Notes to CONDENSED CONSOLIDATED Financial Statements

(UNAUDITED)

Note 1 — Basis of Presentation

In the opinion of management, the accompanying condensed consolidated financial statements include all adjustments necessary to present fairly the financial position, results of operations and cash flows of Acme United Corporation (the “Company”). These adjustments are of a normal, recurring nature. However, the financial statements do not include all of the disclosures normally required by accounting principles generally accepted in the United States of America or those normally made in the Company's Annual Report on Form 10-K. Please refer to the Company's Annual Report on Form 10-K for the year ended December 31, 2015 for such disclosures. The condensed consolidated balance sheet as of December 31, 2015 was derived from the audited consolidated balance sheet as of that date. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. The information included in this Quarterly Report on Form 10-Q should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations and the financial statements and notes thereto, included in the Company's 2015 Annual Report on Form 10-K.

The Company has evaluated events and transactions subsequent to June 30, 2016 and through the date these condensed consolidated financial statements were included in this Form 10-Q and filed with the SEC.

Recently Issued Accounting Guidance

In March, 2016 the Financial Accounting Standards Board (FASB) issued accounting standards update (ASU) 2016-09, *Compensation – Stock Compensation: Improvements to Employee Share Based Payment Accounting*. The guidance in this update addresses several aspects of the accounting for share-based payments, including income tax consequences, classification of awards as either equity or liabilities and classification on the statement of cash flows. The new standard is effective for the Company beginning on January 1, 2017. The Company is evaluating the effect that ASU 2016-09 may have on its consolidated financial statements and related disclosures.

Note 2 — Contingencies

The Company is involved from time to time in disputes and other litigation in the ordinary course of business and may encounter other contingencies, which may include environmental and other matters. There are no pending material legal proceedings to which the registrant is a party, or, to the actual knowledge of the Company, contemplated by any governmental authority.

In 2014, the Company sold its Fremont, NC distribution facility for \$850,000 in cash. Under the terms of the sale agreement, the Company is responsible to remediate any environmental contamination on the property. In conjunction with the sale of the property, the Company recorded a liability of \$300,000 in the second quarter of 2014, related to the remediation of the property. The accrual includes the total estimated costs of remedial activities and post-remediation monitoring costs.

Remediation work on the project began in the third quarter of 2014 and is expected to be completed in 2016, with a monitoring period expected to be completed by the end of 2020.

The change in the accrual for environmental remediation for the six months ended June 30, 2016 follows (in thousands):

**Note 4 —Debt and Shareholders' Equity**

On May 6, 2016, the Company amended its revolving credit loan agreement with HSBC Bank, N.A. The amended facility provides for borrowings of up to an aggregate of \$50 million at an interest rate of LIBOR plus 2.0%. In addition, the Company must pay a facility fee, payable quarterly, in an amount equal to two tenths of one percent (.20%) per annum of the average daily unused portion of the revolving credit line. All principal amounts outstanding under the agreement are required to be repaid in a single amount on May 6, 2019, the date the agreement expires; interest is payable monthly. Funds borrowed under the agreement may be used for working capital, acquisitions, general operating expenses, share repurchases and certain other purposes. Under the revolving loan agreement, the Company is required to maintain specific amounts of tangible net worth, a specified debt service coverage ratio and a fixed charge coverage ratio and must have annual net income greater than \$0, measured as of the end of each fiscal year. At June 30, 2016, the Company was in compliance with the covenants then in effect under the loan agreement.

As of June 30, 2016 and December 31, 2015, the Company had outstanding borrowings of \$40,821,805 and \$25,912,652, respectively, under the Company's revolving loan agreement with HSBC.

**Note 5— Segment Information**

The Company reports financial information based on the organizational structure used by management for making operating and investment decisions and for assessing performance. The Company's reportable business segments consist of: (1) United States; (2) Canada and (3) Europe. As described below, the activities of the Company's Asian operations are closely linked to those of the U.S. operations; accordingly, management reviews the financial results of both on a consolidated basis, and the results of the Asian operations have been aggregated with the results of the United States operations to form one reportable segment called the "United States segment" or "U.S. segment". Each reportable segment derives its revenue from the sales of cutting devices, measuring instruments and first aid products for school, office, home, hardware, sporting and industrial markets.

