REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders
of Greystone Logistics, Inc.

We have audited the accompanying consolidated balance sheet of Greystone Logistics, Inc. and its subsidiaries as of May 31, 2005, and the related consolidated statements of operations, stockholders' equity (deficiency) and cash flows for each of the years ended May 31, 2005 and 2004. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). The Company is not required to have, nor have we been engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit

Edgar Filing: GREYSTONE LOGISTICS, INC. - Form 10KSB/A

includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Greystone Logistics, Inc. and its subsidiaries as of May 31, 2005, and the consolidated results of their operations and cash flows for each of the years ended May 31, 2005 and 2004, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The Company has suffered significant losses from operations. Substantial additional funding will be required to implement its business plan and to attain profitable operations. The lack of adequate funding to maintain working capital and stockholders' deficits at May 31, 2005 raises substantial doubt about its ability to continue as a going concern unless additional funds from outside sources, its president or other board members are obtained. Management's plans in regard to these matters are described in Note 2. The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

As discussed in Note 18 to the consolidated financial statements, the accompanying consolidated financial statements for the year ended May 31, 2004 have been restated.

GREYSTONE LOGISTICS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION

Greystone Logistics, Inc. ("Greystone") through its wholly-owned subsidiaries Greystone Manufacturing, LLC ("GSM"), and Plastic Pallet Production, Inc. ("PPP"), is engaged in the manufacture and marketing of plastic pallets.

PRINCIPLES OF CONSOLIDATION

The accompanying consolidated financial statements include the accounts of Greystone and its subsidiaries. All material intercompany accounts and transactions have been eliminated.

STATEMENT OF CASH FLOWS

Greystone considers all short-term investments with an original maturity of three months or less to be cash equivalents.

USE OF ESTIMATES

The preparation of Greystone's financial statements in conformity with generally accepted accounting principles in the United States of America requires Greystone's management to make estimates and assumptions that affect the amounts reported in these financial statements and accompanying notes. Actual results could differ materially from those estimates.

ACCOUNTS RECEIVABLE AND ALLOWANCE FOR DOUBTFUL ACCOUNTS

Edgar Filing: GREYSTONE LOGISTICS, INC. - Form 10KSB/A

Greystone carries its accounts receivable at their face value less an allowance for doubtful accounts. On a periodic basis, Greystone evaluates its accounts receivable and establishes an allowance for doubtful accounts based on a combination of specific customer circumstances and credit conditions and based on a history of collections. The allowance for doubtful accounts at May 31, 2005 was \$190,364.

INVENTORY

Inventory consists of finished pallets and raw materials and is stated at the lower of cost (first-in, first-out) or market value.

F-6

PROPERTY, PLANT AND EQUIPMENT

Greystone's property, plant and equipment is stated at cost. Depreciation expense is computed on the straight-line over the estimated useful lives or the units of production method, as follows:

Plant building	39 years
Production machinery equipment	5-10 years or Unit of Production
Office equipment & furniture & fixtures	3- 5 years

The production equipment being amortized on the unit of production method had a total cost of \$322,687 at May 31, 2005.

Upon sale, retirement or other disposal, the related costs and accumulated depreciation of items of property, plant or equipment are removed from the related accounts and any gain or loss is recognized. When events or changes in circumstances indicate that assets may be impaired, an evaluation is performed comparing the estimated future undiscounted cash flows associated with the asset to the assets carrying amount. If the asset carrying amount exceeds the cash flows, a write-down to market value or discounted cash flow value is required.

INVESTMENT

Greystone has a 20% ownership in Vimonta AG which is carried on the cost basis of accounting since management has no board representation, financial information or other influence on the operation of Vimonta AG. The asset is valued at \$5,000 and included in other assets.

GOODWILL AND INTANGIBLES

Goodwill and intangibles are reviewed annually for impairment relying on a number of factors including operating results, business plans and future cash flows. An impairment charge is recognized for any amount by which the carrying value of goodwill exceed its fair value. Discounted cash flows are used to establish fair values. See Note 16 for recognition of impairment of goodwill and intangible cost during fiscal year 2005.

