CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain statements contained in this Form 10-Q may constitute forward-looking statements within the meaning of the federal securities laws. In addition, Piedmont Office Realty Trust, Inc. ("Piedmont," "we," "our," or "us"), or its executive officers on Piedmont's behalf, may from time to time make forward-looking statements in reports and other documents Piedmont files with the Securities and Exchange Commission or in connection with other written or oral statements made to the press, potential investors, or others. Statements regarding future events and developments and Piedmont's future performance, as well as management's expectations, beliefs, plans, estimates, or projections relating to the future, are forward-looking statements. Forward-looking statements include statements preceded by, followed by, or that include the words "may," "will," "expect," "intend," "anticipate," "estimate," "believe," "continue," or other similar words. Examples of such statements in this report include descriptions of our real estate, financing, and operating objectives; discussions regarding future dividends and share repurchases; and discussions regarding the potential impact of economic conditions on our real estate and lease portfolio.

These statements are based on beliefs and assumptions of Piedmont's management, which in turn are based on information available at the time the statements are made. Important assumptions relating to the forward-looking statements include, among others, assumptions regarding the demand for office space in the markets in which Piedmont operates, competitive conditions, and general economic conditions. These assumptions could prove inaccurate. The forward-looking statements also involve risks and uncertainties, which could cause actual results to differ materially from those contained in any forward-looking statement. Many of these factors are beyond Piedmont's ability to control or predict. Such factors include, but are not limited to, the following:

- Economic, regulatory, and/or socio-economic changes (including accounting standards) that impact the real estate market generally, or that could affect patterns of use of commercial office space;
- The impact of competition on our efforts to renew existing leases or re-let space on terms similar to existing leases; Changes in the economies and other conditions affecting the office sector in general and specifically the eight markets in which we primarily operate where we have high concentrations of our Annualized Lease Revenue (see definition below);
- Lease terminations, lease defaults, or changes in the financial condition of our tenants, particularly by one of our large lead tenants;
- The effect on us of adverse market and economic conditions, including any resulting impairment charges on both our long-lived assets or goodwill;
- The success of our real estate strategies and investment objectives, including our ability to identify and consummate suitable acquisitions and divestitures;
- The illiquidity of real estate investments, including the resulting impediment on our ability to quickly respond to adverse changes in the performance of our properties;
- The risks and uncertainties associated with our acquisition of properties, many of which risks and uncertainties may not be known at the time of acquisition;
- Development and construction delays and resultant increased costs and risks;
- Our real estate development strategies may not be successful;
- Future acts of terrorism in any of the major metropolitan areas in which we own properties, or future cybersecurity attacks against us or any of our tenants;
- Costs of complying with governmental laws and regulations;
- Additional risks and costs associated with directly managing properties occupied by government tenants;
- Significant price and volume fluctuations in the public markets, including on the exchange which we listed our common stock;
- The effect of future offerings of debt or equity securities or changes in market interest rates on the value of our common stock;
- Uncertainties associated with environmental and other regulatory matters;
- Potential changes in political environment and reduction in federal and/or state funding of our governmental tenants;

• The effect of any litigation to which we are, or may become, subject;
Changes in tax laws impacting real estate investment trusts ("REITs") and real estate in general, as well as our ability
to continue to qualify as a REIT under the Internal Revenue Code of 1986 (the "Code") or otherwise adversely affect
our stockholders;

• The future effectiveness of our internal controls and procedures; and

• Other factors, including the risk factors discussed under Item 1A. of our Annual Report on Form 10-K for the year
ended December 31, 2017.

Management believes these forward-looking statements are reasonable; however, undue reliance should not be placed
on any forward-looking statements, which are based on current expectations. Further, forward-looking statements
speak only as of the

date they are made, and management undertakes no obligation to update publicly any of them in light of new information or future events.

Information Regarding Disclosures Presented

Annualized Lease Revenue ("ALR"), a non-U.S. generally accepted accounting principles ("GAAP") measure, is calculated by multiplying (i) rental payments (defined as base rent plus operating expense reimbursements, if payable by the tenant on a monthly basis under the terms of a lease that has been executed, but excluding (a) rental abatements and (b) rental payments related to executed but not commenced leases for space that was covered by an existing lease), by (ii) 12. In instances in which contractual rents or operating expense reimbursements are collected on an annual, semi-annual, or quarterly basis, such amounts are multiplied by a factor of 1, 2, or 4, respectively, to calculate the annualized figure. For leases that have been executed but not commenced relating to un-leased space, ALR is calculated by multiplying (i) the monthly base rental payment (excluding abatements) plus any operating expense reimbursements for the initial month of the lease term, by (ii) 12. Unless stated otherwise, this measure excludes revenues associated with re-development properties, if any. ALR should not be viewed as an alternative to rental revenues or net income calculated in accordance with GAAP or as a measurement of our operating performance. Piedmont believes that ALR is helpful to investors in assessing the relative magnitude of specific tenants, properties, or other components of our portfolio in relation to each other and to the portfolio as a whole.

PART I. FINANCIAL STATEMENTS

ITEM 1. CONSOLIDATED FINANCIAL STATEMENTS

The information presented in the accompanying consolidated balance sheets and related consolidated statements of income, comprehensive income, stockholders' equity, and cash flows reflects all adjustments that are, in management's opinion, necessary for a fair and consistent presentation of financial position, results of operations, and cash flows in accordance with GAAP.

The accompanying financial statements should be read in conjunction with the notes to Piedmont's financial statements and Management's Discussion and Analysis of Financial Condition and Results of Operations included in this report on Form 10-Q and with Piedmont's Annual Report on Form 10-K for the year ended December 31, 2017. Piedmont's results of operations for the nine months ended September 30, 2018 are not necessarily indicative of the operating results expected for the full year.

PIEDMONT OFFICE REALTY TRUST, INC.
CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2018
(unaudited)

1. Organization

Piedmont Office Realty Trust, Inc. ("Piedmont") (NYSE: PDM) is a Maryland corporation that operates in a manner so as to qualify as a real estate investment trust ("REIT") for federal income tax purposes and engages in the acquisition, development, management, and ownership of commercial real estate properties located primarily in the Eastern-half of the United States, including properties that are under construction, are newly constructed, or have operating histories. Piedmont was incorporated in 1997 and commenced operations in 1998. Piedmont conducts business primarily through Piedmont Operating Partnership, L.P. ("Piedmont OP"), a Delaware limited partnership, as well as performing the management of its buildings through two wholly-owned subsidiaries, Piedmont Government Services, LLC and Piedmont Office Management, LLC. Piedmont owns 99.9% of, and is the sole general partner of, Piedmont OP and as such, possesses full legal control and authority over the operations of Piedmont OP. The remaining 0.1% ownership interest of Piedmont OP is held indirectly by Piedmont through its wholly-owned subsidiary, Piedmont Office Holdings, Inc. ("POH"), the sole limited partner of Piedmont OP. Piedmont OP owns properties directly, through wholly-owned subsidiaries, and through various joint ventures which we control. References to Piedmont herein shall include Piedmont and all of its subsidiaries, including Piedmont OP and its subsidiaries and joint ventures.

As of September 30, 2018, Piedmont owned 53 in-service office properties and one redevelopment asset, comprising approximately 487,000 square feet. As of September 30, 2018, Piedmont's 53 in-service office properties comprise approximately 16.2 million square feet of primarily Class A commercial office space and were approximately 93.2% leased. As of September 30, 2018, approximately 90% of Piedmont's Annualized Lease Revenue (unaudited) was generated from select sub-markets located primarily within eight major office markets located in the Eastern-half of the United States: Atlanta, Boston, Chicago, Dallas, Minneapolis, New York, Orlando, and Washington, D.C.

