CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This report, as well as our other public filings or public statements, includes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are identified by terms and phrases such as "anticipate," "believe," "intend," "estimate," "expect," "continue," "should," "could," "may," "plan," "project," "predict," "will" and similar expressions and include references to assumptions and relate to our future prospects, developments and business strategies.

Factors that could cause actual results to differ materially from those expressed or implied in such forward-looking statements include, but are not limited to:

our high level of indebtedness;

our ability to make interest and principal payments on our debt and satisfy the other covenants contained in our senior secured credit facility and other debt agreements;

general economic conditions (including the impact of continued high unemployment and changing consumer behavior), inflation and interest rate movements;

our ability to improve the operating performance of our stores in accordance with our long term strategy;

our ability to realize same store sales growth;

our ability to hire and retain qualified personnel;

the efforts of private and public third party payors to reduce prescription drug reimbursement and encourage mail order;

competitive pricing pressures, including aggressive promotional activity from our competitors;

decisions to close additional stores and distribution centers, which could result in further charges to our operating statement;

our ability to manage expenses;

our ability to realize the benefits from actions to further reduce costs and investment in working capital;

continued consolidation of the drugstore and the pharmacy benefit management industries;

changes in state or federal legislation or regulations, and the impact of healthcare reform;

the outcome of lawsuits and governmental investigations;

Edgar Filing: RITE AID CORP - Form 10-Q

our ability to maintain the listing of our common stock on the New York Stock Exchange (the "NYSE"), and the resulting impact on our indebtedness, results of operations and financial condition; and

other risks and uncertainties described from time to time in our filings with the Securities and Exchange Commission ("the SEC").

We undertake no obligation to update or revise the forward-looking statements included in this report, whether as a result of new information, future events or otherwise, after the date of this report. Our actual results, performance or achievements could differ materially from the results expressed in, or implied by, these forward-looking statements. Factors that could cause or contribute to such differences are discussed in the section entitled "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" included herein and included in our Annual Report on Form 10-K for the fiscal year ended February 26, 2011 ("the Fiscal 2011 10-K"), which we filed with the SEC on April 26, 2011. This document is available on the SEC's website at www.sec.gov.

[Table of Contents](#)**RITE AID CORPORATION AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****For the Thirteen Week Periods Ended May 28, 2011 and May 29, 2010****(Dollars and share information in thousands, except per share amounts)****(unaudited)****1. Basis of Presentation**

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X and therefore do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete annual financial statements. The accompanying financial information reflects all adjustments which are of a recurring nature and, in the opinion of management, are necessary for a fair presentation of the results for the interim periods. The results of operations for the thirteen week period ended May 28, 2011 are not necessarily indicative of the results to be expected for the full year. These condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Company's Fiscal 2011 10-K.

2. Loss Per Share

Basic loss per share is computed by dividing loss available to common stockholders by the weighted average number of shares of common stock outstanding for the period. Diluted loss per share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock or resulted in the issuance of common stock that then shared in the income of the Company subject to anti-dilution limitations.

	Thirteen Week Period Ended	
	May 28, 2011	May 29, 2010
Numerator for loss per share:		
Net loss	\$ (63,082)	\$ (73,684)
Accretion of redeemable preferred stock	(25)	(25)
Cumulative preferred stock dividends	(2,425)	(2,285)
Loss attributable to common stockholders, basic and diluted	\$ (65,532)	\$ (75,994)
Denominator:		
Basic and diluted weighted average shares	883,915	881,732
Basic and diluted loss per share	\$ (0.07)	\$ (0.09)

Table of Contents**RITE AID CORPORATION AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)****For the Thirteen Week Periods Ended May 28, 2011 and May 29, 2010****(Dollars and share information in thousands, except per share amounts)****(unaudited)****2. Loss Per Share (Continued)**

Due to their antidilutive effect, the following potential common shares have been excluded from the computation of diluted loss per share as of May 28, 2011 and May 29, 2010:

	Thirteen Week Period Ended	
	May 28, 2011	May 29, 2010
Stock options	63,779	75,089
Restricted stock units	669	
Convertible preferred stock	29,832	28,107
Convertible debt	24,800	61,045
	119,080	164,241

Also excluded from the computation of diluted loss per share as of May 28, 2011 and May 29, 2010 are restricted shares of 6,263 and 5,886, respectively, which are included in shares outstanding.

3. Lease Termination and Impairment Charges

Lease termination and impairment charges consist of amounts and number of locations as follows:

	Thirteen Week Period Ended	
	May 28, 2011	May 29, 2010
Impairment charges	\$ 734	\$ 1,134
Facility and equipment lease exit charges	16,356	12,323
	\$ 17,090	\$ 13,457

Impairment charges:

Number of Stores	14	16
Number of Distribution Centers		

	14	16
--	----	----

Lease exit charges:

Number of Stores	3	8
Number of Distribution Centers		

	3	8
--	---	---

Table of Contents**RITE AID CORPORATION AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)****For the Thirteen Week Periods Ended May 28, 2011 and May 29, 2010****(Dollars and share information in thousands, except per share amounts)****(unaudited)****3. Lease Termination and Impairment Charges (Continued)****Impairment Charges**

These amounts include the write-down of long-lived assets at locations that were assessed for impairment because of management's intention to relocate or close the location, or because of changes in circumstances that indicated the carrying value of an asset may not be recoverable.

Facility and Equipment Lease Exit Charges

Charges to close a store, which principally consist of lease termination costs, are recorded at the time the store is closed and all inventory is liquidated, pursuant to the guidance set forth in ASC 420, "Exit or Disposal Cost Obligations." The Company calculates the liability for closed stores on a store-by-store basis. The calculation includes the discounted effect of future minimum lease payments and related ancillary costs, from the date of closure to the end of the remaining lease term, net of estimated cost recoveries that may be achieved through subletting or favorable lease terminations. The Company evaluates these assumptions each quarter and adjusts the liability accordingly.

As part of our ongoing business activities, the Company assesses stores and distribution centers for potential closure. Decisions to close stores or distribution centers in future periods would result in charges for lease exit costs and liquidation of inventory, as well as impairment of assets at these locations. The following table reflects the closed store and distribution center charges that relate to new closures, changes in assumptions and interest accretion:

	Thirteen Week Period Ended	
	May 28, 2011	May 29, 2010
Balance beginning of period	\$ 405,350	\$ 412,654
Provision for present value of noncancellable lease payments of closed stores	864	5,492
Changes in assumptions about future sublease income, terminations and changes in interest rates	9,363	857
Interest accretion	6,944	6,855
Cash payments, net of sublease income	(26,078)	(27,607)
Balance end of period	\$ 396,443	\$ 398,251

The Company's revenues and income (loss) before income taxes for the thirteen week periods ended May 28, 2011 and May 29, 2010 include results from stores that have been closed or are

Table of Contents**RITE AID CORPORATION AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)****For the Thirteen Week Periods Ended May 28, 2011 and May 29, 2010****(Dollars and share information in thousands, except per share amounts)****(unaudited)****3. Lease Termination and Impairment Charges (Continued)**

approved for closure as of May 28, 2011. The revenue and income (loss) before income taxes of these stores for the periods are presented as follows:

	Thirteen Week Period Ended	
	May 28, 2011	May 29, 2010
Revenues	\$ 17,216	\$ 67,027
Operating expenses	19,312	75,818
Gain from sale of assets	(5,149)	(1,049)
Other expenses	304	1,252
Income (loss) before income taxes	2,749	(8,994)
Included in these stores' income (loss) before income taxes are:		
Depreciation and amortization	137	778
Inventory liquidation charges	397	1,641

The above results are not necessarily indicative of the impact that these closures will have on revenues and operating results of the Company in the future, as the Company often transfers the business of a closed store to another Company store, thereby retaining a portion of these revenues.

