VERITIV CORPORATION

PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 20, 2015

Veritiv Corporation (the "Company," "Veritiv," "we," "us" or "our") is furnishing this document to you in connection with the solicitation by the Board of Directors of the Company (the "Board") of the enclosed form of proxy for the Company's 2015 annual meeting of stockholders.

The Company pays for the preparation and mailing of the Notice of Annual Meeting and this proxy statement, and the Company has also made arrangements with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of this proxy statement and other annual meeting materials to the beneficial owners of shares of its common stock at the Company's expense. This proxy statement is dated April 6, 2015 and is first being mailed to the Company's stockholders on or about April 10, 2015.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Why am I receiving these proxy materials?

These materials were provided to you because the Board is soliciting your proxy to vote at the annual meeting, and at any postponements or adjournments of the annual meeting. This proxy statement describes the matters on which you, as a stockholder, are entitled to vote. It also provides information that is intended to assist you in making an informed vote on the proposals described in this proxy statement.

What is a proxy?

A proxy is your legal designation of another person to vote the shares you own at the annual meeting. By completing and submitting the proxy card(s), which identifies the persons authorized to act as your proxy, you are giving each of those persons authority to vote your shares as you have instructed. By voting via proxy, each stockholder is able to cast his or her vote without having to attend the annual meeting in person.

Why did I receive more than one proxy card?

You will receive multiple proxy cards if you hold your shares in different ways (e.g., trusts, custodial accounts, joint tenancy) or in multiple accounts. If your shares are held by a broker, bank, trustee or other nominee (i.e., in "street name"), you will receive your proxy card and other voting information from your broker, bank, trustee or other nominee. It is important that you complete, sign, date and return each proxy card you receive, or vote using the Internet or by telephone as described in the instructions included with your proxy card(s) or in the Notice of Internet Availability of Proxy Materials.

Why didn't I receive paper copies of the proxy materials?

The Company is furnishing proxy materials to our stockholders on the Internet instead of mailing printed copies of those materials to all of our stockholders, as permitted by rules adopted by the U.S. Securities and Exchange Commission (the "SEC"). This option allows the Company to provide our stockholders with information they need, while reducing our use of natural resources, and cutting back on potentially unwanted materials in our stockholders' mailboxes.

If you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the proxy materials unless you request one in accordance with the instructions provided

Table of Contents

in the notice. The Notice of Internet Availability of Proxy Materials provides instructions on how you may access and review the proxy materials on the Internet.

What is the record date and what does it mean?

The Board established March 23, 2015 as the record date for the annual meeting. Stockholders who own shares of the Company's common stock at the close of business on the record date are entitled to notice of and to vote at the annual meeting or any postponements or adjournments of the annual meeting.

How many shares are entitled to vote at the annual meeting?

As of the close of business on the record date, there were 16,000,000 shares of our common stock outstanding and entitled to vote at the annual meeting. Each share of common stock is entitled to one vote on each proposal to properly come before the meeting.

What is the difference between a "stockholder of record" and a "beneficial owner"?

Most of our stockholders hold their shares beneficially through a broker, bank, trustee or other nominee rather than of record directly in their own name with Computershare Inc., our transfer agent. As summarized below, there are some differences in the way to vote shares held of record and those owned beneficially.

If your shares are registered directly in your name with our transfer agent, you are considered the stockholder of record of those shares, and proxy materials are being sent directly to you. As a stockholder of record, you have the right to grant your voting proxy directly to the persons named as proxy holders or to vote in person at the annual meeting.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of the shares held in "street name," and proxy materials are being forwarded to you by your broker or nominee who is considered the stockholder of record of those shares. As the beneficial owner, you have the right to direct your broker or nominee on how to vote and you are also invited to attend the annual meeting. However, because you are not the stockholder of record, you may not vote those shares in person at the annual meeting unless you have a proxy, executed in your favor, from the holder of record of your shares. Your broker or nominee has enclosed a voting instruction card for you to use in directing your broker or nominee as to how to vote your shares. We strongly encourage you to instruct your broker or nominee how you wish to vote.

How many votes must be present to hold the annual meeting?

