**FOR** the proposals to approve the Charter Amendments (Proposals Two through Thirteen);

**FOR** the proposal to amend and restate the Company's Bylaws (Proposal Fourteen);

**FOR** the proposal to adopt the 2009 Stock Incentive Plan, under which 750,000 shares of Common Stock will be reserved for issuance (Proposal Fifteen); and

**FOR** the proposal to appoint Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009 (Proposal Sixteen).

### **Where are the Company's principal executive offices located, and what is the Company's main telephone number?**

The Company's principal executive offices are located at 75 East 1700 South, Provo, Utah 84606. The Company's main telephone number is (801) 342-4300.

### **Who is entitled to vote at the Annual Meeting?**

The record date for the Annual Meeting is October 2, 2009. Only shareholders of record at the close of business on that date are entitled to vote at the Annual Meeting. As of the record date, 15,510,159 shares of our Common Stock, no par value per share, were outstanding and entitled to vote.

Our stock transfer books will remain open between October 20, 2009 and the date of the Annual Meeting. A list of shareholders entitled to vote at the Annual Meeting will be available for inspection at our principal executive offices.

### **How many votes do I have?**

Edgar Filing: NATURES SUNSHINE PRODUCTS INC - Form PRER14A

Each holder of Common Stock is entitled to one vote per share held. As a result, a total of 15,510,159 votes may be cast on each matter at the Annual Meeting.

**What is the difference between a shareholder of record and a beneficial owner of shares held in street name?**

*Shareholder of Record.* If your shares are registered directly in your name with the Company's transfer agent, American Stock Transfer & Trust Company, you are considered the shareholder of record with respect to those shares.

*Beneficial Owner of Shares Held in Street Name.* If your shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization, then you are the beneficial owner of shares held in "street name." The organization holding your account is considered the shareholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account.

**If I am a shareholder of record of Common Stock, how do I vote?**

If you are a shareholder of record, you may vote by mailing a completed proxy card. To vote by mailing a proxy card, please sign and return the enclosed proxy card in the enclosed prepaid and self-addressed envelope and your shares will be voted at the Annual Meeting in the manner you directed. You may also vote your shares in person at the Annual Meeting. If you are a shareholder of record, you may request a ballot at the Annual Meeting.

**If I am a beneficial owner of shares held in street name, how do I vote?**

If you are the beneficial owner of shares held in street name, you will receive instructions from the brokerage firm, bank, broker-dealer or other similar organization (the "record holder") that must be followed for the record holder to vote your shares per your instructions. Please complete and return the voting instruction card in the self-addressed postage paid envelope provided.

If your shares are held in street name and you wish to vote in person at the Annual Meeting, you must obtain a proxy issued in your name from the record holder and bring it with you to the meeting. We recommend that you vote your shares in advance as described above so that your vote will be counted if you later decide not to attend the Annual Meeting.

**What is a quorum?**

A quorum must be present at the Annual Meeting for any business to be conducted. The presence at the Annual Meeting, either in person or by proxy, of holders of a majority of the shares of Common Stock outstanding on the record date will constitute a quorum. Accordingly, shares representing 7,755,080 votes must be present, in person or by proxy, at the Annual Meeting to constitute a quorum. Abstentions and "broker non-votes" will be counted for the purpose of determining whether a quorum is present for the transaction of business.

If a quorum is not present, the Annual Meeting will be adjourned until a quorum is obtained.

**What is a broker non-vote?**

If you are a beneficial owner of shares held in street name and do not provide the record holder with specific voting instructions, under the rules of various national securities exchanges, the record holder may generally vote on routine matters but cannot vote on non-routine matters. If the record holder does not receive instructions from you on how to vote your shares on a non-routine matter, the record holder will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a "broker non-vote."

**What vote is required for each item?**

For Proposal One, directors are elected by a plurality of the votes cast by the shares entitled to vote at the Annual Meeting. Accordingly, the eight nominees receiving the highest number of votes cast will be elected as directors. Abstentions will have no effect on the outcome of the election of candidates for director. Additionally, the election of directors is considered a routine matter on which a record holder is generally empowered to vote, and therefore no broker non-votes are expected to exist with respect to Proposal One. Should any nominee become unavailable to serve before the Annual Meeting, the proxies will be voted by the proxy holders for such other person as may be designated by our Board of Directors or for such lesser number of nominees as may be prescribed by the Board of Directors. Votes cast for the election of any nominee who has become unavailable will be disregarded.

Approval of Proposals Two, Three, Four, Six, Fourteen, Fifteen and Sixteen requires the votes cast in favor of the proposal to exceed the votes cast against such proposal. Since proposals concerning changes to the purpose of the Company and the adoption of stock incentive plans are non-routine matters on which brokers are not empowered to vote without instructions, there may be broker non-votes on Proposal Three and Fifteen. In contrast, the approval of immaterial changes to the Articles of Incorporation, the authorization of the Board to make changes to the Company's Bylaws, the exculpation and indemnification, amendments to the bylaws and the ratification of an independent registered public accounting firm are matters on which a broker is generally empowered to vote. Accordingly, no broker non-votes are expected to exist in connection with Proposal Two, Four, Six, Fourteen and Sixteen.

Approval of Seven, Eight, Ten and Eleven requires the affirmative vote of at least a majority of the total outstanding shares of Common Stock. Abstentions will count as votes AGAINST Proposals Seven, Eight, Ten and Eleven. Since proposals concerning the authorization of preferred stock, the elimination of the ability of shareholders to act by written consent and the increasing the shareholder voting requirements are non-routine matters on which brokers are not empowered to vote without instructions, there may be broker non-votes on Proposal Eight, Ten and Eleven. In contrast, the approval of an increase in the authorized Common Stock is a matter on which a broker is generally empowered to vote. Accordingly, no broker non-votes are expected to exist in connection with Proposal Seven.

Approval of Proposals Five, Nine, Twelve and Thirteen requires the affirmative vote of at least three-fourths (75%) of the total outstanding shares of Common Stock. Abstentions will count as votes AGAINST Proposals Five, Nine, Twelve and Thirteen. Since proposals concerning shareholder voting provisions are non-routine matters on which brokers are not empowered to vote without instructions, there may be broker non-votes on Proposals Nine, Twelve and Thirteen. In contrast, the approval of general modification regarding the terms of directors is a matter on which a broker is generally empowered to vote. Accordingly, no broker non-votes are expected to exist in connection with Proposal Five.

In addition, each of Proposals Two through Fourteen is conditioned on the approval of the other. This means that shareholders must approve all of the proposals relating to the Charter Amendments and the amendment and restatement of the Company's Bylaws in order for any of them to be adopted.

**What happens if I do not give specific voting instructions?**

If you are a shareholder of record and you do not specify how the shares represented thereby are to be voted, your shares will be voted in the manner recommended by the Board on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

## Edgar Filing: NATURES SUNSHINE PRODUCTS INC - Form PRER14A

If you are a beneficial owner of shares held in street name and you do not specify how the shares represented thereby are to be voted, your broker may generally exercise its discretionary authority to vote your shares on routine matters (Proposals One, Two, Three, Five, Six, Seven, Fourteen and Sixteen), but your broker will not be permitted to vote your shares with respect to non-routine matters (Proposals Three, Eight, Nine, Ten, Eleven, Twelve, Thirteen and Fifteen).

### **What if I receive more than one set of proxy materials, proxy card or voting instruction form?**

If you receive more than one set of proxy materials, proxy card or voting instruction form because your shares are held in multiple accounts or registered in different names or addresses, please vote your shares held in each account to ensure that all of your shares will be voted.

### **Who will count the votes and how will my vote(s) be counted?**

All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. If your proxy is properly submitted, the shares represented thereby will be voted at the Annual Meeting in accordance with your instructions.

### **Can I change my vote after I have voted?**

If you are a shareholder of record, you may revoke or change your vote at any time before the Annual Meeting by filing a notice of revocation or another proxy card with a later date with the Corporate Secretary at Nature's Sunshine Products, Inc., 75 East 1700 South, Provo, Utah 84606. If you are a shareholder of record and attend the Annual Meeting and vote by ballot, any proxy that you submitted previously to vote the same shares will be revoked automatically and only your vote at the Annual Meeting will be counted.

If you are a beneficial owner of shares held in street name, you should contact the record holder to obtain instructions if you wish to revoke or change your vote before the Annual Meeting. Please note, however, that if your shares are held in street name, your vote in person at the Annual Meeting will not be effective unless you have obtained and present a proxy issued in your name from the record holder.

### **Where can I find the voting results of the Annual Meeting?**

The preliminary voting results will be announced at the Annual Meeting. The final voting results will be tallied by the inspector of election and published in the Company's Annual Report on Form 10-K for the fiscal year ending on December 31, 2009, which the Company is required to file with the Securities and Exchange Commission ("SEC") by March 16, 2010.

### **How and when may I submit a shareholder proposal for the 2010 Annual Meeting of Shareholders?**

In the event that a shareholder desires to have a proposal considered for presentation at the 2010 Annual Meeting of Shareholders, and included in our proxy statement and form of proxy card used in connection with that meeting, the proposal must be forwarded in writing to our Corporate Secretary so that it is received no later than June 11, 2010. If the 2010 Annual Meeting of Shareholders is held on a date more than thirty calendar days from November 6, 2010, a shareholder proposal must be received by a reasonable time before the Company begins to print and mail its proxy solicitation materials. Any such proposal must comply with the requirements of Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended, referred to in this proxy statement as the Exchange Act.

The proxy solicited by our Board of Directors for the 2010 Annual Meeting of Shareholders will confer discretionary authority to vote on any proposal presented to shareholders at the meeting for

which the Company did not have notice on or prior to August 25, 2010. If the 2010 Annual Meeting of Shareholders is held on a date more than thirty calendar days from November 6, 2010, such notice must be received by a reasonable time before the Company begins to mail its proxy solicitation materials.

To forward any shareholder proposals or notices of proposals or to receive a copy of our Bylaws write to the Corporate Secretary at Nature's Sunshine Products, Inc., 75 East 1700 South, Provo, Utah 84606.

**Who will bear the cost of soliciting proxies?**

We will bear the entire cost of the solicitation of proxies for the Annual Meeting, including the preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional solicitation materials furnished to shareholders. Copies of solicitation materials will be furnished to brokerage firms, bank, broker-dealer or other similar organization holding shares in their names that are beneficially owned by others so that they may forward the solicitation materials to the beneficial owners. We may reimburse such persons for their reasonable expenses in forwarding solicitation materials to beneficial owners. The original solicitation of proxies may be supplemented by solicitation by personal contact, telephone, facsimile, email or any other means by our directors, officers or employees, and we will reimburse any reasonable expenses incurred for that purpose. No additional compensation will be paid to those individuals for any such services.

**MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING**

---

**PROPOSAL ONE:**

**ELECTION OF DIRECTORS**

**General**

Directors are elected at annual meetings of shareholders. Our Articles of Incorporation provide for a classified Board of Directors, consisting of three staggered classes of directors, as nearly equal in number as possible. Shareholders generally will elect a portion of our Board of Directors each year to serve until the third annual meeting of shareholders following the annual meeting in which they are elected. A director elected by the Board of Directors to fill a vacancy in a class will serve until the next annual meeting of shareholders at which directors are elected and until his or her successor is duly elected and qualified.

**Voting Agreements**

On February 27, 2009, Prescott Group Aggressive Small Cap Master Fund, G.P. ("Prescott") made a written demand, pursuant to Section 16-10a-702(1)(b) of the Utah Revised Business Corporation Act (the "Revised Act"), that the Company hold a special meeting of shareholders, or in lieu thereof an annual meeting of shareholders, for the purpose of electing a slate of directors proposed by Prescott. On March 10, 2009, Prescott made a written demand, pursuant Section 16-10a-1601(3) of the Revised Act, that Prescott be allowed to inspect and copy the record of shareholders required to be maintained by the Company pursuant to Section 16-10a-1601(3) of the Revised Act. The stated purpose for such inspection was to solicit proxies from the Company's shareholders for the purpose of voting on the election of directors and other matters presented at the meeting of shareholders. Prescott informed the Company that on April 3, 2009, it commenced a legal action in the Fourth Judicial District Court for Utah County, Utah (*Prescott Group Aggressive Small Cap Master Fund, G.P. v. Nature's Sunshine Products, Inc.*, Civil No. 090401518) in order to petition the court to order an annual meeting of shareholders for the purpose of electing directors of the Company. We were informed that the complaint was filed but not served.

On May 22, 2009, the Company and Kristine F. Hughes, Eugene L. Hughes and Pauline Hughes Francis (collectively, the "Hughes Parties") in their capacity as shareholders of the Company entered into a settlement and voting agreement (the "Prescott Agreement") with Prescott. Contemporaneously with the Prescott Agreement, the Company and the Hughes Parties entered into voting agreements (collectively with the Prescott Agreement, the "Voting Agreements") with each of the following shareholders of the Company: Red Mountain Capital Partners II, L.P., Red Mountain Capital Partners III, L.P. and Paradigm Capital Management, Inc. (collectively with Prescott, the "Shareholder Parties"). As part of the Prescott Agreement, Prescott agreed to withdraw its demands, dismiss its legal action and release the Company, the Hughes Parties and other related parties from claims relating to Prescott's legal action. A total of 7,944,217 shares of Common Stock are subject to the Voting Agreements, constituting 51.2 percent of the outstanding shares in the Company as of August 31, 2009.

Pursuant to the Voting Agreements, effective as of June 7, 2009, (i) the authorized number of directors of the Board was increased from six to eight directors in accordance with Section 3.2 of the Bylaws of the Company, creating two additional vacancies in addition to one previously unfilled vacancy on the Board, (ii) with the exception of Kristine F. Hughes, all of the then members of the Board resigned as members of the Board, resulting in a total of seven vacancies on the Board and (iii) Michael D. Dean, Albert R. Dowden, Douglas Faggioli, Pauline Hughes Francis, Willem Mesdag, Jeffrey D. Watkins and Candace K. Weir were appointed, without any specific Board class designation, to fill such vacancies on the Board to serve as directors until the next annual meeting of shareholders

These factors may include judgment, skill, diversity, experience with businesses and other organizations of comparable size, the interplay of the candidate's experience with the experience of other Board members and the extent to which the candidate would be a desirable addition to the Board and any committees thereof.

During fiscal year 2008, there were two formal regular meetings and one formal special meeting of the Board of Directors, as well as numerous informal informational sessions. Each member of the Board of Directors during fiscal year 2008 attended or participated in 75 percent or more of the aggregate of (i) the total number of regular and special meetings of the Board of Directors held during the fiscal year or the portion thereof following such person's appointment to the Board and (ii) the total number of meetings held by all committees of the Board on which such director served during the fiscal year or the portion thereof following such person's appointment to one or more of those committees.

During fiscal year 2008, the Audit Committee held five formal meetings, as well as numerous informal informational sessions, while the Compensation Committee held one formal meeting during that time. The Nominations Committee, on the other hand, did not hold a meeting during fiscal year 2008.

### Annual Meeting Attendance

Although the Company does not have a formal policy regarding attendance by members of the Board of Directors at the annual meetings of shareholders, directors are encouraged to attend such meetings. The Company did not hold an annual meeting of shareholders during fiscal year 2008.

### Communications with Directors

We have not in the past adopted a formal process for shareholder communications with the Board of Directors. Nevertheless, the directors have endeavored to ensure that the views of shareholders are heard by the Board or individual directors, as applicable, and that appropriate responses are provided to shareholders in a timely manner. Communications to the Board of Directors may be submitted in writing to our Corporate Secretary at our principal executive offices at 75 East 1700 South, Provo, Utah 84606. The Board of Directors relies upon the Corporate Secretary to forward written questions or comments to named directors or committees thereof, as appropriate. General comments or inquiries from shareholders are forwarded to the appropriate individual within the Company, including the President, as appropriate.

**Code of Ethics**

We adopted a revised Code of Conduct on August 29, 2008 that applies to all of our employees, including our Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer and senior financial and accounting officers. Among other matters, the Code of Conduct establishes policies to deter wrongdoing to promote (i) both honest and ethical conduct, including ethical handling of actual or apparent conflicts of interest, (ii) compliance with applicable laws, rules and regulations, (iii) full, fair, accurate, timely and understandable disclosure in reports and documents that we file with or submit to the SEC and in public communications and (iv) prompt internal reporting of violations of the Code of Conduct and accountability for adherence to the Code of Conduct. In addition, we provide an ethics line for reporting any violations of the Code of Conduct on a confidential basis. A copy of our Code of Conduct is available on our website at [www.natr.com](http://www.natr.com) or by writing to our Corporate Secretary at our principal executive offices at 75 East 1700 South, Provo, Utah 84606. We will post on our internet website all amendments to, or waivers from, our Code of Conduct that are required to be disclosed by applicable law.

**Director Compensation**

The following table sets forth certain information regarding the compensation of each individual who served as a member of our Board of Directors during the 2008 fiscal year. Except with respect to Eugene L. Hughes, the compensation disclosed is for services rendered as a Board member during that year. Mr. Hughes was also our employee, and the compensation disclosed for him below reflects his compensation he received in his capacity as an employee. He did not receive any additional compensation for his Board service.

