DELIVERY OF PROXY MATERIALS

Mailing Date

The approximate date on which this Proxy Statement and accompanying Notice of Annual Meeting of Stockholders and Proxy are first being sent or given to stockholders is April 3, 2006.

Stockholders Sharing an Address

Registered Stockholders. Registered stockholders (the stockholder owns shares in his or her own name on the books of the Company's transfer agent) will receive one Proxy Statement and one 2006 Annual Report for each account even if at the same address.

Street name Stockholders. Most banks and brokers are delivering only one copy of the Proxy Statement and 2006 Annual Report to consenting street name stockholders (the stockholder owns shares in the name of a bank, broker or other holder of record on the books of the Company's transfer agent) who share the

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

same address. This procedure reduces the Company's printing and distribution costs. Those who wish to receive separate copies may do so by contacting their bank or broker. Similarly, most street name stockholders who are receiving multiple copies of the Proxy Statement and 2006 Annual Report at a single address may request that only a single set of materials be sent to them in the future by contacting their bank or broker. In the alternative, most street name stockholders may give instructions to receive separate copies or discontinue multiple mailings of materials by contacting the third party that mails annual meeting materials for most banks and brokers by writing to Householding Department, ADP, 51 Mercedes Way, Edgewood, NY 11717, or telephoning (800) 542-1061. The instructions must include the name of the stockholder's brokerage firm and account number.

Electronic Delivery Option

Instead of receiving future copies of the proxy materials by mail, registered stockholders may elect to view future proxy materials on the internet by following the instructions provided when voting by internet or phone. Street name stockholders may also have the opportunity to view copies of the proxy materials electronically. Those who opt to do so may contact their bank or broker regarding the availability of this service. Opting to view proxy materials online will save the Company the cost of producing and mailing documents to stockholders and provides immediate access to the information. The Notice of Annual Meeting of Stockholders, Proxy Statement and other proxy materials are also available on the Company's website at www.pxd.com. Neither the Company website nor any other website included in this Proxy Statement is intended to function as a hyperlink, and the information contained on such websites is not a part of this Proxy Statement.

QUORUM AND VOTING

Voting Stock. The Company's common stock, par value \$.01 per share, is the only class of securities that entitles holders to vote generally at meetings of the Company's stockholders. Each share of common stock outstanding on the record date is entitled to one vote.

Record Date. The record date for stockholders entitled to notice of and to vote at the Annual Meeting was the close of business on March 23, 2006. As of the record date, 129,264,022 shares of common stock were outstanding and entitled to be voted at the Annual Meeting.

Quorum and Adjournments. The presence, in person or by Proxy, of the holders of a majority of the votes eligible to be cast at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting.

If a quorum is not present, the stockholders entitled to vote who are present in person or by Proxy at the Annual Meeting have the power to adjourn the Annual Meeting from time to time, without notice other than an announcement at the Annual Meeting, until a quorum is present. At any adjourned Annual Meeting at which a quorum is present, any business may be transacted that might have been transacted at the Annual Meeting as originally notified.

Vote Required. Directors will be elected by a plurality of the votes present and entitled to be voted at the Annual Meeting. Ratification of the selection of the Company's auditors will require the affirmative vote of the holders of a majority of the shares present and entitled to be voted at the Annual Meeting. Adoption of the Company's proposed 2006 Long-Term Incentive Plan

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

will require the affirmative vote of the holders of a majority of the shares present and entitled to be voted at the Annual Meeting. An automated system that the Company's transfer agent administers will tabulate the votes. Brokers who hold shares in street name for customers are required to vote shares in accordance with instructions received from the beneficial owners. Brokers are permitted to vote on discretionary items if they have not received instructions from the beneficial owners, but they are not permitted to vote (a "broker non-vote") on non-discretionary items absent instructions from the beneficial owner. Abstentions and broker non-votes will count in determining whether a quorum is present at the Annual Meeting. Both abstentions and broker non-votes will not have any effect on the outcome of voting on director elections. For purposes of voting on the ratification of the selection of auditors and adoption of the Company's 2006 Long-Term Incentive Plan, abstentions will be included in the number of shares voting and will have the effect of a vote against the proposals, and broker non-votes will not be included in the number of shares voting and therefore will have no effect on the outcome of the voting.

Default Voting. A Proxy that is properly completed and returned will be voted at the Annual Meeting in accordance with the instructions on the Proxy. If you properly complete and return a Proxy, but do not indicate any contrary voting instructions, your shares will be voted as follows:

- o FOR the election of the three persons named in this Proxy Statement as the Board of Directors' nominees for election as Class III directors.
- o FOR the ratification of the selection of Ernst & Young LLP as the Company's auditors.

2

- o FOR the adoption of the Company's 2006 Long-Term Incentive Plan.

If any other business properly comes before the stockholders for a vote at the meeting, your shares will be voted in accordance with the discretion of the holders of the Proxy. The Board of Directors knows of no matters, other than those previously stated, to be presented for consideration at the Annual Meeting.

PARTICIPANTS IN THE PIONEER NATURAL RESOURCES USA, INC. 401(k) PLAN

Participants in the Pioneer Natural Resources USA, Inc. 401(k) Plan who have shares of common stock credited to their plan account as of the record date will have the right to direct the 401(k) Plan trustee regarding how to vote those shares. The trustee will vote the shares in a participant's 401(k) Plan account in accordance with the participant's instructions or, if no instructions are received prior to April 28, 2006, the shares credited to that participant's account will be voted by the trustee in the same proportion as it votes shares for which it did receive timely instructions. Information as to how participants voted the shares credited to their 401(k) Plan account will not be disclosed to the Company.

If a participant holds common stock outside of the 401(k) Plan, the participant will also receive a Proxy relating to those shares, which must be voted separately.

No director attended fewer than 75 percent of the total number of meetings of the Board of Directors. In addition, no director attended fewer than 75 percent of the total number of meetings of all committees of the Board of Directors on which that director served.

The Board of Directors has three standing committees: the Audit Committee, the Compensation and Management Development Committee and the Nominating and Corporate Governance Committee.

Information regarding the functions performed by the Audit Committee and its membership is set forth in the "Audit Committee Report", included herein, and the "Audit Committee Charter" that is posted on the Company's website at www.pxd.com and attached hereto as Annex A. The Compensation and Management Development Committee periodically reviews the compensation, employee benefit plans and fringe benefits paid to, or provided for, executive officers of the Company, and approves the annual salaries, bonuses, stock option awards and restricted stock awards to the Company's executive officers. The Compensation and Management Development Committee also administers the Company's Long-Term Incentive Plan and oversees the Company's succession planning. Additional information regarding the functions performed by the Compensation and Management Development Committee and its membership is set forth in the "Compensation and Management Development Committee Report on Executive Compensation" included herein, and the "Compensation and Management Development Committee Charter" that is posted on the Company's website at www.pxd.com. The members of the Compensation and Management Development Committee are Messrs. Buchanan (Chairman), Baroffio, Lundquist and Ramsey. The Compensation and Management Development Committee held eleven meetings during 2005.

The Nominating and Corporate Governance Committee assists the Board of Directors in evaluating potential new members of the Board of Directors, recommending committee members and structure, and advising the Board of Directors about corporate governance practices. Additional information regarding the functions performed by the Nominating and Corporate Governance Committee is set forth in "Corporate Governance" included herein, and the "Nominating and Corporate Governance Committee Charter" that is posted on the Company's website at www.pxd.com. The members of the Nominating and Corporate Governance Committee include all non-employee directors. The Nominating and Corporate Governance Committee held four meetings during 2005.

ITEM TWO

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors has selected Ernst & Young LLP as the independent auditors of the Company for 2006. Ernst & Young LLP have

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

audited the Company's financial statements since 1998. The 2005 audit of the Company's annual consolidated financial statements and effectiveness of internal control over financial reporting was completed on February 15, 2006.

The Board of Directors is submitting the selection of Ernst & Young LLP for ratification at the Annual Meeting. The submission of this matter for approval by stockholders is not legally required, but the Board of Directors and the Audit Committee believe the submission provides an opportunity for stockholders to communicate through their vote with the Board of Directors and the Audit Committee about an important aspect of corporate governance. If the stockholders do not ratify the selection of Ernst & Young LLP, the Audit Committee will reconsider the selection of that firm as the Company's auditors.

The Audit Committee has the sole authority and responsibility to retain, evaluate and replace the Company's auditors. The stockholders' ratification of the appointment of Ernst & Young LLP does not limit the authority of the Audit Committee to change auditors at any time.

Audit Fees. The aggregate fees of Ernst & Young LLP for professional services rendered for the audits of the Company's annual consolidated financial statements included in its Annual Report on Form 10-K, audit of the Company's internal control over financial reporting, reviews of the Company's quarterly financial statements included in its Quarterly Reports on Form 10-Q and reviews of the Company's other filings with the Securities and Exchange Commission (the "SEC") including comfort letters, consents and other research work necessary to comply with generally accepted auditing standards for the years ended December 31, 2005 and 2004 were \$1,187,000 and \$987,000, respectively.

Audit-Related Fees. The aggregate fees of Ernst & Young LLP for audit-related services provided to the Company totaled \$46,000 and \$42,000 during each of the years ended December 31, 2005 and 2004. Audit-related services were comprised of audits of the Company's 401(k) plan and certain affiliated partnerships.

Tax Services Fees. The aggregate fees of Ernst & Young LLP for tax services provided to the Company totaled \$49,000 and \$82,000 during the years ended December 31, 2005 and 2004, respectively. Tax services were primarily comprised of tax return preparation services for expatriates and the Company's international subsidiaries.

Other Fees. The aggregate fees of Ernst & Young LLP for other services provided to the Company during the years ended December 31, 2005 and 2004 totaled \$6,500 for each year. The other services were comprised of access to Ernst & Young LLP's on-line research services.

The Charter of the Company's Audit Committee requires that the Audit Committee review and pre-approve the plan and scope of Ernst & Young LLP's audit, audit-related, tax and other services. During 2005, the Audit Committee pre-approved 100 percent of the services described above under the captions "Audit-Related Fees," "Tax Services Fees" and "Other Fees."

The Company expects that representatives of Ernst & Young LLP will be present at the Annual Meeting to respond to appropriate questions and to make a statement if they desire to do so.

The audit report of Ernst & Young LLP on the Company's annual consolidated financial statements for 2005, 2004 and 2003 did not contain an adverse opinion or a disclaimer of opinion and was not qualified or modified as to uncertainty or audit scope. The audit report of Ernst & Young LLP on management's assessment that the Company maintained effective internal control over financial reporting as of December 31, 2005 and 2004 did not contain an adverse opinion or a disclaimer of opinion and was not qualified or modified as to uncertainty or

audit scope.

9

In connection with the audits of the Company's annual consolidated financial statements for 2005, 2004 and 2003, there were no disagreements with Ernst & Young LLP on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedures which, if not resolved to the satisfaction of such independent accountants, would have caused such independent accountants to make reference to the matter in their audit report.

The Board of Directors recommends that stockholders vote FOR ratification of the selection of Ernst & Young LLP.

ITEM THREE

ADOPTION OF THE 2006 LONG-TERM INCENTIVE PLAN

General

The Compensation and Management Development Committee (the "Committee") of the Board of Directors has recommended, subject to stockholder approval, the adoption of the Company's 2006 Long-Term Incentive Plan (the "2006 Plan"). A summary description of the material features of the 2006 Plan is set forth below. The 2006 Plan document has been filed with the Securities and Exchange Commission as Appendix A to this Proxy Statement and is incorporated by reference into this proposal.

The Company currently sponsors the Pioneer Natural Resources Company Long-Term Incentive Plan, which was adopted in 1997 (the "1997 LTIP"), pursuant to which 5,064,330 shares of common stock were the subject of outstanding awards as of March 14, 2006. In addition, 8,127,613 shares remain available for new awards under the 1997 LTIP (as compared to the 4,600,000 shares that will be authorized for issuance under the 2006 Plan) as of March 14, 2006. The exercise prices for outstanding stock options under the 1997 LTIP range from \$5.81 to \$42.44 per share. Currently, the 1997 LTIP provides for the granting of options, performance units, restricted stock awards, restricted stock units and stock appreciation rights. If the 2006 Plan is approved, no additional awards will be made under the 1997 LTIP.

With the approval of the 2006 Plan, the Company will be able to continue to use an array of equity compensation alternatives in structuring compensation arrangements for Company personnel, directors and consultants. The 2006 Plan will make available awards through which eligible persons may acquire and maintain stock ownership in the Company. While the Board of Directors is cognizant of the potential dilutive effect of compensatory stock awards and the expense reflected on the Company's statement of operations, it also recognizes the significant motivational and performance benefits that are achieved from making such awards. No award may be granted under the 2006 Plan on or after the ten year anniversary of its effectiveness.

Description of the Proposed Plan

The description of the 2006 Plan set forth below is a summary of the material features of the 2006 Plan as proposed. This summary does not purport to

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

be a complete description of all the provisions of the 2006 Plan. The purpose of the 2006 Plan is to provide a means to enhance the profitable growth of the Company and its subsidiaries by attracting and retaining employees, directors and consultants of the Company through affording such individuals a means to acquire and maintain stock ownership or awards, the value of which is tied to the performance of the common stock. The 2006 Plan also provides additional incentives and reward opportunities designed to strengthen such individuals' concern for the welfare of the Company and their desire to remain in its employ. The 2006 Plan achieves this purpose by permitting grants of (i) incentive stock options ("Incentive Options"), (ii) options that do not constitute incentive stock options ("Nonstatutory Options," and together with Incentive Options, "Options"), (iii) restricted stock awards ("Restricted Stock Awards"), (iv) restricted stock units ("Restricted Stock Units"), (v) stock appreciation rights ("SARs"), or (vi) any combination of such awards (collectively referred to as "Awards"). See "- Securities To Be Offered."

10

The 2006 Plan, in part, is intended to qualify under the provisions of section 422 of the Internal Revenue Code of 1986, as amended (the "Code"). The 2006 Plan is not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Administration of the 2006 Long-Term Incentive Plan

The Board of Directors of the Company has appointed the Committee to administer the 2006 Plan pursuant to its terms and all applicable state, federal, or other rules or laws, except in the event the Board of Directors chooses to take action under the 2006 Plan. Unless otherwise limited by the 2006 Plan, Rule 16b-3 of the Securities Exchange Act of 1934 (the "Exchange Act"), or any provisions of the Code, the Committee has broad discretion to administer the 2006 Plan, interpret its provisions, and adopt policies for implementing the 2006 Plan. This discretion includes the power to determine when and to whom Awards will be granted, determine the amount of such Awards (measured in cash, shares of common stock or as otherwise designated), prescribe and interpret the terms and provisions of each Award agreement (the terms of which may vary), delegate duties under the 2006 Plan, terminate, modify or amend the 2006 Plan, and execute all other responsibilities permitted or required under the 2006 Plan.

Persons Who May Participate in the 2006 Long-Term Incentive Plan

Any individual who provides services to the Company or its subsidiaries, including non-employee directors of and consultants for the Company (an "Eligible Person"), and who is designated by the Committee to receive an Award under the 2006 Plan will be a "Participant." An employee on leave of absence may be considered still employed by the Company or a subsidiary for purposes of determining eligibility for participation under the 2006 Plan. Any individual granted an Award which remains outstanding under the 2006 Plan, including an individual who is no longer an Eligible Person, will continue to be a Participant for purposes of the 2006 Plan. The Company currently has 11 non-employee directors, 18 officers and approximately 1,500 other employees who are eligible to participate in the 2006 Plan.

With respect to a grant of Incentive Options, which comply with Section 422 of the Code, a Participant must be an employee of the Company or one of its

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

corporate subsidiaries and, immediately before the time the Incentive Option is granted, the Participant may not own stock possessing more than 10% of the total combined voting power or value of all classes of stock of the Company or a subsidiary unless, at the time the Incentive Option is granted, the exercise price of the Incentive Option is at least 110% of the fair market value of the common stock underlying the Incentive Option.

Maximum Number of Shares Subject to Award

A Participant under the 2006 Plan will be eligible to receive an Award pursuant to the terms of the 2006 Plan and subject to any limitations imposed by appropriate action of the Committee. No Award may be granted if the Award relates to a number of shares of common stock which exceeds the number of shares which remain available under the 2006 Plan minus the number of shares issuable in settlement of or relating to outstanding Awards under the 2006 Plan. Additionally, in each fiscal year or 12-month period, as applicable, during any part of which the 2006 Plan is in effect, a "Covered Employee" for purposes of section 162(m) of the Code (discussed below) may not be granted (i) Awards (other than Awards designated to be paid only in cash) relating to more than 250,000 shares of common stock, subject to adjustment in a manner consistent with the other provisions of the 2006 Plan, and (ii) Awards designated to be paid only in cash having a value determined on the date of grant in excess of \$4,000,000.

