to \$150,000 for certain legal expenses and our media services agreement with JAB Luxury GmbH. For additional information, please see “— Certain Relationships and Related Party Transactions”.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Repurchase of Shares Owned by Berkshire and Rhône

In June 2014, we repurchased 27,892,818 shares of our Class B Common Stock owned by Worldwide Beauty Onshore L.P. and Worldwide Beauty Offshore L.P. (together, “Rhône”) and Berkshire Fund VII, L.P., Berkshire Fund VII-A L.P., Berkshire Investors III LLC and Berkshire Investors IV LLC (together, “Berkshire”) and 59,786 shares of our Class A Common Stock received by Messrs. Bloom and Langman upon settlement of RSUs received for service as directors on our Board (the “Repurchase”). The purchase price for each share was \$16.7779, which was determined by calculating the volume weighted average price of the Company’s Class A Common Stock from May 30, 2014 through June 5, 2014, inclusive.

Immediately prior to the Repurchase, Berkshire beneficially owned more than 5% and Rhône beneficially owned more than 10% of our Class A Common Stock as a result of their ownership of 9,429,348 shares and 19,429,348 shares, respectively, of our Class B Common Stock. Rhône and Berkshire each also had nominees serving on our Board.

Terminated Stockholders Agreement and Registration Rights Agreement

We were party to a stockholders agreement with JAB Holdings, Berkshire and Rhône (the “Stockholders Agreement”). JAB Holdings is an entity in the JAB Group. Pursuant to the Stockholders Agreement, Berkshire and Rhône each had the right to nominate a director, each of the parties had agreed to vote for the other parties’ nominees, and Berkshire and Rhône were generally prohibited from seeking to change or influence our management or board of directors, or acquiring more than 3% of our then-outstanding voting securities, for four years after consummation of our initial public offering (“IPO”).

We were also party to a registration rights agreement with the same parties (the “Registration Rights Agreement”). Pursuant to the Registration Rights Agreement, each of JAB Holdings, Berkshire and Rhône was entitled to demand and piggyback registration rights. The registration rights would have expired on the earlier of the date of the tenth anniversary of our IPO or the date on which the securities subject to the Registration Rights Agreement could have been sold by the holder in a single transaction pursuant to Rule 144 promulgated under the Securities Act.

Both the Stockholders Agreement and the Registration Rights Agreement were terminated in connection with the Repurchase discussed above.

Media Services Agreement

We are party to media services agreement with JAB Luxury GmbH (formerly: LABELUX Group GmbH) (“JAB Luxury”) under which we negotiate rates and manage agreements for JAB Luxury with third-party media suppliers. JAB Luxury is an entity in the JAB Group. In exchange for the services we provide JAB Luxury, JAB Luxury pays us a fixed annual fee equal to 3% of JAB Luxury’s media budget for the services to be purchased through the

arrangement, with a guaranteed minimum annual amount of \$250,000 (VAT excluded) and a maximum annual amount of \$450,000 (VAT excluded). In fiscal 2014, JAB Luxury paid us 277,664 euros for these services.

Third-Party Expenses

12

In connection with our IPO, we agreed to reimburse JAB Holdings up to \$150,000, and, in fiscal 2014, we reimbursed Berkshire and Rhône \$273,091 collectively, for legal fees and expenses related to our IPO and the restatement of our Certificate of Incorporation, Bylaws, and now terminated Stockholders Agreement.

Review, Approval or Ratification of Transactions with Related Persons

Our Board has adopted a written policy regarding the approval or ratification of “related person transactions.” A related person transaction is one in which we or any of our subsidiaries participate, in which the amount involved since the beginning of our last completed fiscal year exceeds \$120,000 and in which a “related person” has or will have a direct or indirect interest, other than solely as a result of being a director of, or, together with all other related persons, a less than 10% beneficial owner of an equity interest in, another entity, or both. “Related persons” are the following persons and their immediate family members: our directors, director nominees, executive officers and stockholders beneficially owning more than 5% of our outstanding Common Stock. Under this policy, the AFC reviews and approves, disapproves or ratifies related person transactions. In determining whether or not to approve a related person transaction, the AFC takes into account, among other factors it deems appropriate, whether the interested transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person’s interest in the transaction. If advance approval by the AFC is not possible, then a related person transaction may be considered and ratified, if appropriate, at the AFC’s next regularly scheduled meeting. The chair of the AFC may pre-approve or ratify related person transactions in which the aggregate amount involved is expected to be less than \$1 million. The chair reports to the AFC each transaction so approved or ratified. If a related person transaction will be ongoing, the committee may establish guidelines for our management to follow in its ongoing dealings with the related person, after which such related person transaction will be reviewed on an annual basis for guideline compliance and ongoing appropriateness.

The AFC has reviewed and pre-approved the following types of related person transactions:

- certain types of executive officer compensation reported in this Proxy Statement;
- compensation paid to a director if required to be reported in our proxy statement;
- any transaction with another company to which a related person’s only relationship is as an employee (other than an executive officer), or as a director or beneficial owner of a less than 10% (together with all other related persons) equity interest in that company, or both, if the amount involved does not exceed the greater of \$1 million or 2% of that company’s total annual revenue;
- any charitable contribution, grant, or endowment by us to a charitable organization, foundation, or university to which a related person’s only relationship is as an employee (other than an executive officer) or a director, if the amount involved does not exceed the lesser of \$1 million or 2% of the charitable organization’s total annual receipts;
- any related person transaction where the related person’s interest arises solely from the ownership of our Common Stock and in which all stockholders receive proportional benefits; and
- any related person transaction in which the rates or charges involved are determined by competitive bids.