Name	Fees Earned or Paid in Cash \$(1)	Stock Awards (\$)	Option Awards (\$)	Non-Equity Incentive Plan Compensation (\$)	Change in Pension Value and Nonqualified Deferred Compensation Earnings (\$)	All Other Compensation \$(2)	Total (\$)

Consists of retainer fees for service as a member of the Board with respect to Kristine F. Hughes, Pauline Hughes Francis, Robert K. Bowen and Larry A. Deppe; Mr. Hughes received salary of \$215,000, of which he deferred \$13,000 into the Company's Supplemental Elective Deferral Plan (the "SEDP"). Retainers paid to Mmes. Hughes and Francis were paid on a monthly basis; retainers paid to Messrs. Bowen and Deppe were paid on a quarterly basis. The amount of retainer fees depends on the tenure of the Board member and the services being provided by that Board member. Mmes. Hughes and Francis have served as members of our Board for a significantly longer period than Messrs. Bowen and Deppe. Ms. Hughes, as Chairperson of the Board, provides significant additional services. Accordingly, the retainer fees for Mmes. Hughes

and Francis are higher than the retainer fees paid to Messrs. Bowen and Deppe. The aggregate payments include the following categories of payments:

Name	Retainer (\$)	Committee Chairperson Additional Retainer (\$)	Total (\$)

*Expenses.* Board members were reimbursed for travel and other expenses incurred in connection with their duties as directors to the extent such expenses were submitted to the Company for reimbursement.

*Equity.* No stock options or other equity awards were granted to our directors during 2008.

*Nonqualified Deferred Compensation.* None of our non-employee directors participated in the SEDP. Mr. Hughes elected to defer under the SEDP \$13,000 of the compensation he received in 2008 in his capacity as an employee. Mr. Hughes's aggregate earnings in the SEDP included a loss of \$22,334, and his balance as of December 31, 2008 was \$64,981. No withdrawals were made by Mr. Hughes during 2008. The SEDP is more fully described above in the section following the Nonqualified Deferred Compensation Plans table. The earnings on amounts deferred under the SEDP do not constitute above-market or preferential earnings and, accordingly, are not included in the Director Compensation table above.

On September 1, 2009, the Board of Directors adopted a new compensation plan for non-employee directors of the Company. Under the new compensation plan, each newly elected non-employee director will receive a one-time option grant to purchase 25,000 shares of Common Stock upon his or her election to the Board. All non-employee directors will receive an annual retainer of \$50,000 for their service on the Board and will receive no additional fees paid for attendance at meetings of the Board or Company events at which a director's attendance is required. Our Chairperson will receive an additional annual retainer of \$50,000. Each non-employee director serving on the Audit Committee will receive an additional annual retainer as follows: chairperson \$15,000; other committee members \$10,000. Each non-employee director serving on the Compensation Committee will receive an additional annual retainer as follows: chairperson \$10,000; other committee members \$5,000. The chairperson of the Nominating and Governance Committee will receive an additional annual retainer of \$10,000. All cash compensation will be paid on a monthly basis. The new

compensation plan will be effective as of October 1, 2009 with respect to all non-employee directors other than Kristine F. Hughes and Pauline Hughes Francis, whose compensation will remain at current levels for the remainder of 2009. Beginning in January, 2010, Mmes. Hughes and Francis will be subject to the new compensation plan.

In addition, on September 24, 2009, the Board approved option grants to purchase 25,000 shares of our Common Stock subject to shareholder approval of our 2009 Stock Incentive Plan at the Annual Meeting for each of Michael D. Dean, Albert R. Dowden, Willem Mesdag, Jeffrey D. Watkins and Candace K. Weir. Each option will have a maximum term of 10 years and will vest and become exercisable for all of the underlying shares upon shareholder approval of the 2009 Stock Incentive Plan at the Annual Meeting. If such shareholder approval is not obtained, the options will terminate immediately and cease to be outstanding.

**INTRODUCTION TO PROPOSALS TWO THROUGH THIRTEEN:**

**APPROVAL OF CHARTER AMENDMENTS**

**General**

Our Articles of Incorporation as currently in effect were prepared in 1989 and have not been amended or otherwise modified since that time. Over the course of the intervening 20 years, there have been a number of substantive changes made to the Revised Act, as well as changes in the practical application of the law. As a result, the Articles of Incorporation are significantly different from the articles of incorporation of other public companies, particularly those that have become public companies more recently. The Board believes it to be in the best interest of the Company and its shareholders to update the Articles of Incorporation to bring it up to modern standards and to ensure that the Articles of Incorporation and Bylaws are consistent and well-integrated. Proposals Two, Three, Four, Five and Six are being submitted for shareholder approval in order to update the Articles of Incorporation by modifying certain provisions and removing several obsolete provisions from the Articles of Incorporation.

Proposals Seven and Eight, on the other hand, are being submitted for shareholder approval to increase the authorized capital shares of the Company in order to ensure that the Company has sufficient authorized but unissued shares, which may be used by the Company to, among other things, pay stock dividends to shareholders, raise capital, provide equity incentives to employees, officers and directors and enter into transactions that the Board believes provide the potential for growth and profit. In addition, our Board of Directors believes that Proposals Nine, Twelve and Thirteen will help promote the stability and continuity of the Board and provide the Board with greater flexibility to manage the Company, while Proposal Eleven would provide the Company with more stable corporate governance policies and procedures. Finally, Proposal Ten is being submitted for shareholder approval to eliminate the ability of shareholders to act by written consent, which the Board believes will help increase the participation of all shareholders in determining any proposed action of shareholders.

**Possible Anti-Takeover Effects**

Our Board of Directors has observed that certain tactics, including proxy fights and hostile tender offers, have become relatively common in connection with unsolicited attempts to gain corporate control. The Board of Directors considers such tactics to be highly disruptive to a company and often contrary to the overall best interests of its shareholders. In particular, such tactics frequently represent an attempt to acquire a corporation in the marketplace at an unfairly low price. Proposals Seven, Eight, Nine, Ten, Eleven, Twelve and Thirteen are being submitted for shareholder approval to improve the flexibility of the Board of Directors in dealing with any unsolicited takeover offers. These proposed amendments are intended to encourage persons seeking to acquire control of the Company to initiate such efforts through negotiations with our Board of Directors. The Board of Directors believes that these proposed amendments will help provide our Board of Directors with the time necessary to evaluate unsolicited offers, as well as appropriate alternatives, in a manner that assures fair treatment of the Company's shareholders. These proposed amendments are also intended to increase the bargaining leverage of the Board of Directors, on behalf of the Company's shareholders, in any negotiations concerning a potential change of control of the Company. These proposed amendments would, however, make more difficult or discourage a proxy contest or the assumption of control by a substantial shareholder and thus could increase the likelihood that incumbent directors will retain their positions.

Takeovers or changes in the board of directors of a company that are proposed and effected without prior consultation and negotiation with the company are not necessarily detrimental to the company and its shareholders. However, the Board of Directors feels that the benefits of seeking to protect the ability of the Company to negotiate effectively through directors who have previously been

elected by shareholders and who are familiar with the Company outweigh any disadvantage of discouraging such unsolicited proxies even though such attempt might be favored by some of the Company's shareholders.

The Charter Amendments are permitted under the Revised Act. With respect to Proposals Seven, Eight, Nine, Ten, Eleven, Twelve and Thirteen, these proposed amendments are not the result of management's knowledge of any specific effort to accumulate the Company's securities or to obtain control of the Company by means of a merger, tender offer, proxy solicitation in opposition to management or otherwise. Unsolicited attempts to gain corporate control of public companies have increased in general since the time the Company's current Articles of Incorporation were drafted. The Board believes that updating the Articles of Incorporation with the amendments set forth in Proposals Seven, Eight, Nine, Ten, Eleven, Twelve and Thirteen are necessary to protect the Company from the effects of possible future unsolicited takeover offers. Given the difficulties of adopting and implementing protections at the time of an unsolicited offer, the Board of Directors believes it is prudent to adopt such protections in advance of any specific offer.

Please see the discussion in the summaries below regarding additional anti-takeover effects of these proposals. The Company does not presently intend to propose other anti-takeover measures in future proxy solicitations.

#### **Existing Arrangements with Possible Anti-Takeover Effect**

Neither the Articles of Incorporation nor the Bylaws contain provisions intended by the Company to have, or to the knowledge of the Board of Directors having, an anti-takeover effect. However, the Articles of Incorporation currently authorizes 20,000,000 shares of Common Stock, a substantial number of which have not been issued or reserved for issuance. This authorized but unissued Common Stock could, within the limits imposed by applicable law, be issued by the Company and used to discourage a change in control of the Company. For example, the Company could privately place shares with purchasers who might side with the Board of Directors in opposing a hostile takeover bid. In addition, the Articles of Incorporation currently contains a provision providing for a staggered Board of Directors, which would require any party attempting a take-over to wait at least a year before gaining control of the Board of Directors. Moreover, the Board of Directors could adopt a shareholder rights plan (sometimes referred to as a "poison pill"), pursuant to which rights would be issued to current shareholders of the Company which would entitle, under certain circumstances, all holders, other than the bidder, to purchase additional shares of Common Stock at prices possibly substantially below market value. Shares of Common Stock could also be issued to a holder that would thereafter have sufficient voting power to assure that any proposal to amend or repeal certain provisions of the Articles of Incorporation or the Company's Bylaws would not receive the necessary votes contemplated by Proposals Eleven and Thirteen.

#### **Applicable Utah Law with Possible Anti-Takeover Effect**

We are subject to the Utah Control Shares Acquisitions Act (the "Acquisitions Act") so long as (1) more than 10% of our shareholders residing in Utah, (2) more than 10% of our shares owned by Utah residents, or (3) we have 10,000 shareholders resident in Utah. The Acquisitions Act may discourage or prevent takeover attempts of our company. The Acquisitions Act, set forth in Sections 61-6-1 through 61-6-12 of the Utah Code Annotated, generally provides that, when any person obtains shares (or the power to direct the voting of shares) of an issuing public corporation such that the person's voting power equals or exceeds any of three levels (one-fifth, one-third, or a majority), the ability to vote (or to direct the voting of) those shares, which are deemed to be control shares, is conditioned on the approval by a majority of the corporation's shares (voting in voting groups, if applicable), excluding the control shares or other interested shares. Shareholder approval may occur at the next annual or special meeting of the shareholders, or, if the acquiring person requests and agrees

to pay the associated costs of the corporation, at a special meeting of the shareholders to be held within 50 days of the corporation's receipt of the request by an acquiring person. If authorized by the articles of incorporation or the bylaws, the corporation may redeem control shares at the fair market value if the acquiring person fails to file an acquiring person statement or if the shareholders do not grant voting rights to control shares. If the shareholders grant voting rights to the control shares, and if the acquiring person obtained a majority of the voting power, shareholders may be entitled to dissenters' rights. An acquisition of shares does not constitute a control share acquisition within the meaning of the Acquisitions Act if (1) the corporation's articles of incorporation or bylaws provide that the Acquisitions Act does not apply; (2) the acquisition is consummated pursuant to a merger in which we are a party to the merger agreement; or (3) under certain other specified circumstances. The Company's Articles of Incorporation and Bylaws make no reference to the Acquisitions Act.

#### **Effectiveness of the Charter Amendments**

Under the Revised Act, the Charter Amendments require shareholder approval. Upon shareholder approval, these changes would take effect on the date we file the Amended and Restated Articles of Incorporation with the Secretary of State of the State of Utah, a copy of which is attached as Appendix A. However, if any of the Charter Amendments is not approved, none of the Charter Amendments will be enacted.

#### **Description of the Charter Amendments**

The Charter Amendments have been proposed as separate proposals due to varying subject matter or the shareholder vote required to approve each of the proposed amendments. This approach will allow the Company's shareholders to consider and vote on each of the proposals so that any and all amendments approved by the holders of the required number of shares of Common Stock may be implemented. The complete text of the Amended and Restated Articles of Incorporation, which incorporates the changes proposed by the Charter Amendments, is contained in Appendix A in this proxy statement. You are urged to read Appendix A in its entirety, as the discussion in the summary of the proposed amendments is qualified in its entirety by reference to Appendix A.

**PROPOSAL TWO:**

**APPROVAL OF AMENDMENTS TO RESTATED ARTICLES OF INCORPORATION TO MODIFY OR REMOVE CERTAIN PROVISIONS AND TO MAKE OTHER TECHNICAL CHANGES**

Our Board of Directors is requesting that shareholders approve several amendments to the Articles of Incorporation that will modify certain provisions and remove several obsolete provisions from the Articles of Incorporation, as well as make other technical changes.

**Purpose and Effect of the Proposed Amendments**

Article I of the Articles of Incorporation contains the name clause of the Company. Our Board of Directors proposes a modification to Article I to add clarifying language to define Nature's Sunshine Products, Inc. The following is the relevant text of Article I of the Articles of Incorporation, as proposed to be amended, with additions indicated with underlined text:

The name of the Corporation is Nature's Sunshine Products, Inc. (the "Corporation").

Article VI of the Articles of Incorporation contains the pre-emptive rights clause of the Company. Our Board of Directors proposes a technical modification to Article VI to correct a misspelled term. The following is the relevant text of Article VI of the Articles of Incorporation, as proposed to be amended, with additions indicated with underlined text and deletions indicated by strike-through text:

No holder of shares of the Corporation of any class now or hereafter authorized, shall have any preferential or pre-emptive right to subscribe for, purchase or receive any shares of the Corporation of any class, now or hereafter authorized, or any options or warrants for such shares, or any rights to subscribe to or purchase such shares or any securities convertible into or exchangeable for such shares, which may at any time be issued, sold or offered for sale by the Corporation. The Board of Directors of the Corporation shall have the right to issue the authorized and treasury shares of this Corporation at such time and upon such terms and conditions and for such consideration as the Board of Directors shall determine.

Article VIII of the Articles of Incorporation contains the registered office and agent clause of the Company. Our Board of Directors proposes a modification to Article VIII to provide current information regarding the Company's registered office and agent. The following is the relevant text of Article VIII of the Articles of Incorporation, as proposed to be amended, with additions indicated with underlined text and deletions indicated by strike-through text:

The address of the Corporation's registered office in the State of Utah is 75 East 1700 South, Provo, Utah 84606.

The name of the Corporation's registered agent at that address is the Corporation's General Counsel.

In reviewing the Articles of Incorporation, our Board of Directors has identified several provisions in the Articles of Incorporation that are now obsolete or inconsequential to the Company due to the passage of time or as a result of changes in corporate governance practices. As of result of this review, we are proposing to remove in its entirety the following provisions from the Articles of Incorporation:

The preamble to the Articles of Incorporation, which currently reads as follows:

We, the undersigned, natural persons being more than twenty-one years of age, acting as incorporators of a corporation pursuant to the provisions of the Utah Business Corporation Act, do hereby adopt the following Articles of Incorporation for such Corporation.

## Edgar Filing: NATURES SUNSHINE PRODUCTS INC - Form PRER14A

Article II contains the duration clause of the Company, which currently reads as follows:  
The Corporation shall continue in existence perpetually unless sooner dissolved according to the law.

Article V contains a paid-in capital clause, which currently reads as follows:

The Corporation shall not commence business until consideration of a value of a least \$1,000.00 has been received by it as consideration for the issuance of its shares.

Article IX sets forth the initial directors of the Company, which currently reads as follows:  
The original Board of Directors shall be comprised of five (5) persons. The names and addresses of the persons who are to serve as directors until the first annual meeting of shareholders and until their successors are elected and shall qualify are as follows:

<b>Name</b>	<b>Address</b>
Kenneth E. Brailsford	42 North 1360 East Springville, Utah 84663
G. Jay Hughes	Route 1, Box 435 Benjamin, Utah 84660
Kerry O. Assay	456 East 200 North Provo, Utah 84601
Richard S. Hughes	260 West 600 North Spanish Fork, Utah 84660
Eugene L. Hughes	2461 North 750 East Provo, Utah 84601

Article X contains an incorporators clause, which currently reads as follows:

The names and addresses of the incorporators are:

<b>Name</b>	<b>Address</b>
Richard L. Chatham	700 South 330 East Salt Lake City, Utah 84111
Burke T. Maxfield	1700 East 3970 South #3 Salt Lake City, Utah 84117
Hazel Ann Cowan	3795 South 900 East #6 Salt Lake City, Utah 84107

As a result of the foregoing changes and the changes contemplated by the other Charter Amendments, we will also include conforming changes in the numbering and cross-references in the Restated Charter, as necessary.

### **Vote Required**

Approval of Proposal Two requires the votes cast in favor of the proposal to exceed the votes cast against the proposal. For purposes of the proposal, abstentions and broker non-votes will not affect the outcome, which recognizes only actual votes cast.

**Recommendation of the Board of Directors**

**The Board of Directors unanimously recommends a vote FOR the proposal to amend the Articles of Incorporation to modify or remove certain provisions and to make other technical changes.**

**PROPOSAL THREE:**

**APPROVAL OF AMENDMENT TO RESTATED ARTICLES OF INCORPORATION  
TO MODIFY THE PURPOSE OF THE COMPANY**

Our Board of Directors is requesting that shareholders approve an amendment to the Articles of Incorporation that will modify the purpose clause of the Company.

**Purpose and Effect of the Proposed Amendment**

Article III of the Articles of Incorporation contains the purpose clause of the Company, which currently reads in its entirety as follows:

The purposes for which the Corporation is organized are:

1. To buy, sell, grow, manufacture, produce, or otherwise deal in any and all food and/or food supplements and further, to purchase, invest in, acquire, and/or act as holding company for various other related businesses. And further, to create, publish, sell, and otherwise deal in publications relating to but not limited to food and/or food supplements.
2. To purchase, or otherwise acquire, and to hold, grant security interests in, pledge, sell, exchange, or otherwise dispose of, securities (which term includes, without limitation of the generality thereof, any shares of stocks, bonds, debentures, contracts, options, notes, mortgages, or other obligations, and any certificates, receipts, or other instruments representing rights to receive, purchase, or subscribe for the same, or representing any other rights or interests therein or in any property or assets) created or issued by any persons, firm, associations, corporations, or governments or subdivisions thereof; to make payment therefore in any lawful manner; and to exercise, as owner or holder of any securities, any and all rights, powers, and privileges in respect thereof.
3. To issue, offer, underwrite, buy, sell, sponsor, create, assign, transfer, pledge or otherwise deal in commodities, options, or double options on commodities of any kind whatsoever.
4. To act as registrar or transfer agent either for itself or for others, including the cancellations, authentication, validation, issuance and execution of share certificates; the preparation and maintenance of any and all books, ledgers, journals and records in connection therewith; the execution, signing, verification, and acknowledgment of any kind and all documents or writings of any kind whatsoever; and all other acts necessary or appropriate in connection thereto.
5. To do any act or thing provided or permitted herein either directly or indirectly through agents, independent contractors, joint ventures, subsidiaries, divisions, contractual arrangements or otherwise.
6. In general, to possess and exercise all the powers and privileges granted by the laws of the State of Utah or by these Articles of Incorporation together with any powers incidental thereto, so far as such powers and privileges are necessary or convenient to the conduct, promotion or attainment of the purpose of the Corporation.
7. The business and purposes specified in the foregoing clauses shall, except where otherwise expressed, be in nowise limited or restricted by reference to, or inference from, the

terms of any other clause in these Articles of Incorporation, but the business and purposes specified in each of the foregoing clauses of this Article shall be regarded as independent businesses and purposes.