Securities to be Offered

Shares Subject to the 2006 Plan. The maximum aggregate number of shares of common stock that may be granted for any and all Awards under the 2006 Plan shall not exceed 4,600,000 shares (subject to any adjustment due to recapitalization or reorganization permitted under the 2006 Plan), and the total number of shares of common stock received and available for delivery in connection with Incentive Options under the 2006 Plan will not exceed 4,600,000 shares. If common stock subject to any Award is not issued or transferred, or ceases to be issuable or transferable for any reason, including (but not exclusively) because an Award is forfeited, terminated, expires unexercised, is settled in cash in lieu of common stock or is otherwise terminated without a delivery of shares to a Participant, the shares of common stock that were subject to that Award will again be available for issue, transfer or exercise pursuant to Awards under the 2006 Plan to the extent allowable by law. The

11

common stock subject to Awards pursuant to the 2006 Plan may be authorized but unissued shares, shares held by the Company in treasury, or shares that have been reacquired by the Company, including shares that have been bought on the market for the purposes of the 2006 Plan. The fair market value of the common stock on a given date will be the closing price of a share of common stock so reported by the New York Stock Exchange ("NYSE") on the most recent date on which shares of common stock were publicly-traded preceding the date with respect to which the fair market value determination is made. There are no fees, commissions or other charges applicable to a purchase of common stock under the 2006 Plan.

Awards

Stock Options. The Company may grant Options to Eligible Persons, including

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

(i) Incentive Options (only to employees of the Company or its subsidiaries), which comply with section 422 of the Code and (ii) Nonstatutory Options. The exercise price of each Option granted under the 2006 Plan will be stated in the Option agreement and may vary; provided, however, that the exercise price for an Option must not be less than the greater of (a) the par value per share of common stock or (b) 100% of the fair market value per share of the common stock as of the date of grant of the Option. Options may be exercised as the Committee determines, but not later than ten years from the date of grant. Incentive Options will not be granted more than ten years after the approval of the 2006 Plan by the Company's stockholders. Any Incentive Option that fails to comply with section 422 of the Code for any reason will result in the reclassification of the Option as a Nonstatutory Option, which will be exercisable as such. The Committee will determine the methods and form of payment for the exercise price of an Option (including, in the discretion of the Committee, payment in common stock, other Awards, or other property) and the methods and forms in which common stock (including common stock issuable pursuant to the Option) will be delivered to a Participant.

SARs. An SAR is the right to receive an amount equal to the excess of the fair market value of one share of the common stock on the date of exercise over the grant price of the SAR, as determined by the Committee. SARs may be awarded in connection with or separate from an Option. SARs awarded in connection with an Option will entitle the holder, upon exercise, to surrender the related Option or portion thereof relating to the number of shares for which the SAR is exercised. The surrendered Option or portion thereof will then cease to be exercisable. However, an SAR awarded in connection with an Option is exercisable only to the extent that the related Option is exercisable. SARs granted independently of an Option will be exercisable as the Committee determines. The term of an SAR will be for a period determined by the Committee but will not exceed ten years. SARs may be paid in cash, stock or a combination of cash and stock, as the Committee provides in the Award agreement governing the SAR.

Restricted Stock Awards. A Restricted Stock Award is a grant of shares of common stock subject to a risk of forfeiture, restrictions on transferability, and any other restrictions imposed by the Committee in its discretion. Restrictions may lapse at such times and under such circumstances as determined by the Committee. Except as otherwise provided under the terms of the 2006 Plan or an Award agreement, the holder of a Restricted Stock Award may have rights as a stockholder, including the right to vote the common stock subject to the Restricted Stock Award or to receive dividends on the common stock subject to the Restricted Stock Award (and subject to any mandatory reinvestment or other requirements imposed by the Committee). As a condition of a Restricted Stock Award grant, the Committee may require or permit a Participant to elect that any cash dividends paid on a share of common stock subject to a Restricted Stock Award be automatically reinvested in additional Restricted Stock Awards or applied to the purchase of additional Awards under the 2006 Plan. Unless otherwise determined by the Committee, common stock distributed in connection with a stock split or stock dividend, and other property distributed as a dividend, will be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock Award with respect to which such common stock or other property has been distributed. During the restricted period applicable to the Restricted Stock, the Restricted Stock may not be sold, transferred, pledged, hypothecated, margined or otherwise encumbered by the Participant.

Restricted Stock Units. Restricted Stock Units are rights to receive common stock, cash, or a combination of both at the end of a specified period. The Committee may subject Restricted Stock Units to restrictions (which may include a risk of forfeiture) to be specified in the Award agreement, and those restrictions may lapse at such times determined by the Committee. Restricted Stock Units may be satisfied by delivery of common stock, cash equal to the fair market value of the specified number of shares of common stock covered by the Restricted Stock Units, or any combination thereof determined by the Committee

at the date of grant or thereafter. Dividend equivalents on the specified number of shares of common stock covered by Restricted Stock Units will be either (i) paid with respect to such Restricted Stock Units on the dividend payment date in cash or in shares of unrestricted common stock having a fair market value equal to the amount of such dividends, or (ii) automatically deemed reinvested in additional Restricted Stock Units, other Awards, or other investment vehicles permitted by the Committee and elected by the Participant, unless otherwise determined by the Committee on the date of grant.

Bonus Stock and Awards in Lieu of Company Obligations. The Committee is authorized to grant common stock as a bonus, or to grant common stock or other Awards in lieu of obligations to pay cash or deliver other property under the 2006 Plan or under other plans or compensatory arrangements, subject to any applicable provision under Section 16 of the Exchange Act. The Committee will determine any terms and conditions applicable to grants of common stock or other Awards, including performance criteria associated with an Award. Any grant of common stock to an officer of the Company or a subsidiary in lieu of salary or other cash compensation will be reasonable, as determined by the Committee.

Dividend Equivalents. Dividend equivalents may be granted, entitling a Participant to receive cash, common stock, other Awards, or other property equal in value to dividends paid with respect to a specified number of shares of common stock, or other periodic payments at the discretion of the Committee. Dividend equivalents may be awarded on a freestanding basis or in connection with another Award. The Committee may provide that dividend equivalents will be payable or distributed when accrued or that they will be deemed reinvested in additional common stock, Awards, or other investment vehicles. The Committee will specify any restrictions on transferability and risks of forfeiture that are imposed upon dividend equivalents.

Other Stock-Based Awards. Participants may be granted, subject to applicable legal limitations and the terms of the 2006 Plan and its purposes, other Awards related to common stock (in terms of being valued, denominated, paid or otherwise defined by reference to common stock). Such Awards may include, but are not limited to, convertible or exchangeable debt securities, other rights convertible or exchangeable into common stock, purchase rights for common stock, Awards with value and payment contingent upon performance of the Company or any other factors designated by the Committee, and Awards valued by reference to the book value of common stock or the value of securities of or the performance of specified subsidiaries. The Committee will determine the terms and conditions of all such Awards, including without limitation, method of delivery, consideration to be paid, the timing and methods of payment, and any performance criteria associated with an Award. Cash awards may granted as an element of or a supplement to any Awards permitted under the 2006 Plan.

Performance Awards. The Committee may designate that certain Awards granted under the 2006 Plan constitute "performance" Awards ("Performance Awards") or may grant separate cash bonus annual incentive awards as Performance Awards. A Performance Award is any Award, the grant, exercise or settlement of which is subject to one or more performance standards. Additionally, a Performance Award is an Award granted to a person designated by the Committee, at the time of grant of the Performance Award, as likely to be a Covered Employee within the meaning of section 162(m) of the Code and the regulations thereunder (including Treasury Regulation ss. 1.162-27 and successor regulations thereto) for the

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

fiscal year. One or more of the following business criteria for the Company, on a consolidated basis, and/or for specified subsidiaries or business or geographical units of the Company (except with respect to the total shareholder return and earnings per share criteria) shall be used by the Committee in establishing performance goals: (i) earnings per share; (ii) increase in revenues; (iii) increase in cash flow; (iv) increase in cash flow return; (v) return on net assets; (vi) return on assets and/or return on investment; (vii) return on capital; (viii) return on equity; (ix) economic value added; (x) operating margin; (xi) contribution margin; (xii) net income; (xiii) pretax earnings; (xiv) pretax earnings before interest, depreciation, amortization, exploration and abandonment costs; (xv) pretax operating earnings after interest expense and before incentives, service fees, and extraordinary or special items, or operating income; (xvi) total stockholder return; (xvii) debt reduction; (xviii) production growth; (xix) general and administrative expenses; (xx) reserve replacement; (xxi) finding and development costs; (xxii) net asset value; (xxiii) operating costs; and (xxiv) any of the above goals determined on an absolute or relative basis or as compared to the performance of a published or special index deemed applicable by the Committee including, but not limited to, the Standard & Poor's 500 Stock Index or a selected group of companies.

13

Other Provisions

Tax Withholding. At the discretion of the Committee and subject to conditions that the Committee may impose, a Participant's minimum statutory tax withholding with respect to an Award may be satisfied by withholding from any payment related to an Award or by the withholding of shares of common stock issuable pursuant to the Award based on the fair market value of the shares.

Merger or Recapitalization. If any change is made to the Company's capitalization, such as a stock split, stock combination, stock dividend, exchange of shares or other recapitalization, merger or otherwise, which results in an increase or decrease in the number of outstanding shares of common stock, appropriate adjustments will be made by the Committee as to the number and price of shares subject to an Award under the 2006 Plan.

Change in Control. Upon a Change in Control (as such term is defined in the 2006 Plan), with respect only to Awards held by Participants who are employees or directors of the Company, (i) all outstanding SARs and Options shall immediately become fully vested and exercisable in full; (ii) the restriction period of any Restricted Stock Award or Restricted Stock Unit shall immediately be accelerated and the restrictions shall expire; and (iii) the performance goals established under any Performance Award will be deemed to have been met for all performance periods and the holder will be paid a pro rata portion of all associated targeted performance goals.

Amendment. Without stockholder or Participant approval, the Board of Directors may amend, alter, suspend, discontinue or terminate the 2006 Plan or the Committee's authority to grant Awards under the plan, except that any amendment or alteration to the 2006 Plan, including any increase in any share limitation, shall be subject to the approval of the Company's stockholders not later than the next annual meeting if stockholder approval is required by any state or federal law or regulation or the rules of the NYSE. The Board of Directors may otherwise, in its discretion, determine to submit other such changes to the 2006 Plan to stockholders for approval. The Committee may waive any conditions or rights under, or amend, alter, suspend, discontinue or

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

terminate any Award theretofore granted and any Award agreement relating thereto, except as otherwise provided in the 2006 Plan; provided, that without the consent of an affected Participant, no such Committee action may materially and adversely affect the rights of such Participant under such Award.

Transferability of Awards. In accordance with the rules prescribed by the Committee, the Committee may permit a person to transfer, in the form of a gift, Nonstatutory Options or SARs, or may authorize all or a portion of such Awards to be granted to an Eligible Person on terms which permit transfer by such Participant (i) to a child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law (including adoptive relationships), and any person sharing the household of a holder of such Award ("Immediate Family Members"); (ii) to a trust in which Immediate Family Members have more than fifty percent of the beneficial interest; (iii) a foundation in which Immediate Family Members control the management of assets; or (iv) any other entity in which Immediate Family Members own more than fifty percent of the voting interests. An Option, SAR, Restricted Stock Unit or Restricted Stock Award may be transferred pursuant to a domestic relations order. Other than as described above, Awards will not be transferable other than by will or the laws of descent and distribution. Notwithstanding any provision to the contrary, Incentive Options will not be transferable other than by will or the laws of descent and distribution.

Federal Tax Consequences

The following discussion is for general information only and is intended to summarize briefly the U.S. federal tax consequences to Participants arising from participation in the 2006 Plan. This description is based on current law, which is subject to change (possibly retroactively). The tax treatment of Participants in the 2006 Plan may vary depending on the particular situation and may, therefore, be subject to special rules not discussed below. No attempt has been made to discuss any potential foreign, state, or local tax consequences.

Incentive Options; Nonstatutory Options; SARs. Participants will not realize taxable income upon the grant of a Nonstatutory Option or an SAR. Upon the exercise of a Nonstatutory Option or SAR, a Participant will recognize ordinary compensation income (subject to withholding by the Company) in an amount equal to the excess of (i) the amount of cash and the fair market value of the common stock received, over (ii) the exercise price (if any) paid

14

therefor. A Participant will generally have a tax basis in any shares of common stock received pursuant to the exercise of an SAR, or pursuant to the cash exercise of a Nonstatutory Option, that equals the fair market value of such shares on the date of exercise. Subject to the discussion under "--Tax Code Limitations on Deductibility" below, the Company (or a subsidiary) will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by a Participant under the foregoing rules.

Participants eligible to receive an Incentive Option will not recognize taxable income on the grant of an Incentive Option. Upon the exercise of an Incentive Option, a Participant will not recognize taxable income, although the excess of the fair market value of the shares of common stock received upon exercise of the Incentive Option ("ISO Stock") over the exercise price will

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

increase the alternative minimum taxable income of the Participant, which may cause such Participant to incur alternative minimum tax. The payment of any alternative minimum tax attributable to the exercise of an Incentive Option would be allowed as a credit against the Participant's regular tax liability in a later year to the extent the Participant's regular tax liability is in excess of the alternative minimum tax for that year.

Upon the disposition of ISO Stock that has been held for the requisite holding period (generally, at least two years from the date of grant and one year from the date of exercise of the Incentive Option), a Participant will generally recognize capital gain (or loss) equal to the excess (or shortfall) of the amount received in the disposition over the exercise price paid by the Participant for the ISO Stock. However, if a Participant disposes of ISO Stock that has not been held for the requisite holding period (a "Disqualifying Disposition"), the Participant will recognize ordinary compensation income in the year of the Disqualifying Disposition in an amount equal to the amount by which the fair market value of the ISO Stock at the time of exercise of the Incentive Option (or, if less, the amount realized in the case of an arm's length disposition to an unrelated party) exceeds the exercise price paid by the Participant for such ISO Stock. A Participant would also recognize capital gain to the extent the amount realized in the Disqualifying Disposition exceeds the fair market value of the ISO Stock on the exercise date. If the exercise price paid for the ISO Stock exceeds the amount realized (in the case of an arm's-length disposition to an unrelated party), such excess would ordinarily constitute a capital loss.

The Company and its subsidiaries will generally not be entitled to any federal income tax deduction upon the grant or exercise of an Incentive Option, unless a Participant makes a Disqualifying Disposition of the ISO Stock. If a Participant makes a Disqualifying Disposition, the Company (or a subsidiary) will then, subject to the discussion below under "--Tax Code Limitations on Deductibility," be entitled to a tax deduction that corresponds as to timing and amount with the compensation income recognized by a Participant under the rules described in the preceding paragraph.

Under current rulings, if a Participant transfers previously held shares of common stock (other than ISO Stock that has not been held for the requisite holding period) in satisfaction of part or all of the exercise price of a Nonstatutory Option or Incentive Option, no additional gain will be recognized on the transfer of such previously held shares in satisfaction of the Nonstatutory Option or Incentive Option exercise price (although a Participant would still recognize ordinary compensation income upon exercise of a Nonstatutory Option in the manner described above). Moreover, that number of shares of common stock received upon exercise which equals the number of shares of previously held common stock surrendered therefor in satisfaction of the Nonstatutory Option or Incentive Option exercise price will have a tax basis that equals, and a capital gains holding period that includes, the tax basis and capital gains holding period of the previously held shares of common stock surrendered in satisfaction of the Nonstatutory Option or Incentive Option exercise price. Any additional shares of common stock received upon exercise will have a tax basis that equals the amount of cash (if any) paid by the Participant, plus the amount of compensation income recognized by the Participant under the rules described above.

The 2006 Plan allows the Committee to permit the transfer of Awards in limited circumstances. See "--Other Provisions - Transferability of Awards." For income and gift tax purposes, certain transfers of Nonstatutory Options and SARs generally should be treated as completed gifts, subject to gift taxation.

The Internal Revenue Service (the "IRS") has not provided formal guidance on the income tax consequences of a transfer of Nonstatutory Options (other than in the context of divorce) or SARs. However, the IRS has informally indicated

that after a transfer of stock options, the transferor will recognize income, which will be subject to withholding, and FICA/FUTA taxes will be collectible at the time the transferee exercises the stock options.

In addition, if the Participant transfers a vested Nonstatutory Option to another person and retains no interest in or power over it, the transfer is treated as a completed gift. The amount of the transferor's gift (or generation-skipping transfer, if the gift is to a grandchild or later generation) equals the value of the Nonstatutory Option at the time of the gift. The value of the Nonstatutory Option may be affected by several factors, including the difference between the exercise price and the fair market value of the stock, the potential for future appreciation or depreciation of the stock, the time period of the Nonstatutory Option and the illiquidity of the Nonstatutory Option. The transferor will be subject to a federal gift tax, which will be limited by (i) the annual exclusion of \$12,000 per donee, (ii) the transferor's lifetime unified credit, or (iii) the marital or charitable deductions. The gifted Nonstatutory Option will not be included in the Participant's gross estate for purposes of the federal estate tax or the generation-skipping transfer tax.

This favorable tax treatment for vested Nonstatutory Options has not been extended to unvested Nonstatutory Options. Whether such consequences apply to unvested Nonstatutory Options is uncertain and the gift tax implications of such a transfer is a risk the transferor will bear upon such a disposition. The IRS has not specifically addressed the tax consequences of a transfer of SARs.

