TCW CONVERTIBLE SECURITIES FUND, INC.
THE PRESIDENT'S LETTER

DEAR SHAREHOLDER:

The roller coaster ride that was 2004 is finally over. The year started out where it left off in 2003 as the equity markets rocketed higher in early January due to strong company earnings and favorable macroeconomic numbers. However, over the next eight months, these gains were lost due to concerns over rising oil prices, terrorism, the U.S. presidential election, and rising interest rates. Reversing course once again, in the fourth quarter the equity markets rebounded due to President Bush's reelection, falling oil prices and strong company earnings finishing the year with solid returns.

Against this backdrop, the shareholders of TCW Convertible Securities Fund, Inc. (the "Fund") realized a total return of 13.02% with dividends reinvested. This compares favorably with the S&P 500 Index which returned 10.88% and the First Boston Convertible Securities Index which returned 7.90% for the same period. The Fund paid four quarterly dividends during the year totaling \$0.2385 per share. The year-end market price of \$5.36 represents a discount of 7.3% to the Fund's net asset value of \$5.78 at December 31, 2004.

There were other noteworthy events for the Fund in 2004. In September, we announced the appointment of director Patrick C. Haden as Chairman of the Board of the Fund. In addition to being independent of TCW, Mr. Haden is an enormously capable and well-respected investment professional with deep roots in the community. Mr. Haden succeeded Ernest O. Ellison as Chairman. Mr. Ellison has been named Chairman Emeritus and continues to be a very active and involved member of the Fund's Board of Directors.

In October, the Fund announced that the Board of Directors approved a managed distribution plan and authorized a new share repurchase program for up to 1,000,000 shares. In addition, the Fund announced changes in the portfolio construction designed to enhance the potential for increased current yield.

The Board of Directors of the Fund believes in putting the interest of its shareholders first. As a central part of this commitment, we have made good corporate governance and reducing the Fund's discount a priority. The managed distribution plan, share repurchase, and changes in the portfolio are all efforts to close the discount between the Fund's share price and net asset value. The managed distribution plan will be a minimum of 7% of the Fund's year-end net asset value per share. The distribution will be paid quarterly and based on the year-end net asset value of \$5.78 per share, the 2005 quarterly distributions will be \$0.101 per share.

PORTFOLIO STRUCTURE AND STRATEGY

The Fund managers use a top-down strategy in determining sector allocations and portfolio characteristics. Following that determination, the Fund buys individual securities with strong and improving business fundamentals for the portfolio. The Fund does not purchase securities that may be in default or where the dividends are in arrears.

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

During 2004, the amount of new issue convertibles totaled \$45.4 billion. This was 46% below the same period in 2003. The lower amount of new issuance caused new issue yields to shrink and negatively impacted the Fund's income. During the fourth quarter of 2004, the Fund invested approximately 14% of its assets in a non-convertible high yield instrument. This increased the Fund's overall income and helped offset the lower yields in the convertible market. At the end of the year, the portfolio was comprised of 70 securities and is diversified across sectors.

The Fund continues to emphasize convertible securities that can provide both income and capital appreciation potential. In addition, the high yield investment

1

will provide additional income to support the dividend. The Fund's largest sectors were information technology at 19.1%, financials at 16.7% and consumer discretionary at 14.2%.

SHARE REPURCHASE PLAN

On January 14, 2005, the Board of Directors of the Fund announced that the Fund will commence the share repurchase plan formally adopted October 28, 2004. At that time, the Board of Directors authorized the Fund to adopt a share repurchase plan, which involved the repurchase of up to 1,000,000 shares of its common stock. Repurchases will be made on the open market or in block purchase transactions. The repurchase plan commenced on January 24, 2005. The timing of the repurchases and the number of shares repurchased will depend upon market conditions and corporate and regulatory requirements.