If approved, the purpose clause as currently drafted will be removed in its entirety and replaced with the following text:

The purpose for which the Corporation is organized is to engage in any lawful act or activity for which corporations may be organized under the Utah Revised Business Corporation Act (the "*Revised Act*").

Our Board of Directors has determined that the purpose clause in the Articles of Incorporation may not provide all the flexibility that the Company needs to conduct its business. Moreover, the articles of incorporation of public companies commonly include similar purpose provisions as the proposed amendment. As a result, we propose a modification to Article III to shorten the purpose clause in a manner consistent with the Revised Act.

#### **Vote Required**

Approval of Proposal Three requires the votes cast in favor of the proposal to exceed the votes cast against the proposal. For purposes of the proposal, abstentions and broker non-votes will not affect the outcome, which recognizes only actual votes cast. Since a proposal concerning the revision of the purpose clause is a matter on which brokers are not empowered to vote without instructions, there may be broker non-votes on Proposal Three.

#### **Recommendation of the Board of Directors**

**The Board of Directors unanimously recommends a vote FOR the proposal to amend the Articles of Incorporation to modify the purpose clause of the Company.**

### **PROPOSAL FOUR:**

#### **APPROVAL OF AMENDMENT TO RESTATED ARTICLES OF INCORPORATION TO AUTHORIZE THE BOARD OF DIRECTORS TO ADOPT, AMEND, ALTER AND REPEAL THE COMPANY'S BYLAWS**

Our Board of Directors is requesting that shareholders approve an amendment to the Articles of Incorporation that will provide the Board with the authority to adopt, amend, alter and repeal the Company's Bylaws.

#### **Purpose and Effect of the Proposed Amendment**

Section 16-10a-1020 of the Revised Act provides that a board of directors of a company may amend the company's bylaws at any time, except to the extent that the articles of incorporation, the bylaws or the Revised Act reserve such power exclusively to the shareholders, in whole or part. The articles of incorporation of many public companies expressly authorize their boards of directors to adopt, amend, alter or repeal the bylaws. This authority facilitates the board's ability to efficiently implement and adapt corporate policies and procedures as changing circumstances may necessitate, without having to incur the expense and delay of soliciting proxies and votes from the shareholders and holding a meeting of shareholders.

The proposed amendment will amend the Articles of Incorporation to include a new Article to read, in pertinent part, as follows:

In furtherance and not in limitation of the power conferred upon the Board of Directors by law, the Board of Directors shall have power to adopt, amend, alter and repeal from time to

## Edgar Filing: NATURES SUNSHINE PRODUCTS INC - Form PRER14A

time the bylaws of the Corporation by majority vote of all directors except that any provision of the bylaws requiring, for board action, a vote of greater than a majority of the Board of Directors shall not be amended, altered or repealed except by such supermajority vote.

The proposed amendment, if approved by shareholders, will not divest or limit the power of shareholders to adopt, amend or repeal our Bylaws. If this proposal is not approved, the ability of our Board of Directors to make changes to our Bylaws will continue to be subject to Section 16-10a-1020 of the Revised Act. The Company is asking for shareholder approval of Proposal Fourteen, which amends and restates the Company's Bylaws. It should be noted that, if Proposal Four is adopted, the Board of Directors will be authorized to approve future amendments of the Company's Bylaws without the approval of shareholders. Proposal Four will provide the Board of Directors with the authority to amend any provision of the amended and restated Bylaws proposed to be adopted pursuant to Proposal Fourteen.

### **Vote Required**

Approval of Proposal Four requires the votes cast in favor of the proposal to exceed the votes cast against the proposal. For purposes of the proposal, abstentions and broker non-votes will not affect the outcome, which recognizes only actual votes cast.

### **Recommendation of the Board of Directors**

**The Board of Directors unanimously recommends a vote FOR the proposal to amend the Articles of Incorporation to provide the Board with the authority to adopt, amend, alter and repeal the Company's Bylaws.**

## **PROPOSAL FIVE:**

### **APPROVAL OF AMENDMENTS TO RESTATED ARTICLES OF INCORPORATION TO MODIFY CERTAIN PROVISIONS RELATING TO THE TERMS OF DIRECTORS**

Our Board of Directors is requesting that shareholders approve amendments to the Articles of Incorporation that will modify certain provisions relating to terms of the Board members.

### **Purpose and Effect of Proposed Amendments**

Article IX of the Articles of Incorporation provides, in pertinent part, the following:

The Board of Directors shall be and is divided into three classes, Class I, Class II, and Class III, which shall be as nearly equal in number as possible. Each director shall serve for a term ending on the date of the third Annual Meeting following the Annual Meeting at which such director was elected; provided, however, that each initial director in Class I shall hold office until the Annual Meeting of Shareholders in 1985; each initial director in Class II shall hold office until the annual meeting of Shareholders in 1986; and each initial director in Class III shall hold office until the Annual Meeting of Shareholders in 1987.

Our Board of Directors believes that the Articles of Incorporation do not adequately address the terms of directors elected to office by shareholders or appointed to fill vacancies on the Board. As a result, the Board believes that it is necessary to modify the foregoing provision in order to clarify the terms of the directors, including the initial terms of the directors that we are asking shareholders to elect under Proposal One. Accordingly, the Board proposes to replace the foregoing provision in its entirety with the following text:

The Board of Directors shall be divided into three classes as nearly equal in number as may be feasible, hereby designated as Class I, Class II and Class III, with the term of office of one

## Edgar Filing: NATURES SUNSHINE PRODUCTS INC - Form PRER14A

class expiring at each annual meeting. Each director shall be elected to serve a term ending at the third annual meeting of shareholders following the annual meeting of shareholders at which such director was elected, or until his or her earlier death, resignation or removal; provided, however, that (i) the directors in Class I at the time of the effectiveness of these Restated Articles shall serve for a term ending on the Corporation's first annual meeting of shareholders following the effectiveness of these Restated Articles, (ii) the directors in Class II at the time of the effectiveness of these Restated Articles shall serve for a term ending on the Corporation's second annual meeting of shareholders following the effectiveness of these Restated Articles and (iii) the directors in Class III at the time of the effectiveness of these Restated Articles shall serve for a term ending on the Corporation's third annual meeting of shareholders following the effectiveness of these Restated Articles. When a vacancy on the Board of Directors is filled, the director chosen to fill that vacancy shall complete the term of the director he or she succeeds (or shall complete the term of the class of directors in which the new directorship was created). Notwithstanding the foregoing, each director shall hold office until his or her successor shall have been elected and qualified or until such director's earlier death, resignation or removal. No reduction of the authorized number of directors shall have the effect of removing any director prior to the expiration of such director's term of office. When the number of directors is changed, each director then serving as such shall nevertheless continue as a director of the class of which he or she is a member until the expiration of his or her current term, and any newly created directorships or any decrease in directorships shall be so assigned among the classes by a majority of the directors then in office, though less than a quorum, as to make all classes as nearly equal in number as may be feasible.

It should be noted that, pursuant to Proposals Ten and Thirteen, future amendments of this section of the Restated Articles of Incorporation would require the approval of at least three-fourths (75%) of the outstanding shares of the Company voting in person or by proxy at a meeting of the shareholders.

### **Vote Required**

Approval of Proposal Five requires the affirmative vote of three-fourths (75%) of the total outstanding shares of Common Stock. Abstentions will count as votes AGAINST the proposal.

### **Recommendation of the Board of Directors**

**The Board of Directors unanimously recommends a vote FOR the proposal to amend the Articles of Incorporation to modify certain provisions relating to the terms of Board members.**

**PROPOSAL SIX:**

**APPROVAL OF AMENDMENT TO RESTATED ARTICLES OF INCORPORATION THAT ELIMINATES PERSONAL LIABILITY, TO THE EXTENT PERMITTED BY LAW, OF THE COMPANY'S DIRECTORS AND OFFICERS, AND PROVIDES FOR THE INDEMNIFICATION OF ITS DIRECTORS, OFFICERS, EMPLOYEES, FIDUCIARIES AND AGENTS**

Our Board of Directors is requesting that shareholders approve an amendment to the Articles of Incorporation that will eliminate personal liability, to the extent permitted by law, of our directors and officers and provide for the indemnification of our directors, officers, employees, fiduciaries or agents.

**Purpose and Effect of the Proposed Amendment**

The Revised Act permits the exculpation of directors and officers and the indemnification of directors, officers, employees, fiduciaries and agents. In addition, the articles of incorporation of public companies commonly provide exculpation and indemnification of their directors, officers and other persons. Our Board of Directors believes that providing exculpation and indemnification is an important factor in attracting and retaining highly qualified individuals to serve as directors and officers of the Company and in other capacities and motivating such individuals to devote their maximum efforts toward the advancement of the Company and its business. Although the Articles of Incorporation provide some limitation of liability of our directors and officers with respect to contracts, our Board of Directors believes that it is inadequate in providing the necessary incentives to attract and retain highly qualified individuals to serve as directors and officers of the Company. As a result, we propose to remove in its entirety the following provision from the Articles of Incorporation:

No contract or other transaction between this Corporation and any other firm or corporation shall be affected by the fact that a director or officer of this Corporation has an interest in, or is a director or officer of such firm or other corporation. Any officer or director, individually or with others, may be a party to, or may have an interest in, any transaction of this Corporation or any transaction in which the Corporation is a party or has an interest. Each person who is now or may become an officer or a director of this Corporation is hereby relieved from liability that might otherwise obtain in the event that such officer or director contracts with this Corporation for the benefit of himself or any firm or other corporation in which he may have an interest, provided such officer or director acts in good faith.

If approved, the proposed amendment will amend the Articles of Incorporation to replace the foregoing provision with following text:

To the fullest extent permitted by the Revised Act or any other applicable law as now in effect or as it may hereafter be amended, a director or officer of the Corporation shall not be personally liable to the Corporation or its shareholders for monetary damages for any action taken or any failure to take any action, as a director or officer. The Corporation is authorized to indemnify and advance expenses to its directors, officers, employees, fiduciaries, or agents to the fullest extent permitted by law. Neither the amendment, modification or repeal of this Article nor the adoption of any provision in these Restated Articles, as amended from time to time, inconsistent with this Article X shall adversely affect any right or protection of a director, officer, employee, fiduciary, or agent of the Corporation with respect to any act or omission that occurred prior to the time of such amendment, modification, repeal or adoption.

The proposed amendment is intended to make exculpation of directors and officers a mandatory obligation of the Company. On the other hand, indemnification would only be permissive, unless indemnification is otherwise mandatory under applicable law. As a result, the Board of Directors would have the authority to determine whether or not to indemnify or advance expenses to a director, officer, employee, fiduciary or agent based on the particular set of circumstances. However, the Company may

enter into separate indemnification agreements with its directors and officers, which would require mandatory indemnification of such directors and officers in all circumstances to the fullest extent permitted by law.

#### **Vote Required**

Approval of Proposal Three requires the votes cast in favor of the proposal to exceed the votes cast against the proposal. For purposes of the proposal, abstentions and broker non-votes will not affect the outcome, which recognizes only actual votes cast.

#### **Recommendation of the Board of Directors**

**The Board of Directors unanimously recommends a vote FOR the proposal to amend the Articles of Incorporation to provide the exculpation of directors and officers and the indemnification of our directors, officers, employees, fiduciaries and agents.**

#### **PROPOSAL SEVEN:**

#### **APPROVAL OF AMENDMENTS TO RESTATED ARTICLES OF INCORPORATION TO INCREASE THE AUTHORIZED SHARES OF COMMON STOCK AND TO CLARIFY CERTAIN RIGHTS AND PREFERENCES OF COMMON STOCK**

Our Board of Directors is requesting that shareholders approve amendments to our Articles of Incorporation that will increase the number of authorized shares of Common Stock from 20,000,000 to 50,000,000 and to clarify certain rights and preferences of Common Stock.

#### **Purpose of the Proposed Amendments**

The authorized capital of the Company currently consists of 20,000,000 shares of Common Stock. Due to the proposed authorization of Preferred Stock pursuant to Proposal Eight, if the Company issues preferred shares convertible into Common Stock, the number of shares of Common Stock currently authorized may be insufficient to permit the full conversion of such preferred shares into Common Stock, the issuance of up to 750,000 shares of Common Stock issuable upon exercise of equity awards that may be granted under the 2009 Stock Incentive Plan, which we are asking shareholders to approve under Proposal Fifteen, and the issuance of Common Stock in any other capital raising activities.

The proposed amendments will also allow the Company to maintain sufficient shares of Common Stock for future business and financial purposes. Authorized but unissued shares of Common Stock may be used by the Company for any purpose permitted under the Revised Act, including but not limited to, paying stock dividends to shareholders, raising capital, providing equity incentives to employees, officers and directors, and entering into transactions that the Board believes provide the potential for growth and profit. Furthermore, future acquisitions may be a key component of growth and, from time to time, consideration for acquisitions may include the issuance of Common Stock. Other than the conversion of Preferred Stock and Common Stock issuable upon exercise of equity awards that may be granted under the 2009 Stock Incentive Plan, the Company currently has no arrangements, agreements or understandings for the issuance or use of the additional shares of Common Stock proposed to be authorized.

The proposed amendments are also intended to clarify the rights and preferences of Common Stock as it relates to Preferred Stock, which we are asking shareholders to authorize under Proposal

Eight. Our Board of Directors proposes a modification to include a new Subparagraph A to read in its entirety as follows:

The preferences, limitations and relative rights of each class of shares (to the extent established hereby), and the express grant of authority to the Board of Directors to amend these Articles of Incorporation to divide the Preferred Shares into series, to establish and modify the preferences, limitations and relative rights of each Preferred Share, and to otherwise impact the capitalization of the Corporation, subject to certain limitations and procedures and as permitted by Section 602 of the Revised Act, are as follows:

A. *Common Shares.*

1. *Voting Rights.* Except as otherwise expressly provided by law or in this Article IV, each outstanding Common Share shall be entitled to one (1) vote on each matter to be voted on by the shareholders of the Corporation.

2. *Liquidation Rights.* Subject to any prior or superior rights of liquidation as may be conferred upon any Preferred Shares, and after payment or provision for payment of the debts and other liabilities of the Corporation, upon any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Corporation, the holders of Common Shares then outstanding shall be entitled to receive all of the assets and funds of the Corporation remaining and available for distribution. Such assets and funds shall be divided among and paid to the holders of Common Shares, on a pro rata basis, according to the number of shares of Common Shares held by them.

3. *Dividends.* Dividends may be paid on the outstanding shares of Common Shares as and when declared by the Board of Directors, out of funds legally available therefor; provided, however, that no dividends shall be made with respect to the Common Shares until any preferential dividends required to be paid or set apart for any shares of Preferred Shares have been paid or set apart.

4. *Residual Rights.* All rights accruing to the outstanding shares of the Corporation not expressly provided for to the contrary herein or in any amendment hereto or thereto shall be vested in the Common Shares.

**Effect of the Proposed Amendment**

The authorization of additional shares of Common Stock will not, by itself, have any effect on the rights of present shareholders. The additional 30,000,000 shares to be authorized will be a part of the existing class of Common Stock and, if and when issued, would have the same rights and preferences as the shares of Common Stock presently issued and outstanding. Shareholders do not have preemptive rights to subscribe for or purchase additional shares of Common Stock. Accordingly, the issuance of additional shares of Common Stock for corporate purposes, other than a stock split or stock dividend, could have a dilutive effect on the ownership and voting rights of shareholders at the time of issuance. However, as noted above, other than the conversion of Preferred Stock and Common Stock issuable upon exercise of equity awards that may be granted under the 2009 Stock Incentive Plan, the Company currently has no arrangements, agreements or understandings for the issuance or use of the additional shares of Common Stock proposed to be authorized.

As discussed above, authorized but unissued shares of Common Stock may also be used to oppose a hostile takeover attempt or to delay or prevent a change in control of the Company.

**Vote Required**

Approval of Proposal Seven requires the affirmative vote of a majority of the total outstanding shares of Common Stock. Abstentions will count as votes AGAINST the proposal.

**Recommendation of the Board of Directors**

**The Board of Directors unanimously recommends a vote FOR the proposal to amend the Articles of Incorporation to increase the number of authorized shares of Common Stock from 20,000,000 to 50,000,000 and to clarify certain rights and preferences of Common Stock.**

**PROPOSAL EIGHT**

**APPROVAL OF AMENDMENTS TO RESTATED ARTICLES OF INCORPORATION TO CREATE A  
NEW CLASS OF STOCK DESIGNATED AS PREFERRED STOCK AND TO AUTHORIZE  
THE ISSUANCE OF UP TO 10,000,000 SHARES OF PREFERRED STOCK**

Our Board of Directors is requesting that shareholders approve amendments to our Articles of Incorporation that will create a new class of stock designated as Preferred Stock and authorize the issuance of up to 10,000,000 shares of Preferred Stock.