Restricted Stock Awards; Restricted Stock Units; Cash Awards. A Participant will recognize ordinary compensation income upon receipt of cash pursuant to a cash award or, if earlier, at the time the cash is otherwise made available for the Participant to draw upon. A Participant will not have taxable income at the time of grant of a stock Award in the form of Restricted Stock Units denominated in common stock, but rather, will generally recognize ordinary compensation income at the time he receives common stock in satisfaction of the Restricted Stock Units in an amount equal to the fair market value of the common stock received. In general, a Participant will recognize ordinary compensation income as a result of the receipt of common stock pursuant to a Restricted Stock Award or Bonus Stock Award in an amount equal to the fair market value of the common stock when such stock is received; provided, however, that if the stock is not transferable and is subject to a substantial risk of forfeiture when received, a Participant will recognize ordinary compensation income in an amount equal to the fair market value of the common stock (i) when the common stock first becomes transferable or is no longer subject to a substantial risk of forfeiture, in cases where a Participant does not make a valid election under Section 83(b) of the Code or (ii) when the common stock is received, in cases where a Participant makes a valid election under Section 83(b) of the Code.

A Participant will be subject to withholding for federal, and generally for state and local, income taxes at the time he recognizes income under the rules described above with respect to common stock or cash received. Dividends that are received by a Participant prior to the time that the common stock is taxed to the Participant under the rules described in the preceding paragraph are taxed as additional compensation, not as dividend income. The tax basis in the common stock received by a Participant will equal the amount recognized by him as compensation income under the rules described in the preceding paragraph, and

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

the Participant's capital gains holding period in those shares will commence on the later of the date the shares are received or the restrictions lapse.

Subject to the discussion immediately below, the Company (or a subsidiary) will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by a Participant under the foregoing rules.

Tax Code Limitations on Deductibility. In order for the amounts described above to be deductible by the Company (or a subsidiary), such amounts must constitute reasonable compensation for services rendered or to be rendered and must be ordinary and necessary business expenses.

The ability of the Company (or a subsidiary) to obtain a deduction for future payments under the 2006 Plan could also be limited by the golden parachute payment rules of Section 280G of the Code, which prevent the deductibility of certain excess parachute payments made in connection with a change in control of an employer-corporation.

Finally, the ability of the Company (or a subsidiary) to obtain a deduction for amounts paid under the 2006 Plan could be limited by Section 162(m) of the Code, which limits the deductibility, for federal income tax purposes, of compensation paid to certain executive officers of a publicly traded corporation to \$1,000,000 with respect to any such officer during any taxable year of the

16

corporation. However, an exception applies to this limitation in the case of certain performance-based compensation. In order to exempt performance-based compensation from the \$1,000,000 deductibility limitation, the grant or vesting of the Award relating to the compensation must be based on the satisfaction of one or more performance goals as selected by the Committee. Performance-based Awards intended to comply with Section 162(m) of the Code may not be granted in a given period if such Awards relate to shares of common stock which exceed a specified limitation or, alternatively, the performance-based Awards may not result in compensation, for a Participant, in a given period which exceeds a specified limitation. If the 2006 Plan is approved at the Annual Meeting, a Participant who receives an Award or Awards intended to satisfy the performance-based exception to the \$1,000,000 deductibility limitation may not receive performance-based Awards relating to more than 250,000 shares of common stock or, with respect to Awards not related to shares of common stock, \$4,000,000, in any given fiscal year. Although the 2006 Plan has been drafted to satisfy the requirements for the performance-based compensation exception, the Company may determine that it is in its best interests not to satisfy the requirements for the exception. See "Awards - Performance Awards."

Long-Term Incentive Plan Benefit Table

As of the date of this Proxy Statement, no director, executive officer or employee of the Company has been granted any Awards under the 2006 Plan. The Awards, if any, that will be granted to eligible persons under the 2006 Plan are subject to the discretion of the Committee and, therefore, are not determinable. The following table sets forth, for the named executive officers (as defined below under "Compensation - Summary Compensation Table"), Mr. Richard P. Dealy, the Company's Executive Vice President and Chief Financial Officer, and certain groups, all Awards granted in 2005 under the 1997 LTIP:

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

Non-Executive Director Group (11 persons)	27,746
Non-Executive Officer Employee Group (approximately 1,500 persons)	1,209,023
Total	1,411,269

If the 2006 Plan submitted to stockholders is not approved by stockholders at the Annual Meeting, the 2006 Plan will not be adopted and no Awards will be granted under the 2006 Plan.

The Board of Directors recommends that stockholders vote FOR the approval of the proposed Pioneer Natural Resources Company 2006 Long-Term Incentive Plan. Because each of the Company's directors and executive officers will be eligible to receive Awards under the proposed plan, each of the directors and executive officers of the Company has an interest in, and may benefit from, the adoption of the proposed plan.

COMPENSATION

Compensation of Directors

The Board of Directors believes providing competitive compensation is necessary to attract and retain qualified non-employee directors. The Board of Directors believes that the compensation package should require a significant portion of the total compensation package to be equity based to align the interests of the Board of Directors and the Company's stockholders but should also allow each director the flexibility to choose to receive a portion of the director's compensation in cash. To maintain competitive director compensation, the Compensation and Management Development Committee (the "Committee") periodically engages a compensation consultant to conduct a benchmarking review of outside director pay.

The elements of compensation for the Company's non-employee directors for the 2005-2006 director year, which runs from the annual meeting of 2005 to the annual meeting of 2006, are as follows:

- o Each non-employee director receives an annual base retainer fee of \$40,000 and an annual fee of \$10,000 for service on one or more committees.
- o Audit Committee members receive an additional \$7,500 annual fee.
- o The geosciences specialist on the Board of Directors receives an additional \$7,500 annual fee.
- o The lead director receives an additional \$15,000 annual fee.
- o The chairman of the Audit Committee receives an additional \$7,500 annual fee and each other committee chairman receives an additional \$2,500 annual fee.

Additionally, each non-employee director is provided information technology support by the Company and is also reimbursed for travel expenses to attend meetings of the Board of Directors or its committees, travel and entertainment expenses for each director's spouse who is invited to accompany directors to

meetings of the Board of Directors, director education, seminars and trade publications. No additional fees are paid for attendance at Board of Directors or committee meetings. The Company's Chief Executive Officer does not receive additional compensation for serving on the Board of Directors.

Under this compensation program, non-employee directors are eligible to receive their fees in the form of stock options, stock appreciation rights, restricted stock, restricted stock units or performance units. The Company can use these awards instead of cash to pay its non-employee directors all or part of their annual fees. The Board of Directors determines the form (or combination

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

of forms) of compensation each year, based on the economic and other circumstances at the time of award and based on its view of which awards will best align the interests of the stockholders and the Board of Directors. For both the 2005-2006 and 2006-2007 director years, the non-employee directors could choose to be compensated for their annual directors' fees in (i) 100 percent cash, (ii) 100 percent restricted stock units ("RSU") or (iii) a 50/50 combination of any thereof.

In addition to their annual base pay retainer fee, directors received an annual equity award of \$60,000 in restricted stock units. The restricted stock units vest after one year. Retirement before the first anniversary of the annual equity award grant results in pro rata vesting based on the number of quarterly meetings remaining in the director year.

New directors joining the Board of Directors after May 2005 received a pro rata portion of the \$60,000 annual equity award in restricted stock units based on the number of quarterly meetings remaining in the director year. The number of shares granted is determined by dividing the value of the equity award by the closing price of one share of Company stock on the last day preceding the day the director joins the Board of Directors.

Each non-employee director, upon commencement of initial service as a director, receives \$125,000 of restricted stock units. Directors who served on the Board of Directors of a company that was acquired or merged into the Company and joined the Company's Board of Directors as a result of the acquisition or merger are not eligible for this award. The price used to calculate the number of shares granted is based on the closing stock price on the day prior to the day the director is elected to serve on the Board of Directors. The shares granted are subject to vesting and transfer restrictions that lapse with respect to one-third of the shares each year following the grant over a three-year period. Retirement before the third anniversary of the grant results in pro rata vesting based on the number of quarterly meetings remaining in the three-year vesting period.

The vesting of ownership and the lapse of transfer restrictions on restricted stock units to non-employee directors is accelerated in the event of the death or disability of the director or a change in control of the Company.

The following table summarizes annual director fees and equity awards earned by the Company's non-employee directors during the year ending December 31, 2005:

During 2005, the Committee engaged the services of Hewitt Associates to conduct a review of the compensation of its non-employee directors. The review included an analysis of the director compensation practices of a peer group consisting of independent oil and gas exploration and production companies with similar asset, revenue and capital investment profiles as the Company's. Based on the results of Hewitt's benchmarking of the Company's peer group, the Board of Directors approved the following compensation changes for the 2006-2007 director year, which begins at the Annual Meeting.

- o Increase the annual retainer from \$40,000 to \$50,000.
- o Increase the value of the annual equity based award from \$60,000 to \$80,000.
- o Increase the initial equity based award to attract new directors from \$125,000 to \$150,000.

Hewitt concluded these changes resulted in total director compensation that is competitive but below the 50th percentile of industry peers.

Compensation of Executive Officers

The compensation paid to the Company's executive officers generally consists of base salaries, annual bonuses, awards under the 1997 LTIP, contributions to the Company's 401(k) retirement plan, contributions to the Company's deferred compensation retirement plan and miscellaneous perquisites. The following table summarizes the total compensation for 2005, 2004 and 2003 awarded to, earned by or paid to (i) the Company's Chief Executive Officer, (ii) the Company's four most highly compensated executive officers other than its Chief Executive Officer, as determined by reference to total annual salary and bonus for 2005 (the persons identified in subparagraphs (i) and (ii) are sometimes referred to herein as the "named executive officers"), and (iii) although not required by the rules of the Securities and Exchange Commission, the Company's Chief Financial Officer:

(c) The value of the 2005 restricted stock reported in this column was determined using the February 14, 2005 grant date closing price of \$38.97 per share for the Company's common stock as reported by the NYSE. The restricted stock grant includes vesting restrictions that lapse on February 15, 2008. Holders of restricted stock are entitled to receive dividends, if any, paid on the Company's common stock. Aggregate unvested restricted stock grants as of December 31, 2005 and the corresponding value based on the closing price of the common stock as reported on the NYSE on December 30, 2005 (\$51.27 per share) are: Mr. Sheffield, 124,350 shares, \$6,375,425; Mr. Dove, 44,800 shares, \$2,296,896; Messrs. Alameddine, Cheatwood and Kellum 33,750 shares each, \$1,730,363 each; and Mr. Dealy, 23,660 shares, \$1,213,048.

(d) For 2005, this column includes (i) contributions to qualified retirement plans of \$21,000 to each of Messrs. Sheffield, Dove, Alameddine, Cheatwood, Kellum and Dealy; (ii) contributions to the Company's non-qualified deferred compensation retirement plan for Mr. Sheffield of \$82,500; for Mr. Dove of \$47,500; for Messrs. Alameddine, Cheatwood and Kellum of \$33,000

each; and for Mr. Dealy of \$30,000; and (iii) a \$2,860 premium with respect to a term life insurance policy for the benefit of Mr. Sheffield.

(e) This column indicates, for the year presented, the sum of the values set forth in the columns "Salary," "Bonus," "Other Annual Compensation," "Restricted Stock Awards" and "All Other Compensation."

Two of the Company's executive officers, Mr. Sheffield and Mr. Kellum, directly or indirectly hold working interests in wells of which the Company or a subsidiary is the operator. These interests were acquired in 1990 or earlier with the executive officers' personal funds pursuant to a program offered by the Company's predecessor. As such, the holders participate in the costs and revenues attributable to that working interest in accordance with customary industry terms. During 2005, the aggregate amounts of the distributions made to Messrs. Sheffield and Kellum were \$33,806 and \$13,249, respectively.

Long-Term Incentive Plan. The Company's 1997 LTIP provides for employee and non-employee director grants in the form of stock options, stock appreciation rights, restricted stock, restricted stock units or performance units. The maximum number of shares of common stock that may be issued under the 1997 LTIP is equal to ten percent of the total number of shares of common stock equivalents outstanding from time to time minus the total number of shares of stock subject to outstanding grants on the date of calculation under any other stock-based plan for employees or directors of the Company. The 1997 LTIP has 8,127,613 shares available for additional awards as of March 14, 2006 (compared to the 4,600,000 shares that will be available for awards if the 2006 Plan is adopted).

The 1997 LTIP provides that awards may be forfeited or vested at termination of employment depending on the circumstances of termination and whether the participant had a written employment agreement.

The 1997 LTIP provides that the Committee may determine whether a particular award under the 1997 LTIP will have change in control provisions. In general, awards under the 1997 LTIP contain provisions that provide that options and restricted stock or restricted stock units will become immediately vested and exercisable in full upon a change in control and that options will remain exercisable for their full original term regardless of whether and how the holder's employment is subsequently terminated.

No stock options, stock appreciation rights or performance units were awarded under the 1997 LTIP in 2005. If the Company's 2006 Plan is adopted at the Annual Meeting, no further awards will be made under the 1997 LTIP.

Retirement Plan. The Company provides a 401(k) retirement plan and a non-qualified deferred compensation retirement plan for executive officers of the Company but does not provide defined benefit retirement plans or restoration plans. Hewitt Associates has advised the Company that the retirement benefit value delivered through the 401(k) retirement plan and the non-qualified deferred compensation retirement plan is well below the median market retirement value.

The non-qualified deferred compensation retirement plan allows each participant to contribute up to 25 percent of base salary and 100 percent of annual bonus payments. The Company provides a matching contribution of 100 percent of the participant's contribution limited to the first ten percent of the executive officer's base salary. The Company's matching contribution vests immediately. The non-qualified deferred compensation plan permits officers to make investment allocation choices for both the executive officer's contribution and the Company match to designated mutual funds or self-directed brokerage accounts included in the non-qualified deferred compensation plan. The Company retains the right to maintain these investment choices as hypothetical investments or to actually invest in the executive officer's investment choices. To date, the Company has chosen to actually invest the funds in the investment options selected by the executive officers so that the investment returns are funded and do not create unfunded liabilities to the Company.

The following table sets forth, for each named executive officer and Mr. Dealy, information as to the fair values of vested benefits in the Company's non-qualified deferred compensation retirement plan through December 31, 2005:

Participants may choose to receive distributions of their vested benefits from the non-qualified compensation plan as soon as administratively practicable (i) after the date of separation from service with the Company or (ii) after January 1 of the year following the date of separation from service with the Company. Participants vested benefits may, at the option of the participant, be distributed in one lump sum, in five annual installments or in ten annual installments.

Severance and Change in Control Agreements. The Company is party to severance agreements and change in control agreements with its executive officers. The forms of severance and change in control agreements were previously filed as an exhibit to the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission on August 17, 2005. Salaries and bonuses are set by the Committee independent of these agreements and the Committee can increase or decrease base salaries at its discretion.

On August 16, 2005, the Company entered into new severance agreements and change in control agreements with its executive officers. These new agreements replaced the severance agreements (which provided for certain severance rights both before and after a change in control) that the executive officers previously had with the Company.

The severance agreements provide that, if the executive terminates employment for good reason (which generally includes a demotion or significant pay reduction, and for Mr. Sheffield also includes his not being reelected as a director) or if the Company terminates the employment of the executive officer other than for cause, death, disability or normal retirement, the Company must pay the executive officer a separation payment in addition to earned salary and vested benefits. The separation payment is an amount equal to the sum of (1) one times the executive officer's base salary (three times base salary for Mr. Sheffield and 2.5 times base salary in the case of Mr. Dove), (2) 18 times the monthly executive officer's cost of coverage for himself and his eligible dependents under the Company's group medical plans (36 times the monthly cost in the case of Mr. Sheffield and 30 times the monthly cost in the case of Mr. Dove), and (3) one-twelfth of the executive officer's base salary if the date of termination is less than 30 days following the notice of termination and the executive officer's employment is terminated by the Company. In the case of Messrs. Sheffield and Dove, the severance agreements also provide for the immediate vesting of certain awards under the Company's 1997 LTIP. The severance agreements terminate upon a change in control of the Company.

The change in control agreements provide that, if the executive officer terminates employment for good reason (which generally includes an adverse change in duties or a reduction in base salary, target bonus, equity awards or benefits) or if the Company terminates the employment of the executive officer other than for cause, death, disability or normal retirement, in either case in connection with or after a change in control, the Company must pay the executive officer a separation payment and provide continued group medical coverage for approximately three years (in the case of Messrs. Sheffield and Dove, until the date the executive is eligible for full medical benefits under the provisions of Medicare), in addition to paying earned salary and vested benefits. In addition, all the executive officer's awards under the Company's 1997 LTIP will fully vest. The separation payment is an amount equal to the sum of (1) 2.99 times the sum of the executive officer's base salary and target bonus, (2) a pro-rated portion of the target bonus based on the days elapsed in that calendar year, and (3) one-twelfth of the executive officer's base salary if the date of termination is less than 30 days following the notice of termination and the executive officer's employment is terminated by the Company. If the Company

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

terminates an executive officer without cause following a potential change in control (as defined in the agreements) and if a change in control occurs within 12 months, the executive officer will be entitled upon the change in control to the payments that would have been made if the executive had continued as an executive officer until the change in control, as well as to a payment equal to the value of the executive officer's equity-based awards that did not vest when his employment was terminated. If, after a change in control, an executive officer terminates employment because he is required to relocate more than 50 miles, but is not otherwise entitled to terminate employment for good reason, then the Company must pay the executive officer a reduced separation payment equal to his annualized base salary, in addition to earned salary and vested benefits, and provide continued coverage for one year under group medical benefit plans. The change in control agreements also obligate the Company to make the executive officers whole (that is, provide a "gross-up") for excise taxes that may be imposed on payments under the change in control agreements by Section 4999 of the Internal Revenue Code. The change in control agreements continue for two years following a change in control that occurs during the term of the agreement. For illustrative purposes, based on his current compensation, the separation payment payable to Mr. Sheffield upon a change in control would

24

be the sum of (i) \$5,083,000, plus (ii) a pro rata portion of his \$850,000 2006 target bonus based on the days elapsed in that calendar year, plus (iii) \$70,833, if the date of termination is less than 30 days following notice thereof.