Domestic sales orders are primarily filled from the Company's distribution center in North Carolina. The Company is responsible for the costs of shipping, insurance, customs clearance, duties, storage and distribution related to such products. Orders filled from the Company's inventory are generally for less than container-sized lots.

Direct import sales are products sold by the Company's Asian subsidiary, directly to major U.S. retailers, who take ownership of the products in Asia. These sales are completed by delivering product to the customers' common carriers at shipping points in Asia. Direct import sales are made in larger quantities than domestic sales, typically full containers. Direct import sales represented approximately 25% and 20% of the Company's total net sales for the three and six months ended June 30, 2016 compared to 27% and 20% for the comparable periods in 2015.

The chief operating decision maker evaluates the performance of each operating segment based on segment revenues and operating income. Segment amounts are presented after converting to U.S. dollars and consolidating eliminations.

## Note 7 – Fair Value Measurements

The carrying value of the Company’s bank debt approximates fair value. Fair value was determined using a discounted cash flow analysis.

## Note 8 – Business Combination

On February 1, 2016, the Company acquired the assets of Vogel Capital, Inc., d/b/a Diamond Machining Technology (DMT) for \$6.97 million in cash. DMT products are leaders in sharpening tools for knives, scissors, chisels, and other cutting tools. DMT was founded in 1976 by aerospace engineers. The DMT products use finely dispersed diamonds on the surfaces of sharpeners. The acquired assets include over 50 patents and trademarks. DMT, based in Marlborough, MA employed 28 people, all of whom were retained by Acme United.

The purchase price was allocated to assets acquired and liabilities assumed as follows (in thousands):

### Assets:

Accounts Receivable	\$1,145
Inventory	280
Equipment	262
Prepaid expenses	176
Intangible Assets	5,481
Total assets	\$7,344

### Liabilities

Accounts Payable	\$192
Accrued Expense	181
Total liabilities	\$373

Management’s assessment of the valuation of intangible assets is preliminary and finalization of the Company’s purchase price accounting assessment may result in changes to the valuation of the identified intangible assets. The Company will finalize the purchase price allocation as soon as practicable within the measurement period in accordance with Accounting Standards Codification Topic 805 “Business Combinations”.

Net sales for the three months ended June 30, 2016 attributable to DMT products were approximately \$1.3 million. Net income for the three months ended June 30, 2016 attributable to DMT products was approximately \$200,000.

Net sales for the six months ended June 30, 2016 attributable to DMT products were approximately \$2.3 million. Net income for the six months ended June 30, 2016 attributable to DMT products was approximately \$300,000.

Assuming DMT was acquired on January 1, 2016, unaudited proforma combined net sales for the six months ended June 30, 2016 for the Company would have been approximately \$66.9 million. Unaudited proforma combined net income for the six months ended June 30, 2016 for the Company would have been approximately \$3.9 million.

Assuming DMT was acquired on January 1, 2015, unaudited proforma combined net sales for the three and six months months ended June 30, 2015, for the Company would have been approximately \$35.2 million and \$59.5 million, respectively. Unaudited proforma combined net income for the three and six months ended June 30, 2015 for the Company would have been approximately \$2.9 million and \$3.5 million, respectively.

## **MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

### **Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations**

#### **Forward-Looking Information**

The Company may from time to time make written or oral “forward-looking statements”, including statements contained in this report and in other communications by the Company, which are made in good faith by the Company pursuant to the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995.