**Purpose of the Proposed Amendment**

The Articles of Incorporation authorize the issuance of only Common Stock and do not authorize the issuance of any class of preferred stock. Many public companies have authorized one or more classes of preferred stock in their articles of incorporation. Preferred stock is generally defined to mean any class of equity securities which has a preference over common stock in terms of dividends or claims on a company's assets on liquidation. Among other advantages, preferred stock can provide companies like Nature's Sunshine with a less expensive source of funding for corporate ventures.

While the Company at the present time has no plan or intention for the issuance of Preferred Stock, the Board of Directors believes that it is advisable to create a class of preferred stock to provide the flexibility to use our capital stock in the best interests of our shareholders. These preferred shares may be used for various purposes including, without limitation, raising additional capital through the sale of preferred shares, acquiring another company or business or assets in exchange for shares of preferred stock, establishing strategic relationships with corporate partners who are compensated with preferred shares, providing equity incentives to employees, officers or directors or pursuing other matters as the Company deems appropriate. The terms of a new series of preferred shares may provide for the conversion of such shares into Common Stock. As the terms of a new series of preferred shares will not be determined until such time as they are issued, if ever, the rate at which such series of preferred shares may convert into Common Stock is unknown. We are asking under Proposal Seven that the shareholders approve an increase in the authorized number of shares of Common Stock from 20,000,000 to 50,000,000 so that there exists a sufficient number of shares of Common Stock into which shares of Preferred Stock could be converted if necessary.

Should the creation of a class of preferred shares be approved by our shareholders, the Board of Directors does not intend to solicit further shareholder approval prior to the issuance of preferred shares, except as may be required by applicable law or the terms of any series of outstanding preferred shares, and the terms of any such preferred shares will have the rights and preferences determined by

the Board of Directors. Accordingly, our Board of Directors proposes a modification to the capitalization clause to include a new Subparagraph B to read in its entirety as follows:

*B. Preferred Shares.*

The Board of Directors, without shareholder action, may amend the Corporation's Articles of Incorporation, pursuant to the authority granted to the Board of Directors by Subsection 1002(1)(e) and within the limits set forth in Section 16-10a-602 of the Revised Act, to do any of the following:

1. designate and determine, in whole or in part, the preferences, limitations and relative rights of the Preferred Shares before the issuance of any shares of Preferred Shares;
2. create one or more series of Preferred Shares, fix the number of shares of each such series (within the total number of authorized shares of Preferred Shares available for designation as a part of such series), and designate and determine, in whole or in part, the preferences, limitations and relative rights of each series of Preferred Shares all before the issuance of any shares of such series;
3. alter or revoke the preferences, limitations and relative rights granted to or imposed upon the Preferred Shares (before the issuance of any shares of Preferred Shares, or upon any wholly-unissued series of Preferred Shares); or
4. increase or decrease the number of shares constituting any series of Preferred Shares, the number of shares of which was originally fixed by the Board of Directors, either before or after the issuance of shares of the series, provided that the number may not be decreased below the number of shares of such series then outstanding, or increased above the total number of authorized shares of Preferred Shares available for designation as a part of such series.

**Effect of Proposed Amendment**

The holders of the Company's Common Stock do not have any preemptive or similar rights to purchase any shares of preferred stock. Although the creation of a class of preferred stock will not, in and of itself, have any immediate effect on the rights of holders of the Common Stock, the issuance of shares of one or more series of preferred shares could, depending on the nature of the rights and preferences granted by the Board of Directors to the newly issued series of preferred shares, affect the holders of the Common Stock in a number of respects, including, without limitation the following:

if the Board of Directors issues preferred shares with voting rights, such shares would dilute the voting power of holders of the Common Stock;

by reducing the amount otherwise available for the payment of dividends on (and or restricting the payment of dividends on) the Common Stock, to the extent dividends are payable on shares of a new series of preferred shares;

in the event a new series of preferred shares provided for the conversion of such shares into the Common Stock and the conversion was deemed to be below the fair market value of the Common Stock, such a series of preferred shares could serve to decrease the prospective market price of the Common Stock;

by reducing the amount otherwise available for payment upon liquidation of the Company to the holders of the Common Stock, to the extent of any liquidation preference on a new series of preferred stock; and

by diluting the earnings per share and book value per share of the outstanding shares of the Common Stock and preferred shares.

## Edgar Filing: NATURES SUNSHINE PRODUCTS INC - Form PRER14A

Similar to the anti-takeover effect of authorized but unissued shares of Common Stock, the availability of additional authorized preferred shares could enable the Board of Directors to make more difficult, discourage or prevent an attempt to obtain control of the Company by merger, tender offer, proxy contest or other reasons. For example, the Board of Directors could issue preferred shares defensively on favorable terms in response to a takeover attempt. Such issuance could deter the types of transactions which may be proposed or could discourage or limit the participation of Common Stock in certain types of transactions that might be proposed (such as a tender offer), whether or not such transactions are favored by the majority of the Company's shareholders, and could enhance the ability of the Company's officers and directors to retain their positions. Similarly, privately placing preferred shares could create voting impediments or frustrate persons seeking to effect a merger or to otherwise gain control of the Company. For example, the Board of Directors in their discretion could issue preferred shares convertible into a greater number of shares of Common Stock than would result from a one-for-one conversion.

### **Vote Required**

Approval of Proposal Eight requires the affirmative vote of a majority of the total outstanding shares of Common Stock. Abstentions will count as votes AGAINST the proposal. Since a proposal concerning the authorization of preferred stock is a matter on which brokers are not empowered to vote without instructions, there may be broker non-votes on Proposal Eight.

### **Recommendation of the Board of Directors**

**The Board of Directors unanimously recommends a vote FOR the proposal to amend the Articles of Incorporation to create a new class of designated as preferred stock and authorize the issuance of up to 10,000,000 shares of Preferred Stock.**

### **PROPOSAL NINE:**

#### **APPROVAL OF AMENDMENT TO RESTATED ARTICLES OF INCORPORATION TO REQUIRE A SHOWING OF CAUSE FOR SHAREHOLDERS TO REMOVE DIRECTORS**

Our Board of Directors is requesting that shareholders approve an amendment to our Articles of Incorporation that will require a showing of cause for shareholders to remove directors.

### **Purpose and Effect of the Proposed Amendment**

Section 16-10a-808 of the Revised Act provides that shareholders may remove one or more directors with or without cause, unless the articles of incorporation provide that directors may be removed only for cause. Although Article IX of the Articles of Incorporation provides that a director may be removed upon the vote of at least three-fourths (75%) of the then issued and outstanding capital shares of the Company, it currently does not prohibit shareholders from removing directors without cause. As a result, our Board of Directors proposes to remove in its entirety the following provision from the Articles of Incorporation:

Directors shall only be subject to removal before their term has expired upon the vote of at least three-fourths (75%) of the then issued and outstanding capital shares of the Corporation.

If approved, the proposed amendment will amend the Articles of Incorporation to replace the foregoing provision with following text:

The shareholders may remove one or more directors at a meeting called for that purpose if notice has been given that a purpose of the meeting is such removal. Notwithstanding the preceding sentence, directors may only be removed for cause and upon the affirmative vote of at least three-fourths (75%) of the shares then entitled to vote at an election of directors.

## Edgar Filing: NATURES SUNSHINE PRODUCTS INC - Form PRER14A

One effect of the proposed amendment is to make it more difficult for holders of three-fourths (75%) of the then issued and outstanding capital shares of the Company to remove Directors, even if they deem it to be in their best interest to do so. Our Board of Directors believes that eliminating the ability of shareholders to remove directors without cause will promote the stability and continuity of leadership and maintain the integrity of a classified board. In addition, we are asking shareholders to authorize the Board of Directors to fix the number of Board members and to fill vacancies on the Board under Proposal Twelve. If Proposal Twelve is adopted, the Board will be entitled to expand the size of the Board of Directors and fill any resulting vacancies, and the shareholders will not be entitled to remove such newly appointed directors without cause until the new directors next stand for election.

The proposed amendment should also render more difficult, and may discourage, an attempt to acquire control of the Company without the approval of the Board and the Company's management. For example, the proposed amendment will impede someone who acquires voting control of the Company immediately to remove the incumbent directors who may oppose such person and to replace them with directors supporting their agenda, and will instead require such person to demonstrate cause for removal of an incumbent director or replace incumbent directors as their terms expire over a period of up to three years.

It should be noted that, pursuant to Proposals Ten and Thirteen, future amendments of this section of the Restated Articles of Incorporation would require the approval of at least three-fourths (75%) of the outstanding shares of the Company voting in person or by proxy at a meeting of the shareholders.

### **Vote Required**

Approval of Proposal Nine requires the affirmative vote of three-fourths (75%) of the total outstanding shares of Common Stock. Abstentions will count as votes AGAINST the proposal. Since a proposal concerning the shareholder voting requirements is a matter on which brokers are not empowered to vote without instructions, there may be broker non-votes on Proposal Nine.

### **Recommendation of the Board of Directors**

**The Board of Directors unanimously recommends a vote FOR the proposal to amend the Articles of Incorporation to prohibit shareholder removal of directors without cause.**

### **PROPOSAL TEN:**

#### **APPROVAL OF AMENDMENT TO RESTATED ARTICLES OF INCORPORATION TO REQUIRE SHAREHOLDERS TO ACT BY SHAREHOLDER MEETING AND NOT BY WRITTEN CONSENT**

Our Board of Directors is requesting that shareholders approve an amendment to our Articles of Incorporation that will require shareholders to act by shareholder meeting and not by written consent.

### **Purpose and Effect of the Proposed Amendment**

Under Section 16-10a-704 of the Revised Act, unless otherwise provided in a company's articles of incorporation, any action required or permitted to be taken by shareholders at a meeting may be taken without notice, without a meeting and without a shareholder vote if a written consent setting forth the action to be taken is signed by holders of outstanding shares having not less than the minimum number of votes that would be necessary to authorize or take the action at a meeting at which all shares entitled to vote were present and voted. Our Restated Charter does not currently address shareholder action by written consent. Consequently, we propose a modification to the Articles of Incorporation to

include a new Article to read in its entirety as follows, which will eliminate the ability of shareholders to act by written consent:

The shareholders of the Corporation are not permitted to take action without a meeting of shareholders held and noticed in accordance with the bylaws of the Corporation. Any action taken by shareholders by written consent without a meeting shall be null and void. Nothing in this Article VII shall affect the validity of any shareholder action taken prior to the adoption of these Restated Articles.

The proposed amendment is intended to give all shareholders of the Company the opportunity to participate in determining any proposed action of shareholders and to allow the Board the opportunity to give advance consideration to, and to give the shareholders its recommendation with respect to, any such proposed action. The Board believes that it is appropriate to prevent the holders of a majority of outstanding voting securities from taking unannounced action and from using the written consent procedure to take action affecting the rights of all of shareholders without such action being fully considered by all of shareholders at a formal meeting of shareholders. The proposed amendment will therefore prevent shareholders from taking action other than at an annual or special meeting of shareholders.

The proposed amendment is also intended to protect the Company and its shareholders from unfair or coercive takeover tactics. As part of a hostile takeover attempt, hostile bidders often attempt to force a response by the target company through threats or attempts to secure shareholder action without a meeting, which may not provide the board of directors of the target company with a reasonable opportunity to consider whether such hostile bid or shareholder proposal is in the best interests of the shareholders of the target company. The proposed amendment is intended to eliminate the Company's vulnerability to such tactics and to ensure that appropriate takeover bids for the Company can be considered in a deliberate, proper and fully informed manner. The proposal, if approved, may be disadvantageous to shareholders to the extent that it has the effect of delaying or discouraging a future takeover attempt that is not approved by the Board, but which a majority of shareholders may deem to be in their best interests.

In addition to the proposed amendment, we are asking the shareholders to approve Proposal Eleven, which would require approval of the holders of at least a majority of the total outstanding shares of the Company to adopt, amend or repeal the Bylaws, and Proposal Thirteen, which would require the holders of at least a majority or three-fourths (75%) of the total outstanding shares of the Company to adopt, amend or repeal certain provisions of the Restated Articles of Incorporation. If the Charter Amendments are approved, the Bylaws and the provisions of the Restated Articles of Incorporation identified in Proposal Thirteen could not be adopted, amended or repealed without convening a shareholder meeting. Requiring the shareholders to be represented in person or by proxy at a meeting of the shareholders in order to effect such changes to the Bylaws and Restated Articles of Incorporation, rather than allowing the shareholders to take the same actions by written consent, may make altering the Bylaws or Restated Articles of Incorporation more difficult.

It should also be noted that, pursuant to this Proposal Ten and Proposal Thirteen, future amendments of this section of the Restated Articles of Incorporation would require the approval of at least a majority of the outstanding shares of the Company voting in person or by proxy at a meeting of the shareholders.

#### **Vote Required**

Approval of Proposal Ten requires the affirmative vote of a majority of the total outstanding shares of Common Stock. Abstentions will count as votes AGAINST the proposal. Since a proposal concerning the shareholder voting requirements is a matter on which brokers are not empowered to vote without instructions, there may be broker non-votes on Proposal Ten.

**Recommendation of the Board of Directors**

**The Board of Directors unanimously recommends a vote FOR the proposal to amend the Articles of Incorporation to eliminate the ability of shareholders to act by written consent.**

**PROPOSAL ELEVEN:**

**APPROVAL OF AMENDMENT TO RESTATED ARTICLES OF INCORPORATION TO ENHANCE  
SHAREHOLDER VOTING REQUIREMENTS TO ADOPT, AMEND OR REPEAL  
THE COMPANY'S BYLAWS**

Our Board of Directors is requesting that shareholders approve an amendment to our Articles of Incorporation that will require approval of at least a majority of the total outstanding capital shares of the Company to adopt, amend or repeal our Bylaws.

**Purpose and Effect of the Proposed Amendment**

Section 16-10a-1020 of the Revised Act provides that a company's shareholders may amend its bylaws at any time, even though the bylaws may also be amended at any time by the board of directors. Our Restated Charter does not currently address shareholder actions to adopt, amend or repeal our Bylaws. As a result, changes to our Bylaws may be implemented by our shareholders at a meeting of shareholders in which a quorum is present and the votes cast in favor of a proposed amendment to the Bylaws exceeds the votes cast against such proposal. Our Board of Directors believes that it is advisable to enhance the shareholder approval requirements to adopt, amend or repeal our Bylaws by requiring the approval of at least a majority of the outstanding capital shares of the Company.

If approved, the proposed amendment will amend the Articles of Incorporation to add a new Article to read, in pertinent part, as follows:

The shareholders of the Corporation may only adopt, amend or repeal bylaws with the affirmative vote of the holders of at least a majority of the Corporation's shares then outstanding and entitled to vote on the amendment, or such greater percentage as may otherwise be set forth in the bylaws.

The proposed amendment is intended to protect the Company and its shareholders from unfair or coercive takeover tactics. As part of a hostile takeover attempt, hostile bidders may acquire equity securities of a company and attempt to change provisions in the bylaws with respect to shareholder proposals and shareholder nominations to the board of directors in order to facilitate a takeover. The proposed amendment is intended to reduce the Company's vulnerability to such tactics. The proposal, if approved, may be disadvantageous to shareholders to the extent that it has the effect of impeding corporate governance changes that may be beneficial to all shareholders.

As stated above, we are also asking the shareholders to approve Proposal Ten, which would require the Company to hold a shareholder meeting in order for any action by shareholders to be properly approved. If the Charter Amendments are approved, the Bylaws could not be adopted, amended or repealed by the shareholders without convening a meeting at which the holders of at least a majority of the outstanding shares are represented in person or by proxy. Requiring shareholders representing at least a majority of the outstanding shares to be represented in person or by proxy at a meeting of the shareholders in order to effect changes to the Bylaws, rather than allowing the holders of at least a majority of the outstanding shares to change the Bylaws by written consent, may make altering the Bylaws by the shareholders more difficult.

## Edgar Filing: NATURES SUNSHINE PRODUCTS INC - Form PRER14A

The Company is asking for shareholder approval of Proposal Fourteen, which amends and restates the Company's Bylaws. It should be noted that if Proposal Ten is adopted, future amendments of the Bylaws by the shareholders would require the approval of at least a majority of the outstanding shares of the Company voting in person or by proxy at a meeting of the shareholders, and, if Proposal Four is adopted, the Board of Directors will be authorized to approve future amendments of the Company's Bylaws without the approval of shareholders. In addition, and in accordance with Proposal Thirteen, if also adopted, future amendments to this section of the Restated Articles of Incorporation will require the approval of at least a majority of the outstanding shares of the Company voting in person or by proxy at a meeting of the shareholders.

### **Vote Required**

Approval of Proposal Eleven requires the affirmative vote of a majority of the total outstanding shares of Common Stock. Abstentions will count as votes AGAINST the proposal. Since a proposal concerning the shareholder voting requirements is a matter on which brokers are not empowered to vote without instructions, there may be broker non-votes on Proposal Eleven.

### **Recommendation of the Board of Directors**

**The Board of Directors unanimously recommends a vote FOR the proposal to require approval of a majority of the total outstanding shares of capital stock to adopt, amend or repeal our Bylaws.**

### **PROPOSAL TWELVE:**

#### **APPROVAL OF AMENDMENTS TO RESTATED ARTICLES OF INCORPORATION TO AUTHORIZE THE BOARD TO FIX THE NUMBER OF BOARD MEMBERS AND TO FILL VACANCIES ON THE BOARD**

Our Board of Directors is requesting that shareholders approve amendments to our Articles of Incorporation that will exclusively authorize the Board of Directors to fix the number of Board members from time to time and to fill vacancies on the Board.