Both the severance agreements and the change in control agreements provide for a payment of one times the executive officer's base salary in the event of his death, disability or retirement.

Indemnification Agreements. The Company has entered into indemnification agreements with each of its directors and executive officers. The form of indemnification agreement was previously filed as an exhibit to the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission on August 17, 2005. Each indemnification agreement requires the Company to indemnify each indemnitee to the fullest extent permitted by the Delaware General Corporation Law. This means, among other things, that the Company must indemnify the director or executive officer against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement that are actually and reasonably incurred in an action, suit or proceeding by reason of the fact that the person is or was a director, officer, employee or agent of the Company or is or was serving at the request of the Company as a director, officer, employee or agent of another corporation or other entity if the indemnitee meets the standard of conduct provided in Delaware law. Also as permitted under Delaware law, the indemnification agreements require the Company to advance expenses in defending such an action provided that the director or executive officer undertakes to repay the amounts if the person ultimately is determined not to be entitled to indemnification from the Company. The Company will also make the indemnitee whole for taxes imposed on the indemnification payments and for costs in any action to establish indemnitee's right to indemnification, whether or not wholly successful.

Directors' and Officers' Insurance. The Company maintains customary directors' and officers' insurance coverage.

COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The information contained in this Compensation and Management Development Committee Report on Executive Compensation and in the section of this Proxy Statement entitled "Company Performance" shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates such information.

The Compensation and Management Development Committee (the "Committee") of the Board of Directors submits the following report with respect to the executive compensation program of the Company.

The Committee is responsible for establishing all components of executive pay, reviewing the performance of the Company's executive officers and approving all compensation awards for all executive officers, including the named executive officers. The Committee approves all long-term incentive awards, benefits and perquisites. The Committee also reviews the leadership development process to assure the proper emphasis in being placed on executive succession planning. The Committee operates under a written charter adopted by the Board of Directors. A copy of the current charter is posted on the Company's website at www.pxd.com. Members of the Committee are: Messrs. Edison C. Buchanan (Chairman), James R. Baroffio, Andrew D. Lundquist and Charles E. Ramsey, Jr.

25

Compensation Principles and Philosophy

The overriding responsibility of the Committee is to maintain a compensation program that attracts and retains a capable and highly motivated senior management team and aligns the compensation of the Company's executive officers with the Company's strategic business plan to increase stockholder value. The Committee strongly believes it is important to evaluate the performance of the Company and executive officers each year, in light of oil and gas industry fundamentals, and assess how effectively management adapts to changing industry conditions and opportunities during the year. The Committee does not believe formula-based variable-pay plans effectively drive successful performance for executives of companies in the oil and gas industry. The Committee also believes the portion of an employee's total compensation that varies with individual, team and Company performance should increase as that employee's scope, duties and responsibilities increase. The Committee has structured the annual bonus and long-term incentive awards to be a significant portion of an executive officer's total compensation so that total compensation is reflective of both the executive officer's individual performance, as well as the Company's overall performance.

Beginning in 2004, the Committee elected to change the nature of long-term

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

incentive equity awards from a combination of stock options and restricted stock to grants of restricted stock determined by the Committee with reference to the recipient's performance, in order to further emphasize performance and alignment of stockholders' and executive officers' interests. The Committee has adopted a policy of not re-pricing stock options and incorporated that policy into the Company's 1997 LTIP.

Other critical elements of the Company's compensation and incentive policies provide for:

- o Base salaries at or near median levels compared to industry survey information and peer group proxy analysis.
- o Annual bonus target levels at or near median levels with payouts above or below target based on both individual and Company performance.
- o Long-term incentive target award levels that are at or near median levels with the actual awards above or below target based on both individual and Company performance.
- o Significant stock ownership by directors, the Chief Executive Officer and all other executive officers.

To assist the Committee in its efforts to establish and administer a fair and competitive compensation program, consistent with the Company's compensation philosophy, the Committee has directly engaged Hewitt Associates as the Committee's compensation consultant to conduct a benchmarking review of compensation levels for the Chief Executive Officer and other executives. Using sound and consistent methodologies, the consultant collects and summarizes compensation data for a predefined peer group. The peer group consists of independent oil and gas exploration and production companies with similar asset, revenue and capital investment profiles as the Company. Hewitt Associates has developed competitive market references for base salary, annual incentives and long-term incentives (including all forms of equity compensation) based on the Company's compensation philosophy. Prevalent practices for supplemental benefits and perquisites are also documented.

To support the commitment to significant stock ownership, the Company's current common stock ownership guidelines are as follows:

- o Non-employee directors' stock value equal to at least five times each director's annual base retainer fee. The non-employee directors have three years after joining the Board of Directors to meet the guideline.
- o Chairman of the Board of Directors and Chief Executive Officer stock value equal to at least five times his annual base salary.
- o President and other named executive officers stock value equal to at least three times their annual base salary. The president and other named executive officers, generally, have three years after becoming an officer to meet the guideline.

26

In determining compliance with these guidelines, the Committee considers its expectations of the long-term value of the Company's common stock and the current trading levels. All named executive officers, including Mr. Sheffield, and all non-employee directors are in compliance with the ownership guidelines.

The Omnibus Budget Reconciliation Act of 1993 placed restrictions on the deductibility of executive compensation paid by public companies. Under the restrictions, the Company is not able to deduct compensation paid to any of the

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

named executive officers in excess of \$1,000,000 unless the compensation meets the definition of "performance-based compensation" as required in Section 162(m) of the Internal Revenue Code of 1986, as amended. Non-deductibility could result in additional tax costs to the Company. The Committee generally tries to preserve the deductibility of all executive compensation if it can do so without interfering with the Company's ability to attract and retain capable and highly motivated senior management. The Company's annual incentive bonus plan does not meet the definition of performance-based compensation as required in Section 162(m) primarily because the annual incentive bonus plan is not formula driven and the Committee retains the right to make subjective evaluations of performance including an assessment of how effectively management adapts to changing industry conditions and opportunities during the Company's bonus year. Pioneer's restricted stock awards do not qualify as performance-based compensation under Section 162(m). Accordingly, the portions of compensation paid to our named executive officers in 2005 that exceeded \$1,000,000 (other than from the exercise of stock options) are generally not deductible. The Committee believes it is in the best interest of stockholders to continue with a discretionary element in the annual incentive bonus program and to make performance share awards in the form of restricted stock to the Company's officers instead of stock options. The Committee is studying long-term incentive plan alternatives that will qualify as performance-based compensation under Section 162(m).

Elements of Compensation

The elements of the compensation program the Committee administers for executive officers, including the Chief Executive Officer, consist of base salaries, annual bonuses, awards made under the Company's 1997 LTIP, contributions to the Company's 401(k) retirement plan, contributions to the Company's non-qualified deferred compensation retirement plan and miscellaneous perquisites. Base salaries, annual bonuses and long-term incentives are discussed separately below; however, the Committee considers the aggregate remuneration of executives including benefits and perquisites when evaluating the executive compensation program.

Base Salaries. An executive's base salary is viewed as a fixed component of total compensation that should be competitive with companies similar in terms of business strategy to the Company. The Committee has targeted base salaries at or near the median level for companies with similar business strategies. The Committee evaluates the base salaries of the Company's executive officers on the basis of competitive base salary survey data provided by Hewitt Associates, internal pay equity, and consideration of each officer's experience, duties, responsibilities and knowledge. The Committee views the executives below the Chief Executive Officer level as a team with diverse duties but with similar authority and responsibility and factors this team approach into final determination of base pay. The Committee determines the base salary for all officers, including Mr. Sheffield, using the same methodology.

For 2006, Mr. Sheffield's annual base salary was increased from \$825,000 to \$850,000. Hewitt Associates determined that Mr. Sheffield's annual base salary is below the 50th percentile level. The base salaries of the other named executive officers were increased for 2006 to levels that Hewitt Associates advises, as a group, are at or near the 50th percentile.

Annual Bonuses. The Company's annual bonus program is designed to provide added incentive for executives to achieve specific goals that have been communicated to be of primary importance during the current year. Actual payouts can vary above or below the target levels based on the Committee's evaluation of Company and individual performance against corporate and individual goals and the competitive conditions within the oil and gas exploration and production industry. Each year the Committee establishes a target bonus for each executive officer based on the target bonus median levels of executive officers in similar

positions at peer group companies.

27

To maintain internal equity, the level of responsibility, scope and complexity of the executive officer's position are considered. Awards for the annual incentive bonus plan can range from 0 to 200 percent of target. In awarding 2005 bonuses, the Committee reviewed criteria, such as the following, that are important to the success of the Company's business plan:

- o Net asset value per share
- o Return on equity
- o Operating cost per barrel of oil equivalent ("BOE")
- o Debt/Book capitalization
- o Investment grade credit ratings
- o Reserve replacement
- o Finding and development cost per BOE
- o Production growth
- o General and administrative costs per BOE
- o Growth of share value
- o Safety and environmental performance

In determining the executive officers' annual bonus awards, the Committee also evaluated the Company's stock performance in relation to its peer group. The Committee did not employ a formula or predetermined weighting of the above financial and operational performance criteria, but did compare actual results to target goals. The Committee observes and evaluates the individual performance of executive officers throughout the year and specifically evaluates Mr. Sheffield's performance relative to the Company's stock performance in relation to its peers, the Company's performance in achieving its goals and the strategic direction provided to the Company. Regarding the award of Mr. Sheffield and Mr. Dove's bonuses, the Committee considered the factors of net asset value per share and stock price performance versus the peer group as the most significant criteria.

For 2005, the target bonuses for the named executives ranged from 65%-100% of base salary. The 2005 target bonus levels for the named executive officers were identified by Hewitt Associates as being slightly above the median level. Following a thorough review of the Company's results versus its goals, the Committee concluded that the Company produced good results in light of industry and external influences and awarded Mr. Sheffield, the other named executive officers and Mr. Dealy a cash bonus above the target level. In addition to the above stated criteria, the Committee considered the successful execution of the changes to strategic direction that were initiated during 2005. This consideration included the preparation for divestitures of non-strategic assets in Argentina and the deepwater Gulf of Mexico and the progress of the internal business realignment plan for most effectively allocating capital to the higher-return North American development opportunities and emerging resource plays that are the focus of the new strategy.

Overall costs were appropriately managed in light of the surge in industry service costs and production levels met expectations. Finding cost and reserve replacement goals were not achieved, but the Company took significant steps to improve these results going forward through the strategic changes previously discussed. The Company provided a strong return on equity and acceptable net asset value per share performance and further enhanced its safety and

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

environmental record. While slightly below average compared to the peer group and the industry, the Company's stock price increased significantly.

Actual basic payouts for bonuses since 1997 have ranged from a low of 75% to a high of 185% of target bonus, with 2005 basic payouts being 115% of target. The basic payout percent is determined by Company performance. Individual performance determines whether an executive officer receives bonus above or below the basic payout percent. The 2006 target bonus percent established for Mr. Sheffield and the other named executive officers did not change from 2005. Mr. Dealy's target bonus level increased from 65% to 70%.

Long-Term Equity Incentives. The Company's 1997 LTIP is designed to balance the focus of attaining short-term annual results with achieving long-term three- to five-year goals that will create long-term value for shareholders. The 1997 LTIP also allows the Company to deliver the majority of an executive officer's pay as performance-based/variable compensation. The target value of the long-term incentive awards for Mr. Sheffield in 2005 was determined by a comparison of long-term incentive grants made to the Chief Executive Officers of peer group companies. The target value of long-term incentives for the named executive officers was determined by comparing the value of awards granted to

28

peer company executives holding similar positions and their individual targets reflecting an averaged approach to take into consideration the Company's executive team approach to provide leadership to the Company.

The award levels were not influenced by the current stock holdings of the executive officers. The Company's philosophy has been to target long-term incentives with values that are near the 60th percentile level relative to peer group companies. During 2005, Mr. Sheffield was awarded 63,000 shares of restricted stock. Hewitt Associates concluded the 2005 awards placed Mr. Sheffield and the other named executive officers as a group at approximately the 60th percentile level for long-term incentive awards among the peer group. Beginning with the 2007 awards, the Company has changed its philosophy and will target long-term incentive awards at or near the 50th percentile level, in order to avoid the potential of inflating targeted total compensation above the point of being at or near the median of the market.

To achieve alignment with shareholders and emphasize long-term performance, the Committee determines share awards under the Company's 1997 LTIP by reference to the performance of the recipient. No stock options were awarded to Mr. Sheffield or the other executive officers for 2005. Restricted stock awarded to the executive officers under this program has a three-year cliff vesting requirement.

The number of restricted shares awarded each year as a percentage of target award levels is determined by a three-step process. First, the Committee conducts a subjective evaluation of the internal Company performance against the following metrics over three- and five-year periods:

- o Production growth
- o Reserve replacement
- o Finding and development cost per BOE
- o Net asset value per share
- o Debt statistics

Next, to finalize the award level for the executive group, the Committee

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

considers the Company's total shareholder return results compared to the total shareholder return results of the Company's peer group for the previous three- and five-year period. Finally, the Committee conducts an evaluation of each executive's individual performance and considers total compensation values to determine if the long-term award should be adjusted so total compensation is competitive but not excessive. For 2006, the Committee awarded Mr. Sheffield 61,000 shares of restricted stock, which was near the 60th percentile level as reported by Hewitt Associates. The Committee considered and was pleased with Mr. Sheffield's leadership of the Company, the Company's five-year results and the execution of the changes to strategic direction that were initiated during 2005, including the preparation for the divestitures of non-strategic assets in Argentina and the deepwater Gulf of Mexico and the progress of plans for allocating capital to onshore North American opportunities. The Committee also determined Mr. Sheffield's total compensation, including retirement benefits and perquisites, was below the median level for peer group companies.

Other Compensation. In addition to base salaries, annual bonuses and long-term incentive awards, the Committee reviews all other benefits and perquisites to determine if the total compensation package for executive officers is fair, reasonable and competitive. Hewitt Associates has reviewed the Company-provided benefits and perquisites and concluded that the Company's total retirement value provided to executive officers is well below market, since the Company does not provide a pension plan or a Supplemental Executive Retirement Plan, and the Company's perquisite offerings are conservative compared to the market.

The Company maintains a fractional ownership interest in two private aircraft. These aircraft are made available for business use to the executive officers and other employees of the Company. The Company's policy is to generally not permit employees, including executive officers, to use the aircraft for personal use. The Company expects there will be occasions when a personal guest will accompany an employee on a business related flight. In such instances, the Company will follow the Internal Revenue Service rules and, where required, impute income to the employee based on the Standard Industry Fare Level rates provided by the Internal Revenue Service.

Severance and Change in Control Agreements. The Company decided to enter into new severance agreements and change in control agreements with its executive officers after a general review of its severance and change in control

29

arrangements, performed during early 2005 by the Committee. In connection with its review, the Committee engaged advisors knowledgeable in the field of executive compensation to assist it in analyzing current market practices. Competitive agreements are critical in order to recruit and retain executives and provide continuity of management in the event of an actual or threatened change in control. The primary goals of the new agreements were to standardize the agreements within the Company (including by reducing the number of different forms used for executives and non-executive personnel) and provide protection for officers consistent with the Company's perception of market practices after considering the views of its advisors.

Total Chief Executive Officer Compensation. All compensation arrangements for Mr. Sheffield and the named executive officers have been tallied up, reviewed with the Company's compensation consultant and deemed to be fair, competitive and not excessive. Mr. Sheffield's total compensation is deemed to be slightly below the median level.

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

Mr. Sheffield's total compensation paid by the Company for 2005 is summarized below:

Base pay.....	\$ 825,000
Annual bonus (a).....	948,750
Long-Term Incentive awards (b).....	2,455,110
Retirement plan contributions (c).....	103,500
Other perquisites (d) (e).....	37,132

Total.....	\$ 4,369,492
	=====

In summary, the Company believes a significant portion of executive compensation should be variable and performance-based so that an executive officer's total compensation opportunity is linked to the performance of the individual, the Company and its stock price. The majority of an executive officer's total compensation is variable and at-risk. This structure allows the Company to administer overall compensation that rises or falls based on the Company's performance while maintaining a balance between the Company's short-term and long-term objectives.