A director who is a related person with respect to a transaction may not participate in the discussion or approval of the transaction, except that the director will provide all material information concerning the related person transaction to the AFC. Each transaction described above except the agreement to reimburse third-party expenses was approved or ratified under our related person transaction policy. The reimbursement of third-party expenses described above was not approved under our related person transaction policy but was approved by our Board.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table shows the amount of our Common Stock beneficially owned as of the Record Date, by (i) each person who is known by us to own beneficially more than 5% of our Common Stock, (ii) each member of our Board of Directors, (iii) each Named Executive Officer and (iv) all current directors on our Board and executive officers, as a group. A person is a "beneficial owner" of a security if that person has or shares voting or investment power over the security or if that person has the right to acquire sole or shared voting or investment power over the security within 60 days. Unless otherwise noted, these persons, to our knowledge, have sole voting and investment power over the shares listed.

Applicable percentage ownership is based on 91,178,041 shares of Class A Common Stock and 263,752,817 shares of Class B Common Stock, each as of October 1, 2014.

In computing the number of shares of Common Stock beneficially owned by a person and the percentage ownership of that person, we deemed outstanding shares of Common Stock subject to options held by that person that are currently exercisable or exercisable within 60 days of October 1, 2014. We did not deem these shares outstanding,

however, for the purpose of computing the percentage ownership of any other person.

PROPOSAL NO. 2

APPROVAL OF ADVISORY RESOLUTION ON NEO COMPENSATION (SAY-ON-PAY)

As required by Section 951 the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”), we are asking stockholders to vote, on a non-binding advisory basis, to approve compensation paid to our NEOs. Executive compensation is disclosed in our “Compensation Discussion and Analysis” (“CD&A”) on page 23 of this Proxy Statement and the tables following the CD&A.

We believe that the overriding objective of our compensation program for our NEOs is to encourage, reinforce and reward delivery of stockholder value. We also believe that our compensation program is effectively designed to attract and retain high quality talent. Further, we believe that our compensation program is competitive, stimulates outstanding business growth through long-term incentives, and further aligns the NEOs’ interests with those of the Company’s stockholders.

Proposal: In accordance with Section 14A of the Exchange Act, and as a matter of good corporate governance, we are asking stockholders to approve the following advisory resolution at the Annual Meeting:

RESOLVED, that the stockholders of Coty Inc. (the “Company”) approve, on an advisory basis, the compensation of the Company’s Named Executive Officers disclosed in the Compensation Discussion and

22

Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company's 2014 Annual Meeting of Stockholders.

Recommendation: The Board recommends voting FOR the proposal to approve, on a non-binding advisory basis, the compensation of our NEOs as described in the CD&A beginning on page 23.

Vote Required: This advisory vote, commonly referred to as "Say-on-Pay", requires the affirmative vote of a majority of the votes cast. The advisory proposal is not binding on our Board. However, our Board values our stockholders' opinions and the RNC will take into account the outcome of the advisory vote when considering future NEO compensation.

Compensation Discussion and Analysis

Overview of Compensation Philosophy & Objectives

The overriding objective of our compensation programs for our NEOs is to encourage, reinforce and reward delivery of stockholder value.

NEO compensation consists of base salaries, annual cash awards under our Annual Performance Plan ("APP") and equity awards under our Equity and Long-Term Incentive Plan ("ELTIP") and its predecessor program, our Long-Term Incentive Plan ("LTIP" and, with the ELTIP, the "Long-Term Incentive Plans"). We also provide certain benefits and perquisites in line with general practice in the country in which the NEO resides and certain payments in lieu of pensions. Variable pay under our APP and Long-Term incentive Plans has and will continue to be the most significant element of our NEO compensation program.

Competitive Compensation. We compensate our NEOs competitively to ensure that we attract and retain the right talent to deliver stockholder value. We benchmark our compensation against a peer group of companies that includes companies against whom we compete for key talent (the "Compensation Peer Group"). We target total direct NEO compensation towards the third quartile of the Compensation Peer Group.

Equity-Based Compensation. We closely align the interests of our NEOs with those of our stockholders through a compensation program in which a significant portion of total compensation is paid through equity-based long-term incentives. To balance incentives to achieve short-term and long-term success, NEOs' compensation includes annual grants of long-term equity-based compensation under our Long-Term Incentive Plans as well as annual cash awards under our APP as described in more detail below. Long-term equity-based compensation further aligns NEOs' and stockholders' interests. All annual equity-based awards have five-year cliff vesting tied to continued employment with the Company.

Variable, Performance-Based Pay. The APP is a key component of our compensation program for NEOs. Our APP is designed to stimulate achievement of outstanding business results by linking highly-leveraged annual cash incentives to the achievement of performance targets. We link achievement to compensation by basing NEOs' APP awards on performance against collective and individual targets. Individual targets are derived from our collective targets and tailored to the areas in which an NEO can most effectively deliver stockholder value.

Stock Ownership. We strongly believe in encouraging stock ownership by our NEOs and have adopted stock ownership guidelines for our executives. We encourage stock ownership and facilitate compliance with our stock ownership guidelines through our Platinum Program ("Platinum"). All executives who are subject to our stock ownership guidelines are invited to purchase stock through Platinum, and any executive who purchases stock through Platinum receives a matching award of restricted stock units ("Platinum RSUs"). All Platinum RSUs have five-year cliff vesting tied to continued employment with the Company and continued ownership of the purchased shares that were

matched by the Platinum RSUs. We believe Platinum closely aligns key executives and stockholders and reduces the likelihood of excessive risk taking.

