OF DIVIDEND CAPITAL TRUST INC.**

**Investment in Real Estate**

***Merger with Cabot Industrial Value Fund***

We previously entered into an agreement dated June 17, 2005 (the "Agreement") with Cabot Industrial Value Fund, Inc., an unrelated, privately held third party ("Cabot"), to acquire by merger all of the outstanding shares of Cabot's common stock.

Pursuant to the Agreement, on July 21, 2005, we completed the aforementioned merger and through our ownership of Cabot, we acquired an approximate 87% interest in Cabot Industrial Value Fund, LP (the "Cabot Partnership") which owns a portfolio of properties valued at approximately \$695.3 million. We completed the merger for a total expected investment of approximately \$607.5 million, which includes an acquisition fee of approximately \$5.6 million that is payable to Dividend Capital Advisors LLC (our advisor), and was paid using net proceeds from our public offering, proceeds from the issuance of new debt, draws on our secured revolving credit facility and the assumption of existing debt.

The total consideration for the merger was determined through negotiations between Cabot and our advisor. The total consideration may increase by additional costs which have not yet been finally determined. We expect any additional costs to be immaterial.

Through our ownership of Cabot, we have an approximate 87% interest in the Cabot Partnership, a subsidiary of Cabot through which all its properties are owned and operated, and we are also the sole general partner of the Cabot Partnership. The remaining interest in the Cabot Partnership continues to be owned by Cabot Industrial Fund Manager, LLC, the previous general partner of the Cabot Partnership (the "Manager") and other limited partners. At closing, we entered into an agreement whereby we will have the option to acquire the remaining interests in the Cabot Partnership. Through this agreement, the remaining limited partners, including the Manager, have an initial option to put the remaining interests to us beginning April 1, 2006 and ending July 1, 2006 and we have an initial option to call the remaining interests beginning April 1, 2007 and ending July 1, 2007. If either such initial

option is exercised, the remaining interests would be acquired through the assumption of debt, applicable pro rations and cash. Subsequent to these initial options, the seller and we will continue to have put and call options and the price of such remaining interests would be based upon fair value. If we acquire the remaining interests in the Cabot Partnership through the initial options, the total consideration to acquire Cabot and all of such remaining interests in the Cabot Partnership is estimated to be approximately \$694 million, which would be adjusted for all pending acquisitions and dispositions of properties, outstanding debt balances, working capital, prorations and other matters.

The Cabot Partnership portfolio is comprised of 105 industrial buildings combined for 11.7 million square feet, which are located in 12 markets throughout the United States. The following table provides additional information about the portfolio as of June 30, 2005:

The Cabot properties are 100% owned by the Cabot Partnership. As of December 31, 2004, no single tenant occupied 10% or more of the rentable square footage of the portfolio. These properties will be subject to competition from similar properties within their market areas and their economic performance could be affected by changes in local economic conditions. Our management believes that the properties comprising the Cabot Partnership's portfolio are adequately covered by insurance. The portfolio is subject to debt having an aggregate principle amount of approximately \$308.8 million with interest rates ranging from 4.72% to 5.06% and maturity dates ranging from January 2011 to April 2012.