The Audit Committee's purpose is to assist the Board of Directors in its oversight of the Company's internal controls, financial statements and the audit process. The Board of Directors, in its business judgment, has determined that all members of the Audit Committee are independent as required under the listing standards of the New York Stock Exchange. The Audit Committee operates pursuant to a charter adopted by the Board of Directors. A copy of the current charter is posted on the Company's website at www.pxd.com and attached hereto as Annex A.

principles, and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors, Ernst & Young LLP, are responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards.

In performing its oversight role, the Audit Committee has reviewed and discussed the audited financial statements with management and the independent auditors. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect. The Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independent Discussions with Audit Committees, as currently in effect. The Audit Committee has also considered whether the performance of other non-audit services by the independent auditors is compatible with maintaining the auditors' independence and has discussed with the auditors the auditors' independence.

Based on the reports and discussions described in this Audit Committee Report, and subject to the limitations on the roles and responsibilities of the Audit Committee referred to below and in the charter, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the SEC. The Audit Committee has also selected Ernst & Young LLP as the Company's independent auditors for 2006.

Although determined to be financially literate (as defined by the SEC rules), the members of the Audit Committee are not professionally engaged in the practice of auditing or accounting for the Company and are not experts in auditor independence standards. Members of the Audit Committee rely, without independent verification, on the information provided to them and on the representations made by management and the independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that Ernst & Young LLP is in fact independent.

The Board of Directors believes that sound governance practices and policies provide an important framework to assist it in fulfilling its duty to shareholders. The Company's Corporate Governance Principles as adopted by the Board of Directors, covers the following principal subjects:

- o Role and functions of the Board of Directors
- o Qualifications and independence of directors
- o Size of the Board of Directors and selection process
- o Committee functions and independence of committee members
- o Meetings of non-employee directors
- o Self-evaluation
- o Ethics and conflicts of interest (a copy of the current "Code of Business Conduct and Ethics" is posted on the Company's website at www.pxd.com)
- o Reporting of concerns to non-employee directors or the Audit Committee
- o Compensation of the Board of Directors and stock ownership requirements
- o Succession planning and annual compensation review of senior management
- o Access to senior management and to independent advisors
- o Director orientation and continuing education
- o Evaluation of corporate governance principles

The "Corporate Governance Principles" are posted on the Company's website at www.pxd.com/governance. The Corporate Governance Principles will be reviewed periodically and as necessary by the Company's Nominating and Corporate Governance Committee, and any proposed additions to or amendments of the Corporate Governance Principles will be presented to the Board of Directors for its approval.

The NYSE has adopted rules that require listed companies to adopt governance guidelines covering certain matters. The Company believes that the Corporate Governance Principles comply with the NYSE rules.

Director Independence

The Company's standards for determining director independence require the assessment of directors' independence each year. A director cannot be considered independent unless the Board of Directors affirmatively determines that he or she does not have any relationship with management or the Company that may interfere with the exercise of his or her independent judgment, including any of the relationships that would disqualify the director from being independent under the rules of the NYSE. As contemplated by the NYSE rules, the Board of Directors has also adopted categorical standards to assist in determining whether any material relationship with the Company or its management exists. Directors who have any of the relationships outlined in the categorical standards are considered to have relationships that require the Board of Directors' review of the full facts and circumstances in order to determine whether the relationship impairs the independence of the director. The categorical standards are set forth under "Independence of Directors" in the Company's Corporate Governance Principles and are:

1. the director has no material relationship with the Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company;
2. the director, or any member of the director's family, has not been employed by the Company in the last three years;
3. the director, or any member of the director's family, has not been employed by, or affiliated with, the Company's auditor in the last three years;
4. the director, or any member of the director's family, has not been part of an interlocking directorate in the last three years;
5. the director, or any member of the director's family, has not received non-director fee compensation from the Company in the last three years;

6. the director is not an executive officer or employee, or any member of the director's family is not an executive officer, of a company that makes payments to, or receives payments from the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues in the last three years;
7. the director does not own more than 4.9 percent of the Company's shares;
8. the director does not serve on more than three other public company boards; and
9. the director does not serve on the board of another oil and gas exploration and production company.

In May 2005, the Board of Directors assessed the independence of each non-employee director under the Company's guidelines. In August 2005, upon Mr. Risch's appointment as director, the Board of Directors assessed the independence of Mr. Risch under the Company guidelines. The Board of Directors affirmatively determined that all eleven non-employee directors (Dr. Baroffio, Mr. Buchanan, Mr. Gardner, Mr. Jones, Mrs. Lawson, Mr. Lundquist, Mr. Ramsey, Mr. Risch, Mr. Sexton, Mr. Solberg and Mr. Watson) are independent.

The Board of Directors reviewed the facts and circumstances of Mr. Lundquist's and Mr. Sexton's interests in the Company's 2004 acquisition of Evergreen, of which Mr. Lundquist was an independent director and Mr. Sexton was the Chairman of the Board, President and Chief Executive Officer, as well as Mr. Sexton's payments under his change in control agreement with Evergreen and his non-competition agreement with the Company. The Board of Directors concluded that Mr. Lundquist's economic interest in the Evergreen transaction was limited to his holdings as a security holder and that his prior activities as an independent director of Evergreen would not impair his independence as a director of the Company. The Board of Directors similarly concluded that Mr. Sexton is an independent director because Mr. Sexton ceased to be an employee of Evergreen at the time of the merger, because his economic interest in that transaction existed as an employee and stockholder of Evergreen (both of which ceased at the merger or upon settlement of the dispute relating to the amount of change in control payments due him because of the merger), and because the payment for his new non-competition agreement and his continuation of health care and other insurance benefits for two years following the merger did not constitute payment for services to the Company since it was not contingent on continuing service.

The Board of Directors also reviewed the facts and circumstances of Mr. Jones' relationship with a law firm from which he had retired in January 1998 and in which he holds the title "of counsel." Because Mr. Jones has no role in or economic interest in that firm and receives payments only under a retirement savings plan, the Board of Directors concluded that Mr. Jones' limited relationship with that firm was not material and that it would not impair his independent judgment.

In connection with its assessment of the independence of each non-employee director, the Board of Directors also determined that each member of the Audit Committee meets the additional independence standards of the NYSE and SEC applicable to members of the Audit Committee. Those standards require that the director not be an affiliate of the Company and that the director not receive from the Company, directly or indirectly, any consulting, advisory or other

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

compensatory fees except for fees for services as a director.

Election of Lead Director

In May 2005, the Board of Directors reelected Mr. Ramsey, a non-employee director, to serve as the Lead Director, meaning he is chairman of the regular private meetings of the independent directors and of the Nominating and Corporate Governance Committee. Utilizing input from all directors, the Lead Director (i) works with the Chief Executive Officer (the "CEO") and Chairman of the Board of Directors to determine the appropriate agenda and information package for Board of Director meetings; (ii) meets with the CEO and Chairman of the Board of Directors, senior management and individual directors, as required, to facilitate effective communications and information flow; (iii) takes a leadership role in CEO succession and executive management development; (iv) takes a leadership role in director evaluation, continuing education, recruiting and orientation; and (v) serves as the Board of Directors' contact for direct employee and stockholder communications with the Board of Directors.

Financial Literacy of Audit Committee and Designation of Financial Experts

In May 2005, the Board of Directors evaluated the members of the Audit Committee for financial literacy and the attributes of a financial expert. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The executive officers and directors of the Company are required to file reports with the SEC, disclosing the amount and nature of their beneficial ownership in common stock, as well as changes in that ownership.

Based solely on its review of reports and written representations that the Company has received, the Company is aware that Darin G. Holderness, the Company's Vice President and Chief Accounting Officer, did not timely file one report on Form 4 covering one transaction effected during 2005. The Company believes that all other required reports were timely filed during 2005.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In 2004, the Company acquired Evergreen in a merger. Before the completion of the merger, Mark S. Sexton was Evergreen's Chairman of the Board, President, and Chief Executive Officer. Under the terms of Mr. Sexton's change in control agreement with Evergreen, the Company is providing Mr. Sexton continuation of his health care and other insurance benefits for two years following the merger.

Tom Sheffield, the brother of Scott D. Sheffield, is employed at a subsidiary of the Company as the Raton Asset Team Manager. For 2005, Tom Sheffield was paid \$139,750 in base salary and \$38,931 in bonus and received restricted stock awards for 3,997 shares of Company common stock with a fair market value on the date of grant of \$156,802. Scott D. Sheffield disclaims any interest in Tom Sheffield's compensation.

Mr. Jones is of counsel to the firm of Thompson & Knight, L.L.P. since his retirement from the firm in January 1998. Thompson & Knight, L.L.P. provides periodic legal services to the Company. Thompson & Knight, L.L.P. customarily gives the "of counsel" title to retired partners of the firm. Mr. Jones has no role in, and receives no pay from, Thompson & Knight, L.L.P. except payments under a retirement savings plan.

STOCKHOLDER PROPOSALS; IDENTIFICATION OF DIRECTOR CANDIDATES

Any stockholder of the Company who desires to submit a proposal for action at the 2007 annual meeting of stockholders and wishes to have such proposal (a "Rule 14a-8 Proposal") included in the Company's proxy materials, must submit such Rule 14a-8 Proposal to the Company at its principal executive offices no later than December 4, 2006, unless the Company notifies the stockholders otherwise. It is the responsibility of the Nominating and Corporate Governance Committee to identify, evaluate and recommend to the Board the Directors nominees for election at the annual meeting of stockholders, as well as for filling vacancies or additions on the Board of Directors that may occur between annual meetings. Consideration will also be given to the Board of Directors' overall balance of diversity of perspectives, backgrounds and experiences.

In identifying potential director candidates, the Nominating and Corporate Governance Committee relies on any source available for the identification and recommendation of candidates, including current directors and officers. In addition, the Nominating and Corporate Governance Committee from time to time will engage a third party search firm to identify or evaluate, or assist in identifying or evaluating potential candidates, for which the third party search firm will be paid a fee.

The person presiding at the annual meeting will determine whether business is properly brought before the meeting and will not permit the consideration of any business not properly brought before the meeting.

Written requests for inclusion of any stockholder proposal should be addressed to Secretary, Pioneer Natural Resources Company, 5205 North O'Connor Boulevard, Suite 900, Irving, Texas 75039. The Company suggests that any such proposal be sent by certified mail, return receipt requested.

SOLICITATION OF PROXIES

Solicitation of Proxies may be made by mail, personal interview or telephone by officers, directors and regular employees of the Company. The Company may also request banking institutions, brokerage firms, custodians, nominees and fiduciaries to forward solicitation material to the beneficial owners of the common stock that those companies or persons hold of record, and the Company will reimburse the forwarding expenses. In addition, the Company has retained D.F. King & Co., Inc. to assist in solicitation for a fee estimated not to exceed \$9,000. The Company will bear all costs of solicitation.

ANNEX A

PIONEER NATURAL RESOURCES COMPANY
AUDIT COMMITTEE OF THE BOARD OF DIRECTORS
CHARTER

I Purpose

The Board of Directors (the "Board") of Pioneer Natural Resources Company (the "Company") has established the Audit Committee (the "Committee") of the Board. The purposes of the Committee are to assist the Board in fulfilling its oversight responsibilities by:

- A. overseeing the reliability and integrity of the Company's financial statements, accounting policies, and financial reporting and disclosure practices,
- B. overseeing the Company's compliance with legal and regulatory requirements,
- C. overseeing the independent auditor's qualifications and independence,
- D. overseeing the performance of the Company's internal audit function and any independent internal auditors,
- E. overseeing the Company's systems of internal controls regarding finance, accounting, legal compliance and ethics that management and the Board have established,
- F. reviewing and appraising the audit efforts of the Company's independent auditors and internal auditing department (reference to internal auditors or the internal audit department in this Charter shall include both internal audit activities and functions conducted by employees of the Company or by outside auditors engaged for such purposes) and, where appropriate, replacing the independent auditors or internal audit department,
- G. providing an open avenue of communication among the independent auditors, financial and senior management, the internal auditors or department, and the Board, always emphasizing that the independent auditors are ultimately accountable to the Committee and the Board, and
- H. preparing annually the report the SEC rules require be included in the proxy statement relating to the Company's annual meeting of stockholders, and
- I. performing such other duties as are directed by the Board.

Consistent with this Purpose, the Committee should encourage continuous improvement of, and should foster adherence to, the Company's policies, procedures and practices at all levels. The Committee will primarily fulfill

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

these responsibilities by carrying out the activities enumerated in Section V of this Charter.

II Composition

The Committee shall be comprised of three or more Directors, as determined by the Board or a nominating committee of the Board, none of whom shall be an affiliate of the Company or an employee or a person who receives any compensation from the Company other than fees paid for service as a Director. The members of the Committee shall be elected by the Board or a nominating committee of the Board annually and shall serve until their successors shall be duly elected and qualified. Each member shall be "independent" as defined from time to time by the listing standards of the New York Stock Exchange (the "NYSE") and by applicable regulations of the Securities and Exchange Commission (the "SEC") and shall meet any other applicable independence requirements of the NYSE and SEC. Accordingly, the Board shall determine annually whether each member is free from any relationship that may interfere with his or her independence from management and the Company. No member shall serve on an audit

A-1

committee of more than two other public companies unless the Board determines that such simultaneous service would not impair the ability of such director to effectively serve on the Committee.

Each member shall be (or shall become within a reasonable time after appointment) financially literate, and at least one member shall be a "financial expert" as defined from time to time by applicable regulations of the SEC. Members of the Committee may enhance their familiarity with finance and accounting principles by participating in educational programs that the Company or an outside consultant conducts.

Notwithstanding the foregoing membership requirements, no action of the Committee shall be invalid by reason of any such requirement not being met at the time such action is taken.

III Meetings and Structure

The Committee shall meet at least four times per year to review the financial information of the Company, consistent with its duties and responsibilities, and as many additional times as the members deem necessary. As a part of its effort to foster open communications, the Committee should meet at least annually with management, the director of the internal auditing department, and the independent auditors in separate executive sessions to discuss any matters that the Committee or each of these groups believe should be discussed privately.

Unless the Board designates a Chair of the Committee, the members of the Committee shall, by majority vote of the full Committee membership, appoint one member of the Committee as chairperson. He or she shall be responsible for leadership of the Audit Committee, including preparing the agenda, presiding over the meetings, making committee assignments and reporting to the Board. The chairperson will also maintain regular liaison with the Chief Executive Officer, the Chief Financial Officer, the lead audit partner of the Company's independent auditors and the Company's internal auditor.

IV Accountability of the Independent Auditors

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

The independent auditors are accountable to the Committee. The Committee shall have the sole authority and responsibility with respect to the selection, engagement, compensation, oversight, evaluation and, where appropriate, dismissal of the Company's independent auditors. The Committee, or a member thereof, must pre-approve any non-audit service provided to the Company by the Company's independent auditors.

V Authority and Responsibilities

The Committee shall have the authority to take all actions it deems advisable to fulfill its responsibilities and duties. The Committee shall have the authority to retain professional advisors including, without limitation, special legal counsel, accounting experts, or other consultants to advise the Committee, which may be the same as or different from the Company's primary legal counsel, accounting experts and other consultants as the Committee deems necessary or advisable in connection with the exercise of its powers and responsibilities as set forth in this Audit Committee Charter, all on such terms as the Committee deems necessary and advisable. The Committee may require any officer or employee of the Company or any of its subsidiaries, the Company's outside legal counsel, and the Company's external auditors to attend a meeting of the Committee or to meet with any member of, or consultant to, the Committee. The Committee chairperson, or other designee of the Committee, may also meet with the Company's investment bankers or financial analysts who follow the Company.

The Committee shall be responsible for the resolution of any disagreements between the independent auditors and management regarding the Company's financial reporting.

The Company shall provide for appropriate funding, as determined by the Committee, for payment of compensation to the independent auditors employed by the Company for the purpose of rendering or issuing an audit report and to any special legal counsel, accounting experts or other consultants employed by the Committee.