Piedmont internally evaluates all of its real estate assets as one operating segment, and accordingly does not report segment information.

2. Summary of Significant Accounting Policies

Basis of Presentation and Principles of Consolidation

The consolidated financial statements of Piedmont have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission (the "SEC"), including the instructions to Form 10-Q and Article 10 of Regulation S-X, and do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, the statements for the unaudited interim periods presented include all adjustments, which are of a normal and recurring nature, necessary for a fair presentation of the results for such periods. Results for these interim periods are not necessarily indicative of a full year's results.

Piedmont's consolidated financial statements include the accounts of Piedmont, Piedmont's wholly-owned subsidiaries, any variable interest entity ("VIE") for which Piedmont or any of its wholly-owned subsidiaries is considered to have the power to direct the activities of the entity and the obligation to absorb losses/right to receive benefits, or any entity in which Piedmont or any of its wholly-owned subsidiaries owns a controlling interest. In determining whether Piedmont or Piedmont OP has a controlling interest, the following factors, among others, are considered: equity ownership, voting rights, protective rights of investors, and participatory rights of investors. For further information, refer to the financial statements and footnotes included in Piedmont's Annual Report on Form 10-K for the year ended December 31, 2017.

All intercompany balances and transactions have been eliminated upon consolidation.

Further, Piedmont has formed special purpose entities to acquire and hold real estate. Each special purpose entity is a separate legal entity. Consequently, the assets of these special purpose entities are not available to all creditors of Piedmont. The assets owned by these special purpose entities are being reported on a consolidated basis with Piedmont's assets for financial reporting purposes only.

Table of Contents

Use of Estimates

The preparation of the accompanying consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the accompanying consolidated financial statements and notes. Actual results could differ from those estimates.

Income Taxes

Piedmont has elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended, and has operated as such, beginning with its taxable year ended December 31, 1998. To qualify as a REIT, Piedmont must meet certain organizational and operational requirements, including a requirement to distribute at least 90% of its annual REIT taxable income. As a REIT, Piedmont is generally not subject to federal income taxes, subject to fulfilling, among other things, its taxable income distribution requirement. Piedmont is subject to certain taxes related to the operations of properties in certain locations, as well as operations conducted by its taxable REIT subsidiary, POH, which have been provided for in the financial statements.

Tax Cuts and Jobs Act

The Tax Cuts and Jobs Act ("H.R. 1"), which generally took effect for taxable years that began on or after January 1, 2018 (subject to certain exceptions), made many significant changes to the U.S. federal income tax laws that will profoundly impact the taxation of individuals and corporations (including both regular C corporations and corporations that have elected to be taxed as REITs). For example, H.R. 1 limits the ability of corporations to utilize net operating loss carryforwards and limits the deductibility of business interest for all taxpayers, subject to an exception for taxpayers that are engaged in certain specified real property trades or business who make an irrevocable election not to apply the limitation to a particular real property trade or business and to depreciate their real property investments held in such trade or business using the less favorable alternative depreciation system. To date, the IRS has issued limited guidance with respect to certain of the provisions of H.R. 1, and there are numerous interpretive issues that will require guidance. In addition, changes made by H.R. 1 may require Piedmont to accrue certain income for U.S. federal income tax purposes no later than when such income is taken into account as revenue on its GAAP-based financial statements, unless the income is already subject to certain special methods of accounting under the Code. This could cause Piedmont to recognize taxable income prior to the receipt of the associated cash and accordingly, increase its distribution levels in order to maintain its status as a REIT. H.R. 1 also includes limitations on the deductibility of certain compensation paid to Piedmont's executives, certain interest payments, and certain net operating loss carryforwards, each of which could potentially increase Piedmont's taxable income and its required distributions. Piedmont recorded an approximate \$0.2 million reduction to its tax liability related to its taxable REIT subsidiary as a result of the rate reduction included in H.R. 1 during the nine months ended September 30, 2018. Although management is still evaluating the other effects of H.R. 1, Piedmont does not believe that H.R. 1 will significantly impact its financial statements.

Reclassifications

Certain prior period amounts presented in the accompanying consolidated statements of income have been reclassified to conform to the current period financial statement presentation. These amounts included: (i) the reclassification of approximately \$4.0 million and \$14.6 million for the three and nine months ended September 30, 2017, respectively, of parking, antennae license and fiber income that was previously included in rental income into other property related income, as well as certain other miscellaneous revenue into tenant reimbursements and/or property management fee revenue in conjunction with the adoption of the Revenue Recognition Amendments, as further defined and described below; and (ii) the reclassification of \$0.4 million and \$1.4 million for the three and nine months ended September 30, 2017, respectively, of expense related to certain regional employees who are primarily engaged in the operation and

management of properties that was previously included in general and administrative expense to property operating costs.

Accounting Pronouncements Adopted during the Nine Months Ended September 30, 2018

Revenue Recognition

On January 1, 2018, Piedmont adopted Accounting Standards Update No. 2014-09, *Revenue from Contracts with Customers (Topic 606)* ("ASU 2014-09") and Accounting Standards Update No. 2016-08, *Revenue from Contracts with Customers (Topic 606) Principal versus Agent Considerations (Reporting Revenue Gross versus Net)* ("ASU 2016-08") issued by the Financial Accounting Standards Board (the "FASB"). The amendments in ASU 2014-09, which are further clarified in ASU 2016-08, as well as Accounting Standards Update 2016-10, Accounting Standards Update 2016-12, and Accounting Standards Update 2016-20 (collectively the "Revenue Recognition Amendments") change the criteria for the recognition of certain revenue streams to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in

Table of Contents

exchange for those goods or services using a five-step determination process.

Piedmont's revenues which are included in the scope of the Revenue Recognition Amendments include its property management fee revenue, the majority of its parking revenue, as well as certain license agreements which allow third-parties to place their antennas or fiber-optic cabling on or inside Piedmont's buildings. Lease contracts are specifically excluded from the Revenue Recognition Amendments and, Piedmont intends to utilize a leasing practical expedient (see further discussion below) to group certain non-lease components related to operating expense reimbursements with other leasing components, provided they meet certain criteria. Because the timing and pattern of transfer of Piedmont's non-lease related revenue already followed the prescribed method of the Revenue Recognition Amendments, Piedmont was able to effectively adopt these amendments on a full retrospective basis, with no impact to the timing of recognition of the related revenue; however, such non-lease revenues are now being presented as "Other property related income" in the accompanying consolidated statements of income. Further, for comparative purposes, Piedmont reclassified approximately \$4.0 million and \$14.6 million for the three and nine months ended September 30, 2017, respectively, of parking, antennae license, and fiber income that was previously included in rental income into other property related income, as well as certain other miscellaneous revenue into tenant reimbursements and/or property management fee revenue. Piedmont did not elect to adopt any practical expedients provided by the Revenue Recognition Amendments.

A detail of Piedmont's total revenues for the three months ended September 30, 2018 and 2017 (after reclassifications as a result of the adoption of the Revenue Recognition Amendments), including a detailed description of each line item is as follows:

	(After Adoption of Revenue Recognition Amendments)
	Three Months Ended September 30, 2018
	Three Months Ended September 30, 2017
<i>Rental income</i>	\$101,348 \$ 108,868
<i>Tenant reimbursements</i>	23,170 24,253
<i>Property management fee revenue</i>	368 454
<i>Other property related income</i>	4,822 4,012
Total revenues	\$129,708 \$ 137,587

Rental income - consists of revenue from leases with Piedmont's tenants, which is not within the scope of the Revenue Recognition Amendments.