As discussed earlier, the Fund is currently trading at a discount. Therefore, purchases of shares pursuant to the repurchase plan may result in an increase in the net asset value per share of the remaining shares. In addition, a share repurchase program and the resulting reduction in the amount of shares outstanding may result in increased demand, and, consequently, an increase in the market price of the shares. However, there can be no assurance of any such effect.

DIVIDEND REINVESTMENT PLAN

Shareholders who wish to add to their investment may do so through the Dividend Reinvestment Plan (the "Plan"). Under the Plan, your dividend is used to purchase shares on the open market whenever shares, including the related sales commission, are selling below the Fund's net asset value per share. If the market price, including commission, is selling above the net asset value, you will receive shares at a price equal to the higher of the net asset value per share on the payment date or 95% of the closing market price on the payment date.

To enroll in the Plan, if your shares are registered in your name, write to The Bank of New York, Church Street Station, P.O. Box #11002, New York, New York 10277-0770, or call toll free at (800) 524-4458. If your shares are held by a brokerage firm, please call your broker. If you need assistance, please call our investor relations department at (877) 829-4768 or visit our website at www.tcw.com. As always, we would be pleased to accommodate your investment needs.

On behalf of the Board and everyone at TCW, I would like to thank you for your continued support.

NOTES TO FINANCIAL STATEMENTS

NOTE 1--SIGNIFICANT ACCOUNTING POLICIES:

TCW Convertible Securities Fund, Inc. (the "Fund") was incorporated in Maryland on January 13, 1987 as a diversified, closed-end investment management company and is registered under the Investment Company Act of 1940, as amended. The Fund commenced operations on March 5, 1987. The Fund's investment objective is to seek a total investment return, comprised of current income and capital appreciation through investment principally in convertible securities. In accordance with the requirements of Rule 35d-1 under the 1940 Act, the Fund will invest, under normal market conditions, at least 80% of its net assets, plus any borrowings for investment purposes in convertible securities. The 80% investment policy described above is non-fundamental and may be changed by the Board of Directors to become effective upon at least 60 days' notice to shareholders.

The preparation of the accompanying financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

The following is a summary of the significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The policies are in conformity with accounting principles generally accepted in the United States of America.

SECURITY VALUATION: Securities traded on national exchanges are valued at the last reported sales price or the mean of the current bid and asked prices if there are no sales in the trading period. Other securities which are traded on

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

the over-the-counter market are valued at the mean of the current bid and asked prices. Short-term debt securities with maturities of 60 days or less at the time of purchase are valued at amortized cost. Other short-term debt securities are valued on a mark-to-market basis until such time as they reach a remaining maturity of 60 days, where upon they will be valued at amortized value using their value of the 61st day prior to maturity.

SECURITY TRANSACTIONS AND RELATED INVESTMENT INCOME: Security transactions are recorded on the trade date. Dividend income is recorded on the ex-dividend date, while interest income is recorded on the accrual basis. Discounts, including original issue discounts, and premiums on securities purchased are amortized using a constant yield-to-maturity method. Realized gains and losses on investments are recorded on the basis of identified cost.

DISTRIBUTIONS: Distributions to shareholders are recorded on ex-dividend date. Income and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. These differences may be primarily due to differing treatments for market discount and premium, losses deferred due to wash sales and spillover distributions. Permanent book and tax basis differences relating to shareholder distributions will result in reclassifications to paid-in capital and may affect net investment income per share.

REPURCHASE AGREEMENTS: The Fund may invest in repurchase agreements secured by U.S. Government Securities. A repurchase agreement arises when the Fund purchases a security and simultaneously agrees to resell it to the seller at an agreed upon future date. The Fund requires the seller to maintain the value of the securities, marked to market daily, at not less than the repurchase price. If the seller defaults on its repurchase obligation, the Fund could suffer delays, collection expenses and losses to the extent that the proceeds from the sale of the collateral are less than the repurchase price. The Fund did not enter into any

12

repurchase agreements for the year ended December 31, 2004.