The Company prioritizes inputs used in measuring the fair value of its nonfinancial assets and liabilities into a hierarchy of three levels: Level 1 quoted prices (unadjusted) in active markets for identical assets or liabilities; Level 2 inputs other than quoted prices included within Level 1 that are either directly or indirectly observable; and Level 3 unobservable inputs in which little or no market activity exists, therefore requiring an entity to develop its own assumptions about the assumptions that market participants would use in pricing.

Long-lived assets are measured at fair value on a nonrecurring basis for purposes of calculating impairment using Level 2 and Level 3 inputs as defined in the fair value hierarchy. The fair value of long-lived assets using Level 2 inputs is determined by evaluating the current economic conditions in the geographic area for similar use assets. The fair value of long-lived assets using Level 3 inputs is determined by estimating the amount and timing of net future cash flows and discounting them using a risk-adjusted rate of interest. The Company estimates future cash flows based on its experience and knowledge of the market in which the store is located.

Table of Contents**RITE AID CORPORATION AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)****For the Thirteen Week Periods Ended May 28, 2011 and May 29, 2010****(Dollars and share information in thousands, except per share amounts)****(unaudited)****3. Lease Termination and Impairment Charges (Continued)**

The table below sets forth by level within the fair value hierarchy the long-lived assets as of the impairment measurement date for which an impairment assessment was performed and total losses for the thirteen week periods ended May 28, 2011 and May 29, 2010, respectively.

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Values as of Impairment Date	Total Losses Thirteen week period ended May 28, 2011
Long-lived assets held and used	\$	\$	\$ 1,484	\$ 1,484	\$ (734)
Long-lived assets held for sale					
Total	\$	\$	\$ 1,484	\$ 1,484	\$ (734)

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Fair Values as of Impairment Date	Total Losses Thirteen week period ended May 29, 2010
Long-lived assets held and used	\$	\$	\$ 282	\$ 282	\$ (1,134)
Long-lived assets held for sale					
Total	\$	\$	\$ 282	\$ 282	\$ (1,134)

4. Income Taxes

The Company recorded an income tax expense from continuing operations of \$2,273 and \$7,141 for the thirteen week periods ended May 28, 2011 and May 29, 2010, respectively. The income tax expense for the thirteen week period ended May 28, 2011 is primarily attributable to the accrual of state and local taxes and adjustments to unrecognized tax benefits. The income tax expense for the thirteen week period ended May 29, 2010 is primarily due to the need for an accrual of additional state taxes resulting from the receipt of a final audit determination.

The Company is indemnified by Jean Coutu Group for certain tax liabilities incurred for all years ended up to and including June 4, 2007, related to the June 2007 Brooks Eckerd acquisition. Although the Company is indemnified by Jean Coutu Group, the Company remains the primary obligor to the tax authorities with respect to any tax liability arising for the years prior to the acquisition. Accordingly, as of May 28,

Edgar Filing: RITE AID CORP - Form 10-Q

2011 and February 26, 2011 the Company had corresponding recoverable indemnification assets of \$160,289 and \$158,209 from Jean Coutu Group, respectively, included in the 'Other Assets' line of the Consolidated Balance Sheets, to reflect the indemnification for such liabilities.

The Company files U.S. federal income tax returns as well as income tax returns in those states where it does business. The consolidated federal income tax returns have been subject to examination by the Internal Revenue Service (IRS) through fiscal 2008. However, any net operating losses that were generated in these prior closed years may be subject to examination by the IRS upon utilization. The IRS has completed the examination of the consolidated U.S. income tax returns for Brooks Eckerd for the periods leading up to the acquisition which include fiscal years 2004 through 2007. A revenue agent

Table of Contents**RITE AID CORPORATION AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)****For the Thirteen Week Periods Ended May 28, 2011 and May 29, 2010****(Dollars and share information in thousands, except per share amounts)****(unaudited)****4. Income Taxes (Continued)**

report (RAR) has been received for each of the three audit cycles, with the last RAR received in the third quarter of fiscal 2011. The company is appealing these audit results. Management believes that the Company has adequately provided for any potential adverse results. Furthermore, pursuant to the tax indemnification referenced above, Jean Coutu Group is required to reimburse the Company for any assessment that may arise. State income tax returns are generally subject to examination for a period of three to five years after filing of the respective return. However, as a result of filing amended returns, the Company has statutes open in some states from fiscal 2004.

The Company recognizes tax liabilities in accordance with the guidance for uncertain tax positions and management adjusts these liabilities with changes in judgment as a result of the evaluation of new information not previously available. Due to the complexity of some of these uncertainties, the ultimate resolution may result in a payment that is materially different from the current estimate of the tax liabilities.

Over the next 12 months, the Company believes that it is reasonably possible that the amount of unrecognized tax positions including interest and penalties could decrease tax liabilities by approximately \$96,500, which would impact the effective tax rate if our tax positions are sustained upon audit, the controlling statute of limitations expires or we agree to a disallowance. The primary driver of the decrease is contingent upon the timing of the conclusion of the pre-acquisition period's audit of the consolidated U.S. income tax returns for Brooks Eckerd and will impact the effective rate by decreasing tax expense by approximately \$60,200. The corresponding indemnification asset will reverse concurrently.

The valuation allowances as of May 28, 2011 and February 26, 2011 apply to the net deferred tax assets of the Company. The Company continues to maintain a full valuation allowance of \$2,220,585 and \$2,199,302 against net deferred tax assets at May 28, 2011 and February 26, 2011, respectively.

5. Intangible Assets

The Company's intangible assets are finite-lived and amortized over their useful lives. Following is a summary of the Company's amortizable intangible assets as of May 28, 2011 and February 26, 2011.

	May 28, 2011			February 26, 2011		
	Gross Carrying Amount	Accumulated Amortization	Remaining Weighted Average Amortization Period	Gross Carrying Amount	Accumulated Amortization	Remaining Weighted Average Amortization Period

6. Indebtedness and Credit Agreements (Continued)

Credit Facility

The Company has a senior secured credit facility that consists of a \$1,175,000 revolving credit facility and two term loans. Borrowings under the revolving credit facility bear interest at a rate per annum between LIBOR plus 3.25% and LIBOR plus 3.75% if the Company chooses to make LIBOR borrowings, or between Citibank's base rate plus 2.25% and Citibank's base rate plus 2.75%, in each case based upon the amount of revolver availability, as defined in the senior secured credit facility. The Company is required to pay fees between 0.50% and 0.75% per annum on the daily unused amount of the revolver depending on the amount of revolver availability. Amounts drawn under the revolver become due and payable on August 19, 2015, provided that such maturity date shall instead be April 18, 2014 in the event that on or prior to April 18, 2014 the Company does not repay, refinance or otherwise extend the maturity date of its Tranche 2 Term Loan (as defined below) to a date that is at least 90 days after August 19, 2015 and, in the case of a repayment or refinancing, the Company must have at least \$500,000 of availability under the revolver.