Tenant reimbursements - consists of separately billed revenue derived from reimbursements for services prescribed by leases with Piedmont's tenants separate from, but in conjunction with, the revenue generated from leasing office space. Such income is not within the scope of the Revenue Recognition Amendments.

Property management fee revenue - consists of revenue earned by Piedmont related to operating and managing office properties owned by other third-parties. Such income is within the scope of the Revenue Recognition Amendments; however, because the property management services represent a performance obligation that would be satisfied over the length of the contract, not at any specific point in time, and has the same measure of transfer (time elapsed), property management fee revenue will be recognized over time, consistent with the timing of Piedmont's historic

recognition. Any variable consideration transferred as part of these management agreements will continue to be recognized in the quarter that the underlying cash receipts are collected, consistent with the allocation objective of allocating the transaction price in an amount that depicts the amount of consideration to which Piedmont expects to be entitled in exchange for transferring the promised service to the customer.

Other property related income - consists of all other property related income from Piedmont's customers (tenants) that is not derived from a contract meeting the definition of a lease. Examples of such income include parking revenue and income from licenses with unrelated third-parties to place antennae and/or fiber optic cables in or on Piedmont's buildings. Since these services are substantially the same and have the same pattern of transfer, there is no timing difference between the recognition of other property related income and the recognition of the underlying expense/delivery of "service" under the new Revenue Recognition Amendments. Additionally, no modification to the timing of Piedmont's previous revenue recognition is necessary, as these items have been recognized historically in accordance with this pattern of transfer.

Gain/(loss) on Sale of Real Estate Assets

On January 1, 2018, Piedmont adopted Accounting Standards Update No. 2017-05, *Other Income—Gains and Losses from the Derecognition of Nonfinancial Assets (Subtopic 610-20): Clarifying the Scope of Asset Derecognition Guidance and Accounting for Partial Sales of Nonfinancial Assets* ("ASU 2017-05") concurrent with the Revenue Recognition Amendments mentioned above. Piedmont elected to apply the amendments of ASU 2017-05 on a full retrospective basis; however, there were no adjustments to previously recorded gains/(losses) on sale of real estate as a result of the transition.

Equity Investments Held in Non-qualified Deferred Compensation Plan

On January 1, 2018, Piedmont adopted Accounting Standards Update No. 2016-01, *Financial Instruments - Overall (Subtopic 825-10), Recognition and Measurement of Financial Assets and Financial Liabilities* ("ASU 2016-01"), as well as Accounting Standards Update No. 2018-03 *Technical Corrections and Improvements to Financial Instruments-Overall (Subtopic 825-10)* ("ASU 2018-03"). These amendments require equity investments, except those accounted for under the equity method of accounting, to be measured at estimated fair value with changes in fair value recognized in net income. Investments in trading securities held in a "rabbi trust" by Piedmont are the only securities affected by ASU 2016-01 and ASU 2018-03. As such, Piedmont has made a cumulative-effect adjustment to its consolidated balance sheet and consolidated statements of stockholders' equity of approximately \$0.1 million from other comprehensive income ("OCI") to cumulative distributions in excess of earnings, and has recorded changes in fair value in net income for the three and nine months ended September 30, 2018 related to these investment securities.

Interest Rate Derivatives

On January 1, 2018, Piedmont early adopted Accounting Standards Update No. 2017-12, *Derivatives and Hedging: Targeted Improvements to Accounting for Hedging Activities* ("ASU 2017-12"). Piedmont adopted ASU 2017-12 using the modified retrospective transition method; however, no adjustment was necessary to account for the cumulative effect of the change on the opening balance of each affected component of equity in the consolidated balance sheet as of the date of adoption because there was no cumulative ineffectiveness that had been recorded on Piedmont's existing interest rate swaps as of December 31, 2017, and all trades were highly effective. The amended presentation and disclosure guidance which is required to be presented prospectively is provided in Note 6.

Other Recent Accounting Pronouncements

The FASB has issued Accounting Standards Update No. 2016-02, *Leases (Topic 842)* ("ASU 2016-02"), which fundamentally changes the definition of a lease, as well as the accounting for operating leases by requiring lessees to recognize assets and liabilities which arise from the lease, consisting of a liability to make lease payments (the lease liability) and a right-of-use asset, representing the right to use the leased asset over the term of the lease. Accounting for leases by lessors is substantially unchanged from prior practice as lessors will continue to recognize lease revenue on a straight-line basis.

Additionally, the FASB has subsequently issued a number of clarifying and technical corrections to ASU 2016-02 through several Accounting Standards Updates ("ASU") as follows:

ASU	Title	Summary	Anticipated Impact on Piedmont's Consolidated Financial Statements Based on Management's Assessment to Date
ASU 2018-01	<i>Leases (Topic 842) Land Easement Practical Expedient for Transition to Topic 842</i>	Clarifies that a land easement is required to be evaluated to determine whether it should be accounted for as a lease upon adoption of ASU 2016-02; also provides an optional practical transition expedient allowing entities not currently assessing land easements under existing leasing guidance prior to adoption of ASU 2016-02 to not apply the new guidance to land easements existing at the date of initial adoption of ASU 2016-02.	Not applicable as Piedmont has no land easements.
ASU 2018-10	<i>Codification Improvements to Topic 842, Leases</i>	Clarifications and technical corrections to ASU 2016-02.	No material impact expected.
ASU 2018-11	<i>Leases (Topic 842) Targeted Improvements</i>	Allows certain non-lease operating expense reimbursements which are included in the underlying stated lease rate to be accounted for as part of the lease provided certain criteria are met under an optional practical expedient.	All of Piedmont's operating expense reimbursements are expected to qualify to be accounted for as a part of the underlying lease.

Although management continues to evaluate the guidance and disclosures required by all of the above ASUs, Piedmont does not anticipate any material impact to its consolidated financial statements as a result of adoption related to lessor accounting. However, Piedmont does anticipate recording an immaterial right-to-use asset and offsetting lease liability under lessee accounting on its balance sheet upon adoption of ASU 2016-02 on January 1, 2019.

The FASB has issued Accounting Standards Update No. 2018-07, *Stock Compensation (Topic 718)*, Improvements to Nonemployee Share-Based Payment Accounting ("ASU 2018-07"). The provisions of ASU 2018-07 align accounting for stock based compensation for non-employees for goods and services with existing accounting for similar compensation for employees. The amendments supersede previous guidance on accounting for share-based payments to non-employees codified in the FASB's Accounting Standards Codification ("ASC") 505-50. ASU 2018-07 is effective in the first quarter of 2019, with early adoption permitted at any time provided that the entity has already adopted the provisions of ASC 606. Piedmont does not anticipate any material impact to its consolidated financial statements as a result of adoption.

The FASB has issued Accounting Standards Update No. 2016-13, *Financial Instruments—Credit Losses (Topic 326), Measurement of Credit Losses on Financial Instruments* ("ASU 2016-13"). The provisions of ASU 2016-13 replace the "incurred loss" approach with an "expected loss" model for impairing trade and other receivables, held-to-maturity debt securities, net investment in leases, and off-balance-sheet credit exposures, which will generally result in earlier recognition of allowances for credit losses. Additionally, the provisions change the classification of credit losses related to available-for-sale securities to an allowance, rather than a direct reduction of the amortized cost of the securities. ASU 2016-13 is effective in the first quarter of 2020, with early adoption permitted as of January 1, 2019. Piedmont is currently evaluating the potential impact of adoption.