Pay for Performance Overview

Fiscal 2014 Annual Incentive Compensation. Our collective performance targets for Coty Inc. under the APP and performance relative to these targets in fiscal 2014 are set forth in “Coty Inc. Fiscal 2014 Targets.”

Coty Inc.’s fiscal 2014 performance resulted in a collective performance factor of 0.72. We measure Coty Inc.’s financial performance based on targets for growth in net income attributable to Coty Inc., and like-for-like growth in net revenues and improvement in average net working capital as a percentage of rolling net revenues. We use these performance measures because we believe they most accurately measure our performance in executing our business plan, with a focus on top line growth, margin expansion and cash flow generation. During fiscal 2014, the RNC adjusted Coty Inc.’s minimum profits target for the purposes of determining whether any awards would be paid under the APP (the “Killer Factor”) to be different from the minimum net income growth target and lowered the Killer Factor from a net income of \$323.2 million to \$295 million. Although this adjustment did not affect the targets for growth in net income attributable to Coty Inc., the adjustment did allow for an APP award to be paid under other performance measures if net income attributable to Coty Inc. was at least \$295 million. The RNC adjusted the Killer Factor to encourage strong additional continued investment behind our brands, and the payment of awards under the adjusted APP targets was conditioned on our making this additional investment. While each target is considered achievable, a superior level of performance was required to receive an award above the target level. NEO individual performance factors ranged from to 0.30 to 1.21, and total APP factors for APP awards paid to NEOs ranged from 0.59 to 1.41.

Fiscal 2014 long-term equity compensation. Annual long-term equity awards granted under the ELTIP in fiscal 2014 were awarded in September 2013 and were based on fiscal 2013 individual performance. The pool is based on the total number of employees and their target or notional grants for their respective job levels. When deciding whether to award annual grants, our Board considers the collective performance of Coty Inc. during the fiscal year on which the awards are based. All annual long-term equity awards granted in fiscal 2014 for fiscal 2013 performance were awarded in the form of RSUs with five-year cliff vesting tied to continued employment with the Company.

Annual long-term equity awards granted in fiscal 2015 will be granted in September 2014 and will be based on fiscal 2014 performance.

Other Highlights

We believe our compensation program follows best practices. The following principles are incorporated:

Stock ownership encouraged. We strongly believe in encouraging stock ownership by our NEOs. All of our NEOs have participated in Platinum or its predecessor program, the Executive Stock Ownership Plan (the “EOP” and, together with Platinum, the “Executive Ownership Programs”). In fiscal 2012, to further encourage stock ownership, we adopted stock ownership guidelines requiring our Chief Executive Officer to own shares of our Class A Common Stock equal to five times his base salary and each other NEO to own shares of our Class A Common Stock equal to three times his base salary.

No tax gross-ups. Any personal income taxes due as a result of compensation and/or perquisites, other than international assignment benefits, are the responsibility of the NEOs, with the exception of our agreement to pay the personal income taxes associated with certain perquisites we provide to Mr. de Talhouët. We do not provide tax gross-ups for golden parachute excise taxes.

Incentives do not encourage excessive risk taking. Our compensation program does not contain features that could potentially encourage excessive risk taking, such as multi-year guaranteed bonuses, high pay opportunities relative to peer companies or mega annual equity grants. In addition, we utilize multiple performance measures under the APP. Our stock options and RSUs generally have five-year cliff vesting tied to continued employment with the Company, and management has sizable stock positions relative to their income, which together encourage focus on the long-term value of our stock, aligns management’s and stockholders’ interests and discourages excessive risk taking to optimize short-term and non-sustainable performance.

No backdating or repricing of stock options. We generally make annual equity awards at the same predetermined time each fiscal year. Equity awards, including stock options, are never backdated or issued at below-market prices. Repricing of stock options is expressly prohibited.

Independent external companies engaged for executive compensation information. Each year since fiscal 2010, the RNC has engaged an independent external company to provide information with respect to executive compensation.

Perquisites. NEO perquisites are reasonable and generally represent less than 1% of each NEO’s total compensation with the exception of Mr. de Talhouët whose perquisites amounted to 11%.

Double-trigger equity vesting upon a change in control. In March 2011, we amended our LTIP and EOP to require a “double-trigger” for accelerated vesting in connection with a change in control of the Company, which means that accelerated vesting of equity issued under the LTIP or EOP will only occur upon a termination of employment in connection with a change in control. This amendment applies to all equity granted after March 2011. In addition, all compensation plans and programs adopted since March 2011 that provide for accelerated payment or accelerated vesting in connection with a change in the control of the Company, including the ELTIP and Platinum, also require a “double-trigger”.

Competitive Compensation and Peer Group Rationale

In establishing compensation for our NEOs, we consider the compensation practices of the Compensation Peer Group (as defined below). We consider these practices to determine the competitiveness of individual compensation elements and total compensation of our NEOs. We target total direct NEO compensation towards the third quartile of the Compensation Peer Group in order to attract and retain talent. Individual pay to NEOs varies in accordance with experience, individual and collective performance and other factors determined by the RNC. Actual total direct

compensation reported may vary due to currency fluctuations.

The Compensation Peer Group consists of companies that compete directly with us for executive talent and compete with us in the marketplace for business and investment opportunities.