RECLASSIFICATION: The Fund reclassified \$114,359 from other liabilities to paid-in capital at December 31, 2004 in that estimated liabilities related to the Fund's last rights offering are no longer required.

NOTE 2--FEDERAL INCOME TAXES:

It is the policy of the Fund to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and distribute all of its net taxable income, including any net realized gains on investments, to its shareholders. Therefore, no federal income tax provision is required.

For the year ended December 31, 2004, the Fund has a loss carryforward of \$25,205,089, \$61,853,273 and \$10,749,289 which will expire in 2009, 2010 and 2011, respectively.

At December 31, 2004, the Fund had undistributed ordinary income of \$515,328 on a tax basis.

Also for the year ended December 31, 2004, the Fund distributed, on a tax basis, \$11,593,484 all of which is characterized as ordinary income.

At December 31, 2004, net unrealized appreciation for federal income tax purposes is comprised of the following components:

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

Appreciated securities	\$ 27,153,649
Depreciated securities	(4,478,043)

Net unrealized appreciation	\$ 22,675,606
	=====
Cost of securities for federal income tax purposes	\$ 324,677,760
	=====

The following reclassifications have been made for the permanent differences between book and tax accounting as of December 31, 2004.

	INCREASE (DECREASE)
Undistributed Net Investment Income	\$ 4,184,147
Undistributed Net Realized Loss on Investments	\$ (2,900,583)
Paid-in Capital	\$ (1,283,564)

NOTE 3--INVESTMENT ADVISORY AND SERVICE FEES:

TCW Investment Management Company (the "Advisor") is the investment advisor of the Fund. As compensation for the services rendered, facilities provided, and expenses borne, the Advisor is paid a monthly fee by the Fund computed at the annual rate of 0.75% of the first \$100 million of the Fund's average net assets and 0.50% of the Fund's average net assets in excess of \$100 million.

NOTE 4--PURCHASES AND SALES OF SECURITIES:

For the year ended December 31, 2004, purchases and sales or maturities of investment securities (excluding short-term investments) aggregated \$248,004,341 and \$249,853,307, respectively. There were no purchases or sales of U.S. Government securities for the year ended December 31, 2004.

NOTE 5--SECURITY LENDING:

During the year ended December 31, 2004, the Fund lent securities to brokers. The brokers provided collateral, which must be maintained at not less than 100% of the value of the loaned securities, to secure the obligation. At December 31, 2004, the cash collateral received from the borrowing brokers was \$63,175,708 which is 102.7% of the value of the loaned securities. The Fund receives income, net of broker fees, by investing the cash collateral in short-term investments.

13

NOTE 6--DIRECTORS' FEES:

Directors who are not affiliated with the Advisor received, as a group, aggregate fees and expenses of \$77,854 from the Fund for the year ended December 31, 2004. Certain officers and/or directors of the Fund are also officers and/or

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

directors of the Advisor.

NOTE 7--RESTRICTED SECURITIES:

The Fund is permitted to invest in securities that are subject to legal or contractual restrictions on resale. These securities generally may be resold in transactions exempt from registration or to the public if the securities are registered. Disposal of these securities may involve time consuming negotiations and expense, and prompt sale at an acceptable price may be difficult. There are no restricted securities (excluding 144A issues) at December 31, 2004.