The Company's ability to borrow under the revolver is based upon a specified borrowing base consisting of accounts receivable, inventory and prescription files. At May 28, 2011, the Company had no borrowings outstanding under the revolver and had letters of credit outstanding thereunder of \$138,976 which gave the Company additional borrowing capacity of \$1,036,024.

The credit facility also includes a \$1,105,000 senior secured term loan (the "Tranche 2 Term Loan"). The Tranche 2 Term Loan will mature on June 4, 2014 and currently bears interest at a rate per annum equal to LIBOR plus 1.75%, if the Company elects LIBOR borrowings, or at Citibank's base rate plus 0.75%. Mandatory prepayments are required to be made from proceeds of asset dispositions and casualty events (subject to certain limitations), a portion of excess cash flows (as defined in the senior secured credit facility) and proceeds from certain issuances of equity or debt (subject to certain exceptions). If at any time there is a shortfall in the borrowing base under the senior secured credit facility, prepayment of the Tranche 2 Term Loan may also be required.

On March 3, 2011, the Company refinanced its Tranche 3 Term Loan with a \$343.0 million senior secured term loan (the "Tranche 5 Term Loan"). The Tranche 5 Term Loan matures on March 3, 2018, although the maturity shall instead be December 1, 2014 in the event that the Company does not repay or refinance its outstanding 8.625% senior notes due 2015 prior to that time, or September 16, 2015, in the event that the Company does not repay or refinance its outstanding 9.375% senior notes due 2015 prior to that time. The Tranche 5 Term Loan bears interest at a rate per annum equal to LIBOR plus 3.25% with a 1.25% LIBOR floor, and is subject to a 1% prepayment fee in the event it is refinanced within the first year after issuance with the proceeds of a substantially concurrent issuance of new loans or other indebtedness incurred for the primary purpose of repaying, refinancing or replacing the Tranche 5 Term Loan. The Company must make mandatory prepayments of the Tranche 5 Term Loan with the proceeds of asset dispositions and casualty events (subject to certain limitations), with a portion of any excess cash flow generated by the Company (as defined in the senior secured credit facility) and with the proceeds of certain issuances of equity and debt (subject to certain exceptions). If

6. Indebtedness and Credit Agreements (Continued)

at any time there is a shortfall in its borrowing base under its senior secured credit facility, prepayment of the Tranche 5 Term Loan may also be required.

The senior secured credit facility also restricts the Company and the subsidiary guarantors from accumulating cash on hand in excess of \$200,000 at any time when revolving loans are outstanding (not including cash located in the Company's store deposit accounts, cash necessary to cover the Company's current liabilities and certain other exceptions) and from accumulating cash on hand with revolver borrowings in excess of \$100,000 over three consecutive business days. The senior secured credit facility also states that if at any time (other than following the exercise of remedies or acceleration of any senior obligations or second priority debt and receipt of a triggering notice by the senior collateral agent from a representative of the senior obligations or the second priority debt) either (a) an event of default exists under the Company's senior secured credit facility or (b) the sum of revolver availability under the Company's senior secured credit facility and certain amounts held on deposit with the senior collateral agent in a concentration account is less than \$100,000 for three consecutive business days (a "cash sweep period"), the funds in the Company's deposit accounts will be swept to a concentration account with the senior collateral agent and will be applied first to repay outstanding revolving loans under the senior secured credit facility, and then held as Collateral for the senior obligations until such cash sweep period is rescinded pursuant to the terms of the Company's senior secured credit facility.

The senior secured credit facility allows the Company to have outstanding, at any time, up to \$1,500,000 in secured second priority debt and unsecured debt in addition to borrowings under the senior secured credit facility and existing indebtedness, provided that not in excess of \$750,000 of such secured second priority debt and unsecured debt shall mature or require scheduled payments of principal prior to three months after June 4, 2014. The senior secured credit facility allows the Company to incur an unlimited amount of unsecured debt with a maturity beyond three months after June 4, 2014; however, other debentures limit the amount of unsecured debt that can be incurred if certain interest coverage levels are not met at the time of incurrence of said debt. The senior secured facility also allows, so long as the senior secured credit facility is not in default, for the repurchase of any debt with a maturity on or before June 4, 2014, for the voluntary repurchase of debt with a maturity after June 4, 2014, and the mandatory repurchase of the Company's 8.5% convertible notes due 2015 if the Company maintains availability on the revolving credit facility of at least \$100,000.

The senior secured credit facility contains covenants which place restrictions on the incurrence of debt beyond the restrictions described above, the payments of dividends, sale of assets, mergers and acquisitions and the granting of liens. The credit facility has a financial covenant, which is the maintenance of a fixed charge coverage ratio. The covenant requires that, if availability on the revolving credit facility is less than \$150,000, the Company must maintain a minimum fixed charge coverage ratio of 1.00 to 1.00 through November 26, 2011. This ratio increases to 1.05 to 1.00 in the last quarter of Fiscal 2012 and remains at that level for the remaining term of the facility. As of May 28, 2011, the Company was in compliance with this financial covenant.

The senior secured credit facility provides for events of default including nonpayment, misrepresentation, breach of covenants and bankruptcy. It is also an event of default if the Company

6. Indebtedness and Credit Agreements (Continued)

fails to make any required payment on debt having a principal amount in excess of \$50,000 or any event occurs that enables, or which with the giving of notice or the lapse of time would enable, the holder of such debt to accelerate the maturity or require the repurchase of such debt. The August 2010 amendments to the senior secured credit facility exclude the mandatory repurchase of the 8.5% convertible notes due 2015 from this event of default.

Substantially all of Rite Aid Corporation's wholly-owned subsidiaries guarantee the obligations under the senior secured credit facility. The subsidiary guarantees of the senior secured credit facility; the 9.75% senior secured notes due 2016 and the 8.00% senior secured notes due 2020 are secured by a senior lien on, among other things, accounts receivable, inventory and prescription files of the subsidiary guarantors. Rite Aid Corporation is a holding company with no direct operations and is dependent upon dividends, distributions and other payments from its subsidiaries to service payments due under the senior secured credit facility. The Company's 10.375% senior secured notes due 2016, the 7.5% senior secured notes due 2017 and the 10.25% senior secured notes due 2019 are guaranteed by substantially all of the Company's wholly-owned subsidiaries, which are the same subsidiaries that guarantee the senior secured credit facility, the 9.75% senior secured notes due 2016 and the 8.00% senior secured notes due 2020, and are secured on a second priority basis by the same collateral as the senior secured credit facility, the 9.75% senior secured notes due 2016 and the 8.00% senior secured notes due 2020. The 8.625% senior notes due 2015, the 9.375% senior notes due 2015 and the 9.5% senior notes due 2017 are also guaranteed by all of the same subsidiaries on an unsecured basis.