Intangible cost consists of the valuation of a customer contract acquired in connection with the acquisition of the assets of Greystone Plastics, Inc. effective September 8, 2003. The intangible is being amortized by

Edgar Filing: GREYSTONE LOGISTICS, INC. - Form 10KSB/A

the unit of production method based on unit sales to the customer.

PATENTS

Amortization expense for the costs incurred by Greystone to obtain the patents on the

F-7

modular pallet system and accessories is computed on the straight-line method over the estimated life of 15-17 years.

STOCK OPTIONS

Greystone applies the intrinsic value-based method of accounting prescribed by Accounting Principles Board Opinion No. 25, ACCOUNTING FOR STOCK ISSUED TO EMPLOYEES, and related interpretations, in accounting for its stock options. As such, compensation expense would be recorded on the date of grant only if the current market price of the underlying stock exceeded the exercise price. SFAS No. 123, ACCOUNTING FOR STOCK-BASED COMPENSATION, established accounting and disclosure requirements for stock-based employee compensation plans. As allowed by SFAS No. 123, Greystone has elected to continue to apply the intrinsic value-based method of accounting under APB No. 25, and has adopted the disclosure requirements of SFAS No. 123 as reflected in Note 10.

RECOGNITION OF REVENUES

Revenue is recognized when the product is shipped.

RESEARCH AND DEVELOPMENT COSTS

Research and Development costs are charged to operations in the period incurred.

INCOME TAXES

Greystone accounts for income taxes under the liability method, which requires recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred tax assets and liabilities are determined based in the difference between the financial statements and tax bases of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse.

LOSS PER SHARE

Basic loss per share is computed by dividing the loss available to common stockholders of \$(10,826,380) and \$(3,854,853) for 2005 and 2004, respectively, by the weighted average number of common shares outstanding during 2005 and 2004, 17,950,000 shares and 11,026,000 shares, respectively. In arriving at income (loss) available to common stockholders, preferred stock dividends are added to the net loss for the year. Convertible preferred stock and stock options are not considered as

Edgar Filing: GREYSTONE LOGISTICS, INC. - Form 10KSB/A

their effect is antidilutive.

RECENT PRONOUNCEMENTS

In December 2004, the Financial Accounting Standards Board, ("FASB") issued

F-8

Statement No. 123R, "Share-Based Payment," a revision to Statement No. 123, "Accounting for stock-Based Compensation." This standard requires the Company to measure the cost of employee services received in exchange for equity awards based on the grant date fair value of the awards. The cost will be recognized as compensation expense over the vesting period of the awards. The Company is required to adopt SFAS 123R at the beginning of the third quarter of fiscal year 2006. The standard provides for prospective or retrospective application. Under prospective application, the Company will begin recognizing compensation cost for equity based compensation for all new or modified grants after the adoption date and will recognize the unvested portion of the grant date fair value of awards issued prior to adoption based on the fair values previously calculated for disclosure purposes. Under retrospective application, the fair value based method of accounting will be applied to grants prior to the adoption date and all prior periods for which SFAS No. 123 was effective. Greystone is currently evaluating the adoption of SFAS No. 123R and expects that it may recognize additional compensation expense for the third quarter of fiscal year 2006.

In November 2004, the FASB issued SFAS No. 151 "Inventory Costs." SFAS No. 151 requires that abnormal amounts of idle facility expense, freight, handling costs, and spoilage, be charged to expense in the period they are incurred rather than capitalized as a component of inventory costs. SFAS No. 151 is effective for inventory costs incurred in fiscal periods beginning after June 15, 2005. The adoption of this standard may result in higher expenses in periods where production levels are lower than normal ranges of production. Because actual future production levels are subject to many factors, including demand for Greystone's products, Greystone cannot determine if the adoption of SFAS No. 151 will have a material impact on future results of operations.