### **Purpose and Effect of the Proposed Amendments**

Article IX of the Articles of Incorporation provides that the number of directors constituting the entire Board shall be not less than three nor more than nine directors, as fixed from time to time by the Board of Directors of the Company. The proposed amendments would change this provision to provide that the number of directors constituting the Board of Directors shall be fixed from time to time exclusively by a vote of a majority of the Board of Directors. In addition, the proposed amendments will provide the Board with the exclusive power to fill any vacancies on the Board by a vote of the majority of the remaining directors, although less than a quorum, or by a sole remaining director.

If approved, the proposed amendments will amend Article IX of the Articles of Incorporation to remove the first sentence in its entirety and replace it with the following text:

The number of directors to constitute the whole Board of Directors shall be such number as shall be fixed from time to time exclusively by a resolution adopted by a majority of the Board of Directors. Any vacancy in the Board of Directors, whether because of death, resignation, disqualification, an increase in the authorized number of directors, removal, or any other cause, may be filled exclusively by a vote of the majority of the remaining directors, although less than a quorum, or by a sole remaining director.

The proposed amendments are intended to provide the Board with greater flexibility to manage the Company. For example, should we identify an exceptional person for the Board of Directors, this

would enable our Board to respond efficiently by expanding the Board and filling the resulting vacancy with such person, without having to incur the expense and delay of holding a meeting of shareholders for the election of such person. In addition, because the Board would have the sole power and authority to increase or decrease the number of directors and fill any vacancies resulting from an increase, these changes together would allow the Board to fill vacancies with directors who support the agenda of the incumbent directors in the face of a takeover threat. We are also asking shareholders to approve Proposal Nine, which would prevent the shareholders from removing a director from the Board without cause. If the Charter Amendments are approved, the Board will be able to appoint a new director to fill a vacancy, which may have been created by the Board, and the shareholders will not be able to remove the director from the Board prior to the normally-scheduled election for such director unless cause for such removal exists.

It should be noted that, pursuant to Proposals Ten and Thirteen, future amendments of this section of the Restated Articles of Incorporation would require the approval of at least three-fourths (75%) of the outstanding shares of the Company voting in person or by proxy at a meeting of the shareholders.

#### **Vote Required**

Approval of Proposal Twelve requires the affirmative vote of three-fourths (75%) of the total outstanding shares of Common Stock. Abstentions will count as votes AGAINST the proposal. Since a proposal concerning changes to the board of directors is a matter on which brokers are not empowered to vote without instructions, there may be broker non-votes on Proposal Twelve.

#### **Recommendation of the Board of Directors**

**The Board of Directors unanimously recommends a vote FOR the proposal to exclusively authorize the Board of Directors to fix the number of Board members from time to time and to fill vacancies on the Board.**

### **PROPOSAL THIRTEEN:**

#### **APPROVAL OF AMENDMENTS TO RESTATED ARTICLES OF INCORPORATION AND BYLAWS TO ENHANCE SHAREHOLDER VOTING REQUIREMENTS TO ALTER, AMEND OR REPEAL CERTAIN PROVISIONS**

Our Board of Directors is requesting that shareholders approve amendments to the Articles of Incorporation and the Bylaws that will enhance the shareholder voting requirements to alter, amend or repeal certain provisions of the Articles of Incorporation and the Bylaws.

#### **Purpose and Effect of the Proposed Amendments**

Section 16-10a-1003 of the Revised Act permits a company's board of directors to propose amendments to its articles of incorporation, subject to shareholder approval. Other than amendments to create dissenters' rights and amendments that materially and adversely affect rights of existing shares, Section 16-10a-1003 requires that, if a quorum is present, the shareholder votes cast in favor of a proposed amendment must exceed the votes cast against the proposal, unless the articles of incorporation or the Revised Act requires a greater number of affirmative votes. Our Board of Directors believes that the Restated Charter does not adequately address amendments to the Articles of Incorporation, especially in light of the changes contemplated by the other Charter Amendments.

Accordingly, we propose to amend the Articles of Incorporation to add a new Article to read in its entirety as follows:

The Corporation reserves the right to amend these Restated Articles in any manner provided herein or permitted by the Revised Act, and all rights and powers, if any, conferred herein on shareholders, directors and officers are subject to the reserved power. Notwithstanding the foregoing, without the affirmative vote of the holders of record of a majority of the Corporation's shares then outstanding and entitled to vote on the amendment, the Corporation shall not alter, amend or repeal Article VII, Article VIII or Article IX. Notwithstanding anything to the contrary in these Restated Articles, Article VI shall not be subject to amendment or repeal, either directly or through or by amendment of this Article IX, without the affirmative vote of the holders of record of at least three-fourths (75%) of the Corporation's shares then issued and outstanding and entitled to vote on the amendment.

If approved, the proposed amendments to the Articles of Incorporation will expressly reserve the Company's right to further amend the Articles of Incorporation, subject to shareholder approval as prescribed in the Articles of Incorporation or permitted by the Revised Act. The articles of incorporation of public companies commonly include similar reservation of such rights. The proposed amendments will also increase shareholder approval requirements by requiring approval of at least a majority of the total outstanding capital shares of the Company to alter, amend or repeal the provisions that we are asking shareholders to approve under Proposals Ten, Eleven and Thirteen, while requiring the approval of at least three-fourths (75%) of the total outstanding capital shares to alter, amend or repeal the provisions that we are asking shareholders to approve under Proposals Five, Nine and Twelve. Our Board of Directors believes that these Articles are particularly important to the Company's ability to maintain the continuity of the Board and as a result warrant the enhanced shareholder voting requirements.

In order to prevent any potential conflict with the proposed amendments to the Articles of Incorporation, our Board of Directors proposes to amend the Bylaws to mirror the same enhanced shareholder voting requirements (*i.e.*, approval of at least three-fourths (75%) of the total outstanding capital shares) to alter, amend or repeal the corresponding provisions in the Bylaws that relate to Proposals Five, Nine and Twelve. If the enhanced shareholder voting requirements are approved, the Bylaws of the Company will also be amended to comport with the Articles of Incorporation.

The proposed amendments to the Articles of Incorporation and the Bylaws are intended to render more difficult an attempt to acquire control of the Company without the approval of the Company's Board and management. Generally, the proposed amendments would make it more difficult, by raising the vote required, for someone who acquires voting control of the Company to remove immediately one or more of the incumbent directors who may oppose such person and to replace them with more friendly directors or modify the provisions of the Articles of Incorporation or the Bylaws regarding the number, term and classification of the Board.

We are also asking the shareholders to approve Proposal Ten, which would require the Company to hold a shareholder meeting in order for any action by shareholders to be properly approved. If the Charter Amendments are approved, provisions of the Restated Articles of Incorporation related to Proposals Ten, Eleven and Thirteen could not be adopted, amended or repealed without convening a shareholder meeting at which the holders of at least a majority of the outstanding shares are represented in person or by proxy, and provisions of the Restated Articles of Incorporation related to Proposals Five, Nine and Twelve could not be adopted, amended or repealed without convening a shareholder meeting at which the holders of at least three-fourths (75%) of the outstanding shares are represented in person or by proxy. Requiring shareholders representing at least a majority or three-fourths (75%) of the outstanding shares to be represented in person or by proxy at a meeting of the

shareholders in order to effect certain changes to the Restated Articles of Incorporation, rather than allowing the holders of at least a majority of the outstanding stock to alter the Restated Articles of Incorporation by written consent, may make amending the Restated Articles of Incorporation by the shareholders more difficult.

#### **Vote Required**

Approval of Proposal Thirteen requires the affirmative vote of three-fourths (75%) of the total outstanding shares of Common Stock. Abstentions will count as votes AGAINST the proposed amendments in Proposal Thirteen. Since a proposal concerning the shareholder voting requirements is a matter on which brokers are not empowered to vote without instructions, there may be broker non-votes on Proposal Thirteen.

#### **Recommendation of the Board of Directors**

**The Board of Directors unanimously recommends a vote FOR the proposal to amend the Articles of Incorporation and the Bylaws to enhance shareholder voting requirements.**

### **PROPOSAL FOURTEEN:**

#### **APPROVAL OF AMENDMENT AND RESTATEMENT OF BYLAWS**

Our Board of Directors is requesting that shareholders approve an amendment and restatement of the Company's Bylaws in order to (i) add advance notice requirements and procedures governing how shareholders can bring a shareholder proposal before an annual meeting and nominate persons for election as directors, (ii) harmonize the Bylaws with the changes proposed to be made to the Articles of Incorporation in order to prevent any potential conflict with the Articles of Incorporation and (iii) make other changes to update the Bylaws to current Utah law and make other minor clarifying and stylistic revisions to various provisions of the Bylaws, including those relating to special meetings, authority of director committees and indemnification procedures. The complete text of the Amended and Restated Bylaws is contained in Appendix B in this proxy statement. You are urged to read Appendix B in its entirety, as the discussion in the summary of the proposed amendments is qualified in its entirety by reference to Appendix B.

#### **Purpose and Effect of the Proposed Amendments**

Under Section 16-10a-1020 of the Revised Act and Article 10 of the Bylaws, the Board of Directors may amend the Bylaws, without shareholder approval. However, given that several of the changes proposed to the Bylaws relate to the anti-takeover provisions in the Charter Amendments, our Board of Directors determined that it was advisable to submit for shareholder approval the amendment and restatement of the Bylaws together with the Charter Amendments. The effectiveness of Proposal Fourteen is therefore contingent on the approval of the Charter Amendments by our shareholders.

Our Board of Directors believes that it is in the Company's best interest to implement bylaw provisions to require that shareholders give advance notice of an intention to nominate persons for election as directors or to submit proposals at a shareholder meeting. If approved, the proposed amendments to the Bylaws will generally require, among other things, that:

Nominations to our Board of Directors must be made by timely notice in writing to our Corporate Secretary. To be timely, a shareholder's notice must be received at our principal executive offices no later than the close of business on the sixtieth (60th) day, nor earlier than the close of business on the ninetieth (90th) day, prior the anniversary date of the immediately preceding annual meeting. If no annual meeting was held in the previous year or the annual meeting is called for a date that is more than thirty (30) days before or after the such

## Edgar Filing: NATURES SUNSHINE PRODUCTS INC - Form PRER14A

anniversary date, then notice must be received no earlier than the close of business on the ninetieth (90th) day prior to such annual meeting and not later than the close of business on the later of (i) the sixtieth (60th) day prior to such annual meeting and (ii) the tenth (10th) day following the day on which public disclosure of the date of the meeting was made by the Company. In the event of a special meeting of shareholders for the purpose of electing directors, to be timely, a shareholder's notice must be received at our principal executive offices no earlier than one hundred twentieth (120th) day prior to such special meeting and not later than the ninetieth (90th) day prior to such special meeting, or if later, the tenth (10th) day following the day on which public disclosure of the date of such special meeting was first made.

Shareholder proposals to be brought before an annual meeting must be made by timely notice in writing to our Corporate Secretary. To be timely, a shareholder's notice must be received at our principal executive offices no later than the close of business on the sixtieth (60th) day, nor earlier than the close of business on the ninetieth (90th) day, prior to the anniversary date of the immediately preceding annual meeting. If no annual meeting was held in the previous year or the annual meeting is called for a date that is more than thirty (30) days before or after such anniversary date, then notice must be received no earlier than the close of business on the ninetieth (90th) day prior to such annual meeting and not later than the close of business on the later of (i) the sixtieth (60th) day prior to such annual meeting and (ii) the tenth (10th) day following the day on which public disclosure of the date of the meeting was made by the Company.

The advance notice requirements are separate from and in addition to the SEC's own requirements that a shareholder must meet in order for the Company to be required to include a shareholder's proposal in the proxy statement.

A shareholder demand to call a special meeting of shareholders must be made by timely notice in writing to our Corporate Secretary. To be timely, such demand must be delivered to, or mailed and received at, our principal executive offices not later than the sixtieth (60th) day following the record date.

Our Board of Directors believes that the procedures for the proposal of business at meetings of shareholders will enable the presiding officer to run an orderly meeting, notwithstanding the presentation of contested business. In addition, the requirement of advance notice and information, both for business to be presented at the meeting and for the nomination of candidates for election as directors, will give the Board the time and information needed to consider the proposed business or candidates, to inform our shareholders, and, if appropriate, to give shareholders the benefits of the Board's recommendations. However, shareholders should be aware that the proposed advance notice requirements will preclude a nomination for the election of directors or the conduct of business at a particular annual meeting if the procedures are not followed correctly.

The proposed advance notice requirements may also serve to protect against unsolicited takeover proposals or attempts to gain control of our Board of Directors, and will also ensure that the Company has adequate time to prepare for any contested election of directors. In addition to the proposed advanced notice requirements, other proposed amendments to the Bylaws may have similar anti-takeover effects as the Charter Amendments. For example, the proposed amendments to the Bylaws generally provide, among other things, that:

Shareholders will not be permitted to take action without a meeting of shareholders, and any action taken by shareholders by written consent shall be null and void. See also Proposal Ten.

Amendments to the Bylaws shall be governed by the Articles of Incorporation. See also Proposal Eleven.

Vacancies on the Board may be filled only by the affirmative vote of a majority of the remaining directors. See also Proposal Twelve.

#### **Effectiveness of Amended and Restated Bylaws**

If approved, the amendment and restatement of the Company's Bylaws will become effective upon the effectiveness of the Company's Amended and Restated Articles of Incorporation. We are also asking shareholders to approve Proposal Ten, which would require future amendments of the Bylaws by the shareholders to be approved by at least a majority of the outstanding shares of the Company voting in person or by proxy at a meeting of the shareholders, and Proposal Four, which would allow the Board of Directors to approve future amendments of the Company's Bylaws without the approval of shareholders.

#### **Vote Required**

Approval of Proposal Fourteen requires the votes cast in favor of the proposal to exceed the votes cast against the proposal. For purposes of the proposal, abstentions and broker non-votes will not affect the outcome, which recognizes only actual votes cast.

#### **Recommendation of the Board of Directors**

**The Board of Directors unanimously recommends a vote FOR the proposal to amend and restate the Company's Bylaws.**

### **PROPOSAL FIFTEEN:**

#### **ADOPTION OF NATURE'S SUNSHINE PRODUCTS, INC. 2009 STOCK INCENTIVE PLAN**

Our Board of Directors is requesting that shareholders approve the implementation of the Nature's Sunshine Products, Inc. 2009 Stock Incentive Plan, under which 750,000 shares of Common Stock will be reserved for issuance. The 2009 Stock Incentive Plan was adopted by our Board of Directors on September 24, 2009, subject to shareholder approval at the Annual Meeting.

Our 1995 Stock Option Plan expired in 2005, and no options have been granted under this plan since its termination. Our Board of Directors approved non-plan option grants to certain executive officers and director level employees on March 15, 2007. We have not granted any equity awards to any of our employees or other service providers since March 15, 2007. However, we strongly believe that incentive compensation programs play a pivotal role in our efforts to attract and retain key personnel essential to our long-term growth and financial success. For that reason, we are proposing the implementation of the 2009 Stock Incentive Plan. We have structured the 2009 Stock Incentive Plan to provide us with more flexibility in designing equity incentive programs in an environment where a number of companies have moved from traditional option grants to other stock or stock-based awards such as restricted stock, restricted stock units and performance awards. Accordingly, with the 2009 Stock Incentive Plan, we will have a broader array of equity incentives to utilize for purposes of attracting and retaining the services of key individuals.

#### **Summary Description of 2009 Stock Incentive Plan**

The following is a summary of the principal features of the 2009 Stock Incentive Plan. This description is intended to be a summary of the material provisions of the 2009 Stock Incentive Plan. It does not purport to be a complete description of all the provisions of the 2009 Stock Incentive Plan and is qualified in its entirety by reference to the complete text of the 2009 Stock Incentive Plan, which is contained in Appendix C in this proxy statement.

## Edgar Filing: NATURES SUNSHINE PRODUCTS INC - Form PRER14A

**Administration.** The Compensation Committee of our Board of Directors will have the exclusive authority to administer the 2009 Stock Incentive Plan. The term "plan administrator," as used in this summary, will mean such committee. The plan administrator will have complete discretion to determine which eligible individuals are to receive awards, the types of awards to be granted to each participant, the number of shares to be covered (or the method by which payments or other rights to be calculated in connection with) each award and the terms and conditions of any award, including the vesting provisions of an award. The plan administrator may grant awards under the 2009 Stock Incentive Plan for no cash consideration or for any cash or other consideration as may be determined by the plan administrator or required by applicable law. Awards may be granted either alone or in addition to, in tandem with or in substitution for any other award granted under the 2009 Stock Incentive Plan or any other of our plans or the plans of an affiliate in the plan administrator's discretion. Awards granted under the 2009 Stock Incentive Plan may be settled in such form or forms as the plan administrator determines appropriate, including cash, shares of our common stock promissory notes, other securities or awards under the 2009 Stock Incentive Plan, other property or a combination of the foregoing methods, and may be made in a single payment or transfer, in installments or on a deferred basis as determined by the plan administrator.

**Eligibility.** Employees, officers, consultants, independent contractors and non-employee members of our Board of Directors in our employ or service or in the employ or service of our affiliates (whether now existing or hereafter established) will be eligible to participate in the 2009 Stock Incentive Plan. As of October 2, 2009, approximately 1,300 persons (including 6 executive officers and 7 non-employee members of the Board) were eligible to participate in the 2009 Stock Incentive Plan.

**Securities Subject to 2009 Stock Incentive Plan.** 750,000 shares of our common stock will be reserved for issuance over the term of the 2009 Stock Incentive Plan. The number of shares of Common Stock available for granting incentive stock options, restricted stock and restricted stock units under the 2009 Stock Incentive Plan will not exceed 750,000, subject to adjustments for stock splits, stock dividends and similar transactions.