NOTE 8--SHARE REPURCHASE PLAN:

In 2000, the Fund's Board of Directors approved the Shares Repurchase Plan (the "Plan") authorizing the Fund to repurchase up to 2 million shares of its common stock. In 2003, the Board authorized an additional 1 million shares to be repurchased pursuant to the Plan. The purpose of the Plan was to enhance the shareholders' value during the time when the stock price traded at a discount to the Fund's net asset value per share. The Fund completed the Plan in the first quarter of 2004 repurchasing all 3 million shares authorized. The following is the summary of the Plan:

	2000	2003	2004	TOTAL

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

PROXY VOTING GUIDELINES AND PROCEDURES

(JANUARY 2004)

INTRODUCTION

Certain affiliates of The TCW Group, Inc. (these affiliates are collectively referred to as "TCW") act as investment advisors for a variety of clients, including mutual funds. In connection with these investment advisory duties, TCW exercises voting responsibilities for its clients through the corporate proxy voting process. TCW believes that the right to vote proxies is a significant asset of its clients' holdings. In order to provide a basis for making decisions in the voting of proxies for its clients, TCW has established a proxy voting committee (the "PROXY COMMITTEE") and adopted these proxy voting guidelines and procedures (the "GUIDELINES"). The Proxy Committee meets quarterly (or at such other frequency as determined by the Proxy Committee) to review the Guidelines and other proxy voting issues. The members of the Proxy Committee include TCW personnel from the investment, legal and marketing departments. TCW also uses

an outside proxy voting service (the "OUTSIDE SERVICE") to help manage the proxy voting process. The Outside Service facilitates TCW's voting according to the Guidelines (or, if applicable, according to guidelines submitted by TCW's clients) and helps maintain TCW's proxy voting records. Under specified circumstances described below involving potential conflicts of interest, the Outside Service may also be requested to help decide certain proxy votes.

PHILOSOPHY

The Guidelines provide a basis for making decisions in the voting of proxies for clients of TCW. When voting proxies, TCW's utmost concern is that all decisions be made solely in the interests of the client and with the goal of maximizing the value of the client's investments. With this goal in mind, the Guidelines cover various categories of voting decisions and generally specify whether TCW will vote for or against a particular type of proposal. TCW's underlying philosophy, however, is that its portfolio managers, who are primarily responsible for evaluating the individual holdings of TCW's clients, are best able to determine how best to further client interests and goals. The portfolio managers may, in their discretion, take into account the recommendations of TCW management, the Proxy Committee, and the Outside Service.

GUIDELINES

The proxy voting decisions set forth below refer to proposals by company management except for the categories of "Shareholder Proposals" and "Social Issue Proposals." The voting decisions in these latter two categories refer to proposals by outside shareholders.

CONFLICT RESOLUTION

Individual portfolio managers, in the exercise of their best judgment and discretion, may from time to time override the Guidelines and vote proxies in a manner that they believe will enhance the economic value of clients' assets, keeping in mind the best interests of the beneficial owners.

A portfolio manager choosing to override the Guidelines must deliver a written rationale for each such decision to TCW's Proxy Specialist (the "PROXY SPECIALIST"), who will maintain such documentation in TCW's proxy voting records and deliver a quarterly report to the Proxy Committee of all votes cast other than in accordance with the Guidelines. If the Proxy Specialist believes there is a question regarding a portfolio manager's vote, she will obtain the approval of TCW's Director of Research (the "DIRECTOR OF RESEARCH") for the vote before submitting it. The Director of Research will review the portfolio manager's vote and make a determination. If the Director of Research believes it appropriate, she may elect to convene the Proxy Committee.

It is unlikely that serious conflicts of interest will arise in the context of TCW's proxy voting, because TCW does not engage in investment banking or the managing or advising of public companies. In the event a potential conflict of interest arises in the context of voting proxies for TCW's clients, the primary means by which TCW will avoid a conflict is by casting such votes solely in the interests of its clients and in the interests of maximizing the value of their portfolio holdings. In this regard, if a potential conflict of interest arises, but the proxy vote to be decided is predetermined hereunder to be cast either in favor or against, then TCW will vote accordingly. On the other hand, if a potential conflict of interest arises and either there is no predetermined vote or such vote is to be decided on a case-by-case basis, then TCW will undertake the following analysis.