In December 2004, the FASB issued SFAS No. 153, "Exchanges of Nonmonetary Assets." SFAS No. 153 amends Accounting Principles Board ("APB") Opinion No. 29m "Accounting for Nonmonetary Transactions," to require exchanges of nonmonetary assets be accounted for at fair value, rather than carryover basis. Nonmonetary exchanges that lack commercial substance are exempt from this requirement. SFAS No. 153 is effective for nonmonetary exchanges entered in fiscal years beginning after June 15, 2005. Greystone does not expect the adoption of SFAS No. 153 to have a material impact on its financial statements.

NOTE 2. CONTINUATION AS A GOING CONCERN

The accompanying financial statements have been prepared assuming that Greystone will continue as a going concern. Greystone has suffered significant losses from operations. Currently, management believes that Greystone has the capacity to produce sufficient plastic pallets to achieve profitability; however, sales have not reached such level. To date, Greystone has received substantial advances from investors but will require additional substantial funding in order to attain its business

Edgar Filing: GREYSTONE LOGISTICS, INC. - Form 10KSB/A

plan and have an opportunity to achieve profitable operations. Management has been successful in financing its

F-9

operations primarily through short-term loans and personal guarantees on bank loans by its officers and directors. Management continues to seek long-term and/or permanent financing. Neither the receipt of additional funding in adequate amounts nor the successful implementation of its business plan can be assured. The combination of these factors raises substantial doubt about Greystone's ability to continue as a going concern. It is management's opinion that (1) based upon expressions of interest from potential customers, adequate sales will be attained to reach a profitable status, (2) the funding for working capital required to reach necessary production levels will be obtained and (3) Greystone will continue as a going concern.

NOTE 3. INVENTORY

Inventory at May 31, 2005 consists of:

The notes payable to F&M Bank and Trust Company are secured by Greystone's property and equipment, accounts receivable and cash balances. The loans are guaranteed by the officers and directors of Greystone in effect at May 31, 2005.

Maturities of long-term debt for the five years after May 31, 2005 are \$2,117,222, \$627,048, \$5,383,955, \$446,298, \$166,668, and \$1,402,770 thereafter.

Advances payable to related parties include \$452,216 provided by Warren Kruger and

F-11

\$500,000 provided by Robert Rosene, a member of the Board of Directors of Greystone.

NOTE 7. RELATED PARTY TRANSACTIONS

Edgar Filing: GREYSTONE LOGISTICS, INC. - Form 10KSB/A

TRANSACTIONS WITH BILL HAMILTON, FORMER VICE PRESIDENT OF PRODUCTION

Bill Hamilton owns a trucking company, Greystone-Bill Hamilton Trucking, which provided freight services totaling \$829,672 and \$699,966, respectively, for fiscal 2005 through March 8, 2005, the date of Mr. Hamilton's resignation, and fiscal year 2004, respectively. Greystone believes that the freight rates are equivalent to an arms-length transaction. In addition, GSM paid or accrued fees totaling \$117,716 and \$246,870 in 2005 through the date of his resignation and 2004, respectively, for grinding services to Whaco Plastics, an entity also owned by Bill Hamilton.

TRANSACTIONS WITH NYOK PARTNERS

Effective as of October 31, 2004, NYOK Partners, a general partnership owned by Marshall Cogan, Greystone's Non-Executive Chairman, and Warren Kruger, Greystone's Vice Chairman, purchased certain grinding equipment from GSM, at its net book value of \$259,000, which approximates the market value of such equipment, in exchange for the cancellation of a like amount of indebtedness. NYOK used the equipment as a trade-in to acquire a grinder with greater capacity. Effective as of November 1, 2004, NYOK entered into an equipment rental contract with GSM, pursuant to which NYOK has agreed to lease the grinding equipment to GSM for a period of one year at the rate of \$0.06 per pound of plastic material processed utilizing the equipment.

Effective as of November 1, 2004, NYOK entered into an equipment rental contract with GSM to lease a Cincinnati Milacron Plastics Injection Molding Machine for a five-year term at the rate of \$21,136 per month. At the end of such five-year term, GSM has the right to purchase the machine from NYOK for \$100,000. The lease is reflected on Greystone's financial statements as a capitalized lease.