25

The RNC periodically reviews the companies included in the Compensation Peer Group. Our fiscal 2014 Compensation Peer Group changed from fiscal 2013 to remove companies that are not in our industry or the fast moving consumer goods industry and includes the following companies:

Avon Products, Inc.	Kimberly Clark Corporation
The Clorox Company	L’Oreal
Colgate-Palmolive Company	The Procter and Gamble Company
Elizabeth Arden, Inc.	Revlon, Inc.
The Estée Lauder Company, Inc.	Unilever PLC
Inter Parfums, Inc.	

The last reported annual revenues of Compensation Peer Group companies ranged from \$564 million to \$84.1 billion, with a median of \$10.2 billion. Benchmarking of compensation was size adjusted to reflect our annual net revenues of approximately \$4.6 billion in fiscal 2013.

Elements of Compensation

Our NEO compensation programs consist of three key elements: base pay, annual cash incentive awards under the APP, and equity-based compensation under our Long-Term Incentive Plans. We also provide certain benefits and perquisites to assist NEOs in the performance of their duties.

We pay for performance and structure our compensation program to target actual total direct compensation towards the third quartile compared to the Compensation Peer Group only if exceptional performance is achieved. For fiscal 2014, aggregate target total direct compensation of NEOs was near the 50th percentile compared to the Compensation Peer Group.

Base Salary

We pay base salaries to provide executives with a secure, fixed base of cash compensation in recognition of individual responsibilities and job performance. Consistent with our pay-for-performance philosophy, base salary did not account for more than 39% of any NEO’s fiscal 2014 actual total direct compensation.

Salary levels are typically set and annually reviewed by the RNC. Any salary increases are approved by the RNC after a comparative analysis of base salaries for similar positions among the Compensation Peer Group (as described in “—Competitive Compensation and Peer Group Rationale”). When determining base salaries, the Remuneration and Nomination Committee considers external market conditions in addition to total direct compensation targets. There were no material increases or decreases in base salary of any NEO in fiscal 2014.

Annual Incentive Compensation under the APP

We pay incentive cash compensation awards annually under the APP. The APP is a key component of our compensation program for NEOs. It is designed to stimulate achievement of outstanding business results by linking highly-leveraged annual cash awards with the achievement of quantifiable performance measures.

Target APP awards for each NEO are calculated as a percentage of such NEO’s base salary and may be multiplied by a factor ranging from zero to 3.6 times such target award. 70% of the NEO’s APP Award is based on collective financial performance, and the other 30% is based on achievement of individual goals derived from our collective financial targets and tailored to the areas in which an NEO can most effectively deliver stockholder value.

After changes in APP award targets due to changes in executive positions during the fiscal year, APP award targets ranged from 60% to 100% of NEO base salary in fiscal 2014.

Collective Performance. Collective performance is based on the financial performance of Coty Inc. and, for certain NEOs, the operations for which they are directly responsible. The RNC sets these collective performance targets across several performance measures based on our internal planning and forecasting processes. Each performance measure is weighted, and targets for each performance measure are set at “minimum”, “below”, “target”, “exceeds” and “maximum” award levels.

In fiscal 2014, collective targets were established for Coty Inc. and for the operations for which Mr. Mortier, Mr. Semerari and Mr. McCall were directly responsible. Collective performance for Coty Inc. was measured by growth in net income attributable to Coty Inc., like-for-like growth in net revenues and improvement in average net working capital as a percentage of rolling net revenues. While targets are considered achievable, a superior level of performance is required to receive an award above the target level. The collective portions of Mr. Scannavini’s and Mr. de Talhouët’s awards were based on Coty Inc.’s performance. The collective portions of Mr. Mortier’s, Mr. Semerari’s and Mr. McCall’s awards were based partially on Coty Inc.’s performance and partially on the performance of the operations for which each was respectively responsible during fiscal 2014.

Individual Performance. The RNC also establishes weighted, individual targets for each NEO. Individual targets are derived from our collective targets and tailored to the areas in which an NEO can most effectively deliver stockholder value. Examples of individual targets include net revenue growth in emerging markets, market share gains in specific market segments or improvements in customer service. Individual targets are measurable and serve to focus each NEO on the area of our business in which he can add the most stockholder value.

Evaluation and Payment. Each fiscal year, the RNC measures collective financial performance and individual performance to determine APP awards for that fiscal year. The RNC also sets an aggregate amount available for payment of APP awards based on collective financial performance.

In its review of collective performance, the RNC determines whether collective performance meets targets set at “minimum”, “below”, “target”, “exceeds” and “maximum” award levels. If actual performance is between two award levels, the factor is calculated pro rata between the two award levels based on actual performance.

Measurement of performance against the established collective targets is subject to certain automatic adjustments, such as changes in accounting principles, impairment of intangibles, the impact of discontinued operations, acquisition expenses, nonrecurring income/expenses, the impact on net revenues of foreign currency rate fluctuations and other factors that the RNC may deem outside of management’s control.

We condition APP awards on meeting a minimum collective target for profitability, which we refer to as the Killer Factor, so that no awards will be paid if the minimum profits target is not met. We believe this directly ties receiving awards under our APP to delivering stockholder value. In fiscal 2014, the RNC adjusted the Killer Factor from \$323.2 million to \$295 million for purposes of determining whether any awards would be paid under the APP. The RNC adjusted the fiscal 2014 performance factors to encourage strong additional investment behind our brands and no NEO would have received an APP award if the adjusted Killer Factor had not been met and this additional investment had not been made.