1. Purpose. The purpose of the Pioneer Natural Resources Company 2006 Long-Term Incentive Plan (the "Plan") is to provide a means through which Pioneer Natural Resources Company, a Delaware corporation (the "Company"), and its Subsidiaries may attract and retain able persons as employees, directors and consultants of the Company and to provide a means whereby those persons upon whom the responsibilities of the successful administration and management of the Company rest, and whose present and potential contributions to the welfare of the Company are of importance, can acquire and maintain stock ownership, or awards the value of which is tied to the performance of the Company, thereby strengthening their concern for the welfare of the Company and their desire to remain in its devoted employ. Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

which case references herein to the "Committee" shall be deemed to include references to the "Board." Subject to the express provisions of the Plan and Rule 16b-3, the Committee shall have the authority, in its sole and absolute discretion, to (i) adopt, amend, and rescind administrative and interpretive rules and regulations relating to the Plan; (ii) determine the Eligible Persons to whom, and the time or times at which, Awards shall be granted; (iii) determine the amount of cash and the number of shares of Stock, Stock Appreciation Rights, Restricted Stock Units or Restricted Stock Awards, or any combination thereof, that shall be the subject of each Award; (iv) determine the terms and provisions of each Award agreement (which need not be identical), including provisions defining or otherwise relating to (A) the term and the period or periods and extent of exercisability of the Options, (B) the extent to which the transferability of shares of Stock issued or transferred pursuant to any Award is restricted, (C) except as otherwise provided herein, the effect of termination of employment of a Participant on the Award, and (D) the effect of approved leaves of absence (consistent with any applicable regulations of the Internal Revenue Service); (v) accelerate the time of exercisability of any Award that has been granted; (vi) construe the respective Award agreements and the Plan; (vii) make determinations of the Fair Market Value of the Stock pursuant to the Plan; (viii) delegate its duties under the Plan to such agents as it may appoint from time to time, provided that the Committee may not delegate its duties with respect to making Awards to, or otherwise with respect to Awards granted to, Eligible Persons who are subject to section 16(b) of the Exchange Act or section 162(m) of the Code; (ix) terminate, modify or amend the Plan; and (x) make all other determinations, perform all other acts, and exercise all other powers and authority necessary or advisable for administering the Plan, including the delegation of those ministerial acts and responsibilities as the Committee deems appropriate. Subject to Rule 16b-3 and section 162(m) of the Code, the Committee may correct any defect, supply any

-4-

omission, or reconcile any inconsistency in the Plan, in any Award, or in any Award agreement in the manner and to the extent it deems necessary or desirable to carry the Plan into effect, and the Committee shall be the sole and final judge of that necessity or desirability. The determinations of the Committee on the matters referred to in this Section 3(a) shall be final and conclusive.

(b) Manner of Exercise of Committee Authority. At any time that a member of the Committee is not a Qualified Member, any action of the Committee relating to an Award granted or to be granted to a Participant who is then subject to section 16 of the Exchange Act in respect of the Company, or relating to an Award intended by the Committee to qualify as "performance-based compensation" within the meaning of section 162(m) of the Code and regulations thereunder, may be taken either (i) by a subcommittee, designated by the Committee, composed solely of two or more Qualified Members, or (ii) by the Committee but with each such member who is not a Qualified Member abstaining or recusing himself or herself from such action; provided, however, that, upon such abstention or recusal, the Committee remains composed solely of two or more Qualified Members. Such action, authorized by such a subcommittee or by the Committee upon the abstention or recusal of such non-Qualified Member(s), shall be the action of the Committee for purposes of this Plan. Any action of the Committee shall be final, conclusive and binding on all persons, including the Company, its Subsidiaries, stockholders, Participants, Beneficiaries, and transferees under Section 10(a) hereof or other persons claiming rights from or through a Participant. The express grant of any specific power to the Committee, and the taking of any action by the Committee, shall not be construed as

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

limiting any power or authority of the Committee. The Committee may delegate to officers or managers of the Company or any Subsidiary, or committees thereof, the authority, subject to such terms as the Committee shall determine, to perform such functions, including administrative functions, as the Committee may determine, to the extent that such delegation will not result in the loss of an exemption under Rule 16b-3(d)(1) for Awards granted to Participants subject to section 16 of the Exchange Act in respect of the Company and will not cause Awards intended to qualify as "performance-based compensation" under section 162(m) of the Code to fail to so qualify. The Committee may appoint agents to assist it in administering this Plan.

(c) Limitation of Liability. The Committee and each member thereof shall be entitled to, in good faith, rely or act upon any report or other information furnished to him or her by any officer or employee of the Company or a Subsidiary, the Company's legal counsel, independent auditors, consultants or any other agents assisting in the administration of this Plan. Members of the Committee and any officer or employee of the Company or a Subsidiary acting at the direction or on behalf of the Committee shall not be personally liable for any action or determination taken or made in good faith with respect to this Plan, and shall, to the fullest extent permitted by law, be indemnified and held harmless by the Company with respect to any such action or determination.

4. Stock Subject to Plan.

(a) Overall Number of Shares Available for Delivery. Subject to adjustment in a manner consistent with any adjustment made pursuant to Section 9, the total number of shares of Stock reserved and available for delivery in connection with Awards under this Plan shall not exceed 4,600,000 shares and the total number of shares of Stock received and available for delivery in connection with ISOs under this Plan shall not exceed 4,600,000 shares. No Award may be granted under the Plan on or after the 10 year anniversary of the Effective Date.

(b) Application of Limitation to Grants of Awards. No Award may be granted if the number of shares of Stock to be delivered in connection with such Award exceeds the number of shares of Stock remaining available under this Plan minus the number of shares of Stock issuable in settlement of or relating to then-outstanding Awards. The Committee may adopt reasonable counting procedures to ensure appropriate counting, avoid double counting (as, for example, in the case of tandem or substitute awards) and make adjustments if the number of shares of Stock actually delivered differs from the number of shares previously counted in connection with an Award.

(c) Availability of Shares Not Issued under Awards. Shares of Stock subject to an Award under this Plan that expire or are canceled, forfeited, settled in cash or otherwise terminated without an issuance of shares to the Participant, including (i) the number of shares withheld in payment of any

-5-

exercise or purchase price of an Award or taxes relating to Awards, and (ii) the number of shares surrendered in payment of any exercise or purchase price of an Award or taxes relating to any Award, will again be available for Awards under this Plan, except that if any such shares could not again be available for Awards to a particular Participant under any applicable law or regulation, such shares shall be available exclusively for Awards to Participants who are not subject to such limitation.

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

(d) Stock Offered. The shares to be delivered under the Plan shall be made available from (i) authorized but unissued shares of Stock, (ii) Stock held in the treasury of the Company, or (iii) previously issued shares of Stock reacquired by the Company, including shares purchased on the open market.

5. Eligibility; Per Person Award Limitations. Awards may be granted under this Plan only to Persons who are Eligible Persons at the time of grant thereof or in connection with the severance or retirement of Eligible Individuals. In each fiscal year or 12-month period, as applicable, during any part of which this Plan is in effect, a Covered Employee may not be granted (a) Awards (other than Awards designated to be paid only in cash) relating to more than 250,000 shares of Stock, subject to adjustment in a manner consistent with any adjustment made pursuant to Section 9 and (b) Awards designated to be paid only in cash having a value determined on the date of grant in excess of \$4,000,000.

6. Specific Terms of Awards.

(a) General. Awards may be granted on the terms and conditions set forth in this Section 6. In addition, the Committee may impose on any Award or the exercise thereof, at the date of grant or thereafter (subject to Section 10(c)), such additional terms and conditions, not inconsistent with the provisions of this Plan, as the Committee shall determine, including terms requiring forfeiture of Awards in the event of termination of employment by the Participant and terms permitting a Participant to make elections relating to his or her Award. The Committee shall retain full power and discretion to accelerate, waive or modify, at any time, any term or condition of an Award that is not mandatory under this Plan; provided, however, that the Committee shall not have any discretion to accelerate, waive or modify any term or condition of an Award that is intended to qualify as "performance-based compensation" for purposes of section 162(m) of the Code if such discretion would cause the Award to not so qualify.

(b) Options. The Committee is authorized to grant Options to Participants on the following terms and conditions:

(i) Exercise Price. Each Option agreement shall state the exercise price per share of Stock (the "Exercise Price"); provided, however, that the Exercise Price per share of Stock subject to an ISO shall not be less than the greater of (A) the par value per share of the Stock or (B) 100% of the Fair Market Value per share of the Stock as of the date of grant of the Option (or in the case of an individual who owns stock possessing more than 10 percent of the total combined voting power of all classes of stock of the Corporation or its parent or any Subsidiary 110% of the Fair Market Value per share of the Stock on the date of grant). The exercise price per share of Stock subject to an Option other than an Incentive Stock Option shall not be less than the greater of (1) the par value per share of the Stock and (2) 100% of the Fair Market Value per share of the stock as of the date of grant of the Option.

(ii) Time and Method of Exercise. The Committee shall determine the time or times at which or the circumstances under which an Option may be exercised in whole or in part (including based on achievement of performance goals and/or future service requirements), the methods by which such exercise price may be paid or deemed to be paid, the form of such payment, including without limitation cash, Stock, other Awards or awards granted under other plans of the Company or any Subsidiary, or other property (including notes or other contractual obligations of Participants to make payment on a deferred basis), and the methods by or forms in which Stock will be delivered or deemed to be delivered to Participants, including, but not limited to, the delivery of Restricted Stock subject to Section 6(d). In the case of an exercise whereby the Exercise Price is paid with Stock, such Stock shall be valued as of the date of exercise.

-6-

(iii) ISOs. The terms of any ISO granted under this Plan shall comply in all respects with the provisions of section 422 of the Code. Anything in this Plan to the contrary notwithstanding, no term of this Plan relating to ISOs (including any SAR in tandem therewith) shall be interpreted, amended or altered, nor shall any discretion or authority granted under this Plan be exercised, so as to disqualify either this Plan or any ISO under section 422 of the Code, unless the Participant has first requested the change that will result in such disqualification. ISOs shall not be granted more than ten years after the earlier of the adoption of this Plan or the approval of this Plan by the Company's stockholders. Notwithstanding the foregoing, the Fair Market Value of shares of Stock subject to an ISO and the aggregate Fair Market Value of shares of stock of any parent or Subsidiary corporation (within the meaning of sections 424(e) and (f) of the Code) subject to any other incentive stock option (within the meaning of section 422 of the Code) of the Company or a parent or Subsidiary corporation (within the meaning of sections 424(e) and (f) of the Code) that first becomes purchasable by a Participant in any calendar year may not (with respect to that Participant) exceed \$100,000, or such other amount as may be prescribed under section 422 of the Code or applicable regulations or rulings from time to time. As used in the previous sentence, Fair Market Value shall be determined as of the date the incentive stock options is granted. Failure to comply with this provision shall not impair the enforceability or exercisability of any Option, but shall cause the excess amount of shares to be reclassified in accordance with the Code.

(c) Stock Appreciation Rights. The Committee is authorized to grant SARs to Participants on the following terms and conditions:

(i) Right to Payment. An SAR shall confer on the Participant to whom it is granted a right to receive, upon exercise thereof, the excess of (A) the Fair Market Value of one share of Stock on the date of exercise over (B) the grant price of the SAR as determined by the Committee.

(ii) Rights Related to Options. A Stock Appreciation Right granted pursuant to an Option shall entitle a Participant, upon exercise, to surrender that Option or any portion thereof, to the extent unexercised, and to receive payment of an amount computed pursuant to Subsection 6(c)(ii)(B). That Option shall then cease to be exercisable to the extent surrendered. Stock Appreciation Rights granted in connection with an Option shall be subject to the terms of the Award agreement governing the Option, which shall comply with the following provisions in addition to those applicable to Options:

(A) A Stock Appreciation Right granted in connection with an Option shall be exercisable only at such time or times and only to the extent that the related Option is exercisable and shall not be transferable except to the extent that the related Option is transferable.

(B) Upon the exercise of a Stock Appreciation Right related to an Option, a Participant shall be entitled to receive payment from the Company of an amount determined by multiplying:

(1) the difference obtained by subtracting the exercise price of a share of Stock specified in the related Option from the Fair Market Value of a share of Stock on the date of exercise of

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

the Stock Appreciation Right, by

(2) the number of shares as to which that Stock Appreciation Right has been exercised.

(iii) Right Without Option. A Stock Appreciation Right granted independent of an Option shall be exercisable as determined by the Committee and set forth in the Award agreement governing the Stock Appreciation Right, which Award agreement shall comply with the following provisions:

(A) Each Award agreement shall state the total number of shares of Stock to which the Stock Appreciation Right relates.

-7-

(B) Each Award agreement shall state the time or periods in which the right to exercise the Stock Appreciation Right or a portion thereof shall vest and the number of shares of Stock for which the right to exercise the Stock Appreciation Right shall vest at each such time or period.

(C) Each Award agreement shall state the date at which the Stock Appreciation Rights shall expire if not previously exercised.

(D) Each Stock Appreciation Right shall entitle a participant, upon exercise thereof, to receive payment of an amount determined by multiplying:

(1) the difference obtained by subtracting the Fair Market Value of a share of Stock on the date of grant of the Stock Appreciation Right from the Fair Market Value of a share of Stock on the date of exercise of that Stock Appreciation Right, by

(2) the number of shares as to which the Stock Appreciation Right has been exercised.

(iv) Terms. Except as otherwise provided herein, the Committee shall determine at the date of grant or thereafter, the time or times at which and the circumstances under which an SAR may be exercised in whole or in part (including based on achievement of performance goals and/or future service requirements), the method of exercise, method of settlement, form of consideration payable in settlement, method by or forms in which Stock will be delivered or deemed to be delivered to Participants, whether or not an SAR shall be in tandem or in combination with any other Award, and any other terms and conditions of any SAR. SARs may be either freestanding or in tandem with other Awards.

(d) Restricted Stock. The Committee is authorized to grant Restricted Stock to Participants on the following terms and conditions:

(i) Grant and Restrictions. Restricted Stock shall be subject to such restrictions on transferability, risk of forfeiture and other restrictions, if any, as the Committee may impose, which restrictions may lapse separately or in combination at such times, under such circumstances (including based on achievement of performance goals and/or future service requirements), in such installments or otherwise, as the Committee may determine at the date of grant or thereafter. During the restricted period applicable to the Restricted Stock,

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

the Restricted Stock may not be sold, transferred, pledged, hypothecated, margined or otherwise encumbered by the Participant.

(ii) Certificates for Stock. Restricted Stock granted under this Plan may be evidenced in such manner as the Committee shall determine. If certificates representing Restricted Stock are registered in the name of the Participant, the Committee may require that such certificates bear an appropriate legend referring to the terms, conditions and restrictions applicable to such Restricted Stock, that the Company retain physical possession of the certificates, and that the Participant deliver a stock power to the Company, endorsed in blank, relating to the Restricted Stock.

(iii) Dividends and Splits. As a condition to the grant of an Award of Restricted Stock, the Committee may require or permit a Participant to elect that any cash dividends paid on a share of Restricted Stock be automatically reinvested in additional shares of Restricted Stock or applied to the purchase of additional Awards under this Plan. Unless otherwise determined by the Committee, Stock distributed in connection with a Stock split or Stock dividend, and other property distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock with respect to which such Stock or other property has been distributed.

(e) Restricted Stock Units. The Committee is authorized to grant Restricted Stock Units to Participants, which are rights to receive Stock at the end of a specified deferral period, subject to the following terms and conditions:

-8-

(i) Award and Restrictions. Settlement of an Award of Restricted Stock Units shall occur upon expiration of the deferral period specified for such Restricted Stock Unit by the Committee (or, if permitted by the Committee, as elected by the Participant). In addition, Restricted Stock Units shall be subject to such restrictions (which may include a risk of forfeiture) as the Committee may impose, if any, which restrictions may lapse at the expiration of the deferral period or at earlier specified times (including based on achievement of performance goals and/or future service requirements), separately or in combination, in installments or otherwise, as the Committee may determine. Restricted Stock Units shall be satisfied by the delivery of cash or Stock in the amount equal to the Fair Market Value of the specified number of shares of Stock covered by the Restricted Stock Units, or a combination thereof, as determined by the Committee at the date of grant or thereafter.

(ii) Dividend Equivalents. Unless otherwise determined by the Committee at date of grant, Dividend Equivalents on the specified number of shares of Stock covered by an Award of Restricted Stock Units shall be either (A) paid with respect to such Restricted Stock Units on the dividend payment date in cash or in shares of unrestricted Stock having a Fair Market Value equal to the amount of such dividends, or (B) deferred with respect to such Restricted Stock Units and the amount or value thereof automatically deemed reinvested in additional Restricted Stock Units, other Awards or other investment vehicles, as the Committee shall determine or permit the Participant to elect.

(f) Bonus Stock and Awards in Lieu of Obligations. The Committee is authorized to grant Stock as a bonus, or to grant Stock or other Awards in lieu of obligations to pay cash or deliver other property under this Plan or under

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

other plans or compensatory arrangements, provided that, in the case of Participants subject to section 16 of the Exchange Act, the amount of such grants remains within the discretion of the Committee to the extent necessary to ensure that acquisitions of Stock or other Awards are exempt from liability under section 16(b) of the Exchange Act. Stock or Awards granted hereunder shall be subject to such other terms as shall be determined by the Committee. In the case of any grant of Stock to an officer of the Company or a Subsidiary in lieu of salary or other cash compensation, the number of shares granted in place of such compensation shall be reasonable, as determined by the Committee.

(g) Dividend Equivalents. The Committee is authorized to grant Dividend Equivalents to a Participant, entitling the Participant to receive cash, Stock, other Awards, or other property equal in value to dividends paid with respect to a specified number of shares of Stock, or other periodic payments. Dividend Equivalents may be awarded on a free-standing basis or in connection with another Award. The Committee may provide that Dividend Equivalents shall be paid or distributed when accrued or shall be deemed to have been reinvested in additional Stock, Awards, or other investment vehicles, and subject to such restrictions on transferability and risks of forfeiture, as the Committee may specify.