We must have a "quorum" to conduct the annual meeting. A quorum is one-third of the outstanding shares of common stock entitled to vote at the meeting, present in person or by proxy. Properly signed proxies that are marked "abstain" are known as "abstentions." Shares that are held in street name and not voted on one or more of the items before the annual meeting, but are otherwise voted on at least one item, are known as "broker non-votes." Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Abstentions are also counted as shares represented and entitled to be voted. Broker non-votes, however, are not counted as shares entitled to be voted with respect to the matter on which the broker has expressly not voted.

Who will count the votes?

A representative from Computershare Inc. will determine if a quorum is present, tabulate the votes and serve as the Company's inspector of election at the annual meeting.

Table of Contents

What vote is required to approve each proposal?

Proposal 1: *Election of directors.* In order to be elected, a director nominee must receive the affirmative vote of the holders of a majority in voting power of the shares of stock entitled to vote and represented in person or by proxy at the annual meeting. Stockholders do not have a right to cumulate their votes for the election of directors. Abstentions will be counted as represented and entitled to vote on the proposal and will therefore have the same effect as a vote against Proposal 1. Broker non-votes will not be counted as represented and entitled to vote and will therefore have no impact on the election of a nominee.

Proposal 2: Ratification of Deloitte & Touche LLP as our independent registered public accounting firm for 2015. The affirmative vote of the holders of a majority in voting power of the shares of stock entitled to vote on the proposal and represented in person or by proxy at the annual meeting is required to ratify the appointment of our independent registered public accounting firm for 2015. Abstentions will be counted as represented and entitled to vote on the proposal and will therefore have the same effect as a vote against Proposal 2.

Proposal 3: Advisory vote on executive compensation. The affirmative vote of the holders of a majority in voting power of the shares of stock entitled to vote on the proposal and represented in person or by proxy at the annual meeting is required to approve, on an advisory basis, the Company's executive compensation. Abstentions will be counted as represented and entitled to vote on the proposal and will therefore have the effect of a vote against Proposal 3. Broker non-votes will not be counted as represented and entitled to vote on the proposal and will therefore have no effect on the outcome of the proposal.

Proposal 4: Advisory vote on the frequency of executive compensation votes. The option of one year, two years or three years that receives the most votes cast by stockholders will be the frequency for the advisory vote on executive compensation that has been recommended by stockholders. Abstentions and broker non-votes will have no effect on the outcome of the proposal.

Proposal 5: Approval of the performance measures included in the Veritiv Corporation 2014 Omnibus Incentive Plan. The affirmative vote of the holders of a majority in voting power of the shares of stock entitled to vote on the proposal and represented in person or by proxy at the annual meeting is required to approve the performance measures included in the Veritiv Corporation 2014 Omnibus Incentive Plan. Abstentions will be counted as represented and entitled to vote on the proposal and will therefore have the effect of a vote against Proposal 5. Broker non-votes will not be counted as represented and entitled to vote on the proposal and will therefore have no effect on the outcome of the proposal.

Proposal 6: Approval of the Veritiv Corporation Annual Incentive Plan. The affirmative vote of the holders of a majority in voting power of the shares of stock entitled to vote on the proposal and represented in person or by proxy at the annual meeting is required to approve the Veritiv Corporation Annual Incentive Plan. Abstentions will be counted as represented and entitled to vote on the proposal and will therefore have the effect of a vote against Proposal 6. Broker non-votes will not be counted as represented and entitled to vote on the proposal and will therefore have no effect on the outcome of the proposal.

Any other matter that properly comes before the meeting will require the approval of the affirmative vote of the holders of a majority of the shares having voting power represented in person or by proxy at the annual meeting.

How do I vote my shares?

You can vote your shares in one of the following manners:

- by using the Internet;
- by telephone;
- by completing, signing, dating and returning the enclosed proxy card(s), if you received your proxy materials by mail; or
- by attending the annual meeting and voting.

If you are a stockholder of record, please refer to the specific instructions set forth in the Notice of Internet Availability of Proxy Materials or, if you received your proxy materials by mail, on the proxy card(s).

If you are a beneficial owner of shares held in street name, your broker, bank, trustee or other nominee will provide you with instructions for voting your shares.

How do I vote shares held in the Veritiv Stock Fund of the Veritiv Retirement Savings Plan (the "Veritiv Stock Fund")?