Awards made under the 2009 Stock Incentive Plan will be subject to the following per-participant limitations in order to provide the plan administrator with the opportunity to structure one or more of those awards as performance-based compensation under Section 162(m) ("Section 162(m)") of the Internal Revenue Code of 1986, as amended (the "Code"):

No participant in the 2009 Stock Incentive Plan may receive options, stock appreciation rights or any other awards the value of which is based solely on an increase in the value of the shares after the grant date of the awards for more than 200,000 shares of our common stock in any single taxable year. No participant in the 2009 Stock Incentive Plan may receive any award that is denominated in shares and that vests based on one or more of the performance goals described below (including, without limitation, restricted stock or restricted stock units) for more than 200,000 shares of our common stock in any single taxable year. Such 200,000-share limitations are subject to adjustment for subsequent stock splits, stock dividends and similar transactions. Shareholder approval of this proposal will also constitute approval of each of the 200,000-share limitations for purposes Section 162(m). Such limitations are intended to assure that any deductions to which we would otherwise be entitled upon the exercise of stock options or stock appreciation rights or vesting of performance awards granted under the 2009 Stock Incentive Plan will not be subject to the \$1 million limitation on the income tax deductibility of compensation paid per executive officer imposed under Section 162(m).

For awards denominated in cash (whether paid in cash, shares or other property and that vest based on one or more of the performance goals described below) no participant in the 2009 Stock Incentive Plan may receive awards with an aggregate dollar value in excess of one million dollars in any one taxable year, with such limitation to be measured at the time the award is

## Edgar Filing: NATURES SUNSHINE PRODUCTS INC - Form PRER14A

made. Shareholder approval of this proposal will also constitute approval of that one million-dollar limitation for purposes of Section 162(m). Such limitation is intended to assure that any deductions to which we would otherwise be entitled upon the settlement of such awards will not be subject to the \$1 million limitation on the income tax deductibility of compensation paid per executive officer imposed under Section 162(m).

The shares of Common Stock issuable under the 2009 Stock Incentive Plan may be drawn from shares of authorized but unissued Common Stock, treasury shares or from shares of Common Stock that we acquire, including shares purchased on the open market.

Shares subject to outstanding awards under the 2009 Stock Incentive Plan that expire or otherwise terminate prior to the issuance of the shares subject to those awards will be available for subsequent issuance under the 2009 Stock Incentive Plan. Any unvested shares issued under the 2009 Stock Incentive Plan that are subsequently forfeited or are otherwise reacquired by us will be added back to the number of shares reserved for issuance under the 2009 Stock Incentive Plan and will accordingly be available for subsequent issuance. If an award entitles a participant to receive or purchase shares, the number of shares covered by the award or to which the award relates will be counted on the grant date of such award against the aggregate number of shares of Common Stock available for issuance under the 2009 Stock Incentive Plan. For stock appreciation rights settled in shares of Common Stock, the aggregate number of shares for which the stock appreciation right is exercised, rather than the number of shares actually issued upon exercise, will be counted against the aggregate number of shares available for issuance under the 2009 Stock Incentive Plan. If an award does not entitle a participant to receive or purchase shares, or if an award is settled in cash, such awards will not reduce the number of shares of common stock available for issuance under the 2009 Stock Incentive Plan. Should shares of Common Stock otherwise issuable under the 2009 Stock Incentive Plan be withheld in satisfaction of the purchase or exercise price of an award or applicable withholding taxes incurred in connection with the award under the 2009 Stock Incentive Plan, then the number of shares of Common Stock available for issuance under the 2009 Stock Incentive Plan will be reduced by the gross number of shares issuable at that time under such award, calculated in each instance prior to any such share withholding.

**Valuation.** The fair market value per share of our Common Stock on any relevant date under the 2009 Stock Incentive Plan will be the closing sale price of our Common Stock on the consolidated transaction reporting system on such date or, if such exchange is not open for trading on such date, on the most recent preceding date that such exchange is open for trading. On October 2, 2009, the fair market value determined on such basis was \$1.67 per share.

**Awards.** The 2009 Stock Incentive Plan provides for the following types of awards: incentive stock options, non-statutory stock options, stock appreciation rights, restricted stock, restricted stock units, dividend equivalent rights, performance awards, stock awards and other stock-based awards.

**Stock options.** Eligible persons may be granted stock options to purchase shares of Common Stock. Each granted option will have an exercise price per share determined by the plan administrator, but the exercise price will not be less than 100 percent of the fair market value of the option shares on the grant date, provided that the plan administrator may designate an exercise price below fair market value on the grant date (i) to the extent necessary or appropriate, as determined by the plan administrator, to satisfy applicable legal or regulatory requirements of a foreign jurisdiction or (ii) if the option is granted in substitution for a stock option previously granted by an entity that is acquired by or merged with us or an affiliate. No granted option will have a term in excess of ten years. Payment of the exercise price of a stock option may be made in cash, shares of Common Stock or other securities owned by the participant, other awards granted under the 2009 Stock Incentive Plan or other property owned by the participant, delivery of a promissory note or a combination of the foregoing methods in the plan administrator's discretion. Alternatively, the plan administrator may permit a

participant to exercise a stock option pursuant to a broker-assisted cashless exercise procedure or, with respect to the exercise of a non-statutory option, pursuant to a net exercise procedure.

*Stock appreciation rights.* A stock appreciation right granted under the 2009 Stock Incentive Plan allows the holder to exercise that right as to a specific number of shares of Common Stock and receive upon such exercise the excess of (i) the fair market value of the shares of Common Stock as to which that right is exercised over (ii) the aggregate grant price in effect for those shares. The grant price per share will not be less than 100 percent of the fair market value of the underlying shares on the grant date, provided that the plan administrator may designate a grant price below fair market value on the grant date (A) to the extent necessary or appropriate, as determined by the plan administrator, to satisfy applicable legal or regulatory requirements of a foreign jurisdiction or (B) if the stock appreciation right is granted in substitution for a stock appreciation right previously granted by an entity that is acquired by or merged with us or an affiliate. No granted stock appreciation right will have a term in excess of ten years. The plan administrator will determine the remaining terms and conditions of a stock appreciation right granted under the 2009 Stock Incentive Plan in its discretion, including the methods of exercise, dates of exercise and methods of settlement.

*Repricing Prohibition.* Without shareholder consent, the plan administrator may not reprice, adjust or amend the exercise price of stock options or grant price of stock appreciation rights previously awarded to any participant (except for adjustments for stock splits, stock dividends and similar transactions), whether through amendment, cancellation or any other means.

*Restricted Stock.* Shares of restricted stock may be awarded under the 2009 Stock Incentive Plan. The plan administrator will determine at the time of grant the restrictions to which shares of restricted stock will be subject, including the vesting schedule, any limitation on the right to vote the shares of restricted stock or the right to receive dividends or other property with respect to the shares of restricted stock. Shares of restricted stock will be issued when the awards are granted and will be evidenced in the manner determined by the plan administrator, including by book entry registration or issuance of a stock certificate. Unless otherwise determined by the plan administrator in its discretion, unvested shares of restricted stock will generally be forfeited upon termination of a participant's service.

*Restricted Stock Units.* Restricted stock units granted under the 2009 Stock Incentive Plan entitle the holder to receive shares of Common Stock underlying those units upon the lapse or waiver of restrictions specified by the plan administrator at the time the restricted stock units are granted. Upon termination of a participant's service, any unvested restricted stock units will be canceled, and the participant will have no further rights with respect to the canceled units or the underlying shares of Common Stock unless otherwise determined by the plan administrator in its discretion.

*Performance Awards.* Performance awards granted under the 2009 Stock Incentive Plan may be denominated or payable in cash, shares of Common Stock (including restricted stock and restricted stock units), other securities, other awards granted under the 2009 Stock Incentive Plan and will confer on the holder the right to receive payments upon the achievement of one or more objective performance goals over a specified performance period established by the plan administrator at the time of the grant of the award. Such goals may be based on one or more of the following criteria applied on a corporate, subsidiary, division, business unit or line of business basis: sales, revenue, costs, expenses, earnings (including one or more of net profit after tax, gross profit, operating profit, earnings before interest and taxes, earnings before interest, taxes, depreciation and amortization and net earnings), earnings per share, earnings per share from continuing operations, operating income, pre-tax income, operating income margin, net income, margins (including one or more of gross, operating and net income margins), returns (including one or more of return on actual or pro forma assets, net assets, equity, investment, capital and net capital employed), shareholder return (including total shareholder return relative to an index or peer group), stock price, economic value added, cash generation, cash

flow, unit volume, working capital, market share, cost reductions, number of customers, workforce satisfaction and diversity goals, environmental health and safety goals, employee retention, customer satisfaction, completion of key projects and strategic plan development and implementation. Each such performance goal may be based (i) solely by reference to absolute results of individual performance or organizational performance at various levels (e.g., our performance or the performance of a subsidiary, division, business segment or business unit) or (ii) upon organizational performance relative to the comparable performance of other companies selected by the plan administrator. To the extent consistent with Section 162(m), the plan administrator may also exclude charges related to an event or occurrence which the plan administrator determines should appropriately be excluded, including (X) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, (Y) an event either not directly related to the our operations or not within the reasonable control of our management, or (Z) the cumulative effects of tax or accounting changes in accordance with U.S. generally accepted accounting principles (or other accounting principles which may then be in effect).

Subject to the terms of the 2009 Stock Incentive Plan, the performance goals to be achieved during any performance period, the length of any performance period, the amount of any performance award granted, the amount of any payment or transfer to be made pursuant to any performance award and any other terms and conditions of any performance award will be determined by the plan administrator.

Performance awards granted to covered executive officers under Section 162(m) that are intended to be "qualified performance based compensation" will be conditioned solely on the achievement of one or more of the performance goals described above and will comply with the requirements of Section 162(m). Any such performance awards that vest will be paid no later than two and one-half months following the end of the performance period, unless the plan administrator permits such payments to be deferred in accordance with the applicable requirements of Code Section 409A. The plan administrator may, in its discretion, reduce the amount of a payout achieved and otherwise to be paid in connection with a performance award to a covered executive officer but may not exercise discretion to increase such amount. Upon termination of a covered executive's service due to death or permanent disability before the end of a performance period or after the performance period ends and before a performance award is paid, the plan administrator may, in its discretion, determine that the participant be paid a pro rata portion of the performance award.

*Dividend Equivalents.* Dividend equivalents may be issued under the 2009 Stock Incentive Plan and entitle the holder to receive payments (in cash, shares of our common stock, other securities, other awards granted under the 2009 Stock Incentive Plan or other property as determined in the discretion of the plan administrator) equivalent to the amount of cash dividends paid to the holders of our Common Stock with respect to a specified number of shares determined by the plan administrator. Subject to the terms of the 2009 Stock Incentive Plan and the applicable award agreement governing the dividend equivalents, such awards may have the terms and conditions determined by the plan administrator in its discretion.

*Stock Awards.* Shares of our Common Stock containing no restrictions may be granted under the 2009 Stock Incentive Plan as determined by the plan administrator to be consistent with the purpose of the 2009 Stock Incentive Plan.

*Other stock-based awards.* The plan administrator is authorized to award participants other awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, shares of our Common Stock, including securities convertible into shares of our Common Stock, as deemed by the plan administrator to be consistent with the purpose of the 2009 Stock Incentive Plan, subject to the terms and conditions determined by the plan administrator at the time of the award. In the event shares of Common Stock are delivered pursuant to a purchase right, such shares will be purchased for consideration having a value equal to at least 100 percent of the fair

market value of such shares on the grant date. Payment of such consideration may be made in cash, shares of Common Stock or other securities owned by the participant, other awards granted under the 2009 Stock Incentive Plan or other property owned by the participant, delivery of a promissory note or a combination of the foregoing methods in the plan administrator's discretion.

### General Provisions

**Transferability.** Generally, awards granted under the 2009 Stock Incentive Plan (other than stock awards containing no restrictions) may not be transferred, pledged, alienated, attached or otherwise encumbered in any manner other than by will or the laws of descent or distribution. However, the plan administrator may allow a participant to designate a beneficiary to receive the vested portion of an award in the event of the participant's death, and the plan administrator has the authority to allow the transfer of a non-statutory option to a family member of the grantee.

**Change in control.** The plan administrator will have the discretion to determine the treatment of awards granted under the 2009 Stock Incentive Plan in the event we should experience a change in control.

**Changes in Capitalization.** In the event of any dividend or other distribution (whether in the form of cash, shares of our common stock, other securities or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of shares of our Common Stock or other securities, issuance of warrants or other rights to purchase shares of our Common Stock or other securities or other similar corporate transaction or event affecting the shares of our common stock, then the plan administrator will make equitable adjustments to (i) the number and type of shares of Common Stock (or other securities or other property) that may thereafter be made the subject of awards under the 2009 Stock Incentive Plan, (ii) the number and type of shares of Common Stock (or other securities or other property) subject to outstanding awards under the 2009 Stock Incentive Plan, (iii) the purchase price or exercise price with respect to any award under the Plan, (iv) the maximum number of shares for which any one person may be granted stock options, stock appreciation rights or any other award under the 2009 Stock Incentive Plan, the value of which is based solely on an increase in the value of the shares after the date of grant of such award, per taxable year, and (v) the maximum number of shares for which any one person may be granted performance awards denominated in shares of Common Stock (including restricted stock or restricted stock units), and which are intended to represent "qualified performance-based compensation" under Section 162(m) under the 2009 Stock Incentive Plan per taxable year. Such adjustments will be made in such manner as the plan administrator deems appropriate in order to preclude any dilution or enlargement of benefits under the 2009 Stock Incentive Plan or the outstanding awards thereunder and will be final, binding and conclusive.

**Shareholder Rights.** Except with respect to shares of restricted stock and stock awards granted under the 2009 Stock Incentive Plan, a participant will not have any of the rights and privileges of a shareholder with respect to the shares of Common Stock underlying any award until the shares subject to that award have been issued.

**Special Tax Election.** The plan administrator may provide one or more holders of awards under the 2009 Stock Incentive Plan with the right to have us withhold a portion of the shares otherwise issuable to such individuals in satisfaction of the withholding taxes to which they become subject in connection with the issuance, exercise or settlement of those awards. Alternatively, the plan administrator may allow such individuals to deliver previously acquired shares of our Common Stock in payment of such withholding tax liability.

**Amendment and Termination.** Our Board of Directors may amend, alter, suspend, discontinue or terminate the 2009 Stock Incentive Plan at any time; provided, however, that shareholder approval will be required for any amendment which increases the number of shares of Common Stock authorized for issuance under the 2009 Stock Incentive Plan (other than in connection with certain changes to our capital structure as explained above), increases the limitation on the maximum number of shares for which any one person may be granted stock options, stock appreciation rights or any other award under the 2009 Stock Incentive Plan, the value of which is based solely on an increase in the value of the shares after the date of grant of such award, under the 2009 Stock Incentive Plan per taxable year, increases the limitation on the maximum number of shares for which any one person may be granted performance-based awards denominated in shares of Common Stock under the 2009 Stock Incentive Plan per taxable year, increases the maximum aggregate dollar amount for which any one participant may be granted performance-based awards denominated in cash under the 2009 Stock Incentive Plan per taxable year, would cause Section 162(m) to become unavailable with respect to the 2009 Stock Incentive Plan or permits a repricing that is prohibited as described in the "Repricing Prohibition" section above, permits the award of stock options or stock appreciation rights at an exercise price less than 100 percent of the fair market value of the underlying shares of Common Stock on the grant date (other than as described above) or to the extent such shareholder approval may otherwise required under applicable law or regulation or pursuant to the listing standards of the stock exchange on which our Common Stock is at the time primarily traded.

## Summary of Federal Income Tax Consequences

The following is a summary of the Federal income taxation treatment applicable to us and the participants who receive awards under the 2009 Stock Incentive Plan.

*Option Grants.* Options granted under the discretionary grant program may be either incentive stock options which satisfy the requirements of Code Section 422 or non-statutory options which are not intended to meet such requirements. The Federal income tax treatment for the two types of options differs as follows:

*Incentive Options.* No taxable income is recognized by the optionee at the time of the option grant, and no taxable income is recognized for regular tax purposes at the time the option is exercised, although taxable income may arise at that time for alternative minimum tax purposes. The optionee will recognize taxable income in the year in which the purchased shares are sold or otherwise made the subject of certain other dispositions. For Federal tax purposes, dispositions are divided into two categories: (i) qualifying, and (ii) disqualifying. A qualifying disposition occurs if the sale or other disposition is made more than two years after the date the option for the shares involved in such sale or disposition is granted and more than one year after the date the option is exercised for those shares. If the sale or disposition occurs before these two periods are satisfied, then a disqualifying disposition will result.

Upon a qualifying disposition, the optionee will recognize long-term capital gain in an amount equal to the excess of (i) the amount realized upon the sale or other disposition of the purchased shares over (ii) the exercise price paid for the shares. If there is a disqualifying disposition of the shares, then the excess of (i) the fair market value of those shares on the exercise date or (if less) the amount realized upon such sale or disposition over (ii) the exercise price paid for the shares will be taxable as ordinary income to the optionee. Any additional gain recognized upon the disposition will be a capital gain.

If the optionee makes a disqualifying disposition of the purchased shares, then we will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal to the amount of ordinary income recognized by the optionee as a result of the disposition. We will not be entitled to any income tax deduction if the optionee makes a qualifying disposition of the shares.

*Non-statutory Options.* No taxable income is recognized by an optionee upon the grant of a non-statutory option. The optionee will in general recognize ordinary income, in the year in which the option is exercised, equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares, and the optionee will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the optionee with respect to the exercised non-statutory option. The deduction will in general be allowed for our taxable year in which such ordinary income is recognized by the optionee.