In its review of individual performance, the RNC rates each NEO’s performance against each of his individual goals. The Chief Executive Officer participates in each performance review, except for his own. Based on the aggregate amount available for payment of APP awards, a corresponding individual factor is prescribed to each NEO’s rating.

APP awards are calculated after the end of the fiscal year and paid in a single payment (adjusted for taxes as applicable) around the beginning of the second quarter of the following fiscal year.

Illustrative Example. As an example, assume an NEO has an annual base salary of \$500,000 and an annual APP target set at 50% of his base salary and that his APP award is based 70% on the Company's collective performance and 30% on his individual performance. Also assume that the Company's collective performance factor is 1.30 and the NEO's individual performance factor is 1.00.

Based on these facts, the NEO's target APP award is \$250,000, and his total APP factor is 1.21, resulting in an APP award of \$302,500. His APP award could have ranged from \$0, if his total APP factor was zero, to \$900,000 if his total APP factor was 3.6.

The formulas below illustrate the calculation:

Target APP Award:	\$500,000 times 50%	=	\$250,000
APP total factor:	(1.30 times 70%) + (1.00 times 30%)	=	1.21
Actual APP Award:	\$250,000 times 1.21	=	\$302,500

Please see “—Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table” for a more detailed discussion of the mechanics of the APP program, including detail regarding the financial performance targets for fiscal 2014.

Long-Term Incentive Compensation Awards

We pay long-term incentive compensation in the form of equity under our Long-Term Incentive Plans and our Executive Ownership Programs. Historically, annual awards under the Long-Term Incentive Plans and equity received to match investments made under our Executive Ownership Programs have been in the form of non-qualified stock options. In fiscal 2013, we adopted the Equity and Long-Term Incentive Plan, which governs all equity awards granted to employees after its adoption, and Platinum, our new executive ownership program. Annual equity awards under the Equity and Long-Term Incentive Plan and matching equity under Platinum are in the form of RSUs.

We believe these awards will further focus our executives on increasing stockholder value. All annual equity awards under our Long-Term Incentive Plans, stock options (“Matching Options”) under the EOP and Platinum RSUs have five-year cliff vesting tied to continued employment with the Company.

Our equity compensation program encourages retention of and long-term focus by our NEOs by giving them an ownership stake in our future growth and financial success. The program also provides a direct link between the interests of our stockholders and our NEOs and other eligible leadership employees.

We use the Black-Scholes methodology and, when applicable, the Monte Carlo methodology to value stock option awards (both ours and those of companies in the Compensation Peer Group) to enable meaningful comparisons across companies and across time. Shares purchased under the Executive Ownership Programs are not considered compensation because executives purchase the shares at their fair market value. Shares purchased under the EOP and Platinum, Matching Options and Platinum RSUs are not taken into account in determining target compensation levels for the NEOs.

Annual Awards under our Long-Term Incentive Plans. Awards under our Long-Term Incentive Plans recognize strong collective financial performance and individual achievement and align each NEO's interests with our organizational goals and our stockholders' long-term financial interests. The number of total available awards is based on the total number of employees and their target or notional grants for their respective job levels. When deciding whether to award annual grants for that fiscal year, our Board considers collective performance.

The RNC considers several factors when determining long-term incentive awards for each NEO. First, notional grants or target awards are established. As total target direct compensation is benchmarked against the third quartile of the Compensation Peer Group, the RNC deducts the NEO's base salary and target APP award from the total target direct compensation when determining the NEO's target annual award under the ELTIP. Then, these target awards are adjusted based on the RNC's determination of the total pool size and the NEO's individual performance during the fiscal year.

Award determinations are typically made in September of each year. There is no relationship between the timing of the granting of awards and our release of material non-public information.

Special Grant of IPO Units. In exceptional cases, the RNC may grant additional awards as it deems appropriate. For example, in fiscal 2011, the RNC granted a special incentive award of IPO Units. The grant was designed to motivate, retain and engage key executives to prepare the Company for a successful IPO. The RNC determined the grant amount and recipients of the grant based on information provided by an independent external company about grants made by companies considered comparable to us prior to such companies' initial public offerings. Since the IPO Units were an extraordinary, non-recurring grant, they were not taken into account in setting each NEO's target total direct compensation in fiscal 2011 or 2012. Fifty percent of the IPO Units vested on June 13, 2013, which was the first day the Company's Class A Common Stock was listed on the NYSE. The remaining 50% vested on June 13, 2014, which was the one-year anniversary of the first day the Company's Class A Common Stock was listed on the NYSE.

Please see “—Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table” for a more detailed discussion of our long-term equity program and actual awards granted in fiscal 2014.

Executive Stock Ownership

We strongly believe in encouraging stock ownership by our NEOs. We encourage NEOs to own stock in the Company in two ways: through our Executive Ownership Programs and by our stock ownership guidelines.

Executive Ownership Programs. The primary way we encourage stock ownership and compliance with stock ownership guidelines by our NEOs is through our Executive Ownership Programs. In December 2012, Platinum replaced the EOP as our Executive Ownership Programs. Under Platinum, executives are invited to purchase stock through Platinum and receive matching awards of Platinum RSUs based upon their investments. In fiscal 2014, Mr. de Talhouët participated in Platinum.