If you beneficially own shares through the Veritiv Stock Fund, your proxy will also serve as a voting instruction for the trustee of the Veritiv Stock Fund with respect to all shares you beneficially own through the Veritiv Stock Fund as of the record date, assuming that your shares are registered in the same name. Voting instructions for shares in the Veritiv Stock Fund must be received by 9:00 a.m. Eastern Time on May 18, 2015 so that the trustee of the plan (who votes the shares on behalf of plan participants) has adequate time to tabulate the voting instructions. Shares held in the Veritiv Stock Fund that are not voted, or for which the trustee does not receive timely voting instructions, will be voted by the trustee in the same proportion as the shares held in the plan that are timely voted, except as otherwise required by law.

Can I change my vote after I vote by mail, by telephone or using the Internet?

Yes, if you are a stockholder of record, you can change your vote in any one of the following ways:

- send a written notice to the Corporate Secretary of the Company stating that you revoke your proxy, so long as it is received prior to the annual meeting;
- if you received your proxy materials by mail, sign and mail a proxy card bearing a later date, so long as it is received prior to the annual meeting;
- vote again by the Internet or by telephone; or
- attend the annual meeting and vote in person.

Your mere presence at the annual meeting will not revoke your proxy. You must take affirmative action in order to revoke your proxy.

If your shares are held in street name, you must contact your broker, bank, trustee or other nominee in order to revoke your proxy.

If you hold shares in the Veritiv Stock Fund, any changes or revocations of voting instructions to the trustee must be received before 9:00 a.m. Eastern Time on May 18, 2015.

Table of Contents

How will my proxy be voted?

If you are a stockholder of record and you complete, sign, date and return your proxy card(s), or vote by the Internet or by telephone, your proxy will be voted in accordance with your instructions. If you sign and date your proxy card(s), but do not indicate how you want to vote, your shares will be voted in accordance with the Board's recommendation.

If you are a beneficial owner, your broker or nominee will vote your shares with respect to Proposals 1, 3, 4, 5 and 6 at the annual meeting ***only*** if you instruct your broker or nominee how to vote. You should instruct your broker or nominee using the written instruction form and envelope it has provided. If you do not provide your broker or nominee with instructions, your broker or nominee will not be authorized to vote your shares with respect to Proposals 1, 3, 4, 5 and 6. Your broker or nominee may, but is not required to, vote your shares with respect to Proposal 2 if you do not instruct your broker or nominee how to vote.

What are the Board's recommendations on how I should vote my shares?

The Board recommends that you vote your shares as follows:

Proposal 1 **FOR** the election of the nine director nominees named in this proxy statement to serve for a one-year term expiring at the 2016 annual meeting of stockholders and until their successors are elected and qualified.

Proposal 2 **FOR** the ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2015.

Proposal 3 **FOR** the approval, on an advisory basis, of the Company's executive compensation.

Proposal 4 **FOR** holding the advisory vote on executive compensation every year.

Proposal 5 **FOR** the approval of the performance measures included in the Veritiv Corporation 2014 Omnibus Incentive Plan.

Proposal 6 **FOR** the approval of the Veritiv Corporation Annual Incentive Plan.

What do I need to do if I plan to attend the meeting in person?

If you plan to attend the annual meeting in person, you must provide proof of your ownership of our common stock and a form of personal identification for admission to the meeting. If you hold shares in street name and you also wish to be able to vote at the meeting, you must also obtain a proxy, executed in your favor, from your broker or other nominee. All current stockholders are invited to attend the meeting, even if you did not hold shares on the record date.

Who is bearing the cost of this proxy solicitation and how is the solicitation effected?

We will bear the cost of soliciting proxies, including expenses in connection with preparing and distributing this proxy statement. Our directors, officers and employees may solicit proxies on our behalf and no additional compensation will be paid for such solicitation. Section 16(a) Beneficial Ownership Reporting Compliance

Under the U.S. securities laws, the Company's directors, executive officers and beneficial owners of more than 10% of our common stock are required to report their initial ownership of shares and any subsequent changes in that ownership to the SEC and the New York Stock Exchange ("NYSE"). Due dates for the reports are specified by those laws, and the Company is required to disclose in this proxy statement any failure in the past year to file by the required dates. Based solely upon our review of the copies of such forms received by us or written representations that no other forms were required from reporting persons, we believe that all such reports were submitted on a timely basis during 2014.

