WESTSPHERE ASSET CORPORATION, INC.

Notes to Financial Statements

For the Three Months Ended March 31, 2004

Note 1 Financial Statements

The accompanying consolidated financial statements included herein have been prepared by Westsphere Asset Corporation, Inc. (the Company) without audit, pursuant to the rules and regulations of the Securities and Exchange Commission for reporting on Form 10-QSB. Certain information and footnote disclosure normally included in the financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted as allowed by such rules and regulations, and Westsphere Asset Corporation, Inc. believes that the disclosures are adequate to make the information presented not misleading. It is suggested that these financial statements be read in conjunction with the December 31, 2003 audited financial statements and the accompanying notes thereto contained in the Annual Report on Form 10-KSB filed with the Securities and Exchange Commission. While management believes the procedures followed in preparing these financial statements are reasonable, the accuracy of the amounts are in some respects dependent upon the facts that will exist, and procedures that will be accomplished by Westsphere Asset Corporation, Inc. later in the year. The results of operations for the interim periods are not necessarily indicative of the results of operations for the full year. In management's opinion all adjustments necessary for a fair presentation of the Company's financial statements are reflected in the interim periods included.

Note 2 Common Stock

During the three months ended March 31, 2004, the Company issued an additional 173,820 shares of its common stock at an average price of \$0.051 for payment of accrued interest and consulting.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION.

During the three (3) month period of operations ended March 31, 2004, Westsphere and its subsidiaries generated a net loss from operations of \$63,111, while net loss from operations of \$42,007 were realized for the same period from the previous year. The total revenue earned during the first quarter of year 2004 increased by \$65,038 to \$660,757 from total revenue earned during the same period from the previous year of \$595,719. This increase in revenue was primarily due to a significant increase in residual and interchange income, partially offset by a decrease in the sale of equipment and supplies. The drop in sales of equipment and supplies was due to Westsphere's subsidiary Vencash focus on restructuring and reorganizing its infrastructure during this period. The increase in residual and interchange income was due to the sale of equipment during the year 2003, and partially from placement of ATMs which are owned by Vencash. Westsphere's gross margin during the first quarter of year 2004 increased by 3% to 43% from gross margin during the same period from the previous year of 40%. Westsphere's total administrative expenses for the first quarter of 2004 increased to \$330,940 from \$299,647 from the previous year. Most of such increase was caused by an increase in salaries and benefits from \$111,127 to a total of \$159,172. The increase in salaries and benefits is due to additional sales and marketing staff and administrative staff to handle the increase in volume of transactions and paperwork. There was also an increase in depreciation and amortization from the first quarter of year 2003 from \$8,989 to a total of \$22,387 during the first quarter of year 2004, which was due to an increase in the placement of capital assets (ATMs) during the year 2003. Other expenses also increased from the first quarter of year 2003 of \$70,267 to \$98,623 during the first quarter of year 2004, which was primarily due to promotion materials, repairs and maintenance, and increase in travel expenses to promote new programs.

Westsphere and its subsidiaries currently generate sufficient cash flow to cover all of its consolidated operating expenses. The restructuring and reorganizing of Vencash's infrastructure, is expected to result in significant cost savings in the second quarter of this year.

In order to grow Westsphere's businesses of ATM machines, financing/leasing and POS machines, Westsphere is dependent upon private placements, loans and/or joint venture arrangements. Westsphere's profit is expected to be generated by the surcharges collected from ATM machines, the sale of ATM machines, sale of POS machines and the collection of Finance/Lease charges.

Changes in Financial Position

During the three (3) month period ended March 31, 2004, Westsphere's total assets decreased to \$1,590,960 from \$1,669,626 as at December 31, 2003. This decrease is primarily due to a decrease in inventory on hand, and a decrease in mortgage receivable. As of March 31, 2004, Westsphere's current liabilities totaled \$459,774 and consisted of accounts payable of \$32,887 to suppliers for the purchase of ATM machines and POS machines with \$88,468 due for consulting services, \$93,667 due for return of surcharge and interchange fees, \$67,763 due for officers and directors bonuses payable from year 2002, and \$18,549 due for office expense, equipment leases, and various other general fees and charges, and accounts payable to related

parties in the amount of \$158,440. Long-term liabilities as at March 31, 2004 consist of \$110,829 in convertible debentures, \$241,368 in shareholders loan, a bank loan in the amount of \$148,774 and non-current lease obligations of \$10,769.