The subsidiary guarantees related to the Company's senior secured credit facility and secured notes and on an unsecured basis the guaranteed indentures are full and unconditional and joint and several, and there are no restrictions on the ability of the parent to obtain funds from its subsidiaries. Also, the Company has no independent assets or operations, and subsidiaries not guaranteeing the credit facility and applicable indentures are minor. Accordingly, condensed consolidating financial information for the parent and subsidiaries is not presented.

The indentures that govern the Company's secured and guaranteed unsecured notes contain restrictions on the amount of additional secured and unsecured debt that can be incurred by the Company. As of May 28, 2011, the amount of additional secured and unsecured debt that could be incurred under these indentures was \$1,142,200 (which does not include the ability to enter into certain sale and leaseback transactions.) However, the Company could not incur any additional secured debt assuming a fully drawn revolver and the outstanding letters of credit. The ability to issue additional unsecured debt under these indentures is governed by an interest coverage ratio test.

Convertible Notes

On March 1, 2011, the Company was notified by the NYSE that, as of March 1, 2011, it regained compliance with the NYSE minimum share price listing requirement. The Company is now in compliance with all NYSE listing rules, and has actively been taking steps to maintain its listing and expects its efforts to maintain its NYSE listing will be successful. However, there can be no assurance that the Company will maintain compliance with the NYSE minimum share price rule or other

Table of Contents**RITE AID CORPORATION AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)****For the Thirteen Week Periods Ended May 28, 2011 and May 29, 2010****(Dollars and share information in thousands, except per share amounts)****(unaudited)****6. Indebtedness and Credit Agreements (Continued)**

continued listing requirements. In the event of a delisting, all holders of its \$64.2 million of outstanding 8.5% Convertible Notes due May 2015 ("Convertible Notes") would be entitled to require the Company to repurchase its Convertible Notes. The Company's senior secured credit facility permits the Company to make such a repurchase of the Convertible Notes; provided that, before and after such transaction, no default or event of default shall have occurred and be continuing under the senior secured credit facility and the Company has at least \$100.0 million of availability under its revolving credit facility. The Company's ability to pay cash to holders of the Convertible Notes may be limited by its financial resources at the time of such repurchase. The Company cannot assure you that sufficient financing will be available on terms acceptable to it if necessary to make any required repurchase of the Convertible Notes.

Maturities

The aggregate annual principal payments of long-term debt for the remainder of fiscal 2012 and thereafter are as follows: 2012 \$5,205; 2013 \$114; 2014 \$193,823; 2015 \$1,044,692; 2016 \$977,618 and \$3,859,708 in 2017 and thereafter.

7. Financial Instruments

The carrying amounts and fair values of financial instruments at May 28, 2011 and February 26, 2011 are as follows:

	May 28, 2011		February 26, 2011	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Variable rate indebtedness	\$ 1,376,127	\$ 1,329,312	\$ 1,425,019	\$ 1,386,861
Fixed rate indebtedness	\$ 4,656,722	\$ 4,550,824	\$ 4,654,548	\$ 4,544,974

Cash, trade receivables and trade payables are carried at market value, which approximates their fair values due to the short-term maturity of these instruments.

The following methods and assumptions were used in estimating fair value disclosures for financial instruments:

LIBOR-based borrowings under credit facilities:

The carrying amounts for LIBOR-based borrowings under the credit facilities, term loans and term notes are estimated based on the quoted market price of the financial instruments.

Long-term indebtedness:

The fair values of long-term indebtedness are estimated based on the quoted market prices of the financial instruments. If quoted market prices were not available, the Company estimated the fair value based on the quoted market price of a financial instrument with similar characteristics.

Table of Contents**RITE AID CORPORATION AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)****For the Thirteen Week Periods Ended May 28, 2011 and May 29, 2010****(Dollars and share information in thousands, except per share amounts)****(unaudited)****8. Stock Options**

On March 21, 2011, the Company launched a Stock Option Exchange Program ("Program") for eligible associates only. Under the Program, eligible associates had the opportunity to surrender certain stock options for a lesser number of new stock options with an exercise price that was determined based on the closing market price on April 21, 2011, the day the Program concluded. The number of new options was determined by applying exchange ratios that resulted in providing new stock options with an aggregate fair value that approximated the aggregate fair value of the options they replaced. The new options vest over two years and have a five year life with an exercise price of \$1.03. A total of 14.0 million options with an average exercise price in excess of \$1.77 were cancelled and 5.3 million new options were granted with an exercise price of \$1.03. The Company recognized a minimal incremental compensation expense as a result of the Program.

Following is a summary of stock option transactions for the quarter ended May 28, 2011:

	Shares
Outstanding at February 26, 2011	74,298
Granted	5,312
Exercised	(65)
Cancelled	(15,765)
Outstanding at May 28, 2011	63,780

9. Retirement Plans

Net periodic pension expense recorded in the thirteen week periods ended May 28, 2011 and May 29, 2010, for the Company's defined benefit plans includes the following components:

	Defined Benefit Pension Plan		Nonqualified Executive Retirement Plans	
	Thirteen Week Period Ended			
	May 28, 2011	May 29, 2010	May 28, 2011	May 29, 2010
Service cost	\$ 838	\$ 809	\$ 5	\$ 18
Interest cost	1,518	1,516	193	211
Expected return on plan assets	(1,505)	(1,248)		
Amortization of unrecognized prior service cost	157	215		
Amortization of unrecognized net loss	422	507		(332)
Net pension expense	\$ 1,430	\$ 1,799	\$ 198	\$ (103)

During the thirteen week period ended May 28, 2011 the Company contributed \$405 to the Nonqualified Executive Retirement Plans. In addition, the Company prepaid \$5,100 to the Defined Benefit Pension Plan during fiscal 2011. During the remainder of fiscal 2012, the Company expects to

contribute \$1,161 to the Nonqualified Executive Retirement Plans and \$5,819 to the Defined Benefit Pension Plan.