PROPOSAL 1 ELECTION OF DIRECTORS

At the 2015 annual meeting of stockholders, nine nominees stand for election as directors of the Company for a one-year term. Each of the nominees currently serves as a director of the Company and was elected in connection with the spin-off and merger transactions that closed in July 2014. Each director nominee will be elected if he or she receives more "FOR" votes than "AGAINST" votes. Each nominee elected as a director will continue in office until the 2016 annual meeting of stockholders and until his or her successor has been duly elected and qualified or until his or her earlier resignation or removal.

The Nominating and Governance Committee of the Board of Directors is responsible for making recommendations to the Board concerning nominees for election as directors and nominees for Board vacancies. When assessing a director candidate's qualifications, the Nominating and Governance Committee will consider the candidate's independence, skills, current and previous occupations, other board memberships and professional experiences in the context of the needs of the Board. In addition, the Committee looks at the overall composition of the Board and how a candidate would contribute to the overall synergy and collaborative process of the Board. The Committee has adopted Director Qualification Criteria and Independence Standards, which, in general, require that director candidates have ample experience and a proven record of professional success, leadership and the highest level of personal and professional ethics, integrity and values. The Committee seeks qualified candidates with diverse backgrounds, including but not limited to such factors as race, gender and ethnicity. Our Corporate Governance Guidelines provide that the Nominating and Governance Committee will consider director candidates recommended by stockholders, provided such recommendations comply with the process set forth in our bylaws. In assessing such candidates, the Nominating and Governance Committee will consider the same criteria described above. See our Corporate Governance Guidelines and our Director Qualification Criteria and Independence Standards, which may be viewed in the governance section of our website at http://ir.veritivcorp.com, for additional information on the selection of director candidates.

Our Corporate Governance Guidelines also provide that upon UWW Holdings, LLC and its affiliates in the aggregate ceasing to hold at least 3% of (i) the outstanding shares of common stock of the Company and (ii) any equity securities of the Company issued or issuable directly or indirectly with respect to shares of common stock of the Company by way of stock dividend or stock split or in connection with a combination or exchange of shares, recapitalization, merger, consolidation or other reorganization, each of Allan R. Dragone, Jr. and Seth A. Meisel shall promptly tender his resignation to the Board and, unless a majority of the Board affirmatively votes not to accept such director's resignation, such director shall no longer remain a director of the Company.

Each nominee named in this proxy statement has consented to being named in this proxy statement and to serve if elected. If any nominee becomes unable to serve, proxies will be voted for the election of such other person as the Board may designate, unless the Board chooses to reduce the number of director seats. However, the Company has no reason to believe that any nominee will be unable to serve.

The following are descriptions of the business and public company director experience of our current directors, including their current principal positions, and ages as of March 1, 2015. We have been advised that there are no family relationships among any of our executive officers and directors.

CORPORATE GOVERNANCE

Corporate Governance Principles

Our business is managed under the direction of our Board of Directors pursuant to the Delaware General Corporation Law and our bylaws. The Board has responsibility for establishing broad corporate policies and for the overall performance of our Company. The Board is kept advised of company business through regular written reports and analyses and discussions with the Chairman and CEO and other executive officers, by reviewing materials provided to them and by participating in Board and committee meetings.

The Board has adopted policies and procedures designed to ensure effective governance of the Company. Our corporate governance materials, including our Corporate Governance Guidelines, the charters of each of the standing committees of the Board and our Code of Business Conduct and Ethics, may be viewed in the governance section of our website at http://ir.veritivcorp.com.

The Nominating and Governance Committee reviews our Corporate Governance Guidelines on a regular basis and proposes modifications to the principles and other key governance practices as warranted for adoption by the Board.

Director Independence

The Company requires that a majority of its directors be "independent" as defined by the Director Qualification Criteria and Independence Standards and the rules of the NYSE and the SEC. The Board makes a determination as to the independence of each director upon such director's initial appointment and thereafter on an annual basis. The Board has determined that each of the current members of the Board, except for Mary A. Laschinger and Allan R. Dragone, Jr., has no material relationship with the Company and satisfies all the criteria for being "independent" members of our Board within the meaning of the Director Qualification Criteria and Independence Standards and the rules of the NYSE and the SEC.

