LIBERTY MEDIA CORPORATION AND SUBSIDIARIES  
(subsidiary of AT&T Corp.)

Notes to Consolidated Financial Statements

March 31, 2001  
(unaudited)

(1) Basis of Presentation

## Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 10-Q/A

The accompanying consolidated financial statements include the accounts of Liberty Media Corporation ("Liberty" or the "Company") and those of all of its majority-owned subsidiaries. The AT&T Class A Liberty Media Group common stock and the AT&T Class B Liberty Media Group common stock (together, the AT&T Liberty Media Group tracking stock) are tracking stocks of AT&T designed to reflect the economic performance of the businesses and assets of AT&T attributed to the Liberty Media Group. Liberty is included in the Liberty Media Group, and the businesses and assets of Liberty and its subsidiaries constitute substantially all of the businesses and assets of the Liberty Media Group. All significant intercompany accounts and transactions have been eliminated in consolidation. AT&T Corp. ("AT&T") owns 100% of the outstanding common stock of Liberty.

Liberty's domestic subsidiaries generally operate or hold interests in businesses which provide programming services including production, acquisition and distribution, through all available formats and media, of branded entertainment, educational and informational programming and software. In addition, certain of Liberty's subsidiaries hold interests in technology and Internet businesses, as well as interests in businesses engaged in wireless telephony, electronic retailing, direct marketing and advertising sales relating to programming services, infomercials and transaction processing. Liberty also has significant interests in foreign affiliates which operate in cable television, programming and satellite distribution.

The accompanying interim consolidated financial statements are unaudited but, in the opinion of management, reflect all adjustments (consisting of normal recurring accruals) necessary for a fair presentation of the results for such periods. The results of operations for any interim period are not necessarily indicative of results for the full year. These consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto contained in Liberty's Annual Report on Form 10-K for the year ended December 31, 2000.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Certain prior period amounts have been reclassified for comparability with the 2001 presentation.

### (2) Accounting Change

Effective January 1, 2001, Liberty adopted Statement of Financial Accounting Standards No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("Statement 133"), which establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. All derivatives, whether designated in hedging relationships or not, are required to be recorded on the balance sheet at fair value. If the derivative is designated as a fair value hedge, the changes in the fair value of the derivative and of the hedged item attributable to the hedged risk are recognized in earnings. If the derivative is designated as a cash flow hedge, the effective portions of changes in the fair value of the derivative are recorded in other comprehensive earnings and are recognized in the statement of operations when the hedged item affects earnings. Ineffective portions

## Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 10-Q/A

of changes in the fair value of cash flow hedges are recognized in earnings. If the derivative is not designed as a hedge, changes in the fair value of the derivative are recognized in earnings.

I-6

9

### LIBERTY MEDIA CORPORATION AND SUBSIDIARIES (subsidiary of AT&T Corp.)

#### Notes to Consolidated Financial Statements, continued

Derivative gains and losses included in other comprehensive earnings are reclassified into earnings at the time the sale of the hedged item or transaction is recognized.

The adoption of Statement 133 on January 1, 2001, resulted in a cumulative increase in net earnings of \$545 million (after tax expense of \$356 million) and an increase in other comprehensive loss of \$87 million. The increase in net earnings was mostly attributable to separately recording the fair value of the embedded call option obligations associated with the Company's senior exchangeable debentures. The increase in other comprehensive loss relates primarily to changes in the fair value of the Company's warrants and options to purchase certain available-for-sale securities.

The Company uses various derivative instruments including equity collars, put spread collars, interest rate swaps, and forward foreign exchange contracts to manage fair value risk associated with certain investments, interest rate risk on certain indebtedness, and foreign exchange rate risk. Derivative instruments are generally not used for speculative purposes. The derivative instruments may involve elements of credit and market risk in excess of amounts recognized in the financial statements. The Company monitors its positions and the credit quality of counter-parties, consisting primarily of major financial institutions and does not anticipate nonperformance by any counter-party.

For derivatives designed either as fair value or cash flow hedges, changes in the time value of the derivatives are excluded from the assessment of hedge effectiveness and are recognized in earnings. Hedge ineffectiveness, determined in accordance with Statement 133, had no impact on earnings for the three months ended March 31, 2001. No fair value hedges or cash flow hedges were derecognized or discontinued during the three months ended March 31, 2001.

For the three months ended March 31, 2001, unrealized gains on financial instruments included a \$333 million gain related to call option obligations, a \$258 million net loss for changes in the fair value of derivative instruments related to available-for-sale securities and other derivatives not designated as hedging instruments, and a \$31 million net loss for changes in the time value of options for fair value hedges.

(4) Investments in Affiliates Accounted for Using the Equity Method

Liberty has various investments accounted for using the equity method. The following table includes Liberty's carrying amount of the more significant investments in affiliates:

	March 31, 2001	December 31, 2000
	amounts in millions	
Gemstar-TV Guide International, Inc. ("Gemstar")	\$ 4,958	5,855
Discovery Communications, Inc. ("Discovery")	3,068	3,133
Telewest Communications plc ( "Telewest ")	2,424	2,712
USA Networks, Inc. ( "USAI ") and related investments	2,809	2,824
QVC Inc. ( "QVC ")	2,510	2,508
Other	3,453	3,347
	-----	-----
	\$19,222	20,379
	=====	=====

The following table reflects Liberty's share of earnings (losses) of affiliates:

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 10-Q/A

	2001	2000

Other	(68)	(103)
	-----	-----
	\$ (1,217)	(311)
	=====	=====

At March 31, 2001, the aggregate carrying amount of Liberty's investments in its affiliates exceeded Liberty's proportionate share of its affiliates' net assets by \$14 billion. Such excess is being amortized over estimated useful lives ranging from 2 to 20 years. Amortization aggregating \$281 million and \$167 million for the three months ended March 31, 2001 and 2000, respectively, is included in share of losses of affiliates.

Certain of Liberty's affiliates are general partnerships and, as such, Liberty is liable as a matter of partnership law for all debts (other than non-recourse debts) of that partnership in the event liabilities of that partnership were to exceed its assets.

Gemstar

Gemstar is a global technology and media company focused on consumer entertainment. The common stock of Gemstar is publicly traded. At March 31, 2001, Liberty held 87.5 million shares of Gemstar common stock. Gemstar's stock reported a closing price of \$28.75 per share on March 31, 2001.

On July 12, 2000, Gemstar acquired TV Guide, Inc. ("TV Guide"). TV Guide shareholders received .6573 shares of Gemstar common stock in exchange for each share of TV Guide. As a result of this transaction, 133 million shares of TV Guide held by Liberty were exchanged for 87.5 million shares of Gemstar common stock. At March 31, 2001, Liberty owned approximately 21% of Gemstar. Liberty recognized a \$4.4 billion gain (before deferred tax expense of \$1.7 billion) on such transaction during the third quarter of 2000 based on the difference between the carrying value of Liberty's interest in TV Guide and the fair value of the Gemstar securities received.

## Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 10-Q/A

On May 2, 2001, Liberty entered into a transaction ("Exchange Transaction") with The News Corporation Limited ("News Corp.") to exchange 70.7 million shares of Gemstar held by Liberty for 121.5 million News Corp. American Depositary Shares ("ADSs") representing preferred, limited voting, ordinary shares of News Corp. The fair value of the securities received by Liberty is less than the expected carrying value of the Gemstar shares on the date of the Exchange Transaction. As a result of the inherent loss on the Exchange Transaction, Liberty recognized an other-than-temporary decline in value adjustment on all of its Gemstar interests in the first quarter of 2001. Such adjustment (\$764 million) is included in share of losses of Gemstar in the consolidated statements of operations. A summary of Gemstar's unaudited financial information for the three months ended March 31, 2001 is included below (amounts in millions):

A summary of Gemstar's unaudited financial information for the three months ended March 31, 2001 is as follows (amounts in millions):

### Telewest

Telewest currently operates and constructs cable television and telephone systems in the UK. Flextech p.l.c. ("Flextech") develops and sells a variety of television programming in the UK. In April 2000, Telewest acquired Flextech. As a result, each share of Flextech was exchanged for 3.78 new Telewest shares. Prior to the acquisition, Liberty owned an approximate 37% equity interest in Flextech and a 22% equity interest in Telewest. As a result of the acquisition, Liberty owns an approximate 25% equity interest in Telewest. Liberty recognized a \$649 million gain (before deferred tax expense of \$227 million) on the acquisition during the second quarter of 2000 based on the difference between the carrying value of Liberty's interest in Flextech and the fair value of the Telewest shares received. At March 31, 2001, Liberty indirectly owned 724 million of the issued and outstanding Telewest ordinary shares. Telewest's ordinary shares reported a closing price of \$1.69 per share on March 31, 2001.