10. Commitments and Contingencies

The Company is currently a defendant in several putative collective or class action lawsuits filed in federal or state courts in Pennsylvania, New Jersey, New York, Maryland and Oregon, purportedly on behalf of, in some cases (i) current and former assistant store managers or (ii) current and former store managers and assistant store managers, respectively, working in the Company's stores at various locations. The lawsuits allege violations of the Fair Labor Standards Act and of certain state wage and hour statutes. The lawsuits seek various combinations of unpaid compensation (including overtime compensation), liquidated damages, exemplary damages, pre- and post-judgment interest as well as attorneys' fees and costs. In one of the cases, *Craig et al v. Rite Aid Corporation et al*, pending in the United States District Court for the Middle District of Pennsylvania, brought on behalf of current and former assistant store managers, the Court, on December 9, 2009, conditionally certified a nationwide collective group of individuals who worked for the Company as assistant store managers since December 9, 2006. Notice of the *Craig* action has been sent to the purported members of the collective group (approximately 6,700 current and former store managers) and approximately 1,100 have joined the *Craig* action. In another of the cases, *Indergit v. Rite Aid Corporation et al*, pending in the United States District Court for the Southern District of New York, brought on behalf of current and former store managers and assistant store managers, the Court, on April 2, 2010, conditionally certified a nationwide collective group of individuals who worked for the Company as store managers since March 31, 2007. The Court ordered that Notice of the *Indergit* action be sent to the purported members of the collective group (approximately 7,000 current and former store managers) and approximately 1,550 have joined the *Indergit* action. At this time, the Company is not able to predict the outcome of these lawsuits, or any possible monetary exposure associated with the lawsuits. The Company's management believes, however, that the lawsuits are without merit and not appropriate for collective or class action treatment. The Company is vigorously defending all of these claims.

The Company is currently a defendant in several putative class action lawsuits filed in state courts in California alleging violations of California wage and hour laws pertaining primarily to pay for missed meals and rest periods. These suits purport to be class actions and seek substantial damages. At this time, the Company is not able to predict the outcome of these lawsuits, or any possible monetary exposure associated with the lawsuits. The Company's management believes, however, that the plaintiffs' allegations are without merit and that their claims are not appropriate for class action treatment. The Company is vigorously defending all of these claims.

The Company was served with a United States Department of Health and Human Services Office of the Inspector General ("OIG") Subpoena dated March 5, 2010 in connection with an investigation being conducted by the OIG, the United States Attorney's Office for the Central District of California and the United States Department of Justice Commercial Litigation Branch. The subpoena requests records related to any gift card or similar programs for customers who transferred prescriptions for drugs or medicines to the Company's pharmacies, and whether any customers who receive federally

10. Commitments and Contingencies (Continued)

funded prescription benefits (e.g. Medicare and Medicaid) may have benefited from those programs. The Company is in the process of producing records in response to the subpoena and is unable to predict with certainty the timing or outcome of the investigation.

The Company received a Subpoena dated May 9, 2011 from certain California counties seeking information regarding compliance with environmental regulations governing the management of hazardous waste. The Company is in the process of gathering records in response to the subpoena. The Company is unable to predict with certainty the timing or outcome of the investigation.

The Company does not believe that any of these matters will have a material adverse effect on its business or financial condition. The Company cannot give assurance, however, that an unfavorable outcome in one or more of these matters will not have a material adverse effect on its results of operations for the period in which they are resolved.

The Company is subject from time to time to various claims and lawsuits and governmental investigations arising in the ordinary course of our business. While the Company's management cannot predict the outcome of these claims with certainty, the Company's management does not believe that the outcome of any of these legal matters will have a material adverse effect on its business, consolidated results of operations or financial position.

Table of Contents**ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations****Overview**

Net loss for the thirteen week period ended May 28, 2011 was \$63.1 million compared to the net loss of \$73.7 million for the thirteen week period ended May 29, 2010. The decrease in net loss was primarily driven by lower selling, general and administrative expenses ("SG&A") and lower interest expense, partially offset by lower gross margin and a loss on debt retirements. Revenues were substantially flat in the current quarter with growth in pharmacy same store sales, offset by store closings. The decrease in gross margin was mainly due to higher markdowns and revenue deferral both associated with our wellness+ customer loyalty program ("wellness+"). Pharmacy gross margin was flat.

Results of Operations*Revenues and Other Operating Data*

	Thirteen Week Period Ended	
	May 28, 2011	May 29, 2010
	(dollars in thousands)

Remodeled stores	3	1

Revenues

Revenue declined 0.1% for the thirteen week period ended May 28, 2011 compared to the thirteen week period ended May 29, 2010. This revenue decline was driven primarily by a reduction in the store base partially offset by increases in same store sales. We operated 63 fewer stores than in the same period last year. Same store sales increased 0.8% during the quarter reflecting the positive impact of wellness+ and positive script count. Same store sales trends are described in the following paragraphs.

Pharmacy same store sales increased by 1.1% in the thirteen week period ended May 28, 2011 compared to the thirteen week period ended May 29, 2010. The increase was primarily driven by a same store prescription increase of 0.4%, partially offset by an approximate 1.5% negative impact from new generic introductions.

Edgar Filing: RITE AID CORP - Form 10-Q

Table of Contents

Front-end same store sales were flat in the thirteen week period ended May 28, 2011 compared to the thirteen week period ended May 29, 2010.

We include in same store sales all stores that have been open or owned at least one year. Relocated stores are not included in the same store sales for one year. Stores in liquidation are considered closed.

Costs and Expenses

	Thirteen Week Period Ended	
	May 28, 2011	May 29, 2010
	(dollars in thousands)	
Cost of goods sold	\$ 4,699,874	\$ 4,682,632
Gross profit	1,690,919	1,711,704
Gross margin	26.5%	26.8%
Selling, general and administrative expenses	1,586,236	1,622,934
Selling, general and administrative expenses as a percentage of revenues	24.8%	25.4%
Lease termination and impairment charges	17,090	13,457
Interest expense	130,760	141,619

Cost of Goods Sold

Gross margin was 26.5% of sales for the thirteen week period ended May 28, 2011 compared to 26.8% of sales for the thirteen week period ended May 29, 2010 due to lower front-end gross margin and flat pharmacy gross margin. The decrease in front end gross margin was due primarily to higher markdowns and revenue deferrals both associated with our wellness+ customer loyalty program. wellness+ continues to be one of our significant sales initiative programs. Enrolled wellness+ members, who tend to buy more and shop more often, reached nearly 40 million as of May 28, 2011, significantly exceeding our initial expectations. Pharmacy gross margin was overall flat with generic purchasing savings offset by continued reimbursement rate pressures.

We use the last-in, first-out (LIFO) method of inventory valuation, which is estimated on a quarterly basis and is finalized at year end when inflation rates and inventory levels are final. Therefore, LIFO costs for interim period financial statements are estimated. The LIFO charges were \$20.0 million for the thirteen week period ended May 28, 2011 compared to LIFO charges of \$20.5 million for the thirteen week period ended May 29, 2010.

Selling, General and Administrative Expenses

SG&A as a percentage of revenues was 24.8% in the thirteen week period ended May 28, 2011 compared to 25.4% in the thirteen week period ended May 29, 2010. The decrease in SG&A as a percentage of revenues was due primarily to decreases in salaries and benefit costs due to better labor control, continued store and corporate administrative cost reductions resulting from various initiatives, and lower depreciation and amortization.

Edgar Filing: RITE AID CORP - Form 10-Q

Table of Contents

Lease termination and Impairment Charges

Lease termination and impairment charges consist of amounts and number of locations as follows:

	Thirteen Week Period Ended	
	May 28, 2011	May 29, 2010
Impairment charges	\$ 734	\$ 1,134
Facility and equipment lease exit charges	16,356	12,323
	\$ 17,090	\$ 13,457

Impairment charges:

Number of Stores	14	16
Number of Distribution Centers		

	14	16
--	----	----

Lease exit charges:

Number of Stores	3	8
Number of Distribution Centers		

	3	8
--	---	---

Impairment Charges:

These amounts include the write-down of long-lived assets at locations that were assessed for impairment because of management's intention to relocate or close the location, or because of changes in circumstances that indicated the carrying value of an asset may not be recoverable.