Board Composition and Leadership Structure

The Board currently consists of nine directors. Our charter and bylaws provide, however, that the Board may increase or decrease the size of the Board and fill any vacancies.

Ms. Laschinger serves as the Chairman of the Board and CEO of the Company. Our Board has concluded that combining the roles of CEO and Chairman of the Board is the most effective leadership structure for the Company at the present time as it promotes unified leadership and direction for the Company, allowing for a single, clear focus for management to execute the Company's strategic and business plans. In coming to this conclusion, the independent directors considered Ms. Laschinger's vast experience within the Company's industry that affords her a broad and uniquely well-informed perspective on the Company's business, as well as substantial insight into the trends and opportunities that may affect the Company's future. The combination of the Chairman and CEO roles is balanced by the appointment of a Presiding Director, as well as a majority of our Board being comprised of independent directors. As discussed further below, the Presiding Director is responsible for providing leadership to our Board when circumstances arise in which the joint role of the Chairman and CEO may be, or may be perceived to be, in conflict and chairing those Board sessions that are attended only by independent directors. Our Board believes that having a Presiding Director as part of its leadership structure promotes greater management accountability and ensures that directors have an independent contact on matters of concern to them.

Table of Contents

Board Meetings, Executive Sessions and Presiding Director

During 2014, from June 30, 2014 (the day prior to the July 1 spin-off and merger closing), the Board met four times, and each director attended at least 75% of the total number of Board meetings and meetings of the standing committees on which he or she served. Our independent directors meet at regularly scheduled executive sessions at least semiannually without management representatives or non-independent directors present. Executive sessions generally coincide with regularly scheduled meetings of the Board. As provided in the Company's Corporate Governance Guidelines, executive sessions are chaired by the Presiding Director. The independent members of the Board, based on the recommendation of the Nominating and Governance Committee, elected Mr. Mitchell to serve as Presiding Director until the 2015 annual meeting and expect to elect him to continue in that role for another one-year term, subject to his re-election at the 2015 annual meeting.

The responsibilities of the Presiding Director include (i) convening and presiding over executive sessions attended only by independent and non-employee directors; (ii) in consultation with the Compensation and Leadership Development Committee, organizing the process pursuant to which the independent directors shall evaluate the performance of the Chairman and CEO; (iii) coordinating, developing agenda items, moderating and maintaining a record of all meetings of independent directors; (iv) consulting with the Chairman and CEO regarding agenda items and other logistics for Board meetings; (v) serving as a liaison between non-management directors and the Chairman and CEO and other leadership team members, particularly with respect to sensitive matters; and (vi) participating in the director recruitment process along with the Chairman and CEO and the Nominating and Governance Committee. The Presiding Director is also available to receive direct communications from stockholders through Board approved procedures and may periodically, as directed by our Board, be asked to speak for the Company or perform other responsibilities.

Annual Meeting Attendance

Our Corporate Governance Guidelines provide that members of the Board are expected to attend annual stockholder meetings.

All employees and members of the Board are subject to the Company's Code of Business Conduct and Ethics. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides a detailed description of our 2014 executive compensation philosophy and programs, the compensation decisions the Compensation and Leadership Development Committee (the "Committee") has made under those programs and the factors considered in making those decisions. It also provides discussion of the compensation program the Committee has established for 2015 as we begin our first full year of operation. While the Committee determines the compensation of all of the Company's executive officers (with the exception of the Chairman and CEO, whose compensation is determined by the Company's Board of Directors), this discussion and analysis focuses on our named executive officers (the "NEOs"). The NEOs are:

Name	Position
Mary A. Laschinger	Chairman of the Board and Chief Executive Officer
Stephen J. Smith	Senior Vice President and Chief Financial Officer
Darin W. Tang	Senior Vice President, Packaging
Joseph B. Myers	Senior Vice President, Facility Solutions, Strategy, and Commercial Excellence
Mark W. Hianik	Senior Vice President, General Counsel and Corporate Secretary

This discussion and analysis of our compensation program for the NEOs should be read in conjunction with the accompanying tables and text disclosing the compensation awarded to, earned by or paid to the NEOs.