### USAI

USAI owns and operates businesses in network and television production, television broadcasting, electronic retailing, ticketing operations, and internet services. At March 31, 2001, Liberty directly and indirectly held 74.4 million shares of USAI's common stock. Liberty also held shares directly in certain subsidiaries of USAI which are exchangeable into 79 million shares of USAI common stock. Liberty's direct ownership of USAI is currently restricted by Federal Communications Commission ("FCC") regulations. The exchange of the shares of subsidiaries can be accomplished only if there is a change to

## Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 10-Q/A

existing regulations or if Liberty obtains permission from the FCC. If the exchange of subsidiary stock into USAI common stock was completed at March 31, 2001, Liberty would own 153.4 million shares or approximately 21% (on a fully-diluted basis) of USAI common stock. USAI's common stock reported a closing price of \$23.94 per share on March 31, 2001.

#### UGC

UGC is a global broadband communications provider of video, voice and data services with operations in over 20 countries throughout the world. At March 31, 2001, Liberty owned an approximate 11% economic ownership interest representing an approximate 37% voting interest in UGC. Liberty owns 9.9 million shares of UGC Class B common stock and 1.2 million shares of UGC Class A common stock. The UGC Class B common stock is convertible, on a one-for-one basis, into UGC Class A common stock. UGC's Class A common stock reported a closing price of \$13.13 per share on March 31, 2001.

Sprint PCS

Liberty and certain of its consolidated subsidiaries collectively are the beneficial owners of approximately 197 million shares of Sprint PCS Group Stock and certain other instruments convertible into such securities (the "Sprint Securities"). The Sprint PCS Group Stock is a tracking stock intended to reflect the performance of Sprint's domestic wireless PCS operations. Liberty accounts for its investment in the Sprint Securities as an available-for-sale security.

Pursuant to a final judgment (the "Final Judgment") agreed to by Liberty, AT&T and the United States Department of Justice (the "DOJ") on December 31, 1998, Liberty transferred all of its

beneficially owned Sprint Securities to a trustee (the "Trustee") prior to the AT&T merger. The Final Judgment, which was entered by the United States District Court for the District of Columbia on August 23, 1999, requires the Trustee, on or before May 23, 2002, to dispose of a portion of the Sprint Securities sufficient to cause Liberty to beneficially own no more than 10% of the outstanding Sprint PCS Group common stock-Series 1 on a fully diluted basis on such date. On or before May 23, 2004, the Trustee must divest the remainder of the Sprint Securities beneficially owned by Liberty.

The Final Judgment requires that the Trustee vote the Sprint Securities beneficially owned by Liberty in the same proportion as other holders of Sprint's PCS Group Common Stock so long as such securities are held by the trust. The Final Judgment also prohibits the acquisition by Liberty of additional Sprint Securities, with certain exceptions,

without the prior written consent of the DOJ.

### AOL Time Warner

On January 11, 2001, America Online, Inc. completed its merger with Time Warner Inc. ("Time Warner") to form AOL Time Warner. In connection with the merger, each share of Time Warner common stock held by Liberty was converted into 1.5 shares of an identical series of AOL Time Warner stock. Upon completion of this transaction, Liberty holds a total of 171 million shares in AOL Time Warner. Liberty recognized a \$253 million gain (before deferred tax expense of \$100 million) based upon the difference between the carrying value of Liberty's interest in Time Warner and the fair value of the AOL Time Warner securities received.

### News Corp.

Subsequent to the Exchange Transaction, Liberty owns 203 million ADSs or 18% of the outstanding equity of News Corp.

### Motorola

On January 5, 2000, Motorola completed the acquisition of General Instrument Corporation ("General Instrument") through a merger of General Instrument with a wholly owned subsidiary of Motorola. In connection with the merger, Liberty received 54 million shares and warrants to purchase 37 million shares of Motorola common stock in exchange for its holdings in General Instrument. Liberty recognized a \$2.2 billion gain (before deferred tax expense of \$883 million) on such transaction during the first quarter of 2000 based on the difference between the carrying value of Liberty's interest in General Instrument and the fair value of the Motorola securities received. During 2000, Liberty exercised a warrant to purchase approximately 9 million shares of Motorola common stock at an exercise price of \$8.26 per share.

### Viacom, Inc. ("Viacom")

On January 23, 2001, BET Holdings II, Inc. ("BET") was acquired by Viacom in exchange for shares of Class B common stock of Viacom pursuant to an Agreement and Plan of Merger among Liberty, BET, Viacom, Robert L. Johnson and the Johnson Children's Insurance Trust and certain of their respective affiliates. As a result of the merger, Liberty received approximately 15.2 million shares of Viacom's Class B common stock (less than 1% of Viacom's common equity) in exchange for its 35% interest in BET, which investment had been accounted for using the equity method. Liberty accounts for its investment in Viacom as an available-for-sale security. Liberty recognized a gain of \$570 million (before deferred tax expense of \$225 million) in the first quarter of 2001 based upon the difference between the carrying value of Liberty's interest in BET and the value of the Viacom securities received.

### Other-Than-Temporary Decline in Fair Value of Investments

During the three months ended March 31, 2001, Liberty determined that certain of its other investments experienced other-than-temporary declines in value. As a result, the carrying amounts of such investments were adjusted to their respective fair values at March 31, 2001. These adjustments, which included a \$127 million adjustment to Liberty's investment in Antec Corporation, resulted in a total charge of \$304 million, before deducting a deferred tax benefit of \$120 million.

Investments in available-for-sale securities are summarized as follows:

	March 31, 2001	December 31, 2000
	-----	-----
	amounts in millions	
Equity securities:		
Cost basis	\$ 18,279	17,736

Gross unrealized holding gains	80	86
Gross unrealized holding losses	(64)	(64)
	-----	-----

	=====	=====

Management estimates the fair market value of all of its investments in available-for-sale securities and others aggregated \$20.2 billion and \$19.7 billion at March 31, 2001 and December 31, 2000, respectively. Management calculates market values using a variety of approaches including multiple of cash flow, per subscriber value, a value of comparable public or private businesses or publicly quoted market prices. No independent appraisals were conducted for those assets.

The Company enters into equity collars and put spread collars to manage market risk associated with its investments in certain marketable securities. These instruments are recorded at fair value based on option pricing models using the historical volatility of the underlying security. Equity collars generally have high correlation between changes in the fair value of the instrument and changes in the fair value of the underlying security, and therefore, qualify as fair value hedges. Conversely, put spread collars generally do not have high correlation, and therefore, do not qualify as fair value hedges. The following table illustrates the fair value of the Company's equity collars and put spread collars which are included as part of the investment balance:

(6) Acquisitions

Ascent Entertainment Group, Inc. ("Ascent")

On March 28, 2000, Liberty completed its cash tender offer for the outstanding common stock of Ascent at a price of \$15.25 per share. Approximately 85% of the outstanding shares of common stock of Ascent were tendered in the offer and Liberty paid \$385 million. On June 28, 2000, Liberty acquired the remaining 15% of Ascent for an additional \$67 million. The total purchase price for the acquisition was \$452 million. Such transaction was accounted for as a purchase and the \$228 million excess of the purchase price over the fair value of the net assets acquired is being amortized over 5 years.