Shareholders' equity as of March 31, 2004 was \$608,568, inclusive of an accumulated loss from operations of \$1,006,797, as compared to shareholders equity of \$668,999 as of December 31, 2003. Total issued and outstanding share capital as of the period ended March 31, 2004 was 29,738,460 common shares as compared to a total of 29,564,640 common shares as of December 31, 2003.

Liquidity and Capital Resources

Summary of Working Capital and Stockholders' Equity

As of March 31, 2004, the Company had working capital of \$97,228 and Stockholders' Equity of \$608,568 compared with working capital of \$121,522 and Stockholders' Equity of \$668,999 as of December 31, 2003. The Company's working capital has decreased principally as a result of a decrease in inventory, which was caused by placement of new ATMs which added to Capital Asset. Stockholders' Equity declined predominantly as a result of the operating losses for the period. Additionally, the Company anticipate a significant cost savings as a result of the restructure and reorganize of its group of companies infrastructure in the remainder of this year to obtain additional capital investment in amounts sufficient to fund operating losses and cash used as described in our financial statements.

Financing activities during the three month period resulted in the use of net cash of \$10,497, which was caused by the repayment of \$18,984 in debt and the issuance of new debt in the amount of \$7,587. The Company's consolidated operations provided \$33,193 in net cash, compared to the use of net cash in the amount of negative \$29,852 during the same period from the previous year. This increase in cash flow from operations was the result no loss from the sale of assets (compared to a loss of \$30,983 during the period ended March 31, 2003), an increase in depreciation and amortization to \$29,505 (compared to \$8,989 in 2003), an increase in accounts receivable to \$10,400 (compared to a decrease of \$14,813 in 2003). The changes in cash flows were driven by the Company having placed more units in previous periods, which resulted in an increase of depreciation and accounts receivable.

Liquidity

The Company anticipates it has sufficient funds over the next twelve months to meet its operation needs. The Company currently has \$111,201 in cash and will not have to raise additional funds to meet its operational needs for the next twelve months. However, the Company intends to raises \$1 million to fund its plans for growth of its subsidiaries. Such amount would allow Vencash Capital to purchase and place an additional 330 automated teller machines. The Company does not anticipate commencement of any capital raising efforts until the 3rd or 4th quarter of

the current calendar year. The Company has not yet made any determination whether it will attempt to obtain equity or debt financing or any other terms, which will be dependent on a variety of factors. As of the filing of this report, the Company has sufficient funds to meet its existing revenue shortfall for the funding of its consolidated

operations. The Company anticipates revenues generated from its sales of equipments and supplies and residual and interchange income will greatly reduce the requirement for additional funding; however, we cannot be certain the Company will be successful in achieving revenues from those operations.

Off-Balance Sheet Arrangements

The Company does not have any off-balance sheet arrangements.

ITEM 3. CONTROLS AND PROCEDURES

The Company's Chief Executive Officer, Mr. Doug Mac Donald, and its Chief Financial Officer, Mr. Kim Law, have implemented the Company's disclosure controls and procedures to ensure that material information relating to the Company is made known to Mr. Mac Donald and Mr. Law. These executive officers have evaluated the effectiveness of the Company's disclosure controls and procedures as of March 31, 2004 (the Evaluation Date).

Based on such evaluation, Messrs. Mac Donald and Law have concluded that, as of the Evaluation Date, the Company's disclosure controls and procedures are effective in alerting them on a timely basis to material information relating to the Company that is required to be included in our reports filed or submitted under the Securities Exchange Act of 1934. Moreover, there were no significant changes in internal controls or in other factors that have materially affected or are reasonably likely to materially affect the Company's internal controls over financial reporting.