Our History as a Public Company

On July 1, 2014 (the "Closing Date"), International Paper Company completed the previously announced spin-off of the xpedx business to the International Paper stockholders (the "Spin-off"), forming a new public company called Veritiv. Immediately following the Spin-off, UWW Holdings, Inc. ("UWWH") merged with and into Veritiv (the "Merger"). The Spin-off and the Merger are collectively referred to as the "Transactions."

On the Closing Date, 8,160,000 shares of Veritiv common stock were distributed on a pro rata basis to the International Paper stockholders of record as of the close of business on June 20, 2014. Immediately following the Spin-off, but prior to the Merger, International Paper's stockholders owned all of the outstanding shares of Veritiv common stock.

Immediately following the Spin-off on the Closing Date, UWW Holdings, LLC, the sole stockholder of UWWH (the "UWWH Stockholder"), which was jointly owned by Bain Capital and Georgia-Pacific, received 7,840,000 shares of Veritiv common stock for all of the outstanding shares of UWWH common stock that it held on the Closing Date, in a private placement transaction.

Immediately following the completion of the Transactions, International Paper stockholders owned approximately 51%, and the UWWH Stockholder owned approximately 49%, of the shares of Veritiv common stock on a fully-diluted basis. Veritiv's common stock began regular-way trading on the New York Stock Exchange on July 2, 2014 under the ticker symbol VRTV. Since the Closing Date, many of the shares of Veritiv common stock initially held by the International Paper stockholders have been sold and acquired by other investors in the public market.

Compensation Philosophy

Our goal is to foster an environment of collaboration, enthusiasm and drive, with a passion for success and an expectation to win, to enable us to create an integrated, successful new company that meets our commitments to stockholders, customers and employees. Our 2014 priorities included:

- meeting our financial commitments;
- delivering operational excellence;
- remaining customer focused; and
- developing our people.

The Company's compensation philosophy is that compensation programs for all employees, including executive officers:

- be competitive with similar companies to attract and retain key talent and outstanding leaders;
- align the interests of the Company's executive officers and other participants with the interests of the Company's stockholders;
- ensure line-of-sight to key performance measures and Company results to align key leaders with the Company's long-term vision and growth;
- reward employees based on performance and their individual contributions that support the Company's success;
- motivate employees to strive to exceed performance targets by providing creative solutions and tools to fuel the Company's growth; and
- be cost-effective and affordable for the Company.

The Company has designed its compensation programs to reflect each of these elements. The performance-based incentives seek to reward both short-term and long-term results and to align the interests of the Company's executive officers and other participants with the interests of the Company's stockholders.

Pay for Performance

The Company's goal is to tie executive compensation to Company performance. The Committee views Company performance in two ways:

- the Company's operating performance, including results against annual and long-term targets, and
- return to stockholders over time, both on an absolute basis and relative to other companies, including our comparator group (see page 33).

What We Pay and Why: Elements of Compensation

Beginning in 2015, our ongoing compensation program has three elements that comprise total direct compensation: base salary, annual incentive and long-term equity compensation. In 2014, our formation year, we made one-time long-term cash transition awards instead of equity awards to induce and retain certain key employees following the consummation of the Transactions. The majority of total direct compensation is performance-based. We also provide various benefit and retirement programs. The overview below shows the elements of our ongoing compensation program and describes why each element is provided. Additional information is provided below the overview.

Total Direct Compensation

Base Salary

The Company's goal is for compensation paid to executive officers to be competitive enough to attract and retain qualified individuals, but not excessive.

The Committee determines a base salary for each executive officer based on the scope and complexity of the role, internal relativity, external competitiveness and input from the Committee's consultant and individual performance.

Initial salary levels for the NEOs, including the Chairman and CEO, were determined prior to the consummation of the Transactions and were included in an employment agreement (in the case of the Chairman and CEO) or offer letters. Following the consummation of the Transactions, those levels were deemed reasonable by the Committee based on market data.

The Summary Compensation Table shows actual salaries paid during the six months of 2014 that Veritiv was in existence. Full-year base salaries are shown below.