While there is no specific maximum purchase for a participant under Platinum, any purchase higher than the participant's annual base salary in any given year must receive approval of the Chief Executive Officer. For every three shares purchased up to an amount equal to 15% of the participant's annual base salary, the participant will receive one matching Platinum RSU. For example, if an NEO's salary is \$350,000 and he purchased 3,100 shares of Class A Common Stock under Platinum at a value of \$17.50 per share, the NEO would have received 1,000 Platinum RSUs. In this example, 3,000 purchased shares were matched on a one-to-three basis.

All Platinum RSUs awarded under Platinum have five-year cliff vesting tied to continued employment with the Company and continued ownership of the shares that were matched by the Platinum RSUs.

Stock Ownership Guidelines. In February 2012, we adopted stock ownership guidelines that apply to our NEOs. Our Chief Executive Officer's target is five times his annual base salary. Targets for all other NEOs are three times the NEO's annual base salary. Each NEO has seven years to meet his target, and each is on track to meet his ownership target.

Other Benefits and Perquisites

General. In general, our NEOs participate in the same benefit plans generally available to our employees in the home country in which the NEO resides. These benefit plans include health insurance, life insurance and disability coverage. NEOs receive the same coverage as the rest of our employees.

Perquisites. We provide NEOs with reasonable perquisites on an individual basis. The perquisites generally include housing allowances and car allowances to the extent deemed necessary for business purposes. Perquisites generally represented less than 1% of each NEO's total direct compensation in fiscal 2014 with the exception of Mr. de Talhouët, whose perquisites amounted to 11%. All perquisites with an aggregate value of at least \$10,000 received by an NEO

are reported in the Summary Compensation Table.

Retirement Plans. We provide retirement benefits to our NEOs in the United States and certain other employees in the U.S. under our Retirement Savings Plan.

Potential Payments upon Termination of Employment. The employment agreements with our NEOs and our compensation plans provide for certain payments and incremental benefits if an NEO's employment is terminated under certain circumstances. There are no tax gross-ups provided in connection with these payments or incremental benefits. These payments and incremental benefits are discussed in "—Potential Payments upon Termination or Change in Control."

Employment Agreements

We have also entered into employment agreements with each of our NEOs. The employment agreements are described in "—Employment Agreements."

Tax and Accounting Implications

Section 162(m) of the Internal Revenue Code ("Section 162(m)") limits the Company's deductions for compensation paid to the chief executive officer and three other most highly compensated executive officers (other than the chief financial officer) to \$1,000,000 per year, but contains an exception for certain performance-based compensation. However, there is transitional relief from Section 162(m) for compensation paid pursuant to certain plans or agreements of corporations which are privately held and which become publicly held in an initial public offering.

Our compensation programs are intended to maximize the deductibility of the compensation paid to our NEOs to the extent that we determine it is in our best interests and to further advance organizational growth while providing competitive base salaries.

While the RNC is mindful of the benefit to the Company of the full deductibility of compensation, the committee believes that the requirements of Section 162(m) should not impair its flexibility in compensating our NEOs in a manner that can best promote the Company's objectives. Therefore, the RNC has not adopted a policy that requires that all compensation be deductible. The RNC intends to continue to compensate our executive officers in a manner consistent with the best interests of the Company and its stockholders.

Independent External Companies Engaged by the Remuneration and Nomination Committee

The RNC has engaged an independent external company to provide information with respect to our executive compensation.

The independent external company reports directly to the RNC, with input from certain members of senior management. All decisions with respect to the amount and form of NEO compensation under our executive compensation programs are made solely by the RNC and may reflect factors and considerations other than the information provided by the independent external company.

In fiscal 2014, the RNC engaged Deloitte LLP to provide information regarding competitive compensation peer group and compensation benchmarking data for NEO's and executive-level positions, as well as information about market practices for equity compensation and plan governance. The AFC and RNC assessed the independence of Deloitte LLP and concluded that Deloitte LLP is independent and no conflict of interest exists that would prevent Deloitte LLP from providing this information to the RNC.

Annual Incentive Compensation Awards under our APP

APP awards are calculated as set forth above in “—Annual Incentive Compensation.”

34

Collective Factor. The collective factor for fiscal 2014 APP awards was based on collective performance for 0.72. The table below sets forth each of the collective targets of the Company for purposes of incentive payout under this APP component:

Coty Inc. Fiscal 2014 Targets

	Target Improvement over prior year	Minimum Delta (bps) with Target	Below Delta (bps) with (Factor) Target	Target Delta (bps) with (Factor) Target	Exceeds Delta (bps) with (Factor) Target	Maximum Delta (bps) with (Factor) Target	Actual Delta (bps) with (Factor) Target
Net Income Attributable to Coty Inc Growth YOY (40%)	8.0 %	(800) —	(400) 0.2	— 0.4	150 0.8	300 1.44	(934) —
Net Revenues Growth YOY (40%)	3.5 %	(200) —	(100) 0.2	— 0.4	100 0.8	200 1.44	(509) —
Average NWC as % of Rolling Sales Improvement YOY in basis point (20%)	140	(80) —	(40) 0.1	— 0.2	40 0.4	80 0.72	217 0.72
TOTAL		—	0.5	1.0	2.0	3.60	0.72

The collective factor of the Company for fiscal 2014 was 0.72. In fiscal 2014, like-for-like net revenues growth excludes the impact of foreign currency exchange translations, the divestiture of one of our licenses, the expiration of a certain North American service agreement that was not renewed and product returns associated with the reorganization of our mass business in China and does not exclude revenues from the acquisition or conversion of third-party distributors. In fiscal 2014, net of tax adjustments were made to Net Income Attributable to Coty Inc. to take into account share-based compensation expenses, asset impairment charges, restructuring costs and business structure realignment programs costs, New York real estate consolidation costs, China optimization costs, public entity preparedness costs, and acquisition-related costs.