Facility and Equipment Lease Exit Charges: Charges to close a store, which principally consist of lease termination costs, are recorded at the time the store is closed and all inventory is liquidated, pursuant to the guidance set forth in ASC 420, "Exit or Disposal Cost Obligations." We calculate our liability for closed stores on a store-by-store basis. The calculation includes the discounted effect of future minimum lease payments and related ancillary costs, from the date of closure to the end of the remaining lease term, net of estimated cost recoveries that may be achieved through subletting properties or through favorable lease terminations. We evaluate these assumptions each quarter and adjust the liability accordingly. As part of our ongoing business activities, we assess stores and distribution centers for potential closure. Decisions to close stores or distribution centers in future periods would result in charges for lease exit costs and liquidation of inventory, as well as impairment of assets at these locations.

Interest Expense

Interest expense was \$130.8 million for the thirteen week period ended May 28, 2011, compared to \$141.6 million for the thirteen week period ended May 29, 2010. The decrease in interest expense for the thirteen week period ended May 28, 2011 was primarily due to the refinancing of our senior secured notes, our Tranche 3 Term Loan, the repurchase of a portion of our convertible notes last fiscal year, and lower borrowings on our senior secured revolving credit facility this year. The weighted average interest rates on our indebtedness for the thirteen week periods ended May 28, 2011 and May 29, 2010 were 7.4% and 7.6%, respectively.

Table of Contents

Income Taxes

We recorded an income tax expense of \$2.3 million and \$7.1 million for the thirteen week periods ended May 28, 2011 and May 29, 2010, respectively. The income tax expense for the thirteen week period ended May 28, 2011 is primarily attributable to the accrual of state and local taxes and adjustments to unrecognized tax benefits. The income tax expense for the thirteen week period ended May 29, 2010 is primarily due to the need for an accrual of additional state taxes resulting from the receipt of a final audit determination.

The IRS has completed the examination of the consolidated U.S. income tax returns for Brooks Eckerd for the pre-acquisition fiscal years 2004 through 2007. The revenue agent reports (RAR) for these periods have been received and we are appealing these audit results. We believe we have adequately provided for any potential adverse results. Furthermore, we are indemnified by Jean Coutu Group who will reimburse us for any assessment that may arise.

We recognize tax liabilities in accordance with the guidance for uncertain tax positions and management adjusts these liabilities with changes in judgment as a result of the evaluation of new information not previously available. Due to the complexity of some of these uncertainties, the ultimate resolution may result in a payment that is materially different from the current estimate of the tax liabilities.

Over the next 12 months, we believe that it is reasonably possible that the amount of unrecognized tax positions including interest and penalties could decrease tax liabilities by approximately \$96.5 million, which would impact the effective tax rate if our tax positions are sustained upon audit, the controlling statute of limitations expires or we agree to a disallowance. The primary driver of the decrease is contingent upon the timing of the conclusion of the pre-acquisition period's audit of the consolidated U.S. income tax returns for Brooks Eckerd and will impact the effective rate by decreasing tax expense by approximately \$60.2 million. The corresponding indemnification asset will reverse concurrently.

We evaluate our deferred tax assets on a regular basis to determine if a valuation allowance against the net deferred tax assets is required. A cumulative loss in recent years is significant negative evidence in considering whether deferred tax assets are realizable. Based on the negative evidence, we are precluded from relying on projections of future taxable income to support the recognition of deferred tax assets. The ultimate realization of deferred tax assets is dependent upon the existence of sufficient taxable income generated in the carryforward periods.

Liquidity and Capital Resources

General

We have three primary sources of liquidity: (i) cash and cash equivalents, (ii) cash provided by operating activities and (iii) borrowings under the revolving credit facility under our senior secured credit facility. Our principal uses of cash are to provide working capital for operations, to service our obligations to pay interest and principal on debt and to fund capital expenditures. Total liquidity as of May 28, 2011 was \$1.158 billion, which consisted of revolver borrowing capacity of \$1.036 billion and invested cash of \$121.6 million.

Credit Facility

Our senior secured credit facility consists of a \$1.175 billion revolving credit facility and two term loans. Borrowings under the revolving credit facility bear interest at a rate per annum between LIBOR plus 3.25% and LIBOR plus 3.75%, if we choose to make LIBOR borrowings, or between Citibank's base rate plus 2.25% and Citibank's base rate plus 2.75% in each case based upon the amount of revolver availability as defined in the senior secured credit facility. We are required to pay fees between

Table of Contents

0.50% and 0.75% per annum on the daily unused amount of the revolver, depending on the amount of revolver availability. Amounts drawn under the revolver become due and payable on August 19, 2015, provided that such maturity date shall instead be April 18, 2014 in the event that on or prior to April 18, 2014 we do not repay, refinance or otherwise extend the maturity date of our Tranche 2 Term Loan (as defined below) to a date that is at least 90 days after August 19, 2015 and, in the case of a repayment or refinancing, we must have at least \$500.0 million of availability under the revolver.

Our ability to borrow under the revolver is based upon a specified borrowing base consisting of accounts receivable, inventory and prescription files. At May 28, 2011, we had no borrowings outstanding under the revolver and had letters of credit outstanding against the revolver of \$139.0 million, which resulted in additional borrowing capacity of \$1.036 billion.

The credit facility also includes our \$1.105 billion senior secured term loan (the "Tranche 2 Term Loan"). The Tranche 2 Term Loan will mature on June 4, 2014 and currently bears interest at a rate per annum equal to LIBOR plus 1.75%, if we choose to make LIBOR borrowings, or at Citibank's base rate plus 0.75%. We must make mandatory prepayments of the Tranche 2 Term Loan with the proceeds of asset dispositions and casualty events (subject to certain limitations), with a portion of any excess cash flow generated by us (as defined in the senior secured credit facility) and with the proceeds of certain issuances of equity and debt (subject to certain exceptions). If at any time there is a shortfall in our borrowing base under our senior secured credit facility, prepayment of the Tranche 2 Term Loan may also be required.

On March 3, 2011, we refinanced the Tranche 3 Term Loan with a \$343.0 million senior secured term loan (the "Tranche 5 Term Loan"). The Tranche 5 Term Loan matures on March 3, 2018, although the maturity shall instead be December 1, 2014 in the event that we do not repay or refinance our outstanding 8.625% senior notes due 2015 prior to that time, or September 16, 2015, in the event that we do not repay or refinance our outstanding 9.375% senior notes due 2015 prior to that time. The Tranche 5 Term Loan bears interest at a rate per annum equal to LIBOR plus 3.25% with a 1.25% LIBOR floor, and is subject to a 1% prepayment fee in the event it is refinanced within the first year after issuance with the proceeds of a substantially concurrent issuance of new loans or other indebtedness incurred for the primary purpose of repaying, refinancing or replacing the Tranche 5 Term Loan. We must make mandatory prepayments of the Tranche 5 Term Loan with the proceeds of asset dispositions and casualty events (subject to certain limitations), with a portion of any excess cash flow generated by us (as defined in the senior secured credit facility) and with the proceeds of certain issuances of equity and debt (subject to certain exceptions). If at any time there is a shortfall in our borrowing base under our senior secured credit facility, prepayment of the Tranche 5 Term Loan may also be required.

The senior secured credit facility also restricts us and the subsidiary guarantors from accumulating cash on hand in excess of \$200.0 million at any time when revolving loans are outstanding (not including cash located in our store deposit accounts, cash necessary to cover our current liabilities and certain other exceptions) and from accumulating cash on hand with revolver borrowings in excess of \$100.0 million over three consecutive business days. The senior secured credit facility also states that if at any time (other than following the exercise of remedies or acceleration of any senior obligations or second priority debt and receipt of a triggering notice by the senior collateral agent from a representative of the senior obligations or the second priority debt) either (a) an event of default exists under our senior secured credit facility or (b) the sum of revolver availability under our senior secured credit facility and certain amounts held on deposit with the senior collateral agent in a concentration account is less than \$100.0 million for three consecutive business days (a "cash sweep period"), the funds in our deposit accounts will be swept to a concentration account with the senior collateral agent and will be applied first to repay outstanding revolving loans under the senior secured credit facility, and then held as Collateral for the senior obligations until such cash sweep period is rescinded pursuant to the terms of our senior secured credit facility.

Table of Contents

The senior secured credit facility allows us to have outstanding, at any time, up to \$1.5 billion in secured second priority debt and unsecured debt in addition to borrowings under the senior secured credit facility and existing indebtedness, provided that not in excess of \$750.0 million of such secured second priority debt and unsecured debt shall mature or require scheduled payments of principal prior to three months after June 4, 2014. The senior secured credit facility allows us to incur an unlimited amount of unsecured debt with a maturity beyond three months after June 4, 2014; however, other outstanding indebtedness limits the amount of unsecured debt that can be incurred if certain interest coverage levels are not met at the time of incurrence of said debt. The senior secured facility also allows, so long as the senior secured credit facility is not in default, for the repurchase of any debt with a maturity on or before June 4, 2014, for the voluntary repurchase of debt with a maturity after June 4, 2014 and the mandatory repurchase of our 8.5% convertible notes due 2015 if we maintain availability on the revolving credit facility of at least \$100.0 million.

Our senior secured credit facility contains covenants which place restrictions on the incurrence of debt beyond the restrictions described above, the payment of dividends, sale of assets, mergers and acquisitions and the granting of liens. Our credit facility has a financial covenant, which is the maintenance of a fixed charge coverage ratio. The covenant requires that, if availability on the revolving credit facility is less than \$150.0 million, we maintain a minimum fixed charge coverage ratio of 1.00 to 1.00 through November 26, 2011. This ratio increases to 1.05 to 1.00 in the last quarter of Fiscal 2012 and remains at that level for the remaining term of the facility. As of May 28, 2011, we were in compliance with this financial covenant.

The senior secured credit facility provides for events of default including nonpayment, misrepresentation, breach of covenants and bankruptcy. It is also an event of default if we fail to make any required payment on debt having a principal amount in excess of \$50.0 million or any event occurs that enables, or which with the giving of notice or the lapse of time would enable, the holder of such debt to accelerate the maturity or require the repurchase of such debt. The August 2010 amendments to the senior secured credit facility exclude the mandatory repurchase of the 8.5% convertible notes due 2015 from this event of default.

The indentures that govern our secured and guaranteed unsecured notes contain restrictions on the amount of additional secured and unsecured debt that can be incurred by us. As of May 28, 2011, the amount of additional secured debt that could be incurred under these indentures was approximately \$1.1 billion (which amount does not include the ability to enter into certain sale and leaseback transactions). However, we could not incur any additional secured debt as of February 27, 2010 assuming a fully drawn revolver and the outstanding letters of credit. The ability to issue additional unsecured debt under these indentures is governed by an interest coverage ratio test.

Net Cash Provided by/Used in Operating, Investing and Financing Activities

Cash provided by operating activities was \$385.3 million in the thirteen week period ended May 28, 2011. Operating cash flow was positively impacted by an increase in accounts payable due to the timing of purchases as well as rent, pension funding and interest payments.

Cash used in investing activities in the thirteen week period ended May 28, 2011 was \$48.4 million. Cash used for the purchase of property, plant, equipment and prescription files as well as proceeds from the sale of assets were higher compared to the prior year.

Cash used in financing activities was \$197.4 million for the thirteen week period ended May 28, 2011 due to the reduction of borrowings on our revolving credit facility and zero balance cash accounts. Additionally, included in financing activities is the refinancing of our \$343.0 million Tranche 3 Term Loan with proceeds from our \$343.0 million Tranche 5 Term Loan.

Table of Contents

Capital Expenditures

During the thirteen week period ended May 28, 2011, we spent \$56.8 million on capital expenditures, consisting of \$11.4 million related to new store construction, store relocation and store remodel projects, \$37.3 million related to technology enhancements, improvements to distribution centers and other corporate requirements, and \$8.1 million related to the purchase of prescription files from independent pharmacists. We plan on making total capital expenditures of approximately \$300.0 million during fiscal 2012, consisting of approximately 52.0% related to store relocations and remodels and new store construction, 23.0% related to infrastructure and maintenance requirements and 25.0% related to prescription file purchases. Management expects that these capital expenditures will be financed primarily with cash flow from operating activities.

Future Liquidity

We are highly leveraged. Our high level of indebtedness: (i) limits our ability to obtain additional financing; (ii) limits our flexibility in planning for, or reacting to, changes in our business and the industry; (iii) places us at a competitive disadvantage relative to our competitors with less debt; (iv) renders us more vulnerable to general adverse economic and industry conditions; and (v) requires us to dedicate a substantial portion of our cash flow to service our debt. Based upon our current levels of operations, we believe that cash flow from operations, together with available borrowings under the senior secured credit facility and other sources of liquidity, will be adequate to meet our requirements for working capital, debt service and capital expenditures for at least the next twelve months. Based on our liquidity position, which we expect to remain strong throughout the year, we do not expect the restriction on our credit facility, that could result if we fail to meet the fixed charge covenant in our senior secured credit facility, to have any impact on our business in the next twelve months. We will continue to assess our liquidity position and potential sources of supplemental liquidity in light of our operating performance and other relevant circumstances. Should we determine, at any time, that it is necessary to obtain additional short-term liquidity, we will evaluate our alternatives and take appropriate steps to obtain sufficient additional funds. There can be no assurance that any such supplemental funding, if sought, could be obtained or if obtained, would be on terms acceptable to us. From time to time, we may seek deleveraging transactions, including entering into transactions to exchange debt for shares of common stock or may seek to refinance our outstanding debt or may otherwise seek transactions to reduce interest expense and extend debt maturities.