Liberty Livewire Corporation ("Liberty Livewire")

On April 10, 2000, Liberty acquired all of the outstanding common stock of Four Media Company ("Four Media") for total consideration of \$462 million comprised of \$123 million in cash, \$194 million of assumed debt, 6.4 million shares of AT&T Class A Liberty Media Group common stock and a warrant to purchase approximately 700,000 shares of AT&T Class A Liberty Media Group common stock at an exercise price of \$23 per share. Four Media provides technical and creative services to owners, producers and distributors of television programming, feature films and other entertainment products both domestically and internationally.

On June 9, 2000, Liberty acquired a controlling interest in The Todd-AO Corporation ("Todd-AO") in exchange for approximately 5.4 million shares of AT&T Class A Liberty Media Group common stock valued at \$106 million. Todd-AO provides sound, video and ancillary post production and distribution services to the motion picture and television industries in the United States and Europe. Immediately following the closing of such transaction, Liberty contributed to Todd-AO 100% of the capital stock of Four Media, and Todd-AO changed its name to Liberty Livewire.

On July 19, 2000, Liberty purchased all of the assets relating to the post production, content and sound editorial businesses of Soundelux Entertainment Group for \$90 million in cash, and contributed such assets to Liberty Livewire. Following this contribution, Liberty's ownership in Liberty Livewire increased to approximately 88% of the

## Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 10-Q/A

equity and approximately 99% of the voting power of Liberty Livewire outstanding immediately following the contribution.

Each of the foregoing acquisitions was accounted for as a purchase. In connection therewith, Liberty recorded an aggregate increase to additional paid-in-capital of \$251 million. The \$452 million excess purchase price over the fair value of the net assets acquired is being amortized over 20 years.

### Pro Forma Information

The following unaudited pro forma revenue and net earnings for the three months ended March 31, 2000 were prepared assuming the 2000 acquisitions discussed above occurred on January 1, 2000. Senior Notes and Debentures

On July 7, 1999, Liberty issued \$750 million of 7-7/8% Senior Notes due 2009 and issued \$500 million of 8-1/2% Senior Debentures due 2029 for aggregate cash proceeds of \$741 million and \$494 million, respectively. Interest on both issuances is payable on January 15 and July 15 of each year.

On February 2, 2000, Liberty issued \$1 billion of 8-1/4% Senior Debentures due 2030 for aggregate cash proceeds of \$983 million. Interest on these debentures is payable on February 1 and August 1 of each year.

The senior notes and debentures are stated net of an aggregate unamortized discount of \$22 million at March 31, 2001 and December 31, 2000, which is being amortized to interest expense in the consolidated statements of operations.

Senior Exchangeable Debentures

On November 16, 1999, Liberty issued \$869 million of 4% Senior Exchangeable Debentures due 2030. Interest is payable on May 15 and November 15 of each year. Each \$1,000 debenture is exchangeable at the holder's option for the value of 22.9486 shares of Sprint PCS Group Stock. After the later of December 31, 2001 and the date Liberty's ownership level of Sprint PCS Group Stock falls below a specified level, Liberty may, at its election, pay the exchange value in cash, Sprint PCS Group Stock or a combination thereof. Prior to such time, the exchange value must be paid in cash.

On February 10, 2000, Liberty issued \$750 million of 3-3/4% Senior Exchangeable Debentures due 2030. On March 8, 2000, Liberty issued an additional \$60 million of 3-3/4% Senior Exchangeable Debentures. Interest is payable on February 15 and August 15 of each year. Each \$1,000 debenture is exchangeable at the holder's option for the value of 16.7764 shares of Sprint PCS Group Stock. After the later of February 15, 2002 and the date Liberty's ownership level of

a combination thereof. Prior to such time, the exchange value must be paid in cash.

On January 11, 2001, Liberty issued \$550 million of 3-1/2% Senior Exchangeable Debentures due 2031. On January 17, 2001, Liberty issued an additional \$50 million of 3-1/2% Senior Exchangeable Debentures due 2031. Interest is payable on January 15 and July 15 of each year. Each \$1,000 debenture is exchangeable at the holder's option for the value of 36.8189 shares of Motorola common stock. Such exchange value is payable, at Liberty's option, in cash, Motorola stock or a combination thereof. On or after January 15, 2006, Liberty, at its option, may redeem the debentures for cash.

On March 8, 2001, Liberty issued \$817.7 million of 3-1/4% Senior Exchangeable Debentures due 2031. Interest is payable on March 15 and September 15 of each year. Each \$1,000 debenture is exchangeable at the holder's option for the value of 18.5666 shares of Viacom Class B common stock. After January 23, 2003, such exchange value is payable at Liberty's option in cash, Viacom stock or a combination thereof. Prior to such date, the exchange value must be paid in cash. On or after March 15, 2006, Liberty, at its option, may redeem the debentures for cash.

Prior to the adoption of Statement 133, the carrying amount of the senior exchangeable debentures was adjusted based on the fair value of the underlying security. Increases or decreases in the value of the underlying security above the principal amount of the senior exchangeable debentures were recorded as an adjustment to interest expense in the consolidated statements of operations and comprehensive earnings. If the value of the underlying security decreased below the principal amount of the senior exchangeable debentures there was no effect on the principal amount of the debentures.

Upon adoption of Statement 133, the call option feature of the exchangeable debentures is reported separately in the consolidated balance sheet at fair value. Accordingly, at January 1, 2001, Liberty recorded a transition adjustment to reflect the call option obligations at fair value (\$459 million) and to recognize in net earnings the difference between the fair value of the call option obligations at issuance and the fair value of the call option obligations at January 1, 2001. Such adjustment to net earnings aggregated \$757 million (before tax expense of \$299 million) and is included in cumulative effect of accounting change. Changes in the fair value of the call option obligations subsequent to January 1, 2001 are recognized as unrealized gains (losses) on financial instruments in Liberty's consolidated statements of operations. During the three months ended March 31, 2001, Liberty recorded unrealized gains of \$333 million related to the call option obligations.

Under Statement 133, the reported amount of the long-term debt portion of the exchangeable debentures is calculated as the difference between the face amount of the debentures and the fair value of the call option feature on the date of issuance. The fair value of the call option obligations related to the \$1,418 million of exchangeable debentures issued during the three months ended March 31, 2001, aggregated \$1,028 million on the date of issuance. Accordingly, the long-term debt portion was recorded at \$390 million. The long-term debt is accreted to its face amount over the term of the debenture using the effective interest method. The transition adjustment noted above resulted in a decrease in the carrying value of the long-term debt portion of the senior exchangeable debentures of \$1,216 million on January 1, 2001.

### Securities Lending Agreement

On January 7, 2000, a trust, which holds Liberty's investment in Sprint Corporation, entered into agreements to loan 18 million shares of Sprint PCS Group Stock to a third party, as Agent. The

obligation to return those shares is secured by cash collateral equal to 100% of the market value of that stock, which was \$315 million at March 31, 2001. During the period of the loan, which is terminable by either party at any time, the cash collateral is to be marked-to-market daily. The trust, for the benefit of Liberty, has the use of 80% of the cash collateral plus any interest earned thereon during the term of the loan, and is required to pay a rebate fee equal to the Federal funds rate less 30 basis points to the borrower of the loaned shares. Interest earned on the cash collateral aggregated \$23 million as of March 31, 2001, and Liberty had utilized \$256 million of the cash collateral and interest income as of such date. Unutilized cash collateral of \$59 million at March 31, 2001, which represents restricted cash, is included in other assets in the consolidated balance sheets.

#### Bank Credit Facilities

At March 31, 2001, Liberty had approximately \$199 million in unused lines of credit under its bank credit facilities. The bank credit facilities generally contain restrictive covenants which require the borrowers and certain of their subsidiaries to maintain certain financial ratios, and include limitations on indebtedness, liens, encumbrances, acquisitions, dispositions, guarantees and dividends. Liberty was in compliance with its debt covenants at March 31, 2001. Additionally, Liberty pays fees ranging from .15% to .375% per annum on the average unborrowed portions of the total commitments under the bank credit facilities.