The collective factor for fiscal 2014 of the operations for which Messrs. Mortier, Semerari and McCall were directly responsible in fiscal 2014 were 1.16, 0.72 and 2.27, respectively.

The following example illustrates the calculation of the collective portion of an NEO's APP award. Based on the actual performance of the Company, if an NEO had a target APP award of \$500,000 and his collective component (70% of his APP award) was based solely on the financial performance of the Company, his collective factor for fiscal 2014 is 0.72 and he would receive 360,000 for the collective component of his APP award. The remaining 30% of his APP award would be determined by his individual factor.

Individual Factor. As discussed in “—Annual Incentive Awards, Individual Factor”, the remaining 30% of each NEO's APP award is based on achievement of individual goals set by the RNC. Once achievement levels are determined, individual factors are adjusted based on collective performance.

The individual goals of each NEO for fiscal 2014 were:

Michele Scannavini. Mr. Scannavini's individual goals were to accelerate growth in emerging markets, increase net revenue of specific brands and improve gross margin.

Mr. de Talhouët. Mr. de Talhouët's individual goals were to improve gross margin, improve net working capital while strengthening financial governance and enhance internal succession plan.

Jean Mortier. Mr. Mortier's individual goals, all of which relate to the commercial operations for which he is directly responsible, were to increase net revenue of specific brands, improve gross margin and accelerate growth in emerging markets.

Renato Semerari. Mr. Semerari's individual goals, all of which relate to the commercial operations for which he is directly responsible, were to increase net review of specific brands, improve gross margin and accelerate growth in emerging markets.

Darryl McCall. Mr. McCall's individual goals, all of which relate to the operations for which he is directly responsible, were to support growth in emerging markets, strengthen internal succession plan and improve productivity while executing efficiency programs.

APP Awards by NEO. The following table shows the minimum, target and maximum amounts each NEO could have been awarded in fiscal 2014.

Long-Term Incentive Compensation Awards

Annual Grant. Through the process described in "—Long-Term Incentive Compensation, Annual Awards under our Long-Term Incentive Plans," the RNC determined that the total number of awards available for the annual grant in fiscal 2014 for fiscal 2013 performance was 1,569,325 RSUs. The target awards for Messrs. Scannavini, Mortier, Semerari, McCall and Pedreiro were 210,000 RSUs, 100,000 RSUs, 120,000 RSUs, 60,000 RSUs and 75,000 RSUs, respectively. Mr. de Talhouët was not our employee at the time of the fiscal 2014 annual grant. After assessing the individual performance of each NEO, the RNC awarded each NEO 100% of his target award except that Mr. Mortier was awarded 120,000 RSUs in connection with his promotion to his role of President, Coty Prestige, on October 1, 2012.

Matching RSUs under our Platinum Program. In fiscal 2014, Mr. de Talhouët received matching Platinum RSUs under our Platinum Program.

IPO Units. In fiscal 2011, the RNC granted a special incentive grant of IPO Units. The grant was designed to motivate, retain and engage key executives to prepare us for a successful IPO. 50% of the IPO Units vested on June 13, 2013, the first day our capital stock was listed on the NYSE, and the remaining 50% vested on June 13, 2014, the first anniversary of the listing of our capital stock on the NYSE.

Each NEO except for Mr. de Talhouët received IPO Units in the fiscal 2011 grant. Mr. de Talhouët was not our employee at the time of the fiscal 2011 grant. Mr. Scannavini received an additional grant of 70,000 IPO Units in fiscal 2011 as consideration for no longer receiving certain payments in lieu of participation in a social retirement program.

Outstanding Equity Awards at Fiscal Year End

The following table shows outstanding equity awards held by the NEOs on June 30, 2014, the last day of our fiscal year. The market value of the shares of unvested restricted stock is determined by multiplying the number of outstanding awards by \$17.13 which was the closing price of our Class A Common Stock on June 30, 2014. The market value does not reflect, nor in any way assures, that the amounts will correspond to the actual value that will be recognized by the NEOs.

Pension Benefits

We do not administer any pension programs that provide our NEOs with additional benefits from those offered to our other employees.

Potential Payments upon Termination or Change-in-Control

As described in the CD&A and the narrative to the foregoing tables, we have entered into employment agreements with each of our NEOs and maintain certain incentive, equity and benefit plans in which our NEOs participate. These employment agreements and plans provide for certain payments and incremental benefits if an NEO's employment is terminated under certain circumstances. These payments and benefits are described below.

Payments under the APP

A pro-rated award for the fiscal year in which an NEO's employment is terminated may be paid under the APP if his employment is terminated by reason of retirement, disability or death. No awards for the fiscal year in which an NEO's employment is terminated are paid under the APP if an NEO's employment is terminated for any reason other than retirement, disability or death.

In the event of a change in control, each NEO will be paid an award equal to the "exceeds" target award for the fiscal year in which the change in control occurs.

Matching Options under the EOP, Stock Options under the LTIP, RSUs and Platinum RSUs under the ELTIP

Treatment upon termination due to death, disability or retirement. All unvested Matching Options, unvested Stock Options, unvested RSUs, and unvested Platinum RSUs will accelerate on a pro rata basis. The pro rata amount is based on the number of days that have passed since the Matching Options, Stock Options, RSUs or Platinum RSUs were granted.

