Item 1.01 Entry into a Material Definitive Agreement.

On September 1, 2016 (the "Closing Date"), Weis Markets, Inc., Dutch Valley Food Company, LLC, Weis Transportation, LLC and WMK Financing, Inc. (collectively, the "Company") entered into a Revolving Credit Agreement (the "Credit Agreement") with Wells Fargo Bank, National Association (the "Lender"). The Credit Agreement provides for an unsecured revolving credit facility with an aggregate principal amount not to exceed one hundred million dollars (\$100,000,000.00), with an additional discretionary availability of fifty million dollars (\$50,000,000.00) (the "Commitment").

The material terms of the Credit Agreement include, among others:

Maturity: The Credit Agreement is scheduled to mature, and the commitments thereunder will terminate, on September 1, 2019, or earlier pursuant to the terms of the Credit Agreement.

Payments of Principal: No payments of outstanding principal are due until the maturity date of the Credit Agreement.

Letters of Credit: The Credit Agreement can be utilized by the Company for standby letters of credit provided, however, (A) the aggregate amount of outstanding letter of credit liabilities cannot at any time exceed thirty million dollars (\$30,000,000.00) and (B) the sum of any amount of any outstanding loans under the line of credit and outstanding letter of credit liabilities cannot at any time exceed the Commitment. Upon termination of the Commitment, any letter of credit then outstanding which has been fully cash collateralized to the reasonable satisfaction of Lender will no longer be considered a "letter of credit" as defined in the Credit Agreement but the letter of credit fees payable will continue to accrue to the Lender with respect to such letter of credit until the expiry thereof.

Interest Rate and Fees: The loans will bear interest on the outstanding principal amount thereof from the date when made until paid at the LIBOR Rate plus the applicable margin rate of sixty-five hundredths of one percent (0.65%). In the event that the LIBOR Rate is suspended, the loans will bear interest at the base rate, plus the applicable margin. The base rate will be, for any day, the higher of (a) the rate of interest publicly announced by the Lender from time to time at its principal office as its prime commercial lending rate (which rate is not necessarily the lowest rate charged by the Lender to its borrowers) or (b) the federal funds rate, plus one-half of one percent (0.50%). Notwithstanding anything in the Credit Agreement to the contrary, if the base rate determined as provided above would be less than zero percent (0.00%) then the base rate shall be deemed to be zero percent (0.00%). The variable rate of interest applicable to the loans is subject to daily change.

During the existence of any event of default, at the election of the Lender, the loans will bear interest at a rate equal to the sum of two percent (2%) per annum plus the prevailing rate identified above.

The Company will pay to the Lender quarterly in arrears on each quarterly payment date, at any time there shall be a reduction in the amount of the Commitment and on the maturity date, a non-refundable unused fee (the "**Unused Fee**") (calculated on the basis of a 365 day year and the actual days elapsed) equal to the product of the Unused Fee Rate of one eighth of one percent (0.125%) times the average daily unborrowed portion of the amount of the Commitment during the period ended on the quarterly payment date, Commitment reduction date or maturity date.

The Company will pay to the Lender a fee in arrears on the first quarterly payment date occurring after the date of the issuance of the first letter of credit and on each quarterly payment date thereafter until the date of expiration or termination of all letters of credit, calculated by reference to the product of the actual daily undrawn face amount of all issued letters of credit multiplied by a rate per annum equal to one-half of one percent (0.50%) on the basis of a year

of 360 days and the actual number of days elapsed (including the first day but excluding the last day). The Company will also pay to the Lender all customary issuance and other fees for issuing and processing letters of credit and for amendments to and processing of the letters of credit.

Voluntary Reductions and Prepayments: Subject to certain conditions and restrictions, the Credit Agreement allows the Company to voluntarily reduce the amount of the revolving commitment and to prepay loans.

Mandatory Prepayments: If at any time the Company's outstanding principal balance under the Credit Agreement exceeds the Commitment, the Company will be required to prepay and reduce, the outstanding principal balance by the amount of such excess.

Covenants: The Credit Agreement contains affirmative and negative covenants that, among other things, limit or restrict the Company's ability to: incur debt; create liens; make investments and acquisitions; engage in certain transactions with affiliates; consolidate or merge; sell, lease, abandon, or otherwise transfer or dispose of assets; enter into a management agreement or undergo a change in control; violate environmental laws; and change the nature of the Company's business.

In addition, the Company is required to maintain minimum EBITDA of not less than seventy-five million dollars (\$75,000,000.00). EBITDA is defined as net income of the Company, on a consolidated basis, plus (to the extent otherwise deducted therefrom) interest expense, income tax expense, depreciation and amortization minus only gains or losses from asset sales not in the ordinary course of business, non-cash nonrecurring gain plus any non-cash non-recurring charges to the extent included in determining net income. EBITDA is tested on the last day of each fiscal quarter on a trailing twelve (12) month basis.

Events of Default: The Credit Agreement contains customary events of default such as for non-payment of obligations under the Credit Agreement, violation of affirmative and negative covenants, material inaccuracy of representations, cross defaults under other material debt, bankruptcy, ERISA and judgment defaults, invalidity of the credit documents (or the Company's assertion of any such validity) and change in control.

The foregoing description of the Credit Agreement is not complete and is qualified in its entirety by reference to the Credit Agreement, a copy of which is attached hereto as Exhibit 10.1 and incorporated herein by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth in Item 1.01 of this Current Report on Form 8-K is incorporated herein by reference.