These forward-looking statements include statements of the Company’s plans, objectives, expectations, estimates and intentions, which are subject to change based on various important factors (some of which are beyond the Company’s control). The following factors, in addition to others not listed, could cause the Company’s actual results to differ materially from those expressed in forward looking statements: the strength of the domestic and local economies in which the Company conducts operations, the impact of uncertainties in global economic conditions, changes in client needs and consumer spending habits, the impact of competition and technological change on the Company, the impact of any loss of a major customer, whether through consolidation or otherwise, the Company’s ability to manage its growth effectively, including its ability to successfully integrate any business or assets which it might acquire, and currency fluctuations. For a more detailed discussion of these and other factors affecting us, see the Risk Factors described in Item 1A included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2015. All forward-looking statements in this report are based upon information available to the Company on the date of this report. The Company undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events, or otherwise, except as required by law.

#### **Critical Accounting Policies**

There have been no material changes to the Company’s critical accounting policies and estimates from the information provided in Item 7, Management’s Discussion and Analysis of Financial Condition and Results of Operations, included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2015.

#### **Results of Operations**

On February 1, 2016, the Company purchased certain assets of Vogel Capital, Inc., d/b/a Diamond Machining Technology (DMT), located in Marlborough, MA. The DMT products are leaders in sharpening tools for knives, scissors, chisels and other cutting tools. The Company purchased inventory, accounts receivable, equipment, patents, trademarks and other intellectual property for \$6.97 million using funds borrowed under its revolving credit facility with HSBC. Additional information concerning the acquisition of DMT assets is set forth in Note 8 – Business

Combinations, in the Notes to Condensed Consolidated Financial Statements.

Traditionally, the Company's sales are stronger in the second and third quarters, and weaker in the first and fourth quarters of the fiscal year, due to the seasonal nature of the back-to-school market.

#### Net sales

Consolidated net sales for the three months ended June 30, 2016 were \$40,997,000 compared with \$33,954,000 in the same period in 2015, a 21% increase. Consolidated net sales for the six months ended June 30, 2016 were \$66,285,000, compared with \$56,791,000 for the same period in 2015, a 17% increase.

Net sales for the three and six months ended June 30, 2016 in the U.S. segment increased 22% and 18%, respectively, compared with the same periods in 2015. The increase in sales was primarily due to strong sales of Westcott school and office products, Camillus knives and first aid kits.

Net sales in Canada for the three months ended June 30, 2016 decreased 6% in U.S. dollars (2% in local currency) compared with the same period in 2015. Net sales in Canada for the six months ended June 30, 2016 were constant in U.S. dollars but increased 5% in local currency compared with the same period in 2015.

Net sales in Europe for the three months ended June 30, 2016 increased 38% in U.S. dollars (34% in local currency) compared with the same period in 2015. Net sales for the six months ended June 30, 2016 increased 15% in U.S. dollars (16% in local currency). The increases in sales for the three and six months ended June 30, 2016 were primarily due to market share gains in the office products channel.

#### *Gross profit*

Gross profit for the three months ended June 30, 2016 was \$14,694,000 (35.8% of net sales) compared to \$12,535,000 (36.9% of net sales) for the same period in 2015. Gross profit for the six months ended June 30, 2016 was \$23,879,000 (36.0% of net sales) compared to \$20,970,000 (36.9% of net sales) in the same period in 2015. The increases in SG&A expenses for the three and six months ended June 30, 2016, compared to the same periods in 2015, were primarily the result of incremental fixed costs resulting from the acquisition of DMT assets, and increases in delivery costs and sales commissions which resulted from higher sales and higher personnel related costs, which include compensation and recruiting costs.

Inventory increased by approximately \$2.9 million, or 8%, at June 30, 2016 compared to December 31, 2015, primarily due to normal seasonal purchases as well as additional inventory resulting from the acquisition of the assets of DMT on February 1, 2016. The amended facility provides for borrowings of up to an aggregate of \$50 million at an interest rate of LIBOR plus 2.0%. Under the revolving loan agreement, the Company is required to maintain specific amounts of tangible net worth, a specified debt service coverage ratio and a fixed charge coverage ratio and must have annual net income greater than \$0, measured as of the end of each fiscal year.