Table of Contents**3.Acquisitions**

During the nine months ended September 30, 2018, Piedmont acquired one property using proceeds available as a result of dispositions (see Note 9) in January 2018 and cash on hand, as noted below:

Property	Metropolitan Statistical Area	Date of Acquisition	Ownership Percentage Acquired	Rentable Square Feet	Percentage Leased as of Acquisition	Net Contractual Purchase Price (in millions)
501 West Church Street	Orlando, Florida	February 23, 2018	100 %	182,461	100 %	\$ 28.2

4.Debt

During the nine months ended September 30, 2018, Piedmont fully repaid the balances of the \$300 Million Unsecured 2013 Term Loan and the \$170 Million Unsecured 2015 Term Loan using proceeds from the 2017 Disposition Portfolio (see Note 9) and cash on hand, as well as drawing on its \$500 Million Unsecured 2015 Line of Credit.

Additionally, during the nine months ended September 30, 2018, Piedmont replaced its \$500 Million Unsecured 2015 Line of Credit ("the 2015 Line of Credit") with a new \$500 Million Unsecured Line of Credit (the "\$500 Million Unsecured 2018 Line of Credit"). The 2015 Line of Credit was scheduled to expire on June 18, 2019, and was terminated concurrently with the closing of the new facility. The term of the new \$500 Million Unsecured 2018 Line of Credit is four years with a maturity date of September 30, 2022, and Piedmont may extend the term for up to one additional year (through two available six-month extensions) provided Piedmont is not then in default and all representations and warranties are true and correct in all material respects and upon payment of applicable extension fees. Additionally, under certain terms of the agreement, Piedmont may increase the new facility by up to an additional \$500 million, to an aggregate size of \$1.0 billion, provided that no existing bank has any obligation to participate in such increase. Piedmont paid customary arrangement and upfront fees to the lenders in connection with the closing of the new facility.

The \$500 Million Unsecured 2018 Line of Credit has the option to bear interest at varying levels (determined with reference to the greater of the credit rating for Piedmont or Piedmont OP) based on the London Interbank Offered Rate ("LIBOR") or the Base Rate, defined as the greater of the prime rate, the federal funds rate plus 0.5%, or LIBOR for a one-month period plus 1.0%. LIBOR loans are available with interest periods selected by Piedmont of one, two (if available), three, or six months, or to the extent available from all lenders in each case, one year or periods of less than one month. The stated interest rate spread over LIBOR can vary from 0.775% to 1.45% based upon the greater of the then current credit rating of Piedmont. As of the closing of the \$500 Million Unsecured 2018 Line of Credit, based upon Piedmont's current credit rating, the current stated LIBOR spread on the loan is 0.9%, down from 1.0% for the 2015 Line of Credit.

Further, during the nine months ended September 30, 2018, Piedmont amended and restated its \$300 Million Unsecured 2011 Term Loan (the "Amended and Restated \$300 Million Unsecured 2011 Term Loan") to extend its maturity date 22 months, from January 15, 2020 to November 30, 2021. The amendment also decreases the stated interest rate spread over LIBOR from a range of 0.9% to 1.90% to a range of 0.85% to 1.65%. The specific spread in effect from time to time is based upon the greater of the credit rating for Piedmont or Piedmont OP. As of the closing of the Amended and Restated \$300 Million Unsecured 2011 Term Loan, based upon the Piedmont's current credit rating, the current stated LIBOR spread on the loan was 1.0%, down from 1.15% for the \$300 Million Unsecured 2011 Term Loan. All other material terms of the facility remain unchanged.

Finally, during the nine months ended September 30, 2018, Piedmont entered into a \$250 million unsecured term loan facility (the “\$250 Million Unsecured 2018 Term Loan”) with a consortium of lenders. The term of the \$250 Million Unsecured 2018 Term Loan is seven years with a maturity date of March 31, 2025; however, Piedmont may prepay the \$250 Million Unsecured 2018 Term Loan, in whole or in part, at any time after March 29, 2020 without premium or penalty. The \$250 Million Unsecured 2018 Term Loan has the option to bear interest at varying levels based on either (i) LIBOR for an interest period selected by Piedmont of one, two, three, or six months, or to the extent available from all lenders in each case, one year or periods of less than one month, or (ii) Base Rate, defined as the greater of the prime rate, the federal funds rate plus 0.5%, or LIBOR for a one-month period plus 1%; plus a stated interest rate spread based on the higher credit rating level issued for either Piedmont or Piedmont OP. The stated interest rate spread over LIBOR can vary from 1.45% to 2.40% based upon the then current credit rating of Piedmont or Piedmont OP, whichever is higher. Further, Piedmont entered into three interest rate swap agreements for a total notional amount

of \$150 million which effectively fixed \$150 million of the \$250 Million Unsecured 2018 Term Loan at an interest rate of approximately 4.11%.

The \$500 Million Unsecured 2018 Line of Credit, the Amended and Restated \$300 Million Unsecured 2011 Term Loan, and the \$250 Million Unsecured 2018 Term Loan all have certain financial covenants that require, among other things, the maintenance of an unencumbered interest coverage ratio of at least 1.75, an unencumbered leverage ratio of at least 1.60, a fixed charge coverage ratio of at least 1.50, a leverage ratio of no more than 0.60, and a secured debt ratio of no more than 0.40.

The facility has a stated variable rate; however, Piedmont has entered into interest rate swap agreements which effectively fix, exclusive of changes to Piedmont's credit rating, \$150 million of the principal balance to 4.11% through March 29, 2020, and \$100 million of the principal balance to 4.21% from March 30, 2020 through the maturity date of the loan. For the remaining variable portion of the loan, Piedmont may periodically select from multiple interest rate options, including the prime rate and various-length LIBOR locks on all or a portion of the principal. All LIBOR selections are subject to an additional spread over the selected rate based on Piedmont's current credit rating. The rate presented is the weighted-average rate for the effectively fixed and variable portions of the debt outstanding as of September 30, 2018.

Piedmont made interest payments on all debt facilities, including interest rate swap cash settlements, of approximately \$18.0 million for both the three months ended September 30, 2018 and 2017, respectively, and approximately \$48.7 million and \$54.0 million for the nine months ended September 30, 2018 and 2017, respectively. Also, Piedmont capitalized interest of approximately \$375,000 and \$37,000 for the three months ended September 30, 2018 and 2017, respectively, and approximately \$0.8 million and \$0.2 million for the nine months ended September 30, 2018 and 2017, respectively. As of September 30, 2018, Piedmont believes it was in compliance with all financial covenants associated with its debt instruments. See Note 7 for a description of Piedmont's estimated fair value of debt as of September 30, 2018.

5. Variable Interest Entities

Variable interest holders who have the power to direct the activities of the VIE that most significantly impact the entity's economic performance and have the obligation to absorb the majority of losses of the entity or the right to receive significant benefits of the entity must consolidate the VIE. Each of the following VIEs has the sole purpose of holding land and office buildings and their resulting operations, and are classified in the accompanying consolidated balance sheets in the same manner as Piedmont's wholly-owned properties.

