Press Release, dated October 9, 2003 (furnished pursuant to Item 12).

Item 12. Results of Operations and Financial Condition

On October 9, 2003, Abbott Laboratories announced its results of operations for the third quarter of 2003.

Edgar Filing: ABBOTT LABORATORIES - Form 8-K

Furnished as Exhibit 99.1, and incorporated herein by reference, is the news release issued by Abbott announcing its third quarter results. In that news release, Abbott uses various non-GAAP financial measures including: net earnings excluding one-time charges, diluted earnings per share excluding one-time charges, gross margin excluding one-time charges, and sales excluding the impact of foreign exchange. These non-GAAP financial measures adjust for factors that are unusual or unpredictable. Abbott's management believes the presentation of these non-GAAP financial measures provides useful information to investors regarding Abbott's results of operations as these non-GAAP financial measures allow investors to better evaluate ongoing business performance. Abbott's management also uses these non-GAAP financial measures internally to monitor performance of the businesses. Abbott, however, cautions investors to consider these non-GAAP financial measures in addition to, and not as a substitute for, financial measures prepared in accordance with GAAP.