First, if a potential conflict of interest is identified because the issuer soliciting proxy votes is itself a client of TCW's (or because an affiliate of such issuer, such as a pension or profit sharing plan sponsored by such issuer,

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

is a client of TCW's), then the Proxy Committee will determine whether such relationship is material to TCW. In making this determination, a conflict of interest will usually not be deemed to be material unless the assets managed for that client by TCW exceed, in the aggregate, 0.25% (25 basis points) or more of TCW's total assets under management. If such a material conflict is deemed to have arisen, then TCW will refrain completely from exercising its discretion with respect to voting the proxy with respect to such vote and will, instead, refer that vote to an outside service for its independent consideration as to how the vote should be cast. Second, a potential conflict of interest may arise because an employee of TCW sits on the Board of a public company. The Proxy Specialist is on the distribution list for an internal chart that shows any Board seats in public companies held by TCW personnel. If there is a vote regarding such a company, and the portfolio manager wants to vote other than in accordance with the Guidelines, the Proxy Specialist will confirm that the portfolio manager has not spoken with the particular Board member and will provide the Proxy Committee with the facts and vote rationale so that it can vote the securities. The vote by the Proxy Committee will be documented.

Finally, if a portfolio manager conflict is identified with respect to a given proxy vote, the Proxy Committee will remove such vote from the conflicted portfolio manager and, as a group, the Proxy Committee will consider and cast the vote

PROXY VOTING INFORMATION AND RECORDKEEPING

Upon request, TCW provides proxy voting records to its clients. These records state how votes were cast on behalf of client accounts, whether a particular matter was proposed by the company or a shareholder, and whether or not TCW voted in line with management recommendations.

TCW is prepared to explain to clients the rationale for votes cast on behalf of client accounts. To obtain proxy voting records, a client should contact the Proxy Specialist.

TCW or an outside service will keep records of the following items: (i) these Proxy Voting Guidelines and any other proxy voting procedures; (ii) proxy statements received regarding client securities (unless such statements are available on the SEC's Electronic Data Gathering, Analysis, and Retrieval (EDGAR) system); (iii) records of votes cast on behalf of clients (if maintained by an outside service, that outside service will provide copies of those records promptly upon request); (iv) records of written requests for proxy voting information and TCW's response (whether a client's request was oral or in writing); and (v) any documents prepared by TCW that were material to making a decision how to vote, or that memorialized the basis for the decision. Additionally, TCW or an outside service will maintain any documentation related to an identified material conflict of interest.

TCW or an outside service will maintain these records in an easily accessible place for at least FIVE YEARS from the end of the fiscal year during which the last entry was made on such record. For the first TWO YEARS, TCW or an outside service will store such records at its principal office.

INTERNATIONAL PROXY VOTING

While TCW utilizes these Proxy Voting Guidelines for both international and domestic portfolios and clients, there are some significant differences between voting U.S. company proxies and voting non-U.S. company proxies. For U.S. companies, it is relatively easy to vote proxies, as the proxies are automatically received and may be voted by mail or electronically. In most cases, the officers of a U.S. company soliciting a proxy act as proxies for the

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

company's shareholders.

For proxies of non-U.S. companies, however, it is typically both difficult and costly to vote proxies. The major difficulties and costs may include: (i) appointing a proxy; (ii) knowing when a meeting is taking place; (iii) obtaining relevant information about proxies, voting procedures for foreign shareholders, and restrictions on trading securities that are subject to proxy votes; (iv) arranging for a proxy to vote; and (v) evaluating the cost of voting. Also, proxy votes against management rarely succeed. Furthermore, the operational hurdles to voting proxies vary by country. As a result, TCW considers international proxy voting on a case-by-case basis. However, when TCW believes that an issue to be voted is likely to affect the economic value of the portfolio securities, that its vote may influence the ultimate outcome of the contest, and that the benefits of voting the proxy exceed the expected costs, TCW will make every reasonable effort to vote such proxies. In addition, TCW will attempt to implement, to the extent appropriate, uniform voting procedures across countries.