A summary of Piedmont's interests in its consolidated VIEs and their related carrying values as of September 30, 2018 and December 31, 2017 is as follows (net carrying amount in millions):

Entity	Piedmont's		Net Carrying		Primary Beneficiary Considerations
	% Ownership of Entity	Related Building	Amount as of September 30, 2018	Amount as of December 31, 2017	
1201 Eye Street N.W. Associates, LLC	98.6%	1201 Eye Street	\$ 89.2	\$ 81.1	In accordance with the partnership's governing documents, Piedmont currently receives 100% of the cash flow of the entity and has sole discretion in directing the management and leasing activities of the building.
1225 Eye Street N.W. Associates, LLC	98.1%	1225 Eye Street	\$ 64.8	\$ 65.2	In accordance with the partnership's governing documents, Piedmont currently receives 100% of the cash flow of the entity and has sole discretion in directing the management and leasing activities of the building.

Monroe	\$ 256.2	\$ 263.2	The Omnibus Agreement with the previous owner includes equity participation rights upon sale of the property for the previous owner, if certain financial returns are achieved; however, Piedmont has sole decision making authority and is entitled to 100% of the economic benefits of the property until such returns are met.

6. Derivative Instruments*Risk Management Objective of Using Derivatives*

In addition to operational risks which arise in the normal course of business, Piedmont is exposed to economic risks such as interest rate, liquidity, and credit risk. In certain situations, Piedmont has entered into derivative financial instruments such as interest rate swap agreements and other similar agreements to manage interest rate risk exposure arising from current or future variable rate debt transactions. Interest rate swap agreements involve the receipt or payment of future known and uncertain cash amounts, the value of which are determined by interest rates. Piedmont's

objective in using interest rate derivatives is to add stability to interest expense and to manage its exposure to interest rate movements.

Table of Contents*Cash Flow Hedges of Interest Rate Risk*

Interest rate swaps designated as cash flow hedges involve the receipt of variable-rate amounts from a counterparty in exchange for Piedmont making fixed-rate payments over the life of the agreements without exchange of the underlying notional amount.

As of September 30, 2018, Piedmont was party to interest rate swap agreements, all of which are designated as effective cash flow hedges and fully hedge the variable cash flows covering the entire outstanding balance of the Amended and Restated \$300 Million Unsecured 2011 Term Loan through January 2020, and \$150 million of the \$250 Million Unsecured 2018 Term Loan. The maximum length of time over which Piedmont is hedging its exposure to the variability in future cash flows for forecasted transactions is 78 months.

A detail of Piedmont's interest rate derivatives outstanding as of September 30, 2018 is as follows:

Interest Rate Derivatives:	Number of Swap Agreements	Associated Debt Instrument	Total Notional Amount (in millions)	Effective Date	Maturity Date
Interest rate swaps	3	Amended and Restated \$300 Million Unsecured 2011 Term Loan	\$ 300	11/22/2016	1/15/2020

Piedmont presents its interest rate derivatives on its consolidated balance sheets on a gross basis as interest rate swap assets and interest rate swap liabilities. A detail of Piedmont's interest rate derivatives on a gross and net basis as of September 30, 2018 and December 31, 2017, respectively, is as follows (in thousands):

The gain/(loss) on Piedmont's interest rate derivatives, including previously settled forward swaps, that was recorded in OCI and the accompanying consolidated statements of income as a component of interest expense for the three and nine months ended September 30, 2018 and 2017, respectively, was as follows (in thousands):

Table of Contents

⁽¹⁾ Includes the write-off of approximately \$0.4 million of discounts and unamortized debt issuance costs associated with the repayment of debt (see Note 4).

Piedmont estimates that approximately \$3.6 million will be reclassified from OCI as a reduction of interest expense over the next twelve months. Piedmont recognized no hedge ineffectiveness on its cash flow hedges during the three and nine months ended September 30, 2018 and 2017, respectively.

Additionally, see Note 7 for fair value disclosures of Piedmont's derivative instruments.

Credit-risk-related Contingent Features

Piedmont has agreements with its derivative counterparties that contain a provision whereby if Piedmont defaults on any of its indebtedness, including default where repayment of the indebtedness has not been accelerated by the lender, then Piedmont could also be declared in default on its derivative obligations. Because all of Piedmont's interest rate swaps are in an asset position, if Piedmont were to breach any of the contractual provisions of the derivative contracts, the settlement of its obligations under the agreements would not result in a penalty as of September 30, 2018. Additionally, Piedmont has rights of set-off under certain of its derivative agreements related to potential termination fees and amounts payable under the agreements, if a termination were to occur.

7.Fair Value Measurement of Financial Instruments

Piedmont considers its cash and cash equivalents, tenant receivables, notes receivable, restricted cash and escrows, accounts payable and accrued expenses, interest rate swap agreements, and debt to meet the definition of financial instruments. The following table sets forth the carrying and estimated fair value for each of Piedmont's financial instruments, as well as its level within the GAAP fair value hierarchy, as of September 30, 2018 and December 31, 2017, respectively (in thousands):

⁽¹⁾ For the periods presented, the carrying value of these financial instruments approximates estimated fair value due to their short-term maturity.

Piedmont's debt was carried at book value as of September 30, 2018 and December 31, 2017; however, to estimate its fair value as disclosed in the table above, Piedmont used widely accepted valuation techniques including discounted cash flow analysis based on the contractual terms of the debt facilities, including the period to maturity of each instrument, and observable market-based inputs for similar debt facilities which have transacted recently in the market. Therefore, the estimated fair values determined are considered to be based on significant other observable inputs (Level 2). Scaling adjustments are made to these inputs to make them applicable to the remaining life of Piedmont's outstanding debt. Piedmont has not changed its valuation technique for estimating the fair value of its debt.

Piedmont's interest rate swap agreements presented above (further discussed in Note 6) are classified as "Interest rate swap" assets and liabilities in the accompanying consolidated balance sheets and were carried at estimated fair value as of September 30, 2018 and December 31, 2017. The estimated fair value of these derivative instruments was determined using widely accepted valuation techniques such as discounted cash flow analysis based on the contractual terms of the derivatives including the period to maturity of each instrument. Observable market-based inputs, including interest rate curves and implied volatilities, were also used.

Table of Contents

Therefore, the estimated fair values determined are considered to be based on significant other observable inputs (Level 2). In addition, Piedmont considered both its own and the respective counterparties' risk of nonperformance in determining the estimated fair value of its derivative financial instruments by estimating the current and potential future exposure under the derivative financial instruments for both Piedmont and the counterparties that were at risk as of the valuation date. The credit risks of both Piedmont and its counterparties were factored into the calculation of the estimated fair value of the interest rate swaps; however, as of September 30, 2018 and December 31, 2017, this credit valuation adjustment did not comprise a material portion of the estimated fair value. Therefore, Piedmont believes that any unobservable inputs used to determine the estimated fair values of its derivative financial instruments are not significant to the fair value measurements in their entirety, and does not consider any of its derivative financial instruments to be Level 3 assets or liabilities.

8. Commitments and Contingencies*Commitments Under Existing Lease Agreements*

Under its existing lease agreements, Piedmont may be required to fund significant tenant improvements, leasing commissions, and building improvements. In addition, certain agreements contain provisions that require Piedmont to issue corporate or property guarantees to provide funding for capital improvements or other financial obligations. Piedmont classifies its capital improvements into two categories: (i) improvements which maintain the building's existing asset value and its revenue generating capacity ("non-incremental capital expenditures") and (ii) improvements which incrementally enhance the building's asset value by expanding its revenue generating capacity ("incremental capital expenditures"). As of September 30, 2018, commitments to fund potential non-incremental capital expenditures over the next five years for tenant improvements totaled approximately \$47.0 million related to Piedmont's existing lease portfolio over the respective lease terms, the majority of which Piedmont estimates may be required to be funded over the next three years based on when the underlying leases commence. For most of Piedmont's leases, the timing of the actual funding of these tenant improvements is largely dependent upon tenant requests for reimbursement. In some cases, these obligations may expire with the leases without further recourse to Piedmont. As of September 30, 2018, commitments for incremental capital expenditures for tenant improvements associated with executed leases totaled approximately \$34.9 million.