Executive	2014 Base Salary Rate*
Mary A. Laschinger	$ 1,000,000
Stephen J. Smith	$ 550,000
Darin W. Tang	$ 450,000
Joseph B. Myers	$ 510,000
Mark W. Hianik	$ 450,000

Annual Incentive Program What it Rewards and How it Works

The Company's annual incentive plan is the primary cash compensation element used to reward accomplishments against established business goals in a given year. The Committee determines an annual incentive target for each executive officer based on the scope and complexity of the role, internal relativity, external competitiveness and input from the Committee's consultant. Annual incentives for 2014 were determined under the 2014 Short-Year Veritiv Incentive Plan (the "2014 AIP"). In 2014, approximately 750 employees participated in the 2014 AIP.

The NEOs' awards under the 2014 AIP were determined by the formula below:

Base Salary × 50% × Bonus Target % × Company Performance Factor
+/ Individual Performance Adjustment

Performance in 2014 was measured from July 1, 2014 through December 31, 2014, and the ultimate payout to each participant was determined based on the following steps:

Bonus Target: The 2014 bonus target percentages were set in initial pay packages determined prior to the consummation of the Transactions; these bonus target percentages and the survey data used to inform them were reviewed and approved by the Committee as described in the section "How We Make Compensation Decisions." The 2014 bonus target percent for each NEO is show below:

Executive	2014 Bonus Target as % of Salary*
Mary A. Laschinger	100%
Stephen J. Smith	85%
Darin W. Tang	70%
Joseph B. Myers	70%
Mark W. Hianik	60%

Determine Company Performance Factor: Determined based on the Company's actual Adjusted EBITDA (as defined below) performance as compared to the following pre-determined targets:

2014 Short-Year Adjusted EBITDA	**Company Performance Factor (% of Target)**
$108 million or above	200%
$86 million	100%
$65 million	50%
< $65 million	0%

Payouts for performance between levels were interpolated on a straight-line basis

For purposes of the 2014 AIP, "Adjusted EBITDA" is defined as net income before interest, income taxes, depreciation and amortization, and other adjustments as may be permitted in determining the Company's "Consolidated EBITDA" pursuant to the Company's asset-backed lending facility.

Determine Individual Performance Factor: The Committee may adjust an award to reflect the Committee's assessment of each individual's performance, contributions to the Company's performance for the year, and achievements in areas that are not as readily quantifiable (such as merger and integration results). There were no such adjustments made for the second half of 2014.

The Company performance factor for the 2014 AIP was determined based on the Company's actual Adjusted EBITDA performance for the period of 2014 that the Company existed. Actual Adjusted EBITDA for that time period was approximately $92 million, which resulted in a Company performance factor of 125%.

The Committee then reviewed awards, considering bonus guarantees as described more fully in footnote 2 to the Summary Compensation Table, and the Committee's assessment of each individual's performance contributions to the Company's performance for the year. The 2014 AIP awards to the NEOs are shown in the Summary Compensation Table on page 38.

Additionally, the Committee approved the CEO Award for Outstanding Contribution program ("CEO Award"), which is a discretionary bonus pool of $5 million, intended to recognize employees for extraordinary contributions above and beyond their day-to-day responsibilities. All our salaried non-union employees (including all the executive officers other than the Chairman and CEO) were eligible to receive awards under this program. Awards were paid in cash in March 2015. Each NEO (with the exception of the Chairman and CEO) received a CEO Award for 2014 for their leadership throughout the merger and integration. These awards are included in the Summary Compensation Table in the Bonus column.

The design for the 2015 annual incentive plan is substantially similar to that for the 2014 AIP, with Adjusted EBITDA as the primary financial measure and the ability to modify the award based on individual performance. Our 2015 short-term incentives also include a CEO Award program with a discretionary bonus pool of $5 million.

Long-Term Incentives

The Company provides long-term incentives to tie the interests of executives to the interests of our stockholders and to motivate and retain key talent. The Committee sets long-term equity targets for each position at the senior executive levels.

The long-term incentive target opportunities for 2014 and 2015 were determined by the scope and complexity of the role, internal relativity, and external competitiveness. The Committee did not target a specific percentile ranking against our comparator group.