(h) Other Stock-Based Awards. The Committee is authorized, subject to limitations under applicable law, to grant to Participants such other Awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Stock, as deemed by the Committee to be consistent with the purposes of this Plan, including without limitation convertible or exchangeable debt securities, other rights convertible or exchangeable into Stock, purchase rights for Stock, Awards with value and payment contingent upon performance of the Company or any other factors designated by the Committee, and Awards valued by reference to the book value of Stock or the value of securities of or the performance of specified Subsidiaries. The Committee shall determine the terms and conditions of such Awards. Stock delivered pursuant to an Award in the nature of a purchase right granted under this Section 6(h) shall be purchased for such consideration, paid for at such times, by such methods, and in such forms, including, without limitation, cash, Stock, other Awards, or other property, as the Committee shall determine. Cash awards, as an element of or supplement to any other Award under this Plan, may also be granted pursuant to this Section 6(h).

7. Certain Provisions Applicable to Awards.

(a) Termination of Employment. Except as provided herein, the treatment of an Award upon a termination of employment or any other service relationship by and between a Participant and any Company or Subsidiary shall be specified in the agreement controlling such Award.

-9-

(b) Stand-Alone, Additional, Tandem, and Substitute Awards. Awards granted under this Plan may, in the discretion of the Committee, be granted either alone or in addition to, in tandem with, or in substitution or exchange for, any other Award or any award granted under another plan of the Company, any Subsidiary, or any business entity to be acquired by the Company or a Subsidiary, or any other right of a Participant to receive payment from the Company or any Subsidiary. Such additional, tandem and substitute or exchange Awards may be granted at any time. If an Award is granted in substitution or

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

exchange for another Award, the Committee shall require the surrender of such other Award in consideration for the grant of the new Award. In addition, Awards may be granted in lieu of cash compensation, including in lieu of cash amounts payable under other plans of the Company or any Subsidiary, in which the value of Stock subject to the Award is equivalent in value to the cash compensation (for example, Restricted Stock Units or Restricted Stock), or in which the exercise price, grant price or purchase price of the Award in the nature of a right that may be exercised is equal to the Fair Market Value of the underlying Stock minus the value of the cash compensation surrendered (for example, Options granted with an exercise price "discounted" by the amount of the cash compensation surrendered).

(c) Term of Awards. The term of each Award shall be for such period as may be determined by the Committee; provided that in no event shall the term of any Option or SAR exceed a period of ten years (or such shorter term as may be required in respect of an ISO under section 422 of the Code).

(d) Form and Timing of Payment under Awards; Deferrals. Subject to the terms of this Plan and any applicable Award agreement, payments to be made by the Company or a Subsidiary upon the exercise of an Option or other Award or settlement of an Award may be made in such forms as the Committee shall determine, including without limitation cash, Stock, other Awards or other property, and may be made in a single payment or transfer, in installments, or on a deferred basis. Except as otherwise provided herein, the settlement of any Award may be accelerated, and cash paid in lieu of Stock in connection with such settlement, in the discretion of the Committee or upon occurrence of one or more specified events (in addition to a Change in Control). Installment or deferred payments may be required by the Committee (subject to Section 10(c) of this Plan, including the consent provisions thereof in the case of any deferral of an outstanding Award not provided for in the original Award agreement) or permitted at the election of the Participant on terms and conditions established by the Committee. Payments may include, without limitation, provisions for the payment or crediting of reasonable interest on installment or deferred payments or the grant or crediting of Dividend Equivalents or other amounts in respect of installment or deferred payments denominated in Stock. Any deferral shall only be allowed as is provided in a separate deferred compensation plan adopted by the Company. This Plan shall not constitute an "employee benefit plan" for purposes of section 3(3) of the Employee Retirement Income Security Act of 1974, as amended.

(e) Exemptions from Section 16(b) Liability. It is the intent of the Company that the grant of any Awards to or other transaction by a Participant who is subject to section 16 of the Exchange Act shall be exempt from such section pursuant to an applicable exemption (except for transactions acknowledged in writing to be non-exempt by such Participant). Accordingly, if any provision of this Plan or any Award agreement does not comply with the requirements of Rule 16b-3 as then applicable to any such transaction, such provision shall be construed or deemed amended to the extent necessary to conform to the applicable requirements of Rule 16b-3 so that such Participant shall avoid liability under section 16(b) of the Exchange Act.

(f) Non-Competition Agreement. Each Participant to whom an Award is granted under this Plan may be required to agree in writing as a condition to the granting of such Award not to engage in conduct in competition with the Company or any of its Subsidiaries for a period after the termination of such Participant's employment with the Company and its Subsidiaries as determined by the Committee.

8. Performance and Annual Incentive Awards.

(a) Performance Conditions. The right of a Participant to exercise or receive a grant or settlement of any Award, and the timing thereof, may be

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

subject to such performance conditions as may be specified by the Committee. The Committee may use such business criteria and other measures of performance as it may deem appropriate in establishing any performance conditions, and may

-10-

exercise its discretion to reduce or increase the amounts payable under any Award subject to performance conditions, except as limited under Sections 8(b) and 8(c) hereof in the case of a Performance Award or Annual Incentive Award intended to qualify under section 162(m) of the Code.

(b) Performance Awards Granted to Designated Covered Employees. If the Committee determines that a Performance Award to be granted to an Eligible Person who is designated by the Committee as likely to be a Covered Employee should qualify as "performance-based compensation" for purposes of section 162(m) of the Code, the grant, exercise and/or settlement of such Performance Award may be contingent upon achievement of preestablished performance goals and other terms set forth in this Section 8(b).

(i) Performance Goals Generally. The performance goals for such Performance Awards shall consist of one or more business criteria or individual performance criteria and a targeted level or levels of performance with respect to each of such criteria, as specified by the Committee consistent with this Section 8(b). Performance goals shall be objective and shall otherwise meet the requirements of section 162(m) of the Code and regulations thereunder (including Treasury Regulation ss.1.162-27 and successor regulations thereto), including the requirement that the level or levels of performance targeted by the Committee result in the achievement of performance goals being "substantially uncertain." The Committee may determine that such Performance Awards shall be granted, exercised, and/or settled upon achievement of any one performance goal or that two or more of the performance goals must be achieved as a condition to grant, exercise and/or settlement of such Performance Awards. Performance goals may differ for Performance Awards granted to any one Participant or to different Participants.

(ii) Business and Individual Performance Criteria

(A) Business Criteria. One or more of the following business criteria for the Company, on a consolidated basis, and/or for specified Subsidiaries or business or geographical units of the Company (except with respect to the total stockholder return and earnings per share criteria), shall be used by the Committee in establishing performance goals for such Performance Awards: (1) earnings per share; (2) increase in revenues; (3) increase in cash flow; (4) increase in cash flow return; (5) return on net assets; (6) return on assets, return on investment; (7) return on capital; (8) return on equity; (9) economic value added; (10) operating margin; (11) contribution margin; (12) net income; (13) pretax earnings; (14) pretax earnings before interest, depreciation, amortization, exploration and abandonment costs; (15) pretax operating earnings after interest expense and before incentives, service fees, and extraordinary or special items; or operating income; (16) total stockholder return; (17) debt reduction; (18) production growth; (19) general and administrative expenses; (20) reserve replacement; (21) finding and development costs; (22) net asset value; (23) operating costs, and (24) any of the above goals determined on an absolute or relative basis or as compared to the performance of a published or special index deemed applicable by the Committee including, but not limited to, the Standard & Poor's 500 Stock Index or a group of comparable companies. One or more of the foregoing business criteria shall

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

also be exclusively used in establishing performance goals for Annual Incentive Awards granted to a Covered Employee under Section 8(c) hereof.

(B) Individual Performance Criteria. The grant, exercise and/or settlement of Performance Awards may also be contingent upon individual performance goals established by the Committee. If required for compliance with section 162(m) of the Code, such criteria shall be approved by the stockholders of the Company.

(iii) Performance Period; Timing for Establishing Performance Goals. Achievement of performance goals in respect of such Performance Awards shall be measured over a performance period of up to ten years, as specified by the Committee. Performance goals shall be established not later than 90 days after the beginning of any performance period applicable to such Performance Awards, or at such other date as may be required or permitted for "performance-based compensation" under section 162(m) of the Code.

(iv) Performance Award Pool. The Committee may establish a Performance Award pool, which shall be an unfunded pool, for purposes of measuring performance of the Company in connection with Performance Awards. The

-11-

amount of such Performance Award pool shall be based upon the achievement of a performance goal or goals based on one or more of the criteria set forth in Section 8(b)(ii) hereof during the given performance period, as specified by the Committee in accordance with Section 8(b)(iii) hereof. The Committee may specify the amount of the Performance Award pool as a percentage of any of such criteria, a percentage thereof in excess of a threshold amount, or as another amount which need not bear a strictly mathematical relationship to such criteria.

(v) Settlement of Performance Awards; Other Terms. After the end of each performance period, the Committee shall determine the amount, if any, of (A) the Performance Award pool, and the maximum amount of potential Performance Award payable to each Participant in the Performance Award pool, or (B) the amount of potential Performance Award otherwise payable to each Participant. Settlement of such Performance Awards shall be in cash, Stock, other Awards or other property, in the discretion of the Committee. The Committee may, in its discretion, reduce the amount of a settlement otherwise to be made in connection with such Performance Awards, but may not exercise discretion to increase any such amount payable to a Covered Employee in respect of a Performance Award subject to this Section 8(b). The Committee shall specify the circumstances in which such Performance Awards shall be paid or forfeited in the event of termination of employment by the Participant prior to the end of a performance period or settlement of Performance Awards.

(c) Annual Incentive Awards Granted to Designated Covered Employees. If the Committee determines that an Annual Incentive Award to be granted to an Eligible Person who is designated by the Committee as likely to be a Covered Employee should qualify as "performance-based compensation" for purposes of section 162(m) of the Code, the grant, exercise and/or settlement of such Annual Incentive Award shall be contingent upon achievement of preestablished performance goals and other terms set forth in this Section 8(c).

(i) Annual Incentive Award Pool. The Committee may establish an Annual Incentive Award pool, which shall be an unfunded pool, for purposes of measuring performance of the Company in connection with Annual Incentive Awards.

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

The amount of such Annual Incentive Award pool shall be based upon the achievement of a performance goal or goals based on one or more of the business criteria set forth in Section 8(b)(ii) hereof during the given performance period, as specified by the Committee in accordance with Section 8(b)(iii) hereof. The Committee may specify the amount of the Annual Incentive Award pool as a percentage of any of such business criteria, a percentage thereof in excess of a threshold amount, or as another amount which need not bear a strictly mathematical relationship to such business criteria.

(ii) Potential Annual Incentive Awards. Not later than the end of the 90th day of each applicable year, or at such other date as may be required or permitted in the case of Awards intended to be "performance-based compensation" under section 162(m) of the Code, the Committee shall determine the Eligible Persons who will potentially receive Annual Incentive Awards, and the amounts potentially payable thereunder, for that fiscal year, either out of an Annual Incentive Award pool established by such date under Section 8(c)(i) hereof or as individual Annual Incentive Awards. In the case of individual Annual Incentive Awards intended to qualify under section 162(m) of the Code, the amount potentially payable shall be based upon the achievement of a performance goal or goals based on one or more of the business criteria set forth in Section 8(b)(ii) hereof in the given performance year, as specified by the Committee; in situations not governed by section 162(m) of the Code, such amount shall be based on such criteria as shall be established by the Committee. In all cases, the maximum Annual Incentive Award of any Participant shall be subject to the limitation set forth in Section 5 hereof.

(iii) Payout of Annual Incentive Awards. After the end of each applicable year, the Committee shall determine the amount, if any, of (A) the Annual Incentive Award pool, and the maximum amount of potential Annual Incentive Award payable to each Participant in the Annual Incentive Award pool, or (B) the amount of potential Annual Incentive Award otherwise payable to each Participant. The Committee may, in its discretion, determine that the amount payable to any Participant as a final Annual Incentive Award shall be increased or reduced from the amount of his or her potential Annual Incentive Award, including a determination to make no final Award whatsoever, but may not

-12-

exercise discretion to increase any such amount in the case of an Annual Incentive Award intended to qualify under section 162(m) of the Code. The Committee shall specify the circumstances in which an Annual Incentive Award shall be paid or forfeited in the event of termination of employment by the Participant prior to the end of the applicable year or settlement of such Annual Incentive Award.

(d) Written Determinations. All determinations by the Committee as to the establishment of performance goals, the amount of any Performance Award pool or potential individual Performance Awards and as to the achievement of performance goals relating to Performance Awards under Section 8(b), and the amount of any Annual Incentive Award pool or potential individual Annual Incentive Awards and the amount of final Annual Incentive Awards under Section 8(c), shall be made in writing in the case of any Award intended to qualify under section 162(m) of the Code. The Committee may not delegate any responsibility relating to such Performance Awards or Annual Incentive Awards.

(e) Status of Section 8(b) and Section 8(c) Awards under Section 162(m) of the Code. It is the intent of the Company that Performance Awards and Annual Incentive Awards under Sections 8(b) and 8(c) hereof granted to persons who are

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

designated by the Committee as likely to be Covered Employees within the meaning of section 162(m) of the Code and regulations thereunder (including Treasury Regulation ss.1.162-27 and successor regulations thereto) shall, if so designated by the Committee, constitute "performance-based compensation" within the meaning of section 162(m) of the Code and regulations thereunder. Accordingly, the terms of Sections 8(b), (c), (d) and (e), including the definitions of Covered Employee and other terms used therein, shall be interpreted in a manner consistent with section 162(m) of the Code and regulations thereunder. The foregoing notwithstanding, because the Committee cannot determine with certainty whether a given Participant will be a Covered Employee with respect to a fiscal year that has not yet been completed, the term Covered Employee as used herein shall mean only a person designated by the Committee, at the time of grant of Performance Awards or an Annual Incentive Award, who is likely to be a Covered Employee with respect to that fiscal year. If any provision of this Plan as in effect on the date of adoption or any agreements relating to Performance Awards or Annual Incentive Awards that are designated as intended to comply with section 162(m) of the Code does not comply or is inconsistent with the requirements of section 162(m) of the Code or regulations thereunder, such provision shall be construed or deemed amended to the extent necessary to conform to such requirements.

9. Recapitalization or Reorganization; Change in Control.

(a) Existence of Plans and Awards. The existence of this Plan and the Awards granted hereunder shall not affect in any way the right or power of the Board or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of debt or equity securities ahead of or affecting Stock or the rights thereof, the dissolution or liquidation of the Company or any sale, lease, exchange or other disposition of all or any part of its assets or business or any other corporate act or proceeding.

(b) Subdivision or Consolidation of Shares. The terms of an Award and the number of shares of Stock authorized pursuant to Section 4 for issuance under the Plan shall be subject to adjustment from time to time, in accordance with the following provisions:

(i) If at any time, or from time to time, the Company shall subdivide as a whole (by reclassification, by a Stock split, by the issuance of a distribution on Stock payable in Stock, or otherwise) the number of shares of Stock then outstanding into a greater number of shares of Stock, then (A) the maximum number of shares of Stock available for the Plan as provided in Section 4 shall be increased proportionately, and the kind of shares or other securities available for the Plan shall be appropriately adjusted, (B) the number of shares of Stock (or other kind of shares or securities) that may be acquired under any Award shall be increased proportionately, and (C) the price (including the exercise price) for each share of Stock (or other kind of shares or securities) subject to then outstanding Awards shall be reduced proportionately, without changing the aggregate purchase price or value as to which outstanding Awards remain exercisable or subject to restrictions.

-13-

(ii) If at any time, or from time to time, the Company shall consolidate as a whole (by reclassification, reverse Stock split, or otherwise)

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

the number of shares of Stock then outstanding into a lesser number of shares of Stock, (A) the maximum number of shares of Stock available for the Plan as provided in Section 4 shall be decreased proportionately, and the kind of shares or other securities available for the Plan shall be appropriately adjusted, (B) the number of shares of Stock (or other kind of shares or securities) that may be acquired under any Award shall be decreased proportionately, and (C) the price (including the exercise price) for each share of Stock (or other kind of shares or securities) subject to then outstanding Awards shall be increased proportionately, without changing the aggregate purchase price or value as to which outstanding Awards remain exercisable or subject to restrictions.

(iii) Whenever the number of shares of Stock subject to outstanding Awards and the price for each share of Stock subject to outstanding Awards are required to be adjusted as provided in this Section 9(b), the Committee shall promptly prepare a notice setting forth, in reasonable detail, the event requiring adjustment, the amount of the adjustment, the method by which such adjustment was calculated, and the change in price and the number of shares of Stock, other securities, cash, or property purchasable subject to each Award after giving effect to the adjustments. The Committee shall promptly give each Participant such a notice.

(iv) Adjustments under Subsections 9(b)(i) and (ii) shall be made by the Committee, and its determination as to what adjustments shall be made and the extent thereof shall be final, binding, and conclusive. No fractional interest shall be issued under the Plan on account of any such adjustments.

(c) Corporate Recapitalization.

(i) If the Company recapitalizes, reclassifies its capital stock, or otherwise changes its capital structure (a "recapitalization"), the number and class of shares of Stock covered by an Option or an SAR theretofore granted shall be adjusted so that such Option or SAR shall thereafter cover the number and class of shares of stock and securities to which the holder would have been entitled pursuant to the terms of the recapitalization if, immediately prior to the recapitalization, the holder had been the holder of record of the number of shares of Stock then covered by such Option or SAR and the share limitations provided in Sections 4 and 5 shall be adjusted in a manner consistent with the recapitalization.