Contingencies Related to Tenant Audits/Disputes

Certain lease agreements include provisions that grant tenants the right to engage independent auditors to audit their annual operating expense reconciliations. Such audits may result in the re-interpretation of language in the lease agreements which could result in the refund of previously recognized tenant reimbursement revenues, resulting in financial loss to Piedmont. Piedmont recorded \$61,000 and \$0 of such reductions in reimbursement revenues related to such tenant audits/disputes during the three months ended September 30, 2018 and 2017, respectively, and \$0.5 million and \$0.3 million of such reductions in reimbursement revenues related to such tenant audits/disputes during the nine months ended September 30, 2018 and 2017, respectively.

9. Assets Held for Sale

As of September 30, 2018, the 800 North Brand Boulevard building in Glendale, California met the criteria for held for sale classification; consequently its assets and liabilities as of December 31, 2017 have also been reclassified as held for sale in the accompanying consolidated balance sheets for comparability purposes. In addition, during the nine months ended September 30, 2018, Piedmont sold a portfolio of 14 properties (the "2017 Disposition Portfolio") which was also classified as held for sale as of December 31, 2017 in the consolidated balance sheets. Details of assets held for sale as of September 30, 2018 and December 31, 2017 are presented below (in thousands):

Table of Contents**10. Stock Based Compensation**

The Compensation Committee of Piedmont's Board of Directors has periodically granted deferred stock awards to all of Piedmont's employees and independent directors. Employee awards typically vest ratably over a multi-year period and independent director awards vest over one year. Certain employees' long-term equity incentive program is split equally between the time-vested awards described above and a multi-year performance share program whereby the actual awards are contingent upon Piedmont's total stockholder return ("TSR") relative to a peer group of office REITs' TSR. The peer group is predetermined by the Board of Directors, advised by an outside compensation consultant. Any shares earned are awarded at the end of the multi-year performance period and vest upon award.

A rollforward of Piedmont's equity based award activity for the nine months ended September 30, 2018 is as follows:

	Shares	Weighted-Average Grant Date Fair Value
Unvested and Potential Stock Awards as of December 31, 2017	868,437	\$ 21.69

Total					1,034,995

(1) Amounts reflect the total grant to employees and independent directors, net of shares surrendered upon vesting to satisfy required minimum tax withholding obligations through September 30, 2018.

(2) Estimated based on Piedmont's cumulative TSR for the respective performance period through September 30, 2018. Share estimates are subject to change in future periods based upon Piedmont's relative performance compared to its peer group of office REITs' total stockholder return.

During the three months ended September 30, 2018 and 2017, Piedmont recognized approximately \$1.7 million and \$1.3 million of compensation expense related to stock awards all of which is related to the amortization of unvested shares. During the nine months ended September 30, 2018 and 2017, Piedmont recognized approximately \$6.7 million and \$7.0 million of compensation expense related to stock awards, of which \$5.6 million and \$5.4 million is related to the amortization of unvested shares, respectively. During the nine months ended September 30, 2018, a net total of 355,055 shares were issued to employees. As of September 30, 2018, approximately \$5.1 million of unrecognized compensation cost related to unvested deferred stock awards remained, which Piedmont will record in its consolidated statements of income over a weighted-average vesting period of approximately one year.

Table of Contents**11. Supplemental Disclosures for the Statement of Consolidated Cash Flows**

Certain noncash investing and financing activities for the nine months ended September 30, 2018 and 2017, (in thousands) are outlined below:

	Nine Months Ended	
	September 30, 2018	September 30, 2017
Accrued capital expenditures and deferred lease costs	\$21,784	\$ 8,590
Change in accrued dividends and discount on dividend reinvestments	\$(101,794)	\$(30,531)
Change in accrued share repurchases as part of an announced plan	\$(1,277)	\$—
Investment in consolidated joint venture	\$—	\$63,026

The following table provides a reconciliation of cash, cash equivalents, and restricted cash and escrows as reported, or previously reported, within the consolidated balance sheet to the consolidated statement of cash flows as of the nine months ended September 30, 2018 and 2017, respectively (in thousands).

	Nine Months Ended	
	September 30, 2018	September 30, 2017
Cash and cash equivalents, beginning of period	\$7,382	\$ 6,992
Restricted cash and escrows, beginning of period	1,373	1,212

Restricted cash and escrows, end of period	1,374	1,260
Total cash, cash equivalents, and restricted cash and escrows shown in the consolidated statement of cash flows, end of period	\$8,181	\$ 37,368

Amounts in restricted cash and escrows typically represent escrow accounts for the payment of real estate taxes which are required under certain of Piedmont's debt agreements; earnest money deposited by a buyer to secure the purchase of one of our properties; or security or utility deposits held for tenants as a condition of their lease agreement.

12. Earnings Per Share

There are no adjustments to "Net income applicable to Piedmont" for the diluted earnings per share computations.

Net income per share-basic is calculated as net income available to common stockholders divided by the weighted average number of common shares outstanding during the period. Net income per share-diluted is calculated as net income available to common stockholders divided by the diluted weighted average number of common shares outstanding during the period, including unvested deferred stock awards. Diluted weighted average number of common shares reflects the potential dilution under the treasury stock method that would occur if the remaining unvested deferred stock awards vested and resulted in additional common shares outstanding. Unvested deferred stock awards which are determined to be anti-dilutive are not included in the calculation of diluted weighted average common shares.

Table of Contents**13. Guarantor and Non-Guarantor Financial Information**

The following condensed consolidating financial information for Piedmont (the "Parent", "Guarantor", and/or "Consolidated"), Piedmont OP (the "Issuer"), and the other directly and indirectly owned subsidiaries of Piedmont as the Guarantor (the "Non-Guarantors") is provided pursuant to the requirements of Rule 3-10 of Regulation S-X regarding financial statements of guarantors and issuers of guaranteed registered securities. The Issuer is a wholly-owned subsidiary of the Guarantor, and all guarantees by the Guarantor of securities issued by the Issuer are full and unconditional. The principal elimination entries relate to investments in subsidiaries and intercompany balances and transactions, including transactions with the Non-Guarantors.

Transactional Activity

On October 25, 2018, Piedmont purchased 9320 Excelsior Boulevard in Hopkins, Minnesota for \$49.4 million. 9320 Excelsior Boulevard is a 7-story, approximately 268,000 square foot, Class AA office building situated on 5.84 acres in close proximity to Piedmont's Norman Pointe I building acquired in 2017. 9320 Excelsior Boulevard is 100% leased to Cargill, Inc.

See also "Cautionary Note Regarding Forward-Looking Statements" preceding Part I, as well as the consolidated financial statements and accompanying notes thereto and Management's Discussion and Analysis of Financial Condition and Results of Operations included in our Annual Report on Form 10-K for the year ended December 31, 2017.

Liquidity and Capital Resources

We intend to use cash flows generated from the operation of our properties, proceeds from selective property dispositions, including approximately \$160.0 million of anticipated net sales proceeds related to the disposition of 800 North Brand Boulevard, which we anticipate closing during the fourth quarter of 2018, and proceeds from our recently obtained \$500 Million Unsecured 2018 Line of Credit as our primary sources of immediate liquidity. As of the filing date, we have \$202.0 million of unused capacity under our line of credit. When necessary, we may seek secured or unsecured borrowings from third party lenders or issue securities as additional sources of capital. The availability and attractiveness of terms for these additional sources of capital will be highly dependent on market conditions at the time.