Based on quoted market prices, the fair value of Liberty's debt at March 31, 2001 is as follows (amounts in millions):

Senior notes of parent company	\$	738
Senior debentures of parent company		1,364
Senior exchangeable debentures of parent company		1,244
Senior notes of subsidiary		192

Liberty believes that the carrying amount of the remainder of its debt approximated its fair value at March 31, 2001.

(8) Stockholder's Equity

Preferred Stock

The Preferred Stock is issuable, from time to time, with such designations, preferences and relative participating, option or other special rights, qualifications, limitations or restrictions thereof, as shall be stated and expressed in a resolution or resolutions providing for the issue of such Preferred Stock adopted by the Board. As of March 31, 2001, no shares of preferred stock were issued.

Common Stock

The Class A Stock has one vote per share, and each of the Class B and Class C Stock has ten votes per share.

As of March 31, 2001, all of the issued and outstanding common stock of Liberty was held by AT&T.

Stock Issuances of Subsidiaries

During the three months ended March 31, 2001, consolidated subsidiaries of Liberty issued shares of common stock in connection with certain acquisitions and the exercise of certain

employee stock options. In connection with the increase in the issuers' equity, net of the dilution of Liberty's ownership interest, that resulted from such stock issuances, Liberty recorded an \$8 million increase to additional paid-in-capital.

Transactions with Officers and Directors

Effective February 28, 2001 (the "Effective Date"), the Company restructured the options and options with tandem SARs to purchase AT&T common stock and AT&T Liberty Media Group tracking stock (collectively the "Restructured Options") held by certain executive officers of the Company. Pursuant to such restructuring, all Restructured Options became exercisable on the Effective Date, and each executive officer was given the choice to exercise all of his Restructured Options. Each executive officer who opted to exercise his Restructured Options received consideration equal to the excess of the closing price of the subject securities on the Effective Date over the exercise price. The exercising officers received (i) a combination of cash and AT&T Liberty Media Group tracking stock for Restructured Options that were vested prior to the Effective Date and (ii) cash for Restructured Options that were previously unvested. The executive officers used the cash proceeds from the previously unvested options to purchase restricted shares of AT&T Liberty Media Group tracking stock. Such restricted shares are subject to forfeiture upon termination of employment. The forfeiture obligation will lapse according to a schedule that corresponds to the vesting schedule applicable to the previously unvested options.

Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 10-Q/A

In addition, each executive officer was granted free-standing SARs equal to the total number of Restructured Options exercised. The free-standing SARs will be tied to the value of Liberty Media Group tracking stock and will vest as to 25% on the second anniversary of the Effective Date and as to 25% on each anniversary thereafter until fully vested. Upon completion of the Split Off Transaction discussed in note 11, the free-standing SARs automatically convert to options to purchase Liberty common stock. Prior to the Effective Date, the Restructured Options were accounted for using variable plan accounting pursuant to APB Opinion No. 25. Accordingly, the above-described transaction did not have a significant impact on Liberty's results of operations.

During the first quarter of 2000, an executive officer of Liberty Digital, Inc. ("LDIG"), a subsidiary of Liberty, exercised certain of his stock options with tandem stock appreciation rights that had been granted by LDIG. In order to satisfy LDIG's obligations under the stock option agreement, LDIG and Liberty offered, and the executive agreed, to issue a combination of cash and AT&T Liberty Media Group tracking stock in lieu of a cash payment. Accordingly, Liberty paid cash of \$50 million and issued 5.8 million shares to the executive officer in the first quarter of 2001. The fair value of the shares issued is included in additional-paid-in capital in the consolidated financial statements.

Transactions with AT&T

Certain subsidiaries of Liberty produce and/or distribute programming and other services to cable distribution operators (including AT&T) and others. Charges to AT&T are based upon customary rates charged to others. Amounts included in revenue for services provided to AT&T were \$86 million and \$52 million for the three months ended March 31, 2001 and 2000, respectively.

AT&T allocates certain corporate general and administrative costs to Liberty pursuant to an intergroup agreement. Management believes such allocation methods are reasonable. In addition, there are arrangements between subsidiaries of Liberty and AT&T and its other subsidiaries for satellite transponder services, marketing support, programming, and hosting services. These expenses aggregated \$7 million during each of the three-month periods ended March 31, 2001 and 2000.

During the third quarter of 2000, Liberty transferred its interest in ICG Communications, Inc. ("ICG") to a related party for \$485 million which was equal to Liberty's carrying value of ICG. No gain or loss was recognized due to the related party nature of such transaction. In exchange for its interest in ICG, Liberty received a note receivable from the related party, which bears interest at 8.5% and is due and payable in 2010. Interest on the note receivable will be received semi-annually beginning during the first quarter of 2006. The related party repaid \$9 million on the note during 2000.

The non-interest bearing intercompany account includes income tax allocations that are to be settled at some future date. All other amounts included in the intercompany account are generally repaid within thirty days.

(9) Commitments and Contingencies

Starz Encore Group LLC ("Starz Encore Group"), a wholly owned subsidiary of Liberty, provides premium programming distributed by cable, direct-to-home satellite and other distribution media throughout the United States. Starz Encore Group is obligated to pay fees for the rights to exhibit certain films that are released by various producers through 2017 (the "Film Licensing Obligations"). Based on customer levels at March 31, 2001, these agreements require minimum payments aggregating approximately \$1.2 billion. The aggregate amount of the Film Licensing Obligations under these license agreements is not currently estimable because such amount is dependent upon the number of qualifying films released theatrically by certain motion picture studios as well as the domestic theatrical exhibition receipts upon the release of such qualifying films. Nevertheless, required aggregate payments under the Film Licensing Obligations could prove to be significant.

Liberty has guaranteed various loans, notes payable, letters of credit and other obligations (the "Guaranteed Obligations") of certain affiliates. At March 31, 2001, the Guaranteed Obligations aggregated approximately \$461 million. Currently, Liberty is not certain of the likelihood of being required to perform under such guarantees.

Liberty leases business offices, has entered into pole rental and transponder lease agreements and uses certain equipment under lease arrangements.

Liberty has contingent liabilities related to legal proceedings and other matters arising in the ordinary course of business. Although it is reasonably possible Liberty may incur losses upon conclusion of such matters, an estimate of any loss or range of loss cannot be made. In the opinion of management, it is expected that amounts, if any, which may be required to satisfy such contingencies will not be material in relation to the accompanying consolidated financial statements.

## (10) Information about Liberty's Operating Segments

Liberty is a holding company with a variety of subsidiaries and investments operating in the media, communications and entertainment industries. Each of these businesses is separately managed. Liberty identifies its reportable segments as those consolidated subsidiaries that represent 10% or more of its consolidated revenue and those equity method affiliates whose share of earnings or losses represent 10% or more of Liberty's pre-tax earnings or loss. Subsidiaries and affiliates not meeting this threshold are aggregated together for segment reporting purposes. The segment presentation for prior periods has been conformed to match the current period segment presentation.

For the three months ended March 31, 2001, Liberty had five operating segments: Starz Encore Group, Liberty Livewire, On Command Corporation ("On Command"), Telewest and Other. Starz Encore Group provides premium programming distributed by cable, direct-to-home satellite and other distribution media throughout the United States and is wholly-owned and consolidated by Liberty. Liberty Livewire provides sound, video and ancillary post production and distribution services to the motion picture and television industries in the United States and Europe and is majority-owned and consolidated by Liberty. On Command provides in-room on-demand video entertainment and information services to the domestic lodging industry and is majority-owned and consolidated by Liberty. Telewest operates and constructs cable television and telephone systems in the UK. Other includes Liberty's non-consolidated investments, corporate and other consolidated businesses not representing separately reportable segments.

The accounting policies of the segments that are also consolidated subsidiaries are the same as those described in Liberty's summary of significant accounting policies. Liberty evaluates performance based on the measures of revenue and operating cash flow (as defined by Liberty), appreciation in stock price along with other non-financial measures such as average prime time rating, prime time audience delivery, subscriber growth and penetration, as appropriate. Liberty believes operating cash flow is a widely used financial indicator of companies similar to Liberty and its affiliates, which should be considered in addition to, but not as a substitute for, operating income, net income, cash provided by operating activities and other measures of financial performance prepared in accordance with generally accepted accounting principles. Liberty generally accounts for intersegment sales and transfers as if the sales or transfers were to third parties, that is, at current prices.