(ii) In the event of changes in the outstanding Stock by reason of recapitalization, reorganizations, mergers, consolidations, combinations, exchanges or other relevant changes in capitalization occurring after the date of the grant of any Award and not otherwise provided for by this Section 9, any outstanding Awards and any agreements evidencing such Awards shall be subject to adjustment by the Committee at its discretion as to the number and price of shares of Stock or other consideration subject to such Awards. In the event of any such change in the outstanding Stock, the aggregate number of shares available under this Plan may be appropriately adjusted by the Committee, whose determination shall be conclusive.

(d) Additional Issuances. Except as hereinbefore expressly provided, the issuance by the Company of shares of stock of any class or securities convertible into shares of stock of any class, for cash, property, labor or services, upon direct sale, upon the exercise of rights or warrants to subscribe therefor, or upon conversion of shares or obligations of the Company convertible into such shares or other securities, and in any case whether or not for fair value, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number of shares of Stock subject to Awards theretofore granted or the purchase price per share, if applicable.

(e) Change in Control. Upon the occurrence of a Change in Control, with respect only to Awards held by Participants who are employees or directors of

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

the Company (and their permitted transferees pursuant to Section 10(a)) at the occurrence of the Change in Control, (i) all outstanding Stock Appreciation Rights and Options shall immediately become fully vested and exercisable in full, including that portion of any Stock Appreciation Right or Option that pursuant to the terms and provisions of the applicable Award Agreement had not yet become exercisable (the total number of shares of Stock as to which a Stock

-14-

Appreciation Right or Option is exercisable upon the occurrence of a Change in Control is referred to herein as the "Total Shares"); (ii) the restriction period of any Restricted Stock Award and Restricted Stock Unit shall immediately be accelerated and the restrictions shall expire; and (iii) the performance goals established under the Performance Awards will be deemed to have been met for all performance periods upon the occurrence of a Change in Control and the holder will be paid a pro rata portion of all associated targeted performance goals (based on the number of complete and partial calendar months elapsed as of the occurrence of the Change in Control) in cash within thirty days following the Change in Control or in Stock effective as of the Change in Control, for cash and stock-based Performance Awards respectively. If a Change in Control involves a Restructure or occurs in connection with a series of related transactions involving a Restructure and if such Restructure is in the form of a Non-Surviving Event and as a part of such Restructure shares of stock, other securities, cash or property shall be issuable or deliverable in exchange for Stock, then the holder of an Award shall be entitled to purchase or receive (in lieu of the Total Shares that the holder would otherwise be entitled to purchase or receive), as appropriate for the form of Award, the number of shares of stock, other securities, cash or property to which that number of Total Shares would have been entitled in connection with such Restructure (and, for Options, at an aggregate exercise price equal to the Exercise Price that would have been payable if that number of Total Shares had been purchased on the exercise of the Option immediately before the consummation of the Restructure).

(f) Restructure and No Change in Control. In the event a Restructure should occur at any time while there is any outstanding Option, SAR, Restricted Stock Award or Restricted Stock Unit hereunder and that Restructure does not occur in connection with a Change in Control or in connection with a series of related transactions involving a Change in Control, then:

(i) no holder of an Option shall automatically be granted corresponding SARs;

(ii) neither any outstanding SARs nor any outstanding Options shall immediately become fully vested and exercisable in full merely because of the occurrence of the Restructure;

(iii) the restriction period of any Restricted Stock Award or Restricted Stock Unit shall not immediately be accelerated and the restrictions shall not expire merely because of the occurrence of the Restructure; and

(iv) at the option of the Committee, the Company may (but shall not be required to) take any one or more of the following actions:

(A) grant each holder of an Option corresponding Stock or cash SARs;

(B) accelerate in whole or in part the time of the vesting and

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

exercisability of any one or more of the outstanding SARs and Options so as to provide that those SARs and Options shall be exercisable before, upon, or after the consummation of the Restructure;

(C) accelerate in whole or in part the expiration of some or all of the restrictions on any Restricted Stock Award or Restricted Stock Unit so that the Stock subject to that Restricted Stock Award or Restricted Stock Unit shall be owned by the holder without restriction or risk of forfeiture;

(D) the performance goals established under the Performance Awards will not be deemed to have been fully met for all performance periods merely because of the occurrence of the Restructure;

(E) if the Restructure is in the form of a Non-Surviving Event, cause the surviving entity to assume in whole or in part any one or more of the outstanding Options, SARs, Restricted Stock Awards and Restricted Stock Units upon such terms and provisions as the Committee deems desirable; or

-15-

(F) redeem in whole or in part any one or more of the outstanding Options, SARs, Restricted Stock Awards and Restricted Stock Units (whether or not then exercisable) in consideration of a cash payment, as such payment may be reduced for tax withholding obligations as contemplated in the section governing the particular form of Award, in an amount equal to:

(1) for Options and SARs granted in connection with Options, the excess of a) the Fair Market Value, determined as of the date immediately preceding the consummation of the Restructure, of the aggregate number of shares of Stock subject to the Award and as to which the Award is being redeemed over b) the Exercise Price for that number of shares of Stock;

(2) for SARs not granted in connection with an Option, the excess of (a) the Fair Market Value, determined as of the date immediately preceding the consummation of the Restructure, of the aggregate number of shares of Stock subject to the Award and as to which the Award is being redeemed over (b) the Fair Market Value of the number of shares of Stock on the date of grant;

(3) for Restricted Stock Awards and Restricted Stock Units, the Fair Market Value, determined as of the date immediately preceding the consummation of the Restructure, of the aggregate number of shares of Stock subject to the Award and as to which the Award is being redeemed; and

(4) for Performance Awards, the amount per Performance Award as the Committee in its sole discretion may determine (which may be zero dollars).

The Company shall promptly notify each holder of an outstanding Option, SAR, Restricted Stock Award or Restricted Stock Unit of any election or action taken by the Company under this Section 9(f). In the event of any election or action

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

taken by the Company pursuant to this Section 9(f) that requires the amendment or cancellation of any Award agreement as may be specified in any notice to the holder thereof, that holder shall promptly deliver that Award agreement to the Company in order for that amendment or cancellation to be implemented by the Company and the Committee. The failure of the holder to deliver any such Award agreement to the Company as provided in the preceding sentence shall not in any manner effect the validity or enforceability of any action taken by the Company and the Committee under this Section 9(f), including, without limitation, any redemption of an Option, SAR, Restricted Stock Award or Restricted Stock Unit as of the consummation of a Restructure. Any cash payment to be made by the Company pursuant to this Section 9(f) in connection with the redemption of any outstanding Options, SARs, Restricted Stock Awards or Restricted Stock Units shall be paid to the holder thereof currently with the delivery to the Company of the Award agreement evidencing that Award; provided, however, that any such redemption shall be effective upon the consummation of the Restructure notwithstanding that the payment of the redemption price may occur subsequent to the consummation. If all or any portion of an outstanding Option, SAR, Restricted Stock Award or Restricted Stock Unit is to be exercised or accelerated upon or after the consummation of a Restructure that is in the form of a Non-Surviving Event and as a part of that Restructure shares of stock, other securities, cash or property shall be issuable or deliverable in exchange for Stock, then the holder of such Option, SAR, Restricted Stock Award or Restricted Stock Unit shall thereafter be entitled to purchase or receive (in lieu of the number of shares of Stock that the holder would otherwise be entitled to purchase or receive) the number of shares of stock, other securities, cash or property to which such number of shares of Stock would have been entitled in connection with the Restructure (and, for Options, at an aggregate exercise price equal to the Exercise Price that would have been payable if that number of Total Shares had been purchased on the exercise of the Option immediately before the consummation of the Restructure).

10. General Provisions.

(a) Transferability.

-16-

(i) Permitted Transferees. The Committee may, in its discretion, permit a Participant to transfer all or any portion of an Option or Stock Appreciation Right, or authorize all or a portion of such Awards to be granted to an Eligible Person to be on terms which permit transfer by such Participant; provided that, in either case the transferee or transferees must be any child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, in each case with respect to the Participant, any person sharing the Participant's household (other than a tenant or employee of the Company), a trust in which these persons have more than fifty percent of the beneficial interest, a foundation in which these persons (or the Participant) control the management of assets, and any other entity in which these persons (or the Participant) own more than fifty percent of the voting interests (collectively, "Permitted Transferees"); provided further that, (X) there may be no consideration for any such transfer and (Y) subsequent transfers of Awards transferred as provided above shall be prohibited except subsequent transfers back to the original holder of the Award and transfers to other Permitted Transferees of the original holder. Agreements evidencing Awards with respect to

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

which such transferability is authorized at the time of grant must be approved by the Committee, and must expressly provide for transferability in a manner consistent with this Subsection 10(a)(i).

(ii) Qualified Domestic Relations Orders. An Option, Stock Appreciation Right, Restricted Stock Unit Award or Restricted Stock Award may be transferred, to a Permitted Transferee, pursuant to a domestic relations order entered or approved by a court of competent jurisdiction upon delivery to the Company of written notice of such transfer and a certified copy of such order.

(iii) Other Transfers. Except as expressly permitted by Subsections 10(a)(i) and 10(a)(ii), Awards shall not be transferable other than by will or the laws of descent and distribution. Notwithstanding anything to the contrary in this Section 10, an Incentive Stock Option shall not be transferable other than by will or the laws of descent and distribution.

(iv) Effect of Transfer. Following the transfer of any Award as contemplated by Subsections 10(a)(i), 10(a)(ii) and 10(a)(iii), (A) such Award shall continue to be subject to the same terms and conditions as were applicable immediately prior to transfer, provided that the term "Participant" shall be deemed to refer to the Permitted Transferee, the recipient under a qualified domestic relations order, the estate or heirs of a deceased Participant, or other transferee, as applicable, to the extent appropriate to enable the Participant to exercise the transferred Award in accordance with the terms of this Plan and applicable law and (B) the provisions of the Award relating to exercisability hereof shall continue to be applied with respect to the original Participant and, following the occurrence of any such events described therein the Awards shall be exercisable by the Permitted Transferee, the recipient under a qualified domestic relations order, the estate or heirs of a deceased Participant, or other transferee, as applicable, only to the extent and for the periods that would have been applicable in the absence of the transfer.

(v) Procedures and Restrictions. Any Participant desiring to transfer an Award as permitted under Subsections 10(a)(i), 10(a)(ii) or 10(a)(iii) shall make application therefor in the manner and time specified by the Committee and shall comply with such other requirements as the Committee may require to assure compliance with all applicable securities laws. The Committee shall not give permission for such a transfer if (A) it would give rise to short-swing liability under section 16(b) of the Exchange Act or (B) it may not be made in compliance with all applicable federal, state and foreign securities laws.

(vi) Registration. To the extent the issuance to any Permitted Transferee of any shares of Stock issuable pursuant to Awards transferred as permitted in this Section 10(a) is not registered pursuant to the effective registration statement of the Company generally covering the shares to be issued pursuant to this Plan to initial holders of Awards, the Company shall not have any obligation to register the issuance of any such shares of Stock to any such transferee.

(b) Taxes. The Company and any Subsidiary is authorized to withhold from any Award granted, or any payment relating to an Award under this Plan, including from a distribution of Stock, amounts of withholding and other taxes due or potentially payable in connection with any transaction involving an Award, and to take such other action as the Committee may deem advisable to

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

enable the Company and Participants to satisfy obligations for the payment of withholding taxes and other tax obligations relating to any Award. This authority shall include authority to withhold or receive Stock or other property and to make cash payments in respect thereof in satisfaction of a Participant's tax obligations, either on a mandatory or elective basis in the discretion of the Committee.

(c) Changes to this Plan and Awards. The Board may amend, alter, suspend, discontinue or terminate this Plan or the Committee's authority to grant Awards under this Plan without the consent of stockholders or Participants, except that any amendment or alteration to this Plan, including any increase in any share limitation, shall be subject to the approval of the Company's stockholders not later than the annual meeting next following such Board action if such stockholder approval is required by any federal or state law or regulation or the rules of any stock exchange or automated quotation system on which the Stock may then be listed or quoted, and the Board may otherwise, in its discretion, determine to submit other such changes to this Plan to stockholders for approval; provided that, without the consent of an affected Participant, no such Board action may materially and adversely affect the rights of such Participant under any previously granted and outstanding Award. The Committee may waive any conditions or rights under, or amend, alter, suspend, discontinue or terminate any Award theretofore granted and any Award agreement relating thereto, except as otherwise provided in this Plan; provided that, without the consent of an affected Participant, no such Committee action may materially and adversely affect the rights of such Participant under such Award.

(d) Limitation on Rights Conferred under Plan. Neither this Plan nor any action taken hereunder shall be construed as (i) giving any Eligible Person or Participant the right to continue as an Eligible Person or Participant or in the employ or service of the Company or a Subsidiary, (ii) interfering in any way with the right of the Company or a Subsidiary to terminate any Eligible Person's or Participant's employment or service at any time, (iii) giving an Eligible Person or Participant any claim to be granted any Award under this Plan or to be treated uniformly with other Participants and employees, or (iv) conferring on a Participant any of the rights of a stockholder of the Company unless and until the Participant is duly issued or transferred shares of Stock in accordance with the terms of an Award.

(e) Unfunded Status of Awards. This Plan is intended to constitute an "unfunded" plan for certain incentive awards.

(f) Nonexclusivity of this Plan. Neither the adoption of this Plan by the Board nor its submission to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board or a committee thereof to adopt such other incentive arrangements as it may deem desirable, including incentive arrangements and awards which do not qualify under section 162(m) of the Code. Nothing contained in this Plan shall be construed to prevent the Company or any Subsidiary from taking any corporate action which is deemed by the Company or such Subsidiary to be appropriate or in its best interest, whether or not such action would have an adverse effect on this Plan or any Award made under this Plan. No employee, beneficiary or other person shall have any claim against the Company or any Subsidiary as a result of any such action.

(g) Severability. If any provision of this Plan is held to be illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining provisions hereof, but such provision shall be fully severable and the Plan shall be construed and enforced as if the illegal or invalid provision had never been included herein. If any of the terms or provisions of this Plan or any Award agreement conflict with the requirements of Rule 16b-3 (as those terms

Edgar Filing: PIONEER NATURAL RESOURCES CO - Form DEF 14A

or provisions are applied to Eligible Persons who are subject to section 16(b) of the Exchange Act) or section 422 of the Code (with respect to Incentive Stock Options), then those conflicting terms or provisions shall be deemed inoperative to the extent they so conflict with the requirements of Rule 16b-3 (unless the Board or the Committee, as appropriate, has expressly determined that the Plan or such Award should not comply with Rule 16b-3) or section 422 of the Code. With respect to Incentive Stock Options, if this Plan does not contain any provision required to be included herein under section 422 of the Code, that provision shall be deemed to be incorporated herein with the same force and effect as if that provision had been set out at length herein; provided, further, that, to the extent any Option that is intended to qualify as an Incentive Stock Option cannot so qualify, that Option (to that extent) shall be deemed an Option not subject to section 422 of the Code for all purposes of the Plan.

-18-

(h) Governing Law. All questions arising with respect to the provisions of the Plan and Awards shall be determined by application of the laws of the State of Delaware, without giving effect to any conflict of law provisions thereof, except to the extent Delaware law is preempted by federal law. The obligation of the Company to sell and deliver Stock hereunder is subject to applicable federal and state laws and to the approval of any governmental authority required in connection with the authorization, issuance, sale, or delivery of such Stock.

(i) Conditions to Delivery of Stock. Nothing herein or in any Award granted hereunder or any Award agreement shall require the Company to issue any shares with respect to any Award if that issuance would, in the opinion of counsel for the Company, constitute a violation of the Securities Act or any similar or superseding statute or statutes, any other applicable statute or regulation, or the rules of any applicable securities exchange or securities association, as then in effect. At the time of any exercise of an Option or Stock Appreciation Right, or at the time of any grant of a Restricted Stock Award or Restricted Stock Unit, the Company may, as a condition precedent to the exercise of such Option or Stock Appreciation Right or settlement of any Restricted Stock Award or Restricted Stock Unit, require from the Participant (or in the event of his death, his legal representatives, heirs, legatees, or distributees) such written representations, if any, concerning the holder's intentions with regard to the retention or disposition of the shares of Stock being acquired pursuant to the Award and such written covenants and agreements, if any, as to the manner of disposal of such shares as, in the opinion of counsel to the Company, may be necessary to ensure that any disposition by that holder (or in the event of the holder's death, his legal representatives, heirs, legatees, or distributees) will not involve a violation of the Securities Act or any similar or superseding statute or statutes, any other applicable state or federal statute or regulation, or any rule of any applicable securities exchange or securities association, as then in effect. No Option or Stock Appreciation Right shall be exercisable and no settlement of any Restricted Stock Award or Restricted Stock Unit shall occur with respect to a Participant unless and until the holder thereof shall have paid cash or property to, or performed services for, the Company or any of its Subsidiaries that the Committee believes is equal to or greater in value than the par value of the Stock subject to such Award.