TRANSACTIONS WITH GREYSTONE PROPERTIES, LLC

Effective as of July 1, 2004, Greystone Properties, LLC, a limited liability company owned by Robert B. Rosene, Jr., a member of Greystone's Board of Directors, and Warren Kruger, Vice Chairman, entered into an industrial lease with GSM, pursuant to which Greystone Properties, LLC agreed to lease a building containing 60,000 square feet of space to GSM for ten years in exchange for lease payments of \$25,000 per month. Greystone paid Greystone Properties, LLC, rent of \$20,000 per month for the period from August 1, 2004 to October 31, 2004 and began paying \$25,000 per month beginning November 30, 2004. The industrial building is located adjacent to Greystone's plant in Bettendorf, Iowa.

F-12

TRANSACTIONS WITH PAUL KRUGER, A SIGNIFICANT STOCKHOLDER

Until September 8, 2003, Greystone had a \$7,000,000 note payable to Paul Kruger, a significant stockholder, at an interest rate of prime plus 3%, due June 4, 2004, secured by all of Greystone's assets. Interest paid on the indebtedness to Paul Kruger was \$131,250 and \$133,824 in 2005 and 2004, respectively. Effective September 8, 2003, Greystone completed a

Edgar Filing: GREYSTONE LOGISTICS, INC. - Form 10KSB/A

sale and leaseback transaction whereby it sold for agreed upon prices its plant for \$1,350,000 and certain production equipment for \$5,710,698, including expenses, to 1607 Commerce Limited Partnership, an entity owned by Paul Kruger, in exchange for the \$7,000,000 note payable and accrued interest of \$60,698, which resulted in no gain or loss on the transaction. The lease agreement for the plant is a three-year triple net lease with a monthly rental of \$17,720. The equipment lease is for 130 months with a monthly rental after the first six months of \$48,000 beginning March 8, 2004. Initially the rental payments on the equipment lease were capitalized as prepaid expense and amortized using the unit of production method so the cost is allocated pro rata based on the estimated number of pallets to be produced during the term of the lease. During 2005 and 2004, the total amounts paid to 1607 Commerce Limited Partnership under these leases totaled \$657,200 and \$255,480, respectively. Effective March 1, 2005, Greystone notified 1607 Commerce Limited Partnership that pursuant to the breach of certain provisions of the building lease, Greystone considered the lease on the building located at 1607 West Commerce, Dallas, Texas, terminated. As discussed in Note 16, Greystone has recorded an impairment expense in fiscal year 2005 with respect to the equipment lease.

TRANSACTIONS WITH WARREN KRUGER, VICE CHAIRMAN

Interest paid or accrued on notes and advances to entities owned or controlled by Warren Kruger total \$40,629 and \$56,715 in 2005 and 2004, respectively. Greystone also reimburses an entity owned by Warren Kruger for office rent at the rate of \$1,500 per month. At May 31, 2005, advances payable to Warren Kruger total \$452,216.

TRANSACTIONS WITH ROBERT ROSENE, DIRECTOR

Robert Rosene, Director, advanced Greystone \$500,000 in May 2005. Interest is not being accrued on the advance.

TRANSACTIONS WITH BRYAN KIRCHMER, FORMER DIRECTOR

Greystone had a contract with a consulting engineering firm for the design and supervision of the construction of the new production equipment. Bryan Kirchmer, a former director of Greystone, is the president of the consulting engineers. Fees paid to the engineering firm were \$4,110 and consulting fees of \$22,500 were paid to Mr. Kirchmer, individually, during fiscal year 2004 through the date of his resignation.

F-13

TRANSACTIONS WITH WILLIAM PRITCHARD, FORMER DIRECTOR

William Pritchard, a former director of Greystone, provided legal services through a law firm of which he is of counsel. The fees paid in 2004, through the date of his resignation, total \$36,009.