Long-Term Transition Incentive Awards Made in 2014

To induce and retain certain key employees following the consummation of the Transactions, the Committee made long-term incentive grants to approximately 55 executives, including Ms. Laschinger, Mr. Smith, Mr. Myers, and Mr. Hianik. These transition awards, made in October 2014, vest at the end of 2014, 2015 and 2016 with 50% based on continued employment and 50% based on the Company's achievement of targeted Adjusted EBITDA results for the relevant performance period. The transition awards are denominated in dollars and will be paid in cash. Vesting percentages for the portion of the transition awards that are based on the Company's achievement of Adjusted EBITDA results are interpolated for performance levels between threshold and target or target and maximum. The transition awards that vest in the future are shown in the Grants of Plan-Based Awards Table on page 39.

The transition awards that vested based on 2014 were paid out in cash in March 2015, and vested based on a combination of service and 2014 Adjusted EBITDA results. The cash amounts paid for the portion of the award (50%) that vested based on continued employment and was paid in March 2015 are shown in the "Bonus" column on the Summary Compensation Table. The cash amounts paid for the portion of the award (50%) that vested based on the Company's achievement of targeted Adjusted EBITDA results are shown in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table. The 2014 Adjusted EBITDA results exceeded the performance target and, as a result, the performance component resulted in a payout of 125% of target. The Adjusted EBITDA target for the performance period ended December 31, 2014 was $86 million.

The Adjusted EBITDA targets for the transition awards that vest in 2015 and 2016 are challenging but capable of being attained with superior performance. Those transition awards vesting in the future based on performance are shown in the Grants of Plan-Based Awards Table on page 39. Transition awards that vest in the future solely on continued employment were equal to the Target amounts shown in that table and will be reported as bonuses in future Summary Compensation Tables.

Long-Term Incentive Program for 2015

In 2015, Veritiv granted the following forms of equity compensation to plan participants, including the NEOs. It intends to make similar grants annually. Award sizes were developed with respect to market data as well as the individual's skills, experience, future potential and the individual's and Company's performance as discussed more fully in the section entitled "How We Make Compensation Decisions".

Grant Value and Mix

On January 1, 2015, the Committee granted a mix of performance share units ("PSUs") and restricted stock units ("RSUs") to the NEOs. The NEOs received the same mix of PSUs and RSUs with the same performance terms and other conditions as other equity-eligible participants (except as appropriate in countries outside the U.S.).

The 2015 awards reflect Company performance in two ways:

- the Company's operating performance, including results against annual and long-term targets, and

- return to stockholders over time, both on an absolute basis and relative to other companies.

Table of Contents

Performance Share Units

PSUs are the right to earn a range of Veritiv shares at the end of three years (with no cash outlay required) if specified performance goals are attained, assuming continued employment. PSUs are denominated and paid in shares of Veritiv common stock.

There are two types of 2015 PSUs, those earned through achievement of Adjusted EBITDA goals and those earned through Veritiv Total Shareholder Return ("TSR") performance relative to a group of peer companies whose stock is expected to be impacted by the same economic factors and secular trends as Veritiv, listed on page 33. For both types of awards, no dividends are earned or paid during the performance period.

Time-Based Restricted Stock Units

RSUs represent a promise to pay the value of a share of Veritiv stock at the time of vesting (three years after grant) with no cash outlay required, assuming continued employment. RSUs provide retention over the vesting period, and are denominated in and paid in shares of Veritiv common stock.

Benefit Programs

We provide market-based health and wellness and retirement and savings programs designed to attract and retain talent, protect our employees against financial catastrophes that result from illness, disability and death, and to encourage employees to save for their retirement needs. Our NEOs participate in the same benefit programs as our salaried non-union employees. These benefits include medical, dental, life and disability insurance coverage. Our NEOs also participate in the Veritiv Retirement Savings Plan (the "401(k) Plan"). The 401(k) Plan is the primary Company-provided retirement plan for employees. The 401(k) Plan allows eligible participants to make contributions, up to legal limits, and provides a Company matching contribution of 100% on the first 3% of pay contributed plus 50% on the next 2% of pay contributed. The Company does not maintain any active defined benefit plans for its NEOs.

Mr. Tang participated in a legacy qualified defined benefit plan (the "Pension Plan") and has a frozen benefit. The Pension Plan was for certain union employees and legacy Unisource Worldwide, Inc. non-union employees. Participation for non-un
