Forward-looking statements include earnings guidance, the companies' anticipated outcome of regulatory proceedings, and estimates of key operating and financial metrics. In addition, any other statements that express or involve discussions as to expectations, beliefs, plans, objectives, assumptions, or future events or performance, often, but not always, through the use of words or phrases such as "anticipates," "believes," "estimates," "expects," "intends," "plans," "predicts," "projects," "may result," "may continue," or similar expressions, are not statements of historical facts and may be forward-looking.