TRANSACTIONS WITH WESTGATE CAPITAL, L.L.C.

During fiscal year 2005, Greystone accrued a licensing fee of \$400,000 payable to Westgate Capital, L.L.C., an entity of which Warren Kruger,

Edgar Filing: GREYSTONE LOGISTICS, INC. - Form 10KSB/A

Vice Chairman and Director, is a member. The licensing agreement relates to the use of a fire retardant formula in the manufacture of plastic pallets. See Note 15, Commitments and Contingencies, for further discussion of the licensing fee.

OTHER TRANSACTIONS

In March 2005, Greystone issued for services, 30,000 shares of common stock valued at \$15,900 (\$0.53 per share).

Each of Messrs. Cogan, W. Kruger, Rosene and Nelson entered into a limited guaranty agreement on \$2,500,000 of the \$5,500,000 term loan with F&M Bank and Trust Company. In addition, Mr. Rosene entered into a pledge and security agreement with F&M Bank pursuant to which Mr. Rosene pledged a certificate of deposit in the face amount of \$1,000,000 as security for payment under the F&M term note. As consideration for agreeing to enter into the limited guaranty for the benefit of Greystone, Greystone's Board of Directors authorized Greystone to enter into warrant agreements with each of the guarantors, pursuant to which each guarantor shall have the right to purchase 500,000 shares of Greystone's common stock at an exercise price of \$0.50 per share and, as consideration for agreeing to enter into the pledge agreement for the benefit

of Greystone, Greystone's Board of Directors authorized Greystone to enter into a warrant agreement with Mr. Rosene, pursuant to which Mr. Rosene shall immediately have the right to purchase 500,000 shares of Greystone's common stock at an exercise price of \$0.50 per share. Greystone's Board of Directors further authorized Greystone to enter into warrant agreements with each of Messrs. W. Kruger and Rosene as guarantors of the \$1,500,000 line of credit with F&M Bank, pursuant to which each guarantor shall have the right to purchase 500,000 shares of Greystone's common stock at an exercise price of \$0.50 per share and, as consideration for agreeing to enter into the pledge agreement for the benefit of Greystone.

In September, 2003, Greystone issued 50,000 shares of Series 2003, cumulative, convertible preferred stock, par value \$0.0001, to Paul Kruger, a major stockholder of Greystone, for a total purchase price of \$5,000,000. Each share of the preferred stock has a stated value of \$100.00 and a dividend rate equal to the prime rate of interest plus 3.25% and may be converted into common stock at the conversion rate of \$1.50 per share or an aggregate of 3,333,333 shares of common stock. The

Edgar Filing: GREYSTONE LOGISTICS, INC. - Form 10KSB/A

holder of the preferred stock has been granted certain voting rights so that such holder has the right to elect a majority of the Board of Directors of Greystone. On March 9, 2005, the Series 2003 Preferred Stock was purchased from Paul Kruger by GLOG Investment, L.L.C., a limited liability company of which the members are Warren Kruger, Vice Chairman and Director, Robert Nelson, Chief Financial Officer, Marshall Cogan, Non-Executive Chairman, and Robert Rosene, Director.

In September, 2003, the holders of the outstanding Series 2001 cumulative, convertible preferred stock, 750,000 shares, converted the preferred stock into 5,250,000 shares of common stock for an exchange rate of \$1.429 per share.

In September, 2003, Warren Kruger, Vice Chairman, exchanged \$900,000 of debt for 629,811 shares of common stock at a rate of \$1.429 per share

The Board of Directors authorized issuance of common stock in lieu of cash to pay the dividends on the Series 2001 preferred stock. The rate of exchange is based on the market value of the stock on the date authorized. The issuances are as follows:

Dividend Date -----	Preferred Dividend -----	Common Stock Issued -----	Rate per Share of Common -----
June 30, 2003	\$ 224,384	560,959	\$ 0.40