Our most consistent use of capital has historically been, and we believe will continue to be, to fund capital expenditures for our existing portfolio of properties. During the nine months ended September 30, 2018 and 2017 we incurred the following types of capital expenditures (in thousands):

	Nine Months Ended	
	September 30,	September 30,
	2018	2017
Capital expenditures for new development	\$32	\$ 4,794
Capital expenditures for redevelopment/renovations	7,546	1,006
Capital expenditures previously credited as part of property acquisition	—	9,254
Other capital expenditures, including building and tenant improvements	37,420	50,353
Total capital expenditures ⁽¹⁾	\$44,998	\$ 65,407

(1) Of the total amounts paid, approximately \$1.2 million and \$0.2 million relates to soft costs such as capitalized interest, payroll, and other general and administrative expenses for the nine months ended September 30, 2018 and 2017, respectively.

"Capital expenditures for new development" relate to new office development projects. During the nine months ended September 30, 2017, such expenditures primarily related to the construction of 500 TownPark, our now complete, approximately 134,000 square foot, 100% leased, four-story office building located adjacent to our existing 400 TownPark building in Lake Mary, Florida.

"Capital expenditures for redevelopment/renovations" during the nine months ended September 30, 2018 primarily relate to the redevelopment project to upgrade common areas, as well as amenities and parking, at our Two Pierce Place building in Itasca, Illinois, while such expenditures during the nine months ended September 30, 2017 related to a now-complete redevelopment project that converted our 3100 Clarendon Boulevard building in Arlington, Virginia from governmental use into Class A private sector office space.

"Other capital expenditures" include all other capital expenditures during the period and are typically comprised of tenant and building improvements necessary to lease, maintain, or provide enhancements to our existing portfolio of office properties.

We classify our tenant and building improvements into two categories: (i) improvements which maintain the building's existing asset value and its revenue generating capacity (“non-incremental capital expenditures”) and (ii) improvements which incrementally enhance the building's asset value by expanding its revenue generating capacity (“incremental capital expenditures”). As of September 30, 2018, commitments for funding non-incremental capital expenditures for tenant improvements over the next five years related to our existing lease portfolio total approximately \$47.0 million. The timing of the funding of these commitments is largely dependent upon tenant requests for reimbursement; however, we anticipate that a significant portion of these improvement allowances may be requested over the next three years based on when the underlying leases commence. In some instances, these obligations may expire with the respective lease, without further recourse to us. Additionally, commitments for incremental capital expenditures for tenant improvements associated with executed leases totaled approximately \$34.9 million as of September 30, 2018.

Table of Contents

For example, for leases executed during the nine months ended September 30, 2018, we committed to spend approximately \$5.61 per square foot per year of lease term for tenant improvement allowances and lease commissions (net of expiring lease commitments), and for those executed during the nine months ended September 30, 2017, we committed to spend approximately \$4.74 per square foot per year of lease term for tenant improvement allowances and lease commissions (net of expiring lease commitments). In addition to the amounts described above that we have already committed to as a part of executed leases, we anticipate continuing to incur similar market-based tenant improvement allowances and leasing commissions in conjunction with procuring future leases for our existing portfolio of properties. Given that our operating model frequently results in leases for large blocks of space to credit-worthy tenants, our leasing success can result in significant capital outlays. Both the timing and magnitude of expenditures related to future leasing activity are highly dependent on the competitive market conditions at the time of lease negotiations of the particular office market within which a given lease is signed.

There are other uses of capital that may arise as part of our typical operations. Subject to the identification and availability of attractive investment opportunities and our ability to consummate such acquisitions on satisfactory terms, acquiring new assets compatible with our investment strategy could also be a significant use of capital. Further, we may continue to use capital resources to repurchase additional shares of our common stock under our stock repurchase program. As of September 30, 2018, we had approximately \$123.5 million of board-authorized capacity remaining for future stock repurchases. Finally, after replacing our \$500 Million Unsecured 2015 Line of Credit with the \$500 Million Unsecured 2018 Line of Credit, as well as extending our Amended and Restated \$300 Million 2011 Term Loan, during the three months ended September 30, 2018, we have no scheduled debt maturities until 2021; however, on a longer term basis we expect to use capital to repay debt obligations when they become due.

The amount and form of payment (cash or stock issuance) of future dividends to be paid to our stockholders will continue to be largely dependent upon (i) the amount of cash generated from our operating activities; (ii) our expectations of future cash flows; (iii) our determination of near-term cash needs for debt repayments, development projects, and selective acquisitions of new properties; (iv) the timing of significant expenditures for tenant improvements, building redevelopment projects, and general property capital improvements; (v) long-term payout ratios for comparable companies; (vi) our ability to continue to access additional sources of capital, including potential sales of our properties; and (vii) the amount required to be distributed to maintain our status as a REIT. With the fluctuating nature of cash flows and expenditures, we may periodically borrow funds on a short-term basis to cover timing differences in cash receipts and cash disbursements.

Results of Operations

Overview

Net income applicable to common stockholders for the three months ended September 30, 2018 was \$16.1 million, or \$0.13 per diluted share, as compared with net income applicable to common stockholders of \$126.1 million, or \$0.87 per diluted share, for the three months ended September 30, 2017. Net income applicable to common stockholders for the three months ended September 30, 2017 included approximately \$113.2 million, or \$0.77 per diluted share, of gains on sales of both a wholly-owned property, as well as an equity interest in a joint venture, whereas the current quarter had no sales or related gains. The current quarter's results did reflect increased operating income as a result of higher overall occupancy in the portfolio in the current period, rental rate growth, and the operational results of properties acquired since September 2017.

Revenue

Rental income decreased approximately \$7.6 million for the three months ended September 30, 2018, as compared to the same period in the prior year. Approximately \$8.3 million of the decrease was attributable to net disposition activity subsequent to September 30, 2017; however, that decrease was partially offset by increases due to increased rental rates and occupancy in the portfolio.

Tenant reimbursements decreased approximately \$1.0 million for the three months ended September 30, 2018 as compared to the same period in the prior year. Approximately \$2.2 million of the decrease was due to net disposition activity subsequent to September 30, 2017; however, that decrease was partially offset by higher recoveries related to increased property taxes at certain of our existing properties as well as increased occupancy in the portfolio.

Expense

Property operating costs decreased approximately \$4.8 million for the three months ended September 30, 2018, as compared to the same period in the prior year. Approximately \$4.0 million of the decrease was due to net disposition activity subsequent to September 30, 2017. Additionally, approximately \$2.4 million of the decrease was attributable to a reduction in recoverable operating expenses, primarily property tax expense due to favorable tax appeals at certain of our properties during the current period. These decreases were partially offset by other operating expenses, particularly higher recoverable repairs and maintenance costs.

Depreciation expense decreased approximately \$3.1 million for the three months ended September 30, 2018 as compared to the same period in the prior year. Approximately \$3.6 million of the decrease was attributable to net disposition activity subsequent

Table of Contents

to September 30, 2017; however, this decrease was partially offset by depreciation on additional building and tenant improvements placed in service subsequent to September 30, 2017 across our portfolio of properties.

Amortization expense decreased approximately \$3.3 million for the three months ended September 30, 2018 as compared to the same period in the prior year. The decrease is primarily attributable to certain lease intangible assets at our existing properties becoming fully amortized subsequent to September 30, 2017, as well as the recognition of accelerated amortization for lease terminations/modifications in the prior year of approximately \$0.5 million.