*Stock Appreciation Rights.* No taxable income is recognized upon receipt of a stock appreciation right. The holder will recognize ordinary income in the year in which the stock appreciation right is exercised, in an amount equal to the excess of the fair market value of the underlying shares of common stock on the exercise date over the base price in effect for the exercised right, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder in connection with the exercise of the stock appreciation right. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

*Restricted Stock Awards.* The recipient of unvested shares of Common Stock issued under the 2009 Stock Incentive Plan will not recognize any taxable income at the time those shares are issued but

will have to report as ordinary income, as and when those shares subsequently vest, an amount equal to the excess of (i) the fair market value of the shares on the vesting date over (ii) the cash consideration (if any) paid for the shares. The recipient may, however, elect under Code Section 83(b) to include as ordinary income in the year the unvested shares are issued an amount equal to the excess of (i) the fair market value of those shares on the issue date over (ii) the cash consideration (if any) paid for such shares. If the Section 83(b) election is made, the recipient will not recognize any additional income as and when the shares subsequently vest. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the recipient with respect to the unvested shares. The deduction will in general be allowed for our taxable year in which such ordinary income is recognized by the recipient.

*Restricted Stock Units.* No taxable income is recognized upon receipt of restricted stock units. The holder will recognize ordinary income in the year in which the shares subject to the units are actually issued to the holder. The amount of that income will be equal to the fair market value of the shares on the date of issuance, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder at the time the shares are issued. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

*Performance Awards.* No taxable income is recognized upon receipt of performance awards. The holder will recognize ordinary income in the year in which the performance awards are settled. The amount of that income will be equal to the fair market value of the shares of Common Stock or cash received in settlement of the performance awards, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of the ordinary income recognized by the holder of the performance awards at the time those awards are settled. That deduction will be allowed for the taxable year in which such ordinary income is recognized.

*Stock Awards.* The recipient of a stock award will recognize ordinary income in the year in which the shares subject to a stock award are issued to the holder. The amount of that income will be equal to the fair market value of the shares on the date of issuance, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of ordinary income recognized by the holder at the time the shares are issued. The deduction will be allowed for the taxable year in which such ordinary income is recognized.

*Dividend Equivalent Rights.* No taxable income is recognized upon receipt of a dividend equivalent right award. The holder will recognize ordinary income in the year in which a dividend or distribution, whether in cash, securities or other property, is paid to the holder. The amount of that income will be equal to the fair market value of the cash, securities or other property received, and the holder will be required to satisfy the tax withholding requirements applicable to such income. We will be entitled to an income tax deduction equal to the amount of the ordinary income recognized by the holder of the dividend equivalent right award at the time the dividend or distribution is paid to such holder. That deduction will be allowed for the taxable year in which such ordinary income is recognized.

*Deductibility of Executive Compensation.* We anticipate that any compensation deemed paid by us in connection with the exercise of non-statutory options or stock appreciation rights will qualify as performance-based compensation for purposes of Section 162(m) and will not have to be taken into account for purposes of the \$1 million limitation per covered individual on the deductibility of the compensation paid to certain of our executive officers. Accordingly, the compensation deemed paid with respect to options and stock appreciation rights granted under the 2009 Stock Incentive Plan will remain deductible by us without limitation under Section 162(m). However, any compensation deemed paid by us in connection with shares or cash issued under restricted stock or restricted stock unit

awards will be subject to the \$1 million limitation, unless the issuance of the shares or cash is tied to one or more of the performance milestones described above.

### **Accounting Treatment**

The accounting principles applicable to awards made under the 2009 Stock Incentive Plan may be summarized in general terms as follows:

Pursuant to the accounting standards established by Statement of Financial Accounting Standards No. 123R, *Share-Based Payment*, or SFAS 123R, we will be required to expense all share-based payments, including grants of stock options, stock appreciation rights, stock, restricted stock, restricted stock units and all other stock-based awards under the 2009 Stock Incentive Plan. Accordingly, stock options and stock appreciation rights which are granted to our employees and non-employee Board members and payable in shares of our Common Stock will have to be valued at fair value as of the grant date under an appropriate valuation formula, and that value will then have to be charged as a direct compensation expense against our reported earnings over the designated vesting period of the award. For shares issuable upon the vesting of restricted stock units awarded under the 2009 Stock Incentive Plan, we will be required to amortize over the vesting period a compensation cost equal to the fair market value of the underlying shares on the date of the award. If any other shares are unvested at the time of their direct issuance, then the fair market value of those shares at that time will be charged to our reported earnings ratably over the vesting period. Such accounting treatment for restricted stock units and direct stock issuances will be applicable whether vesting is tied to service periods or performance goals. The issuance of a fully-vested stock awards will result in an immediate charge to our earnings equal to the fair market value of the bonus shares on the issuance date.

For performance awards awarded under the 2009 Stock Incentive Plan and payable in stock, we will be required to amortize, over the applicable performance period and any subsequent service vesting period, a compensation cost equal to the fair market value of the underlying shares on the date of the award. For performance awards awarded under the 2009 Stock Incentive Plan and payable in cash, we will amortize the potential cash expense over the applicable performance period and any subsequent service vesting period. Dividends or dividend equivalents paid on the portion of an award that vests will be recognized by us as additional compensation cost. If the award holder is not required to return the dividends or dividend equivalents if they forfeit their awards, dividends or dividend equivalents paid on instruments that do not vest will be recognized by us as additional compensation cost.

### **Vote Required**

Approval of Proposal Fifteen requires the votes cast in favor of the proposal to exceed the votes cast against the proposal. For purposes of the proposal, abstentions and broker non-votes will not affect the outcome, which recognizes only actual votes cast. Since proposals concerning adoption of stock incentive plans are non-routine matters on which brokers are not empowered to vote without instructions, there may be broker non-votes on Proposal Fifteen.

Should shareholder approval not be obtained, then the 2009 Stock Incentive Plan will not be implemented and we will not be able to grant awards to attract or retain employees or other service providers necessary for our business. In addition, if shareholder approval is not obtained, the option grants approved by the Board on September 24, 2009 and detailed in the section above entitled "New Plan Benefits" will terminate immediately and cease to be outstanding.

**Recommendation of the Board of Directors**

**The Board of Directors unanimously recommends a vote FOR the proposal to adopt the 2009 Stock Incentive Plan.**

## EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides disclosure about the policies and objectives underlying the compensation programs for our executive officers. Accordingly, we will address and analyze each element of the compensation provided to our Chief Executive Officer, our Chief Financial Officer and the other executive officers named in the Summary Compensation Table which follows this discussion; these individuals are referred to as the named executive officers. The Compensation Committee of our Board of Directors administers the compensation programs for our Chief Executive Officer. Our Chief Executive Officer administers the compensation programs for our other executive officers.

**Compensation Policy for Executive Officers.** We have designed the various elements comprising the compensation packages of our executive officers to achieve the following objectives:

reflect individual accomplishments and contributions to the Company as well as overall Company performance;

align each executive officer's interests with those of the Company's shareholders; and

attract and retain qualified executives who will help the Company meet its goals.

Each executive officer's compensation package has historically consisted of three elements: (i) a base salary, (ii) a cash bonus based upon pre-established financial objectives and the individual officer's personal performance, and (iii) participation in long-term, stock-based incentive awards, in the form of stock options, designed to align and strengthen the mutuality of interests between our executive officers and our shareholders.

When establishing the compensation levels for the executive officers, we take into account the Company's overall financial performance and its evaluation of each executive officer's individual performance level and his or her potential contribution to the Company's future growth. Over the years, the Company has endeavored to follow a pay-for-performance philosophy of conservative base and competitive short-term bonus when Company performance measures have been achieved.

In setting executive officer compensation, the Compensation Committee and our Chief Executive Officer review a report (the "Executive Compensation Report") prepared by our Director of Human Resources in order to assess the competitiveness of the Company's compensation programs in comparison to market averages. The Executive Compensation Report examined the data contained in Watson Wyatt's Top Management Compensation Survey and Mercer's Executive Compensation Survey for 2007-08. These surveys provide information on compensation paid by surveyed companies nationally crossing multiple industries and sizes. These two surveys are among the largest executive compensation surveys in the U.S. with hundreds of companies participating from all industries, both public and private. The Executive Compensation Report compared the Company's executive compensation practices including base pay, short-term incentives, long-term incentives and other practices to such survey data. In addition, we perform regression analysis on the raw data from the surveys to provide appropriate comparisons based on company size. The regression analysis provides an expected level of each type of compensation based on our sales revenue; the data from such analysis is used as the "market" data. The Executive Compensation Report compared the base pay, bonus and total compensation of officers on an individual basis to the market data.

**Elements of Compensation.** Each of the major elements comprising the compensation package for executive officers (salary, bonus and equity) is (i) designed to reflect individual accomplishments and contributions to the Company as well as overall Company performance, (ii) align the executive's interests with those of our shareholders and (iii) attract and retain qualified executives who will help

the Company meet its goals. The manner in which each element of compensation has been structured may be explained as follows.

*Salary.* The base salary level of each executive officer is reviewed in the last quarter of each year, with any salary adjustments for the upcoming year to be effective on or about January 1 of that year. The Company targets base salaries to be in the range of 80 percent to 90 percent of market. However, the Company may also consider the performance of the executive, contributions by the executive towards the Company's mission/goals and tenure at the Company. The Company believes that this component of compensation should provide a level of security and stability from year to year and not be dependent to any material extent on the Company's financial performance. The Compensation Committee approved a salary increase of 6 percent for our Chief Executive Officer for 2008. The salary levels for Messrs. Bunker, DeWyze, Jarvis and Yates increased approximately 6 percent, 2.1 percent, 5.5 percent and 12.5 percent, respectively. These increases were to bring these executives' salaries in-line with market rates. After examining the market data, the Company found that, on average, our officers' base salaries for 2008 were approximately 18 percent below market.

*Incentive Compensation.* The bonus structure is generally designed to bring the total cash compensation for our executives up to market in a typical year and to exceed market when justified by company performance. The Compensation Committee determines the bonus payable to Mr. Faggioli, and Mr. Faggioli determines the bonus amounts payable to Messrs. Bunker, DeWyze, Jarvis and Yates. For 2008, the bonus for Mr. Faggioli was to be determined by the Compensation Committee at its sole discretion based on overall Company performance and Mr. Faggioli's individual performance. Similarly, the 2008 bonus for each other executive officer was to be determined by Mr. Faggioli at his sole discretion based on overall Company performance and such executive officer's individual performance.

Actual amounts of 2008 bonuses were determined on March 13, 2009. The Compensation Committee awarded Mr. Faggioli a bonus in the amount of \$171,107 (which includes a \$1,600 bonus for 25 years of service to the Company). In exercising its discretion, the Compensation Committee reviewed the Company's performance measured in terms of the average operating income and sales revenue levels attained by its United States business segment ("NSP United States"), its international business segment ("NSP International") and its Synergy Worldwide division for 2008 and the committee's past practices for bonus awards to Mr. Faggioli. No portion of his bonus was directly tied to the attainment of any specific pre-established performance goals, but was determined based on the Company's performance measured in terms of operating income and sales revenue levels as described.

The bonuses for the other executive officers were as follows: Mr. Bunker \$80,385; Mr. DeWyze \$73,939; Mr. Jarvis \$70,147 and Mr. Yates \$82,350. In determining the bonus for each executive officer, Mr. Faggioli reviewed the Company's performance measured in terms of the operating income and sales revenue levels attained by the divisions for which the executive was primarily responsible. No portion of any executive officer's bonus was tied directly to the attainment of any specific pre-established performance goals, but was determined based on the Company's performance measured in terms of operating income and sales revenue levels as described.

*Long-Term Incentives.* In prior years, we have structured our long-term incentive program for executive officers in the form of option grants under our 1995 Stock Option Plan which was administered by our Compensation Committee. Each option grant has been designed to align the interests of the executive officer with those of the shareholders and to provide him with a significant incentive to manage the company from the perspective of an owner with an equity stake in the business. Each option grant allows the officer to acquire shares of our common stock at a fixed price per share over a specified period, usually ten years. Options granted in past years have generally vested and become exercisable in a series of installments over a period of one to three years measured from the grant date, contingent upon the officer's continued employment. All outstanding options are fully vested at this time. The 1995 Stock Option Plan terminated in 2005, and no options have been granted

under this plan since its termination. No non-plan options have been granted to the named executive officers since March 15, 2007.

**Executive Officer Perquisites.** In 2008, we paid premiums on \$250,000 life insurance policies for our named executive officers and provided our named executive officers the opportunity to receive up to \$2,500 for tuition assistance; however, none of our executive officers elected to receive tuition assistance. We do not believe these perquisites are an important factor in retaining our executive officers. We use bonuses and other performance based incentives to retain our executive officers.

**Other Programs.** Our executive officers are eligible to participate in our 401(k) employee savings plan on the same basis as all other regular U.S. employees.

**Deferred Compensation Programs.** The Company has adopted a deferred compensation plan for its executive officers, certain other selected employees and its non-employee directors to enable them to save for retirement by deferring their income and the associated tax to a future date following termination of employment. Under the SEDP, the named executive officers and other participants have the opportunity to defer compensation to future dates specified by the participant with a return based on investment alternatives selected by the participant. The Company believes that the SEDP is comparable to similar plans offered by its competitors. The amounts deferred under the SEDP for the named executive officers are reported below in the Summary Compensation Table and the Nonqualified Deferred Compensation Table.

**Officer Employment Agreements.** We have entered into employment agreements with each of our named executive officers. We believe that the employment agreements with our executive officers achieve two important goals crucial to our long-term financial success: the long-term retention of our senior executives and their commitment to the attainment of our strategic objectives. The agreements will allow our executive officers to continue to focus their attention on our business operations and strategic plans without undue concern over their own financial situations during periods when substantial disruptions and distractions might otherwise prevail. Each employment agreement provides for an initial term of twelve months which automatically renews for additional twelve month periods provided neither party terminates the employment relationship. Upon the cessation of a named executive officer's employment due to termination by the Company without cause, the Company's non-renewal of the employment term, death or incapacity, the named executive officer will receive severance benefits in an amount equal to his or her base salary for the year of termination and continued medical insurance coverage for 12 months.

A summary of the material terms of the officer employment agreements, together with a quantification of the severance benefits payable under those agreements to each of the executive officers named in the Summary Compensation Table may be found in the section below entitled "Potential Payments upon Termination or Change in Control."

**Compensation Committee Interlocks and Insider Participation.** During fiscal year 2008, the members of the Compensation Committee of the Board of Directors were Robert K. Bowen, Kristine F. Hughes and Pauline Hughes Francis. No member of the Compensation Committee at any time during 2008 was an officer or employee of the Company. Mr. Bowen has not been an officer or employee of the Company at any time. Both Mmes. Hughes and Francis are founders of the Company and have been at various times officers or employees of the Company or Hughes Development Corporation, a predecessor of the Company, since 1972. None of our executive officers at any time during 2008 served on the board of directors or compensation committee of any entity that had one or more executive officers serving as a member of our Board or our Compensation Committee.

Ms. Hughes is the spouse of Eugene L. Hughes, a former member of our Board of Directors, and Ms. Francis is his former sister-in-law. Mr. Hughes previously informed the Company of his intention to retire as an employee of the Company effective as of December 22, 2008. The Company and

Mr. Hughes subsequently entered into a Retirement and Consulting Agreement, dated as of December 9, 2008, pursuant to which Mr. Hughes provides consulting services to the Company for an initial term of eight years following his retirement. In exchange for such consulting services, Mr. Hughes will receive (i) annual compensation of \$215,000 for the first two years of service, (ii) annual compensation of \$100,000 for the remainder of the initial term, (iii) annual compensation of \$50,000 after the initial term, and (iv) certain medical and life insurance benefits.

Other than the Retirement and Consulting Agreement with Mr. Hughes, no member of the Compensation Committee at any time during 2008 had any relationship with us to be disclosed as a related person transaction.

**Compliance with Internal Revenue Code Section 162(m).** Section 162(m) of the Internal Revenue Code disallows a tax deduction to publicly held companies for compensation paid to certain of their executive officers to the extent such compensation exceeds \$1.0 million per covered officer in any year. The limitation applies only to compensation that is not considered to be performance-based under the terms of Section 162(m). Non-performance-based compensation paid to our executive officers for 2008 did not exceed the \$1.0 million limit per officer. However, as we continue to increase salaries and bonuses for our executive officers, together with the amounts recognized from equity awards, it is possible that the non-performance-based compensation payable to our executive officers will exceed the \$1.0 million limit in one or more future years. We believe that in establishing the cash and equity incentive compensation programs for our executive officers, the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor. For that reason, we may deem it appropriate to provide one or more executive officers with the opportunity to earn incentive compensation, whether through cash bonus programs tied to our financial performance or through equity awards, which together with base salary in the aggregate may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Internal Revenue Code. We believe it is important to maintain cash and equity incentive compensation at the levels needed to attract and retain the executive officers essential to our success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

(1) Amounts for 2008 include amounts that were deferred into the SEDP for 2008, as follows: Mr. Faggioli \$60,500; Mr. Bunker \$0; Mr. DeWyze \$29,354; Mr. Jarvis \$0; and Mr. Yates \$0. The SEDP provides selected employees and non-employee directors with the ability to defer compensation to future dates specified by the participant with a return based on investment alternatives selected by the participant. The SEDP is more fully described in the section following the Nonqualified Deferred Compensation Plans table below.

(2) Option awards are calculated in the same manner as the expense of these awards that is recognized in our consolidated financial statements. Each option award is valued under FAS 123R, and the compensation expense relating to that award is recognized over its vesting period. See Note 9 to the Notes to Consolidated Financial Statements set forth in Item 13 of the registration statement on Form 10/A filed (the "Registration Statement") with the SEC on May 20, 2009 for a description of the assumptions used in valuing stock awards and stock options. For this purpose, the estimate of forfeitures relating to vesting conditions is disregarded. The full amount of the FAS 123R value of the stock options is reported under Item 9 of the Registration Statement, "Securities Authorized for Issuance under Equity Compensation Plan."

"All Other Compensation" includes the following amounts paid by the Company for the fiscal year ended December 31, 2008. The amounts disclosed are the actual costs to the Company of providing these benefits.