NOTE 10. STOCK OPTIONS -----

Greystone has a stock option plan that provides for the granting of options to key employees and non-employee directors. The options are to purchase common stock at not less than fair market value at the date of the grant. The maximum number of shares of common stock for which options may be granted is 20,000,000 of which 16,015,000 are available for grant as of May 31, 2005. Stock options generally expire in ten years from date of grant or upon termination of employment and are generally exercisable one year from date of grant in cumulative annual installments of 25%, except that the options granted in fiscal 2001 were 100% vested at the date of grant. Following is a summary of option activity for the three years ended May 31, 2005:

Greystone applies APB Opinion No. 25 in accounting for its stock options and, accordingly, no compensation cost has been recognized for its stock options in the financial statements. Had Greystone determined compensation cost at the grant date based on fair value under SFAS No. 123, Greystone's net loss would have been increased to the pro forma amount indicated below:

	2005	2004
	-----	-----
Net loss to common shareholders:		
As reported	\$ (14,633,880)	\$ (3,635,100)
Pro forma	\$ (14,648,880)	\$ (3,654,691)
Per share:		
As reported	\$ (0.82)	\$ (0.33)
Pro Forma	\$ (0.82)	\$ (0.33)

Edgar Filing: GREYSTONE LOGISTICS, INC. - Form 10KSB/A

The fair value of the options used to compute the compensation cost is estimated using the Black-Scholes option pricing model using the following assumptions:

Dividend Yield	None
Expected Volatility	1.36
Risk Free Interest Rate	4%
Expected Holding Period	5 years

NOTE 11. FINANCIAL INSTRUMENTS

Greystone's financial instruments consist principally of accounts payable, accrued liabilities and notes and mortgages payable. Management estimates the market value of the notes and mortgage payable based on expected cash flows and believes these market values approximate carrying values at May 31, 2005 and 2004.

NOTE 13. OPERATING LEASES

Rental expense on operating leases totaled \$421,860 and \$254,480 during 2005 and 2004. Commitments for operating leases for the five years after May 31, 2005 are \$876,000, \$876,000, \$876,000, \$876,000, and \$876,000 and \$4,032,000 thereafter. Operating leases are described further in Note 7, under the headings "Transactions with Paul Kruger, a significant stockholder," for the equipment lease and "Transactions with Greystone Properties, LLC," for the industrial lease.

NOTE 14. ACQUISITION

Effective September 8, 2003, Greystone acquired substantially all of the assets of Greystone Plastics, Inc., an Iowa corporation, through the purchase of such assets by a newly formed, wholly-owned subsidiary of Greystone, Greystone Manufacturing, L.L.C., an Oklahoma limited liability company. The purchase price for the assets was \$12,500,000, of which

Edgar Filing: GREYSTONE LOGISTICS, INC. - Form 10KSB/A

\$4,200,546 was paid in cash and \$8,299,454 was paid by issuing the following notes: a \$5,000,000 note payable by Greystone Manufacturing, L.L.C. to Greystone Plastics, Inc. at 7.5% interest, due October 1, 2008; a \$2,500,000 note payable by Greystone Manufacturing, L.L.C. to Greystone Plastics, Inc. at 7.5% interest, due October 1, 2018; and a \$799,454 note payable by Greystone Manufacturing, L.L.C. to Bill Hamilton, one of the owners of Greystone Plastics, Inc, at 6% interest, due February, 2008. The cash payment was financed through the issuance of Series 2003 cumulative convertible preferred stock in the amount of \$5,000,000 (see Note 9, "Stockholders'

F-20

Equity"). The acquisition cost of \$12,500,000 plus closing costs of \$47,913 consisted of inventory of \$499,870, building and equipment of \$5,735,695, intangibles (patent and customer contracts) of \$3,003,245 and goodwill of \$3,309,103.

NOTE 15. CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject Greystone to concentrations of credit risk consist principally of cash deposits in excess of federally insured limits. As of May 31, 2005, Greystone's bank balances did not exceed federally insured limits.