Liberty's reportable segments are strategic business units that offer different products and services. They are managed separately because each segment requires different technology and marketing strategies.

(11) Proposed Split Off Transaction

AT&T currently owns all the outstanding shares of Class A Common Stock, Class B Common Stock and Class C Common Stock of Liberty. Subsequent to December 31, 2000, AT&T initiated a process for effecting the split off of Liberty from AT&T by means of a redemption of AT&T Liberty Media Group tracking stock (the "Split Off Transaction"). Prior to the Split Off Transaction, Liberty will increase its authorized capital stock, and the Liberty Class A and Class B Common Stock will be reclassified as Series A Liberty Media Corporation common stock ("Series A common stock") and the Class C Common Stock will be reclassified as Series B Liberty Media Corporation common stock ("Series B common stock"). In the Split Off Transaction, each share of AT&T Class A and AT&T Class B Liberty Media Group common stock will be exchanged for a like share of Series A common stock and Series B common stock, respectively. Upon completion of the Split Off Transaction, Liberty will no longer be a subsidiary of AT&T and no shares of AT&T Liberty Media Group tracking stock will remain outstanding. The Split Off Transaction will be accounted for at historical cost. There can be no assurance that the Split Off Transaction will be effected.

On May 7, 2001, AT&T contributed to Liberty assets that were attributed to the Liberty Media Group but not previously held by Liberty (the "Contributed Assets"). These assets include (i) preferred stock and common stock interests in a subsidiary of IDT Corporation, a multinational telecommunications services provider and (ii) an approximate 8% indirect common equity interest in LDIG. The contributions will be accounted for in a manner similar to a pooling of interests and, accordingly, the financial statements of Liberty for periods prior to contributions will be restated to include the financial position and results of operations of the Contributed Assets once this transaction is completed.

In connection with the Split Off Transaction, Liberty will also be deconsolidated from AT&T for federal income tax purposes. As a result, AT&T will be required to pay Liberty an amount equal to 35% of the amount of the net operating loss carryforward reflected in TCI's final

federal income tax return that has not been used as an offset to Liberty's obligations under the AT&T Tax Sharing Agreement and that has been, or is reasonably expected to be, utilized by AT&T. The payment will be reduced by Liberty's obligation under the 1995 TCI Tax Sharing Agreement. The expected net payment from AT&T is approximately \$692 million. In addition, certain deferred intercompany gains will be includible in taxable income as a result of the Split Off Transaction and the resulting tax liability of approximately \$122 million will be an obligation of Liberty.

### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

#### GENERAL

The following discussion and analysis provides information concerning our results of operations and financial condition. This discussion should be read in conjunction with our accompanying consolidated financial statements and the notes thereto.

AT&T's Liberty Media Group common stock is a tracking stock designed to reflect the economic performance of the businesses and assets of AT&T attributed to the "Liberty Media Group." Liberty is included in the Liberty Media Group, and the businesses and assets of Liberty and its subsidiaries constitute substantially all of the businesses and assets of the Liberty Media Group.

Liberty's domestic subsidiaries generally operate or hold interests in businesses which provide programming services including production, acquisition and distribution, through all available formats and media, of branded entertainment, educational and informational programming and software. In addition, certain of Liberty's subsidiaries hold interests in technology and Internet businesses, as well as interests in businesses engaged in wireless telephony, electronic retailing, direct marketing and advertising sales relating to programming services, infomercials and transaction processing. Liberty also has significant interests in foreign affiliates, which operate in cable television, programming and satellite distribution.

Liberty's most significant consolidated subsidiaries at March 31, 2001, were Starz Encore Group LLC, Liberty Livewire Corporation and On Command Corporation. These businesses are either wholly or majority owned and, accordingly, the results of operations of these businesses are included in the consolidated results of Liberty for the periods in which they were wholly or majority owned.

A significant portion of Liberty's operations are conducted through entities in which Liberty holds a 20%-50% ownership interest. These businesses are generally accounted for using the equity method of accounting and, accordingly, are not included in the consolidated results of Liberty except as they affect Liberty's interest in earnings or losses of affiliates for the period in which they were accounted for using the equity method. Included in Liberty's investments in affiliates at March 31, 2001 were USA Networks, Inc., Discovery Communications, Inc., Gemstar-TV Guide International, Inc., QVC Inc., UnitedGlobalCom, Inc. and Telewest Communications plc.

Liberty holds interests in companies that are neither consolidated subsidiaries nor affiliates accounted for using the equity method. The most

## Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 10-Q/A

significant of these include AOL Time Warner, Sprint Corporation, News Corp. and Motorola, Inc. which are classified as available-for-sale securities and are carried at fair value. Realized gains and losses are determined on a specific-identification basis.

AT&T currently owns all the outstanding shares of Class A Common Stock, Class B Common Stock and Class C Common Stock of Liberty. Subsequent to December 31, 2000, AT&T initiated a process for effecting our split off from AT&T by means of a redemption of AT&T Liberty Media Group tracking stock. Prior to the Split Off Transaction, Liberty will increase its authorized capital stock, and the Liberty Class A and Class B Common Stock will be reclassified as Series A Liberty Media Corporation common stock and the Class C Common Stock will be reclassified as Series B Liberty Media Corporation common stock. In the Split Off Transaction, each share of Class A and Class B Liberty Media Group tracking stock will be exchanged for a like share of Series A common stock and Series B common stock, respectively. Upon completion of the Split Off Transaction, Liberty will no longer be a subsidiary of AT&T, and no shares of AT&T Liberty Media Group tracking stock will be outstanding. The Split Off Transaction will be accounted for at historical cost. There can be no assurance that the split off will be effected.

On May 7, 2001, AT&T contributed to Liberty assets attributed to the Liberty Media Group but not previously held by Liberty. These assets include (i) preferred stock and common stock interests in a subsidiary of IDT Corporation, a multinational telecommunications services provider and (ii) an approximate 8% indirect common equity interest in Liberty Digital. The contributions, which will represent only a portion of our assets after the Split Off Transaction, will be accounted for in a manner similar to a pooling of interests and, accordingly, the financial statements of Liberty for periods prior to contributions will be restated to include the financial position and results of operations of the Contributed Assets upon completion of the Split Off Transaction.

### SUMMARY OF OPERATIONS

Starz Encore Group provides premium programming distributed by cable, direct-to-home satellite and other distribution media throughout the United States. Liberty Livewire provides sound, video and ancillary post-production and distribution services to the motion picture and television industries in the United States and Europe. On Command provides in-room on-demand video entertainment and information services to the domestic lodging industry. Due to the significance of their operations and to enhance the reader's understanding, separate financial data has been provided below for Starz Encore Group, Liberty Livewire and On Command for the periods in which they were consolidated. Included in the other category are Liberty's other consolidated subsidiaries and corporate expenses. Some of Liberty's significant other consolidated subsidiaries include Liberty Digital, Inc., Pramer S.C.A. and Liberty Cablevision of Puerto Rico. Liberty Digital is principally engaged in programming, distributing and marketing digital and analog music services to homes and businesses. Pramer is an owner and distributor of cable programming services in Argentina. Liberty Cablevision of Puerto Rico is a provider of cable television services in Puerto Rico. Liberty holds significant equity investments, the results of which are not a component of operating income, but are discussed below under "Investments in Affiliates Accounted for Using the Equity Method." Other items of significance are discussed separately below.

(a) Not meaningful.

Certain of the Company's consolidated subsidiaries and equity affiliates (the "Programming Affiliates") are dependent on the entertainment industry for entertainment, educational and informational programming. A prolonged downturn in the economy could have a negative impact on the revenue and operating income of the Programming Affiliates. Such an event could reduce the development of new television and motion picture programming, thereby adversely impacting the Programming Affiliates'

supply of service offerings. In addition, a soft economy could reduce consumer disposable income and consumer demand for the products and services of the Programming Affiliates.

#### CONSOLIDATED SUBSIDIARIES

Starz Encore Group. The majority of Starz Encore Group's revenue is derived from the delivery of movies to subscribers under affiliation agreements between Starz Encore Group and cable operators and satellite direct-to-home distributors. Starz Encore Group entered into a 25-year affiliation agreement in 1997 with Tele-Communications, Inc. ("TCI"). TCI cable systems were subsequently acquired by AT&T in the AT&T merger and operate under the name AT&T Broadband. Under this affiliation agreement with AT&T Broadband, Starz Encore Group receives fixed monthly payments in exchange for unlimited access to all of the existing Encore and STARZ! services. The payment from AT&T Broadband can be adjusted, in certain instances, if AT&T acquires or disposes of cable systems or if Starz Encore Group's programming costs increase above certain specified levels. As a result of AT&T's acquisition of MediaOne Group, Inc. on June 15, 2000, the contracted payment amount increased by approximately 20%. After adjusting for the elimination of the former MediaOne contract, the net payment amount from the combined AT&T companies increased by approximately 10%. Starz Encore Group's other affiliation agreements generally provide for payments based on the number of subscribers that receive Starz Encore Group's services.

Revenue increased to \$209 million for the three months ended March 31, 2001 from \$176 million for the corresponding quarter of 2000, primarily due to increases in subscription units from all forms of distribution. These increases are due to subscription unit increases of 68% for Encore and its Thematic Multiplex, and 17% for STARZ!, as compared to the same period in 2000.

Operating expenses increased 17% for the three months ended March 31, 2001, as compared to the corresponding period in 2000. Such increase is primarily due to an increase in programming expense partially offset by reduced affiliate marketing support and national branding expense.

Liberty expects Starz Encore Group to generate an operating loss during 2001 due to continued stock compensation and depreciation and amortization expenses. It is expected that this operating loss will decrease compared to 2000 due to improved earnings before interest, taxes, depreciation and amortization.

Liberty Livewire. On April 10, 2000, Liberty acquired all of the outstanding common stock of Four Media Company in exchange for AT&T Class A Liberty Media Group common stock and cash. On June 9, 2000, Liberty acquired a controlling interest in The Todd-AO Corporation in exchange for AT&T Class A Liberty Media Group common stock. Immediately following the closing of such transaction, Liberty contributed 100% of the capital stock of Four Media Company to Todd-AO in exchange for additional Todd-AO common stock. Following these transactions, Todd-AO changed its name to Liberty Livewire. On July 19, 2000, Liberty purchased all of the assets relating to the post-production, content and sound editorial businesses of Soundelux Entertainment Group and contributed such assets to Liberty Livewire for additional Liberty Livewire stock. Immediately following the contributions, Liberty owned approximately 88% of the equity and controls approximately 99% of the voting power of Liberty Livewire, and as a result, began to consolidate the operations of Liberty Livewire during the quarter ended June 30, 2000. Liberty Livewire is dependent on the television and movie production industries for a substantial portion of its revenue. A strike by certain entertainment guilds could have a significant negative impact on Liberty Livewire's revenue during the periods affected by such strike.

## Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 10-Q/A

On Command. On March 28, 2000, Liberty completed its cash tender offer for the outstanding common stock of Ascent. Approximately 85% of the outstanding shares of common stock of Ascent were tendered in the offer. On June 28, 2000, Liberty acquired the remaining 15% of Ascent. On Command is a majority owned subsidiary of Ascent. On Command's principal business is providing pay-per-view entertainment and information services to the domestic lodging industry. Upon completion of the tender offer, Liberty consolidated the operations of On Command. Liberty expects On Command to generate an operating loss in 2001.

Other. Included in this information are the results of Liberty's other consolidated subsidiaries and corporate expenses.

I-24

27

Revenue increased 32% to \$78 million for the three months ended March 31, 2001, as compared to \$59 million for the corresponding period in 2000. Such increase is due to revenue growth at LDIG, as well as revenue from Ascent Network Services, Inc., which was acquired in March 2000, as part of the Ascent transaction.

Operating, selling, general and administrative expenses increased 51% to \$92 million for the three months ended March 31, 2001 compared to \$61 million for the same period in 2000. Included in the \$92 million for 2001 is \$11 million of expenses related to the Split Off Transaction. In addition, the increase in expenses for the three months ended March 31, 2001 is due to (i) start up expenses of True Position, Inc. which was acquired on January 14, 2000, (ii) increases in expenses of LDIG and (iii) expenses related to Ascent Network Services.

Depreciation and amortization for the three months ended March 31, 2001 increased 22%, as compared to the corresponding period in 2000. Such increase is due to amortization of intangibles recorded in connection with the acquisition of Ascent.

The amount of expense associated with stock compensation is generally based on the vesting of the related stock options and stock appreciation rights and the market price of the underlying common stock. The expense reflected in the table is based on the market price of the underlying common stock as of the date of the financial statements and is subject to future adjustment based on market price fluctuations and, ultimately, on the final determination of market value when the rights are exercised.

Other Income and Expense. Interest expense for the three months ended March 31, 2001 and March 31, 2000 was \$133 million and \$439 million, respectively. Prior to the adoption of Statement 133, the carrying amount of the senior exchangeable debentures was adjusted based on the fair value of the underlying Sprint PCS Group Stock. Increases or decreases in the value of the underlying Sprint PCS Group Stock above the principal amount of the senior exchangeable debentures were recorded as an adjustment to interest expense in the consolidated statements of operations and comprehensive earnings. Interest expense for the three months ended March 31, 2000 included \$364 million associated with increases in the value of Sprint PCS Group Stock. Excluding such effect, interest expense increased from \$75 million to \$133 million due to increased borrowings during 2000 and the first quarter of 2001.

Dividend and interest income for the three months ended March 31, 2001 and 2000 was \$57 million and \$79 million, respectively. The decrease in dividend and interest income during the three months ended March 31, 2001 is primarily

## Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 10-Q/A

attributed to the use of Liberty's cash balance in investing activities, combined with the elimination of \$5 million in dividend income due to the merger of AOL and Time Warner.

During the three months ended March 31, 2001, Liberty determined that certain of its other investments experienced other-than-temporary declines in value. As a result, the carrying amounts of such investments were adjusted to their respective fair values at March 31, 2001. These adjustments, which included a \$127 million adjustment to Liberty's investment in Antec Corporation, resulted in a total charge of \$304 million, before deducting a deferred tax benefit of \$120 million.

Aggregate gains from dispositions during the three month periods ended March 31, 2001 and 2000 were \$810 million and \$2,441 million, respectively. Included in gains from dispositions in 2001 are \$570 million related to the merger of Viacom and BET, and \$253 million related to the merger of AOL and Time Warner. Included in the 2000 gains from dispositions is \$2.2 billion related to the acquisition of General Instruments by Motorola. See note 5 to the accompanying consolidated financial statements for a discussion of the foregoing transactions.

### INVESTMENTS IN AFFILIATES ACCOUNTED FOR USING THE EQUITY METHOD

Liberty's share of losses of affiliates for the three months ended March 31, 2001 and 2000 was \$1,217 million and \$311 million, respectively. A summary of Liberty's share of earnings (losses) of affiliates is presented below:

	Percentage Ownership	Three months ended March 31,	
		2001	2000
		amounts in millions	
Gemstar	21%	\$ (897)	--
Discovery	49%	(65)	(63)
Telewest	25%	(131)	(87)
USAI and related investments	21%	(13)	(7)
QVC	42%	2	(1)
UGC	11%	(45)	(50)
Other	Various	(68)	(103)
		-----	-----
		\$ (1,217)	(311)
		=====	=====

At March 31, 2001, the aggregate carrying amount of Liberty's investments in its affiliates exceeded Liberty's proportionate share of its affiliates' net assets by \$14 billion. Such excess is being amortized over estimated useful lives ranging from 2 to 20 years. Amortization aggregating \$281 million and \$167 million for the three months ended March 31, 2001 and 2000, respectively, is included in share of losses of affiliates. Liberty expects to continue to record share of losses in its affiliates for the foreseeable future principally due to the significant levels of excess basis amortization that is

## Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 10-Q/A

included in each affiliate's share of losses.

Gemstar. Liberty's share of Gemstar's net loss was \$897 million for the three months ended March 31, 2001 including excess basis amortization of \$109 million. On July 12, 2000, TV Guide and Gemstar completed a merger whereby Gemstar acquired TV Guide. As a result of this transaction, 133 million shares of TV Guide held by Liberty were exchanged for 87.5 million shares of Gemstar common stock. At March 31, 2001, Liberty owned approximately 21% of Gemstar.

On May 2, 2001, Liberty entered into a transaction with News Corp. to exchange 70.7 million shares of Gemstar held by Liberty for 121.5 million News Corp. American Depository Shares representing preferred, limited voting, ordinary shares of News Corp. The fair value of the securities received by Liberty is less than the expected carrying value of the Gemstar shares on the date of the Exchange Transaction. As a result of the inherent loss on the Exchange Transaction, Liberty recognized an other-than-temporary decline in value adjustment on all of its Gemstar interests in the first quarter of 2001. Such adjustment (\$764 million) is included in share of losses of Gemstar.

Telewest. Liberty's share of Telewest's net loss increased to \$131 million for the three months ended March 31, 2001 from \$87 million for the three months ended March 31, 2000, including excess basis amortization of \$50 million and \$22 million for 2001 and 2000, respectively. Liberty's share of Telewest's net loss increased due to the increase in excess basis amortization combined with an \$46 million increase in Telewest's net loss. Telewest's net loss increased due to increased interest expense and increased depreciation and amortization expense resulting from acquisitions.

### LIQUIDITY AND CAPITAL RESOURCES

Liberty's sources of funds include its available cash balances, net cash from operating activities, dividend and interest receipts, proceeds from asset sales and proceeds from financing activities. Liberty is generally not entitled to the cash resources or cash generated by operations of its subsidiaries and business affiliates. Liberty is primarily dependent upon its financing activities to generate sufficient cash resources to meet its future cash requirements and planned commitments.

Upon consummation of the AT&T merger, through a new tax sharing agreement between Liberty and AT&T, Liberty became entitled to the benefit of all of the net operating loss carryforwards available to

I-26

29

the entities included in TCI's consolidated income tax return as of the date of the AT&T merger. In addition, under the tax sharing agreement, Liberty will receive a cash payment from AT&T in periods when Liberty generates taxable losses and those taxable losses are utilized by AT&T to reduce the consolidated income tax liability.

In connection with the Split Off Transaction, Liberty will also be deconsolidated from AT&T for federal income tax purposes. As a result, AT&T will be required to pay Liberty an amount equal to 35% of the amount of the net operating loss carryforward reflected in TCI's final federal income tax return that has not been used as an offset to Liberty's obligations under the tax sharing agreement and that has been, or is reasonably expected to be, utilized by AT&T. The payment will be reduced by Liberty's obligation under the 1995 TCI Tax Sharing Agreement. The expected net payment from AT&T is approximately \$692

## Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 10-Q/A

million. In addition, certain deferred intercompany gains will be includible in taxable income as a result of the Split Off Transaction and the resulting tax liability of approximately \$122 million will be an obligation of Liberty.

At March 31, 2001, Liberty owns 81.7 million ADSs of News Corp. and 62.6 million shares of Motorola common stock. Liberty receives dividends on its ownership interests in these entities periodically. There can be no assurance that such dividends will continue to be paid.

Liberty owns shares of Fox Kids Worldwide preferred stock which pays quarterly dividends at the annual rate of 9% of the liquidation value of \$1,000 per share. Cash dividends received by Liberty aggregate \$8 million per quarter. If Fox Kids Worldwide does not declare or pay a quarterly dividend, that dividend will be added to the liquidation value and the dividend rate will increase to 11.5% per annum until all accrued and unpaid dividends are paid. News Corp. has undertaken to fund all amounts needed by Fox Kids Worldwide to pay any amounts it is required to pay under the certificate of designations for the Fox Kids Worldwide preferred stock, including payment of the liquidation value of that stock upon any optional or mandatory redemption of that stock.

At March 31, 2001, Liberty and its consolidated subsidiaries had bank credit facilities which provided for borrowings of up to \$2,166 million. Borrowings under these facilities of \$1,967 million were outstanding at March 31, 2001. Certain assets of Liberty's consolidated subsidiaries serve as collateral for borrowings under these bank credit facilities. Also, these bank credit facilities contain provisions which limit additional indebtedness, sale of assets, liens, guarantees, and distributions by the borrowers.

On January 7, 2000, a trust, which holds Liberty's investment in Sprint, entered into agreements to loan 18 million shares of Sprint PCS Group stock to a third party, as Agent. The obligation to return those shares is secured by cash collateral equal to 100% of the market value of that stock, which was \$315 million at March 31, 2001. During the period of the loan, which is terminable by either party at any time, the cash collateral is to be marked-to-market daily. The trust, for the benefit of Liberty, has the use of 80% of the cash collateral plus any interest earned thereon during the term of the loan, and is required to pay a rebate fee equal to the Federal funds rate less 30 basis points to the borrower of the loaned shares. Interest earned on the cash collateral aggregated \$23 million as of March 31, 2001, and Liberty had utilized \$256 million of the cash collateral and interest income as of such date. Unutilized cash collateral of \$59 million at March 31, 2001, which represents restricted cash, is included in other current assets in the consolidated balance sheets.

In January 2001, Liberty received net cash proceeds of \$588 million (after underwriter fees of \$12 million) from the issuance of its 3-1/2% senior exchangeable debentures due 2031. These debentures are exchangeable, at the option of the holder, for the value of 36.8189 shares of Motorola stock. Liberty may pay such value in cash, with a number of shares of Motorola stock or a combination of cash and stock, as determined in the debentures.

In March 2001, Liberty received net cash proceeds of \$801 million (after underwriter fees of \$17 million) from the issuance of its 3-1/4% senior exchangeable debentures due 2031. These debentures are exchangeable, at the option of the holder, for the value of 18.5666 shares of Viacom. Liberty may pay such value in cash, with a number of shares of Viacom stock or a combination of cash and stock, as determined in the debentures.

## Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 10-Q/A

Based on currently available information and expected future transactions, Liberty expects to receive approximately \$223 million in dividend and interest income during the year ended December 31, 2001. Based on current debt levels and current interest rates, Liberty expects to make interest payments of approximately \$465 million during the year ended December 31, 2001.

For so long as Liberty is a subsidiary of AT&T, there are restrictions on incurrence of debt of Liberty under an Inter-Group Agreement with AT&T. Liberty may not incur any debt that would cause the total indebtedness of Liberty at any time to be in excess of 25% (\$9.5 billion at March 31, 2001) of the total market capitalization of the AT&T Liberty Media Group tracking stock, if the excess would adversely affect the credit rating of AT&T.

Various partnerships and other affiliates of Liberty accounted for under the equity method finance a substantial portion of their acquisitions and capital expenditures through borrowings under their own credit facilities and net cash provided by their operating activities.

Pursuant to a proposed final judgment agreed to by TCI, AT&T and the United States Department of Justice on December 30, 1998, Liberty transferred all of its beneficially owned securities of Sprint PCS to a trustee prior to the AT&T merger. The Final Judgment, which was entered by the United States District Court for the District of Columbia on August 23, 1999, requires the Trustee, on or before May 23, 2002, to dispose of a portion of the Sprint Securities held by the trust sufficient to cause Liberty to beneficially own no more than 10% of the outstanding Sprint PCS Group common stock-Series 1 on a fully diluted basis on such date. On or before May 23, 2004, the trustee must divest the remainder of the Sprint Securities beneficially owned by Liberty.

Liberty has guaranteed notes payable and other obligations of certain affiliates. At March 31, 2001, the U.S. dollar equivalent of the amounts borrowed pursuant to these guaranteed obligations aggregated approximately \$461 million.

Liberty intends to continue to develop its entertainment and information programming services and has made certain financial commitments related to the acquisition of programming. As of March 31, 2001, Starz Encore Group's future minimum obligation related to certain film licensing agreements was \$1.2 billion. The amount of the total obligation is not currently estimable because such amount is dependent upon the number of qualifying films released theatrically by certain motion picture studios as well as the domestic theatrical exhibition receipts upon the release of such qualifying films. Continued development may require additional financing, and it cannot be predicted whether Starz Encore Group will obtain such financing. If additional financing cannot be obtained by Starz Encore Group, Starz Encore Group or Liberty could attempt to sell assets but there can be no assurance that asset sales, if any, can be consummated at a price and on terms acceptable to Liberty.

On February 23, 2001, Liberty announced that a partnership organized by Liberty and Klesch & Company Limited, a London-based private equity firm, had entered into a letter of intent to purchase certain broadband cable assets of Deutsche Telekom AG in Germany. If consummated as currently contemplated, the partnership will acquire 55% of the outstanding equity interests in six regional operating companies of Deutsche Telekom, together with an option for an additional 20% of such equity interests. The partnership also intends to acquire certain other assets. Although no assurance can be given that the contemplated transactions will be consummated, Liberty anticipates that any closing would occur in the second or third quarter of 2001 and such closing could have a significant impact on Liberty's capital resources.

Effective June 26, 2000, Liberty entered into an agreement with

## Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 10-Q/A

UnitedGlobalCom, Inc. and a majority-owned subsidiary of UGC, United Pan-Europe Communications, N.V. ("UPC"), pursuant to which UGC would acquire from Liberty interests in various international broadband distribution and programming assets. On February 23, 2001, Liberty and UGC announced a revision to the original transaction. Pursuant to the transaction as revised, Liberty would acquire up to 100,000 shares of a newly issued series of convertible preferred stock of UGC in exchange for \$1.4 billion in cash. Liberty would purchase \$400 million of the \$1.4 billion of the convertible preferred stock concurrently with UGC's acquisition of certain of Liberty's Latin American assets, principally consisting of Liberty's interests in Cablevision S.A., Pramer S.C.A. and Torneos y Competencias. If UGC acquired all of the Latin American and certain other assets proposed to be transferred, Liberty would receive approximately 20.1

I-28

31

million additional shares of UGC's common stock or a number of shares of a series of UGC's preferred stock convertible therefor. Although no assurance can be given that the contemplated transactions will be consummated, Liberty anticipates that any closing would occur during 2001 and such closing could have a significant impact on Liberty's capital resources.

### CASH FLOWS FROM OPERATING ACTIVITIES

Cash used in operating activities for the three months ended March 31, 2001 and 2000 was \$360 million and \$163 million, respectively, including payments related to stock appreciation rights of \$202 million and \$183 million, respectively.

### CASH FLOWS FROM INVESTING ACTIVITIES

Cash used in investing activities was \$643 million and \$975 million for the three months ended March 31, 2001 and 2000, respectively. Liberty uses cash to make contributions and investments in entities in which Liberty holds a 50% or less ownership interest. Cash flows from investing activities included cash used for investments in and loans to affiliates amounting to \$310 million and \$808 million during the three months ended March 31, 2001 and 2000, respectively.

### CASH FLOWS FROM FINANCING ACTIVITIES

Liberty is primarily dependent on financing activities to generate sufficient cash resources to meet its cash requirements. Financing cash flows consist primarily of borrowings and repayments of debt. Liberty had borrowings of \$2,457 million and \$2,410 million and repayments of \$662 million and \$772 million during the three months ended March 31, 2001 and 2000, respectively.

### Item 3. Quantitative and Qualitative Disclosures about Market Risk.

Liberty is exposed to market risk in the normal course of business due to its investments in different foreign countries and ongoing investing and financial activities. Market risk refers to the risk of loss arising from adverse changes in foreign currency exchange rates, interest rates and stock

## Edgar Filing: LIBERTY MEDIA CORP /DE/ - Form 10-Q/A

prices. The risk of loss can be assessed from the perspective of adverse changes in fair values, cash flows and future earnings. Liberty has established policies, procedures and internal processes governing its management of market risks and the use of financial instruments to manage its exposure to such risks.

Contributions to Liberty's foreign affiliates are denominated in foreign currency. Liberty therefore is exposed to changes in foreign currency exchange rates. Liberty does not hedge the majority of its foreign currency exchange risk because of the long-term nature of its interests in foreign affiliates. However, during the three months ended March 31, 2001, Liberty entered into forward purchase contracts with respect to 900 million Euros in connection with certain foreign currency denominated transactions which are expected to be completed in the third quarter of 2001. Liberty recorded \$12 million in unrealized losses related to these contracts in the first quarter of 2001. If the price of the Euro been 10% lower at March 31, 2001, Liberty would have recorded an additional unrealized loss on financial instruments, net of taxes, of \$48 million. Liberty continually evaluates its foreign currency exposure based on current market conditions and the business environment in each country in which it operates.

Liberty is exposed to changes in interest rates primarily as a result of its borrowing and investment activities, which include fixed and floating rate investments and borrowings used to maintain liquidity and to fund its business operations. The nature and amount of Liberty's long-term and short-term debt are expected to vary as a result of future requirements, market conditions and other factors. Liberty manages its exposure to interest rates primarily through the issuance of fixed rate debt that Liberty believes has a low stated interest rate and significant term to maturity. Liberty believes this best protects the Company from interest rate risk. As of March 31, 2001, 61% of Liberty's debt was composed of fixed rate debt with a weighted average interest rate of 5.9%. The Company's variable rate debt had a weighted average interest rate of 6.4% at March 31, 2001. Had market interest rates been 100 basis points higher (representing an approximate 16% increase over Liberty's effective cost of borrowing) throughout the three months ended March 31, 2001 and 2000, Liberty would have recorded approximately \$6 million and \$2 million of additional interest expense, respectively. At March 31, 2001, the aggregate fair value of Liberty's notes and debentures was \$3.5 billion, compared to a book value of \$3.3 billion. Had the price of the securities underlying the call option obligations associated with the senior exchangeable debentures been 10% higher during the three months ended March 31, 2001, Liberty would have recorded an additional unrealized loss on financial instruments, net of taxes, of \$98 million.

Liberty is exposed to changes in stock prices primarily as a result of its significant holdings in publicly traded securities. Liberty continually monitors changes in stock markets, in general, and changes in the stock prices of its significant holdings, specifically. Changes in stock prices can be expected to vary as a result of general market conditions, technological changes, specific industry changes and other factors. Equity collars and put spread collars have been used to hedge certain investment positions subject to fluctuations in stock prices.

In order to illustrate the effect of changes in stock prices on Liberty's balance sheet and statement of operations, we provide the following sensitivity analysis. Had the stock price of Liberty's investments accounted for as available-for-sale securities been 10% lower at March 31, 2001, and December 31, 2000, the value of such securities would have been lower, including consideration of our equity collars, by \$2 billion and \$1.7 billion, respectively. Our unrealized gains, net of taxes would have also been lower by \$1.2 billion and \$1.0 billion, respectively. Had the stock price of our publicly traded investments accounted for using the equity method been 10% lower at March 31, 2001 and December 31, 2000, there would have been no impact on the carrying

value of such investments. Liberty's cash collateral account and debt balance under the securities lending agreement would be reduced by \$32 million if the underlying shares of the Sprint PCS Group decreased in value by 10%.

Liberty measures the market risk of its derivative financial instruments through comparison of the blended rates achieved by those derivative financial instruments to the historical trends in the underlying market risk hedged. With regard to interest rate swaps, Liberty monitors the fair value of interest rate swaps as well as the effective interest rate the interest rate swap yields, in comparison to historical interest rate trends. Liberty believes that any losses incurred with regard to interest rate swaps would be offset by the effects of interest rate movements on the underlying hedged facilities. With regard to equity collars, Liberty monitors historical market trends relative to values currently present in the market. Liberty believes that any unrealized losses incurred with regard to equity collars and swaps would be offset by the effects of fair value changes on the underlying assets. These measures allow Liberty's management to measure the success of its use of derivative instruments and to determine when to enter into or exit from derivative instruments.
