The second part is the accompanying prospectus, which gives more general information, some of which may not apply to this offering. As described in "Information Incorporated By Reference", this prospectus supplement incorporates by reference information contained in other documents that we have previously filed with the SEC, including without limitation, our Annual Report on Form 10-K for the fiscal year ended December 31, 2013, which was filed with the SEC on March 14, 2014.

To the extent there is a conflict between the information contained in this prospectus supplement, on the one hand, and the information contained in the accompanying prospectus or in the previously filed documents incorporated by reference, on the other hand, you should rely on the information in this prospectus supplement.

You should rely only on the information contained or incorporated by reference in this prospectus supplement and the accompanying prospectus relating to this offering that we provide to you. We and the selling stockholder have not, and the underwriter has not, authorized anyone to provide you with additional or different information and, if given, you should not rely on it. We and the selling stockholder are not, and the underwriter is not, making an offer to sell these securities or seeking offers to buy these securities in any jurisdiction where the offer or sale is not permitted. You should not assume that the information in this prospectus supplement, the accompanying prospectus or the documents incorporated by reference is accurate as of any date other than the date on the front of those documents. Our business, financial condition, results of operations and prospects may have changed since those dates.

Unless the context requires otherwise, the words "we," "us," "our" and "Company" refer to PennyMac Financial Services, Inc. and its subsidiaries taken as a whole. For purposes of this prospectus supplement, the term "stockholders" shall refer to the holders of our common stock.

In this prospectus supplement, we refer to BlackRock Mortgage Ventures, LLC, together with its affiliates, as "BlackRock," and HC Partners LLC, formerly known as Highfields Capital Investments LLC, together with its affiliates, as "Highfields."

Unless the context requires otherwise, references in this prospectus supplement to "PMT" collectively refer to PennyMac Mortgage Investment Trust, a mortgage "real estate investment trust" externally managed by PCM, and its operating subsidiaries.

For investors outside the United States: We and the selling stockholder have not done anything that would permit this offering or possession or distribution of this prospectus supplement in any jurisdiction where action for that purpose is required, other than in the United States. PROSPECTUS SUPPLEMENT SUMMARY

The following information supplements, and should be read together with, the information contained or incorporated by reference in other parts of this prospectus supplement and the accompanying prospectus. This summary highlights selected information from the prospectus supplement and the accompanying prospectus. As a result, it does not contain all of the information you should consider before buying our common stock. You should carefully read this prospectus supplement and the accompanying prospectus, including the discussion under "Risk Factors" contained in our publicly available filings with the SEC, including our annual report on Form 10-K for the year ended December 31, 2013 and other reports we file under the Exchange Act and the documents incorporated by reference, which are described under "Information Incorporated By Reference" in this prospectus supplement.

The Company

We are a specialty financial services firm with a comprehensive mortgage platform and integrated business focused on the production and servicing of U.S. residential mortgage loans and the management of investments related to the U.S. residential mortgage market. We were founded in 2008 by members of our executive leadership team and two strategic partners, BlackRock and Highfields. Since our founding we have pursued opportunities to acquire and manage residential mortgage loans and established what we believe to be a best-in-class mortgage platform. We have relied on the know-how of our management team and built a *de novo* operating platform to our specifications using industry-leading technology, processes and procedures to address the stringent requirements of residential mortgage lending and servicing in the post-financial crisis market. We believe that this approach has resulted in a specialized mortgage platform that is "legacy-free" and highly scalable to support the continued growth of our business.

We conduct our business in two segments: mortgage banking and investment management. Our principal mortgage banking subsidiary, PennyMac Loan Services, LLC, or PLS, is a leading non-bank producer and servicer of mortgage loans in the United States. PLS is a seller/servicer for the Federal National Mortgage Association, or Fannie Mae, and the Federal Home Loan Mortgage Corporation, or Freddie Mac, each of which is a government-sponsored entity, or GSE. It is also an approved issuer of securities guaranteed by the Government National Mortgage Association, or Ginnie Mae, a lender of the Federal Housing Administration, or FHA, a lender/servicer of the Veterans Administration, or VA, and a servicer for the Home Affordable Modification Program, or HAMP. PLS is licensed (or exempt or otherwise not required to be licensed) to originate residential mortgage loans in 47 states and the District of Columbia and to service loans in 50 states, the District of Columbia and the U.S. Virgin Islands.

Our principal investment management subsidiary, PNMAC Capital Management, LLC, or PCM, is an SEC registered investment adviser. It manages PennyMac Mortgage Investment Trust, or PMT, a mortgage "real estate investment trust," or REIT, listed on the NYSE. PCM also manages PNMAC Mortgage Opportunity Fund, LLC and PNMAC Mortgage Opportunity Fund, LP, both registered under the Investment Company Act of 1940, an affiliate of these funds and PNMAC Mortgage Opportunity Fund Investors, LLC. We refer to these funds collectively as our "Investment Funds" and, together with PMT, as our "Advised Entities." Our Advised Entities have been some of the leading non-bank investors in distressed mortgage loans since 2008, investing in loans with approximately \$7.4 billion of unpaid principal balances, or UPB. As of December 31, 2013, our Advised Entities had combined net assets of approximately \$2.0 billion.

We conduct some of our activities for our own account and some for our Advised Entities. We earn significant fee income and carried interest from the activities we conduct for our Advised Entities; such fees include investment management fees, incentive fees, subservicing fees for servicing loan portfolios and fulfillment fees for mortgage banking services provided to PMT in connection with our

Table of Contents

correspondent lending program. Our relationships with our Advised Entities also allow us to pursue some market opportunities with reduced capital intensity, with PLS and PCM providing operational expertise and our Advised Entities providing investment capital for mortgage-related assets.

Each holder of Class A Units of PNMAC, other than PennyMac Financial Services, Inc., holds one share of our Class B common stock. The shares of Class B common stock have no economic rights but entitle the holder, without regard to the number of shares of Class B common stock held, to a number of votes on matters presented to stockholders of PennyMac Financial Services, Inc. that is equal to the aggregate number of Class A Units of PNMAC held by such holder. See "Description of Capital Stock Common Stock Class B Common Stock" in the accompanying prospectus. Holders of our Class A common stock and Class B common stock vote together as a single class on all matters presented to our stockholders for their vote or approval, except as otherwise required by applicable law.
Exchange rights of holders of Class A Units of PNMAC	Pursuant to an exchange agreement that we have entered into with the owners of PNMAC other than us, those other owners may (subject to the terms of the exchange agreement) exchange their Class A Units of PNMAC for shares of Class A common stock of PennyMac Financial Services, Inc. on a one-for-one basis, subject to customary conversion rate adjustments for stock splits, stock dividends, reclassifications and certain other transactions that would cause the number of outstanding shares of Class A common stock to be different than the number of Class A Units of PNMAC owned by PennyMac Financial Services, Inc. As those other owners exchange Class A Units of PNMAC for shares of Class A common stock, the voting power afforded to them by their shares of Class B common stock will be automatically and correspondingly reduced.

Table of Contents**SELLING STOCKHOLDER**

The following table sets forth information as of March 21, 2014 for the selling stockholder regarding beneficial ownership of shares of our Class A common stock and the number of shares of our Class A common stock that may be offered or sold pursuant to this prospectus supplement. The percentage of shares beneficially owned before the offering is based on the number of shares of our Class A common stock outstanding as of March 21, 2014. The information regarding shares beneficially owned after the offering assumes the sale of all shares offered by the selling stockholder and that the selling stockholder does not acquire any additional shares. Information in the table below with respect to beneficial ownership has been furnished by the selling stockholder.

The selling stockholder has not had a material relationship with us or any of our subsidiaries within the past three years other than as a result of the ownership of our securities.

As of March 21, 2014, there were 20,879,486 shares of our Class A common stock outstanding.

Name	Shares of Class A Common Stock Beneficially Owned Prior to This Offering				Shares of Class A Common Stock Beneficially Owned After This Offering(2)			
	Number	%	% of Total Voting Power and Total Economic Interest in PNMAC(1)	Shares of Class A Common Stock Being Offered(2)	Number	%	% of Total Voting Power and Total Economic Interest in PNMAC(1)	
Fidelity Investments Charitable Gift Fund 200 Seaport Boulevard, Z3B Boston, Massachusetts 02210	6,110,000	29.26%	8.05%	5,554,545	555,455	2.66%	0.73%	

- (1) Represents the percentage of voting power of our Class A common stock and Class B common stock voting together as a single class. Each holder of Class A Units of PNMAC other than us also holds one share of our Class B common stock. The shares of Class B common stock have no economic rights but entitle the holder, without regard to the number of shares of Class B common stock held, to a number of votes on matters presented to our stockholders that is equal to the aggregate number of Class A Units of PNMAC held by such holder. As a holder exchanges Class A Units of PNMAC for shares of our Class A common stock pursuant to the exchange agreement, the voting power afforded to the holder by its share of Class B common stock will be automatically and correspondingly reduced. Total economic interest in PNMAC is calculated as the percentage of all outstanding Class A Units of PNMAC beneficially held by the stockholder, directly or indirectly through PennyMac Financial Services, Inc., assuming that each share of Class A common stock held is equivalent to one Class A Unit of PNMAC.
- (2) If the underwriter exercises in full its option, then the shares being offered will equal 6,110,000 and number and percent of Class A owned after this offering, as well as percent of voting power and total economic interest, will equal zero.

UNDERWRITING

Citigroup Global Markets Inc. is acting as the sole book-running manager of the offering and the sole underwriter of the offering. Subject to the terms and conditions stated in the underwriting agreement dated the date of this prospectus supplement, Citigroup Global Markets Inc. has agreed to purchase, and the selling stockholder has agreed to sell to Citigroup Global Markets Inc., a total of 5,554,545 shares of our Class A common stock.

The underwriting agreement provides that the obligation of Citigroup Global Markets Inc. to purchase the shares included in this offering are subject to approval of legal matters by counsel and to other conditions. Citigroup Global Markets Inc. is obligated to purchase all the shares (other than those covered by the underwriter's option to purchase additional shares described below) if they purchase any of the shares.

Shares sold by Citigroup Global Markets Inc. to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus supplement. Any shares sold by Citigroup Global Markets Inc. to securities dealers may be sold at a discount from the initial public offering price not to exceed \$ _____ per share. If all the shares are not sold at the initial offering price, Citigroup Global Markets Inc. may change the offering price and the other selling terms.

If Citigroup Global Markets Inc. sells more than 5,554,545 shares, the selling stockholder has granted to Citigroup Global Markets Inc. an option, exercisable for 30 days from the date of this prospectus supplement, to purchase up to 555,455 additional shares at the public offering price less the underwriting discount. Any shares issued or sold under the option will be issued and sold on the same terms and conditions as the other shares that are the subject of this offering.

We, certain of our officers and directors, and the selling stockholder have agreed that, for a period of 90 days from the date of this prospectus supplement, we and they will not, without the prior written consent of Citigroup Global Markets Inc., dispose of or hedge any shares or any securities convertible into or exchangeable for our Class A common stock. Citigroup Global Markets Inc. in its sole discretion may release any of the securities subject to these lock-up agreements at any time without notice.

Shares of our Class A common stock are listed on the New York Stock Exchange under the symbol "PFSI."

The following table shows the underwriting discounts and commissions that the selling stockholder is to pay to Citigroup Global Markets Inc. in connection with this offering. These amounts are shown assuming both no exercise and full exercise of the underwriter's option to purchase additional shares.

	Paid by Selling Stockholder	
	No Exercise	Full Exercise
Per share	\$ _____	\$ _____
Total	\$ _____	\$ _____

We will pay all of the offering expenses incurred by us and by the selling stockholder in connection with the offering, other than the underwriting discounts and commissions, which will be paid by the selling stockholder. We have agreed to reimburse the underwriter for certain expenses in connection with this offering in an amount not to exceed \$20,000. We estimate that the total expenses of this offering payable by us will be \$ _____.

In connection with the offering, Citigroup Global Markets Inc. may purchase and sell shares in the open market. Purchases and sales in the open market may include short sales, purchases to cover short

Table of Contents

positions, which may include purchases pursuant to the underwriter's option to purchase additional shares, and stabilizing purchases.

Short sales involve secondary market sales by Citigroup Global Markets Inc. of a greater number of shares than they are required to purchase in the offering.

(
) "Covered" short sales are sales of shares in an amount up to the number of shares represented by the underwriter's option to purchase additional shares.

(
) "Naked" short sales are sales of shares in an amount in excess of the number of shares represented by the underwriter's option to purchase additional shares.

Covering transactions involve purchases of shares either pursuant to the underwriter's option to purchase additional shares or in the open market in order to cover short positions.

(
) To close a naked short position, Citigroup Global Markets Inc. must purchase shares in the open market. A naked short position is more likely to be created if Citigroup Global Markets Inc. is concerned that there may be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering.

(
) To close a covered short position, Citigroup Global Markets Inc. must purchase shares in the open market or must exercise the option to purchase additional shares. In determining the source of shares to close the covered short position, Citigroup Global Markets Inc. will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the underwriter's option to purchase additional shares.

Stabilizing transactions involve bids to purchase shares so long as the stabilizing bids do not exceed a specified maximum.

Purchases to cover short positions and stabilizing purchases, as well as other purchases by Citigroup Global Markets Inc. for their own account, may have the effect of preventing or retarding a decline in the market price of the shares. They may also cause the price of the shares to be higher than the price that would otherwise exist in the open market in the absence of these transactions. Citigroup Global Markets Inc. may conduct these transactions on the New York Stock Exchange, in the over-the-counter market or otherwise. If Citigroup Global Markets Inc. commences any of these transactions, it may discontinue them at any time.

You should read both this prospectus and any prospectus supplement, including all documents incorporated herein or therein by reference, together with additional information described under "Where You Can Find More Information" and "Information Incorporated by Reference."

Unless the context requires otherwise, the words "we," "us," "our" and "Company" refer to PennyMac Financial Services, Inc. and its subsidiaries taken as a whole. For purposes of this prospectus, the term "stockholders" shall refer to the holders of our common stock.

In this prospectus, we refer to BlackRock Mortgage Ventures, LLC, together with its affiliates, as "BlackRock," and HC Partners LLC, formerly known as Highfields Capital Investments LLC, together with its affiliates, as "Highfields."

Unless the context requires otherwise, references in this prospectus to "PMT" collectively refer to PennyMac Mortgage Investment Trust, a mortgage "real estate investment trust" externally managed by PCM, and its operating subsidiaries.

You should rely only on the information contained in this prospectus or contained in any prospectus supplement or free writing prospectus filed with the Securities and Exchange Commission, or SEC. Neither we nor the selling stockholders have authorized anyone to provide you with additional information or information different from that contained in this prospectus or in any prospectus supplement or free writing prospectus filed with the SEC. This prospectus does not constitute an offer to sell, or solicitation of an offer to buy, these securities in any jurisdiction where such offer, sale or solicitation is not permitted. You should assume that the information appearing in this prospectus is accurate only as of the date on the front cover of this prospectus. Our business, financial condition, results of operations and prospects may have changed since that date.

SUMMARY

Our Company:

We are a specialty financial services firm with a comprehensive mortgage platform and integrated business focused on the production and servicing of U.S. residential mortgage loans and the management of investments related to the U.S. residential mortgage market. We were founded in 2008 by members of our executive leadership team and two strategic partners, BlackRock and Highfields. Since our founding we have pursued opportunities to acquire and manage residential mortgage loans and established what we believe to be a best-in-class mortgage platform. We have relied on the know-how of our management team and built a *de novo* operating platform to our specifications using industry-leading technology, processes and procedures to address the stringent requirements of residential mortgage lending and servicing in the post-financial crisis market. We believe that this approach has resulted in a specialized mortgage platform that is "legacy-free" and highly scalable to support the continued growth of our business.

We conduct our business in two segments: mortgage banking and investment management. Our principal mortgage banking subsidiary, PennyMac Loan Services, LLC, or PLS, is a leading non-bank producer and servicer of mortgage loans in the United States. PLS is a seller/servicer for the Federal National Mortgage Association, or Fannie Mae, and the Federal Home Loan Mortgage Corporation, or Freddie Mac, each of which is a government-sponsored entity, or GSE. It is also an approved issuer of securities guaranteed by the Government National Mortgage Association, or Ginnie Mae, a lender of the Federal Housing Administration, or FHA, a lender/servicer of the Veterans Administration, or VA, and a servicer for the Home Affordable Modification Program, or HAMP. PLS is licensed (or exempt or otherwise not required to be licensed) to originate residential mortgage loans in 47 states and the District of Columbia and to service loans in 49 states, the District of Columbia and the U.S. Virgin Islands.

Our principal investment management subsidiary, PNMAC Capital Management, LLC, or PCM, is an SEC registered investment adviser. It manages PennyMac Mortgage Investment Trust, or PMT, a mortgage "real estate investment trust," or REIT, listed on the NYSE. PCM also manages PNMAC Mortgage Opportunity Fund, LLC and PNMAC Mortgage Opportunity Fund, LP, both registered under the Investment Company Act of 1940, an affiliate of these funds and PNMAC Mortgage Opportunity Fund Investors, LLC. We refer to these funds collectively as our "Investment Funds" and, together with PMT, as our "Advised Entities." Our Advised Entities have been some of the leading non-bank investors in distressed mortgage loans since 2008, investing in loans with approximately \$7.4 billion of unpaid principal balances, or UPB. As of December 31, 2013, our Advised Entities had combined net assets of approximately \$2.0 billion.

We conduct some of our activities for our own account and some for our Advised Entities. We earn significant fee income and carried interest from the activities we conduct for our Advised Entities; such fees include investment management fees, incentive fees, subservicing fees for servicing loan portfolios and fulfillment fees for mortgage banking services provided to PMT in connection with our correspondent lending program. Our relationships with our Advised Entities also allow us to pursue some market opportunities with reduced capital intensity, with PLS and PCM providing operational expertise and our Advised Entities providing investment capital for mortgage-related assets.

We are an "emerging growth company" as defined in the Jumpstart Our Business Startups Act of 2012. ORGANIZATIONAL STRUCTURE

The diagram below depicts our organizational structure as of March 14, 2014 and without giving effect to any exchanges by the selling stockholders and subsequent sales of shares of Class A common stock in this offering.

PennyMac Financial Services, Inc. is the sole managing member of PNMAC and, through PNMAC and its subsidiaries, operates our business. Accordingly, although PennyMac Financial Services, Inc. currently has a minority economic interest in PNMAC, PennyMac Financial Services, Inc. has 100% of the voting power and controls the management of PNMAC, subject to certain exceptions. See "Certain Relationships and Related Party Transactions PNMAC Limited Liability Company Agreement."

(1)

Excluding Fidelity Investments Charitable Gift Fund, which has exchanged all of its Class A Units for shares of Class A common stock.

Reorganization and Recapitalization

Prior to, and in connection with, the initial public offering of our Class A common stock, the limited liability company agreement of PNMAC was amended and restated to, among other things, modify the capital structure of PNMAC by converting all existing classes of limited liability company units into Class A Units. The allocation of Class A Units among our then-existing owners was determined pursuant to the distribution provisions of the limited liability company agreement of PNMAC prior to that amendment and restatement based upon the liquidation value of PNMAC, assuming that it was liquidated at the time of our initial public offering with a value implied by the \$18.00 per share price of the shares of Class A common stock sold in our initial public offering. Immediately following this reorganization but prior to the completion of our initial public offering, there were 63,111,111 Class A Units issued and outstanding.

Upon the completion of our initial public offering, PennyMac Financial Services, Inc. purchased 12,777,777 newly issued Class A Units from PNMAC at a purchase price per unit equal to the initial public offering price per share of our Class A common stock less the underwriting discount per share. This number of newly issued Class A Units equaled the number of shares of Class A common stock sold in our initial public offering and the price paid by PennyMac Financial Services, Inc. for the purchase of those Class A Units constituted the entire amount of net proceeds that it received from our initial public offering.

We refer to the foregoing transactions, collectively, as the "Recapitalization."

Following our initial public offering of our Class A common stock, the selling stockholders retained their equity ownership in PNMAC, an entity that is intended to be classified as a partnership for United States federal income tax purposes (and not as an association, taxable mortgage pool or publicly traded partnership, each of which could be taxable as a corporation), in the form of Class A Units of PNMAC. Investors in this offering will, by contrast, hold their equity ownership in PennyMac Financial Services, Inc., a Delaware corporation that is a domestic corporation for United States federal income tax purposes, in the form of shares of Class A common stock. We believe that the selling stockholders generally find it advantageous to hold their equity interests in an entity that is not taxable as a corporation for United States federal income tax purposes. The selling stockholders and PennyMac Financial Services, Inc. currently incur U.S. federal, state and local income taxes on their proportionate share of any taxable income of PNMAC. We do not believe that our organizational structure gives rise to any significant benefit or detriment to our business or operations.

We have entered into an exchange agreement with the owners of PNMAC other than us. Under the exchange agreement, the other owners of PNMAC (and certain permitted transferees thereof) may elect or, under certain circumstances, are obligated (subject to the terms of the exchange agreement) to exchange their Class A Units of PNMAC for shares of Class A common stock of PennyMac Financial Services, Inc. on a one-for-one basis, subject to customary conversion rate adjustments for stock splits, stock dividends, reclassifications and certain other transactions that would cause the number of outstanding shares of Class A common stock to be different than the number of Class A Units of PNMAC owned by PennyMac Financial Services, Inc. As a holder exchanges its Class A Units of PNMAC, PennyMac Financial Services, Inc.'s interest in PNMAC is correspondingly increased. See "Certain Relationships and Related Party Transactions Exchange Agreement."

These exchanges are expected to result in increases in the tax basis of the assets of PNMAC that otherwise would not have been available. These increases in tax basis may reduce the amount of tax that PennyMac Financial Services, Inc. would otherwise be required to pay in the future. These increases in tax basis may also decrease gains (or increase losses) on future dispositions of certain capital assets to the extent tax basis is allocated to those capital assets. We have entered into a tax receivable agreement with the owners of PNMAC other than us that will provide for the payment by PennyMac Financial Services, Inc. to those owners of 85% of the amount of the benefits, if any, that

Table of Contents

PennyMac Financial Services, Inc. is deemed to realize as a result of (i) increases in tax basis resulting from exchanges of Class A Units of PNMAC and (ii) certain other tax benefits related to our entering into the tax receivable agreement, including tax benefits attributable to payments under the tax receivable agreement. These payment obligations are obligations of PennyMac Financial Services, Inc. and not of PNMAC. PennyMac Financial Services, Inc. and its stockholders will retain the remaining 15% of the those tax benefits that PennyMac Financial Services, Inc. is deemed to realize.

All owners of PNMAC other than PennyMac Financial Services, Inc. also hold shares of Class B common stock of PennyMac Financial Services, Inc. Although these shares have no economic rights, they allow those owners of PNMAC to exercise voting power at PennyMac Financial Services, Inc., the managing member of PNMAC, at a level that is consistent with their overall equity ownership of our business. Under our certificate of incorporation, each holder of Class B common stock is entitled, without regard to the number of shares of Class B common stock held by that holder, to one vote for each Class A Unit of PNMAC held by such holder. Accordingly, as the selling stockholders and other owners of PNMAC exchange Class A Units of PNMAC for shares of Class A common stock of PennyMac Financial Services, Inc. pursuant to the exchange agreement, the voting power afforded to them by their shares of Class B common stock is automatically and correspondingly reduced.

PennyMac Financial Services, Inc. is a holding company, and its sole material asset is its equity interest in PNMAC. As the sole managing member of PNMAC, PennyMac Financial Services, Inc. will operate and control all of the business and affairs of PNMAC and, through PNMAC and its subsidiaries, conduct our business.

We consolidate the financial results of PNMAC and its subsidiaries, and the ownership interest of the other members of PNMAC are reflected as a non-controlling interest in PennyMac Financial Services, Inc.'s consolidated financial statements.

Pursuant to the limited liability company agreement of PNMAC, PennyMac Financial Services, Inc. has the right to determine when distributions will be made to the members of PNMAC and the amount of any such distributions, other than with respect to tax distributions as described below. If PennyMac Financial Services, Inc. authorizes a distribution, such distribution will be made to the members of PNMAC, including PennyMac Financial Services, Inc., pro rata in accordance with the percentages of their respective limited liability company interests.

The holders of limited liability company interests in PNMAC, including PennyMac Financial Services, Inc., will incur U.S. federal, state and local income taxes on their proportionate share of any taxable income of PNMAC. The limited liability company agreement provides for quarterly cash distributions to the holders of limited liability company interests of PNMAC if PennyMac Financial Services, Inc. determines that the taxable income of PNMAC will give rise to taxable income for its members. In accordance with the limited liability company agreement, we are required to cause PNMAC to make quarterly cash distributions to the holders of limited liability company interests of PNMAC for purposes of funding their tax obligations in respect of the income of PNMAC that is allocated to them. Generally, these tax distributions will be computed based on the taxable income of PNMAC multiplied by an assumed tax rate determined by us.

increased to 27.5% based on a series of executed exchanges of PNM LLC units for Class A Common Shares of PennyMac Financial Services, Inc.

- (2) PennyMac Financial Services, Inc. is subject to U.S. federal income taxes, in addition to state and local taxes, with respect to our allocable share of any net taxable income of PNM, which will result in higher income taxes. As a result, the pro forma statements of income reflect an adjustment to our provision for corporate income taxes to reflect an effective rate of 42.0%, which includes provision for U.S. federal income taxes and uses our estimate of the weighted average statutory rates apportioned to each state and local jurisdiction.
- (3) The shares of Class B common stock of PennyMac Financial Services, Inc. do not share in PennyMac Financial Services, Inc. earnings and are therefore not allocated any net income attributable to the controlling and non-controlling interests. As a result, the shares of Class B common stock are not considered participating securities and are therefore not included in the weighted average shares outstanding for purposes of computing net income available per share.
- (4) For purposes of applying the as-if converted method for calculating diluted earnings per share, we assumed an exchange of Class A Units for Class A common stock. Section 16(a) Beneficial Ownership Reporting Compliance

We believe that based solely upon our review of copies of forms we have received or written representations from reporting persons, during the fiscal year ended December 31, 2013, or Fiscal 2013, all filing requirements under Section 16(a) of the Exchange Act applicable to our officers, directors and beneficial owners of more than ten percent of our common stock were complied with on a timely basis.

Corporate Governance

We believe that we have implemented effective corporate governance policies and observe good corporate governance procedures and practices. We have adopted a number of written policies, including our Corporate Governance Guidelines, our Code of Business Conduct and Ethics, and charters for our Audit Committee, Compensation Committee, Finance Committee, Governance and Nominating Committee, and Related-Party Matters Committee.

Independence of Our Directors

The NYSE rules require that at least a majority of our directors be independent of our company and management. The rules also require that our board of directors affirmatively determine that there are no material relationships between a director and us (either directly or as a partner, stockholder or officer of an organization that has a relationship with us) before such director can be deemed independent. We have adopted independence standards consistent with NYSE rules and the rules of the SEC. Our board of directors has reviewed both direct and indirect transactions and relationships that each of our directors had or maintained with us and our management.

As a result of this review, our board of directors, based upon the fact that certain of our non-employee directors do not have any material relationships with us other than as directors and holders of our common stock, affirmatively determined that seven of our directors are independent directors under NYSE rules. Our independent directors are Messrs. Botein, Hunt, Mazzella, Nanji, Taylor and Wiedman and Ms. Youssouf.

Board of Directors Leadership Structure

The positions of chairman of the board and Chief Executive Officer are currently held by Mr. Kurland, and we have determined not to separate the positions at this time. This determination is based, in part, on our belief that independent directors and management have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise

Table of Contents

from outside the Company and industry, while the Chief Executive Officer brings company-specific experience and expertise. We believe our Chief Executive Officer is thus better situated to serve as chairman of the board because he is able to utilize the in-depth focus and perspective gained in running the Company to effectively and efficiently lead our board of directors. As the director most familiar with our business and industry, he is most capable of identifying new initiatives and businesses, strategic priorities and other critical and/or topical agenda items for discussion by our board of directors and then leading the discussion to ensure its proper oversight of these issues. Our board of directors believes that the combined role of chairman of the board and Chief Executive Officer promotes strategy development and execution, and facilitates information flow between management and our board of directors, all of which are essential to effective governance.

Risk Oversight

Our board of directors and its committees oversee our risk management process, while supporting organizational objectives, improving long-term organizational performance and creating stockholder value. A fundamental part of risk management oversight is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. The involvement of the full board of directors in our business strategy is a key part of its assessment of management's appetite for risk and also a determination of what constitutes an appropriate level of risk for the Company. While the board of directors has the ultimate oversight responsibility for the risk management process, particularly with respect to credit risk, interest rate risk, market risk, operational risk and other risks specific to our businesses, the committees of our board of directors also share responsibility for overseeing risk management. For example, the Audit Committee focuses on financial and accounting risk, including internal controls, and receives an annual risk assessment report from our internal auditors. The Finance Committee focuses on risks relating to the Company's liquidity and capital resources. The Governance and Nominating Committee focuses on risks associated with proper board governance, including the independence of our directors. The Related-Party Matters Committee focuses on risks arising out of potential conflicts of interest between us or any of our subsidiaries, on the one hand, and PMT, the Investment Funds and any other non-wholly-owned entity that we manage or over which we have control (whether through ownership, voting power, contract or otherwise), on the other hand. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire board of directors is regularly informed through committee reports about the nature of all such risks.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics, which sets forth the basic principles and guidelines for resolving various legal and ethical questions that may arise in the workplace and in the conduct of our business. This code is applicable to all of our employees, including executive officers and directors.

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines which, in conjunction with the charters and key practices of the committees of our board of directors, provide the framework for the governance of our company.

Other Charters

Our Audit Committee, Compensation Committee, Finance Committee, Governance and Nominating Committee and Related-Party Matters Committee have also adopted written charters that govern their conduct.

Audit Committee

Our board of directors has established an Audit Committee, which is comprised of three directors, Messrs. Nanji and Taylor and Ms. Youssouf. Mr. Taylor chairs the Audit Committee, and he serves as an "audit committee financial expert," as that term is defined by the SEC. Each of the members of the Audit Committee is "financially literate" under the rules of the NYSE. The Audit Committee assists our board of directors in overseeing:

our accounting and financial reporting processes;

the integrity and audits of our financial statements;

our internal control function;

our compliance with related legal and regulatory requirements;

the qualifications and independence of our independent registered public accounting firm; and

the performance of our independent registered public accounting firm and our internal auditors.

The Audit Committee is also responsible for the engagement, retention and compensation of our independent registered public accounting firm, reviewing with our independent registered public accounting firm the plans and results of the audit engagement, approving professional services provided by our independent registered public accounting firm, considering the range of audit and permissible non-audit fees, and reviewing the adequacy of our internal accounting controls.

Our board of directors has determined that Messrs. Nanji and Taylor and Ms. Youssouf are independent under the current NYSE independence requirements and SEC rules.

Compensation Committee

Our board of directors has established a Compensation Committee, which is comprised of three directors, Messrs. Botein, Hunt and Nanji. Mr. Botein chairs the Compensation Committee, the principal functions of which are to:

evaluate the performance of our Chief Executive Officer and other executive officers;

adopt and administer the compensation policies, plans and benefit programs for our executive officers and all other members of our executive team;

recommend to the board of directors the compensation for our independent directors; and

administer the issuance of any securities under the 2013 Equity Incentive Plan.

Our board of directors has determined that Messrs. Botein, Hunt and Nanji are independent under the current NYSE independence requirements and SEC rules.

Finance Committee

Our board of directors has established a Finance Committee, which is comprised of Messrs. Botein, Hunt and Nanji. Mr. Nanji chairs the Finance Committee, the principal function of which is to oversee the financial objectives, policies, procedures and activities of the Company, including a review of the Company's capital structure, source of funds, liquidity and financial position. In connection with these responsibilities, the Finance Committee reviews the Company's capital raising initiatives and monitors its liquidity management.

Governance and Nominating Committee

Our board of directors has established a Governance and Nominating Committee, which is comprised of three directors, Messrs. Hunt, Mazzella and Wiedman. Mr. Hunt chairs the Governance and Nominating Committee, which is responsible for seeking, considering and recommending to the full board of directors qualified candidates for election as directors and then recommending nominees for election as directors at the annual meeting of stockholders. It also periodically prepares and submits to our board of directors for adoption the Governance and Nominating Committee's selection criteria for director nominees. It reviews and makes recommendations on matters involving the general operation of our board of directors and our corporate governance, and annually recommends to our board of directors nominees for each of its committees. In addition, the Governance and Nominating Committee is responsible for annually facilitating the assessment of the performance of the individual committees and our board of directors as a whole and reporting thereon to our board of directors.

The Governance and Nominating Committee is responsible for developing the general criteria, subject to approval by the full board of directors, for use in identifying, evaluating and selecting qualified candidates for election or re-election to our board of directors. The Governance and Nominating Committee periodically reviews with our board of directors the appropriate skills and characteristics required of directors in the context of the current make up of our board of directors. Final approval of director nominees is determined by the full board of directors, and invitations to join our board of directors are extended by our chairman of the board on behalf of the entire board of directors.

The Governance and Nominating Committee, in accordance with our Corporate Governance Guidelines, seeks to create a board that is strong in its collective knowledge and has skills and experience with respect to accounting and finance, management and leadership, vision and strategy, business operations, business judgment, risk management, corporate governance, and knowledge of the mortgage industry and the global markets. The Governance and Nominating Committee also focuses on issues of diversity, such as diversity of gender, race and national origin, education, professional experience, and differences in viewpoints and skills. We do not have a formal policy with respect to diversity; however, our board of directors and Governance and Nominating Committee believe that it is essential that our directors represent diverse viewpoints and backgrounds. In considering candidates for our board of directors, the Governance and Nominating Committee considers the entirety of each candidate's credentials in the context of these standards and in light of the needs of our board of directors and the Company at that time, given the then current mix of director attributes. The Governance and Nominating Committee also considers a candidate's accessibility and availability to serve effectively on our board of directors, and it conducts inquiries into the background and qualifications of potential candidates. With respect to the nomination of continuing directors for re-election, the individual's past contributions to our board of directors are also considered.

Pursuant to separate stockholder agreements with BlackRock and Highfields, each of BlackRock and Highfields has the right to nominate one or two individuals for election to our board of directors, depending on the percentage of the voting power of our outstanding shares of Class A and Class B

common stock that it holds, and we are obligated to use our best efforts to cause the election of those nominees.

The Governance and Nominating Committee uses a variety of methods for identifying and evaluating nominees for director. The Governance and Nominating Committee assesses the appropriate size of our board of directors and whether any vacancies on our board of directors are expected due to retirement or otherwise. In the event that a vacancy is anticipated, or otherwise arises, the Governance and Nominating Committee considers whether to fill any such vacancy and, if so, identifies various potential candidates for director. These candidates are evaluated at regular or special meetings of the Governance and Nominating Committee, and may be considered at any point during the year. In evaluating such nominations, the Governance and Nominating Committee seeks to achieve a balance of knowledge, experience and capability on our board of directors.

Candidates may come to the attention of the Governance and Nominating Committee through current members of our board of directors, professional search firms or other persons. The Governance and Nominating Committee will also consider recommendations for nominees properly submitted by our stockholders. These recommendations should be submitted in writing to our Secretary at our principal executive offices located at 6101 Condor Drive, Moorpark, California 93021. If any materials are provided by a stockholder in connection with a recommendation for a director nominee, such materials are forwarded to the Governance and Nominating Committee. Following verification of the stockholder status of persons proposing candidates, recommendations will be aggregated and considered by the Governance and Nominating Committee at its next regularly scheduled or special meeting.

Our board of directors has determined that Messrs. Hunt, Mazzella and Wiedman are independent under the current NYSE independence requirements.

Related-Party Matters Committee

Our board of directors has established a Related-Party Matters Committee, which is comprised of Messrs. Mazzella, Taylor and Wiedman and Ms. Youssouf. Mr. Mazzella chairs the Related-Party Matters Committee, the principal function of which is to review and approve certain transactions, and resolve other potential conflicts of interest, between us or any of our subsidiaries, on the one hand, and PMT, the Investment Funds and any other non-wholly-owned entity that we manage or over which we have control (whether through ownership, voting power, contract or otherwise), on the other hand. Among other matters, the related-party matters committee will review and approve any amendments of or extensions to our agreements with PMT, including our management agreement, servicing agreement, mortgage banking and warehouse services agreement, master spread acquisition and MSR servicing agreements and any amendments of or extensions to such agreements.

Our board of directors has determined that Messrs. Mazzella, Taylor and Wiedman and Ms. Youssouf are independent under the current NYSE independence requirements and SEC rules.

Narrative Disclosure to the 2013 Summary Compensation Table

Employment Agreements

On April 20, 2013, we entered into an employment agreement with Mr. Kurland, pursuant to which he serves as the chairman of our board of directors and Chief Executive Officer and the Chief Executive Officer of PNMAC. On that same date, we also entered into an employment agreement with Mr. Spector, pursuant to which he serves as a member of our board of directors and as our President and Chief Operating Officer and the President and Chief Investment Officer of PNMAC. The terms of these agreements are described below.

The employment agreements, each of which has a three year term, provide Mr. Kurland with an annual base salary of \$900,000 and Mr. Spector with an annual base salary of \$500,000, in each case, increased annually at a rate determined by our board of directors and Compensation Committee. Mr. Kurland and Mr. Spector are also entitled to receive both cash and equity incentive compensation each year during the term of the employment agreements, awarded at levels determined by our board of directors and Compensation Committee based on annual performance targets.

All equity awards are granted pursuant to our 2013 Equity Incentive Plan and are subject to vesting requirements. Any unvested awards shall immediately vest upon the death or disability of the executive, a termination by us other than for cause (as defined in the employment agreement), a termination by the executive for good reason (as defined in the employment agreement), or the expiration of the term of the employment agreement before any new agreement is reached. All nonstatutory options granted pursuant to our 2013 Equity Incentive Plan are exercisable, subject only to vesting provisions, for a period of ten years from the date of grant, and are eligible for cashless exercise in all circumstances.

All of the compensation and benefits must, at a minimum, be targeted based on performance at a level commensurate with the total compensation paid to the top 25% of executives holding comparable positions in companies of comparable size and sophistication. The agreements also provide for the accrual of twenty days of paid time off at the executive's regular base pay rate during each year of the term, medical benefits, reimbursement for expenses related to tax advice and financial counseling not to exceed \$25,000, an automobile allowance of up to \$1,500 per month, reimbursement of reasonable business expenses, and participation in such other benefits programs as are provided to our executives generally.

Each of these employment agreements provides for compensation and obligations in the event of certain terminations of employment. Upon a termination due to death or disability, a termination by us without cause, or a termination by the executive for good reason, in addition to any other amounts required by law to be paid to him, the executive would be entitled to the pro rata portion of any bonus earned but unpaid for the year during which the agreement is terminated, and we will generally reimburse the executive or his estate for any amounts paid by him or his estate for coverage of him and his family under our group health medical benefits plan pursuant to the Consolidated Omnibus Budget Reconciliation Act, or COBRA, for as long as the executive or his family is eligible to receive such benefits under COBRA. Upon a termination due to death, the executive's estate will also receive severance payments equal to his base salary for a period of 6 months following such termination. Upon the expiration of the term of the employment agreement or upon a termination by us other than for

Table of Contents

cause or a termination by the executive for good reason, the executive will also serve as a consultant to us for an eighteen-month period commencing on the termination date. During the consulting period, the executive will receive in monthly installments, payments equal to one-twelfth of the executive's median annual base salary and one-twelfth of the executive's median annual incentive compensation, as calculated based on the executive's annual base salary and target incentive compensation for the year in which the termination date occurs and his annual base salary and actual incentive compensation for the two preceding years, provided that such compensation will cease if the executive engages in services for a business that competes with ours.

Each employment agreement also provides that for 18 months following a termination of employment, the executive will not, directly or indirectly, solicit or induce any of our employees, consultants, independent contractors, agents or representatives of the Company, or those of our affiliates, to discontinue employment or engagement with us or our affiliates, or otherwise interfere with those relationships.

Potential Payments Upon Termination or Change in Control

Pursuant to our 2013 Equity Incentive Plan and subject to any contrary provisions in any applicable award agreement, upon the occurrence of a change of control:

all outstanding unvested awards and awards subject to a risk of forfeiture, other than awards conditioned on the achievement of performance goals, will immediately become vested in full and no longer be subject to any risk of forfeiture unless they are assumed or otherwise continued in a manner satisfactory to the Committee, or substantially equivalent rights are provided in substitution for such awards, in each case by the acquiring or succeeding entity or one of its affiliates; and

if a pro rata portion of the performance goals under awards conditioned on the achievement of performance goals or other business objectives has been achieved as of the effective date of the change of control, then such performance goals or other business objectives shall be deemed satisfied as of such change of control with respect to a pro rata portion of the number of shares subject to the original award. The pro rata portion of the performance goals or other business objectives and the number of shares subject to the original awards shall each be based on the length of time within the performance period which has elapsed prior to the change of control. The pro rata portion of any award deemed earned in this manner will be paid out within 30 days following the change of control. The remaining portion of such an award that is not eligible to be deemed earned as of the change of control will be deemed to have been satisfied, earned, or forfeited as of the change of control in such amounts as the Committee shall determine in its sole discretion unless that remaining portion is assumed by the acquiring or succeeding entity or one of its affiliates, which will be deemed to occur if that remaining portion is subjected to (i) comparable performance goals based on the post-change of control business of the acquiror or succeeding entity or one of its affiliates, and (ii) a measurement period using a comparable period of time to the original award, each in a manner satisfactory to the Committee.

A change of control is defined as the occurrence of any of the following: (1) a transaction, as described above, unless securities possessing more than 50% of the total combined voting power of the resulting entity or ultimate parent entity are held by one or more persons who held securities possessing more than 50% of the total combined voting power of our Company immediately prior to the transaction; (2) any person or group of persons, excluding us and certain other related entities, directly or indirectly acquires beneficial ownership of securities possessing more than 20% of the total combined voting power of our Company, unless pursuant to a tender or exchange offer that our board of directors recommends stockholders accept; (3) over a period of no more than 36 consecutive months there is a change in the composition of our board of directors such that a majority of our directors

Table of Contents

ceases to be composed of individuals who either (i) have been directors continuously since the beginning of that period, or (ii) have been elected or nominated for election as members of our board of directors during such period by at least a majority of the remaining members of our board of directors who have been directors continuously since the beginning of that period; or (4) a majority of the members of our board of directors vote in favor of a decision that a change of control has occurred.

Summary of Equity Award Agreements

During Fiscal 2013, our named executive officers were awarded non-statutory stock options. The form of stock option award agreement provides for the award of stock options to purchase the optioned shares. In general, and except as otherwise provided by the Compensation Committee, one-third ($1/3$) of the optioned shares will vest in a lump sum on each of the first, second, and third anniversaries of the vesting commencement date, subject to the recipient's continued service through each anniversary, and each stock option will have a term of ten years from the date of grant. Additionally, the stock options expire (1) immediately upon termination of the holder's employment or other association with us for cause, (2) one year after the holder's employment or other association is terminated due to death or disability and (3) three months after the holder's employment or other association is terminated for any other reason.

During Fiscal 2013, our named executive officers also were awarded performance-based restricted stock units, or RSUs. The forms of RSU award agreement referred to herein provide for the award of performance-based RSUs to obtain, for each RSU, a variable number of shares of our Class A common stock and time-based RSUs to obtain, for each RSU, one share of our Class A common stock. One-third of all time-based RSUs vest in a lump sum on each of the first, second, and third anniversaries of the vesting commencement date, subject to the recipient's continued service through each anniversary. The number of shares received upon vesting of performance-based RSUs is determined based on the attainment of the performance goals, subject to conditions including continued employment throughout the performance period.

Table of Contents**401(k) Plan**

PNMAC maintains a tax-qualified 401(k) retirement plan for all employees who satisfy certain eligibility requirements. Under our 401(k) plan, employees may elect to defer a portion of their eligible compensation subject to applicable annual Code limits. Under the 401(k) plan, PNMAC makes matching contributions to participants equal to 100% of the participant's elective deferrals, up to a maximum of 4% of the participant's annual compensation. We intend for the 401(k) plan to qualify under Section 401(a) and 501(a) of the Code so that contributions by employees to the 401(k) plan, and income earned on those contributions, are not taxable to employees until withdrawn from the 401(k) plan.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee is or has at any time during the past year been one of our officers or employees. None of our executive officers currently serves or in the past year has served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our board of directors or compensation committee.

Compensation Risks

We believe that any risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. In addition to cash compensation that is paid to officers and employees of our wholly-owned subsidiary, PNMAC, we also use long-term incentive compensation in the form of equity-based awards, which we issue under our 2013 Equity Incentive Plan. The long-term incentive compensation awards are designed to align the interests of our officers and service providers with those of our stockholders, all of whom will share together in the creation of value through capital appreciation. We believe that equity-based awards are consistent with our stockholders' interest in book value growth as these individuals will be less incentivized to take short-term risk and more incentivized to grow book value for stockholders over time.

Non-Employee Director Compensation

The following table summarizes the annual retainer fees paid to our non-employee directors during Fiscal 2013:

Base Annual Retainer, all board members	\$ 65,000
Base Annual Retainer, all committee members:

Compensation Committee	\$ 7,750
Governance and Nominating Committee	\$ 5,750
Related-Party Matters Committee	\$ 5,750
Finance Committee	\$ 7,750

In addition, our directors are eligible to receive certain types of equity-based awards under our 2013 Equity Incentive Plan. Each independent director newly elected or appointed to our board of directors is entitled to receive a one-time equity grant of approximately \$87,000 in RSUs. Prior to the vesting of an RSU, such RSU is generally subject to forfeiture upon termination of service to us.

Table of Contents

During Fiscal 2013, each of Messrs. Botein, Hunt, Mazzella, Nanji, Taylor and Wiedman received a grant of 4,459 time-based RSUs which vest ratably over a three (3) year period beginning on the one (1) year anniversary of the date of the grant, May 14, 2013, subject to continued service through each vesting date. Upon her appointment to our board of directors, Ms. Youssouf received a grant of 2,614 RSUs, which vest ratably over a three (3) year period beginning on the one (1) year anniversary of the date of the grant, November 14, 2013, subject to continued service through each vesting date.

Upon a change of control (as defined in our 2013 Equity Incentive Plan), all outstanding equity awards granted to non-employee directors will be assumed, or substantially equivalent rights will be substituted, or the awards otherwise will be continued in a manner satisfactory to the Compensation Committee, by the acquiring or succeeding entity or its affiliate.

Table of Contents**PRINCIPAL STOCKHOLDERS**

The following table sets forth information regarding the beneficial ownership of shares of Class A common stock by (1) each person known to us to beneficially own more than 5% of the outstanding shares of Class A common stock, (2) each of our directors and named executive officers and (3) all of our directors and executive officers as a group.

Beneficial ownership reflected in the table below is based on 20,879,486 shares of Class A common stock outstanding as of March 12, 2014, and, with respect to any individual, includes the total shares of Class A common stock beneficially owned by such individual and his or her personal financial planning vehicles. Beneficial ownership is determined with respect to each stockholder in accordance with the rules of the SEC by assuming that such stockholder (and no other stockholder) has exchanged all of its or his Class A Units of PNMAC for an equivalent number of shares of our Class A common stock.

Except as otherwise indicated below, the address for each person or entity listed in the table is c/o PennyMac Financial Services, Inc., 6101 Condor Drive, Moorpark, California 93021.

adjustments for stock splits, stock dividends, reclassifications and certain other transactions that would cause the number of outstanding shares of Class A common stock to be different than the number of Class A Units of PNMAC owned by PennyMac Financial Services, Inc. The number of shares of Class A common stock listed in this table as being beneficially owned as a result of Class A Units of PNMAC held by any entity or individual assumes an exchange of such Class A Units for shares of Class A common stock on a one-for-one basis.

- (2) Represents the percentage of voting power of the Class A common stock and Class B common stock of PennyMac Financial Services, Inc. voting together as a single class. Each holder of Class A Units of PNMAC other than us also holds one share of our Class B common stock. The shares of Class B common stock have no economic rights but entitle the holder, without regard to the number of shares of Class B common stock held, to a number of votes on matters presented to our stockholders that is equal to the aggregate number of Class A Units of PNMAC held by such holder. As a holder exchanges Class A Units of PNMAC for shares of our Class A common stock pursuant to the exchange agreement, the voting power afforded to the holder by its share of Class B common stock will be automatically and correspondingly reduced. Total economic interest in PNMAC is calculated as the percentage of all outstanding Class A Units of PNMAC beneficially held by the stockholder, directly or indirectly through PennyMac Financial Services, Inc., assuming that each share of Class A common stock held is equivalent to one Class A Unit of PNMAC.

BlackRock Mortgage Ventures, LLC is indirectly wholly-owned by BlackRock, Inc. CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Other than compensation arrangements, we describe below transactions and series of similar transactions, during our last three fiscal years, to which we were a party or will be a party, in which:

the amounts involved exceeded or will exceed \$120,000; and

any of the directors, executive officers or holders of more than 5% of the membership interests of PNMAC, or any member of the immediate family of the foregoing persons, had or will have a direct or indirect material interest.

Compensation arrangements for our directors and named executive officers are described elsewhere in this prospectus.

Exchange Agreement

We have entered into an exchange agreement with all of the owners of Class A Units of PNMAC other than us that entitles those owners to exchange their Class A Units of PNMAC for shares of our Class A common stock on a one-for-one basis, subject to customary conversion rate adjustments for stock splits, stock dividends, reclassifications and certain other transactions that would cause the number of outstanding shares of Class A common stock to be different than the number of Class A Units of PNMAC owned by PennyMac Financial Services, Inc. Those owners are able to exercise their exchange rights at any time. In addition, we can require those owners to exercise their exchange rights (i) in connection with a change of control of our Company or (ii) if no holder of Class A Units of PNMAC (other than us) holds 3% or more of all Class A Units of PNMAC, in each case unless the cash and, in the case of a change of control, marketable securities that they would receive in connection with such exchange (including the after-tax value of amounts received pursuant to the tax receivable agreement and any amounts advanced to them by us, which advanced amounts will be repaid upon the sale of the Class A common stock received in the exchange) would not be sufficient to cover the taxes that those owners would become liable for as a result of such exchange. Even if that cash would not be sufficient to cover their taxes, we can still require those owners to exchange if no holder holds more than 3% of all Class A Units of PNMAC by electing to effect the exchange at 110% of the exchange rate otherwise in effect. We can also require an owner who is an officer or employee to exercise his or her exchange rights, upon the termination of his or her employment. If we have distributed excess cash or property to our stockholders prior to an exchange of Class A Units of PNMAC by an owner pursuant to the exchange agreement, then upon such exchange such owner will also receive, in respect of each share of Class A common stock issued in such exchange, the amount of such excess cash or property that was distributed in each such prior distribution in respect of each share of Class A common stock outstanding at the time of such prior distribution. Excess property consists of any property, other than cash, that was not distributed to PennyMac Financial Services, Inc. by PNMAC. Excess cash consists of any amount by which the cumulative amount of all cash distributed by us to our stockholders exceeds (i) the cumulative amount of all cash distributed to us by PNMAC, less (ii) the cumulative amount of all cash payments made by us for any purpose other than repaying debt or making distributions to our stockholders, each measured as of the time of the exchange of Class A Units of PNMAC. The exchange agreement provides, however, that voluntary exchanges must be for the lesser of a stated minimum number of Class A Units of PNMAC or all of the vested Class A Units of PNMAC held by such owner. The exchange agreement also provides that an owner will not have the right to exchange Class A Units of PNMAC if we determine that such exchange would be prohibited by law or regulation or would violate other agreements with PNMAC to which the owner may be subject. We may impose additional restrictions on exchanges that we determine to be necessary or advisable so that PNMAC is not treated as a "publicly traded partnership" for United States federal income tax purposes.

Stockholder Agreements

We have entered into separate stockholder agreements with BlackRock and Highfields which provide that our board of directors will consist of no more than nine directors as long as those entities and their affiliates hold at least 10% of the voting power of our outstanding shares of capital stock. Those agreements also provide that each of BlackRock and Highfields will have the right to nominate two individuals for election to our board of directors as long it, together with its affiliates, holds at least 15% of the voting power of our outstanding shares of capital stock, and the right to nominate one individual for election to our board of directors as long as it, together with its affiliates, holds at least 10% of the voting power of our outstanding shares of capital stock. We, in turn, are obligated to use our best efforts to ensure that these nominees are elected. In addition, those agreements provide that each of BlackRock and Highfields, as long as it, together with its affiliates, holds at least 10% of the voting power of our outstanding shares of capital stock, will have the right to nominate one member of each committee of our board of directors. As long as those nominees meet the independence standards applicable to those committees, we will appoint them as members of those committees. Those agreements also provide that neither our certificate of incorporation nor our bylaws, as in effect from time to time, may be amended in any manner that is adverse to BlackRock, Highfields or their respective affiliates without the consent of BlackRock or Highfields, as applicable, as long it, together with its affiliates, holds at least 5% of the voting power of our outstanding shares of capital stock.

Registration Rights Agreement

We have entered into a registration rights agreement with BlackRock, Highfields and the other owners of PNMAC other than PennyMac Financial Services, Inc. pursuant to which BlackRock, Highfields and certain permitted transferees have the right, under certain circumstances and subject to certain restrictions, to require us to register for resale the shares of our Class A common stock delivered in exchange for Class A Units of PNMAC held by them. In October 2013, we filed a registration statement to register for resale the shares of our Class A common stock delivered in exchange for Class A Units of PNMAC on behalf of BlackRock, Highfields and other selling stockholders. The registration statement was declared effective on October 29, 2013. All securities registered under this registration statement are available for sale in the open market unless restrictions apply.

Demand Registration Rights. BlackRock and Highfields and certain permitted transferees each have the right to demand that we register their Class A common stock for resale, subject to the conditions set forth in the registration rights agreement, no more than three times in any twelve month period. BlackRock and Highfields and certain permitted transferees have the right under the registration rights agreement to require that we register their Class A common stock for resale. Such registration demand must reasonably be expected to result in aggregate gross cash proceeds to such demanding stockholder in excess of \$25 million. Each of BlackRock and Highfields and certain permitted transferees will have the right to participate in any such demand registrations. We will not be obligated to effect a demand registration within 120 days of the effective date of a registration statement filed by us. We may postpone the filing of a registration statement for up to 60 days once in any 12-month period if our board of directors determines in good faith that the filing would reasonably be expected to materially adversely affect any material financing or acquisition of ours or require premature disclosure of information that would reasonably be expected to be materially adverse to us. The underwriters of any underwritten offering have the right to limit the number of shares to be included in a registration statement filed in response to the exercise of these demand registration rights. We must pay all expenses, except for underwriters' discounts and commissions, incurred in connection with these demand registration rights.

Piggyback Registration Rights. BlackRock, Highfields, certain of their permitted transferees and the minority stockholders which are parties to the agreement will each have the right to "piggyback" on

Table of Contents

any registration statements that we file on an unlimited basis, subject to the conditions set forth in the registration rights agreement. If we register any securities for public sale, stockholders with piggyback registration rights under the registration rights agreement have the right to include their shares in the registration for resale by them, subject to specified limitations and exceptions.

S-3 Registration Rights. If we are eligible to file a registration statement on Form S-3, the stockholders with S-3 registration rights under the registration rights agreement and certain permitted transferees can request that we register their shares for resale. Any registration must be reasonably expected by the demanding stockholder to result in aggregate gross cash proceeds to such demanding stockholder in excess of \$10 million, and no more than three demands for an S-3 registration may be made in any 12-month period. If we are eligible as a Well Known Seasoned Issuer, or WKSI, the requesting stockholders may request that the shelf registration statement utilize the automatic shelf registration process under Rule 415 and Rule 462 promulgated under the Securities Act. If we are not eligible as a WKSI or are otherwise ineligible to utilize the automatic shelf registration process, then we are required to use our reasonable efforts to have the shelf registration statement declared effective.

Tax Receivable Agreement

As described above, the holders of Class A Units of PNMAC other than us may (subject to the terms of the exchange agreement) exchange their Class A Units of PNMAC for shares of our Class A common stock, initially on a one-for-one basis. PNMAC intends to have in effect an election under Section 754 of the Code effective for each taxable year in which an exchange of Class A Units of PNMAC for shares of Class A common stock occurs, which may result in a special adjustment for PennyMac Financial Services, Inc. with respect to the tax basis of the assets of PNMAC at the time of an exchange of Class A Units of PNMAC, which adjustment affects only us, which we refer to as the "corporate taxpayer." The subsequent exchanges are expected to result in special increases for the corporate taxpayer in the tax basis of the assets of PNMAC that otherwise would not have been available. These increases in tax basis may reduce the amount of tax that the corporate taxpayer would otherwise be required to pay in the future. These increases in tax basis may also decrease gains (or increase losses) on future dispositions of certain capital assets to the extent tax basis is allocated to those capital assets. The IRS may challenge all or part of the existing tax basis, tax basis increase and increased deductions, and a court could sustain such a challenge.

We have entered into a tax receivable agreement with the owners of PNMAC other than us that provides for the payment from time to time by the corporate taxpayer to those owners of 85% of the amount of the net tax benefits, if any, that the corporate taxpayer is deemed to realize under certain circumstances as a result of (i) increases in tax basis resulting from exchanges of Class A Units of PNMAC and (ii) certain other tax benefits related to our entering into the tax receivable agreement, including tax benefits attributable to payments under the tax receivable agreement. These payment obligations are obligations of the corporate taxpayer and not of PNMAC. For purposes of the tax receivable agreement, the tax benefit deemed realized by the corporate taxpayer will be computed by comparing the actual income tax liability of the corporate taxpayer (calculated with certain assumptions) to the taxes that the corporate taxpayer would have been required to pay had there been no increase to the tax basis of the assets of PNMAC as a result of the exchanges, and had the corporate taxpayer not entered into the tax receivable agreement. The term of the tax receivable agreement will continue until all such tax benefits have been utilized or expired, unless we exercise our right to terminate the tax receivable agreement. In the event of termination of the tax receivable agreement, we would be required to make an immediate payment equal to the present value of the anticipated future net tax benefits, which upfront payment may be made years in advance of the actual realization of such future benefits. Estimating the amount of payments that may be made under the tax receivable agreement is by its nature imprecise, insofar as the calculation of amounts payable depends

Table of Contents

on a variety of factors. The actual increase in tax basis, as well as the amount and timing of any payments under the tax receivable agreement, will vary depending upon a number of factors, including:

the timing of exchanges for instance, the increase in any tax deductions will vary depending on the fair value, which may fluctuate over time, of the depreciable or amortizable assets of PNMAC at the time of each exchange;

the price of shares of our Class A common stock at the time of the exchange the tax basis increase in assets of PNMAC for the corporate taxpayer, as well as any related increase in allocations of tax deductions to the corporate taxpayer, is directly proportional to the price of shares of our Class A common stock at the time of the exchange;

the extent to which such exchanges are taxable if an exchange is not taxable for any reason, increased deductions will not be available; and

the amount and timing of our income the corporate taxpayer will be required to pay 85% of the net tax benefits as and when those benefits are treated as realized under the terms of the tax receivable agreement. If the corporate taxpayer does not have taxable income, the corporate taxpayer generally is not required (absent a change of control or circumstances requiring an early termination payment) to make payments under the tax receivable agreement for that taxable year because no benefit will have been actually realized. However, any tax benefits that do not result in realized benefits in a given tax year will likely generate tax attributes that may be utilized to generate benefits in previous or future tax years. The utilization of such tax attributes will result in payments under the tax receivable agreement.

We expect that the payments that we may make under the tax receivable agreement will be substantial. There may be a material negative effect on our liquidity if, as a result of timing discrepancies or otherwise, the payments under the tax receivable agreement exceed the actual benefits we realize in respect of the tax attributes subject to the tax receivable agreement and/or distributions to us by PNMAC are not sufficient to permit us to make payments under the tax receivable agreement after we have paid taxes. Furthermore, our obligations to make payments under the tax receivable agreement could make us a less attractive target for an acquisition, particularly in the case of an acquirer that cannot use some or all of the tax benefits that are deemed realized under the tax receivable agreement. The payments under the tax receivable agreement are not conditioned upon the continued ownership of us by the exchanging owners of PNMAC.

In addition, the tax receivable agreement provides that upon certain mergers, asset sales, other forms of business combinations or other changes of control, the corporate taxpayer's (or its successor's) obligations with respect to exchanged or acquired Class A Units of PNMAC (whether exchanged or acquired before or after such transaction) would be based on certain assumptions, including that the corporate taxpayer would have sufficient taxable income to fully utilize the deductions arising from the increased tax deductions and tax basis and other benefits related to entering into the tax receivable agreement. As a result, (i) we could be required to make payments under the tax receivable agreement that are greater than or less than the specified percentage of the actual net tax benefits we realize in respect of the tax attributes subject to the tax receivable agreement and (ii) if we elect to terminate the tax receivable agreement early, we would be required to make an immediate payment equal to the present value of the anticipated future net tax benefits, which upfront payment may be made years in advance of the actual realization of such future benefits. In these situations, our obligations under the tax receivable agreement could have a substantial negative impact on our liquidity, as well as our attractiveness as a target for an acquisition.

Decisions made by certain owners of Class A Units of PNMAC in the course of running our business, such as with respect to mergers, asset sales, other forms of business combinations or other changes in control, may influence the timing and amount of payments that are received by an

exchanging or selling owner under the tax receivable agreement. For example, the earlier disposition of assets following an exchange or acquisition transaction will generally accelerate payments under the tax receivable agreement and increase the present value of such payments.

Payments are generally due under the tax receivable agreement within a specified period of time following the filing of our tax return for the taxable year with respect to which the payment obligation arises, although interest on such payments will begin to accrue at a rate of LIBOR plus 100 basis points from the due date (without extensions) of such tax return. Payments not made when due under the tax receivable agreement generally would accrue interest at a rate of LIBOR plus 500 basis points. However, in the event that we do not have sufficient cash available to make a payment under the tax receivable agreement when that payment is due, under certain circumstances we may elect to defer that payment for up to two years. Payments that are deferred pursuant to this election would accrue interest at a rate of LIBOR plus 350 basis points.

Payments under the tax receivable agreement will be based on the tax reporting positions that we will determine. Although we are not aware of any issue that would cause the IRS to challenge a tax basis increase, the corporate taxpayer will not be reimbursed for any payments previously made under the tax receivable agreement (except to the extent such amounts can be applied against future amounts that would otherwise be due under the tax receivable agreement). As a result, in certain circumstances, payments could be made under the tax receivable agreement in excess of the benefits that the corporate taxpayer actually realizes in respect of the tax attributes subject to the tax receivable agreement.

PNMAC Limited Liability Company Agreement

We are the sole managing member of PNMAC. Accordingly, we operate and control all of the business and affairs of PNMAC and, through PNMAC and its operating entity subsidiaries, conduct our business.

Pursuant to the limited liability company agreement of PNMAC, we have the right to determine when distributions will be made to unit holders of PNMAC and the amount of any such distributions, other than with respect to tax distributions as described below. If a distribution is authorized; such distribution will be made to the unit holders of PNMAC pro rata in accordance with the percentages of their respective limited liability company interests.

The unit holders of PNMAC, including us, will incur U.S. federal, state and local income taxes on their proportionate share of any taxable income of PNMAC. Except as otherwise required under Section 704(c) of the Code, net profits and net losses of PNMAC will generally be allocated to its unit holders (including us) pro rata in accordance with their respective limited liability company interests. The limited liability company agreement of PNMAC will provide for quarterly cash distributions, which we refer to as "tax distributions," to the holders of the Class A Units of PNMAC if we, as the sole managing member of PNMAC, determine that the taxable income of PNMAC gives rise to taxable income for such holders. Generally, these quarterly tax distributions will be computed based on the taxable income of PNMAC multiplied by an assumed tax rate determined by us. Tax distributions will be made only to the extent that all distributions from PNMAC for the relevant year were insufficient to cover such tax liabilities.

The limited liability company agreement of PNMAC also provides that substantially all expenses incurred by or attributable to us (such as expenses incurred in connection with this offering), but not including our obligations incurred under the tax receivable agreement and our income tax expenses, will be borne by PNMAC.

The limited liability company agreement of PNMAC generally provides that at any time we issue a share of our Class A common stock or any other equity security, the net proceeds we receive with

respect to such share, if any, shall be concurrently transferred to PNMAC and PNMAC will issue to us one Class A Unit with respect to such issuance of Class A common stock (or another equity interest in PNMAC with respect to other equity issuances by us). Conversely, if at any time, any shares of our Class A common stock are redeemed by us for cash, then PNMAC will redeem from us the same number of Class A Units of PNMAC (subject to any change in the initial exchange rate provided for in the exchange agreement) at the same price.

Other than us, in our capacity as managing member, holders of the Class A Units of PNMAC will have no voting rights with respect to PNMAC, except that (i) the managing member shall not create additional classes of units or securities for issuance to any party other than us and (ii) the managing member and PNMAC shall take no action or enter into any agreement that would limit the ability of PNMAC to make tax distributions or the ability of the managing member to make payments under the tax receivable agreement, provided that the managing member and PNMAC may enter into credit, financing or warehousing or similar agreements that limit or prohibit the making of tax distributions or payments under the tax receivable agreement if there is a default or event of default or if such distributions could result in a default or event of default thereunder, in each case without the consent of each of BlackRock and Highfields, as long as it, together with its affiliates, holds any Class A Units of PNMAC.

Also, as long as BlackRock or Highfields, together with its affiliates, holds at least 3% of the number of Class A Units of PNMAC that were outstanding immediately following the initial public offering of our Class A common stock and the related purchase of Class A Units of PNMAC by us with the proceeds of that offering, PNMAC may not, without the consent of that holder, make any dilutive issuance (generally any issuance of units to us other than an issuance of Class A Units of PNMAC to us in connection with the issuance by us of an equivalent number of shares of Class A common stock as described above) of any units other than Class A Units of PNMAC to us. Further, as long as BlackRock or Highfields, together with its affiliates, holds any Class A Units of PNMAC, PNMAC may not, without the consent of that holder, make any dilutive issuance of any units to us if such issuance, together with all other such issuances made during the 365 day period ending on the date of such issuance, would cause the percentage of Class A Units of PNMAC (together with all other common equity securities of PNMAC) held by all members of PNMAC other than us to decrease by more than 0.5% during that period (ignoring, for the purposes of this calculation, units purchased by those members pursuant to the following sentence). Concurrently with each dilutive issuance, each member of PNMAC other than us will have the right to purchase, at the same price and on the same terms on which we are purchasing units in that dilutive issuance, up to the number of the same type of units as would be necessary for that member to beneficially own the same percentage of all such units outstanding immediately after the dilutive issuance as that member beneficially owned immediately prior to the dilutive issuance.

Holders of Class A Units of PNMAC also have consent rights for amendments to the limited liability company agreement of PNMAC that materially and adversely affect the rights or duties of a holder on a discriminatory and non-pro rata basis. In addition, so long as either BlackRock or Highfields continues to own, together with its affiliates, a number of Class A Units of PNMAC representing more than 10% of the Class A Units of PNMAC outstanding immediately after the initial public offering of our Class A common stock, its consent will be required for any amendment to the limited liability company agreement of PNMAC. The consent of BlackRock and Highfields and any other member to whom BlackRock or Highfields has transferred Class A units in compliance with the limited liability company agreement of PNMAC will also be required to any amendment that (i) reduces such holder's tax distributions, (ii) limits such holder's ability to exercise its rights under the exchange agreement, (iii) requires such holder to make a capital contribution, (iv) increases such holder's obligations or permits the appointment of a new managing member other than a successor to PennyMac Financial Services, Inc. permitted under the limited liability company agreement of PNMAC,

(v) reduces or eliminates fiduciary duties of the managing member or officers, (vi) restricts or eliminates permitted transfers of Class A Units of PNMAC, (vii) reduces or eliminates indemnification or exculpation provisions, or (viii) changes certain provisions regarding the issuance of units by PNMAC or shares by us. In addition, the consent of BlackRock and Highfields will be required to convert the legal form of Private National Mortgage Association Company, LLC into a corporation, or treat it as other than a partnership for United States federal income tax purposes.

Management Agreements

Our subsidiary, PCM, enters into investment management agreements with investment companies or funds that invest in residential mortgage assets. Presently, PCM is party to management agreements with the Investment Funds and with PMT.

These management agreements require us to oversee the business affairs of the Investment Funds and PMT in conformity with the investment policies that are approved and monitored by such client's board or management. We are responsible for the client's day-to-day management and perform such services and activities related to the client's assets and operations as may be appropriate.

PMT Management Agreement. Effective February 1, 2013, we renewed our management agreement with PMT and PennyMac Operating Partnership, L.P. through February 1, 2017 and amended and restated its terms in order to better align the base and performance incentive components of our management fee with PMT's investment strategy. Pursuant to the terms of the amended and restated management agreement between PCM and PMT, PCM collects a base management fee and may collect a performance incentive fee, both payable quarterly and in arrears. The initial term of this management agreement expires, on February 1, 2017, subject to automatic renewal for additional 18-month periods, unless terminated earlier in accordance with the terms of the agreement.

The base management fee is calculated at a defined annualized percentage of "shareholder's equity." "Shareholders' equity" is defined as the sum of the net proceeds from any issuances of PMT's equity securities since its inception (weighted for the time outstanding during the measurement period); plus PMT's retained earnings at the end of the quarter; less any amount that PMT pays for repurchases of its common shares (weighted for the time held during the measurement period); and excluding one-time events pursuant to changes in United States generally accepted accounting principles, or GAAP, and certain other non-cash charges after discussions between PCM and PMT's independent trustees and approval by a majority of PMT's independent trustees.

The base management fee is equal to the sum of (i) 1.5% per annum of shareholders' equity up to \$2 billion, (ii) 1.375% per annum of shareholders' equity in excess of \$2 billion and up to \$5 billion, and (iii) 1.25% per annum of shareholders' equity in excess of \$5 billion. The base management fee is paid in cash.

The performance incentive fee is calculated at a defined annualized percentage of the amount by which "net income," on a rolling four-quarter basis and before the incentive fee, exceeds certain levels of return on "equity." "Net income," for purposes of determining the amount of the performance incentive fee, is defined as net income or loss computed in accordance with GAAP and certain other non-cash charges determined after discussions between PCM and PMT's independent trustees and approval by a majority of PMT's independent trustees. "Equity" is the weighted average of the issue price per common share of all of PMT's public offerings, multiplied by the weighted average number of common shares outstanding (including restricted share units) in the four-quarter period.

The performance incentive fee is calculated quarterly and escalates as net income (stated as a percentage return on equity) increases over certain thresholds. On each calculation date, the threshold amounts represent a stated return on equity, plus or minus a "high watermark" adjustment. The performance fee payable for any quarter is equal to: (a) 10% of the amount by which net income for

Table of Contents

the quarter exceeds (i) an 8% return on equity plus the high watermark, up to (ii) a 12% return on equity; plus (b) 15% of the amount by which net income for the quarter exceeds (i) a 12% return on equity plus the high watermark, up to (ii) a 16% return on equity; plus (c) 20% of the amount by which net income for the quarter exceeds a 16% return on equity plus the high watermark.

The high watermark starts at zero and is adjusted quarterly. The quarterly adjustment reflects the amount by which the net income in that quarter exceeds or falls short of the lesser of 8% and the 30-year Fannie Mae current coupon MBS Yield (the target yield) for such quarter. If the net income is lower than the target yield, the high watermark is increased by the difference. If the net income is higher than the target yield, the high watermark is reduced by the difference. Each time a performance incentive fee is earned, the high watermark returns to zero. As a result, the threshold amounts required for PCM to earn a performance incentive fee are adjusted cumulatively based on the performance of PMT's net income over (or under) the target yield, until the net income in excess of the target yield exceeds the then-current cumulative high watermark amount, and a performance incentive fee is earned. The performance incentive fee may be paid in cash or in common shares of PMT (subject to a limit of no more than 50% paid in common shares), at PMT's option.

Under this management agreement, PCM is entitled to reimbursement of its organizational and operating expenses, including third-party expenses, incurred on PMT's behalf.

In general, the parties to this management agreement have agreed to negotiate in good faith to amend the provisions thereof relating to the compensation of PCM in order to cause such compensation to be materially consistent with market rates of compensation for services comparable to those provided under this management agreement if (a) PMT or PCM requests such negotiation after a determination by PMT or PCM that the rates of compensation payable to PCM differ materially from such market rates of compensation and (b) various conditions relating to the timing and frequency of such requests are satisfied, including the condition that no request be made before the second anniversary of the execution of this management agreement. If the parties are unable to reach agreement on the terms of a fee amendment within thirty days of the delivery of the relevant fee negotiation request, the terms of such fee amendment will be determined by final and binding arbitration procedures set forth in this management agreement.

Under this management agreement, PCM may be entitled to a termination fee under certain circumstances. Specifically, the termination fee is payable for (1) PMT's termination of the management agreement without cause, (2) PCM's termination of the management agreement upon a default by PMT in the performance of any material term of the management agreement that has continued uncured for a period of 30 days after receipt of written notice thereof or (3) PCM's termination of the management agreement after PMT's termination without cause (excluding a non-renewal) of the mortgage banking and warehouse services agreement, the MSR recapture agreement, or the amended and restated flow servicing agreement, each of which is described below. The termination fee is equal to three times the sum of (a) the average annual base management fee, and (b) the average annual (or, if the period is less than 24 months, annualized) performance incentive fee earned by PCM, in each case during the 24-month period before termination.

PMT may terminate this management agreement without the payment of any termination fee under certain circumstances, including, among other circumstances, in the event of uncured material breaches by PCM of this management agreement, upon a change in control of PCM (defined to include a 50% change in the shareholding of PCM in a single transaction or related series of transactions or Mr. Kurland's failure to continue as chief executive