NOTE 16. IMPAIRMENTS AND RELOCATION COSTS

IMPAIRMENTS

During fiscal year 2005, Greystone recorded impairment charges of \$5,719,658 as follows: \$3,309,103 relating to goodwill, \$1,648,124 related to a customer contract and \$762,431 relating to damaged or obsolete equipment. During fiscal year 2004, Greystone recorded impairment charges of \$219,753 for the abandonment of leasehold improvements in its Dallas, Texas plant and estimated costs to settle the outstanding lease agreement on the property.

GOODWILL IMPAIRMENT - In September 2003, Greystone acquired the assets and operations of Greystone Plastics, Inc. for an aggregate purchase price of \$12,500,000. Greystone allocated \$3,309,103 of the purchase price to goodwill. One of the primary reasons for the acquisition was to provide a catalyst to develop Greystone's business of manufacturing plastic pallets. Due to rising costs for raw materials, competition and Greystone's limited capitalization, the customer base acquired from Greystone Plastics, Inc. has not shown any significant expansion to date and management does not anticipate any material expansion in the immediate future. In addition, Greystone has expanded its manufacturing capability resulting in an increased cost per unit of production, which has affected current cash flows and will affect future cash flows. In connection with its annual review for impairment of goodwill, Greystone analyzed the expected future cash flows from the assets acquired from Greystone Plastics, Inc. and, since the expected future cash flows (as well as the discounted cash flows) of such asset do not support the carrying value of the goodwill, a goodwill impairment charge of \$3,309,103 was recorded during the fourth quarter of 2005.

CUSTOMER CONTRACT - Based primarily on the considerations outlined in the preceding section on goodwill, Greystone concluded that sufficient

Edgar Filing: GREYSTONE LOGISTICS, INC. - Form 10KSB/A

indicators existed to require an impairment assessment of a customer contract acquired from Greystone Plastics, Inc. Since the future cash flows over the estimated life of the customer contract are estimated to be less than the carrying value of the intangible asset, during the fourth quarter of fiscal year 2005, an impairment charge was recorded in the amount of \$1,648,124 to write off the remaining unamortized balance of the intangible costs of the customer contract.

F-21

RELOCATION COSTS

During fiscal year 2005, Greystone accrued an additional \$355,000 for estimated costs to terminate the lease on its Dallas, Texas, plant, which was abandoned in the prior fiscal year.

NOTE 17. COMMITMENTS AND CONTINGENCIES

Greystone derives, and expects that in the foreseeable future it will continue to derive, a substantial amount of its revenue from a few large customers of which 2005 sales totaling \$7,561,204 came from one customer. There is no assurance that Greystone will retain this customer's business at the same level, or at all. The loss of a material amount of business from this customer could have a material adverse effect on Greystone.

As discussed in Note 7, under the subheading "Transactions with Paul Kruger, a significant stockholder," Greystone leases its PIPER injection molding machine at the rate of \$48,000 per month. The lease is classified as an operating lease, and there are approximately nine years remaining on the term. The equipment is currently capable of operating at approximately 20 to 25 percent of capacity. If Greystone is not successful in increasing the production from this equipment to acceptable levels, future operating results will be adversely affected.

NOTE 18. RESTATEMENT OF FINANCIAL STATEMENTS

On August 26, 2005, Greystone's Board of Directors concluded that the accounting treatment for the acquisition of the assets of Greystone Plastics, Inc., as of September 8, 2003, should have provided for an allocation of a portion of the purchase price to place a value on a customer contract in effect at the time of the acquisition. Greystone calculated this value to be \$2,855,332 based on the estimated present value of the future profits to be derived from sales to such customer. Further, the accounting treatment for the value of the customer contract should provide for the amortization of such cost over the estimated life based on unit sales. The financial statements for the year ended May 31, 2004, were previously restated to reflect the related amortization expense as discussed more fully in Greystone's amended Annual Report on Form 10-KSB/A for the fiscal year ended May 31, 2004. The net loss available to common stockholders as reported on Greystone's Quarterly Reports on Form 10-QSB for the first three quarters of fiscal year 2005 is restated to reflect the related amortization expense under the caption "General and administrative expense," as follows:
