Item 1.01 Entry Into a Material Definitive Agreement

On May 2, 2016, Mercury Systems, Inc. (the “Company”) and certain of the Company’s subsidiaries, as guarantors, entered into a Credit Agreement (the “Credit Agreement”) with a syndicate of commercial banks and Bank of America, N.A acting as the administrative agent. The Credit Agreement provides for a \$200 million term loan facility and a \$100 million revolving credit facility.

Maturity

The revolving credit facility will have a five year maturity. Subject to the amortization payments described below, the term loan facility will have a five year maturity.

Interest Rates and Fees

Borrowings under the Credit Agreement bear interest, at the Company’s option, at floating rates tied to LIBOR or the prime rate plus an applicable percentage. The applicable percentage has initially been set at 2.00% and in future fiscal quarters will be established pursuant to a pricing grid based on the Company’s total net leverage ratio.

In addition to interest on the aggregate outstanding principal amounts of any borrowings, the Company will also pay a quarterly commitment fee on the unutilized commitments under the revolving credit facility, which fee has initially been set at 0.30% per annum and in future fiscal quarters will be established pursuant to a pricing grid based on the Company’s total net leverage ratio. The Company will also pay customary letter of credit and agency fees.

Prepayments

The Credit Agreement provides for quarterly amortization payments on the term loans, beginning with 5% per annum amortization and increasing to 12.5% per annum amortization over the five year term of the term loan facility. The Company is required to make mandatory prepayments of the term loans with the proceeds of certain non-ordinary course asset sales or the proceeds of certain debt issuances. Subject to minimum notice requirements, borrowings under the Credit Agreement may be voluntarily prepaid at any time without premium or penalty.

Covenants and Events of Default

The Credit Agreement provides for customary negative covenants, including, among other things and subject to certain significant exceptions, restrictions on the incurrence of debt or guarantees, the creation of liens, the making of certain investments, loans and acquisitions, mergers and dissolutions, the sale of assets including capital stock of subsidiaries, the payment of dividends, the repayment or amending of junior debt, altering the business conducted, engaging in transactions with affiliates and entering into agreements limiting subsidiary dividends and distributions. The Credit Agreement also requires the Company to comply with certain financial covenants, including a quarterly minimum consolidated cash interest charge ratio test and a quarterly maximum consolidated total net leverage ratio test.

The Credit Agreement also provides for customary representations and warranties, affirmative covenants and events of default (including, among others, the failure to make required payments of principal and interest, certain insolvency events an event of default upon a change of control). If an event of default occurs, the lenders under the Credit Agreement will be entitled to take various actions, including the acceleration of amounts due under the Credit Agreement and all actions permitted to be taken by a secured creditor.

Guarantees and Security

The Company's obligations under the Credit Agreement are guaranteed by certain of the Company's material domestic wholly-owned restricted subsidiaries (the "Guarantors"). The obligations of both the Company and the Guarantors are secured by a perfected security interest in substantially all of the assets of the Company and the Guarantors, in each case, now owned or later acquired, including a pledge of all of the capital stock of substantially all of the Company's domestic wholly-owned restricted subsidiaries and 65% of the capital stock of certain of its foreign restricted subsidiaries, subject in each case to the exclusion of certain assets and additional exceptions.

The foregoing description of the Credit Agreement does not purport to be complete and is qualified in its entirety by reference to the full text of the Credit Agreement, a copy of which is filed as Exhibit 10.1 to this Current Report on Form 8-K and is incorporated by reference into this Item 1.01.

Item 2.01 Completion of Acquisition or Disposition of Assets

As previously reported, on March 23, 2016, the Company and Microsemi Corporation ("Microsemi") entered into a Stock Purchase Agreement (the "Purchase Agreement"), pursuant to which, subject to the satisfaction or waiver of certain conditions, Microsemi agreed to sell all the membership interests in Microsemi LLC - RF Integrated Solutions ("RF LLC") to Mercury (the "Acquisition") for \$300 million in cash on a cash-free, debt-free basis, subject to a working capital adjustment. RF LLC, directly and through subsidiaries, operates embedded security, RF and microwave, and custom microelectronics businesses of Microsemi (the "Carve-Out Business"). On May 2, 2016, the transaction closed with the Company acquiring all of the membership interests in RF LLC from Mercury and the Carve-Out Business.