Critical Accounting Policies and Estimates

For a description of the critical accounting policies that require the use of significant judgments and estimates by management, refer to "Management's Discussion and Analysis of Financial Condition and Results of Operations Critical Accounting Policies and Estimates" included in our fiscal 2011 10-K.

Factors Affecting Our Future Prospects

For a discussion of risks related to our financial condition, operations and industry, refer to "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" included in our fiscal 2011 10-K.

Adjusted EBITDA

In addition to net income determined in accordance with GAAP, we use certain non-GAAP measures, such as "Adjusted EBITDA", in assessing our operating performance. We believe the non-GAAP measures serve as an appropriate measure to be used in evaluating the performance of our business. We define Adjusted EBITDA as net income (loss) excluding the impact of income taxes,

Table of Contents

interest expense and securitization costs, depreciation and amortization, LIFO adjustments, charges or credits for facility closing and impairment, inventory write-downs related to store closings, stock-based compensation expense, debt modifications and retirements, sale of assets and investments, revenue deferrals related to customer loyalty programs and other items. We reference this particular non-GAAP financial measure frequently in our decision-making because it provides supplemental information that facilitates internal comparisons to the historical operating performance of prior periods and external comparisons to competitors' historical operating performance. In addition, incentive compensation is based on Adjusted EBITDA and we base certain of our forward-looking estimates on Adjusted EBITDA to facilitate quantification of planned business activities and enhance subsequent follow-up with comparisons of actual to planned Adjusted EBITDA.

The following is a reconciliation of adjusted EBITDA to our net loss for the thirteen week periods ended May 28, 2011 and May 29, 2010:

	Thirteen Week Period Ended	
	May 28, 2011	May 29, 2010
	(dollars in thousands)	
Net loss	\$ (63,082)	\$ (73,684)
Interest expense	130,760	141,619
Income tax expense	2,273	7,141
Depreciation and amortization expense	117,090	127,500
LIFO charges	20,001	20,528
Lease termination and impairment charges	17,090	13,457
Stock-based compensation expense	3,571	5,485
Loss (gain) on sale of assets, net	(4,792)	237
Loss on debt modifications and retirements, net	22,434	
Closed facility liquidation expense	2,647	2,422
Severance costs	(49)	10
Customer loyalty card programs revenue deferral	21,866	5,037
Other	(6,955)	38
Adjusted EBITDA	\$ 262,854	\$ 249,790

In addition to Adjusted EBITDA, we occasionally refer to several other Non-GAAP measures, on a less frequent basis, in order to describe certain components of our business and how we utilize them to describe our results. These measures include but are not limited to EBITDA Gross Margin (gross margin adjusted for non-EBITDA items), EBITDA SG&A (SG&A expenses adjusted for non-EBITDA items), FIFO Gross Margin (gross margin before LIFO charges) and Free Cash Flow (cash provided from operations less cash used in investing activities).

We include these non-GAAP financial measures in our earnings announcements and guidance in order to provide transparency to our investors and enable investors to better compare our operating performance with the operating performance of our competitors including with those of our competitors having different capital structures. Adjusted EBITDA or other non-GAAP measures above should not be considered in isolation from, and is not intended to represent an alternative measure of, operating results or of cash flows from operating activities, as determined in accordance with GAAP. Our definition of these non-GAAP measures may not be comparable to similarly titled measurements reported by other companies.

Table of Contents**ITEM 3. Quantitative and Qualitative Disclosures About Market Risk**

Our future earnings, cash flow and fair values relevant to financial instruments are dependent upon prevalent market rates. Market risk is the risk of loss from adverse changes in market prices and interest rates. Our major market risk exposure is changing interest rates. Increases in interest rates would increase our interest expense. We enter into debt obligations to support capital expenditures, acquisitions, working capital needs and general corporate purposes. Our policy is to manage interest rates through the use of a combination of variable-rate credit facilities, fixed-rate long-term obligations and derivative transactions. We currently do not have any derivative transactions outstanding.

The table below provides information about our financial instruments that are sensitive to changes in interest rates. The table presents principal payments and the related weighted average interest rates by expected maturity dates as of May 28, 2011.

Fiscal Year	2012	2013	2014	2015	2016	Thereafter	Total	Fair Value at 05/28/2011
(dollars in thousands)								
Long-term debt, including current portion								
Fixed Rate	\$ 5,205	\$ 114	\$ 190,852	\$	\$ 974,188	\$ 3,533,000	\$ 4,703,359	\$ 4,597,748
Average Interest Rate	1.16%	7.00%	6.95%	0.00%	8.93%	8.90%	8.82%	
Variable Rate	\$	\$	\$ 2,971	\$ 1,044,692	\$ 3,430	\$ 326,708	\$ 1,377,801	\$ 1,330,967
Average Interest Rate	0.00%	0.00%	1.96%	1.97%	4.50%	4.50%	2.57%	
Totals	\$ 5,205	\$ 114	\$ 193,823	\$ 1,044,692	\$ 977,618	\$ 3,859,708	\$ 6,081,160	\$ 5,928,716

Our ability to satisfy interest payment obligations on our outstanding debt will depend largely on our future performance, which, in turn, is subject to prevailing economic conditions and to financial, business and other factors beyond our control. If we do not have sufficient cash flow to service our interest payment obligations on our outstanding indebtedness and if we cannot borrow or obtain equity financing to satisfy those obligations, our business and results of operations will be materially adversely affected. We cannot be assured that any replacement borrowing or equity financing could be successfully completed.

The interest rate on our variable rate borrowings, which include our revolving credit facility and our Tranche 2 Term loans and Tranche 5 Term loans, are all based on LIBOR. However, the interest rate on our Tranche 5 Term loans has a LIBOR floor of 125 basis points. If the market rates of interest for LIBOR changed by 100 basis points as of May 28, 2011, our annual interest expense would change by approximately \$10.4 million.

A change in interest rates generally does not have an impact upon our future earnings and cash flow for fixed-rate debt instruments. As fixed-rate debt matures, however, and if additional debt is acquired to fund the debt repayment, future earnings and cash flow may be affected by changes in interest rates. This effect would be realized in the periods subsequent to the periods when the debt matures.

ITEM 4. Controls and Procedures

(a)

Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this report. Based on such evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, our disclosure controls and procedures are effective.

Table of Contents

(b)

Changes in Internal Control over Financial Reporting

There have not been any changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fiscal quarter to which this report relates that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. Legal Proceedings

See Item 3 to Annual Report on Form 10-K for the fiscal year ended February 26, 2011 relating to material pending legal proceedings. In addition, the Company received a subpoena dated May 9, 2011 from certain California counties seeking information regarding compliance with environmental regulations governing the management of hazardous waste. The Company is in the process of gathering records in response to the subpoena. The Company is unable to predict with certainty the timing or outcome of the investigation.

ITEM 1A. Risk Factors

In addition to the information set forth in this Quarterly Report, you should carefully consider the factors discussed in "Part I, Item 1A, Risk Factors in our Annual Report on Form 10-K", for the year ended February 26, 2011, which could materially affect our business, financial condition or future results.