The following table includes the minimum annual base salary for each of the named executive officers under their respective employment agreements, which is subject to review on at least an annual basis by the Chief Executive Officer (or, in the case of Mr. Faggioli, by the Compensation Committee):

**Option Exercises and Stock Vested**

No named executive officer exercised options during 2008, and no named executive officer held shares of stock that vested during 2008.

**Pension Benefits**

The Company does not have a pension plan in which the named executive officers can participate to receive payments or other benefits at, following, or in connection with retirement.

**Nonqualified Deferred Compensation Plans**

Information regarding the named executive officers' participation in the Company's nonqualified deferred compensation plan is included below.

Supplemental Elective Deferral Plan. The Company has adopted the Nature's Sunshine Products, Inc. Supplemental Elective Deferral Plan. The following table sets forth information relating to the SEDP for 2008 for the named executive officers:

Name	Executive Contributions in Last FY (\$)(1)	Registrant Contributions in Last FY (\$)	Aggregate Earnings in Last FY (\$)(2)	Aggregate Withdrawals/Distributions (\$)	Aggregate Balance at Last FYE (\$)
(a)	(b)	(c)	(d)	(e)	(f)
Douglas Faggioli	60,500		(41,925)		696,347
Stephen M. Bunker					
John R. DeWyze	29,354		(66,324)		188,375
Jamon A. Jarvis					
Bryant J. Yates					

(1) Executive contributions are included in the "Salary" reported under the Summary Compensation Table above.

(2) Earnings is defined to reflect the difference in the account balance between the beginning and end of the year, less any executive or Company contributions and any amounts withdrawn or distributed. Earnings include realized and unrealized gains, capital gains and dividends paid. These amounts do not constitute above-market or preferential earnings and, accordingly, are not included in amounts in the Summary Compensation Table above.

The SEDP permits the named executive officers, certain other employees and the Company's non-employee directors with the opportunity to defer specified percentages (up to 75 percent) of their compensation, including amounts that could not be deferred under the Company's Tax Deferred Retirement Plan because of the limitations under such plan imposed by the Internal Revenue Code. Participants may elect deferred amounts to be paid in monthly payments over 3 or 5 years or in a lump sum upon separation from service. Deferrals are credited with gain or loss based on the performance of one or more investment alternatives selected by the participant from among the investment funds offered by the Board. No actual investments are held in the participants' accounts and participants will at all times remain general unsecured creditors of the Company with respect to their account balances.

**Potential Payments upon Termination or Change in Control**

Included below is a summary of the material terms and conditions of the employment agreements the Company has entered into with its named executive officers that provide for certain payments and benefits upon termination of employment. The employment agreements are the only arrangements the Company has with its named executive officers to provide benefits upon termination of employment. The Company does not have any contract, agreement, plan or arrangement with its named executive officers that provides for payments at, following or in connection with a change in control of the Company.

Pursuant to the terms of the employment agreement each named executive officer has entered into with the Company, each named executive officer is eligible to receive certain termination benefits. The employment agreements provide that in the event the named executive officer is terminated by the Company without cause or due to non-renewal of the employment agreement or in the event the named executive officer's employment ceases due to death or incapacity, he will be entitled to receive a severance payment equal to his annual base salary for the year of termination payable in monthly

installments and continued medical insurance coverage for 12 months. Pursuant to the terms of their employment agreements, for a period of one year after the cessation of the named executive officer's employment, the named executive officer will be subject to certain non-compete and non-solicitation covenants.

The following table sets forth the estimated payments and benefits that would have been payable to the named executive officers under their agreements in the termination circumstances indicated below had their employment terminated on December 31, 2008. All cash payments are assumed to be made in a lump sum and would be paid by the Company. The amounts set forth in this table represent estimates and forward-looking information that is subject to substantial variation, based on the timing of the triggering event. The Company cautions the reader to consider these limitations in reviewing the following table.

#### Executive Benefits and Payments upon Termination Due to Termination by the Company without Cause or Due to Non-Renewal, Death or Incapacity

#### CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

The Board's Audit Committee is responsible for review, approval, or ratification of "related-person transactions" involving the Company or its subsidiaries and related persons. Under SEC rules, a related person is a director, officer, nominee for director, or five percent shareholder of the Company since the beginning of the previous fiscal year, and their immediate family members. We have adopted written policies and procedures that apply to any transaction or series of transactions in which the Company or a subsidiary is a participant, the amount involved exceeds \$120,000, and a related person has a direct or indirect material interest. If the Audit Committee determines a related person has a material interest in a transaction, the Audit Committee may approve, ratify, rescind, or take other action with respect to the transaction in its discretion.

Eugene L. Hughes, a former member of our Board of Directors, previously informed the Company of his intention to retire as an employee of the Company effective as of December 22, 2008. The

Company and Mr. Hughes subsequently entered into a Retirement and Consulting Agreement, dated as of December 9, 2008, pursuant to which Mr. Hughes provides consulting services to the Company for an initial term of eight years following his retirement. In exchange for such consulting services, Mr. Hughes will receive (i) annual compensation of \$215,000 for the first two years of service, (ii) annual compensation of \$100,000 for the remainder of the initial term, (iii) annual compensation of \$50,000 after the initial term, and (iv) certain medical and life insurance benefits.

Kristine F. Hughes is the spouse of Mr. Hughes, and Pauline Hughes Francis is his former sister-in-law. Both Mmes. Hughes and Francis are members of our Board of Directors.

### LEGAL PROCEEDINGS

On February 27, 2009, Prescott made a written demand, pursuant to Section 16-10a-702(1)(b) of the Revised Act, that the Company hold a special meeting of shareholders, or in lieu thereof an annual meeting of shareholders, for the purpose of electing a slate of directors proposed by Prescott. On March 10, 2009, Prescott made a written demand, pursuant Section 16-10a-1601(3) of the Revised Act, that Prescott be allowed to inspect and copy the record of shareholders required to be maintained by the Company pursuant to Section 16-10a-1601(3) of the Revised Act. The stated purpose for such inspection was to solicit proxies from the Company's shareholders for the purpose of voting on the election of directors and other matters presented at the meeting of shareholders. Prescott informed the Company that on April 3, 2009, it commenced a legal action in the Fourth Judicial District Court for Utah County, Utah (*Prescott Group Aggressive Small Cap Master Fund, G.P. v. Nature's Sunshine Products, Inc.*, Civil No. 090401518) in order to petition the court to order an annual meeting of shareholders for the purpose of electing directors of the Company. The Company was informed that the complaint was filed but not served. As part of the Prescott Agreement, Prescott agreed to withdraw its demands, dismiss its legal action and release the Company, the Hughes Parties and other related parties from claims relating to Prescott's legal action.

Other than the proceedings related to the Prescott Agreement, we are not aware of any legal proceedings in which any director, nominee, officer or affiliate of the Company, any owner of record or beneficially of more than five percent of any class of voting securities of the Company, or any associate of any such director, nominee, officer, affiliate of the Company or security holder is a party adverse to the Company or any of its subsidiaries or has a material interest adverse to the Company or any of its subsidiaries.

### HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (*e.g.*, brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as "householding," potentially means extra convenience for shareholders and cost savings for companies.

This year, a number of brokers with account holders who are our shareholders will be "householding" the proxy materials. A single proxy statement will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, you may (i) notify your broker, (ii) direct your written request to our Corporate Secretary at our principal executive offices at 75 East 1700 South, Provo, Utah 84606, or (3) contact Nature's Sunshine directly at (801) 342-4300. Shareholders who currently receive multiple copies of the proxy statement at their address and would like to request

"householding" of their communications should contact their broker. In addition, we will promptly deliver, upon written or oral request at the address or telephone number above, a separate copy of the proxy statement and annual report to a shareholder at a shared address to which a single copy of these materials was delivered.

**OTHER MATTERS**

The Board of Directors knows of no other business that will be presented at the Annual Meeting. If any other business is properly brought before the Annual Meeting, it is intended that the proxies in the enclosed form will be voted in accordance with the judgment of the person voting the proxies.

**WHETHER OR NOT YOU PLAN TO ATTEND THE ANNUAL MEETING, IT IS IMPORTANT THAT YOUR SHARES BE REPRESENTED AND VOTED AT THE MEETING REGARDLESS OF THE NUMBER OF SHARES YOU MAY HOLD. THEREFORE, WE URGE YOU TO VOTE AS PROMPTLY AS POSSIBLE. YOU MAY VOTE YOUR SHARES BY RETURNING THE ENCLOSED PROXY CARD. TIMELY VOTING WILL ENSURE YOUR REPRESENTATION AT THE ANNUAL MEETING. IF YOU DECIDE TO ATTEND THE ANNUAL MEETING, YOU WILL BE ABLE TO VOTE IN PERSON, EVEN IF YOU HAVE PREVIOUSLY SUBMITTED YOUR PROXY.**

**AMENDED AND RESTATED  
ARTICLES OF INCORPORATION  
OF  
NATURE'S SUNSHINE PRODUCTS, INC.**

**ARTICLE I  
NAME**

The name of the Corporation is Nature's Sunshine Products, Inc. (the "Corporation").

**ARTICLE II  
REGISTERED OFFICE**

The address of the Corporation's registered office in the State of Utah is 75 East 1700 South, Provo, Utah 84606. The Corporation's registered agent at that address is the Corporation's General Counsel.

**ARTICLE III  
PURPOSES**

The purpose for which the Corporation is organized is to engage in any lawful act or activity for which corporations may be organized under the Utah Revised Business Corporation Act (the "*Revised Act*").

**ARTICLES IV  
CAPITALIZATION**

The Corporation is authorized to issue two classes of shares to be designated, respectively, "Common Shares" and "Preferred Shares." The total number of Common Shares authorized to be issued is fifty million (50,000,000), no par value per share, and the total number of Preferred Shares authorized to be issued is ten million (10,000,000), no par value per share.

The preferences, limitations and relative rights of each class of shares (to the extent established hereby), and the express grant of authority to the Board of Directors to amend these Articles of Incorporation to divide the Preferred Shares into series, to establish and modify the preferences, limitations and relative rights of each Preferred Share, and to otherwise impact the capitalization of the Corporation, subject to certain limitations and procedures and as permitted by Section 602 of the Revised Act, are as follows:

*A. Common Shares.*

1. *Voting Rights.* Except as otherwise expressly provided by law or in this Article IV, each outstanding Common Share shall be entitled to one (1) vote on each matter to be voted on by the shareholders of the Corporation.

2. *Liquidation Rights.* Subject to any prior or superior rights of liquidation as may be conferred upon any Preferred Shares, and after payment or provision for payment of the debts and other liabilities of the Corporation, upon any voluntary or involuntary liquidation, dissolution or winding up of the affairs of the Corporation, the holders of Common Shares then outstanding shall be entitled to receive all of the assets and funds of the Corporation remaining and available for

distribution. Such assets and funds shall be divided among and paid to the holders of Common Shares, on a pro-rata basis, according to the number of shares of Common Shares held by them.

3. *Dividends.* Dividends may be paid on the outstanding shares of Common Shares as and when declared by the Board of Directors, out of funds legally available therefor; provided, however, that no dividends shall be made with respect to the Common Shares until any preferential dividends required to be paid or set apart for any shares of Preferred Shares have been paid or set apart.

4. *Residual Rights.* All rights accruing to the outstanding shares of the Corporation not expressly provided for to the contrary herein or in any amendment hereto or thereto shall be vested in the Common Shares.

*B. Preferred Shares.*

The Board of Directors, without shareholder action, may amend the Corporation's Articles of Incorporation, pursuant to the authority granted to the Board of Directors by Subsection 1002(1)(e) and within the limits set forth in Section 16-10a-602 of the Revised Act, to do any of the following:

1. designate and determine, in whole or in part, the preferences, limitations and relative rights of the Preferred Shares before the issuance of any shares of Preferred Shares;

2. create one or more series of Preferred Shares, fix the number of shares of each such series (within the total number of authorized shares of Preferred Shares available for designation as a part of such series), and designate and determine, in whole or in part, the preferences, limitations and relative rights of each series of Preferred Shares all before the issuance of any shares of such series;

3. alter or revoke the preferences, limitations and relative rights granted to or imposed upon the Preferred Shares (before the issuance of any shares of Preferred Shares, or upon any wholly-unissued series of Preferred Shares); or

4. increase or decrease the number of shares constituting any series of Preferred Shares, the number of shares of which was originally fixed by the Board of Directors, either before or after the issuance of shares of the series, provided that the number may not be decreased below the number of shares of such series then outstanding, or increased above the total number of authorized shares of Preferred Shares available for designation as a part of such series.

**ARTICLE V  
PRE-EMPTIVE RIGHTS**

No holder of shares of the Corporation of any class now or hereafter authorized, shall have any preferential or pre-emptive right to subscribe for, purchase or receive any shares of the Corporation of any class, now or hereafter authorized, or any options or warrants for such shares, or any rights to subscribe to or purchase such shares or any securities convertible into or exchangeable for such shares, which may at any time be issued, sold or offered for sale by the Corporation. The Board of Directors of the Corporation shall have the right to issue the authorized and treasury shares of this Corporation at such time and upon such terms and conditions and for such consideration as the Board of Directors shall determine.

**ARTICLE VI  
DIRECTORS**

The number of directors to constitute the whole Board of Directors shall be such number as shall be fixed from time to time exclusively by a resolution adopted by a majority of the Board of Directors.

Any vacancy in the Board of Directors, whether because of death, resignation, disqualification, an increase in the authorized number of directors, removal, or any other cause, may be filled exclusively by a vote of the majority of the remaining directors, although less than a quorum, or by a sole remaining director.

The Board of Directors shall be divided into three classes as nearly equal in number as may be feasible, hereby designated as Class I, Class II and Class III, with the term of office of one class expiring at each annual meeting. Each director shall be elected to serve a term ending at the third annual meeting of shareholders following the annual meeting of shareholders at which such director was elected, or until his or her earlier death, resignation or removal; provided, however, that (i) the directors in Class I at the time of the effectiveness of these Restated Articles shall serve for a term ending on the Corporation's first annual meeting of shareholders following the effectiveness of these Restated Articles, (ii) the directors in Class II at the time of the effectiveness of these Restated Articles shall serve for a term ending on the Corporation's second annual meeting of shareholders following the effectiveness of these Restated Articles and (iii) the directors in Class III at the time of the effectiveness of these Restated Articles shall serve for a term ending on the Corporation's third annual meeting of shareholders following the effectiveness of these Restated Articles. When a vacancy on the Board of Directors is filled, the director chosen to fill that vacancy shall complete the term of the director he or she succeeds (or shall complete the term of the class of directors in which the new directorship was created). Notwithstanding the foregoing, each director shall hold office until his or her successor shall have been elected and qualified or until such director's earlier death, resignation or removal. No reduction of the authorized number of directors shall have the effect of removing any director prior to the expiration of such director's term of office. When the number of directors is changed, each director then serving as such shall nevertheless continue as a director of the class of which he or she is a member until the expiration of his or her current term, and any newly created directorships or any decrease in directorships shall be so assigned among the classes by a majority of the directors then in office, though less than a quorum, as to make all classes as nearly equal in number as may be feasible.

The shareholders may remove one or more directors at a meeting called for that purpose if notice has been given that a purpose of the meeting is such removal. Notwithstanding the preceding sentence, directors may only be removed for cause and upon the affirmative vote of at least three-fourths (75%) of the shares then entitled to vote at an election of directors.

#### **ARTICLE VII SHAREHOLDER ACTION**

The shareholders of the Corporation are not permitted to take action without a meeting of shareholders held and noticed in accordance with the bylaws of the Corporation. Any action taken by shareholders by written consent without a meeting shall be null and void. Nothing in this Article VII shall affect the validity of any shareholder action taken prior to the adoption of these Restated Articles.

#### **ARTICLE VIII AMENDMENT OF BYLAWS**

In furtherance and not in limitation of the power conferred upon the Board of Directors by law, the Board of Directors shall have power to adopt, amend, alter and repeal from time to time the bylaws of the Corporation by majority vote of all directors except that any provision of the bylaws requiring, for board action, a vote of greater than a majority of the Board of Directors shall not be amended, altered or repealed except by such supermajority vote. The shareholders of the Corporation may only adopt, amend or repeal bylaws with the affirmative vote of the holders of at least a majority

of the Corporation's shares then outstanding and entitled to vote on the amendment, or such greater percentage as may otherwise be set forth in the bylaws.

**ARTICLE IX  
AMENDMENT OF ARTICLES**

The Corporation reserves the right to amend these Restated Articles in any manner provided herein or permitted by the Revised Act, and all rights and powers, if any, conferred herein on shareholders, directors and officers are subject to the reserved power. Notwithstanding the foregoing, without the affirmative vote of the holders of record of a majority of the Corporation's shares then outstanding and entitled to vote on the amendment, the Corporation shall not alter, amend or repeal Article VII, Article VIII or Article IX. Notwithstanding anything to the contrary in these Restated Articles, Article VI shall not be subject to amendment or repeal, either directly or through or by amendment of this Article IX, without the affirmative vote of the holders of record of at least three-fourths (75%) of the Corporation's shares then issued and outstanding and entitled to vote on the amendment.

**ARTICLE X  
EXCULPATION; INDEMNIFICATION**

To the fullest extent permitted by the Revised Act or any other applicable law as now in effect or as it may hereafter be amended, a director or officer of the Corporation shall not be personally liable to the Corporation or its shareholders for monetary damages for any action taken or any failure to take any action, as a director or officer. The Corporation is authorized to indemnify and advance expenses to its directors, officers, employees, fiduciaries, or agents to the fullest extent permitted by law. Neither the amendment, modification or repeal of this Article nor the adoption of any provision in these Restated Articles, as amended from time to time, inconsistent with this Article X shall adversely affect any right or protection of a director, officer, employee, fiduciary, or agent of the Corporation with respect to any act or omission that occurred prior to the time of such amendment, modification, repeal or adoption.