General and administrative expense increased approximately \$0.5 million for the three months ended September 30, 2018 as compared to the same period in the prior year primarily due to increased accrual for potential performance-based compensation.

Other Income (Expense)

Interest expense decreased approximately \$0.4 million for the three months ended September 30, 2018 as compared to the same period in the prior year. The decrease is primarily attributable to capitalizing interest expense in the current period as part of the redevelopment project to upgrade amenities and parking at our Two Pierce Place building.

Equity in income of unconsolidated joint ventures decreased approximately \$3.7 million for the three months ended September 30, 2018 as compared to the same period in the prior year. The decrease is due to the sale of our last unconsolidated joint venture property, the 8560 Upland Drive building in Denver, Colorado in the prior period, and the recognition of our portion of the related gain on sale.

Gain on sale of real estate assets, net, during the three months ended September 30, 2017 represent the gain recognized on the sale of the Two Independence Square building located in Washington, D.C. There were no sales of real estate assets during the three months ended September 30, 2018.

Revenue

Rental income decreased approximately \$41.1 million for the nine months ended September 30, 2018 as compared to the same period in the prior year. Substantially all of the decrease is attributable to net property disposition activity subsequent to January 1, 2017.

Tenant reimbursements decreased approximately \$5.2 million for the nine months ended September 30, 2018 as compared to the same period in the prior year. Net disposition activity subsequent to January 1, 2017 contributed approximately \$8.1 million to the decrease; however, this variance was partially offset due to the expiration of abatements and an increase in recoverable operating expenses at certain of our existing properties.

Expense

Property operating costs decreased approximately \$12.4 million for the nine months ended September 30, 2018 as compared to the same period in the prior year. Approximately \$17.4 million of the decrease was due to net disposition activity subsequent to January 1, 2017; however, this variance was partially offset by higher recoverable utility, administrative, and repairs and maintenance costs at certain of our existing properties.

Depreciation expense decreased approximately \$9.7 million for the nine months ended September 30, 2018 as compared to the same period in the prior year. Approximately \$12.1 million of the decrease was attributable to net disposition activity subsequent to January 1, 2017; however, this decrease was partially offset by depreciation on additional building and tenant improvements placed in service subsequent to January 1, 2017.

Amortization expense decreased approximately \$11.1 million for the nine months ended September 30, 2018 as compared to the same period in the prior year. The decrease is attributable to net disposition activity and to certain lease intangible assets at our existing properties becoming fully amortized subsequent to January 1, 2017, as well as the recognition of accelerated amortization for lease terminations/modifications in the prior year.

General and administrative expenses decreased approximately \$0.4 million for the nine months ended September 30, 2018 as compared to the same period in the prior year, primarily due to a decrease in state and local tax expense as a result of a reduction in property-related deferred tax liabilities. This decrease was partially offset by increased accruals for potential performance-based compensation.

Other Income (Expense)

Interest expense decreased approximately \$7.4 million for the nine months ended September 30, 2018 as compared to the same period in the prior year. The decrease is primarily attributable to lower average debt outstanding in the current period, specifically due to the repayment of debt subsequent to January 1, 2017, including the \$140 million of secured debt on our 1201 and 1225 Eye Street buildings in Washington, D.C. paid off in August 2017, and two of our unsecured term loans totaling \$470 million paid off in January 2018, offset partially by a new \$250 million seven-year term loan obtained in March 2018.

Other income increased approximately \$1.3 million for the nine months ended September 30, 2018 as compared to the same period in the prior year due to the sale of solar renewable energy certificates to a third-party, as well as interest and fee income for the administration of certain debt instruments.

Equity in income of unconsolidated joint ventures decreased approximately \$3.9 million for the nine months ended September 30, 2018 as compared to the same period in the prior year. The decrease is primarily due to the recognition of our portion of the gain on the sale of our last unconsolidated joint venture property, the 8560 Upland Drive building

in the prior period.

The loss on extinguishment of debt is associated with the early repayment of our \$170 Million Unsecured 2015 Term Loan and our \$300 Million Unsecured 2013 Term Loan. The loss includes the write-off of unamortized debt issuance costs, discounts, and costs related to the termination of interest rate swap agreements associated with the debt.

Gain on sale of real estate assets, net, during the nine months ended September 30, 2018 represents the gain recognized on the sale of the 2017 Disposition Portfolio comprised of 14 properties in various markets that closed in January 2018. Gain on sale of real estate assets, net, during the nine months ended September 30, 2017 represent the gain recognized on the sales of the Sarasota Commerce Center II building located in Sarasota, Florida and the Two Independence Square building.

Funds From Operations ("FFO"), Core Funds From Operations ("Core FFO"), and Adjusted Funds From Operations ("AFFO")

Net income calculated in accordance with GAAP is the starting point for calculating FFO, Core FFO, and AFFO. These metrics are non-GAAP financial measures and should not be viewed as an alternative measurement of our operating performance to net income. Management believes that accounting for real estate assets in accordance with GAAP implicitly assumes that the value of real estate assets diminishes predictably over time. Since real estate values have historically risen or fallen with market conditions, many industry investors and analysts have considered the presentation of operating results for real estate companies that use historical cost accounting to be insufficient by themselves. As a result, we believe that the additive use of FFO, Core FFO, and AFFO, together with the required GAAP presentation, provides a more complete understanding of our performance relative to our competitors and a more informed and appropriate basis on which to make decisions involving operating, financing, and investing activities.

We calculate FFO in accordance with the current National Association of Real Estate Investment Trusts ("NAREIT") definition. NAREIT currently defines FFO as follows: Net income (computed in accordance with GAAP), excluding gains or losses from sales of property and impairment charges (including our proportionate share of any impairment charges and/or gains or losses from sales of property related to investments in unconsolidated joint ventures), plus depreciation and amortization on real estate assets (including our proportionate share of depreciation and amortization related to investments in unconsolidated joint ventures). Other REITs may not define FFO in accordance with the NAREIT definition, or may interpret the current NAREIT definition differently than we do; therefore, our computation of FFO may not be comparable to such other REITs.

We calculate Core FFO by starting with FFO, as defined by NAREIT, and adjusting for gains or losses on the extinguishment of swaps and/or debt, acquisition-related expenses, and any significant non-recurring or infrequent items. Core FFO is a non-GAAP financial measure and should not be viewed as an alternative to net income calculated in accordance with GAAP as a measurement of our operating performance. We believe that Core FFO is helpful to investors as a supplemental performance measure because it excludes the effects of certain items which can create significant earnings volatility, but which do not directly relate to our core recurring business operations. As a result, we believe that Core FFO can help facilitate comparisons of operating performance between periods and provides a more meaningful predictor of future earnings potential. Other REITs may not define Core FFO in the same manner as us; therefore, our computation of Core FFO may not be comparable to that of other REITs.

We calculate AFFO by starting with Core FFO and adjusting for non-incremental capital expenditures and acquisition-related costs and then adding back non-cash items including: non-real estate depreciation, straight-line rent adjustments and fair value lease adjustments, non-cash components of interest expense and compensation expense, and by making similar adjustments for unconsolidated partnerships and joint ventures. AFFO is a non-GAAP financial measure and should not be viewed as an alternative to net income calculated in accordance with GAAP as a measurement of our operating performance. We believe that AFFO is helpful to investors as a meaningful supplemental comparative performance measure of our ability to make incremental capital investments. Other REITs may not define AFFO in the same manner as us; therefore, our computation of AFFO may not be comparable to that of other REITs.