Treatment upon termination for any reason other than retirement, death or disability. All unvested Matching Options, unvested Stock Options, unvested RSUs, and unvested Platinum RSUs will be forfeited and canceled.

Treatment upon a change in control. In March 2011, we amended the EOP and the LTIP to require “double-trigger” vesting upon a change in control. The amendments applied to all Matching Options and Stock Options granted after March 2011. All equity granted prior to March 2011 will automatically vest upon a change in control. All equity granted under the EOP or LTIP after March 2011 and all equity granted under the ELTIP will vest if an NEO’s employment is terminated without cause or he resigns for Good Reason within twelve months following a change in control.

Certain Additional Payments

Unless specified below, each NEO would not have any additional payments upon termination of his employment for any reason or a change in control, except for payments provided for under the APP and accelerated vesting under the EOP, LTIP and ELTIP.

Under his employment agreement, Mr. Scannavini was entitled to 50% of his annual base salary if his employment were terminated for any reason other than termination without cause. If his employment were terminated without cause, Mr. Scannavini was entitled to 1.5 times his annual base salary plus the average APP award received for fiscal year 2012 and fiscal year 2013.

- Mr. de Talhouët is entitled to 90-days base salary if his employment is terminated due to resignation or retirement and 12-months base salary if his employment is terminated without cause.

Mr. Mortier is entitled to two-thirds of average gross salary (including his target APP award) for up to 12 months if his employment is terminated for any reason in consideration of the competition restrictions within his employment agreement.

Mr. McCall is entitled to a pro rata APP award based on his termination date and the factor that would be achieved, and accelerated vesting, on a pro rata basis, of Stock Options under the LTIP, RSUs and Platinum RSUs under the ELTIP, if his employment is terminated due to resignation. If Mr. McCall's employment is terminated without cause, our Board may determine whether Mr. McCall will receive either (i) six times his monthly base salary and forfeit all equity awards or (ii) no salary-based severance payment and a pro rata vesting of his equity awards.

Mr. Semerari is entitled to 12-months annual base salary if his employment is terminated without cause.

Effect of Section 409A on Timing of Payments and Equity Awards

Any amounts that are not exempt from Section 409A are subject to the required six-month delay in payment after termination of service if the NEO is a "specified employee" for purposes of Section 409A at the time of termination of employment. Amounts that otherwise would have been paid during the six-month delay will be paid in a lump sum on the first day after the delay period expires.

Potential Payments in the Event of Termination at the End of Our Last Fiscal Year

The following table sets forth the estimated incremental payments and benefits that would have been received by each NEO if employment had been terminated or upon a change in control, on June 30, 2014. Amounts received due to accelerated vesting of equity were calculated using closing price of our Common Stock as of June 30, 2014, which was \$17.13. The value of accelerated vesting of Stock Options was calculated by subtracting the exercise price of the Stock Option from \$17.13.

Exchange rates are calculated using the weighted average monthly exchange rate during the fiscal year.

PROPOSAL NO. 3

ADVISORY VOTE ON THE FREQUENCY OF THE ADVISORY VOTE ON NEO COMPENSATION

As required by Section 951 of the Dodd-Frank Act, we are providing stockholders with the opportunity to recommend, on a discretionary and non-binding basis, whether a non-binding advisory vote on NEO compensation provided for in Proposal 3 should occur every one, two or three years. Specifically, our Board is asking stockholders to vote on how often we should include an advisory vote on executive compensation in its proxy materials for future annual stockholders meetings.

After careful consideration, our Board believes that a frequency of every year for the advisory vote on NEO compensation is the optimal interval for conducting a Say-on-Pay vote. An advisory vote on NEO compensation every year will provide an effective way to obtain information on stockholder sentiment regarding our NEO compensation programs and reflects our belief in our NEO compensation programs and their effectiveness.

Proposal: Approve, on a non-binding advisory basis, the frequency of EVERY YEAR for holding future advisory votes on named executive officers compensation.

Recommendation: Our Board recommends voting for the proposal, on a non-binding advisory basis, approving the frequency of EVERY YEAR for holding future advisory votes on named executive officers compensation.

Vote Required: This advisory proposal requires a plurality of the votes cast and is not binding on our Board. However, our Board values the opinions of our stockholders, and the RNC will take into account the frequency that

receives the most votes when considering the frequency of future advisory votes on NEO compensation. Stockholders may cast their vote on their preferred voting frequency by choosing the option of one year, two years or three years, or abstaining from voting.

Notwithstanding our Board's recommendation and the outcome of the stockholder vote, our Board may in the future decide to conduct advisory votes on NEO compensation on a more or less frequent basis. Our Board may also vary its practice based on factors such as discussions with stockholders and the adoption of material changes to our executive compensation program.

The AFC and management consider Deloitte to be well qualified, and strongly believe the continued retention of Deloitte is in our best interest and the best interests of our stockholders.

As a matter of corporate governance, the AFC submits its selection of Deloitte as our independent auditors for the year ending June 30, 2015 to the stockholders for ratification. In the event that the stockholder should not ratify the appointment of Deloitte, the AFC will reconsider the appointment.

One or more representatives of Deloitte will be present at the Annual Meeting. The representatives will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The AFC has adopted a policy for the pre-approval of services provided by Deloitte. For each proposed service, Deloitte is required to provide detailed supporting documentation in advance of the pre-approval to permit the AFC to make an appropriate determination as to whether the provision of such services would impair auditor independence.
